Discussion followed.

No others appearing in opposition, the Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 28, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—In communication, dated July 11, 1916, the Commissioner of Docks requested the Commissioners of the Sinking Fund to authorize the institution of condemnation proceedings for the acquisition of private wharf property described in the accompanying memorandum entitled "Technical Description of Property to be Acquired for Improving Waterfront Between West 43d Street and West 51st Street, North River, Borough of Manhattan."

The wharf property between West 44th and West 47th Streets has been acquired by the City and 1,000-foot pier at the foot of West 40th Street is 90 per cent. completed.

In order to continue the development of the 1,000-foot piers in this section which the City has committed itself to, it is necessary to acquire the remainder of the privately owned wharf property between West 43d Street and West 51st Street.

By resolution adopted by the Board of Estimate and Apportionment on July 7, 1916 (Cal. No. 173), the Board fixed July 27, 1916, as a date for a hearing to change the lines and grades of 12th Avenue between West 42d Street and West 51st Street, Borough of Manhattan. At the same meeting, the Board (Cal. No. 175), fixed July 27, 1916, as a date for a hearing for the institution of condemnation proceedings to acquire title to the real property acquired for the opening of 12th Avenue between West 42d Street and West 51st Street.

At the adjourned hearing held on July 27, 1916, the Board of Estimate and Apportionment fixed the lines and established the grades of 12th Avenue between West 42d Street and West 51st Street. The Board also at the same meeting adopted resolutions (1) instituting condemnation proceedings for the acquisition of the property for the physical opening of 12th Avenue between West 42d Street and West 51st Street (2) that the compensation to be made to the owners of the property to be acquired shall be ascertained and determined by the Supreme Court without a jury (3) Corporation Counsel was requested to make application to a special term of the Supreme Court to have the compensation which should be made to the respective owners of the property proposed to be taken, ascertained and determined by the Supreme Court without a jury.

The Board of Estimate and Apportionment having determined to acquire 12th Avenue between West 42d and West 51st Streets, therefore, in order to eliminate consequential damages and that the City may receive the benefit and that one proceeding may reflect on the other, in my opinion, as recommended by the Commissioner of Docks the proceeding for the acquisition of 12th Avenue and the proceeding for the wharf property between West 43d and West 51st Streets should be conducted at the same time, also the two proceedings, if possible, should be conducted by the same Justice of the Supreme Court.

I advise the request be granted, and recommend if the Commissioners of the Sinking Fund at the public hearing approve of the acquisition of the property by condemnation proceedings, the adoption of the attached resolution.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the institution of condemnation proceedings for the acquisition of title to the real property hereinafter described as parcels "A," "B," "C," "D," "E," "F," "G," "H," "I" and "J," for the improvement of the waterfront between West 43rd and West 51st Streets, North River, Borough of Manhattan:

Armory Board—Lease for, of Premises at 168 W. 132d St., Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

August 3, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On July 18, 1916, the Armory Board adopted a resolution requesting the Commissioners of the Sinking Fund to authorize the payment of rent of premises on the southeasterly corner of 132nd Street and Seventh Avenue, Borough of Manhattan, known as Lafayette Hall, for use as an assembly place for the Fifteenth Infantry, N. G., N. Y.

The premises proposed to be leased consist of an assembly hall on the second floor and the basement in the building. The owners have agreed to lease the assembly hall for a period of five years from July 1, 1916, at the rate of \$4,200 per annum, payable monthly, and the basement for a period from August 5, 1916, to July 1, 1921, at the rate of \$900 per annum, payable monthly, which to my mind is fair and reasonable.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize a lease of the entire second floor and balcony, together with the rooms accessory thereto, of premises known as No. 168 West 132nd Street, Borough of Manhattan, for a period of five years from July 1, 1916, at an annual rental of \$4,200, payable monthly, and of the basement in the same building, for a period from August 5, 1916, to July 1, 1921, at an annual rental of \$900, payable monthly, for use of the Armory Board; the lessor to pay taxes; the City to pay for water used upon the demised premises, and to furnish heat for and pay for the water used in supplying heat to the entire building, and to supply light and janitor service to the demised premises; make such inside alterations and outside repairs as it may deem necessary, it being understood, however, that no structural changes will be made without the written consent of the lessor; the City to comply with and fulfill all the requirements and ordinances of the Board of Health, Municipal authorities, Police and Fire Departments, and all other ordinances of the City, State and Federal Departments having jurisdiction over the premises to be leased; the lease to contain a clause subordinating it to any mortgage or mortgages placed on said premises; the lease to contain a clause whereby the lessor shall have the use of the hall room on the second floor on September 27, 28 and 29, 1916, and on October 6 and 7, 1915. Lessor, The Loretta Corporation, No. 168 West 132nd Street, Borough of Manhattan. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the city from The Loretta Corporation of the entire second floor and balcony, together with the rooms accessory thereto, of premises known as No. 168 West 132nd Street, Borough of Manhattan, for a period of five years from July 1, 1916, at an annual rental of forty-two hundred dollars (\$4,200), payable monthly, and of the

basement in the same building, for a period from August 5, 1916, to July 1, 1921, at an annual rental of nine hundred dollars (\$900), payable monthly, for use of the Armory Board; the lessor to pay taxes; the City to pay for water used upon the demised premises, and to furnish heat for and pay for the water used in supplying heat to the entire building; and to supply light and janitor service to the demised premises; make such inside alterations and outside repairs as it may deem necessary, it being understood, however, that no structural changes will be made without the written consent of the lessor; the City to comply with and fulfill all the requirements and ordinances of the Board of Health, Municipal authorities, Police and Fire Departments, and all other ordinances of the City, State and Federal Departments having jurisdiction over the premises to be leased; the lease to contain a clause subordinating it to any mortgage or mortgages placed on said premises; the lease to contain a clause whereby the lessor shall have the use of the hall room on the second floor on September 27, 28 and 29, 1916, and on October 6 and 7, 1916, and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the city that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay on a month to month basis, without the necessity of entering into a lease, rent at the rate of \$.75 a month, for a period not exceeding one year from June 29, 1916, to Isaac Levy, Lafayette Theatre, 2227 Seventh Avenue, Borough of Manhattan, for the corner store and use of toilet at 2217 Seventh Avenue, northeast corner of West 131st Street and Seventh Avenue, Borough of Manhattan, for use of the Armory Board, the lessor to pay taxes and water rates and furnish heat, light and janitor service. Pier A, North River, June 21, 1916.

Lease of Property Vicinity of Canal Street, Stapleton.

Hon. JOHN PURROY MITCHEL, Mayor and Chairman of the Commissioners of the Sinking Fund:

Sir—At a meeting of the Commissioners of the Sinking Fund held December 29, 1915, a resolution was adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to R. Martens & Co., Inc., of property in the vicinity of Canal Street, Stapleton, Borough of Richmond, as more particularly described in said resolution.

After the passage of this resolution a further examination of the premises discloses the fact that the fender system on the southerly side of the pier at the foot of Canal Street, Stapleton, below low water is in very bad condition, and in my opinion the City should remove the present piles on the south side of the pier and replace them with a new fender system at an estimated cost of about \$4,000.

The lease provides for a term of 10 years commencing May 1, 1916, with privilege of renewal for a further term of 10 years. The lessee also requests that the resolution be amended so as to provide for a second renewal term of 10 years.

I beg to recommend that the resolution of the Commissioners of the Sinking Fund adopted December 29, 1915, be amended in the following particulars:

Commencing at Line 39 of the second paragraph, said resolution with relation to the dredging shall read as follows:

Dredging; new fender system: "Dredging shall be done by the lessee in the slips adjoining Parcel B for a depth of 21 feet at mean low water and a new fender system installed by the lessee on the south side of Parcels A and B, being the southerly side of the pier foot of Canal Street, Stapleton, Staten Island, retaining such of the present piles as in the judgment of the Chief Engineer of the Department of Docks and Ferries are suitable for that purpose. The contract for the work of dredging and installation of the new fender system, after the receipt of bids therefor,

shall be awarded to a contractor and for a contract price to be approved by the Commissioner of Docks. The work of this initial dredging and the installation of the new fender system shall be done under the direction and supervision of the Chief Engineer of the Department of Docks and Ferries, and the cost thereof certified to by him, which cost, so certified, shall be borne by the City and shall be deducted from the rental accruing under the lease of said pier."

I also recommend that said resolution be amended as to the term and rental as follows:

Term: "The lease shall be for a term of ten years commencing May 1, 1916. The lessee shall have the privilege of two renewals of ten years each."

Rental: "The rental for the first term of ten years shall be at the rate of \$42,000 per annum, payable quarterly in advance at the office of this Department, and for the first renewal term 10 per cent. advance on the rental for the preceding term, and for the second renewal term the rental shall be fixed by arbitration in the manner in vogue in the Department of Docks and Ferries, but shall be not less than 10 per cent. advance on the rental for the first renewal term."

It also appears that R. Martens & Co., Inc., are incorporated under the laws of the State of Delaware instead of the State of New York, as described in the resolution. This should also be changed.

Respectfully yours,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 28, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On June 21, 1916, the Commissioner of Docks recommends that the resolution adopted December 29, 1915, approving of and consenting to the execution by the Commissioner of Docks of a lease to R. Martens & Co., Inc., of property in the vicinity of Canal Street, Stapleton, Borough of Richmond, be amended.

The modification consists:

(1) A new fender system to be installed in the south side of the pier and the expenses to be borne by the City and deducted from the rentals accruing under the lease.

From information obtained from the Commissioner of Docks and the Chief Engineer of the Department of Docks and Ferries, it appears that upon first examination and at the time, last fall, of the negotiation of the proposed lease it was thought that the old fender system was in a good condition, but after a closer examination, made this spring, it was found that the larger portion of the fender piles below low water are in a very bad condition, in some cases entirely rotted off, and to replace them with new piles it is estimated it will cost about \$4,000. As it was the intent to ease the premises in a satisfactory condition, I concur in the Commissioner's recommendation that the expense of making good the present fender system should be borne by the City, and the easiest way to finance the expense is to have it deducted from the rental accruing under the lease.

(2) The lease to be for a term of 10 years commencing May 1, 1916, with the privilege of two renewals.

(3) Rental of first 10 years \$42,000 per annum, for the first renewal term 10 per cent. advance and for the second renewal term the rental to be fixed by arbitration, but shall not be less than 10 per cent. advance on the rental for the first renewal term.

The resolution of December 29, 1915, provides for a term of 10 years from May 1, 1916, with the privilege of one renewal, at a rental of \$42,000 per annum for the first term and the rental for the renewal term to be 10 per cent. advance of the rental of the first term.

The modification provides for a second renewal of ten years at a rental to be fixed by arbitration, but not less than 10 per cent. advance on the first renewal term.

As the rental for the additional renewal term shall be determined by arbitration, I see no reason why it should not be given.

Concurring in the recommendation of the Commissioner of Docks, I advise the adoption of the attached resolution granting the request.

Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund on December 29, 1915, approving of and consenting to the execution by the Commissioner of Docks of a lease to R. (10%) advance on the rental for the preceding term, and for the second renewal term the rental shall be fixed by arbitration as follows:

The Commissioner of Docks shall appoint a person to act on his behalf as arbitrator; and the Company shall also appoint a person as arbitrator, and the arbitrator so appointed shall determine upon a fair and reasonable amount to be paid as rental. In case the arbitrators are unable within thirty days from the date of their appointment to agree as to the amount so to be paid as rental they shall appoint a third person to act as umpire, and if they are unable to agree within five days upon such umpire then, at the request of either of the parties to the said lease, he shall be appointed by the presiding Justice of the Appellate Division, First Department, and the decision of two of the said persons so selected shall be conclusive and binding upon both parties to the lease.

The rent when so fixed shall not be less than ten per cent. (10%) advance on the rental for the first renewal term. Dredging shall be done by the lessee in the slips adjoining Parcel B to a depth of twenty-one (21) feet at mean low water and a new fender system installed by the lessee on the south side of Parcels A and B, being the southerly side of pier foot of Canal Street, Stapleton, Staten Island, retaining such of the present parts as in the judgment of the Chief Engineer of the Department of Docks and Ferries are suitable for their purposes. The contract for the work of dredging and installation of the new fender system, after the receipt of bids therefor,

shall be awarded to a contractor and for a contract price to be approved by the Commissioner of Docks. The work of this initial dredging and the installation of the new fender system shall be done under the direction and supervision of the Chief Engineer of the Department of Docks and Ferries, and the cost thereof certified to by bidder, which cost so certified shall be borne by the City and shall be deducted from the rental accruing under the lease of said pier. Thereafter and during the term of the lease or renewal thereof all dredging at the leased premises shall be done by the lessee at its own cost and expense, according to the provisions of the lease. The remaining terms and conditions of the lease except in so far as they are inconsistent herewith shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.

Dock Department—Subletting by the Central Railroad Company of New Jersey to the United Fruit Company, of Pier (New) 9, North River, Together with Adjoining Bulkheads.

The following was received from the Commissioner of Docks:

Pier A, North River, June 5, 1916.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Dear Sir—At a meeting of the Commissioners of the Sinking Fund held December 17, 1913, a resolution was adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to the Lehigh Valley Railroad Company of Pier New 8, near the foot of Rector Street, and Pier New 9, near the foot of Carlisle Street, North River, with certain bulkhead and marginal street area as more particularly described in the resolution, which resolution was subsequently modified on March 4, 1914.

These resolutions ratified an arrangement which had been made with the Railroad Company whereby the City agreed to institute condemnation proceedings for the acquisition of private interests in Piers Old 8, 9, 10 and 11, North River, and the adjoining bulkheads, and, upon the vesting of title, turn this property over to the Company for improvements under the City's plan, the lessee paying the entire cost of the property and improvement.

Subsequently a lease dated January 13, 1914, was entered into between the City and the Lehigh Valley Railroad Company, pursuant to the terms of the resolution above referred to, for a period of ten years, with privileges of renewals aggregating approximately 39 years, the term being dependent upon the cost of the property to be acquired and the expense of improving it.

The Central Railroad Company of New Jersey had agreed to assume a proportion of the cost of the property and improvement, and, pursuant to such agreement, Pier New 9, together with the adjoining bulkheads, was assigned to the Central Railroad Company of New Jersey upon payment to the Lehigh Valley Railroad Company of the proportionate amount involved.

In order to accommodate the largely increased fleet of boats of the United Fruit Company operating between this city and West Indian and Gulf ports, the Central

Railroad Company of New Jersey, at the request of this Department, has agreed to sublet to the United Fruit Company Pier New 9 and the adjoining bulkheads for a period of 5 years, with the privilege of renewal aggregating 25 years.

In my communication of May 17, 1916, on the subject of subletting of leases, I mentioned this matter and stated that I believed it would lead up to the improvement of the waterfront south of Rector Street and the building of the marginal wharf westerly at West Street, to relieve the great congestion and traffic along this section by eliminating the present old and obsolete railroad piers and installing in their place new and modern steamship wharves.

I, therefore, beg to request that the Commissioners of the Sinking Fund adopt a resolution approving of my action in consenting to the subletting by the Central Railroad Company of New Jersey to the United Fruit Company of Pier New 9, North River, together with the adjoining bulkheads, as more particularly described as parcels "B" and "D" in the lease from the City to the Lehigh Valley Railroad Company dated January 13, 1914. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

Mr. Richard C. Harrison, Deputy Commissioner of Docks, appeared before the Board and was heard in regard to the proposed assignment.

There being no objection, the following resolution was offered for adoption.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the action of the Commissioner of Docks in consenting to the subletting by the Central Railroad of New Jersey to the United Fruit Company of Pier new 9, North River, together with adjoining bulkheads, and more particularly described as Parcels "B" and "D," in the lease from the City to the Lehigh Valley Railroad Company dated January 13, 1914.

Which resolution was unanimously adopted.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 31, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—At my request, J. D. H. Bergen & Son examined and appraised property owned by the City, located on the southerly side of President Street, distant 129 feet westerly from Henry Street, and running through from President to Carroll Street, Borough of Brooklyn. This appraisal was requested in order to ascertain the actual market value of the premises, as I had recommended the sale thereof at public auction.

I present herewith bill submitted by J. D. H. Bergen & Son in the sum of \$200 for their services, which amount I deem to be fair and reasonable.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay from the account known as "Sinking Fund Appropriation," the sum of \$200 to J. D. H. Bergen & Son, for services rendered as shown on bill submitted by them.

Petition of Irene B. Cox for a Deed of Premises Known as Lot 57 in Block 278, Section 1, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

July 28, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On December 30, 1915, a sale at public auction was held of premises known as Lot 57, in Block 278, Section 1, Borough of Manhattan, pursuant to a resolution of the Commissioners of the Sinking Fund adopted December 8, 1915. These premises were bid in by I. B. Cox for the sum of \$15,000.

A search has revealed a list of violations and objections in connection with the City's title thereto. The cost of removing these violations has been figured at \$600. The owner has agreed to accept title to this property subject to these violations, providing the sum of \$600 is deducted from the purchase price.

The Corporation Counsel in a communication under date of July 24, 1916, states that the Commissioners of the Sinking Fund have the authority to authorize this conveyance in consideration of the amount bid less the sum of \$600, provided said sum represents the fair and reasonable cost of relieving the property of such violations, so that the same may be conveyed in compliance with the terms of sale. In a former communication, dated March 3, 1916, the Corporation Counsel informed me that the probable cost of removing these violations would amount to \$600.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to deliver to Irene B. Cox a deed of premises known as Lot 57, in Block 278, Section 1, Borough of Manhattan, bid in by her at a sale held December 30, 1915, upon the payment by her of the balance due of the amount bid, less the sum of \$600, which amount covers the cost of violations against the premises to be conveyed.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized to deliver to Irene B. Cox a deed of premises known as lot 57, in Block 278, section 1, Borough of Manhattan, bid in by her at a sale held December 30, 1915, upon payment of the amount bid, less the sum of six hundred dollars (\$600), which amount covers the cost of violations against the premises to be conveyed; said deed to be prepared and approved as to form by the Corporation Counsel.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

July 31, 1916.

To the Honorable the Commissioners of the Sinking Fund:

The following petition was received:

In the Matter of the Petition of Flora J. Abrahams, requesting the Board of Commissioners of the Sinking Fund of The City of New York to join with her and other owners of property situated on the southerly side of Bergen Street between Grand Avenue and Classon Avenue, in the Borough of Brooklyn of The City of New York, County of Kings, and State of New York, in a mutual agreement to abrogate, cancel and annul certain restrictive covenants existing of record against the said premises, which prohibit the owners thereof from building within fifteen and sixteen feet of the front lines of their respective properties.

To the Board of Commissioners of the Sinking Fund of The City of New York:

Sirs—The petition of Flora J. Abrahams respectfully shows:

First—That your petitioner resides at No. 405 Putnam Avenue, in the Borough of Brooklyn, of The City of New York, County of Kings, and State of New York.

Second—That your petitioner is the owner in fee of premises now known as and by the street numbers 824 and 826 Bergen Street, in the said Borough of Brooklyn, situated on the southerly side of Bergen Street, distant five hundred (500) feet easterly from the southeasterly corner of Grand Avenue and Bergen Street, and holds the same under a full covenant and warranty deed made by Ernest N. Remer and Susan A. Remer, his wife, to her, dated May 27, 1916, and duly recorded in the office of the Register of the said County of Kings, in Liber ... of Conveyances, at page ..., on June 15, 1916, at 12 o'clock noon, and indexed against Section 4, Block 1148, on the Land Map of the County of Kings.

Third—That in January, 1854, as your petitioner is informed and verily believes, one William B. Nichols became seized in fee of premises located in said Section 4, Block 1148, on the land map of the County of Kings, extending from a point on the southerly side of Bergen Street aforesaid distant five hundred and sixty-seven (567) feet easterly from the said southeasterly corner of Bergen Street and Grand Avenue, and running thence westerly along the southerly side of Bergen Street five hundred and sixty-seven (567) feet to the southeasterly corner of Bergen Street and Grand Avenue; thence southerly along the easterly side of Grand Avenue two hundred and sixty-two (262) feet to the northeasterly corner of St. Marks Avenue (formerly Wyckoff Street) and Grand Avenue; thence easterly along the northerly side of St. Marks Avenue (formerly Wyckoff Street) six hundred and fifty-three (653) feet to land of one Rem Lefferts; and thence in a northerly direction along the land of said Rem Lefferts and Matilda Wilson two hundred and seventy-seven (277) feet to the point or place of beginning.

Fourth—That said William B. Nichols became seized of said premises under a deed made by Morris A. Phelps to him, dated January 5, 1854, and recorded in said Register's office on January 12, 1854, in Liber 348 of Conveyances, at page 233, as your petitioner has been informed, and also under a confirmation deed made by Charles E. Quincy to him, dated January 7, 1854, and duly recorded in Liber 348 of Conveyances, at page 236, on January 12, 1854.

Fifth—That subsequently said William B. Nichols conveyed all of said premises, as your petitioner is informed, and in the conveyances made by him of only parts of said premises, he, said William B. Nichols, inserted a restrictive covenant, which the purchasers in said deeds agreed to, whereby said certain purchasers were prohibited from building within fifteen (15) feet in some cases, and in only one case, namely that of your petitioner's, from building within sixteen (16) feet of the front lines of their premises.

Sixth—That as your petitioner is informed, the only deeds conveying any parts of the premises mentioned and described in the third paragraph of this petition which contained the said restrictive covenant of a fifteen (15) or a sixteen (16) foot set back are the following: Liber 406 of Conveyances, page 119; Liber 396, Conveyance, page 16; Liber 386, Conveyance, page 399; Liber 376, Conveyance, page 199; Liber 476, Conveyance, page 476; Liber 368, Conveyance, page 533; Liber 356, Conveyance, page 494; and Liber 382, Conveyance, page 65.

Seventh—That said restrictive covenants did not affect all of the property of the said William B. Nichols in the said block, section 4, Block 1148, and the restrictions imposed on all of the property embraced within the description in paragraph "third" hereof were not uniform, and in some cases, as is shown by Liber 356 of Conveyances, page 492, Liber 56, Conveyance, page 525; and Liber 373, Conveyance, page 155, no restrictions whatsoever were imposed on parts of the premises described in paragraph "third" hereof, as your petitioner has been informed.

Eighth—Upon information and belief, that in May 1878, one Martha Gilbert became the owner in fee of a part of the premises described in the "third" paragraph hereof under a deed from one Charles Whitlock, Jr., Referee, to her, dated May 25th, 1878, and duly recorded in said Register office on June 4th, 1878, at 11 a. m. in Liber 1320 of Conveyances at page 478 which said part is bounded and described in said deed as follows: All that certain lot * * * in the 9th Ward of the City of Brooklyn which is bounded and described as follows, to wit: Beginning at a point on the southerly side of Bergen street distant five hundred and fifty feet (550) easterly from the southeasterly corner of Bergen street and Grand avenue; running thence southerly parallel with Grand avenue one hundred and thirty-one (131) feet to the centre line of the block, thence easterly along said centre line and parallel with Bergen street sixty (60) feet to land now or late of Matilda Wilson; thence northerly along said last mentioned land one hundred and thirty-eight (138) feet three (3) inches more or less (±) to Bergen street and thence westerly along Bergen street seventeen (17) feet more or less (±) to the place of beginning.

Ninth—That the premises described in the "eighth" paragraph hereof adjoins the easterly side of the premises of your petitioner, and said premises so described in paragraph "eighth" hereof, as your petitioner is informed, were sold and conveyed by John C. McGuire as Registrar of Arrears of the City of Brooklyn to the City of Brooklyn by a deed dated June 28, 1888, and duly recorded in said Register's office on June 30th, 1888, in Liber 1819 of Conveyances at page 139, and said premises are now owned by The City of New York, as the successor of the City of Brooklyn, in pursuance of the laws made in relation thereto, and said premises are likewise subject to the said restrictive covenant to the extent of said fifteen (15) feet set back, imposed thereon by Liber 382 of Conveyances at page 65, as shown by paragraph "sixth" hereof.

Tenth—Upon information and belief, that said William B. Nichols died testate on January 10th, 1902, leaving a will duly admitted a probate by the Surrogate of New York County on January 16th, 1903, and recorded in Liber 701 of Wills at page 107 at page 113 in and by which he devised all his property to his (second) wife Mary Ida Nichols who survived him. That said Mary Ida Nichols died intestate sometime about or during the month of September, 1912, leaving herself surviving one child, Susie Warner Nichols. That said Susie Warner Nichols married one Joseph C. Wolfe (of 552 Riverside Drive, Borough of Manhattan), and she died testate on December 29th, 1915, leaving a will dated February 3rd, 1915, which was filed for probate on March 28th, 1916, and which has since been contested. That on account of this condition your petitioner cannot secure a release of the said restrictive covenant, unless she awaits the disposition of the New York County Surrogate's Court in the matter of the petition for the probate of the said last will and testament of the said Susie Warner Nichols Wolfe.

Eleventh—That your petitioner is about to commence to build upon her said premises situated on the southerly side of Bergen street five hundred (500) feet easterly of the southeasterly corner of Bergen street and Grand avenue, being fifty (50) feet front and rear by one hundred and thirty-one (131) feet in depth on each side, and for that purpose, has gone to great expense in looking into the matter of having a mutual agreement drawn, of having the whole of the premises described in the "third" paragraph hereof searched so as to ascertain and determine who would be proper parties to such an agreement whereby all the persons in said block, similarly affected by the said restrictive covenants could come in and execute said agreement to abrogate, cancel and annul the said restrictive covenants, and your petitioner has requested all of the said persons and The City of New York who are similarly affected to join with her in said agreement and she has personally borne the entire expense attending the searching of the titles, the drawing of the agreement, all disbursements, railroad and car fares, telephone tolls and all other charges attending the signing and execution of said agreement and your petitioner now asks this Board to bear these great expenses in view in their deliberations in the matter and to join with her and the other parties similarly affected in this agreement, which is hereto annexed and made a part hereof, and your petitioner further wants to point out that

by seeking the abrogation, annulment and cancellation of said restrictive covenants by the aforesaid mutual agreement of all the parties similarly affected by said restrictive covenants, she not alone benefits herself, but also benefits all of the parties thereto, including The City of New York, and thereby increases the values of each of the parcels of land so mutually benefited in having said set back restrictive covenants abrogated, cancelled and removed.

Wherefore, your petitioner prays this honorable board on behalf of The City of New York to join with her and the other persons so similarly affected by the said set back restrictive covenants in executing said abrogation agreement, and your petitioner further prays that this honorable board will take into consideration during its deliberations in the matter the great expense to which your petitioner has been put thus far, the great benefit this abrogation agreement will be in benefitting the property of The City of New York by increasing its value and conducing to its sale free from said set back restrictive covenant, and in also benefitting the other owners of said property so affected by said set back restrictive covenants in purging their titles from said covenants, and your petitioner further prays that you will take into consideration that the entire neighborhood surrounding said premises has materially changed that the greater part of said premises is used and occupied by the Knox Hat Factory Company for commercial purposes and that other trades, businesses and callings are carried on on other parts of said premises. Respectfully submitted,

FLORA J. ABRAHAMS.

Dated July 24, 1916.

Flora J. Abrahams being duly sworn deposes and says that she is the petitioner herein; that she has read the foregoing petition subscribed by her and that the same is true of her own knowledge except as to those matters alleged on information and belief and as to those matters she believes it to be true.

FLORA J. ABRAHAMS.

Sworn to before me this 24th day of July, 1916. HENRY A. REYNOLDS, Commissioner of Deeds, City of New York, residing in Kings County. Commission expires October 13, 1916.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

August 3d, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a petition to the Commissioners of the Sinking Fund from Flora J. Abrahams, in which she states that she is the owner of certain premises known as 824 and 826 Bergen Street, Borough of Brooklyn. These premises are subject to a restriction prohibiting building within fifteen feet of the front line of the premises. This restriction also applies to property owned by the City adjacent to the petitioner's property, and she requests that the City join with the property owners in an agreement removing the same. The removal of the restriction will, to my mind, enhance the value of the property owned by the City.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the Corporation Counsel to prepare the necessary papers whereby the City will agree to the removal of the restrictive covenants affecting premises known as Lot 35, in Block 1148, Section 4, Borough of Brooklyn, more particularly described in a certain deed from John C. McGuire, as Registrar of Arrears to the City of Brooklyn, dated June 28, 1888, recorded in the Register's office of the City of Brooklyn, on June 30, 1888, in L. 1819 of C. P. 139. Respectfully,

ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Whereas, Flora J. Abrahams, in a petition addressed to the Commissioners of the Sinking Fund, requests that the City join with her and other owners of property situated on the southerly side of Bergen Street, between Grand Avenue and Classon Avenue, in the Borough of Brooklyn, in a mutual agreement to abrogate, cancel and annul certain restrictive covenants existing of record against the said premises which prohibit the owners thereof from building within fifteen and sixteen feet of the front lines of their respective properties; and

Whereas, The Commissioners of the Sinking Fund are of the opinion that the removal of this restriction will enhance the value of the property owned by the City, therefore be it

Resolved, That the Corporation Counsel be and is hereby requested to prepare the necessary papers whereby the City will agree to the removal of the restricted covenants affecting premises known as Lot 35 in Block 1148, Section 4, Borough of Brooklyn, more particularly described in a certain deed from John C. McGuire as Registrar of Arrears to the City of Brooklyn, dated June 28, 1888, recorded in the Register's office of the City of Brooklyn on June 30, 1888, in Liber 1819 of Conveyances, page 139.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Department of Correction—Assignment to, of Premises at No. 49 Lafayette St., Borough of Manhattan, for Use as a House for the Detention of Male Witnesses.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

August 3, 1916.

To the Commissioners of the Sinking Fund:

Gentlemen—At a meeting of your Board held July 26, 1916, there was referred to the Comptroller a copy of report of the Commissioners of Accounts in regard to a proposed assignment of the 11th floor of the building known as 49 Lafayette Street, Borough of Manhattan, for use of the Department of Correction as a house of detention for male witnesses.

It has since been ascertained that the 12th or top floor of the building will be more suitable for the needs of the Department than the 11th floor.

The 12th floor of the building is now occupied by the Fire Department, and the Commissioner of Accounts is of the opinion that the Fire Commissioner can be induced to release the top floor and move to another floor in the building.

The Commissioner of Correction and the Commissioner of Accounts are desirous of having the matter disposed of at this meeting and as they wish to discuss the matter before the Board, I respectfully submit the question of the proposed assignment to the Board for its consideration.

Respectfully, ALBERT E. HADLOCK, Deputy and Acting Comptroller.

Mr. John T. Dooley, Assistant District Attorney, a representative of the Commissioner of Accounts, and the Commissioner of Correction were heard in regard to the proposed assignment.

The following resolution was then offered for adoption:

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Correction the top or 12th floor of the building No. 49 Lafayette Street, Borough of Manhattan, for use as a house for the detention of male witnesses.

Which resolution was adopted, all the members present voting in the affirmative.

Adjourned.

JOHN KORB, JR., Secretary.

20: The subjects of rating and the relative weights thereof in any competitive promotion examination shall be as follows: For comparative conduct, seniority and efficiency in previous service, as may be determined from the transcript of the efficiency or service record (or as may be otherwise determined under paragraph 21 of this rule), between the date of the original appointment of the candidate and the final date for the receiving of applications for any stated examination. 50; and for mental examination on pertinent subjects, 50. (In cases where the candidate has obtained a promotion as the result of a competitive examination, the record shall be a continuation of the last record furnished; but if the promotion be obtained without competitive examination, the record shall commence from the date of his promotion to the position or grade.)

In rating records where more than one grade is opened, such rating shall be based upon the service of the candidate in all of such positions or grades.

21: To provide a basis of rating for previous service, there shall be kept in each department or office continuous and permanent records of the efficiency, character and conduct of all persons employed in "positions in the competitive class." Such records shall be known as "efficiency records" or "service records," and the entries made therein shall have reference to such factors or sub-factors as the Commission may, by resolution duly recorded in its minutes, direct.

22: The entries upon an efficiency record or service record shall be made under the direction of a board to be known as the board of promotions or departmental personnel board to be established in each department, which shall consist of not less than three and not more than nine superior officers or employees of such department, who shall be designated by the appointing officer therein, subject to confirmation by the Commission. Such entries shall be based upon reports submitted by the administrative officer most closely in touch with the work of the officer or employee to be rated and shall be made three times a year on or about the tenth day of January, May and September of each year, and shall be a record for the four months' period immediately preceding. Such reports shall be made on a form to be prescribed by the Commission. After the board of promotions or departmental personnel board has passed upon the terms or percentages to be used to indicate the degree of efficiency of the several employees, the original reports and the recommendations made in accordance shall be transmitted to the Commission for its approval before any entries are made upon the efficiency or service record. Whenever, in the judgment of the Commission, more exact information is required than that given in such reports, the original records of the department may be consulted or such action taken as may be deemed advisable. The Commission shall have power to change or amend any of the recommendations made by the board of promotions or the departmental personnel boards as to the terms or percentages to be used to indicate degrees of efficiency where it shall find that such terms or percentages are not warranted by the report submitted or that such reports do not contain a fair and true account of the comparative efficiency of the several employees whose names appear therein. Where such changes are made, the reasons shall be given in writing to the department concerned. When the Commission has considered the recommendations made in the reports, it shall transmit an account of its findings to the several departments, after which the entries shall be made upon the efficiency records or the service records. The terms to be employed to indicate the degree of efficiency shall be such as the Commission may, by resolution duly recorded in its minutes, prescribe. For periods of service prior to the establishment or in the absence of any such record, such ratings shall be based on such certificates covering the several elements of service specified by the Commission in such forms as the Commission may require. The efficiency records or service records shall be open to either the Chief Examiner or to any examiner designated by him and at reasonable times to any officer or employee whose conduct is noted therein.

Hugh R. Emerson, Clerk in the Department of Water Supply, Gas and Electricity, addressed the Commission in the matter. There were no other appearances and the Chair declared the hearing closed.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, purchase or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from the negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers. Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrows, plaster, chimneys, projecting bricks, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and he it further Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
