MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-President laid before the Board the following message from his Honor the Mayor: MAYOR'S OFFICE, NEW YORK, July 20, 1897. To the Honorable the Board of Aldermen:

GENTLEMEN—I return herewith, without approval, resolution of your Honorable Body permitting the Pond Lily Pleasure Club to drive a wagon through the streets, on the ground that the people of this city complain of the many unnecessary noises in the public streets, and the Chief of Police, with commendable zeal, has taken up the matter of abating this increasing nuisance; and your Honorable Board should aid him in his efforts to abate all unnecessary noise in the streets. The driving of wagons through the public streets with a band of music to advertise a show, patent medicine, articles of merchandise, excursions, etc., is quite unnecessary, and serves no public interest or end.

It is to be hoped that your Honorable Board will not approve of similar resolutions in the future; for there is no sanction for it in law, and the same are in violation of section 669 of the ordinances lately adopted by your Board.

Respectfully yours,

JOHN JEROLMAN, Acting Mayor.

Resolved, That permission be and the same is hereby given to the Pond Lily Pleasure Club to drive a wagon through the territory bounded by the East river, Grand street, Third avenue and East Fourteenth street, for the purpose of announcing the annual excursion of the association, the work to be done at their own expense, under the direction of the Chief of Police; such permission to continue only for one week after the date of approval of his Honor the Mayor, excluding Sunday.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

MOTIONS AND RESOLUTIONS.

By the Vice-President—

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board, for further consideration, the resolution adopted July 6, 1897, permitting Adams & Co. to place and keep show-windows on west side of Sixth avenue, between Twenty-first and Twenty-second streets.

Which was adopted.

(G. O. 1715.)

Subsequently the paper was received from his Honor the Mayor, and is as follows:

Resolved, That permission be and the same is hereby given to Adams & Co. to place, erect and keep show-windows in front of their premises on the west side of Sixth avenue, between Twenty-first and Twenty-second street, and also on the south side of Twenty-second street, running west, extending westerly one hundred and thirty-five feet from the southwest corner of Twenty-second street and Sixth avenue, as shown upon the accompanying diagram, the work to be done at their own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Alderman School moved a reconsideration of the vote by which the above resolution was adopted.

Which was adopted.

On motion of Alderman School, the paper was then laid over.

1st. Bidders must satisfy themselves, by personal examination of the locations of the proposed deliveries of the material, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

At least two hundred thousand feet, board measure, of the timber is to be delivered within thirty days, Sundays and holidays excepted, from the date of the contract; the timber is to be delivered at the rate of at least 750,000 feet per month thereafter, and all the timber to be delivered under this contract is to be delivered within 200 days from the date of the award of the contract, and the damages to be paid by the contractor for each day that the contract thereof has expired are, by a clause in the contract, determined, fixed and liquidated at One Hundred Dollars per day.

Bidders will state in their estimates a price per thousand feet, board measure, for yellow pine timber, to be delivered in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department of Docks.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them and execute the contract within five days from the date of failure or neglect to do so, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with and the amount thereof has not been disclosed to any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor and material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which the bidder is directly or indirectly interested, or of which the bidder has knowledge, either personal or otherwise, to bid a certain price, or not less than a certain price, for said labor or material, or to keep others from bidding thereon, and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or any other officer or employee of the Corporation of the City of New York, or any of its Departments, is directly or indirectly interested in the estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder, or anyone in his behalf, with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. *Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.*

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable, the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as to their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can

be obtained upon application therefor at the office of the Department.

Bidders must particularly examine into the depth at which solid bottom is found.

Bidders will be required to complete the entire work within five (5) months from the date of the contract, to the satisfaction of the Board of Police and the architect appointed by them, and in accordance with the drawings and directions given or which may be given by the architect, and in conformity with the specifications hereunto annexed. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of Police to reject all bids should it be deemed to the public interests to do so.

Bidders, in submitting their bid, are required to write the names of all sub-contractors in their proposals.

All persons estimating are requested to enter their names and addresses in a book provided for this purpose in the Estimating Room.

Before submitting estimates, contractors must consult "Contractors' Bulletin Board," and compare the office copy of specifications with the set to be submitted with their proposal, and such proposal shall be read as in conformity with said office copies of specifications. In case of any discrepancy, they are to report to the Chief Clerk of the Police Department, and their specification will be corrected to conform with the office copy.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, in the manner prescribed by law, in the sum of Six Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person, other than sub-contractors, be so interested it shall distinctly state that fact.

The estimate shall contain the names of all sub-contractors; also that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as to their sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

No estimate for a sum in excess of Seventeen Thousand Dollars can be considered.

Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned at his office in the Central Department.

By order of the Board,
WILLIAM H. KIPP, Chief Clerk.
