

August 6, 2008

CERTIFICATE 23083

RESOLVED That the Design Commission, having considered designs for the construction of a miniature golf course, Rocket Park, New York Hall of Science, 47-01 111th Street, Queens, submitted by the Department of Cultural Affairs and the Department of Parks & Recreation, represented by exhibits 2103-UD, UE, UF & UG of record in this matter, hereby gives to the same unanimous final approval. Commissioners Nielsen and Polshek recused themselves.

Final approval is conditioned upon commencement of work before August 6, 2010, and submission of a minimum of three (3) 8" x 10" color archival-quality photographs, as needed, for proper documentation of the completed project.

A true copy of resolution adopted by the Design Commission at its meeting on August 6, 2008.

Jackie Snyder
Executive Director

August 6, 2008

CERTIFICATE 23196

RESOLVED That the Design Commission, having considered designs for the installation of bollards, JP Morgan Chase, 270 Park Avenue, Manhattan, submitted by the Department of Transportation, represented by exhibits 5308-AR, AS, AT, AU & AV of record in this matter, hereby gives to the same unanimous preliminary and final approval to the design that eliminates the jog in the bollards between the two MetroNorth entrances, so the alignment is straight, and the total number of bollards is reduced by two. Approval is given with the understanding that the air quality monitor will be removed as soon as possible.

Approval is also given with the understanding that (1) the Department of Transportation will meet with the committee in one month to discuss the appropriateness of the pink granite corners in the larger context of the standardized approach to streetscape design, which the agency has been developing and the Commission supports; and (2) if, at that meeting, it is determined that the distinctive corner treatments should be eliminated, they will be removed and replaced by the applicant with standard grey concrete as part of this project.

Final approval is conditioned upon commencement of work before August 6, 2010, and submission of a minimum of three (3) 8" x 10" color archival-quality photographs, as needed, for proper documentation of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
on August 6, 2008.

Executive Director

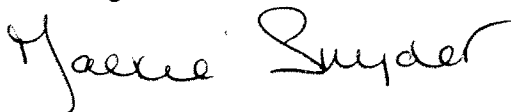

August 6, 2008

CERTIFICATE 23199

RESOLVED That the Design Commission, having considered designs for the installation of 12 M-Poles, Kings Highway between McDonald Avenue and Ocean Parkway, Brooklyn, submitted by the Department of Transportation, represented by exhibits 4443-C & E of record in this matter, hereby gives to the same unanimous preliminary and final approval with the understanding that this area historically included M-Poles, and the Department of Transportation will research whether the M-Poles were originally painted black or brown, suggesting the use of paint analysis if the historic color cannot be determined through research, and then paint them the historic color. The Commission also notes that any additional streetscape proposals should include street trees in lieu of planters.

Final approval is conditioned upon commencement of work before August 6, 2010, and submission of a minimum of three (3) 8" x 10" color archival-quality photographs, as needed, for proper documentation of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
