MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
May 4, 1891. }

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of your Honorable Board, adopted April 21, 1891, providing that gas mains be laid, lamp-posts erected and street-lamps placed thereon and lighted, in Marmion avenue, from Tremont avenue to Elsmere place, and in Elsmere place, from Marmion avenue to Prospect avenue.

The Commissioner of Public Works reports that lamps are not required on this portion of Marmion avenue, there being no houses on the line of the street. In respect to Elsmere place, he states that the street is not yet regulated and graded, its present surface is near the established grade and there is one house fronting on it, the owner of which desires gas-light.

HUGH J. GRANT, Mayor.

Resolved, That gas-mains be laid, lamp-posts erected and street-lamps placed thereon and lighted, in Marmion avenue, from Tremont avenue to Elsmere place, and in Elsmere place, from Marmion avenue to Prospect avenue.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
April 29, 1891. }

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of your Honorable Body, adopted April 21, 1891, which provides for the laying of water-mains in Eighty-second street, from Amsterdam avenue to the Boulevard.

The Commissioner of Public Works, to whom this resolution was referred, reports: "A similar resolution was approved June 19, 1890, and the work of laying the water-mains is under contract, but has been delayed on account of the construction of a sewer in the street. The present resolution is unnecessary."

HUGH J. GRANT, Mayor.

Resolved, That Croton-water mains be laid in Eighty-second street, from Amsterdam avenue to the Boulevard, as provided by section 356 of the New York City Consolidation Act of 1882.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
May 5, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of your Honorable Body, adopted April 28, 1891, which provides for the flagging of the sidewalk on the southeast corner of One Hundred and Twenty-fifth street and Lenox avenue.

The Commissioner of Public Works informs me that this work has been satisfactorily done by the owner of the property abutting. There is, therefore, no need for the approval of this resolution.

HUGH J. GRANT, Mayor.

Resolved, That the sidewalks in front of the vacant lots on the southeast corner of One Hundred and Twenty-fifth street and Lenox avenue, extending a distance about eighty feet on One Hundred and Twenty-fifth street and about one hundred feet on Lenox avenue, be flagged twelve feet wide, where not already done, and that the flagging and the curb now on the sidewalks be relaid and reset, where necessary, and that new flagging and curb be furnished where the present flagging and curb are defective, as provided by section 321, chapter 410, Laws 1882, as amended by chapter 569, Laws 1887, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor :

CITY OF NEW YORK—OFFICE OF THE MAYOR, }
May 5, 1891.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of your Honorable Body, adopted April 21, 1891, amending resolution and ordinance for regulating, grading, etc., Burnside avenue, from Sedgwick to Webster Avenue.

On February 4 I approved a resolution of your Honorable Body, providing for regulating and grading this avenue, "except at the crossing of the Old Croton Aqueduct." Any work at this point should be done under the direction of the Commissioner of Public Works, with whom by law the sole authority over the Croton Aqueduct is vested.

The passage of this ordinance would empower the Commissioner of Street Improvements for the Twenty-third and Twenty-fourth Wards to do the necessary work for regulating and grading Burnside avenue across the Old Aqueduct, and I do not believe that the Common Council has the power to pass such an ordinance.

HUGH J. GRANT, Mayor.

Resolved, That the resolution and ordinance for regulating, grading, setting curb-stones and flagging sidewalks of Burnside avenue, from Sedgwick avenue to Webster avenue, which was approved February 4, 1890, be and are hereby amended by striking therefrom the words, "excepting at the crossing of the old Croton Aqueduct."

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following communication from the Law Department :

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, May 4, 1891.

To the Honorable the Board of Aldermen :

GENTLEMEN—I have received your resolution requesting me to inform your Board "whether the Park Commissioners are authorized by law to set aside Union Square Park for a flower garden." By section 668 of the Consolidation Act it is provided that "the Department of Public Parks shall control and manage all public parks and streets immediately adjoining the same," with certain exceptions not material to be mentioned here.

The control and management of Union Square and of streets immediately adjoining the same is, therefore, committed to the Commissioners of Parks.

The resolution of the Commissioners of Parks permits flower merchants and plant growers to exhibit and sell potted plants and flowers on the north and east sides of Union Square during the early hours of the morning, not later than seven o'clock.

I am of the opinion that it is within the power invested in the Commissioners of Parks to permit such use of the north and east sides of the Square, provided that the exhibition and sale of plants and of flowers so permitted shall be so conducted that the use of the street as a place of public travel and passage shall not be unreasonably hindered.

I remain, yours, very respectfully,
WILLIAM H. CLARK, Counsel to the Corporation.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
