Present—The Mayor, Comptroller, Commissioner of Public Works, Commissioners Spencer, Dowd, and Baldwin.

Also, Chief Engineer Church, and Chief Engineer Birdsall and Consulting Engineer Adams of the Department of Public Works.

The minutes of the stated meeting of May 5 were read and approved.

The Committee of Finance and Audit reported their examination and audit of the monthly estimates for work done by the contractors upon the New Aqueduct during the month of April, included in Vouchers Nos. 1689 to 1702, and amounting to \$316,197.23; also their examination and audit of bills included in Vouchers Nos. 1703 and 1709.

On motion of Commissioner Dowd, all of said vouchers were approved by the Commissioners and ordered certified to the Comptroller for payment.

The Committee on Construction submitted a communication from the Division Engineer of the Seventh Division to the Chief Engineer, in relation to auxiliary offices, which the Chief Engineer and the Committee recommended should be procured.

On motion of Commissioner Spencer it was

Resolved, That the Chief Engineer is hereby authorized to rent the office near High Bridge, referred to by Division Engineer Wogmann in his report to the Chief Engineer, dated May 8, at the rate of \$15 per month, and to have built, at One Hundred and Forty-ninth street and Convent avenue, a temporary office, at a cost not to exceed \$250.

In compliance with so much of the resolutions adopted by the Aqueduct Commissioners on the 5th instant, as refer to the new gate-house at One Hundred and Thirty-fifth street and Convent avenue in this city, the Commissioner of Public Works, under date of May 11, 1886, submitted general plans (Exhibit J, J) for said gate-house, and an estimate of the cost thereof; the specifications for its construction to be similar to those for the new gate-house at Croton Dam.

On motion of the Comptroller, the said plans and estimate were referred to the Chief Engineer for examination and report.

The Comptroller, under date of May 8, 1886, gave notice of the issue of warrants for vouchers not certified by the Aqueduct Commissioners; for the following awards made by the Commissioners of Appraisal for lands taken for the New Aqueduct in the Twenty-fourth Ward of this city, viz.:

To James M. McLean, Parcels 76, 76½.....	\$220 23
To Samuel T. Knapp, Parcels 74, 74½.....	11,672 36
To Van Courtlandt Estate, Parcel 75.....	14,026 11
	\$25,918 70

The notice was ordered placed upon file and entered upon the books of this Commission.

The Secretary submitted a request from General Greene, Chairman of the Board of Examining Engineers, that the original reports of the Division and Assistant Engineers to the Engineer of Construction be produced before them, and on motion of the Mayor, the Secretary was directed to obtain said reports, and submit them to said Board.

The Secretary reported, verbally, the result of the conference had by him, under direction of the Commissioners, with the Counsel to the Corporation, upon the subject of the claims of Mr. Joseph P. Disbrow, and the advice of said Counsel that the said claims be remitted to the Commissioners of Appraisal for adjustment.

Thereupon Commissioner Dowd moved a reconsideration of the following resolution, adopted by the Commissioners at their meeting of April 28, 1886, viz.:

Resolved, That the sum of twelve hundred dollars (\$1,200) be and the same is hereby awarded to Joseph P. Disbrow as compensation for the damages done to his dwelling-house by blasting in the Aqueduct tunnel through his lands in the Twenty-fourth Ward of this City, and that said amount be certified to the Comptroller for payment to said Disbrow, it being understood that his acceptance thereof is without prejudice to his rights as to other matters for which he claims compensation.

The motion for reconsideration was unanimously adopted.

On motion of the Mayor, it was then unanimously

Resolved, That under the advice of the Counsel to the Corporation, the claims presented to this Commission by Joseph P. Disbrow, Esq., for compensation for the easement in perpetuity required for the New Aqueduct upon his lands (Parcel 72) in the Twenty-fourth Ward of this City, and for damages inflicted upon his property during the construction of said Aqueduct, be and the same are hereby referred to the Commissioners of Appraisal for adjustment, and the Secretary is hereby directed to notify the Counsel of Mr. Disbrow of this action of the Aqueduct Commissioners, and to cancel Voucher No. 1680, approved by the Commissioners, May 5, 1886, and to furnish to said Commissioners of Appraisal all the information in possession of this Commission in relation to the aforesaid claims.

The Chief Engineer made report, dated 5th instant, upon proposed changes in the location of the New Aqueduct at Shaft Site, No. 8, the north cut at the Pocantico river, and submitted diagrams showing said changes.

After discussion of the several changes practicable, the Chief Engineer was directed to have surveys, maps and plans made, showing exactly the modification to be made in the location of the Aqueduct at that place, and to submit said maps and plans to the Commissioners at as early date as practicable.

A letter, dated May 10, 1886, was received from Mrs. Mary A. Walker, remonstrating against the proposed building, by the Contractors, of a powder-house upon her property near Shaft 23, in the Twenty-fourth Ward; which matter was referred to the Chief Engineer.

Upon motion of Commissioner Spencer, the Commissioners resumed consideration of the report of the Committee on Construction, of May 5, 1886, upon proposed changes in the work at Shafts 25 and 26, upon Section 12 of the New Aqueduct; in connection with which subject Division Engineer Wogmann, by direction of the Chief Engineer, had prepared maps and estimates which were submitted and explained to the Commissioners.

The Commissioners directed further surveys, maps and plans to be made, for submission by the Commissioner of Public Works and consideration by them at the earliest date practicable. Meanwhile action upon the said report was deferred.

The Commissioners then adjourned.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:
Section 1. Awnings of tin or other light metal, or canvas, may be erected across the sidewalks of any of the streets of the City of New York, except Broadway, Fifth avenue, Lexington avenue and Madison avenue, provided any and every such awning shall not be higher than the floor of the second story of the building, the first floor being the ground floor, but in no case to be covered with wood; and every awning or water-shed of any kind covering one-half, or more than one-half, or less than the full width of the sidewalk shall have connected therewith a gutter and leader of material and size sufficient for conducting the water from the same to the outer line of the curb-stone, under a penalty of five dollars for each day such awning or water-shed shall remain without such appurtenances.

DEPARTMENT OF PUBLIC PARKS,
SIXTY-FOURTH STREET AND FIFTH AVENUE,
NEW YORK, May 12, 1886.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR FURNISHING AND DELIVERING WHERE REQUIRED, BROKEN TRAP-ROCK STONE AND TRAP-ROCK SCREENINGS, ALONG CERTAIN ROADS, AVENUES AND STREETS, IN THE TWENTY-THIRD AND TWENTY-FOURTH WARDS OF THE CITY OF NEW YORK.

SEALED ESTIMATES FOR THE ABOVE WORK, indorsed with the above title, also with the name of the person or persons making the same and the date of presentation, will be received at the temporary office of the Department of Public Parks, at the Arsenal, Sixty-fourth street and Fifth Avenue, New York City, until ten o'clock A. M., on Monday, the 24th day of May, 1886, at which place and hour the bids will be publicly opened by the head of said Department and read, and the award of the contract will be made as soon thereafter as practicable.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that he same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the contract will be readvertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioners of the Department of Public Parks may designate.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in the specifications or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Department of Public Parks to reject any or all estimates which it may deem prejudicial to the public interests. No estimate will be accepted from, or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are required to state in writing, and also in figures, the price per cubic yard for all 2½-inch broken trap-rock stone, the price per cubic yard for all 1½-inch broken trap-rock stone, also the price per cubic yard for all trap-rock screenings furnished and delivered in such quantities and on such places along the roads, avenues and streets in the Twenty-third and Twenty-fourth Wards, as may be mentioned and designated by the Superintendent of the Twenty-third and Twenty-fourth Wards.

These prices are to cover the furnishing and delivering, also the expense of docking, hauling and all necessary labor, and the performance of all the work as set forth in the specification and form of agreement hereto annexed.

The estimate of the work to be done and the quantity of material to be furnished and delivered is as follows:
2,500 cubic yards of 2½-inch broken trap-rock stone.
500 cubic yards of 1½-inch broken trap-rock stone.
1,500 cubic yards of trap-rock screenings.

The Contractor will be required to deliver the above material in such quantities and on the line of such roads, avenues and streets, in the Twenty-third and Twenty-fourth Wards, and on such places as may from time to time be designated by the Superintendent of the Twenty-third and Twenty-fourth Wards.

Of the above quantities, about 1,200 cubic yards of trap-rock stone and screenings can be discharged at "Hoe's dock," Westchester Avenue and Bronx river, but are to be hauled, when required, to any designated place or places within a radius of two miles of the same.

400 cubic yards can be discharged at Williamsbridge station of the New York and Harlem Railroad, but are to be hauled, when required, to any designated place or places within a radius of one mile of the same.

800 cubic yards can be discharged at Kingsbridge dock, but are to be hauled, when required, to any designated place or places within a radius of two miles of the same.

1,500 cubic yards can be discharged at Morris dock, on the Harlem river, but are to be hauled, when required, to any designated place or places within a radius of two miles of the same.

600 cubic yards can be discharged at the Canal dock (Mott Haven), but are to be hauled, when required, to any designated place or places within a radius of one and a half miles of the same.

1. Bidders must satisfy themselves by personal examination of the location of the roads, avenues and streets in the Twenty-third and Twenty-fourth Wards, where the material is to be delivered; also as to the distances from any pier or dock, or depth of water where such material can be landed, and shall not at any time after the submission of an estimate dispute or complain, nor assert that there was any misunderstanding in regard to the places, or the nature or amount of work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Commissioners of the Department of Public Parks and in substantial accordance with the specifications hereto annexed.

N. B.—The amount of security required is six thousand dollars.

Bidders are specially notified that the Department of Public Parks reserves the right to determine the times and places for the delivery of said material and that the postponement or delay on the whole or any part thereof, occasioned by any obstructions on the roads, avenues and streets where such material is to be delivered, cannot constitute a claim for damages.

Blank forms of proposals, together with the form of agreement, including the specification, and showing the mode of payment for the work, can be obtained on application to the Secretary at this office.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION, No. 66 THIRD AVENUE.

PROPOSALS FOR REPAIRS AND ALTERATIONS OF STEAMER "THOMAS S. BRENNAN," CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES FOR THE aforesaid job, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9:30 o'clock A. M. of Tuesday, May 25, 1886. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Repairs and Alterations of Steamer 'Thomas S. Brennan,'" with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of three thousand (\$3,000) dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to

and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department, where the plans will be on exhibition for information of bidders.
