#### REPORTS.

The Committee on Law Department, to whom was referred the annexed resolution, requesting the opinion of the Counsel to the Corporation on the question of filling the existing vacancy in the office of Alderman from the Fifth District, respectfully

#### REPORT:

That, through their Chairman, your Committee have conferred with the honorable the Counsel to the Corporation upon the law governing the case, and that his views are in accord with the result arrived at by your Committee as herein-below stated:

The vacancy having occurred by the conviction of Henry W. Jaehne, the late incumbent, of an offense which thereby vacated his office (see opinion of the Counsel to the Corporation rendered to the Clerk of the Board, in writing, under date of May 19, 1886) and such conviction having taken place not less than thirty days prior to the next general election after the happening of such vacancy, the Board of Aldermen have authority, under the provisions of section 1 of chapter 403 of the Laws of 1882, to fill such vacancy "by election by said Board, by a vote of a majority of all the members elected to said Board, and the person so elected to fill any such vacancy shall serve until the 1st day of January, at noon, next succeeding the first general election occurring not less than thirty days after the happening of such vacancy, but not beyond the expiration of the term in which the vacancy shall occur."

This law, passed July 1, 1882, repeals, by implication, the provisions upon the same subject contained in section 29 of the New York City Consolidation Act (chapter 410 of the Laws of 1882), as, for this purpose, the Consolidation Act "is deemed to have been enacted on the first day of January, in the year eighteen hundred and eighty-two" (see section 2143 of chapter 410, Laws of 1882, as amended by chapter 276, Laws of 1883).

The Board of Aldermen have, therefore, authority to fill the vacancy only until Saturday, the first day of January, next, at noon, and not for the entire remainder of such unexpired term of the late incumbent, which extends to the first Monday in January, 1887, at noon.

All which is respectfully submitted.

Dated New York, October 9, 1886.

JAMES T. VAN RENSSELAER,  
JAMES J. MOONEY,  
JOHN CAVANAGH,  
EUGENE M. EARLE,

That, on the 20th day of September, 1886, pursuant to notice published according to law, a hearing was had on said application, in which all persons desirous of being heard were heard.

And your Committee is of the opinion and so report, that the construction and operation of a railroad as proposed will furnish much needed facilities for travel and will be of great service to the people of this City by adding to the taxable value of the property adjoining the route of said railroad, and therefore recommend the adoption of the following resolutions herewith submitted:

Whereas, On the 21st day of July, 1886, an application in writing was made to the Common Council of the City of New York, by the St. Nicholas Avenue and Crosstown Railroad Company, for consent to the construction, use, maintenance and operation of a street surface railroad upon, through and along St. Nicholas avenue and other streets and highways in such city designated in the application of said company as the route or routes of its proposed railroad; and

Whereas, The said Common Council caused public notice of such application, and of the time and place when the same would be first considered, to be given by publication for at least fourteen days in two daily newspapers of the City of New York, to wit: in the "Evening Post" and the "Daily News," which papers were designated for that purpose by the Mayor of said City; and

Second—That the right, franchise and privilege of using the said streets and avenues to construct, maintain, use and operate a street surface railroad upon the said streets and avenues, subject to all the provisions of chapter 252 of the Laws of 1884, and of chapter 642 of the Laws of 1886, shall be sold at public auction to the bidder, which shall be an incorporated railroad or railway company organized to construct, maintain and operate the street railroad in the City of New York, for which such consent is given and which will agree to give the largest percentage per annum of its gross receipts with adequate security by a bond or undertaking in writing, and under seal, in such form, condition, amount and sureties as shall be required and approved by the Comptroller of the said City for the fulfillment of the said agreement and for the commencement and completion of such road according to the plan or plans, and on the route or routes fixed for its construction within the time or times designated and prescribed therefor by the provisions of chapter 642 of the Laws of 1886.

Third—The said railroad and the said sidings, switches, turn-outs and turn-tables, shall be constructed upon the best plan for the construction of street surface railroads, sidings, switches, turn-outs and turn-tables in use in said city, at the date of their construction, and the material used in such construction shall be of the best quality and of the most improved pattern, which plan of construction, quality and pattern of material, number and location of sidings, switches, turn-outs and turn-tables shall be subject to the approval of the Commissioner of Public Works of said city.

Fourth—That the bidder to which the aforesaid sale shall be made, and any person or corporation using the tracks constructed or laid under or in pursuance of this consent, shall comply with all reasonable ordinances or regulations which the local authorities having charge of the aforesaid streets and avenues, or any of them, shall make as to the rate of speed, mode of use of tracks, and removal of ice and snow, and with any and all provisions of law applicable to any street surface railroad company organized under chapter 252 of the Laws of 1884, and shall not charge any passenger more than five cents from or to any point on the route hereinabove described, nor from any point on said route or any route connecting with the route hereinabove described, to any point on said route or any route connecting with the route hereinabove described, but shall give transfer tickets to a passenger when necessary to secure, and which shall secure to him, one continuous ride between such points for the single fare of five cents.

And the said bidder, as to the whole route hereinabove described, shall be absolutely and unqualifiedly bound, and any person or company using or operating a railroad upon the tracks, or upon any part of the tracks, constructed upon the said route under or by virtue of the consent hereby given or the sale had in pursuance thereof, as to the tracks so used by it or him, shall be jointly and severally bound with the said bidder absolutely and unqualifiedly to repair and keep in permanent repair the portion of said streets and avenues upon which the tracks shall be so constructed, between the tracks, the rails of the tracks and a space two feet in width outside of and adjoining the outside rails of the track or tracks so long as such tracks so constructed shall continue to be used, and this obligation in respect to the repairing of the streets shall not be dependent upon the requirements of the local authorities, but is hereby made an absolute and unqualified obligation; and they shall in like manner and to a like extent be bound to and shall remove the snow from the same parts of the streets or avenues immediately after it shall have fallen, or as soon as possible thereafter, and not merely to clear the tracks and the space between them by removing the snow to the space intervening between the tracks and the curb-stones, but to remove the snow entirely from that portion of the streets or avenues made use of for the construction and operation of the railroad, so far as such snow may have fallen or ice may have been formed upon the said tracks, or upon the space between them, or the designated two feet of space upon each side of the outside of said tracks; the snow or ice so removed to be taken from the street and deposited at the nearest and most convenient place used by the city authorities for the deposit of snow removed by themselves.

Seventh—That the percentage upon gross receipts payable under the bid at such sale, shall be made annually on the first day of November for the year ending on the next preceding thirtieth day of September.

Eighth—That the said St. Nicholas Avenue and Crosstown Railroad Company shall provide for the expense of publication of the aforesaid notice of sale before the said notice shall be published and the amount of such expense shall be paid within ten days after sale to the Comptroller for the said St. Nicholas Avenue and Crosstown Railroad Company by the company which shall be the highest bidder at such sale.

Ninth—This consent is given and the said sale shall be made upon the express understanding that the conditions herein stated do not relieve the said bidder or any person or company operating a road upon any of the tracks constructed under this consent from any conditions, obligations, liabilities, payments or duties to which they might have been liable in the absence of such conditions.

Tenth—That if the bidder shall not furnish satisfactory security, the said Comptroller may cancel the bid and sell this consent and the license in the same manner as is provided by chapter 642 of the Laws of 1886.

Eleventh—That the said bidder shall, within thirty days after the sale at public auction execute under its corporate seal, to be attested by its president or treasurer, and by virtue of a resolution of its board of Directors, an instrument in writing which shall be delivered to the Comptroller of the City of New York, and which shall contain and express the acceptance by the said bidder of this consent of the Common Council for the construction, maintenance, use and operation of the proposed railroad upon the streets and avenues above mentioned upon the terms and conditions upon which this consent is granted, and binding the said company to abide by, comply with, faithfully perform and keep the said terms and conditions.

And be it further

Resolved, That the sale at public auction of the right, franchise and privilege mentioned above shall be attended and conducted by the Comptroller, and on the earliest practical day to be designated by the said Comptroller, or at such time to which the same may be adjourned from the day specified in the notice so published, not exceeding twice, for a period not exceeding four weeks in the aggregate, and only after notice of the time, place and terms thereof and of the route or routes to be sold, and of the conditions upon which this consent is given shall have been published by the said Comptroller three times a week for at least three weeks in two daily newspapers in said city to be designated by his Honor the Mayor of said City, and if the bidder shall not furnish satisfactory security the said Comptroller may cancel the bid and sell this consent and the license in the same manner as is provided by chapter 642 of the Laws of 1886.

		58,000 00
This is the same as was asked for this year, and is \$3,000 more than the amount allowed. The amount of work required to be done in the Repair Shops has largely increased by reason of the additions to the number of engines and hook and ladder trucks since the appropriation was fixed at the present amount, and the appropriation asked for the coming year is absolutely needed.		
Hospital Stables Pay-roll—		
Foreman .....	\$1,500 00	
5 Stablemen, at \$2 per day .....	3,650 00	
		5,150 00
Total salaries .....		\$1,552,246 00

The increase over the present allowance is \$300 in the salary of the Foreman, who, by reason of his faithfulness, experience and additional duties devolving upon him consequent upon the growth of the Department, is deemed worthy of this recognition.

For Apparatus, Supplies, etc.—		
Apparatus and repairs .....	\$40,000 00	
Buildings and repairs .....	25,000 00	
Contingencies—Bureau Inspection of Buildings .....	5,000 00	
Coal and wood .....	27,000 00	
Gas .....	12,000 00	
General supplies .....	21,000 00	
Horses .....	20,000 00	
Horse-feed and straw .....	33,000 00	
Horseshoeing .....	12,000 00	
Harness-shop supplies .....	5,000 00	
Hose-shop supplies and new hose .....	30,000 00	
Machine and paint shop supplies .....	20,000 00	
Rents .....	5,000 00	
Telegraph supplies and repairs .....	15,000 00	
Repairs to fire steamers .....	5,000 00	
		275,000 00

Two hundred and sixty thousand dollars were allowed for the present year, although \$275,000 were asked for. The appropriation of this amount is absolutely needed to maintain the Department in proper and efficient condition. The increase in the number of houses, apparatus and horses, from year to year, and the fact that there are many old houses requiring frequent repairs, makes this addition necessary.

For placing fire-alarm electrical conductors underground, as required by chapter 499, Laws of 1885 .....	100,000 00	
It is estimated that the entire cost of placing the wires of the fire-alarm telegraph system underground in this city will approximate \$300,000, so that the amount now asked for will suffice for doing about one-third of the entire work. It is of great importance that this work should be as speedily accomplished as may be found practicable, in order that the fire-alarm system, with wires aggregating about one thousand miles in length, may be protected from the dangers now constantly threatening it.		
For furnishing New Headquarters Building .....	15,000 00	
This amount is required to adequately and appropriately furnish the new building soon to be occupied as the headquarters of the Department in East Sixty-seventh street.		
New Houses for Engine and Hook and Ladder Companies—		
For quarters for Engine Companies No. 2, No. 530 West Forty-third street; No. 14, East Eighteenth street; No. 24, No. 78 Morton street; No. 35, No. 233 East One Hundred and Nineteenth street; and No. 54, No. 304 West Forty-seventh street .....	100,000 00	
These houses are in a condition necessitating rebuilding to properly fit them for the service. The house for Engine 54 was included in the estimate for the year 1886, but the appropriation was found to be insufficient for the purpose.		
Total .....		\$2,042,246 00

The foregoing estimate, amounting to two million and forty-two thousand and two hundred and forty-six (2,042,246) dollars, is adopted as the sum of money which will be required for the expenses necessary to the administration and conduct of the Fire Department of the City of New York for the year 1887.

New York, September 30, 1886.

RICHARD CROKER,

Respectfully submitted,

W. VAN VALKENBURGH, Property Clerk.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Finance Department:

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
October 11, 1886.

To the Honorable the Board of Aldermen:

In pursuance of the provision of section 189 of the "New York City Consolidation Act of 1882," I have the honor to transmit to your Honorable Body herewith a duplicate copy of the Departmental Estimate of the Finance Department, exhibiting in detail the amounts of expenditure required in that Department in and for the year 1887, specifying in detail the objects thereof, including a statement of each of the salaries of its officers, clerks, employees and subordinates.

Respectfully,

EDWARD V. LOEW, Comptroller.

CITY OF NEW YORK—FINANCE DEPARTMENT,  
COMPTROLLER'S OFFICE,  
October 11, 1886.

To the Board of Estimate and Apportionment:

As provided by section 189 of the New York City Consolidation Act of 1882, I submit herewith the Departmental Estimate of the Finance Department of the amount of expenditures required by said Department in and for the year 1887, specifying in detail their objects and purposes, and the amount of the salaries of all officers, clerks, employees and subordinates employed in the service of said Department, and including the compensation of temporary clerks annually employed in the Bureau for the Collection of Taxes during a portion of the year.

Statements are also presented with the Departmental Estimate of all the stocks and bonds of the City and County of New York and of the territory annexed from Westchester County, which become due in the year 1887, and are payable from taxation and from "The Sinking Fund for the Redemption of the City Debt," as provided by law; and also of the interest on all outstanding bonds and stocks of the City and County of New York and of the annexed territory, due and payable from taxation in the year 1887.

Statements are also presented with the Departmental Estimate of the amount of rents payable in 1887 on leases to the City of premises for the use of departments and public officers, civil and police courts, armories and drill-rooms, together with estimates of miscellaneous expenses payable in 1887 on account of judgments against the Corporation, expenses of City real estate, wages of armories, janitors and engineers for armories, etc., as provided by law.

Special appropriations will be required for the support of destitute children committed by the courts to the care of various charitable institutions, which have heretofore been mainly provided for by the moneys of the Excise Fund, now no longer sufficient for that purpose, on account of the increased number of committed children and of appropriations of the Excise moneys to the Pension and Relief Funds of the Police and Fire Departments, by recent acts of the Legislature, as follows:

Chapter 364 of the Laws of 1885, amending chapter 180 of the Laws of 1884, provides for the payment of "twenty-five per cent. annually of all Excise moneys or license fees derived or received by the Board of Excise, or the Board of Commissioners of Excise, from the granting of licenses in the City of New York, etc.," to be paid quarterly by the Comptroller of said city to the Treasurer of the Police Pension Fund for the benefit thereof, not exceeding the sum of \$125,000 in any one year.

Chapter 370 of the Laws of 1885, amending chapter 410 of the Laws of 1882, provides that "Ten per centum annually of all Excise moneys or license fees derived or received by the Board of Excise, or the Board of Commissioners of Excise in the City of New York, etc.," to be paid quarterly by the Comptroller to the Treasurer of the New York Fire Department Relief Fund, not exceeding the sum of \$75,000 in any one year.

The number of destitute children committed by the courts to charitable institutions for support is constantly increasing, and at the present time there are nearly six thousand such children now in their care at a charge upon the City of \$2 per week each.

The bills of these institutions remain unpaid since May for want of funds, and for the seven months of the present year it is estimated there will be a deficiency of \$250,000, which it is necessary to provide for by a special appropriation.

For the year 1886 an appropriation of \$100,000 was made to meet deficiencies in the Excise moneys for the support of committed children in 1885.

An appropriation of \$250,000 will also be necessary to provide for destitute children committed by the courts to charitable institutions, as authorized by law, for the year 1887, besides the amount which will be provided from the Excise Fund.

Under chapter 90 of the Laws of 1885, the claim of Joseph Steinert, for salary as Clerk of the Seventh Judicial District Court, from August 1, 1872, to December 1, 1874, has been audited at \$3,000 per annum, with interest at the rate of three per cent. per annum, amounting to \$4,778.13. The Board of Estimate and Apportionment adopted a resolution July 30, 1886, approving of the settlement and authorizing an appropriation of this sum for the payment in full of the claim, to be inserted in the Final Estimate for 1887.

The Comptroller of the State has transmitted the annual statement of the aggregate equalized valuation of real and personal estate in the City and County of New York, as fixed by the State Board of Equalization of Assessments, including the amount of taxation for schools, canals and general purposes of the State, to be levied in the year 1887.

In addition to the State tax, the amount of compensation and expenses of the Shore Inspector, to be raised by tax, has also been furnished by the State Comptroller.

Respectfully,

EDWARD V. LOEW, Comptroller.

## ARMORY BOARD COMMISSIONERS.

## TO CONTRACTORS.

ARMORY BOARD—CITY HALL,  
NEW YORK, October 6, 1886.

PROPOSALS FOR ESTIMATES FOR PAVING, CURBING AND GUTTERING THE STREETS AROUND THE ARMORY BUILDING AT NINTH AVENUE, SIXTY-FIRST AND SIXTY-SECOND STREETS.

PROPOSALS FOR ESTIMATES FOR PAVING, Curbing and Guttering the streets around the Armory Building, at Ninth avenue, Sixty-first and Sixty-second streets, County and City of New York, will be received by the Armory Board at the office of the Secretary, M. Coleman, Tax office, Staats Zeitung Building, until 2 o'clock P. M., of October 19, 1886, at which time they will be publicly opened and read by said Board at the Mayor's office, City Hall.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed, "Estimate for Paving, Curbing and Guttering Work of the Armory Building, at Ninth avenue, Sixty-first and Sixty-second streets," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$1,500.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the

approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the architect, James E. Ware, No. 239 Broadway.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the architect, at his office, No. 239 Broadway, New York.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, on exhibition, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Dated New York, October 11, 1886.
