MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 2178.

City of New York, Office of the Mayor, }
August 9, 1905. }

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I return herewith, without my approval, a certain resolution passed by your Honorable Body on July 25, 1905, entitled "A Resolution Permitting M. J. Levinson to Place and Keep a Show Case."

The ground of my failure to approve is that I doubt that the Board of Aldermen have the power, under section 50 of the Charter, to pass a special resolution permitting the erection of a show case on the public sidewalk. Licenses of this character have always been regulated by General Ordinance, and it seems to be desirable that this method be continued.

Respectfully,

C. V. FORNES, Acting Mayor.

Resolved, That permission be and the same is hereby given to M. J. Levinson to place and keep a show case, within the stoop-line, on the sidewalk of his premises on the corner of Third avenue and One Hundred and Eighth street, in the Borough of Manhattan, provided the dimensions of said show case do not exceed twenty feet in length, four feet in width and ten feet in height; the work to be done at his own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Comptroller:

No. 2206.

City of New York—Department of Finance, Comptroller's Office, }
September 16, 1905. }

Hon. CHARLES V. FORNES, Chairman, Board of Aldermen:

Sir—Chapter 225, Laws of 1896, amended by chapter 96, Laws of 1903, provides as follows:

"The board of supervisors in each of the counties shall designate some proper person or authority, other than that designated for the care of poor persons, or the custody of criminals, who shall cause to be interred the body of any honorably discharged soldier, sailor or marine who has served in the military or naval service of the United States, or the body of the wife or widow of any soldier, sailor or marine married to him previous to eighteen hundred and ninety, who shall die such widow,

and who shall hereafter die without leaving sufficient means to defray his or her funeral expenses, but such expenses shall in no case exceed thirty-five dollars. If the deceased has relatives or friends who desire to conduct the burial, but are unable or unwilling to pay the charge therefor, such sum shall be paid by the county treasurer, upon due proof of the claim and of the death and burial of the soldier, sailor or marine, or of the wife or widow of such soldier, sailor or marine to the person so conducting such burial. Such interment shall not be made in a cemetery or cemetery plot used exclusively for the burial of poor persons deceased."

It appears that the different laws bearing on this subject have become so inextricably confused that it is difficult to determine just what person or authority should have jurisdiction over the burials of veterans.

The Corporation Counsel, in an opinion dated June 26, 1905, a copy of which I inclose for your information, has advised this office that the Department of Health has jurisdiction over the burial of veterans in the Borough of Manhattan, but that no proper authority has been designated in the other boroughs.

I therefore beg you to present the following resolution for adoption by the Board of Aldermen so that the Department of Health may be properly authorized to act for the entire City:

Resolved, That, pursuant to the provisions of chapter 225, Laws of 1896, as amended by chapter 96, Laws of 1903, the Board of Health is hereby designated as the proper authority who shall cause to be interred the body of any honorably discharged soldier, sailor or marine who has served in the military or naval service of the United States, or the body of the wife or widow of any soldier, sailor or marine married to him previous to the year eighteen hundred and ninety, who shall die such widow, and who shall hereafter die without leaving sufficient means to defray his or her funeral expenses.

In order that no delay may be experienced by the relatives of deceased veterans in obtaining the moneys due them under the mandatory provisions of the above act, I would ask that you cause this matter to be given special consideration.

Respectfully,

EDWARD M. GROUT, Comptroller.

Law Department, Office of the Corporation Counsel,
New York, June 26, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—I am in due receipt of your communication bearing date May 8, sending a copy of a report made to you by Mr. Walter S. Wolfe, Accountant of the Department of Finance, in regard to the burial of veterans and furnishing headstones therefor at public expense, in which communication you ask me to advise you fully in regard to the questions contained therein.

I understand that the questions considered in the report of Mr. Wolfe arise in connection with a request made by Hon. Martin W. Littleton, President of the Borough of Brooklyn, that the sum of \$2,610 be appropriated for the erection of 174 headstones to mark the grave of deceased veterans in the Counties of Kings and Queens.

The facts which are material are as follows:

Included in the Departmental Estimate of the President of the Borough of Brooklyn for 1905, in the amount requested for "Supplies and Repairs to Public Buildings and Offices," appears the following: "For purchasing headstones for deceased soldiers, sailors and marines, as provided by law, Budget 1904, \$1,500; estimate, 1905, \$1,500."

For the appropriation mentioned of supplies and repairs, the Borough President requested \$165,750, but the amount appropriated for this account which was, as always, in gross, and included in the Budget for the present year 1905, was only \$141,314.

In the appropriation in the Budget of 1905 to the Department of Public Charities appears the following: "Burial of Veterans and Headstones, \$10,000."

The first question to be answered is whether or not an appropriation has been, in fact, made to the President of the Borough of Brooklyn of \$1,500, or of any sum for the purchase of headstones of deceased soldiers, sailors and marines, as requested by him.

As the amount allowed in the final Budget was much less than the amount requested, and is not itemized, it is impossible for me to say whether or not the allowance requested for headstones was made.

The appropriation to the President of the Borough was for the general expenses mentioned in his estimates, and if he has sufficient funds he probably had power to devote those funds to the general purposes mentioned in his provisional estimates.

Whether he has any power over the subject of the erection of headstones for veterans is quite another question.

It would seem, under the circumstances, that there being a specific appropriation of \$10,000 made to the Department of Public Charities for the burial of veterans and headstones therefor, the intention of the Board of Estimate and Apportionment was to make the appropriation for the purposes specified to the Department of Public Charities rather than to the President of the Borough.

The legislation in connection with the matter, so far as relevant to the question raised by the report of Mr. Wolfe, is as follows:

Article 5 of the Poor Law, chapter 225 of the Laws of 1896, as amended, contains sections 81, 83 and 84, which must be considered.

Section 83 as amended by chapter 96 of the Laws of 1903, is, in part, as follows:

"Sec. 83. The Board of Supervisors of each of the counties shall designate some proper person or authority other than that designated for the care of poor persons, or the custody of criminals, who shall cause to be interred the body of any honorably discharged soldier, sailor or marine, * * * who shall hereafter die without leaving sufficient means to defray his * * * funeral expense, but such expense shall in no case exceed thirty-five dollars. If the deceased has relatives or friends who desire to conduct the burial, or are unable or unwilling to pay the charge therefor, such sum shall be paid by the County Treasurer, upon due proof of the claim, and of the death and burial of the soldier, sailor or marine, * * * to the person so conducting such burial. * * *

Section 84 of the same statute is, in part, as follows:

"Sec. 84. The grave of any such soldier, sailor or marine shall be marked by a headstone, * * * such headstone shall not cost more than fifteen dollars, and shall be of such design and material as shall be approved by the Board of Supervisors, and the expense of such burial and headstones as provided for in this article, shall be a charge upon, and shall be paid by the county in which the said soldier, sailor or marine shall have died; and the Board of Supervisors of such county is hereby authorized and directed to audit the account and pay the expense of such burial in the same manner as other accounts against said county are audited and paid. * * *

Section 81 of the Poor Law, chapter 225, of the Laws of 1896 as originally enacted, entirely related to the relief of poor veterans or their families through the Posts of the Grand Army of the Republic.

In 1898 the Legislature amended this section by adding a large amount of new matter, among other things the provision that the Commissioner of Charities in any city of the first class, divided into boroughs, should act as follows:

"It shall be the duty of such Commissioner to annually include in his estimate of the amounts necessary for the support of his Department, such sum or sums of money as may be necessary to carry into effect the provisions of sections 80, 81, 82, 83 and 84 of this act, and the proper officers charged with the duty of making the Budget of any such city shall annually include therein such sum or sums of money as may be necessary for that purpose."

Under this legislation, therefore, we have a most extraordinary condition of affairs, and it would seem that the apparent effort to involve the subject in inextricable confusion has been successful.

By section 81 just cited, a city officer, the Commissioner of Charities, must include in his estimates an appropriation for the burial of soldiers, sailors and marines, and for providing headstones.

The appropriation made to him under the positive terms of section 81 of the act, cannot, however, be used by him, because by section 83 as amended, the Board of Supervisors of the counties must designate some person or authority "other than that designated for the care of poor persons or the custody of criminals," that is to say, some person or authority other than the Commissioner to whom the appropriation has been made, to attend to the burial of the veteran.

In other words, the officer who has the money cannot use it, and the officer who attends to the interment has no money.

Further, from the structure of section 83, the expense of the burial is apparently a county charge, although in The City of New York it may be possible to carry out the provisions of the section through the agency of the Department of Public Charities if some person has been legally designated by "the Board of Supervisors" to attend to the burial.

The provision for headstones, however, contained in section 84 of the Act, must stand on a different footing, because this is clearly made a county charge by the very terms of the section, and if we use for the expense of headstones a portion of the fund in the hands of the Commissioner of Public Charities, we are doing what is incorrect at the best, and may be illegal, at the worst.

If the plain language of section 84 is to be followed, then it is evident that the expense of the headstones is not a city but a county charge, and should be apportioned accordingly.

I think you will see by the recital of these facts that it is very difficult to give any intelligent ruling in regard to the matter, but as it is evident that some action must be taken, we must simply do the best we can under the contradictory statutes to carry out their apparent purpose.

In addition to the matters already stated, it may be noted that in regard to Brooklyn there was passed by the Common Council of the former City of Brooklyn, on July 7, 1897, the following resolution:

"Resolved, That the Commissioner of City Works be and he hereby is authorized and directed to prepare specifications and advertise for proposals for headstones for the graves of deceased Union veteran soldiers, sailors and marines, as provided by law."

In regard to the Borough of Manhattan, it is to be noted that on July 15, 1890, the Board of Aldermen of the former City of New York, acting as a Board of Supervisors, authorized the President of the Board of Health of the said former City, as the proper authority to certify all bills for both the cost of burials and cost of headstones, in accordance with the provisions of the then existing law, chapter 247 of the Laws of 1883.

It may be also stated, if I am correctly informed, that the former practice in the old City of New York was to provide for these expenses by an appropriation to the Department of Health.

In the report of Mr. Wolfe are contained certain questions which I presume are adopted by your letter, and which I therefore answer as follows:

First—Does the designation of the Common Council of the former City of Brooklyn, as previously shown in this report, confer the authority stated by law, in regard to the purchase of headstones upon the President of the Borough of Brooklyn (through the Bureau of Public Buildings and Offices of his office) and, if so, what is the scope of such authority? Does it apply to the furnishing of headstones for the graves of veterans who are residents of and who die in Queens County?

In answer to this question, I have to say that I think the President of the Borough of Brooklyn may fairly be said to be in this respect the successor of the former Commissioner of City Works of the City of Brooklyn, and that he may act in the matter of the provision of headstones called for in section 84 of the Poor Law.

Of course, the difficulty still remains that the expense of furnishing these headstones is a county and not a City charge.

As to the last part of the question, I have to say that the President of the Borough of Brooklyn can have no authority over this matter in Queens County.

Second—What authority, if any, as regards the present City government, is conferred by the resolution of the Board of Aldermen of the former City of New York, passed July 15, 1890?

In answer to this question, I have to say that I think the resolution of the Board of Aldermen of the former City of New York, delegating the duties as to burials and headstones to the Department of Health, still holds good, and that the President of the Board of Health is the proper person to act in the boroughs of Manhattan and The Bronx.

Third—When appropriations for the burial of veterans and the furnishing of headstones are properly made, that is, when such appropriations are made as county charges, is it obligatory upon the officers making such appropriations to make them to the Department of Charities?

In answer to this question, I have to say that an appropriation included in the Budget for this purpose must be made, as provided in section 61 of the Poor Law, to the Commissioner of Charities, to be administered by him, as far as possible, as a charge upon the various counties in which the burials and headstones are provided.

Fourth—In the event that the law does not expressly authorize these appropriations to be made to and administered by the Department of Charities, when legally authorized by the successors of the former Boards of Supervisors, can the Department of Charities have charge of and administer such appropriations? In other words, is there legal authority for such authorization being made to the Department of Charities?

As has been already stated, such appropriation included in the Budget must be made, as provided in section 81 of the Poor Law, to the Department of Charities.

The scheme seems to be, so far as it is possible to understand it, that the Department of Charities shall have the financial administration of the fund in relation to the burial of veterans, but that the actual supervision of these burials must be by persons or authorities designated by the successors to the Board of Supervisors in the various counties, in other words, by the Board of Aldermen.

As I have already stated, it would seem that the intention of this section was also to make these expenses finally county charges.

So far as the appropriation for headstones is concerned, this, too, must, under the terms of section 81 of the Poor Law, be made to the Department of Charities, although it is in terms a county charge.

Fifth—In the event that the law does not expressly authorize the Department of Charities to have charge of and administer these appropriations, what board or authority of the City government has the power to make the designations?

In view of my answers to the preceding questions, I do not think it is necessary to discuss this last one.

So far I have treated this question as one depending entirely upon the items inserted in the annual Budget, but in view of the difficulties and perplexities of using the appropriation made to the Department of Charities, especially in view of the legal difficulty of using for a county purpose an appropriation made to a City department without any direction as to its division by counties, I think it may be well for you to consider the advisability of disregarding the Budget appropriation, and instead of attempting to use this fund to utilize the provisions of subdivision 7 of section 188 of the Charter, as amended by chapter 24 of the Laws of 1905, for the payment of county charges.

It seems to me that the amount being small, it would be easier, and certainly safer, to pay these claims as a county charge, under section 188 of the Charter, as amended.

I also suggest that in the next annual Budget the appropriation should be made to the Department of Public Charities, but divided into items for the different counties.

In doing this I think you will avoid the difficulties which have arisen this year from the form of the appropriation in the Budget.

Respectfully yours,

(Signed) JOHN J. DELANY, Corporation Counsel.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment September 15, 1905, authorizing the issue of \$159,000 Corporate Stock to provide means for the improvement and erection of suitable buildings and structures on the property acquired for corporation yard purposes, and located at Webster and Park avenues, and north and south of East One Hundred and Eighty-first street, Borough of The Bronx, together with copy of report of the Engineer, Department of Finance, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Hon. EDWARD M. GROUT, Comptroller:

Sir—Hon. Louis F. Haffen, President of the Borough of The Bronx, in communication under date of July 13, 1905, requests the Board of Estimate and Apportionment to provide funds to the amount of \$159,000 for the purpose of improving and erecting suitable buildings and structures on the property recently acquired by the City for corporation yard purposes, located between Webster and Park avenues, and north and south of East One Hundred and Eighty-first street, Borough of The Bronx.

Engineer's Estimate of Cost.

12,000 cubic yards of earth excavation, 3,900 cubic yards of filling, 3,000 cubic yards of rubble masonry in mortar, 1,200 cubic yards of concrete, 650 linear feet of 12-inch drain pipe, 5,800 square yards of block pavement, total.....	\$34,000 00
The approximate cost of brick buildings, providing accommodations for the offices, shops, wagon-houses, stables and for necessary sheds and other structures, and for fencing, etc., equals.....	125,000 00

Total estimated cost, improvements and buildings..... \$159,000 00

I would report that I have had the approximate estimate submitted by the Engineers examined, and it is reported to me that it is full, but not excessive.

The proposed improvements as shown upon the general plan I consider good and well suited for the purpose, and if the financial condition of the City warrants the expenditure, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$159,000 to provide for the improvement and erection of suitable buildings and structures on the property recently acquired by the City for corporation yard purposes, located between Webster and Park avenues, and north and south of East One Hundred and Eighty-first street, Borough of The Bronx.

Respectfully,

(Signed) EUG. E. McLEAN, Engineer.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment September 15, 1905, authorizing the issue of Corporate Stock to an amount not exceeding \$40,000, to provide means for the purpose of rebuilding the sewer in East One Hundred and Forty-ninth street, near the New York, New Haven and Hartford Railroad crossing, Borough of The Bronx; together with copy of report of the Engineer of the Department of Finance relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

August 16, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—In the matter of the request of Hon. Louis F. Haffen, President of the Borough of The Bronx, in communication hereto attached, dated August 4, 1905, that the sum of \$40,000 be provided for repairs to sewer in East One Hundred and Forty-ninth street, near the New York, New Haven and Hartford Railroad crossing, I beg to report:

President Haffen, in his letter, recites the report of the Chief Engineer of the said borough to the effect that on July 29 the said sewer caved in and failed entirely to perform its functions, thereby causing the backing up of sewage above the point where the sewer was obstructed; that it is a trunk sewer which is the outlet for an extensive territory, and that immediate steps should be taken to reconstruct the portion which has failed. An estimate made by Chief Engineer Briggs of the amount of work to be done and probable cost of the same is as follows:

240 linear feet sewer to be rebuilt, including all necessary excavation and foundation, pumping, etc., as well as maintenance of the flow of the sewer during construction, a total of \$40,000.

I have had an examination made and find that, as stated, the sewer at the point described has been broken down; the flow of water now being temporarily diverted to a surface drain at one side, emptying into the sewer again at a point about 250 feet farther down. The sewer here is located over a salt marsh, and the street and adjoining private property has been filled in to a considerable depth. The weight of this material, taken in connection with the soft bottom on which it has been placed, has

produced an unequal pressure on the arch of the sewer, causing it to shift and eventually give way. It is my opinion that the sewer should be repaired at once, and that the amount asked for, viz.: \$40,000, is not excessive.

I would, therefore, recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$40,000 for the rebuilding of that portion of the sewer in East One Hundred and Forty-ninth street, near the New York, New Haven and Hartford Railroad crossing, Borough of The Bronx, which has failed.

Respectfully,
(Signed) EUG. E. McLEAN, Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of forty thousand dollars (\$40,000) to provide means for the purpose of rebuilding the sewer in East One Hundred and Forty-ninth street, near the New York, New Haven and Hartford Railroad crossing, Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment September 15, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding forty thousand dollars (\$40,000), to provide means for the purpose of rebuilding the sewer in East One Hundred and Forty-ninth street, near the New York, New Haven and Hartford Railroad crossing, Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding forty thousand dollars (\$40,000), the proceeds whereof to be applied to the purposes aforesaid."

President Haffen moved the adoption of the ordinance.

The President put the question whether the Board would agree with said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Boyhan, Brenner, Callahan, Chambers, Collins, Dougherty, Dowling, Downing, Doyle, Flynn, Gass, Haenlein, Harburger, Hann, Jones, Keely, Lochner, McCall, McCarthy, Malone, Owens, Poole, Redmond, Richter, Robinson, Schappert, Schloss, Shea, Sheil, Stapleton, Stumpf, Tolk, Twomey, Ware, Wafer, Wentz, President Cromwell, President Haffen, the Vice-Chairman and the President—43.

REPORT NO. 3123.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
September 7, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on June 30, 1905, a communication was presented from the President of the Borough of The Bronx, requesting an issue of Corporate Stock in the sum of \$30,000 to meet the expense of rebuilding and improving the sewer in East One Hundred and Sixty-ninth street, between Webster and Third avenues. This communication was referred to your Engineer for examination and report.

There has been for some time serious trouble from flooding in this portion of the Borough of The Bronx, and numerous actions have been brought against the City. The sewers as now built were believed to be adequate, but the enormous increase in population further up the valley, the laying of smooth pavements, causing a rapid run-off of rain-water, and some exceptionally heavy storms have resulted in serious flooding. The present sewer coming down Third avenue and turning into East One Hundred and Sixty-ninth street is 30 inches in diameter, and into it discharge at Third avenue and One Hundred and Sixty-ninth street one (1) 15-inch and one (1) 24-inch sewers, while four (4) receiving-basins are also located at this corner. At Washington avenue 12-inch sewers are also connected in both directions; at Park avenue a 12-inch sewer from the north, and at Brook avenue a 12-inch sewer from the south. It is quite evident that the size of the sewer in East One Hundred and Sixty-ninth street should be increased, and it is proposed to increase its size to 57 inches between Third and Park avenues, and to 63 inches between Park and Webster avenues. It is proposed to give further relief to this district by building a tunnel sewer in Claremont Park, a plan for which has already been made, and the acquisition of easements for which has been authorized. I consider this relief as very necessary, and the precedent of assuming for the City at large the cost of such relief measures having been established by a large appropriation for this purpose in the Borough of Brooklyn, I would recommend that the issue of Corporate Stock asked for be authorized, it being understood that before construction is begun a plan showing the change in the drainage system be submitted to the Board for approval.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The City of New York,
Office of the President of the Borough of The Bronx,
Municipal Building, Crotona Park,
New York, June 29, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

Dear Sir—I transmit herewith copy of communication received from our Chief Engineer showing the necessity for altering, rebuilding and improving the sewer in One Hundred and Sixty-ninth street, between Webster and Third avenues, Borough of The Bronx, and would request that the above work be authorized and that the appropriation of \$30,000 for cost and expense of same be approved by the Board of Estimate and Apportionment (section 47, Greater New York Charter, as amended by chapter 409, Laws of 1904).

Respectfully,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

June 26, 1905.

Hon. LOUIS F. HAFFEN, President:

Dear Sir—In the matter of the sewer in East One Hundred and Sixty-ninth street, between Webster avenue and Third avenue, I beg to call your attention to the fact that I have caused to be made computations of the watershed draining into this sewer with a view to showing whether the existing sewer was entirely adequate to meet the requirements of that particular watershed.

The Engineer of Sewers reports that in the periods of extreme rainfall, such as we have had on several occasions during the last five years, the sewer is inadequate to carry off the rainfall as it reaches it. Of course, this inadequacy is only shown during what might be called phenomenal rainstorms, but in view of the damage which has been claimed by property owners on this street due to the flooding it appears to

be necessary that steps should be taken immediately to construct a larger sewer in this street, between Webster and Third avenues.

Of course, you will understand that in view of the inadequacy of the Webster avenue sewer, which has become quite apparent during such phenomenal rainfalls, full relief cannot be given to the One Hundred and Sixty-ninth street Sewer until the completion of the tunnel relief sewer from Webster avenue to the Harlem river, which we hope to have ready for letting within a short time. It will be well, however, to anticipate the completion of this relief to Webster avenue and prepare for the enlargement of the One Hundred and Sixty-ninth street sewer to be ready before or at the time of such relief to the main sewer.

The Engineer of Sewers has estimated the cost of the enlarged sewer on One Hundred and Sixty-ninth street to be approximately \$27,500, and I would recommend that a request be made upon the Board of Estimate and Apportionment for at least \$30,000 to cover the cost of this altering, rebuilding and improving of the sewer in East One Hundred and Sixty-ninth street.

I inclose copy of the report of the Engineer of Sewers on this subject.

Respectfully,

(Signed) JOSIAH A. BRIGGS,
Chief Engineer of the Borough of The Bronx.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of thirty thousand dollars (\$30,000) to provide means for the reconstruction and improvement of the sewer in East One Hundred and Sixty-ninth street, between Webster and Third avenues, The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment September 15, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding thirty thousand dollars (\$30,000), to provide means for the reconstruction and improvement of the sewer in East One Hundred and Sixty-ninth street, between Webster and Third avenues, Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding thirty thousand dollars (\$30,000), the proceeds whereof to be applied to the purposes aforesaid."

President Haffen moved the adoption of the ordinance.

The President put the question whether the Board would agree with said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Boyhan, Brenner, Callahan, Chambers, Collins, Donohue, Dougherty, Doull, Downing, Doyle, Flynn, Gaffney, Gass, Griffenhagen, Haenlein, Harburger, Hann, James, Jones, Keely, Kenney, Lochner, McCall, McCarthy, Malone, Meyers, Morris, Owens, Poole, Redmond, Richter, Robinson, Schappert, Schloss, Shea, Stapleton, Stumpf, Sturges, Tolk, Twomey, Ware, Wafer, Wentz, President Cromwell, President Haffen, the Vice-Chairman and the President—50.

Very truly yours,

Department of Bridges—City of New York,
Nos. 13 to 21 Park Row,
Manhattan, N. Y., September 5, 1905.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—It appears that the Honorable the Board of Aldermen, at its meeting on July 25, 1905, rejected for want of sufficient information an ordinance concurring in the resolution passed by your Honorable Board on June 30, 1905, approving the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and fifty thousand dollars for the completion of the construction of the Pelham Bay Bridge over the Eastchester Bay, in the Borough of The Bronx.

This is a matter in which I supposed all the necessary information was clearly at hand. My letter to your Honorable Board, dated June 13, 1905, recites the facts as to the failure in 1903 to make a contract for the completion of this bridge.

A bridge has been designed which will cost nearly twice as much as was originally appropriated for it; the contract for foundations only was awarded late in 1903, and the work under this contract will be completed early this fall. It was hoped that the contract for the completion of the bridge could be made this month, so that the work of building the bridge could be continued without interruption, but the failure to approve the resolution of the Board of Estimate and Apportionment has made this impossible. Even should the appropriation be fully approved in October, it will, owing to the approach of winter, be difficult or impossible for the contractor to prosecute the work with much vigor before next spring, and it may safely be said that the failure to obtain the appropriation until now will cause a delay of six months in the completion of the bridge.

It is of general knowledge, especially in the Borough of The Bronx, that this bridge is badly needed to replace a structure which is old and worn out, and which is only kept in safe condition for its traffic by the expenditure of large sums of money.

The old bridge is narrow and inconvenient and liable to break down at any time, even with the utmost care; the new bridge will be wider, and will be far stronger and more permanent than the old bridge ever was, and will when completed be a fitting addition to the aesthetic features which will characterize one of the most beautiful of our parks and will aid materially in affording convenience to the residents of The Bronx and in aiding in the development of this important and rapidly growing borough. The want of sufficient funds to build this bridge has already cost us more than a year of delay, to which six months must now be added, at a most critical period of its construction.

I respectfully request that your Honorable Board will, at the earliest convenience, pass a resolution similar to the one passed on June 30, 1905, and providing for the completion of the Pelham Bay Bridge.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

Department of Bridges—City of New York,
Nos. 13 to 21 Park Row,
Manhattan, N. Y., June 13, 1905.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On September 26, 1902, the Board of Estimate and Apportionment authorized the expenditure of \$350,000 for the construction of a new bridge, known as the Pelham Bridge, over Eastchester Bay, in the Borough of The Bronx.

The Pelham Bridge was originally under the jurisdiction of the Department of Parks and was transferred to this Department under the provisions of the Charter, since it was over a navigable stream.

The original design for the new bridge anticipated the construction of a truss bridge, with a series of small arches, with the ordinary swing draw, giving waterways of less than 50 feet in width.

Early in 1903 plans were prepared for a more ornamental and durable bridge, the design prepared being for six arches of about 120 feet each, of reinforced concrete,

with an opening near the middle of about 60 feet waterway, involving the construction of a rolling lift bascule span.

Two bids were received for the construction of this bridge on September 24, 1903, one being for \$572,000 and the other for \$510,000. These bids, however, did not include the cost of the bascule span or of the ornamental work and electric lighting on the bridge. The appropriation was not sufficient to warrant the execution of contract, and the bids were rejected immediately after they were opened.

Plans and specifications were at once prepared and a contract let to William J. Lawlor, covering the construction of the foundations and piers only of the bridge, the design, which had been approved by the Art Commission, remaining precisely as before.

Work has proceeded slowly on the construction of the foundations and piers, but it will certainly be finished this season, and it is very important to complete the bridge, as the old metal bridge at this site is only kept in usable condition at the expenditure of considerable money and at some risk of accident.

I have determined, therefore, to proceed with this work and to let a contract for the completion of the bridge in September next, if possible.

Careful estimates have been made for the completion of the bridge, and we shall need \$250,000 additional, in order to let a contract for this work.

I therefore respectfully request that your Honorable Board will authorize the issue of Corporate Stock of The City of New York to the amount of \$250,000 for the completion of the Pelham Bridge over Eastchester Bay, in the Borough of The Bronx, the plans for the bridge remaining substantially the same as those approved by the Art Commission in 1903.

In addition to the \$350,000 previously appropriated, \$15,000 had been authorized for preliminary work. The total cost of the bridge, therefore, completed and including the approaches, all the ornamental work, electric lighting, etc., will amount to \$615,000.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

Department of Bridges, City of New York,
Nos. 13 to 21 Park Row, Manhattan, N. Y.,
September 7, 1905.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—At the meeting of your Honorable Board on the 14th of July a resolution was passed approving the plan submitted by the Commissioner of the Department of Bridges, entitled "City of New York, Department of Bridges, Williamsburg Bridge, plan of subway terminal for railroads at Manhattan end, and numbered 634," and your Honorable Board has since passed other resolutions and is about to take additional steps to secure the lands on which the structures covered by the Plan No. 634 will be located.

The detailed plans of this structure, although well advanced, have not reached a stage that will permit an accurate estimate to be made of the amount of money required for the construction of this terminal and for effecting changes in the elevated tracks of the bridge structure itself, incident to the construction of the subway terminal.

I have, however, had an approximate estimate made of the amount of money needed for this construction, and I respectfully request that your Honorable Board will authorize the issue of Corporate Stock of The City of New York to an amount not exceeding \$1,000,000 to be devoted to the construction of the subway terminal at the Manhattan end of the Williamsburg Bridge, for the construction of a connection between the elevated railway structure at the southeast corner of the Brooklyn Plaza and the elevated structure now on the bridge, and for the alterations in the Manhattan end of the bridge necessary to reconstruct the elevated and trolley tracks and the footwalks on the Manhattan end of the Bridge, so that cars from these tracks may reach the subway terminal and access may be provided to the bridge for pedestrians.

I wish, if possible, to let a contract for a large portion of this work before the 20th of October, and I respectfully request that your Honorable Board will authorize the issue of the Corporate Stock at as early a date as possible.

Respectfully yours,

GEO. E. BEST, Commissioner of Bridges.

REPORT NO. 3135.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
September 7, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—A report has been written on this date on the request of the Commissioner of Bridges for an issue of Corporate Stock in the sum of \$175,000 to meet the expense of acquiring the necessary land and the construction of a new bridge across Dutch Kills creek on the line of Borden avenue, in the Borough of Queens.

The communication of the Commissioner of Bridges related also to certain changes in the map of the City and to the approval of a plan submitted by him showing the land required for bridge purposes, which it was believed should be considered on the public improvement calendar, while the question of provision of funds for the construction of this bridge should be placed upon the financial calendar.

In the other report, already referred to, it was stated that the present bridge is in wretchedly bad condition, so that it can scarcely be operated, and that the growing business along the line of this canal makes it important that a new bridge should be built without further delay.

It is therefore recommended that an issue of Corporate Stock in the sum of \$175,000, as requested by the Commissioner of Bridges, be authorized.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Department of Bridges, City of New York,
Nos. 13-21 Park Row, Manhattan, N. Y.,
June 3, 1905.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—I respectfully request that you will have the necessary resolution prepared and passed to authorize the issue of Corporate Stock required for the acquisition of property for the construction of a new bridge in place of the present wornout bridge at Borden avenue over Dutch Kills creek in the Borough of Queens. The estimated cost of this bridge is \$175,000, and this sum will include the cost of property necessary for the construction of the bridge.

The original application for the reconstruction of this bridge was taken up by the Board of Public Improvements in August, 1899. The United States authorities approved the plans for the bridge on March 12, 1902. The first application to your Board for funds to construct the bridge was made on March 26, 1902, and renewed October 22 of the same year. This application was withdrawn on April 21, 1903, and again renewed on May 22 of the same year.

Your Honorable Board on April 22, 1904, passed a resolution closing Creek street and laying out a new street connecting Creek street with Borden avenue in the Borough of Queens, so as to permit the landing of the bridge when opened on the northwesterly side of the bridge site, the land on the southwesterly side at that time being occupied by an iron worker's plant in full operation.

Since the passage of this resolution the buildings on the southwesterly side of the bridge site have been burned and the iron working plant has been removed to some other locality, leaving the land vacant.

This last named site is the proper one for the location of the bridge when opened, and I respectfully request that the action taken by your Board on April 22, 1904, in closing Creek street, and laying out another street connecting with Borden avenue be rescinded and that the property on the southwesterly side of the bridge site shown on the accompanying print be acquired.

This property is 22 feet in width, extends easterly along the southerly line of Borden avenue 123½ feet from the crib bulkhead line of the Creek and westerly along the southerly line of Borden avenue 81½ feet westerly of the said bulkhead line into the Creek.

The exact dimensions of the property may be obtained from the accompanying print.

Copy of the print inclosed herewith was filed with the County Clerk of Queens County on the 15th inst., and I respectfully request that you will authorize the acquisition of the property designated on the plan herewith for the purpose described.

The closing of Creek street and the creation of the deflected street in continuation thereof would, I believe, prove very undesirable and inconvenient, and was only justified because real estate could not conveniently be acquired on the other side of Borden avenue.

Now that the property is available in the more desirable location, the resolution deflecting Creek street should be rescinded, and the property purchased in the new location.

It is of the utmost importance that this bridge should be rebuilt at once and I beg to request prompt action in the authorization of funds so that a contract may speedily be let for the work.

Respectfully yours,

GEO. E. BEST, Commissioner of Bridges.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and seventy-five thousand dollars (\$175,000) to provide means for the acquisition of the necessary land and the construction of a new bridge across Dutch Kills creek, on the line of Borden avenue, in the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment September 15, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000), to provide means for the acquisition of the necessary land and the construction of a new bridge across Dutch Kills creek, on the line of Borden avenue, in the Borough of Queens, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and seventy-five thousand dollars (\$175,000), the proceeds whereof to be applied to the purposes aforesaid."

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 2221.

Department of Finance—City of New York,
September 18, 1905.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment September 15, 1905, approving of the establishment of an additional grade of the position of Telephone Operator in the office of the Board of Aldermen and recommending to the Board of Aldermen the fixing of the salary of said additional grade at the rate of \$1,300 per annum, together with a copy of a communication from the Vice-Chairman and Acting President of the Board of Aldermen relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

J. W. STEVENSON, Deputy Comptroller.

The City of New York,
Office of the President of the Board of Aldermen,
New York, August 30, 1905.

The Board of Estimate and Apportionment:

Gentlemen—I hereby respectfully request the Board of Estimate and Apportionment to fix the salary of Miss May E. Brophy, Telephone Operator to the Board of Aldermen, at \$1,300 per annum. In explanation thereto, I desire to state that while the nominal title of Miss Brophy's position is that of Telephone Operator, it is only one of the manifold duties she is called upon to perform. Her principal duties are

largely of a clerical nature and she has made herself almost indispensable to the office. During the months when the regular sessions of the Board are held and committee meetings are of daily occurrence, she is frequently compelled to remain until late in the evening for the accommodation of the members. In view of the faithful and intelligent manner in which she performed her duties, I believe that she is entitled to some recognition and I trust the Board will act favorably on this matter. The increase, which is \$200, is within the appropriation allowed the Board of Aldermen and will not necessitate a transfer or an additional appropriation.

Respectfully,

(Signed) T. P. SULLIVAN,
Vice-Chairman and Acting President.

Whereas, The Board of Estimate and Apportionment, at a meeting held September 15, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Telephone Operator in the office of the Board of Aldermen, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of thirteen hundred dollars (\$1,300) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Telephone Operator in the office of the Board of Aldermen at the rate of thirteen hundred dollars (\$1,300) per annum.

Alderman Doull moved the adoption of this resolution:

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment September 15, 1905, recommending to the Board of Aldermen the fixing of the salary of the position of Hostler under the jurisdiction of the President of the Borough of Richmond at the rate of \$780 per annum; together with copy of communication from the President of said borough relative thereto.

Office of the President of the Borough of Richmond,
New Brighton, N. Y., May 23, 1905.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, N. Y.:

Dear Sir—I beg respectfully to ask that the Board of Estimate and Apportionment establish the grade of Hostler in my office at \$780 per annum. The reasons for asking for the establishment of this grade are as follows:

There is at present in my office a grade for Hostler at \$720 per annum. The duties of this position require that the men work on Sundays. Being yearly men, I am not permitted to pay them anything extra for Sunday work. In Manhattan men in similar positions get \$720 per annum and \$2.30 for Sunday. This payment in the Borough of Manhattan, however, is covered by section 536 of the Charter, which does not apply to the Borough of Richmond; only to the Department of Street Cleaning. Thus you will see that the men in Manhattan are paid at the rate of \$839.60 per annum.

I think that the Hostlers in this borough are entitled as well to pay for Sunday work, but, inasmuch as I am not permitted to pay them for extra work on Sunday, I beg respectfully to ask that your Board establish the grade of Hostler in my office at \$780 per annum.

Very truly yours,
(Signed) GEORGE CROMWELL,
President of the Borough.

Whereas, The Board of Estimate and Apportionment at a meeting held September 15, 1905, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of an additional grade of the position of Hostler under the jurisdiction of the President of the Borough of Richmond, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of said additional grade be fixed at the rate of seven hundred and eighty dollars (\$780) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the additional grade of the position of Hostler under the jurisdiction of the President of the Borough of Richmond at the rate of seven hundred and eighty dollars (\$780) per annum.

Which was made a special order for 2 o'clock p. m.

Subsequently Alderman Marks called up the special order and moved its adoption. The President put the question whether the Board would agree with said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Yours truly,
LOUIS F. HOFFEN,
President, Borough of The Bronx.

Resolved, That the sidewalk on the west side of Broadway shall be twenty (20) feet wide and the roadway thereof shall be fifty (50) feet wide, from West Two Hundred and Fortieth street to the northern line of the City, in the Borough of The Bronx.

Which was referred to the Committee on Streets, Highways and Sewers.

The President laid before the Board the following communication from the Commissioners of the Sinking Fund transmitting resolution:

No. 2229.
Department of Finance—City of New York,
July 15, 1905.

P. J. SCULLY, City Clerk:

Dear Sir—I transmit herewith a certified copy of a resolution adopted by the Commissioners of the Sinking Fund at meeting held July 14, 1905, amending resolution assigning to the Department of Water Supply, Gas and Electricity, subject to the approval of the Board of Aldermen, certain lands within the area of the block bounded by West, Gansevoort, Washington and Little West Twelfth streets, in the Borough of Manhattan.

I also transmit herewith, for the information of the Board, a copy of a communication from the Commissioner of Water Supply, Gas and Electricity, together with a report of the Comptroller in regard thereto.

Very truly yours,
JNO. KORB, JR.,
Secretary Pro Tem., Commissioner of the Sinking Fund.

The following communication was received from the Department of Water Supply, Gas and Electricity, requesting an amendment to the resolution assigning to said Department certain lands within the area of the block bounded by West, Gansevoort, Washington and Little West Twelfth streets, in the Borough of Manhattan (see page 453):

City of New York, July 7, 1905.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of Sinking Fund, No. 280 Broadway, New York City:

Dear Sir—Upon my letter addressed to Comptroller Edward M. Grout, dated April 19, transmitting map showing a portion of West Washington Market to be assigned to this Department for the purpose of constructing thereon a pumping station, the Sinking Fund Commission, on May 10, 1905, adopted a resolution, in which the Board of Aldermen concurred, transferring the following-described land within the area of the block bounded by West Gansevoort, Washington and Little West Twelfth streets:

"Beginning at a point on the northerly side of Gansevoort street distant 26 feet easterly from the northeasterly corner of Gansevoort and West streets; running thence northerly and parallel with West street 125 feet; thence easterly 100 feet; thence southerly again parallel with West street 125 feet to the northerly side of Gansevoort street; thence westerly along the northerly side of Gansevoort street 100 feet, more or less, to the point or place of beginning."

Chief Engineer I. M. de Varona reports to me that the description of the property in said resolution did not agree with the map which accompanied my letter. The land on the map should be described as follows:

"Beginning at a point on the northerly side of Gansevoort street distant about 28 feet, more or less, from the northeasterly corner of Gansevoort and West streets, which point being the intersection of the westerly edge of the second sidewalk east of West street and the northerly side of Gansevoort street; running thence northerly on a line forming an angle of 85 degrees 48 minutes 20 seconds with Gansevoort street and parallel with West street and coinciding approximately with the westerly edge of said sidewalk a distance of 132.33 feet; thence easterly at right angles with the aforesaid line for a distance of 100 feet; thence at right angles southerly and parallel with the line of West street 125 feet to the northerly line of Gansevoort street, and thence westerly along the northerly line of Gansevoort street distant 100.27 feet, more or less, to the point of beginning."

The architect is ready to submit plans of the proposed building, and the construction of same will be commenced at an early date. I would respectfully ask that your Board take immediate action in amending its resolution of May 10 and agree to the transfer of land as described above.

Respectfully,
JNO. T. OAKLEY, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

July 10, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—The Commissioners of the Sinking Fund, at a meeting held May 10, 1905, assigned to the Department of Water Supply, Gas and Electricity, subject to the

approval of the Board of Aldermen, certain property located on the northerly side of Gansevoort street distant 26 feet easterly from the northeasterly corner of Gansevoort and West streets, Borough of Manhattan, size 100 by 125.

It appears that the Deputy and Acting Commissioner, Frank J. Goodwin, of the Department of Water Supply, Gas and Electricity, in a communication under date of March 4, 1905, transmitted a blue print of the property which did not show the exact distance from the corner, and Hon. John T. Oakley, Commissioner of the Department of Water Supply, Gas and Electricity, in a communication under date of July 7, 1905, states that the description of the property assigned by the Commissioners of the Sinking Fund did not include all the property which is desired by his Department for the use of erecting a pumping plant in connection with the high-pressure fire system to be installed in the Borough of Manhattan.

I therefore recommend that the Commissioners of the Sinking Fund amend their resolution of May 10, 1905, so that when amended it shall read as follows:

Whereas, The Comptroller, having reported to this Board, under date of April 25, 1905, that certain lands within the area of the block bounded by West, Gansevoort, Washington and Little West Twelfth streets, in the Borough of Manhattan, and more particularly described below, are no longer required for market purposes; and

Whereas, The Commissioner of Water Supply, Gas and Electricity, in communication dated March 24, 1905, having requested the assignment to him of said lands for the purpose of installing a pumping plant in connection with a high-pressure fire system in the Borough of Manhattan, it is

Resolved, That, pursuant to the provisions of sections 163 and 205 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby determine that the hereinafter-mentioned lands are no longer required for market purposes and assign to the Department of Water Supply, Gas and Electricity, subject to approval of the Board of Aldermen, the following-described land within the area of the block bounded by West, Gansevoort, Washington and Little West Twelfth streets:

"Beginning at a point on the northerly side of Gansevoort street distant about 28 feet, more or less, from the northeasterly corner of Gansevoort and West streets, which point being the intersection of the westerly edge of the second sidewalk east of West street and the northerly side of Gansevoort street; running thence northerly on a line forming an angle of 85 degrees 48 minutes 20 seconds with Gansevoort street, and parallel with West street and coinciding approximately with the westerly edge of said sidewalk a distance of 132.33 feet; thence easterly at right angles with the aforesaid line for a distance of 100 feet; thence at right angles southerly and parallel with the line of West street 125 feet to the northerly line of Gansevoort street; and thence westerly along the northerly line of Gansevoort street distant 100.27 feet, more or less, to the point of beginning."

—for the purpose of erecting thereon a pumping plant in connection with a high-pressure fire system to be installed in the Borough of Manhattan.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

Edward M. Grout, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held May 10, 1905, assigning to the Department of Water Supply, Gas and Electricity certain lands within the area of the block bounded by West, Gansevoort, Washington and Little West Twelfth streets, in the Borough of Manhattan, be and the same is hereby amended to read as follows:

"Whereas, The Comptroller, having reported to this Board under date of April 25, 1905, that certain lands within the area of the block bounded by West, Gansevoort, Washington and Little West Twelfth streets, in the Borough of Manhattan, and more particularly described below, are no longer required for market purposes; and

"Whereas, The Commissioner of Water Supply, Gas and Electricity, in communication dated March 24, 1905, having requested the assignment to him of said lands for the purpose of installing a pumping plant in connection with a high pressure fire system in the Borough of Manhattan; it is

"Resolved, That, pursuant to the provisions of sections 163 and 205 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby determine that the hereinafter mentioned lands are no longer required for market purposes and assign to the Department of Water Supply, Gas and Electricity, subject to the approval of the Board of Aldermen, the following described land within the area of the block bounded by West, Gansevoort, Washington and Little West Twelfth streets:

"Beginning at a point on the northerly side of Gansevoort street, distant about 28 feet, more or less, from the northeasterly corner of Gansevoort and West streets, which point being the intersection of the westerly edge of the second sidewalk east to West street and the northerly side of Gansevoort street; running thence northerly on a line forming an angle of 85 degrees 48 minutes 20 seconds with Gansevoort street, and parallel with West street and coinciding approximately with the westerly edge of said sidewalk, a distance of 132.33 feet; thence easterly at right angles with the aforesaid line, for a distance of 100 feet; thence at right angles, southerly and parallel with the line of West street, 125 feet to the northerly line of Gansevoort street, and thence westerly along the northerly line of Gansevoort street, distant 100.27 feet, more or less, to the point or place of beginning."

The report was accepted and the resolution unanimously adopted.

No. 2237—(S. O. No. 150.)

By the same—
Register's Office—County of New York,
No. 116 Nassau Street,
August 18, 1905.

The Honorable the Board of Aldermen of The City of New York:

Gentlemen—I respectfully request your Honorable Board to pass a resolution, in accordance with section 419 of the Greater New York Charter, authorizing me as Register of the County of New York to contract for the purchase of fifty-nine (59) book-typewriting machines, at a cost not to exceed \$8,265, without advertising for bids for the same.

In explanation of my request I beg leave to state as follows:

These machines are needed for the immediate use of the Folio Writers in this office. There is but one style of book-typewriting machines manufactured, namely, those of the Elliott-Fisher Company, of this city. Fifty-nine (59) of the machines heretofore used in this office have become utterly worn out and unfit for use. The manufacturers of the machines, after long negotiations, made a proposition under date of May 19, 1905, offering to exchange these fifty-nine (59) worn-out machines for fifty-nine (59) new ones, and to furnish a new roll-top desk for each at \$175 each, with an allowance of \$40 each on thirty-nine (39) of the old machines, and an allowance of \$25 each on the remaining twenty (20) old machines. The regular price of the new machines is \$175 each net; but the cost of these fifty-nine (59) new machines, deducting the allowances above mentioned, will be only the said sum of \$8,265. Under date of June 29, 1905, I sent a communication to your Honorable Board inclosing a copy of the said manufacturer's proposition and recommending its acceptance, and requesting your Honorable Board to pass a resolution authorizing the Comptroller to issue Special Revenue Bonds, to said amount of \$8,265, to pay said net cost of fifty-nine (59) new machines, and the resolution so requested was duly passed and enacted by your Board and was also subsequently passed by the Board of Estimate and Apportionment. Under all these circumstances, which have been previously fully explained to your Honorable Board and to the Board of Estimate and Apportionment, it will be impracticable to advertise for bids in this instance, and I am very desirous that the full quota of machines should be furnished to this office at once in order that the Folio Writers may be supplied with proper means for doing

the work of recording. At present many of the Folio Writers are without machines and are compelled to do their laborious task by means of penwork alone.

A form of the proposed resolution hereby requested is herewith inclosed.

Respectfully yours,

JOHN H. J. RONNER, Register.

Resolved, That, in pursuance of the provisions of section 419 of the Amended Greater New York Charter, the Register of the County of New York be and he is hereby authorized to contract for fifty-nine book typewriting machines, at a cost not to exceed eight thousand two hundred and sixty-five dollars (\$8,265), without advertising for bids for the same.

The City of New York—Board of City Record,

Hon. CHARLES V. FURNES, President of the Board of Aldermen:

Sir—I am directed by the Board of City Record to request the Board of Aldermen to adopt the inclosed resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds, in the amount of two hundred and fifty thousand dollars (\$250,000), to provide the necessary funds to meet the additional expense of liabilities chargeable to appropriation "Board of City Record, Printing, Stationery and Blank Books for City Departments and Offices," for the remainder of the year 1905.

(Signed)

GEORGE B. McCLELLAN, Mayor.
JOHN J. DELANY, Corporation Counsel.
EDWARD M. GROUT, Comptroller.

Which was made a Special Order for the next meeting at 2 o'clock p. m.

The President laid before the Board the following communication from the Board of Estimate and Apportionment, transmitting ordinance:

No. 2284.

Department of Finance—City of New York,
September 25, 1905.

Hon. CHARLES V. FURNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment September 22, 1905, authorizing the issue of Corporate Stock to an amount not exceeding \$2,000, in addition to the amount heretofore authorized, to provide means for the repairing of steamboats under the jurisdiction of the Department of Correction, together with copies of communications from the Commissioner of said Department and the Engineer of the Department of Finance relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Department of Correction,
Commissioner's Office, No. 148 East Twentieth Street,
New York, August 21, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

Dear Sir—I would respectfully ask that, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Honorable the Board of Estimate and Apportionment will authorize the issue of Corporate Stock of The City of New York to the amount of five thousand dollars (\$5,000), for repairs to steamboats of this Department.

The appropriation made to the Department on February 27, 1905, for "Repairing Steamboats," has been expended (a balance of \$2.12 only remaining) as follows:

General repairs to steamer "Massasoit"	\$18,230 00
Propeller wheels, steamer "Massasoit"	995 00
Repairs to steamer "Minnahanonck"	4,300 00
Repairs to launch "Gilroy"	1,023 00
Repairs to steamer "The Bronx"	410 00
Repairs to steamer "The Bronx"	105 00
	<hr/>
	\$25,063 00

The rudder stock on the "Massasoit" must be repaired at an estimated cost of \$1,500, and the remainder of the sum asked for will be needed to put boats in good condition for the winter.

Trusting that your Honorable Board will grant this appropriation, I am,

Very respectfully yours,

(Signed) FRANCIS J. LANTRY, Commissioner.

A true copy.

John B. Fitzgerald, Secretary.

September 22, 1905.

Hon. EDWARD M. GROUT, Comptroller:

Sir—Hon. Francis J. Lantry, Commissioner, Department of Correction, in communication under date of August 24, 1905, requests the Board of Estimate and Apportionment to authorize the issue of Corporate Stock to the amount of \$5,000, to be used for repairs to steamboats of the Department of Correction.

I would report that an appropriation of \$15,175, made in the beginning of the year for "alterations and repairs of buildings, apparatus and steamboats," only \$158 remains of the Corporate Stock, amounting to \$25,000, authorized February 24, 1905, and of a held-over balance of \$65.12, but \$2.12 remains, giving money available for present purpose only \$160.12. The amount asked for is to be used as follows:

Steamer "Massasoit," steel rudder stock	\$2,100 00
Steamer "Massasoit," installing prison pens	1,200 00
Steamer "Minnahanonck," life boats and alterations ordered by United States Government	1,000 00
Steamer "Bronx," miscellaneous repairs	600 00
	<hr/>
Total	\$4,900 00

In Commissioner Lantry's application, the cost of a new rudder stock is stated as \$1,500, and the figure of \$2,100 has since been obtained from the lowest of the bids submitted for this item. A wooden stock ship, in the spring of this year, having become broken in use, the need of a steel one is apparent. Neglect to comply with the orders of the Government authorities in altering entrances to cabins, installing new life boats, etc., would result in the tying up of the steamer "Minnahanonck."

The need of prison pens on the steamer "Massasoit" has been demonstrated by the escape, during this year, of four or five prisoners. The repairs to the steamer "Bronx" consist of the installation of new guard rails and other minor changes.

The work being necessary, I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$5,000, for the purpose of repairs to steamboats of the Department of Correction.

Respectfully,

(Signed) EUG. E. McLEAN, Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two thousand dollars (\$2,000), in addition to the amount heretofore authorized, to provide means for the repairing of steamboats under the jurisdiction of the Department of Correction.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment September 22, 1905, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two thousand dollars (\$2,000), in addition to the amount heretofore authorized, to provide means for the repairing of steamboats under the jurisdiction of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two thousand dollars (\$2,000), the proceeds whereof to be applied to the purposes aforesaid."

Alderman Baldwin moved the adoption of this ordinance.

The President put the question whether the Board would agree with said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Boerner, Boyhan, Brenner, Callahan, Chambers, Coggey, Davies, Doull, Dowling, Gass, Gillen, Goodman, Haenlein, Haggerty, Harburger, Hann, James, Jones, Kenney, Kline, Koch, Lochner, McCall, McCarthy, Malone, Marks, Morris, Owens, Poole, Richter, Robinson, Schappert, Schloss, Sheil, Stapleton, Stumpf, Sturges, Twomey, Ware, Wafer, Wentz, Wirth, President Cromwell, President Haffen, President Ahearn and the Vice-Chairman—48.

No. 2176.

Hinsdale at a cost not to exceed thirteen hundred dollars (\$1,300), the said cost to be charged to and paid out of the amount set aside for said purpose by the Board of Estimate and Apportionment in accordance with the provisions of a resolution adopted by the Board of Aldermen July 17, 1905, and approved by the Mayor July 18, 1905, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter.

The President put the question whether the Board would agree with said resolution:

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boerner, Boyhan, Brenner, Callahan, Chambers, Coggey, Collins, Davies, Diemer, Doull, Dowling, Downing, Doyle, Flynn, Gaffney, Gass, Gillen, Goodman, Grifenhagen, Grimm, Haenlein, Haggerty, Harburger, Hann, James, Jones, Kenney, Kevin, Kline, Koch, Lochner, McCall, McCarthy, Malone, Marks, Meyers, Morris, Owens, Poole, Redmond, Richter, Robinson, Schappert, Schloss, Stapleton, Stumpf, Sturges, Tolp, Twomey, Ware, Wafer, Wentz, Wirth, President Cromwell, President Haffen, the Vice-Chairman and the President—60.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.
