FY 2013 Summary of Data

Overview

Market value grew slightly in FY 2013, for the second straight year. The total City-wide market value of fully and partially taxable property increased to \$838.0 billion, about 2.9 percent higher than FY 2012. Market value increased in Manhattan by 4.2 percent, in Brooklyn by 3.1 percent, in the Bronx by 2.2 percent, and in Queens by 1.7 percent; in Staten Island market value was unchanged. Since changes in market value are phased in, previous years' increases in market value are still being reflected in the current year's assessed values. As a result, overall billable assessed value (BAV) increased 4.5 percent.

Since the average tax rate remained at \$12.283 per \$100 of assessed value, the increase in billable AV resulted in \$848.5 million in additional property tax levy for FY 2013.

Residential Property

Market value of Class One properties (primarily 1-, 2-, and 3-family homes) increased slightly, by 1.7 percent, to \$400.3 billion, the second consecutive year of growth. Class One BAV increased 3.2 percent in FY 2013. The larger BAV growth reflects the impact of prior-year market value growth on Class One properties under the Class One target assessment ratio.

Housing sales data indicate median one-family home prices rose by 1.6 percent in 2012.

Class Two market value increased 3.0 percent, to \$195.3 billion. Market value for large condo developments (more than ten units) was virtually unchanged, while large cooperative apartments increased 5.4 percent. Class Two's billable assessed value increased 4.1 percent in FY 2013.

Commercial Property

Class Four market value grew 4.8 percent in FY 2013, compared to 9.0 percent growth in the prior year. Billable assessed value grew by 5.0 percent. Office building market values increased by 4.6 percent, while commercial condos increased by 17.7 percent.

Delinquency

The delinquency rate for FY 2012 decreased to 1.79 percent as of June 30, 2012, the last day of the fiscal year, while the amount delinquent decreased 13.2 percent, to \$347.7 million. For Class One, the number of delinquent parcels decreased 6.3 percent, to 45,776, while the amount delinquent increased 8.8 percent, to \$97.4 million.

TAX LEVY

Property Tax Revenue and the Tax Levy

When the City's budget is adopted, budgeted expenditures and the forecasted revenue from all non-property tax sources are determined. The difference between these amounts is the property tax revenue needed to balance the budget. Because of the property tax's unique role in balancing the budget, it is the only tax over which the City has the discretion to determine the rate without prior legislation from the State.

In order to assure that the property tax revenue needed to balance the budget will be achieved, allowances must be made for such items as uncollectible taxes, abatements, current-year collection of taxes levied in prior years, and refunds. As a group, these items are referred to as the property tax reserve.

The tax levy is equal to the property tax revenue plus the property tax reserve. It is the total amount of tax charged (or levied) based on assessed values.

Class Shares

There are four classes of property in New York City. Class One is primarily 1-, 2-, and 3-family homes. Class Two is other residential property. Class Three is utility property, and Class Four is all other commercial property. Each class is responsible for a specific share of the property tax levy, called the class share or class levy.

The class shares are determined each year according to a formula in State law. The percentages of the levy represented by the class shares that were in place in 1989 are the base proportions. These base proportions are adjusted according to changes in market value, as determined by the State Office of Real Property Tax Services (ORPTS). The resulting proportions are called the current base proportions. The current base proportions are adjusted to reflect physical and other non-equalization (non-market) changes that are reflected on the current assessment roll. The results are the adjusted base proportions, which are multiplied by the total levy to determine the levy for each class of property. (State law establishes an annual cap on the amount by which any class's share of the levy can be increased.)

Assessment Roll

The assessment roll includes the assessed value of all taxable real property in the City. All taxable property is subject to a tax determined by applying the applicable tax rate to taxable assessed value. For the purposes of determining the property tax levy and rates, exempt value attributable to the School Tax Relief (STAR) program is not deducted from

the assessment roll. The value of the STAR exemption is addressed as one of the components of the property tax reserve.

In addition to the general property tax rate that is applied to taxable assessed value, exempt value attributable to the veterans exemption is subject to tax for school purposes (the school tax).

Property Tax Reserve

The property tax reserve accounts for items that affect property tax revenue but are independent of the tax levy. Reserve components include provisions for uncollectible taxes, abatements, refunds and current-year collection of taxes levied in prior years.

Many of the reserve components are adjustments to revenue and do not affect tax bills. However, some components, such as abatements and the STAR allowance, are reflected in the actual tax bills that are sent to property owners. These items are summarized in the following table:

Reconciliation of the Assessment Roll, Tax Levy and Net Levy Billed FY 2013

Part V

Cooperative and Condominium Tax Abatement Program

NOTE:

Owners of coop and condo apartments who use the unit as a primary residence are eligible for an abatement according to the schedule below. Percentages apply only to FY2013, and will differ in Fiscal Year 2014 and 2015. The abatement expires after Fiscal Year 2015 unless extended by legislation.

<u>Average Assessed Value</u>	<u>Abatement percentage</u>
\$50,000 or less	25%
\$50,001 to \$55,000	22.5%
\$55,001 to \$60,000	20%
\$60,001 and above	17.5%

Owners not using the unit as a primary residence and who received an abatement the prior year are eligible for a reduced abatement in the current year, according to the following schedule:

<u>Average Assessed Value</u>	<u>Abatement percentage</u>
\$15,000 or less	12.5%
\$15,001 and above	8.75%

PROPERTY TAX DELINQUENCIES

Property tax delinquencies reflect the amount of property tax that is due but not yet collected. Delinquencies may be attributable to tax amounts owed for the current fiscal year or prior fiscal years, and reflect the status of payments at a given point in time. This section presents property tax delinquencies reported as of June 30th of a year for the “current fiscal year,” i.e., the amount unpaid of that year’s property tax levy. Since the levy changes each year, this allows for a meaningful year-to-year comparison.

The following tables show the tax delinquency for the three most recent fiscal years, distributed by quarter, tax class and borough. An additional table presents delinquency data for selected property types.

NOTE: Beginning in FY 2005, the Unused Margin includes an adjustment for abatements.

* Unused Margin = (Operating Limit + Abatements) - (Operating Expenses + BID Charges); it is also expressed as a percentage of the Operating Limit.

Operating expenses, including the Business Improvement District (BID) charges, are subject to a Constitutional operating limit of 2.5 percent of market value. The unused margin represents the amount of additional tax levy that may be applied to operating expenses without exceeding the Constitutional limit. Abatements include: SCRIE, J-51, Coop/Condo, Commercial Revitalization Program, ICIP Abatement, Section 626, Discounts, STAR and Exempt Property Restored.

Totals may not add due to rounding.

THE REAL PROPERTY TAX CLASS SYSTEM AT A GLANCE

Class 1

Definition: (1) One-, two-, and three-family homes; (2) Single-family homes on cooperatively-owned land; (3) Condominiums with no more than 3 dwelling units, provided such property was previously classified as Class 1, or no more than 3 stories high and built as condominiums; (4) Mixed-use property with 3 units or less, provided 50 percent or more of the space is used for residential purposes; (5) Except in Manhattan, vacant land that is residentially zoned, or if not residentially zoned, that abuts a Class 1 parcel, has the same owner as that parcel, and is not larger than 10,000 square feet; and (6) In Manhattan, vacant land located above 110th Street that meets specified conditions, including a contractual obligation to construct affordable housing for low-income families.

Assessment Limitations: Assessment increases cannot exceed 6 percent annually and 20 percent over any five-year period.

Class 2

Definition: (1) All residential property not in Class 1, except hotels and motels; (2) Mixed-use property with 4 or more units, provided 50 percent or more of the space is used for residential purposes.

Assessment Limitations: For buildings with fewer than 11 units, including rentals, cooperatives and condominiums, assessment increases cannot exceed 8 percent annually and 30 percent over any five-year period. For all other Class 2 properties, there are no limitations on assessment increases; however, any increase must be phased-in over a five-year period. Unless specifically excluded, Section 581 of the Real Property Tax Law prohibits the use of sales data that reflect actual or potential cooperative or condominium ownership in the assessment of multiple-family housing.

Class 3

Definition: Utility real property owned by utility corporations, except land and buildings

Assessment Limitations: There are no limitations on assessment increases and no phase-in requirements.

Class 4

Definition: All other real property.

Assessment Limitations: There are no limitations on assessment increases; however, increases must be phased-in over a five-year period.

These limitations apply only to equalization increases. There are no limitations on assessment increases resulting from new construction, alterations, or the restoration of exempt property to the tax roll. However, with respect to existing Class Two buildings with fewer than 11 residential units, an increase in assessed value due to additions or improvements is limited to one-third of the increase that would otherwise apply. The balance of such increase is subject to the limitations that apply to equalization increases on such properties.

GLOSSARY OF COMMON REAL ESTATE TERMS

Abatement - A reduction in real estate tax liability through a credit rather than a reduction in taxable assessed value. The City has a number of abatements, including the J-51 housing rehabilitation, the Senior Citizen Rent Increase Exemption, the Lower Manhattan Revitalization, the Industrial and Commercial abatements and the Cooperative and Condominium abatements.

Actual Assessed Value - The assessment established for all tax classes and without regard to the five-year phase-in requirement for most Class Two and all Class Four properties.

Adjusted Base Proportion - The redistribution of the tax levy among the four tax classes, adjusted for market value trends.

Ad Valorem Tax - A tax based on the value of the object being taxed. The real property tax is an ad valorem tax.

Article 18 - The portion of the New York State Real Property Tax Law that established the classification system in New York City and Nassau County. The Article contains definitions of each tax class, imposes assessment limitations, and spells out the method of distributing the tax levy.

Assessed Value - The value of a property for real property taxation purposes. In New York City, property may have three assessed values: actual assessed value, transition assessed value, and billable assessed value (see definitions).

Assessment Ratio - The ratio of assessed value to market value.

Assessment Roll - The public record of all properties in a taxing jurisdiction and their assessed values.

Base Proportion - Under Article 18 of the Real Property Tax Law, the taxable assessed value of each tax class as a proportion of total taxable assessed value in a base year. These proportions establish the basis for the distribution of the tax levy among the four tax classes.

Billable Assessed Value - The assessed value on which tax liability is based. For properties in Classes Two or Four, the billable assessed value is the lower of the actual or transitional assessed value.

Capitalization - The process by which anticipated future income and benefits are converted to a present value.

Capitalization Rate - A rate of return used to produce the capital value of an income stream.

Class Share - The proportion of the tax levy allocated to a tax class.

Comparable Sales Method (Market Approach) - The process by which a property's market value is estimated based on the sales prices of similar (comparable) properties.

Condominium - A form of ownership that combines individual ownership of residential or commercial units with joint ownership of common areas such as hallways, etc.

Cooperative - A form of corporate ownership of real property whereby shareholders are entitled to use dwelling units or other units of space.

Cost Approach - A method of valuing real property, by estimating the reproduction or replacement cost of the improvement, as adjusted for depreciation, obsolescence, etc., plus the site value.

Debt Service - The amount required to repay principal and interest on the City's outstanding debt.

Delinquency - The amount of tax liability that remains outstanding after the due date, allowing for any grace period, if applicable.

Demolition - Destruction and removal of an existing improvement.

Depreciation - In appraisal, a charge against the reproduction cost of an improvement for estimated wear and obsolescence.

Due Date - The date on which an obligation must be satisfied.

Equalization - Changes in assessed value made by a taxing jurisdiction to ensure that all properties (or all properties within a tax class, if applicable) are assessed at the same percentage of market value.

Exemption - A provision of law that reduces taxable value or income.

Exempt Value - The amount or percentage of assessed value that is not subject to taxation. Property may be fully exempt or partially exempt; in the case of Veterans Exemptions, the exempt amount is taxable for education purposes.

Fiscal Year - A 12-month period used for financial reporting. The City's fiscal year runs from July 1 to June 30.

Fractional Assessment - Assessment of real property at a percentage of market value (i.e., at less than 100 percent of market value).

Grace Period - The period of time, beyond the due date, in which a payment may be made without incurring a penalty.

Improvements - Additions to raw land that increase value. Improvements include buildings, streets, sewers, etc.

Income Capitalization Approach - A method of valuing real estate by discounting net operating income to arrive at a present worth estimate.

In Rem - A Latin term meaning "against the thing." A proceeding directly against the property rather than the owner of such property. In tax foreclosures, in rem proceedings are used by the City to enforce payment of delinquent real estate taxes and related charges.

Levy - An assessment of tax.

Liability - A debt or financial obligation.

Market Value - The most probable price that a property should command in a competitive and open market. This definition also requires that the buyer and seller should be willing but not compelled to act.

Multi-family Housing - A residential structure with more than one dwelling unit.

Obsolescence - One of the causes of depreciation. A loss in value due to reduced desirability and usefulness because the property does not meet current standards or needs.

Operating Expenses – The term includes all expenses necessary to maintain a property and/or its income, excluding debt service. For purposes of assessment, real estate taxes are omitted.

Parcel - A piece of land under one ownership.

Replacement Cost - The cost to construct, at current prices, an improvement that is equivalent in utility to an existing structure, using modern building materials and according to current standards.

Reproduction Cost - The cost to replicate, at current prices, an existing structure, using the same materials, construction standards, quality, design, etc., as the original structure.

Reserve - With regard to real property taxation, an amount allocated for tax delinquency, cancellation and abatement of taxes and refunds.

Special Franchise - Cables, conduits, pipes, and other utility property located in or along the public right-of-way.

Tax Rate - The amount, usually expressed in dollars per hundred of assessed value, applied to the tax base to determine tax liability. In New York City, a tax rate is established for each tax class.

Taxable Assessed Value - The amount of assessed value remaining after application of any tax exemption.

Taxable Status Date - The date on which the assessed value, taxable status and, if applicable, tax class are fixed for all properties in a taxing jurisdiction.

Transitional Assessed Value - The assessed value, during the five-year phase-in of equalization changes, of all Class Four properties and cooperatives, condominiums and rental buildings with more than 10 units in Class Two.
