DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, }  
No. 31 CHAMBERS STREET, }  
NEW YORK, October 30, 1882. }

To the Honorable the Board of Aldermen :

GENTLEMEN—I have received a copy of the resolution adopted by your Board on the 10th instant, and approved by the Mayor on the 13th instant, directing me to report to you by what authority the Superintendent of Incumbrances has frequently removed the newspaper stand, authorized by resolution of the Common Council to be kept at the corner of Church street and Park Place; and if the said Superintendent has in like manner assumed the right to nullify the action of the Common Council in other instances?

In reply, I respectfully state, that the resolution of the Common Council herein referred to does not designate to which of the four corners of the intersection of Church street and Park Place the permission therein granted should apply. The owner and occupants of the building at the corner on which the stand was placed made most strenuous objection to the same, and inasmuch as there are three other corners at which the stand could be placed under the resolution, it was deemed proper to remove it from the particular corner where it was so objected to.

It does not appear to me that such removal is a nullification of the action of the Common Council, and I know of no other instances where the Superintendent of Incumbrances has taken any measures contrary to the action of the Common Council, except in obedience to decisions of the Courts denying the power of the Common Council to grant permission for certain obstructions, and declaring it the duty of the Department to remove the same.

Very respectfully,

HUBERT O. THOMPSON, Commissioner of Public Works.

Which was ordered on file.

(G. O. 530.)

By Alderman McLean—

NEW YORK CITY, October, 1882.

To the Honorable the Board of Aldermen of the City of New York:

GENTLEMEN—The undersigned, citizens and taxpayers of the Twelfth Ward of the City of New York, respectfully petition your Honorable Body that you pass an ordinance directing the laying of crosswalks on the Sixth and Seventh avenues, from One Hundred and Twenty-fifth to One Hundred and Thirtieth streets, and the streets contiguous to Grammar School No. 68, situated on One Hundred and Twenty-eighth street, between Sixth and Seventh avenues. The exceedingly muddy and impassable condition of the avenues and cross streets, materially interferes with the comfort and health of three thousand children, who are compelled to pass through this mud and filth at least four times every school day.

Hoping that your Honorable Board will give the matter speedy attention and grant us the desired relief, we remain

Yours respectfully,

#### TO IRON BRIDGE BUILDERS.

#### PROPOSALS FOR BUILDING THE SUPERSTRUCTURE OF THE MADISON AVENUE BRIDGE OVER THE HARLEM RIVER.

SEALED BIDS OR ESTIMATES FOR THE ABOVE work, indorsed "Estimate for Building Superstructure of Madison Avenue Bridge;" also with the name of the person or persons making the same, and date of the presentation, will be received from iron bridge builders only, at the office of the Department of Public Parks, No. 36 Union Square, New York City, until half-past nine o'clock A. M., on Saturday, the eleventh day of November, 1882, at which place and hour the bids will be publicly opened by the Board of Commissioners of the said Department, and read, and the award of the contract will be made as soon thereafter as practicable. The adequacy and sufficiency of the security offered is subject to the approval of the Comptroller of the City of New York.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be re-advertised and relet, and so on until the contract be accepted and executed.

N. B.—The prices must be written in the bid, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in these proposals, or which contain bids for items not called for herein. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation. Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also, that such bid or estimate is made without any connection with any other person making a bid or estimate for the same purpose; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made by all the parties interested. Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the bid or estimate, they will, on its

being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath, or affirmation in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; that he has offered himself as surety, in good faith, and with an intention to execute the bond required by law.

be received by the Board of Commissioners at the head  
of the Department of Docks, at the office of said Depart-  
ment, Nos. 117 and 119 Duane street, in the City of New  
York, until 12 o'clock M. of

Any person making an estimate for the work, shall fur-

said office, on or before the day and hour above named,  
which envelope shall be indorsed with the name or names  
of the person or persons presenting the same, the date of  
its presentation, and a statement of the work to which it  
relates.

The bidder to whom the award is made shall give secu-  
rity for the faithful performance of the contract, in the  
manner prescribed and required by ordinance, in the sum  
of Five Thousand Dollars.

The Engineer's estimate of the quantity of material  
necessary to be dredged, in order to secure at the  
premises mentioned the depth below mean low water  
named in the specifications, is 60,000 cubic yards.

N. B.—As the above mentioned quantity, though  
stated with as much accuracy as is possible, in advance,  
is approximate only, bidders are required to submit  
their estimates upon the following express conditions,  
which shall apply to and become part of every estimate  
received:

1st. Bidders must satisfy themselves by personal examina-  
tion of the location of the proposed dredging, and by such  
other means as they may prefer, as to the accuracy of the  
foregoing Engineer's estimate, and shall not, at any time  
after the submission of an estimate, dispute or com-  
plain of the above statement of quantity, nor assert  
that there was any misunderstanding in regard to the  
nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work  
to the satisfaction of the Department of Docks, and in  
substantial accordance with the specifications of the contract.  
No extra compensation, beyond the amount pay-  
able for the work before mentioned, which shall be actually  
performed, at the price therefor per cubic yard to be  
specified by the lowest bidder, shall be due or payable  
for the entire work.

The work to be done under the contract is to be com-  
menced within five days after the date of the contract,  
and the entire work is to be fully completed on or before  
the 15th day of February, 1883, and the damages to be paid  
by the contractor for each day that the contract may be  
unfulfilled after the time fixed for fulfillment has expired,  
Sundays and holidays not to be excepted, are, by a  
clause in the contract, fixed and liquidated at fifty dol-  
lars per day.

All the material excavated is to be removed by the  
contractor, and deposited, in all respects, according to  
law, and any material dredged, not so deposited, shall  
not be paid for.

Bidders will state in their estimates a price per cubic  
yard for doing such dredging, in conformity with the  
approved form of contract and the specifications therein  
set forth, by which price the bids will be tested. This  
price is to cover all expenses of every kind involved in or  
incident to the fulfillment of the contract, including any  
claim that may arise through delay, from any cause, in  
the performing of the work thereunder.

Bidders will distinctly write out, both in words and in  
figures, the amount of their estimates for doing this work.  
The person or persons to whom the contract may be  
awarded will be required to attend at this office with the  
sureties offered by him or them, and execute the contract  
within five days from the date of the service of a notice to  
that effect; and in case of failure or neglect so to do, he  
or they will be considered as having abandoned it, and as  
in default to the Corporation; and the contract will be re-  
advertised and relet, and so on until it be accepted and  
executed.

Bidders are required to state in their estimates their  
names and places of residence; the names of all persons  
interested with them therein; and if no other person be so  
interested, the estimate shall distinctly state the fact; also  
that the estimate is made without any connection with any  
other person making an estimate for the same work, and  
that it is in all respects fair, and without collusion or fraud;  
and also, that no member of the Common Council, Head  
of a Department, Chief of a Bureau, Deputy thereof, or  
Clerk therein, or other officer of the Corporation, is  
directly or indirectly interested therein, or in the supplies  
or work to which it relates, or in any portion of the profits  
thereof; which estimate must be verified by the oath, in  
writing, of the party making the estimate, that the several  
matters stated therein are in all respects true. *Where  
more than one person is interested, it is requisite that  
the verification be made and subscribed by all the  
parties interested.*

Each estimate shall be accompanied by the consent,  
in writing, of two householders or freeholders of the  
City of New York, with their respective places of busi-  
ness or residence, to the effect, that if the contract be  
awarded to the person or persons making the estimate,  
they will, upon its being so awarded, become bound as his  
or their sureties for its faithful performance; and that if  
said person or persons shall omit or refuse to execute the  
contract, they will pay to the Corporation of the City of  
New York, any difference between the sum to which said  
person would be entitled on its completion, and that which  
said Corporation may be obliged to pay to the person to  
whom the contract may be awarded at any subsequent let-  
ting; the amount in each case to be calculated upon the  
estimated amount of the work to be done, by which the  
bids are tested. The consent above mentioned shall be  
accompanied by the oath or affirmation, in writing, of each  
of the persons signing the same, that he is a householder  
or freeholder in the City of New York, and is worth the  
amount of the security required for the completion of the  
contract, over and above all his debts of every nature, and  
over and above his liabilities as bail, surety, and otherwise;  
and that he has offered himself as surety in good faith, and  
with the intention to execute the bond required by law. The  
adequacy and sufficiency of the security offered will be  
subject to the approval of the Comptroller of the City of  
New York, after the award is made and prior to the signing  
of the contract.

No estimate will be received or considered unless  
accompanied by either a certified check upon one of the  
National Banks of the City of New York, drawn to the  
order of the Comptroller, or money to the amount of five  
per centum of the amount of security required for the  
faithful performance of the contract. Such check or  
money must not be inclosed in the sealed envelope con-  
taining the estimate, but must be handed to the officer or  
clerk of the Department who has charge of the estimate-  
box, and no estimate can be deposited in said box until  
such check or money has been examined by said officer or  
clerk, and found to be correct. All such deposits,  
except that of the successful bidder, will be returned to  
the persons making the same, within three days after the  
contract is awarded. If the successful bidder that the  
contract has been awarded to him, to execute the same,  
the amount of the deposit made by him shall be forfeited  
and retained by the City of New York, as liquidated dam-  
ages for such neglect or refusal; but if he shall execute

and the entire work is to be fully completed on or before

Bidders will state in their estimates a price for the whole  
of the work to be done, in conformity with the ap-  
proved form of agreement and the specifications therein  
set forth, by which price the bids will be tested. This price  
is to cover all expenses of every kind involved in or inci-

Bidders will distinctly write out, both in words and in

The person or persons to whom the contract may be  
awarded will be required to attend at this office with the  
sureties offered by him or them, and execute the contract  
within five days from the date of the service of a notice to  
that effect; and in case of failure or neglect so to do, he

Bidders are required to state in their estimates their  
names and places of residence; the names of all persons  
interested with them therein; and if no other person be so  
interested, the estimate shall distinctly state the fact; also

other person making an estimate for the same work, and  
that it is in all respects fair and without collusion or fraud;  
and also, that no member of the Common Council, Head  
of a Department, Chief of a Bureau, Deputy thereof, or  
Clerk therein, or other officer of the Corporation, is  
directly or indirectly interested therein, or in the sup-

the parties interested.*

Each estimate shall be accompanied by the consent, in  
writing, of two householders or freeholders in the City of

New York, with their respective places of business or  
residence, to the effect, that if the contract be awarded to  
the person or persons making the estimate, they will, on  
its being so awarded, become bound as his or their sureties

persons shall omit or refuse to execute the contract, they will  
pay to the Corporation of the City of New York any differ-  
ence between the sum to which said person or persons  
would be entitled on its completion, and that which  
said Corporation may be obliged to pay to the person  
or persons to whom the contract may be awarded at any  
subsequent letting; the amount in each case to be calcu-  
lated upon the estimated amount of the work to be done, by  
which the bids are tested. The consent above mentioned  
shall be accompanied by the oath or affirmation, in writing,  
of each of the persons signing the same, that he is a  
householder or freeholder in the City of New York, and is  
worth the amount of the security required for the comple-  
tion of the contract, over and above all his debts of every  
nature, and over and above his liabilities as bail, surety,  
and otherwise; and that he has offered himself as surety  
in good faith, and with the intention to execute the  
bond required by law. The adequacy and sufficiency  
of the security offered will be subject to approval by the  
Comptroller of the City of New York, after the award is  
made and prior to the signing of the contract.

No estimate will be received or considered unless accom-  
panied by either a certified check upon one of the national  
banks of the City of New York, drawn to the order of the  
Comptroller, or money, to the amount of five per centum  
of the amount of security required for the faithful  
performance of the contract. Such check or money must  
not be inclosed in the sealed envelope containing the esti-  
mate, but must be handed to the officer or clerk of the  
Department who has charge of the estimate-box, and no  
estimate can be deposited in said box until such check or  
money has been examined by said officer or clerk and found  
to be correct. All such deposits, except that of the suc-  
cessful bidder, will be returned by the Comptroller to the  
persons making the same within three days after the con-  
tract is awarded. If the successful bidder shall refuse or  
neglect, within five days after notice that the contract has  
been awarded to him, to execute the same, the amount of  
the deposit made by him shall be forfeited and retained  
by the City of New York as liquidated damages for such  
neglect or refusal; but if he shall execute the contract  
within the time aforesaid, the amount of his deposit will be  
returned to him by the Comptroller.

Bidders are informed that no deviation from the specifi-  
cations will be allowed, unless under the written in-  
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded  
to, any person who is in arrears to the Corporation, upon  
debt or contract, or who is a defaulter, as surety or other-  
wise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if  
deemed for the interest of the Corporation of the City of  
New York.

Bidders are requested, in making their bids or estimates,  
to use the blank prepared for that purpose by the Depart-  
ment, a copy of which, together with the form of the  
agreement, including specifications, and showing the  
manner of payment for the work, can be obtained upon  
application therefor at the office of the Department.

The work to be done under the contract is to be commenced within five days after the date of the contract and all the work contracted for under Class 1 is to be fully completed on or before the 15th day of January, 1883, and all the work contracted for under Class 2 is to be fully completed on or before the 1st day of January, 1883, and the damages to be paid by the Contractor for each day that the contract or any part thereof may be unfulfilled after the time or times fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed at Fifty Dollars per day. But the Board of Docks may extend the time for the completion of the work, if in its judgment, the work has been delayed by ice in the river or harbor, or by very severe weather.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law; and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price for the whole of the work to be done in either or both of the above two classes respectively, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each of the two classes of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and re-let, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done, in each class, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to the approval of the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons mak-

ing the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

WILLIAM LAMBEER,

JOHN R. VOORHIS,

### TO CONTRACTORS.

### PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with fifteen hundred tons of best quality of Lehigh Coal, will be received at the Central Office of the Department of Police in the City of New York, until ten o'clock, A. M., of Friday the 3d day of November, 1882.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing Coal," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars as to the quality, kind and size of coal required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of coal is to be delivered within thirty days from the date of the execution and delivery of the contract.

The person or persons to whom the contract may be awarded will be required to give security, for the performance of the contract, in the manner prescribed by law, in the sum of five thousand dollars.

Each estimate shall contain state and the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, and herein stated, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract was awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank estimates may be obtained by application to the undersigned, at his office in the Central Department.
