DSNY Issues 'Snow Alert' for Friday, March 3 at 1 p.m. to Prepare Equipment and Personnel for Winter Weather

The New York City Department of Sanitation has issued a "Snow Alert" for Friday, March 3 at 1 p.m. Calling a "Snow Alert" allows DSNY to begin to prepare for a possible response by loading salt spreaders, attaching plows, preparing tire chains and notifying other city agencies and supplementary personnel as needed.

DSNY coordinates with the Office of Emergency Management and the Department of Transportation on snow clearing protocol in accordance with each agency's written snow plan. All relevant city agencies have been notified of the snow alert. DSNY will continue to monitor forecasts and will provide updates as the snow event approaches.

All winter weather information and information about the City's response to the storm can be found by visiting the City's Severe Weather website at www.nyc.gov/severeweather or by calling 311. New Yorkers are also encouraged to sign up for the Notify NYC, the City's free emergency notification system. Through Notify NYC, New Yorkers can sign up to receive phone calls, text messages, and emails alerts about severe weather events and emergencies.

To sign up for Notify NYC, call 311, visit www.nyc.gov or follow @NotifyNYC on Twitter.

The DSNY Snow 101 FAQ is available [online](#).

About the New York City Department of Sanitation

The Department of Sanitation (DSNY) promotes a healthy environment through the efficient management of solid waste and the development of environmentally sound long-range planning for handling refuse, including recyclables. The Department operates 59 district garages and manages a fleet of more than 2,000 rear-loading collection trucks, 450 mechanical brooms and 689 salt/sand spreaders. The Department clears litter, snow and ice from approximately 6,500 miles of City streets and removes debris from vacant lots as well as abandoned vehicles from City streets.
