Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 106 East One Hundred and Tenth street, in the Borough of Manhattan, has become dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 106 East One Hundred and Tenth street, in the Borough of Manhattan, be required to vacate said building on or before November 3, 1908, for the reason that said building is dangerous to life by reason of want of repair, and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 240 Bedford avenue, in the borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on lot No. 240 Bedford avenue, in the Borough of Brooklyn, be required to vacate said building on or before November 3, 1908, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fifth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

BOROUGH OF MANHATTAN.

No.

ALLEN N. SPOONER, Commissioner.

Department of Docks and Ferries, }
Office of the Chief Engineer, }
New York, November 20, 1908. }

A. N. SPOONER, Esq., Commissioner of Docks:

Sir—I have the honor to submit the following report of work done under my charge and supervision for the quarter ending September 30, 1908:

NORTH RIVER.

Boat Landing, Pier "A," North River.

The boat landing at Pier "A," North River, has been repaired during the quarter and the float inside the landing has been maintained.

Pier "A," North River.

An examination has been made of the fender system at this pier.

Rector Street Section, North River.

The work at this section is being done under authorization of the Commissioner of Docks of the 16th of December, 1903, and is at the cost and expense of the owners of the property to be improved. During the quarter the force of the Department has lifted the pavement at this section, filled in a portion of the newmade land and repaved the same.

Liberty Street Section, North River.

The authorization for this section is action of the Commissioner of Docks, December 10, 1902, Bureau Order 919. The work at this section is being done by the Central Railroad Company of New Jersey, which company is in course of constructing ferry terminal building with the necessary ferry structures at this locality. A permit having been awarded for the construction of a passenger bridge across West street, leading to the new terminal, the concrete pier for the bridge has been placed.

Cortlandt Street, North River.

An examination has been made of the condition of the plank approach at the northerly entrance to the ferry at the foot of this street.

Between Barclay and Eighteenth Streets, North River.

An examination has been made as to the condition of the following piers: Piers 15, 34, 35, 39, 42, 48 and 59.

Pier 41, North River.

The Delaware, Lackawanna and Western Railroad Company have constructed a freight shed on this pier under permit from this Department, the work having been finished on the 26th of September, 1908, and alterations have been made in the office portion of the pier by the same company under permit from the Department.

Gansevoort Street, North River.

Suction pipe has been laid at Gansevoort street by the Department of Water Supply, Gas and Electricity, and the installation of a high pressure fire service has been supervised.

Chelsea Section, North River.

On the 28th of December, 1900, the Board of Docks authorized the construction of a section of the bulkhead wall between Bloomfield and West Twenty-third streets, North River. The bulkhead wall proper is now completed for the entire length of the section. This section includes Piers 53, 54, 56, 57, 58, 59, 60, 61 and 62, all of which were completed some time since. During the quarter the wall has been pointed.

Pier (new) 53—Sheet piling has been placed to retain the earth filling south of the pier, and the paved approach to the pier has been repaired.

Pier (new) 54—Hatchway covers have been placed on the platform and chock placed for steel mooring posts. The work of building a freight shed on this pier with lateral extension on the adjacent bulkhead platform has been in progress under Contract No. 1054.

Pier (new) 56—A four-inch pipe has been placed under the pier for the fire protection system. The single mooring posts have been removed and chocks placed for new mooring posts, and rail has been placed on fire runway under bulkhead platform. The work of building a freight shed on this pier with lateral extension on the adjacent bulkhead platform has been in progress under Contract No. 1054.

Pier (new) 57—Rail on the fire runway under the bulkhead platform has been placed. Single mooring posts have been removed and chocks placed for new mooring posts. The work of constructing a freight shed on this pier with lateral extension on the adjacent bulkhead platform has been in progress under Contract No. 1090.

Pier (new) 58—Rail on fire runway under the bulkhead platform has been placed. Shed column foundation piles have been repaired. Single mooring posts have been removed and chocks placed for new mooring posts.

Pier (new) 59—Single mooring posts have been removed and chocks placed for new mooring posts. The work of constructing a freight shed on this pier with lateral extension on the adjacent bulkhead platform has been in progress under Contract No. 1090.

Pier (new) 60—Single mooring posts have been removed and chocks placed for new mooring posts. Granite was reset on the bulkhead, and the column bases have been cleaned and filled. The work of constructing a freight shed on this pier with lateral extension on the adjacent bulkhead platform has been in progress under Contract No. 1091.

Pier (new) 61—Chocks have been placed for new mooring posts. The work of constructing a freight shed on this pier with lateral extension on the adjacent bulkhead platform has been in progress under Contract No. 1091.

Pier (new) 62—Chocks at the outer end of the pier were repaired. Chocks were placed for steel mooring posts, and the shed column foundations repaired.

At Seventeenth street the work of building a fire runway under the bulkhead platform has been in progress, and a rail under the bulkhead platform on fire runway has been placed.

At Nineteenth street coping stone has been removed from the bulkhead, and the column foundations cut down on the bulkhead.

At Twentieth street granite cap stones have been removed from the bulkhead, and column foundations cut down to the bulkhead.

At Twenty-first street granite cap stones have been removed from the bulkhead, and column foundations cut down to the bulkhead.

Marginal Street Within the Lines of the Section.

The pavement along the Marginal street on the section has been repaired from time to time, where necessary. At Sixteenth street the work of placing granite pavement between the tracks of the New York City Railway Company and along the 2-foot strip easterly of the same has been in progress. A 12-inch gas main has been laid along the easterly side of the Marginal street by the Consolidated Gas Company. The 2-foot strip along either side of the tracks of the New York City Railway Company is being paved from Fourteenth to Twenty-second street. Between Bloomfield and West Fifteenth streets the work of curbing and flagging and laying granite pavement with cross walks under Contract No. 1069 was completed on the 16th of July, 1908. Between West Fifteenth and West Nineteenth streets the work of curbing and flagging and laying granite pavement under Contract No. 1081 has been in progress.

Twenty-seventh Street, North River.

A steel storage platform has been erected at Pier 67 by the Panama Railroad Company under permit from this Department.

Thirtieth Street, North River.

An examination has been made of the pier at the foot of this street.

Thirty-fourth Street, North River.

The shed on the pier at this street has been repaired and painted by the lessees, Hartfield, Solari & Co., under permit from this Department.

Thirty-fifth Street, North River.

Repairs have been made to the pier at this street, filling placed in this locality and the pavement repaved.

Pier at Thirty-ninth Street, North River.

This pier has been repaired during the quarter by the force of the Department.

Pier at Fortieth Street, North River.

Repairs have been made to this pier during the quarter by the force of the Department, and are still in progress.

West Forty-second Street Section, North River.

The authorization for this section is resolutions of the Board, September 3, 1891, September 2, 1898, June 27, 1899, and action of the Commissioner January 14, 1904. The wall is practically completed for all the section. Ferry terminal is being built at Forty-second street by the New York Central and Hudson River Railroad Company under permit from this Department.

Forty-fifth Street, North River.

An examination of the condition of the pier at this street has been made, and repairs made to the pier by the force of the Department.

Piers at Forty-sixth, Forty-seventh and Forty-eighth Streets, North River.

An examination as to the condition of these piers has been made and the force of the Department has made repairs to the pier at Forty-seventh street. The outshore overhang of the dump at Forty-seventh street has been removed, the centre dumping

board has been rebuilt and sundry repairs made to the outer dumping board, at the request of the Department of Street Cleaning.

Fiftieth Street, North River.

The pier at this street has been repaired by the force of the Department.

Fifty-first Street, North River.

An examination of the condition of the pier at this street has been made, and repairs of damage done by the Cornell Steamboat Company were made, the cost of same to be collected from that company.

Piers at Fifty-second and Fifty-fourth Streets, North River.

An examination of the condition of these piers has been made, and the pier at Fifty-fourth street has been repaired.

Pier at Fifty-fifth Street, North River.

An examination of the condition of this pier has been made and the pier repaired.

At Seventy-seventh and Between Seventy-eighth and Seventy-ninth Streets, North River.

The pavement at this locality has been raised, filling placed and the street repaved by the force of the Department.

Pier North of Ninety-seventh Street, North River.

Extensive repairs have been made to this pier. Granite pavement has been lifted in the vicinity by the force of the Department, and an extension fifteen feet wide to the pier has been made.

Claremont Section, North River.

The work at this section is being done under resolution of the Board of Docks passed November 16, 1900. During the quarter work on the wall proper has been in progress. Coping has been set along the wall and filling has been placed and leveled off.

One Hundred and Twenty-ninth Street—The pavement has been repaired and an examination of the condition of the pier at this street has been made and the pier repaired.

One Hundred and Thirty-first Street—An examination has been made of the pier at this street and repairs made.

One Hundred and Thirty-second Street—The old pavement has been lifted, filling placed and the vicinity repaved.

One Hundred and Thirty-third and One Hundred and Thirty-fourth Streets—An examination of the piers at these streets has been made.

Carmansville Section, North River.

The authorization for this section is action of the Commissioner of Docks, May 14, 1907, Bureau Order No. 5221. During the quarter the Department force was engaged in the building of a rip-rap wall from low water up, and grading wall; also in building bulkhead platform in front of completed part of wall. 7,904 cubic yards of rip-rap were deposited, and steam ashes have been placed in rear of the rip-rap embankment. 100 linear feet of new wharfage room has been made by the work done during the quarter.

One Hundred and Fifty-eighth Street, North River.

The pavement in this vicinity has been lifted, filling placed and pavement repaired. A shed north of this street has been enclosed by Henry Leute under permit from this Department.

Spuytten Duyvil, North River.

Test piles have been driven for the Bridge Department along the site of the Henry Hudson Memorial Bridge to ascertain the nature of the river bottom.

Marginal Street, North River.

The asphalt pavement on the North and East Rivers has been repaired during the quarter under Contract No. 1094. Repairs have also been made where necessary to the asphalt pavement already laid in accordance with the terms of the maintenance bond to keep the pavement in good condition. The Department has taken up and relaid the granite pavement to grade where necessary along the North River between the Battery and West One Hundred and Fifty-eighth street.

EAST RIVER.

Whitehall Terminal, East River.

The work at this section will be found described further on in the report under the heading of "Ferries."

Broad Street Section, East River.

The authorization for this section is resolution of the Board of Docks dated December 22, 1899. The pavement at the approach to Pier 6, East River, has been relaid during the quarter.

Old Slip Section, East River.

The Commissioner of Docks on the 7th of December, 1904, issued the necessary authorization for the construction of the bulkhead wall from the northerly side of Pier (new) 7, where it joins the Broad street section, to the northerly side of Burling slip, East River. This stretch of wall is divided into two sections, the Old Slip Section and the Maiden Lane Section.

The Old Slip Section extends from the northerly or upper end of the Broad Street Section and runs along the established bulkhead line to a point opposite the southerly line of Wall street. The work on the wall at Old Slip Section was practically completed as far as the southerly side of Pier 12. During the present quarter granite pavement has been laid between Piers 7 and 8, on approaches to Piers 8 and 9, between Piers 11 and 12, and on approach to Pier 12. A sewer is being constructed between Burling slip and Maiden lane and under Pier 15 by the Bureau of Sewers.

Maiden Lane Section, East River.

By authorization of the Commissioner of Docks, dated 7th of December, 1904, the construction of this section was ordered. The work extends from the southerly line of Wall street, where it joins the Old Slip Section, to about the southerly line of Burling slip, East River.

During the quarter the pavement on the approaches to Piers 14 and 15 has been relaid, and the temporary approaches to Piers 13 and 14 have been repaired.

Fulton Section, East River.

This section of the bulkhead wall was authorized by the Board of Docks on the 26th of April, 1901. This resolution was amended by action of the Commissioner of Docks on the 7th of December, 1904.

During the present quarter no work has been done on the bulkhead wall proper. The inner end of Pier 18 where removed to allow the construction of the bulkhead wall has been rebuilt. The temporary approach to Pier 18 has been removed, and the temporary approach between Piers 18 and 19 was removed to allow pavement to be laid. Second-hand pavement has been laid between Piers 17 and 18.

Pier 18, East River.

The work of constructing a market building at this pier by the Independent Wholesale Fish Dealers' Association, under permit from this Department, is in progress, and a shed is being erected on the pier and bulkhead platform by the New York Wholesale Fish Dealers' Association under permit from this Department. A fender system is being installed between Piers 18 and 19, and water main has been placed in this locality.

Peck Slip Section, East River.

The authorization for this section is action of the Commissioner of Docks, dated January 14, 1903. During the quarter the temporary approach to Pier 19 has been removed and granite pavement relaid on the approach.

James Slip Section, East River.

The authorization for this section is action of the Commissioner of Docks, dated April 30, 1907, B. O. 5191. This section extends from the easterly side of Oliver Street Pier, or Pier 25, East River, westerly along the bulkhead line to the centre line of Pier (old) 31, a distance of about 326 feet.

Work has been in progress on this section during the quarter. Earth filling has been placed in rear of that portion of the wall built. A contract, No. 1085, having been awarded for building a new pier at the foot of James slip, East River, and for building a new bulkhead platform easterly from said pier, between James slip and Oliver street, the work thereon was completed on the 5th of September, 1908. Test borings and other examinations have been made in connection with the proposed improvement in this locality.

Oliver Street, East River.

A high pressure fire service has been installed in this locality by the Department of Water Supply, Gas and Electricity. The work was begun in 1907 and completed during the present quarter.

Market Section, East River.

The authorization for this section is resolution of the Board of Docks passed February 23, 1900.

During the quarter, pavement between Piers 28 and 29, on approach to Pier 29, between Piers 29 and 30, and on approach to Pier 30 was relaid.

Pier 32, East River.

The work of repairing and rebuilding the platform and building lateral extension to this pier was completed by the force of the Department on the 15th of July, 1908, and the pier has been repaired and rebuilt by the Maine Steamship Company under permit from this Department.

Rutgers Section, East River.

The authorization for this section is the resolution of the Board of Docks passed February 3, 1899. During the quarter granite pavement on the approach to Pier 33 has been relaid.

Jefferson Section, East River.

The authorization for this section is resolution of the Board of Docks passed February 23, 1900.

The inner end of pier at Clinton street and the approach thereto were removed, and a pile approach has been built. Borings have been taken at the foot of Clinton street and an examination made of the bulkhead.

Pier (Old) 53, East River.

General repairs have been made to this pier by the force of the Department, and berthing piles have been placed on the westerly side of the pier to accommodate the ferryboat "Westfield," for the Bellevue and Allied Hospitals.

Pier at Twentieth Street, East River.

Extensive repairs are being made to this pier by the force of the Department. The work was resumed on the 18th of September, 1908, and has been in progress since.

Twenty-sixth Street, East River.

A new ferry rack has been built at the outer end of the pier at this street for the steamship "Lowell," for the Department of Public Charities.

New Bellevue Section, East River.

The officials of the Bellevue and Allied Hospitals being desirous of extending the grounds of the Bellevue Hospital, between Twenty-sixth and Twenty-eighth streets, East River, by reason of the extensive improvements proposed to the hospital buildings in that locality, the bulkhead wall is being built along the new bulkhead line as modified by the Secretary of War, September 16, 1903, with the further modification extending the bulkhead line across the foot of Twenty-ninth street and back to the established line of 1890 at the northerly side of Twenty-ninth street. Work on this section of the bulkhead wall has been in progress during the quarter under Bureau Order 4981.

Rip-rap and cobble have been deposited over the wall foundation; vertical piles have been driven and stay-lathed at Twenty-ninth street, and filling has been placed between Twenty-eighth and Twenty-ninth streets. The inner end of the pier at East Twenty-eighth street, where removed to allow the building of the bulkhead wall, has been rebuilt. The inner end of the pier at the foot of Twenty-ninth street has been removed to make way for the construction of the bulkhead wall, and an approach built from the East Twenty-eighth street pier to the East Twenty-ninth street pier. A temporary approach was built to the East Twenty-eighth street pier. An approach to East Twenty-eighth street pier and crib bulkhead, between Twenty-eighth and Twenty-ninth streets, were removed to permit earth filling. Piles have been driven for foundation for temporary sewer at Twenty-ninth street. Between Twenty-eighth and Twenty-ninth streets piles have been driven in cluster to retain earth filling. Twenty-one pieces of coping have been landed on the bulkhead.

Fifty-third Street, East River.

The work of constructing a new pier at the foot of this street by the force of the Department 60 feet wide and 108 feet long has been completed, 257 linear feet of new wharfage room being made by the work done. Work on this pier was finished on the 24th of August, 1908.

Yorkville Section, East River.

The authorization for this section is action of the Commissioner of Docks of October 10, 1904, Bureau Order 2757. Work on the bulkhead wall proper has been in progress during the quarter. Mud was pumped and stone was tubbed up from the foundation area. The stone tubbed up was deposited in rear of the foundation area. Between Sixty-fifth and Sixty-sixth streets, and between Seventy-third and Seventy-fourth streets, concrete in mass and in bags was deposited on foundation, and between Seventy-third and Seventy-fourth streets base blocks were set on the wall and backed up with concrete backing. Chain holes in blocks were filled with concrete in bags. Stone has been deposited around the breakwater, between Sixty-fifth and Sixty-sixth streets, to strengthen same.

Blackwell Section, East River.

By action of the Commissioner of Docks of October 10, 1904, Bureau Order 2756, the work of improving the water-front, which was being done under resolution of the Board of Docks for the East Seventy-fourth, East Seventy-fifth and East Seventy-seventh street sections, was consolidated and a new section established as Blackwell Section, beginning at the southerly line of East Seventy-fourth street and extending to the northerly line of East Eighty-first street, a distance of 1,958.03 feet. A portion of the section in the neighborhood of East Seventy-fourth street and East Seventy-fifth street was practically completed for quite a strip of wall during a previous quarter and work was suspended until the work in the other sections make a junction with it. During the present quarter work has been in progress on the bulkhead wall, and 56 linear feet of new wharfage room has been made by the work done. Rip-rap has been deposited and concrete foundation has been placed. Base blocks have been set in the wall and chain holes filled; 121 pieces of granite have been set and backed up with concrete backing; 15 pieces of coping have been set, and granite joints in the wall pointed. At the foot of Seventy-eighth street a sewer has been constructed and granite pavement has been laid between Seventy-sixth and Seventy-seventh, and between Seventy-seventh and Seventy-eighth streets.

Ninety-first Street, East River.

The ferryboat "Middletown" was placed at the pier at this street on the request of the Bellevue and Allied Hospitals.

One Hundred and Fourteenth Street, East River.

The work of placing filling in this vicinity by the Park Department was completed on the 13th of August, 1908.

North Brother Island, East River.

A contract, No. 1036, was awarded during a prior quarter for building a concrete sea wall and platform on piles at the easterly side of North Brother Island, and work has been in progress during the quarter.

A pile and timber approach north of the south sea wall at North Brother Island has been constructed for the Department of Street Cleaning.

Rikers Island, East River.

A contract, No. 1132, has been awarded for preparing for and building a rip-rap embankment and wall to close the gaps in the existing wall at Rikers Island. This work was commenced on the 9th of September, 1908, and is in progress.

Piles have been driven at the south gap of new filling and wire netting placed for the Department of Street Cleaning, to prevent floating material from fouling surrounding waters.

One Hundred and Forty-first to One Hundred and Fifty-second Street, Harlem River. Filling is being placed offshore to bulkhead line by John F. Purcell at this locality, under permit from this Department.

One Hundred and Fifty-ninth Street to Speedway, Harlem River.

Improvements are being made to the water-front at this locality by the Interborough Rapid Transit Company, under permit from this Department.

One Hundred and Seventy-first Street, Harlem River.

A pier and slip about 680 feet south of One Hundred and Seventy-first street, Harlem River, are being constructed by Edward J. Farrell, under permit from this Department.

One Hundred and Fiftieth Street, Harlem River.

Two coal hoppers are being constructed at this locality by Herbert G. Streat, under permit from this Department.

Bowne Street, City Island.

A one-story frame building is being constructed at this locality by Aug. Gerstle, under permit from this Department.

Repairs to Unleased Piers and Bulkheads Owned by the City.

Repairs were made to unleased piers and bulkheads owned by the City on the North, East and Harlem rivers, as required from time to time.

Whale Creek, Borough of Brooklyn.

In that section of the Borough of Brooklyn adjacent to Newtown Creek, near Greenpoint avenue, proceedings have been instituted to acquire the necessary property to secure pier room, which existed only on Whale Creek, an arm of Newtown Creek. Near the mouth of Whale Creek the property to be acquired will not only enable the City to build over 1,000 feet of bulkhead, but also two piers. Plans and specifications for this concrete sea wall and one pier with an improved modern reinforced deck were prepared during a prior quarter, but as yet nothing has been done towards the improvement on this part of the water-front.

Between Twenty-eighth Street and Sixty-fourth Street, South Brooklyn.

A plan has been submitted and approved by the Commissioners of the Sinking Fund establishing new lines for bulkheads and piers, with marginal street, wharf or place, extending from Twenty-eighth to Sixty-fourth street, South Brooklyn. Plans and studies are in progress for the dock improvement of this water-front in the near future.

Gowanus Section, South Brooklyn.

The work at this section is being done under authorization of the Commissioner of Docks, of September 21, 1908, B. O. 6647. This section extends from the northerly side of Twenty-eighth street to the southerly side of Thirty-sixth street, South Brooklyn, a distance of 2,142.82 feet, more or less. A contract has been awarded for dredging over the area of this improvement and the work will shortly be begun.

K. S. Williams, under permit from this Department. A crib bulkhead has been constructed at the James D. Leary Long Dock at Stapleton by Bernard Brady, under permit from this Department. At Huguenot a 500-foot extension to the existing pier near the foot of Sycamore avenue is being constructed by the Terra Marine Company, the work being completed on the 15th of August, 1908. At Tottenville a pile bulkhead has been built in the vicinity of Amboy road and Hopping avenue by A. C. Brown & Sons under permit from this Department. At Port Richmond a retaining structure is being built and filling placed in rear of same in the vicinity of Bay and Simonson avenues by Edward White, and a crib dock and approach have been built on the northerly side of Richmond terrace, between Elm and Sharpe avenues, by the Standard Oil Company of New York, under permit from this Department. At Howlands Hook two piers and a slip have been built at the foot of Western avenue by Procter & Gamble, under permit from this Department. A pier is being built at the foot of Mesereau avenue, Mariners Harbor, by the Burlee Dry Dock Company, and between Andres and Mesereau avenues filling is being placed between the piers, one pier extended and platform built by the Burlee Dry Dock Company under permit from this Department.

Other work done by private parties in the Borough of Richmond has been supervised and a general supervision of the water-front made.

Pavement on Marginal Street, North, East and Harlem Rivers.

The asphalt pavement has been repaired at various places along the North, East and Harlem rivers where necessary to repair pavement already laid. The granite pavement along the North and East rivers has been repaired from time to time. The work under Contract No. 1094 for repairing the asphalt pavement along the North and East rivers has been in progress during the quarter.

Pavement on East River.

Pavement has been repaired along the East River water-front as required.

Old Material Storage Basin, Wallabout Basin, Brooklyn.

Old material has been rafted and cared for.

Pile Basin, Shermans Creek.

The Pile Basin at Shermans Creek on the Harlem River has been maintained and cared for.

Timber Basin, Seventy-fifth Street, North River.

At the Timber Basin timber has been received under Department orders and contracts, cared for and issued as required. The Timber Basin has been maintained and cared for.

Department Yards at West Fifty-seventh and East Twenty-fourth Streets.

At the Department Yards the force of the Department has been engaged in the construction of concrete blocks, the handling and cutting of granite, the care of materials and the issue of supplies for various pieces of work. At the West Fifty-seventh Street Yard a concrete building has been in course of construction since April 26, 1907, for use as a blacksmith shop, power house, etc. This structure is provided with reinforced concrete coal pockets. The old buildings formerly where the new storehouse is now located were demolished and the material taken care of. Large quantities of Department stores were removed from the old building and removed to suitable places and subsequently stored in the new storehouse. The yards have been maintained in good order and condition.

Floating Property.

All of the floating property of the Department has been cared for during the quarter and repaired where necessary.

Dredging.

All the dredging has been supervised whether done by the Department or by private parties.

Surveying Party.

All the necessary lines, levels, grades, soundings, surveys and examinations have been made and given. Work done by private parties has been supervised, automatic tide gauges have been attended to and the daily and weekly reports have been made. The records of the anemometer and weather vane, etc., have been compiled. An extensive survey of the water-fronts of Brooklyn, Queens and Richmond is in progress.

Recreation Piers.

The recreation piers on the North, East and Harlem rivers have been repaired from time to time as required and maintained during the quarter.

FERRIES.

New Staten Island Ferry.

Whitehall Terminal.

The new Staten Island Ferry, operating between the foot of Whitehall street, Manhattan, and the foot of South street, Borough of Richmond, with the Whitehall terminal at the Manhattan end and the St. George terminal at the Staten Island end, was started in operation by the City on October 25, 1905.

A contract, No. 1099, has been awarded for building a new ferryhouse for the Staten Island Ferry at Whitehall street, East River, and work was begun on the 17th of August, 1908, and is in progress.

St. George Terminal.

Four-inch perforated iron pipes have been placed under trolley platform for sprinkling in case of fire. Steam ashes from the ferryboats have been deposited under the north and south shore steam railroad tracks and under the trolley platform. A fireproof structure for the storage of oil and grease is being erected, and a platform has been built on the northerly side of the northerly laying-up slips for the accommodation of the Fire Department. Foundations for a retaining wall are being built along the northerly side of South street, and shelters have been constructed from the ferry house to the railroad terminal.

Stapleton Terminal.

Plans and specifications have been prepared for the erection of a machine shop, dumping board, coal pocket, coal handling machinery and the installation of a fire service on the pier foot of Canal street, Stapleton, adjoining the ferry structures, but the contract for the work has never been let. Neither has the contract been let for the ferry terminal house in this locality.

Plans are being prepared for the construction of three new ferryboats for service on this ferry.

South Brooklyn Ferry.

New Thirty-ninth Street Ferry, South Brooklyn, Manhattan Terminal.

On November 1, 1906, the City came into possession of the property of the New York and South Brooklyn Ferry and Steam Transportation Company, operating a ferry between Whitehall street, Manhattan, and Thirty-ninth street, South Brooklyn, and since that time the City has been operating the ferry as a municipal ferry.

Under Contract No. 1053, the work of building between Whitehall and Broad streets, East River, a new ferryhouse for the New Thirty-ninth Street Ferry, Manhattan Terminal, has been in progress.

Thirty-ninth Street Ferry Terminal, South Brooklyn.

Filling has been placed in rear of the ferry structures at this locality, under B. O. 5536.

Draughtsmen.

In the office of the Chief Engineer the Draughtsmen have been engaged on plans and studies for contract work, plans for the improvement of the water-front, plans and specifications for new piers and repairs, change of lines, examination of plans submitted by private parties, solar printing and general routine work.

The total new wharfage room made by the Department of Docks and Ferries for the quarter amounts to 2,536 linear feet. Wharfage room destroyed by the City in making way for new improvements amounts to 2,261 linear feet. The area of the City's piers has been increased by 10,256 square feet. New wharfage room made by private parties under permit from the Department of Docks and Ferries amounted to 6,204 linear feet, and the wharfage room destroyed by private parties amounted to 857 linear feet.

Very respectfully,

S. W. HOAG, Jr., Deputy Chief Engineer.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299
BROADWAY, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF
all competitive examinations two weeks in
advance of the date upon which the receipt of
applications for any scheduled examination will
close. Applications will be received for only
such examinations as are scheduled. No applica-
tion will be accepted at the office of the Com-
mission, by mail or otherwise, after the closing
hour for the receipt of same set forth in the
advertisement.

When an examination is advertised, a person
desiring to compete in the same may obtain an
application blank upon request made in writing
or by personal application at the office of the
Commission, Room 1119.

The Commission cannot guarantee that applica-
tions mailed in response to written requests will
be received in time to permit of their being pre-
pared and filed prior to closing hour.

All notices of examinations will be posted in
the office of the Commission, and advertised in
the City Record for two weeks in advance of the
date upon which the receipt of applications will
close for any stated position.

Public notice will also be given by advertise-
ment in most of the City papers.

Wherever an examination is of a technical
character, due notice is given by advertisement
in the technical journals appertaining to the par-
ticular profession for which the examination is
called.

Such notices will be sent to the daily papers
as matters of news. The scope of the examina-
tion will be stated, but for more general infor-
mation application should be made at the office of
the Commission.

Specimen questions of previous examinations
may be obtained at Room 1108.

Unless otherwise specifically stated, the mini-
mum age requirement for all positions is 21.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held June 26, 1908, the following petition was received:

To the Honorable, the Board of Estimate and Apportionment of The City of New York: The petition of the New York City Interborough Railway Company respectfully shows:

1. Your petitioner is a street surface railway corporation, duly organized on or about the 24th day of March, 1902, under the laws of the State of New York.

2. The Board of Aldermen of The City of New York has heretofore, to wit, on the 16th day of March, 1903, granted to the said New York City Interborough Railway Company the franchise, right and privilege to construct and operate a double track street surface railway with all connections, turnouts, switches, crossovers and stands necessary for the accommodation and operation of the said railroad by an overhead system of electricity, or any other motive power which may be lawfully employed upon the same, in and upon and along certain streets, avenues, parkways, highways, public places, bridges and viaducts, all situated in the Boroughs of Manhattan and The Bronx, City, County and State of New York, and more particularly specified in the said ordinance of the Board of Aldermen adopted March 16, 1903, and approved by the Mayor, March 31, 1903, a copy of which is hereto annexed, the total mileage authorized by said resolution being about 22.8 miles.

3. The Board of Estimate and Apportionment of The City of New York, by a resolution adopted the 25th day of June, 1907, a copy of which is hereto annexed, granted the franchise or right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof of a double or single track street surface railway as alterations or changes of the route granted to it by virtue of the aforesaid ordinance of the Board of Aldermen, approved by the Mayor.

4. Pursuant to the franchise and right granted by virtue of the said ordinance of the Board of Aldermen and resolution of the Board of Estimate and Apportionment, your petitioner promptly commenced and diligently constructed and completed its road upon the following streets: One Hundred and Eighty-first street, from St. Nicholas avenue to Amsterdam avenue, in the Borough of Manhattan, across Washington Bridge to the Borough of The Bronx; on Aqueduct avenue, from the east end of Washington Bridge to Kingsbridge road; Kingsbridge road, from Aqueduct avenue to Creston avenue; One Hundred and Eighty-ninth street, from Third avenue to the Southern boulevard; Southern boulevard, from One Hundred and Eighty-ninth street to One Hundred and Eighty-eighth street; One Hundred and Eighty-eighth street, from Southern boulevard to Third avenue. This construction is four and eighty-six one-hundredths (4.86) miles in length, and was operated as a system until on or about September 1, 1907, when there was added one and fifteen one-hundredths (1.15) miles in length of operation on Ogden avenue, from Aqueduct avenue to Jerome avenue. These routes continued to be operated on or about February 15, 1908, when there was added thereto additional routes operated on the following streets: Tremont avenue, from Aqueduct avenue to Webster avenue; One Hundred and Eighty-eighth street, from Webster avenue to Third avenue; One Hundred and Eighty-eighth street, from the Southern boulevard to Boston road; Boston road, from One Hundred and Eighty-eighth street to One Hundred and Seventy-eighth street, of one and seventy-three one-hundredths (1.73) miles in length, making a total system at as present operated of seven and seventy-four one-hundredths (7.74) miles in length. The portions of the routes of your petitioner upon which its road is partially or wholly constructed but not operated are: Kingsbridge road, from Aqueduct avenue to Heath avenue; Sedgwick avenue, from Kingsbridge road to Fort Independence street; Fort Independence street to Two Hundred and Thirty-eighth street; Two Hundred and Thirty-eighth street to Broadway; Kingsbridge road, from Valentine avenue to Fordham road; One Hundred and Forty-ninth street, from Gerard avenue to St. Ann's avenue; One Hundred and Fifty-sixth street, from Eagle avenue to Westchester avenue; Wilkins place, from Boston road to Intervale avenue; Intervale avenue to Dongan street; Dongan street to Southern boulevard, making a total mileage, partially or wholly constructed, but not operated, of four and twenty-five one-hundredths (4.25) miles.

The routes embraced within the franchise of your petitioner are shown upon a map hereto annexed, upon which the portions of said route which are operated appear in red, and those upon which the road is wholly or partially constructed, but not operated, are shown in blue.

5. The routes of the New York City Interborough Railway Company are almost entirely located in the Borough of The Bronx, and the streets in that Borough upon which the further construction of your petitioner's lines must be effected are in the course of reconstruction, the

City being engaged in opening and grading streets and constructing sewers therein, all of which work it was necessary to complete before the lines of the Company could be laid in place and cars operated thereover. Among the public works which have interfered with the construction or operation of the Company's roads are the construction of the Grand Concourse across the Company's lines at Tremont avenue and at Kingsbridge road. This large public work absolutely prevented the operation and connection of the Company's lines between the east and west sides of the City through these streets, and the franchise during such time of operation was without any earning power whatsoever. This work was completed during the month of February, 1908, which permitted the partial operation of one of the Company's crosstown lines. One of the lines in your petitioner's franchise is a road upon the new Tremont avenue, or East One Hundred and Seventy-seventh street, east of the Bronx River. This street is being opened and the Company is unable to make any construction thereon. The streets and highways in the so-called Hunts Point section, in the southeastern part of the Borough of The Bronx, are in course of construction, and it is now impossible for the Company to complete its railroad thereon sufficiently to enable the operation of cars over the same.

The portions of the Company's roads not operated are wholly disconnected from the portions which are in operation, and have been made so by the character of the City construction above referred to. Such disconnected portions have been wholly valueless and worthless to the Company, as they have not produced any income whatsoever, and have not been of any value to the public, as the Company has been unable to operate any cars over the same.

Total obligations as of June 30, 1908..... \$284,535 54

In addition to the foregoing items of indebtedness, there are certain sums not yet determined, claimed to be due the Union Railway Company, either in the form of capital payment or an annual rental charge for the privilege of operating on the tracks of the said Union Railway Company over the Macombs Dam Bridge.

9. The income of your petitioner from the operation of its street surface railway or railways is wholly inadequate to meet the necessary expenses of operating said railways and make the payments to the City required by its franchises aforesaid, as more fully appears by the statement of the receipts and expenditures of your petitioner during the year ending on the 31st day of December 1907, a copy of which is hereto annexed, and by its current quarterly report to the Public Service Commission, a copy of which is annexed hereto.

10. Your petitioner has been and is wholly unable to discharge its obligations under a certain mortgage to the United States Mortgage and Trust Company, dated the first day of May, 1905, and there is now due and unpaid, as of the first day of May, 1908, as accrued interest upon the outstanding bonds issued under said mortgage, the sum of \$117,000, and your petitioner is further unable to discharge its obligations under and by virtue of certain contracts heretofore entered into by it for the power necessary to its operation, and for the further construction of its said railways.

11. The financial condition of your petitioner is such that it is and will in an increasing measure be embarrassed and crippled in its desire and effort to afford satisfactory and efficient service to the public; and unless it be materially relieved in respect to its financial obligations, it will be difficult, if not impossible, to discharge its obligations to the City and to the public within the intent and purpose of its said franchise.

12. The portions of the routes embraced within the franchise granted to your petitioner as aforesaid which command relatively the greatest volume of traffic per mile of operation, are those upon which the railway of your petitioner is now constructed and in operation, and in respect to which there has resulted from said operation a large and increasing deficit. A large portion of the route or routes granted as aforesaid to your petitioner, and more especially the routes in the so-called Hunts Point section in the southeastern part of the Borough of The Bronx, cannot, as your petitioner is advised and believes, in the light of its experience in the operation of its present system, be constructed and operated without incurring not only a present deficit and a continuing loss during the term of your petitioner's franchise, but possible jeopardy of all or the greater part of any of the capital expenditures necessary to the completion of said routes.

Your petitioner, although unable, as aforesaid, to meet its contract and other obligations, is earnestly endeavoring to effect such arrangements as will enable it to continue not only the operation, but the further construction of its road,

6. In and by said franchise, and more particularly by the fourth paragraph of section two of said ordinance, adopted by the Board of Aldermen March 16, 1903, your petitioner is obligated to make certain payments to the City, to wit, as follows: During the first term of five years an annual sum which shall in no case be less than \$15,000, and which shall be equal to 3 per cent. of its gross annual receipts if such percentage shall exceed the sum of \$15,000; during the remaining twenty years of the term an annual sum which shall not be less than \$30,000, and which shall be equal to 5 per cent. of its gross annual receipts, if such percentage shall exceed the sum of \$30,000; and for the use of four bridges described in the said ordinance of the Board of Aldermen constituting the franchise of your petitioner, during the first term of five years the annual sum of \$4,000 for each bridge; during the second term of five years, the annual sum of \$4,500 for each bridge; during the third term of five years, the annual sum of \$5,000 for each bridge; during the fourth term of five years the annual sum of \$5,500 for each bridge, and during the last term of five years, the annual sum of \$6,000 for each bridge.

That your petitioner has, during the year ending September 30, 1907, or a portion thereof, made use of two of the bridges specified in its franchise, to wit, the Central or Macombs Dam Bridge and the Washington Bridge.

7. That in said ordinance it was provided that said payments should be made on November 1 in each year after the commencement of the operation of any portion of the railroad, and that The City of New York has claimed that there has become due and payable to it by reason of the said provisions of said franchise the following sums, none of which have been paid:

For the use of the Central Bridge..... \$333 00
For the use of the Washington Bridge..... 4,000 00
Franchise payments to the City..... 15,000 00

Total..... \$19,333 33

8. In and by virtue of the construction of its street surface railway or railways, your petitioner has incurred as of June 30, 1908, certain debts, none of which has been paid, as follows:
Outstanding Obligations as of June 30, 1908 (Estimated from June 19 to June 30). \$842 23

In addition to the foregoing items of indebtedness, there are certain sums not yet determined, claimed to be due the Union Railway Company, either in the form of capital payment or an annual rental charge for the privilege of operating on the tracks of the said Union Railway Company over the Macombs Dam Bridge.

10. Your petitioner has been and is wholly unable to discharge its obligations under a certain mortgage to the United States Mortgage and Trust Company, dated the first day of May, 1905, and there is now due and unpaid, as of the first day of May, 1908, as accrued interest upon the outstanding bonds issued under said mortgage, the sum of \$117,000, and your petitioner is further unable to discharge its obligations under and by virtue of certain contracts heretofore entered into by it for the power necessary to its operation, and for the further construction of its said railways.

11. The financial condition of your petitioner is such that it is and will in an increasing measure be embarrassed and crippled in its desire and effort to afford satisfactory and efficient service to the public; and unless it be materially relieved in respect to its financial obligations, it will be difficult, if not impossible, to discharge its obligations to the City and to the public within the intent and purpose of its said franchise.

Your petitioner, although unable, as aforesaid, to meet its contract and other obligations, is earnestly endeavoring to effect such arrangements as will enable it to continue not only the operation, but the further construction of its road,

with a view to affording the largest accommodation and service to the traveling public within its power, and the relief for which your petitioner respectfully prays is, in view of the financial embarrassment of your petitioner, essential, as your petitioner believes and respectfully shows herein, to the accomplishment of this purpose.

Wherefore, Your petitioner prays that it be relieved from each and every of its said obligations to make the payments in and for the use of the bridges specified in its franchise, and more particularly in the fourth paragraph of section 2 of the ordinance of the Board of Aldermen, approved by the Mayor as aforesaid, March 31, 1903, and from the payments for the aforesaid franchises specified in said fourth paragraph of section 2 of said ordinance, except such annual sums which shall be equal to three per cent. of its gross annual receipts during the first term of five years specified in said paragraph fourth, and which shall be equal to five per cent. of its gross annual receipts thereafter. And your petitioner prays that public notice be given of the time and place when and where this application shall be held, and that the desired consent or grant herein applied for be embodied in the form of a contract, and otherwise in accordance with the provisions of the Greater New York Charter.

Dated at The City of New York June 23, 1908.

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY.

[SEAL] By ALFRED SKITT, President.

Attest:

H. M. FISHER, Secretary.

State of New York, County of New York, ss.:

Alfred Skitt, being duly sworn, deposes and says that he is the President of New York City Interborough Railway Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge, except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that it is a corporation; that the deponent is an officer of said corporation, to wit, its president, and that the grounds of his information in regard to the matters stated in the foregoing petition, so far as the same are not within his personal knowledge, are statements made by officers or agents of the corporation to him as president thereof.

ALFRED SKITT.

Sworn to before me this 23d day of June, 1908.

JOSEPH W. MASON, Commissioner of Deeds, New York City.

State of New York, County of New York, ss.:

On this 23d day of June, in the year one thousand nine hundred and eight, before me personally came Alfred Skitt, to me known, who, being by me duly sworn, did depose and say that he resided in the City of Yonkers, N. Y.; that he is president of the New York City Interborough Railway Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to said instrument was such corporate seal; that it was so affixed by

order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

JOSEPH W. MASON,

Commissioner of Deeds, New York City.

And at the meeting held November 20, 1908, the following resolutions were adopted:

Whereas, The foregoing petition from New York City Interborough Railway Company, dated June 23, 1908, was presented to the Board of Estimate and Apportionment at a meeting held June 26, 1908; and

Whereas, A second petition, dated November 12, 1908, was presented to the Board at the meeting held November 13, 1908, requesting an extension of time until December 27, 1909, in which to complete the construction of twenty-four miles of the petitioner's double-track street railway.

Resolved, That, in pursuance of law, this Board sets Friday, the 11th day of December, 1908, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record, immediately prior to such date of public hearing, the expense of such publication to be borne by the petitioner.

JOSEPH HAAG, Secretary.

New York, November 20, 1908.

n30,d11

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The Bronx Traction Company has, under date of July 28, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway upon and along Clasons Point road, from Westchester avenue to Long Island Sound, in the Borough of The Bronx; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on October 2, 1908, fixing the date for public hearing thereon as October 30, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Sun" and the "New York Tribune," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly had on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Bronx Traction Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Bronx Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Bronx Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

BRONX TRACTION COMPANY.

Proposed Form of Contract.

This contract, made this day of 1908, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Bronx Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the terms and conditions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment for the purpose of conveying passengers in the Borough of The Bronx, City of New York, upon the following route:

Beginning at and connecting with the existing double track street surface railway on Westchester avenue, at the intersection of said avenue with Clasons Point road, and running thence easterly in, upon and along said Clasons Point road to the public place at the easterly terminus thereof, and running thence, with a loop, in, upon and along said public place. The said route, with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing proposed railway of Bronx Traction Co. in the Borough of The Bronx, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated July 28, 1908."

—and signed by Edward A. Maher, President, and T. F. Mullaney, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed; provided, that deviations therefrom and additional turnouts, switches and crossover which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within one month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this con-

tract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty (20) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty (20) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this privilege the following sums of money:

The sum of three thousand five hundred dollars (\$3,500), in cash, within thirty (30) days after the date on which this contract is signed by the Mayor.

During the first term of five years an annual sum, which shall in no case be less than three hundred and seventy-five dollars (\$375), and which shall be equal to three per cent. of its gross annual receipts if such percentage shall exceed the sum of three hundred and seventy-five dollars (\$375).

During the second term of five years an annual sum which shall in no case be less than six hundred and eighty-seven dollars (\$687), and which shall be equal to five per cent. of its gross annual receipts if such percentage shall exceed the sum of six hundred and eighty-seven dollars (\$687).

During the third term of five years an annual sum which shall in no case be less than seven hundred and fifty-six dollars (\$756), and which shall be equal to five per cent. of its gross annual receipts if such percentage shall exceed the sum of seven hundred and fifty-six dollars (\$756).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby granted shall bear to the entire length of the line in operation.

The payment of such minimum sums shall begin from the date on which this contract is signed by the Mayor.

All such sums as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November 1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with.

The intention of this paragraph is to fix an annual charge to be paid by the Company, its successors or assigns, to The City of New York for the rights and franchises hereby granted, and it shall not be construed as providing for the payment by the Company, its successors or assigns, of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Fourth—Upon the termination of this original contract, or if the same be renewed, then, at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets, avenues and highways shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways herein above described in section 1.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways herein above described in section 1, for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall be equal to the legal interest on such proportion of the whole cost of the construction of such railway and structures and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest on the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Eighth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission of the First District of the State of New York.

Ninth—The Company shall commence construction of the railway herein authorized within six months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within one year from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

Eleventh—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Twelfth—The rate of fare for any passenger upon such railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride

from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

The rate for the carrying of property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, or its successors in authority, and may be fixed by such Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sum shall be charged for such service than provided for by it.

Thirteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway; and the tracks hereby authorized shall not be used for the storage of cars.

Fourteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require or as may be directed by the Board.

Provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the terms of this contract, be enacted or adopted by the State or City authorities.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered, at least three times every twenty-four hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Eighteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Nineteenth—The Company shall at all times keep the streets, avenues or highways upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of 2 feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—The Company shall cause to be paved that portion of the street between its tracks, the rails of its tracks and two feet in width outside of its tracks upon and along the streets, avenues and highways of the routes hereby authorized, which are now either unpaved or paved with macadam. The work of such paving shall be done under the supervision of the Municipal authorities having jurisdiction in such matters. Such authorities shall designate the character of the pavement to be laid.

As long as the said railway, or any portion thereof, remains in the street, avenue or highway, the Company shall have and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue or highway, and in that event the Company, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewal or altered pavement.

Twenty-first—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-second—Before any construction shall be commenced upon any portion of the route, written permits shall be obtained from the President of the Borough of The Bronx and the Commissioner of Water Supply, Gas and Electricity, and the Company shall comply with any conditions which those officials may impose, as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which those officials have jurisdiction.

Twenty-third—The Company agrees to comply with any and all of the rules which may be made by the Commissioner of Water Supply, Gas and Electricity for the purpose of preventing the destruction of the pipes or structures in the street by electrolysis, which may be caused by the electric current used by the Company, whether such rules affect the method of the original construction of said railway or any reconstruction, maintenance or repairs upon such railway at any time during the term of this contract.

Twenty-fourth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in a manner as directed by the President of the Borough of The Bronx.

Twenty-fifth—Should the grades or lines of the streets in which franchises are herein granted be changed at any time during the term of this contract, the Company shall, at its own expense, change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the track at its own expense, all to be done subject to the direction of the President of the Borough of The Bronx.

Twenty-sixth—Upon one year's notice from the Board, the Company shall make application

to said Board for the right or privilege to lay its tracks upon other streets hereafter to be opened, adjacent to the public place at the easterly terminus of Clason's Point road, the same to be in substitution for the loop terminal hereby authorized in the public place, and within six months after such right or privilege is obtained, shall, at its own expense, remove all of its tracks and appurtenances from said public place.

Twenty-seventh—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding or at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-eighth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, in such form as he may prescribe. Such report shall contain a statement of the gross earnings from all railway lines owned or operated by the Company, the total miles owned by the Company and in operation and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-ninth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Thirtieth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Thirty-first—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-second—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of six thousand dollars (\$6,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing

provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of six thousand dollars (\$6,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-third—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-fourth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-fifth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This contract is also upon the further and express condition that the provisions of the Railroad Law, applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railways operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Bronx Traction Company, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, December 18, 1908, in the CITY RECORD, and at least twice during the ten days immediately prior to December 18, 1908, in two daily newspapers to be designated by the Mayor therefor and published in the City of New York, at the expense of the Bronx Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Bronx Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, December 18, 1908, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.

Dated New York, November 13, 1908.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Union Railway Company of New York City has under date of July 28, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway upon and along Fordham road and West One Hundred and Eighty-fourth street, in the Borough of The Bronx, and over and along the University Heights Bridge and the approaches thereto, and upon and along West Two Hundred and Seventh street and other streets and avenues in the Borough of Manhattan; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on October 2, 1908, fixing the date for public hearing thereon as October 30, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Sun" and the "New York Tribune," newspapers designated by the Mayor, and in the CITY RECORD for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Union Railway Company of New York City, and the adequacy of the compensation proposed to be paid therefor; now therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

UNION RAILWAY COMPANY OF NEW YORK CITY.

Proposed Form of Contract.

This contract made this day of 190 by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Boroughs of The Bronx and Manhattan, in The City of New York, upon the following route:

Beginning at and connecting with the existing tracks of the Company at or near the intersection of Sedgwick avenue and Fordham road, in the Borough of The Bronx, and running thence southwesterly in, upon and along said Fordham road and Hampden place to West One Hundred and Eighty-fourth street, and thence southwesterly and westerly in, upon and along said West One Hundred and Eighty-fourth street to its intersection with the easterly approach to the University Heights Bridge; thence westerly upon and over said bridge, and the easterly and westerly approaches thereto, to West Two Hundred and Seventh street, in the Borough of Manhattan, and thence westerly in, upon and along said West Two Hundred and Seventh street to Amsterdam or Tenth avenue; thence southerly in, upon and along said Amsterdam or Tenth avenue to Emerson street; thence westerly in, upon and along said Emerson street to Broadway, and connecting with the existing double-track railway in said Broadway. The said route with turnouts, switches and crossovers, hereby authorized is shown upon a map entitled:

"Map showing proposed railway of the Union Railway Company in the Boroughs of The Bronx and Manhattan, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated July 28, 1908."

—and signed by F. W. Whitridge, Receiver; T. F. Mullany, Chief Engineer, and Edward A. Maher, President, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six months of the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained, the Company shall, within 40 months thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty (20) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than that sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such an agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty (20) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amounts as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement, fixing such annual rate, and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last

year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of three thousand five hundred dollars (\$3,500) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the first term of five years an annual sum which shall in no case be less than seven hundred and fifty dollars (\$750), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750).

During the second term of five years an annual sum which shall in no case be less than fourteen hundred dollars (\$1,400), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of fourteen hundred dollars (\$1,400).

During the third term of five years an annual sum which shall in no case be less than fifteen hundred and fifty dollars (\$1,550), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of fifteen hundred and fifty dollars (\$1,550).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby granted shall bear to the entire length of the line of the company in operation.

The payment of such minimum sums shall begin from the day on which this contract is signed by the Mayor.

(c) For the use of the University Heights Bridge during the first term of five years the annual sum of \$2,000, during the second term of five years the annual sum of \$2,250, and during the third term of five years the annual sum of \$2,500. The compensation herein reserved shall commence from the date of the signing of this contract by the Mayor.

All such sums as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November 1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the matter of payments and statements of percentages of gross receipts of street-railway companies not inconsistent with this contract, shall be strictly complied with.

The intention of this paragraph is to fix an annual charge to be paid by the Company, its successors or assigns, to The City of New York for the rights and franchises hereby granted, and it shall not be construed as providing for the payment by the Company, its successors or assigns, of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892.

Before any rights hereby conferred are exercised by the Company, and within three (3) months from the date on which this contract is signed by the Mayor, the Company shall pay to The City of New York the sum of twenty thousand three hundred and eighty-five dollars and eight cents (\$20,385.08) and within three (3) months thereafter the further sum of thirty-one thousand seven hundred and fifty-eight dollars and eighty-seven cents (\$31,758.87); said amounts being due under the franchise of the Company granted to it by the Legislature by chapter 340 of the Laws of 1892.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or by any law of the State of New York.

Fourth—Upon the termination of this original contract, or if the same is renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract, within the streets, avenues and highways and upon the bridge, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual. If, however, at the termination of this grant as above the City (by the Board or its successors in authority) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of the tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways and the bridge shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payments shall continue throughout the whole term of the contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of the route mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof, in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the rights of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions over the same streets, avenues, highways or bridge, hereinabove described in section 1.

The use of said railway, which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways, hereinabove described in section 1 for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railway and structures and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Eighth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board and consented to by owners of property, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Ninth—The Company shall commence construction of the extension herein authorized within six (6) months from the date upon which the consents of the property owners are obtained for such extension, or from the date of the decision of the Appellate Division of the Supreme Court that such extension ought to be constructed, and shall complete the construction of the same within six (6) months from the same date, otherwise this grant shall cease and determine, and all sums which may be deposited with the Comptroller of the City, as hereinbefore provided, shall be forfeited to the City. Provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided further that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided in the Charter of the City.

Eleventh—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appliances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the written direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Twelfth—The rate of fare for any passenger upon such railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract, all members of the Police and Fire Departments of the City when such employees are in full uniform.

The rate for the carrying of property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, or its successors in authority, and may be fixed by such Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by it.

Thirteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway; and the tracks hereby authorized shall not be used for the storage of cars.

Fourteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require or as may be directed by the Board.

Provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m. each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as

are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—The Company, so long as it shall continue to use any of the tracks upon the streets, avenues or bridge, in or upon which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets, avenues and bridge, except when the width of such streets, avenues or bridge shall exceed 60 feet between curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets, avenues and bridge in a satisfactory manner.

Eighteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Nineteenth—The Company shall at all times keep the streets, avenues or highways and bridge upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—The Company shall cause to be paved that portion of the street between its tracks, the rails of its tracks and two feet in width outside of its tracks, upon and along the streets, avenues and highways of the routes hereby authorized, which are now unpaved. The work of such paving shall be done under the supervision of the municipal authorities having jurisdiction in such matters, and such authorities shall designate the character of the pavement to be laid.

As long as the said railway, or any portion thereof, remains in the streets, avenues, highways or upon the bridge, the Company shall pave and keep in permanent repair that portion of the surface of the street, avenue, highway or bridge in which said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue, highway or upon the bridge, and in that event the Company, its successors or assigns, shall be bound to replace such pavements in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-first—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets required on account of the construction or operation of the railway, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Twenty-second—Before any construction shall be commenced upon any portion of the route, written permits shall be obtained from the Presidents of the Boroughs of Manhattan and The Bronx, and the Commissioners of Water Supply, Gas and Electricity and Bridges, and the Company shall comply with any conditions which those officials may impose as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which those officials have jurisdiction.

Twenty-third—The Company agrees to comply with any and all the rules which may be made by the Commissioner of Water Supply, Gas and Electricity for the purpose of preventing the destruction of the pipes or structures in the street by electrolysis, which may be caused by the electric current used by the Company, whether such rules affect the method of the original construction of said railway or any reconstruction, maintenance or repairs upon such railway at any time during the term of this contract.

Twenty-fourth—It is agreed that the right hereby given to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets, or upon the bridge, whether the same is done by the City directly or by a contractor for the City, the Company shall at its own expense protect or move the tracks and appurtenances in a manner as directed by the President of the Borough in which said tracks are situated, or by the Commissioner of Bridges.

Twenty-fifth—Should the grades or lines of the streets in which franchises are herein granted be changed at any time during the term of this contract, the Company shall change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said streets the Company shall take care of and protect the track and appurtenances at its own expense; all to be done subject to the direction of the President of the Borough in which such change is made or work done.

Twenty-sixth—The Board may at any time require the Company to remove one track from the University Heights Bridge and approaches thereto, and to place the remaining track in the centre of the roadway of said bridge and operate the railway by means of said single track upon said bridge and its approaches.

Twenty-seventh—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
 2. The amount paid in as by last report.
 3. The total amount of capital stock paid in.
 4. The funded debt by last report.
 5. The total amount of funded debt.
 6. The floating debt as by last report.
 7. The total amount of floating debt.
 8. The total amount of funded and floating debt.
 9. The average rate per annum of interest on funded debt.
 10. Statement of dividends paid during the year.
 11. The total amount expended for same.
 12. The names of the directors elected at the last meeting of the corporation held for such purpose.
 13. Location, value and amount paid for real estate owned by the Company as by last report.
 14. Location, value and amount paid for real estate now owned by the Company.
 15. Number of passengers carried during the year.
 16. Total receipts of Company for each class of business.
 17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
 18. Total expenses for operation, including salaries.
- and such other information in regard to the business of the Company as may be required by the Board.

Twenty-eighth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-ninth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Thirtieth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the Board, in case such structures which may affect the surface of the streets or of the bridge shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund herein-after provided.

Thirty-first—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-second—This grant upon the express condition that the Company within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of three thousand five hundred dollars (\$3,500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street and bridge pavement, the removal of snow and ice and the quality of construction of the railroad; and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same with interest from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of three thousand five hundred dollars (\$3,500), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-third—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-fourth—The word "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction and shall be deemed to have been given at the time of delivery or mailing.

Thirty-fifth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This contract is also upon the further and express condition that the provisions of the Railroad Law, applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railways operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Union Railway Company of New York City, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, December 18, 1908, in the CITY RECORD, and at least twice during the ten days immediately prior to December 18, 1908, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the Union Railway Company of New York City, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Union Railway Company of New York City, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, December 18, 1908, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.

Dated New York, November 13, 1908.

n24,d18

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Union Railway Company of New York City has, under date of July 28, 1908, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway upon and along Pelham avenue, from Third avenue to the Southern boulevard, in the Borough of The Bronx; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on October 2, 1908, fixing the date for public hearings thereon as October 30, 1908, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Sun" and the "New York Tribune," newspapers designated by the Mayor, and in the CITY RECORD for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to money value of the franchise or right applied for, and proposed to be granted to the Union Railway Company of New York City, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit: UNION RAILWAY COMPANY OF NEW YORK CITY.

Proposed Form of Contract.

This Contract made this day of 1908, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions herein-after set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers in the Borough of The Bronx, in The City of New York, upon the following route:

Beginning at and connecting with the existing double track road of the Company in Third avenue at the intersection of said avenue with Pelham avenue, and running thence easterly in,

upon and along said Pelham avenue to the Southern boulevard. The said route, with turn-outs, switches and crossovers, hereby authorized is shown upon a map entitled:

"Map showing proposed railway of the Union Railway Company, in the Borough of The Bronx, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated July 28, 1908."

—and signed by F. W. Whitridge, Receiver, T. F. Mullaney, Chief Engineer, and Edward A. Maher, President, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this right or privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six months of the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within one month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty (20) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty (20) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate, and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of three thousand dollars (\$3,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the first term of five years an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five hundred dollars (\$500).

During the second term of five years an annual sum which shall in no case be less than nine hundred dollars (\$900), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of nine hundred dollars (\$900).

During the third term of five years, an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby granted shall bear to the entire length of the line of the company in operation.

The payment of such minimum sums shall begin from the day on which this contract is signed by the Mayor.

All such sums as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November 1 in each year for the year ending September 30 next preceding. The fiscal year shall end on September 30 next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the matter of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract shall be strictly complied with.

The intention of this paragraph is to fix an annual charge to be paid by the Company, its successors or assigns, to The City of New York for the rights and franchises hereby granted, and

it shall not be construed as providing for the payment by the Company, its successors or assigns, of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892.

Before any rights hereby conferred are exercised by the Company, and within three (3) months from the date on which this contract is signed by the Mayor, the Company shall pay to the City of New York the sum of twenty thousand three hundred and eighty-five dollars and eight cents (\$20,385.08) and within three (3) months thereafter the further sum of thirty-one thousand seven hundred and fifty-eight dollars and eighty-seven cents (\$31,758.87), said amounts being due under the franchise of the Company granted to it by the Legislature by chapter 340 of the Laws of 1892.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Fourth—Upon the termination of this original contract, or if the same is renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract, within the streets, avenues and highways shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this grant as above the City (by the Board) shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of the tracks and other equipment constructed pursuant to this contract, and the said streets, avenues and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The annual charges or payment shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any cause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of the route mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations, or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways hereinabove described in section 1.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment or any structure in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways hereinabove described in section 1, for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railway and structures, and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Eighth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners in accordance with the provisions of law, and by the Public Service Commission of the First District of the State of New York.

Ninth—The Company shall commence construction of the railway herein authorized within six months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within six months from the date of obtaining such consents or such decision, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be

extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall in writing consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Such railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City. Before any construction shall be commenced upon any portion of the route, written permits shall be obtained from the President of the Borough of The Bronx and the Commissioner of Water Supply, Gas and Electricity, and the Company shall comply with any conditions which those officials may impose as a condition upon which such permit is granted, provided such conditions are imposed for the purpose of protecting the structures over which those officials have jurisdiction.

Eleventh—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Twelfth—The rate of fare for any passenger upon such railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized, during the term of this contract, all members of the Police and Fire Department of the City, when such employees are in full uniform.

The rate for the carrying of property over the railway hereby authorized shall in all cases be reasonable in amount, subject to the control of the Board, or its successor in authority, and may be fixed by such Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by it.

Thirteenth—No car shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway; and the tracks hereby authorized shall not be used for the storage of cars.

Fourteenth—Cars on the said railway shall run at intervals of not more than thirty minutes both day and night, and as much oftener as reasonable convenience of the public may require or as may be directed by the Board.

Provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Fifteenth—The Company shall attach to each car run over the said railway hereby authorized proper fenders and wheel guards in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Seventeenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in or upon which the said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of said streets and avenues shall exceed 60 feet between the curb lines, in which case the Company shall cause to be watered only 60 feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Eighteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Nineteenth—The Company shall at all times keep the streets, avenues and highways upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—The Company shall cause to be paved that portion of the street between its tracks, the rails of its tracks and two feet in width outside of its tracks, upon and along the streets, avenues and highways of the routes hereby authorized, which are now unpaved. The work of such paving shall be done under the supervision of the municipal authorities having jurisdiction in such matters, and such authorities shall designate the character of the pavement to be laid.

Twenty-first—As long as the said railway, or any portion thereof, remains in the streets, avenues or highways, the Company shall have and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street, avenue or highway, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and

the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public work in the streets, whether the same is done by the City directly or by a contractor for the City, the Company shall at its own expense protect or move the tracks and appurtenances in a manner as directed by the President of the Borough of The Bronx.

Twenty-third—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Twenty-fourth—The Company agrees to comply with any and all the rules which may be made by the Commissioner of Water Supply, Gas and Electricity for the purpose of preventing the destruction of the pipes or structures in the street by electrolysis, which may be caused by the electric current used by the Company, whether such rules affect the method of the original construction of said railway or any reconstruction, maintenance or repairs upon such railway at any time during the term of this contract.

Twenty-fifth—Should the grades or lines of the streets in which franchises are herein granted be changed at any time during the term of this contract, the Company shall, at its own expense, change its tracks to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the track at its own expense, all to be done subject to the direction of the President of the Borough of The Bronx.

Twenty-sixth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, or at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
 2. The amount paid in as by last report.
 3. The total amount of capital stock paid in.
 4. The funded debt by last report.
 5. The total amount of funded debt.
 6. The floating debt as by last report.
 7. The total amount of floating debt.
 8. The total amount of funded and floating debt.
 9. The average rate per annum of interest on funded debt.
 10. Statement of dividends paid during the year.
 11. The total amount expended for s.s.m.e.
 12. The names of the directors elected at the last meeting of the corporation held for such purpose.
 13. Location, value and amount paid for real estate owned by the Company as by last report.
 14. Location, value and amount paid for real estate now owned by the Company.
 15. Number of passengers carried during the year.
 16. Total receipts of Company for each class of business.
 17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
 18. Total expenses for operation, including salaries.
- and such other information in regard to the business of the Company as may be required by the Board.

Twenty-seventh—The Company shall at all times keep accurate books of account of the gross earnings from all sources, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, total miles in operation and the miles of railway constructed and operated under this contract and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-eighth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contracts forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-ninth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structure in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains pay to the City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the Board, in case such structures which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the costs of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirtieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-first—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of three thousand five hundred dollars (\$3,500), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the

privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway; and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its president, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of three thousand five hundred dollars (\$3,500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-second—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways in which the Company is authorized to operate.

Thirty-third—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board, or other authorities, officer or officers.

Sec. 3. This contract is also upon the further and express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force, or which may be adopted, affecting the surface railways operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Union Railway Company of New York City, and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, December 18, 1908, in the CITY RECORD, and at least twice during the ten days immediately prior to December 18, 1908, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the Union Railway Company of New York City, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Union Railway Company of New York City, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, December 18, 1908, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.
Dated New York, November 13, 1908.

SUPREME COURT—FIRST DEPARTMENT.**FIRST DEPARTMENT.**

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of PLEASANT AVENUE (now Olin avenue), from Gun Hill road to East Two Hundred and Nineteenth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, from January 8, 1908, up to and including November 28, 1908, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Court House in the Borough of Manhattan, in the City of New York, on the 17th day of December, 1908, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by law.

Dated Borough of Manhattan, New York, December 4, 1908.

JOHN P. COHALAN,
WILLIAM SEXTON,
WM. F. BURROUGHS,
Commissioners of Estimate.

JOHN P. DUNN, Clerk. d4,15

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the widening of THIRD AVENUE, opposite East One Hundred and Fifty-ninth street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 17th day of December, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of December, 1908, at 11 o'clock a. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 60 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of December, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northerly line of East One Hundred and Fifty-sixth street with the easterly line of Melrose avenue; running thence northerly along the easterly line of Melrose avenue to its intersection

with the southerly line of East One Hundred and Sixty-third street; thence easterly along the southerly line of East One Hundred and Sixty-third street to its intersection with the westerly line of Eagle avenue; thence southerly along the westerly line of Eagle avenue to its intersection with the northerly line of East One Hundred and Fifty-sixth street; thence westerly along the northerly line of East One Hundred and Fifty-sixth street to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said supplemental and amended abstracts, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 5th day of January, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of Manhattan, New York, December 1, 1908.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of AVENUE V, between Ocean avenue and Ocean parkway, and between Stillwell avenue and Eighty-sixth street, omitting therefrom that portion of Avenue V lying between the westerly boundary of the Brooklyn and Brighton Beach Railroad and the westerly side of East Sixteenth street, in the Thirty-first Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 21st day of December, 1908, and that we, the Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of December, 1908, at 3.30 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 2d day of January, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly side of Ocean parkway where the same is intersected by a line drawn parallel to Avenue V and distant 350 feet southerly therefrom; running thence easterly and parallel with Avenue V to a point distant 350 feet easterly of the easterly side of Ocean avenue; running thence northerly and parallel with Ocean avenue to a point distant 350 feet northerly of the northerly side of Avenue V; running thence westerly and parallel with Avenue V to the easterly side of Ocean parkway; running thence southerly and along the easterly side of Ocean parkway to the point or place of beginning.

Also beginning at a point on the easterly side of Stillwell avenue where the same is intersected by a line drawn parallel to Avenue V and distant 350 feet southerly therefrom; running thence easterly and parallel with Avenue V to the westerly side of West Eighth street; running thence northerly along the westerly side of West Eighth

street to a point distant 350 feet northerly of the northerly side of Avenue V; running thence westerly and parallel with Avenue V to the easterly side of Stillwell avenue; running thence southerly and along the easterly side of Stillwell avenue to the point or place of beginning.

Fourth—That provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 15th day of February, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, December 2, 1908.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of FORTY-FIRST STREET, from Thirteenth avenue to West street, in the Twenty-ninth and Thirtieth Wards, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 22d day of December, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of December, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 2d day of January, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Thirteenth avenue, where the same is intersected by the centre line of the block between Forty-first street and Fortieth street; running thence southerly and parallel with Forty-first street to the westerly side of West street; running thence southerly and along the westerly side of West street to the intersection of the centre line of the block between Forty-first street and Forty-second street; running thence northerly, parallel with Forty-first street and always along the centre line of the blocks between Forty-first street and Forty-second street, to the southerly side of Thirteenth avenue; running thence easterly along the southerly side of Thirteenth avenue to the place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn in The City of New York, on the 15th day of February, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee, to the lands, tenements and hereditaments required for the opening and extending of MIDWOOD STREET, between Nostrand avenue and Kingston avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 21st day of December, 1908, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 23d day of December, 1908, at 3.30 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 21st day of December, 1908, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 23d day of December, 1908, at 3.30 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 10th day of April, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line midway between Midwood street and Maple street; on the east by a line 100 feet east of and parallel with the easterly line of Kingston avenue, the said distance being measured at right angles to the line of Kingston avenue; on the south by a line midway between Midwood street and Rutland road, and on the west by a line 100 feet westerly from and parallel with the westerly line of Nostrand avenue, the said distance being measured at right angles to the line of Nostrand avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment, for benefit, together with the damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 2d day of January, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 20th day of January, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the purpose of opening and extending AVENUE J, from Ocean parkway to East Sixteenth street, excepting the property occupied by the tracks of the Long Island Railroad and of the Brooklyn and Brighton Beach Railroad, in the Thirtieth Ward, Borough of Brooklyn, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the County Court House, in the County of Kings, in the Borough of Brooklyn, The City of New York, on the 7th day of December, 1908, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment in the above entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of Avenue J, from Ocean parkway to East Sixteenth street, excepting the property occupied by the tracks of the Long Island Railroad and of the Brooklyn and Brighton Beach Railroad, in the Thirtieth Ward, Borough of Brooklyn, City of New York, being the following described lots, pieces or parcels of land, viz.:

Parcel A.

Beginning at the intersection of the eastern line of Ocean parkway with the southern line of Avenue J, as the same are laid out on the map of the City;

1. Thence northerly along the eastern line of Ocean parkway 80 feet;

2. Thence easterly, deflecting 90 degrees to the right, 2546 feet, to the western line of the property of the Brooklyn and Brighton Beach Railroad;

3. Thence southerly, deflecting 90 degrees to the right, 80 feet;

4. Thence westerly 2546 feet to the point of beginning.

Parcel B.

Beginning at the intersection of the eastern line of East Sixteenth street with the northern line of Avenue J, as the same are laid out on the map of the City;

1. Thence southerly along the eastern line of East Sixteenth street 80 feet;

2. Thence westerly, deflecting 90 degrees to the right, 60 feet;

3. Thence northerly, deflecting 90 degrees to the right, 80 feet;

4. Thence easterly 60 feet to the point of beginning.

The Board of Estimate and Apportionment, on the 5th day of June, 1908, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Bounded on the north by a line midway between Avenue J and Avenue K; on the east by a line midway between East Sixteenth street and East Seventeenth street; on the south by a line midway between Avenue J and Avenue K, and on the west by a line midway between East Fifth street and Ocean parkway.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of HATFIELD PLACE (although not yet named by proper authority), from Richmond avenue to Nicholas avenue, in the Third Ward, Borough of Richmond, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 11th day of December, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of December, 1908, at 3 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of December, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Richmond, in The City

of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet westerly from the westerly line of John street with the westerly prolongation of the middle line of the blocks between Harrison avenue and Charles avenue; running thence easterly along said prolongation and middle line and its easterly prolongation to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Nicholas avenue; thence southerly along said parallel line to its intersection with the middle line of the blocks between Charles avenue and Hatfield place; thence easterly along said middle line to its intersection with the westerly line of Richmond avenue; thence on a line at right angles to Richmond avenue to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Richmond avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the blocks between Hatfield place and Blackford avenue; thence westerly along said prolongation and middle line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Nicholas avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of that portion of Innis street lying between John street and Grant street; thence westerly along said prolongation and parallel line and its westerly prolongation to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of John street; thence northerly along said parallel line to the point or place of beginning; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such are shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said supplemental and amended abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 4th day of February, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York on debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
