The Construction or Executive Committee referred to the Commissioners the following communications:

COLEMAN, BREUCHAUD & COLEMAN,
NEW CROTON DAM CONTRACT,
CROTON-ON-HUDSON, N. Y., May 1, 1899.

Hon. JOHN J. RYAN, President, Board of Aqueduct Commissioners, New York City N. Y.:

DEAR SIR—The undersigned respectfully ask an extension of time to complete the contract for the New Croton Dam.

While there will be necessarily an increased amount of work on many of the items published in the "Statement of Quantities" in the form of contract when the work was let, and upon which the time allowed to complete the work was based—we refer in our request for an extension of time to only two—Earth Excavation and Masonry.

We would also call your attention to the fact that the original borings made before the contract was let, and published in your contract drawings (see sheets 5 and 6), implied that a solid rock foundation would be found about seventy-five feet below the bed of the Croton river, whereas we had to excavate about one hundred and thirty-five feet at the lowest point to secure a solid rock foundation that would be acceptable.

Originally.	Present Work.
Earth excavation, 585,000 cubic yards.	Done about 1,100,000 cubic yards, which item in itself, on account of the additional amount of work, would take two years' additional time.
Originally.	When Completed.
About 550,000 cubic yards.	About 700,000 cubic yards. It would take about one year to do the additional work that will be required.

Therefore we respectfully request an extension of time, to complete the New Croton Dam and appurtenances, of three years.

Respectfully submitted,

Your obedient servants,

COLEMAN, BREUCHAUD & COLEMAN.

REPORT No. 81.

NEW YORK, May 22, 1899.

To the Honorable, the Aqueduct Commissioners:

GENTLEMEN—The following is my report on the extension of time requested by Messrs. Coleman, Breuchaud & Coleman, contractors for the New Croton Dam, in their communication of May 1, 1899, which you referred to me at your last meeting:

On August 31, 1892, the contract for the New Croton Dam was executed; the contractor being Mr. James S. Coleman.

It was afterwards assigned, on January 2, 1895, to Messrs. Coleman, Ryan & Brown, and subsequently to the present firm, on July 19, 1898.

The work was to be completed on July 1, 1899.

It is true that the rock foundation on which the dam is built had to be generally established at a lower level than was anticipated. The earth excavation was also much larger than is shown on the schedule of quantities accompanying the contract, and the amount of masonry will also be larger, owing to the deeper foundation and to the increase in the masonry section of the dam which was decided upon at the end of 1896.

It will require three years more to complete the work, but the addition of time required is not wholly due to the increase already mentioned in the work to be done.

At the beginning of the operations they were not prosecuted with due diligence, and for several years, as may be found in the records of the Aqueduct Commissioners, the delay in the execution of the work was so flagrantly excessive as to give rise to serious remonstrances on the part of the Commissioners.

For the reasons above given, the contractors are, in my opinion, entitled to an extension of time, but, owing to the delays for which they are solely responsible, I think that an extension of time of two years, up to July 1, 1901, although liberal, would be justified under the circumstances.

If you decide to grant Messrs. Coleman, Breuchaud & Coleman an extension of time, I would recommend that it be made subject to the following provisions, viz.:

That the contractors shall prosecute the work in cold weather, if so ordered by the Engineer, taking for that purpose all precautions that he will find necessary; that the Aqueduct Commissioners reserve the right to raise or lower the water in the reservoir, either by reducing the channels of exit through the dam, or by other means, whenever they think it necessary to do so, and that if any damage is done to their work or property by such causes, or by the action of the elements, they will waive all claims for compensation on account of damage, loss of time, or on account of other losses which they may incur from the said causes.

Yours respectfully,

A. FTELEY, Chief Engineer.

Which were laid over at the last meeting, were taken up, considered, and again laid over, by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Construction or Executive Committee referred to the Commissioners the following communications:

H. T. DYKMAN, WHITE PLAINS, N. Y.,
June 8, 1899.

Hon. JOHN J. RYAN, President, Aqueduct Commission:

DEAR SIR—Referring to the matter of the new highway system, matter of Eighth Cornell, I would respectfully advise you that the Special Committee appointed by the Board of Supervisors have met Mr. Fteley, representing your Commission, and your humble servant, representing the Law Department, on two different occasions. In addition to these interviews, I have had several interviews with Mr. Fteley, and have gone over the ground very carefully. We have agreed with the town authorities on most of the points at issue. There are, however, a few on which we have not fully agreed, and, in my opinion, I do not think that your Commission would be justified in recommending the extra expenditure which would be incurred to satisfy the town authorities. In my judgment, the law would be complied with by the building of the highways as shown on the maps prepared by your engineers. I would, therefore, advise you that in order to expedite this work and enable your department to advertise for bids and let the necessary contract, that the six similar maps required by law be signed and transmitted to the Law Department. We can then advertise our motion to have this highway system approved by the Court.

I am, sir,

Yours respectfully,

H. T. DYKMAN.

REPORT No. 86.

NEW YORK, June 12, 1899.

To the Honorable, the Aqueduct Commissioners:

GENTLEMEN—You referred to me the maps returned by the Commissioner of Water Supply, showing the proposed new system of highways in the New Croton Reservoir. A few words recalling past action on the subject may not be out of place.

You may recollect that on January 9, 1899, I called your attention to the necessity of taking some action as regards the construction of the new highways in the New Croton Reservoir. You subsequently consulted the Corporation Counsel, and, on January 24, he advised you to reopen and continue such negotiations which had been begun between Mr. Dykman and myself, in behalf of the City on one side and the town authorities of the towns interested. That communication of the Corporation Counsel was referred to me for investigation and report. His recommendation has been followed, and we have since had two conferences in this office in regard to these matters.

The road maps are generally satisfactory to all, but in a few instances the town authorities would prefer a modification from our lines. We have considered their remonstrances with care, and I have come to the conclusion with Mr. Dykman that we cannot consistently for the interests of all concerned make any changes.

The Court to which the matter will be submitted has obviously the power to ask the City to modify its road lines, but, for the present, in order to expedite matters, I would recommend to you, with the approval of Mr. Dykman, to now sign the six copies of maps which are necessary, in accordance with the requirements of the statute, to properly submit the whole matter to the Court.

I return herewith the communication of the Commissioner of Water Supply transmitting the maps.

Yours respectfully,

A. FTELEY, Chief Engineer.

In connection therewith, the Construction or Executive Committee presented six similar maps submitted by the Commissioner of Water Supply on June 5, 1899, showing the real estate owned

or to be acquired by The City of New York which it is proposed to substitute in place of other real estate now used for highway purposes, and recommended the adoption of the following resolution:

Resolved, That the six similar maps received from the Commissioner of Water Supply on June 5, 1899, showing the real estate owned or to be acquired by The City of New York, which it is proposed to substitute in the place of other real estate now used for highway purposes, being Index Map and Sheets A, B and C of proposed new highways in the environs of the New Croton Reservoir in the towns of Cortlandt, Yorktown, New Castle, Bedford, Lewisboro, North Salem and Somers, Westchester County, New York, be and the same are hereby approved and adopted, and directed to be certified to the Corporation Counsel for filing in accordance with the provisions of chapter 490 of the Laws of 1883, and as amended by chapter 196 of the Laws of 1887; and the Corporation Counsel is hereby requested to take the necessary proceedings in accordance with said laws.

Which was adopted by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Construction or Executive Committee referred to the Commissioners the following communication of the Chief Engineer:

REPORT No. 89.

NEW YORK, June 12, 1899.

To the Honorable, the Aqueduct Commissioners:

GENTLEMEN—Work has been begun in the Croton River Division, under the supervision of William Gilmore and Thad. K. Green, for cellar work at Purdy's Station and for survey trenches at the site of Muscote Dam. In both cases, in accordance with your request, the above-named persons have been told to conform to the Labor Laws, and especially to chapter 567 of the Laws of 1899, and have been furnished with copies of the latter.

Yours respectfully,

A. FTELEY, Chief Engineer.

Commissioner Windolph moved that the report be ordered filed.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

REPORT No. 85.

NEW YORK, June 12, 1899.

To the Honorable, the Aqueduct Commissioners:

GENTLEMEN—This is to ask you to order an additional auction sale of about forty (40) buildings of all kinds which have been acquired by the City on the site of the New Croton Reservoir in the towns of North Salem, Lewisboro, Somers, Bedford, Yorktown and New Castle.

The sale was not included in the previous ones, because the awards for damages for the above have only been made.

Prompt action in this matter is respectfully suggested, as the new assessments are to date from July 1, 1899, and the buildings would be assessed against the City if they are in its possession at the above date.

Yours respectfully,

A. FTELEY, Chief Engineer.

Commissioner Windolph moved that the Secretary be instructed to arrange for the sale of the buildings above referred to.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Secretary presented the following letter:

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISHING Five Hundred Tons of White Ash Coal, egg size, for the Willard Parker and Reception Hospitals, under the charge of the Board of Health, will be received at the office of the Department of Health, in The City of New York, until 10 o'clock A. M.

JULY 19, 1899.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Furnishing Coal for the Willard Parker and Reception Hospital," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 419, chapter 378, Laws of 1897, it deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The Coal to be of good quality, and the quantity that will be required will be about Five Hundred (500) Tons of White Ash Coal, egg size, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specifications attached to and which form a part of the contract aforesaid.

Delivery to be made at the Willard Parker and Reception Hospitals, near the foot of East Sixteenth street, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made, in writing, by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of One Thousand and Two Hundred Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters therein stated are in all respects true.

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in The City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of The City of New York, each justifying in the penal sum of One Thousand and Two Hundred Dollars and agreeing that if he shall omit or refuse to execute the said contract, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or her bid or estimate, or if he or they accept, but do not execute, the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisition on the Comptroller, and as more specifically and particularly is set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed unless under the written instruction of the Board of Health.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department, Criminal Court Building, Centre, White, Elm and Franklin streets.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. (No deposit or bonds required on bids under One Thousand Dollars.) Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders must state the price of each article per lot, by which the

CONTRACT, PURSUANT TO SECTIONS 239, 530 AND 541 OF THE GREATER NEW YORK CHARTER, FOR CLEANING BY SWEEPING MACHINES CERTAIN PAVED AVENUES, STREETS, ALLEYS AND PLACES IN THE BOROUGH OF BROOKLYN, IN THE CITY OF NEW YORK, FOR THE PERIOD FROM THE DATE OF EXECUTION UNTIL THE 31ST DAY OF DECEMBER, 1899, INCLUSIVE.

PROPOSALS FOR THE ABOVE CONTRACT, inclosed in sealed envelopes, indorsed with the title of the work, and with the names and addresses of the persons making the same, and the date of the said proposals, will be received at the Main Office of the Department of Street Cleaning, Nos. 13 to 21 Park row, in the Borough of Manhattan, in The City of New York, until 12 o'clock M. of

FRIDAY, THE 21ST DAY OF JULY, 1899,

at which time and place such proposals will be publicly opened and read.

The person or persons to whom the said contract may be awarded will be required to execute the same within five (5) days of the receipt of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned the contract and as in default of the Corporation, whereupon the Commissioner of Street Cleaning may readvertise and relet the said contract, and so on until the contract be accepted and executed.

Bidders are required to state under oath or affirmation in their proposals their names or places of residence, the names of all persons interested with them therein, and if no other person be so interested, that fact shall be distinctly stated; also that the proposal is made without any connection with any other person or persons making a proposal for the same work; that it is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, deputy thereof, chief of a bureau or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in any of the work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is required that the verification be made and subscribed by all the parties so interested. Permission will not be given for the withdrawal of any proposal, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all of the proposals, should he deem it for the interests of the City so to do. As the terms and conditions of this contract are required by law to be approved by the Board of Estimate and Apportionment, the acceptance of any proposal by the Commissioner of Street Cleaning shall be conditioned on its approval by the said Board of Estimate and Apportionment.

No proposal will be accepted from, nor will the contract be awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each proposal must be accompanied by the consent, in writing, of two householders or freeholders of The City of New York, with their respective places of business or residence, or of two guaranty or surety companies, duly authorized by law to act as surety, incorporated under the laws of the State of New York, as shall be satisfactory to the Comptroller of The City of New York, to the effect that if the contract be awarded to the person or persons making said proposal, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance to the amount of Fifteen Thousand Dollars (\$15,000), and that if he or they shall omit or refuse to execute the same, they will pay to The City of New York any difference between the sum to which he or they would be entitled on its completion and that which The City of New York may be obliged to pay to the person or persons to whom the said contract may be subsequently awarded, the amount to be calculated upon the estimated amount of the work by which the proposals are tested. The consent above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of security aforesaid for the completion of the contract over and above his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law, and a like affidavit as to sufficiency shall be required of an officer of a corporation so agreeing. The adequacy and sufficiency of the sureties offered shall be subject to the approval of the Comptroller of The City of New York.

Each proposal must be accompanied by a certified check on one of the State or National banks of The City of New York, payable to the order of the Comptroller of said city, for five percentum of the amount of the surety bond aforesaid, or money to that amount; such check or money must not be enclosed in the sealed envelope containing the proposal, but must be handed in separately at the time of presenting the said proposal.

On the award of the contract or the rejection of all the proposals, the checks or money of the unaccepted bidders will be returned to them, and upon the execution of the contract, the check of the accepted bidder will likewise be returned to him.

The basis of all proposals for work under this contract will be the sum per mile for the work actually performed by the Contractor, and all increase or reduction such as is provided for in the contract will be upon the basis of the said amount per mile.

THE COMMISSIONER OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made, from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the

amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, No. 148 East Twentieth street, New York City, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine. The form of the contract, including specifications and showing the manner of payment and other details, will be furnished at the office of the Department, No. 148 East Twentieth street, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner will insist upon its absolute enforcement in every particular.
