JOHN MCG. WOODBURY, Commissioner.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY

INTRODUCTORY STATEMENT.

By chapter 256 of the Laws of 1834 and amendatory acts the Legislature provided for a Board of five Water Commissioners for The City of New York, to be appointed by the Governor, with the consent of the Senate. It was made the duty of these Commissioners to devise a plan for the furnishing to the City of a supply of pure and wholesome water, which plan, after ratification by the Common Council and by the electors of the City, was to be consummated by the Commissioners under the powers given them for the purpose. Under this Act, the old Croton Aqueduct was planned and constructed, and the Croton water was introduced into New York over High Bridge.

In 1841, by chapter 306 of the Laws of that year, the construction of the aqueduct and distributing system below the "Murray's Hill" distributing reservoir was devolved upon the "Mayor, Aldermen and Commonalty of The City of New York," who undertook to carry out the contracts already made by the Water Commissioners for the work in question. By chapter 231 of the Laws of 1843, a "water district" was created, within which all property was subject to "water tax." The "Croton Aqueduct Board" was created by the amended Charter of 1849 (Laws of 1849, chapter 187). It consisted of a President, Engineer and Assistant Commissioner, who, unlike the heads of other departments, were not elected by the people, but were nominated by the Mayor and appointed by him with the consent of the Common Council. The Board was given jurisdiction of the water supply and distribution, of sewers and drainage, and of the collection of the water revenues. Its powers and duties were extended by chapter 383 of the Laws of 1849 (passed April 11, 1849) to include the preservation of the water supply and, with the consent of the Common Council, the increasing of the same and the constructing of new sewers. The Bureaus of the Water Register and Water Purveyor were placed under the Board, a scale of regular rents and extra charges to be fixed by the Common Council was provided for, penalties for non-payment of charges were prescribed, and the Board was given the power to make and enforce rules. In a word, this was the first Water Department constituting a part of the City's administrative system.

The minutes following give the transactions of the "Croton Aqueduct Board," from its organization in 1849 until it was succeeded in 1870 under the revised Charter of that year by the "Department of Public Works." In them will be found references to public works long since destroyed, such as the reservoir near Thirteenth street (minutes of February 6, 1850). The dates are given of the planning for and completion of the new Central Park Reservoir, the introduction of water into which on August 19, 1862, was made the occasion of a public ceremony. These minutes have already proved of value to the present Department of Water Supply, Gas and Electricity, by showing the reason and authentic origin of practices which are still followed. It is a matter of regret that the press of departmental business has prevented the preparation of an index, but it is hoped that much of interest to students of the City's history will nevertheless be found.

The Department of Public Works, under the Charter of 1870, remained in control of the water supply and distribution until succeeded on January 1, 1898, under the Charter of 1897 by the Department of Water Supply. The present Department of Water Supply, Gas and Electricity was created by the Charter of 1901, and the Commissioner thereof took office January 1, 1902.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

New York, July 1, 1903.

CROTON AQUEDUCT BOARD.

Minutes of Meetings of the Croton Aqueduct Board from July 18, 1849, to April 9, 1870.

July 18, 1849.

At a meeting of the Board held at 11 o'clock a. m.

All the members present.

Nicholas Dean, President, in the chair.

Theodore R. De Forest was appointed Secretary.

The President stated that his object for convening the Board was for the organization of the Commission according to the provisions of the State law and the ordinances of the Common Council.

The following resolutions were adopted without dissent:

Resolved, That this Board report to the Board of Aldermen at their meeting this evening a statement of the back rents due at this office, with the quantity of water in the reservoir, etc., as required by a resolution of said Board of Aldermen on Monday evening, the 16th instant.

Resolved, That this Board visit the Third avenue in order to give directions in relation to the line of pipe now being laid in said avenue and the disposition of the surplus earth, and that when this Board adjourns it shall do so to meet for that purpose to-morrow, Thursday, at 3 o'clock p. m.

Resolved, That the subject of the nomination of a Water Purveyor be laid on the table for future consideration, and that the applicants for said nomination be requested to present their recommendations and testimonials.

Mr. Edward H. Tracy was requested by the Board to continue in their service in the same capacity as under the late State Commissioners, and a verbal appointment to that effect was tendered to him in person, to which Mr. Tracy assented.

Adjourned.

THEO. R. DE FOREST, Secretary.

July 19, 1849.

The Board met pursuant to adjournment, and after visiting the Third avenue and examining the progress of the work, adjourned to meet 20th instant at 12 m.

Adjourned.

THEO. R. DE FOREST, Secretary.

July 20, 1849.

At a meeting of the Board held this day at 12 m., each member being present, it was, after due discussion, unanimously

Resolved, That the name of John P. Flender be presented by this Board to the Board of Aldermen at their next meeting for their approval and confirmation for the office of Water Purveyor.

Resolved, That leave of absence from his official duties be granted to Mr. Craven for such time as his health may require.

July 21, 1849.

The President and Assistant Commissioner visited the pipe yard to view the condition and quantity of stock on hand, etc.

August 2, 1849.

At a meeting of the Board held this day at 11 o'clock a. m., the President and Secretary being present, it was

Resolved, That, whereas Bernard See, having been approved of by the Assistant Engineer in charge of the work, that said See be and he is hereby appointed Superintendent of the Aqueduct at the Tarrytown Station, and that he receive the usual salary and privilege attached to that office.

Adjourned.

THEO. R. DE FOREST, Secretary.

September 19, 1849.

The annual exterior examination of the line of the Aqueduct was made on this and the succeeding day by the Common Council, on which occasion they were accompanied by the members of this Board.

October 6, 1849.

At a meeting of the Board held this day it was unanimously

Resolved, That, in consequence of continual neglect of his official duties, that George G. Rich, Accountant in this Department, be discharged from its service.

The consent of his Honor the Mayor having been obtained thereto, under the provisions of the Charter, the said George G. Rich was accordingly dismissed.

October 30, 1849.

The Board this day settled the claim of Whiting Raymond for piece of land taken for aqueduct purposes for the sum of ninety dollars, and received therefor a deed of the same.

November 10, 1849.

The Board this day received notice in person from Mr. Richard F. Carman of a claim held by him against the City for damages in the construction and grading of a certain portion of the City line of the Aqueduct, the further consideration of which was laid on the table to afford the proper time for examination, etc.

November 14, 1849.

The semi-annual examination of the Aqueduct was commenced by the Engineers and President, accompanied by their aids, and continued until the same was completed.

November 22, 1849.

The Board was convened this day at the call of the President, who stated the necessity of hereafter meeting regularly and subdividing properly the labour necessarily devolving on the members of the Board. He therefore proposed, and the propositions received unanimous assent:

First—That regular meetings of the Board should be held regularly every Wednesday morning.

Second—That the questions daily arising on the location and construction of sewers and matters incidental thereto be specially intrusted to the Engineer.

Third—That the general supervision of matters in relation to the collection of water rents in the office of the Register be intrusted to the Assistant Commissioner, and

Fourth—That the supervision of the whole business of the Department be placed under the direction of the President.

Application was made by certain parties residing in Fourteenth street to construct a sewer under their own direction, and which paper was sent by the Common Council to this Board with power, being under consideration, it was

Resolved, That leave be granted to the applicants for sewer in Fourteenth street to construct the same under and subject to the regulations of this Board and the supervision of the Engineer.

Application and recommendation of Mr. Johnson as Keeper of the Distributing Reservoir was read and laid on the table.

Mr. Craven moved the Hiram A. Maynard be removed from the office of Keeper of the Distributing Reservoir on the ground of inattention to duty, whereupon it was

Resolved, That the removal of Hiram A. Maynard as Keeper of the Distributing Reservoir take effect as soon as this Board shall determine on a proper person to take said office, and further that said person when appointed shall be a practical mason.

Resolved, That Thomas Cole, Keeper of the Park Fountain, be notified that his services will not be required after the 1st of January, 1850, and that said office shall then be abolished.

Resolved, That George Armstrong, Night Watch at the Receiving Reservoir, be notified that his services will be dispensed with after 1st December, inst., and that his office will then be abolished.

A communication was then introduced by Mr. Craven from John H. Kyan, Esq., with his plan for filtering the Croton water, accompanied with a specification for its construction, which was examined, debated and laid on the table for further consideration.

Adjourned.

THEO. R. DE FOREST, Secretary.

November 28, 1849.

A meeting of the Board was held this day.

Present—Messrs. Dean and De Forest.

A petition for a fire hydrant on the northwest corner of Cherry and Corlears Street having been sent by the Common Council to this Board for consideration with power, was referred to the Water Purveyor for examination, and if found necessary, a surface hydrant was ordered therefor.

Mr. Kyan's proposition of filtering the Croton water was laid over in consequence of the absence of Mr. Craven and the Board.

Adjourned.

THEO. R. DE FOREST, Secretary.

December 5, 1849.

At a meeting of the Board held this day, all the members present, it was

Resolved, That this Board has no means at its disposal with which to test the value of the invention of J. Howard Kyan, Esq., to filter water on a large scale by lateral pressure, and in the present state of the finances of this Department do not feel authorized to ask for an appropriation for that object.

The application of Abraham Craig for the office of Keeper of the Distributing Reservoir, with recommendations.

Papers in relation to John Scoto as Keeper of the Water Weir at Sing Sing, and the application of John J. Woodworth for appointment as a Superintendent on the Aqueduct, were severally presented, and, after examination, laid on the table.

An expression of opinion on the subject of appointments resulted in an agreement not to appoint any parties to office whose interests might be made subservient to individuals or particular localities.

The application of Mr. Hunt for employment as Draughtsman, with the recommendation of Mr. Jarvis, was received and after consideration it was

Resolved, That W. G. Hunt be employed by this Board as a Draughtsman at the salary of one thousand dollars per annum, and that the term of his employment be at the discretion of the Board.

The subject of the appointment of Keeper to the Distributing Reservoir was again brought up, and the merits of Mr. Pomeroy, a candidate for the appointment, canvassed, after which the matter was again laid on the table.

Resolved, That the Board adjourn to meet to-morrow morning at 10 o'clock.

THEO. R. DE FOREST, Secretary.

December 6, 1849.

The Board met pursuant to adjournment, all the members present.

The minutes of the previous meetings were read and approved.

The petitions of Hugh Dougherty and of B. J. Carr for compensation for damages for loss of horses, etc., referred by the Board of Assistant Aldermen to this Board for examination, were presented, on which it was

Resolved, That the testimony in these cases be taken at a special meeting to be called on Monday, 10th instant, at 3 p. m., and that the parties be notified to attend for that purpose.

The claim of Mr. O'Brien for compensation for damage arising from the construction of the aqueduct through his farm being taken up for consideration, was examined into, and Mr. Craven instructed to offer a compromise of the same.
Adjourned.

THEO. R. DE FOREST, Secretary.

December 10, 1849.

The residence of Messrs. Dougherty and Carr being unknown to the Secretary, they were consequently not notified to attend the special meeting to be held this day according to the adjournment. No business was therefore entered into.

December 12th, 1849.

The Board convened in regular session this day at 10 a. m. All the members present.

The minutes of the preceding meeting were read and approved.

An additional paper recommending Mr. Craig as Keeper of the Distributing Reservoir was presented, also several recommending Mr. Simeon Pomeroy for appointment for the same place.

The question of the appointment of Keeper again coming before the Board, the whole matter, with the recommendations, were again discussed, and the following resolution was unanimously adopted:

Resolved, That the situation of Keeper of the Distributing Reservoir be given to Simeon Pomeroy, he having, in the opinion of the Board, the requisite qualifications to fit him for a proper discharge of the duties of that office, the appointment to take effect on the 1st of March, 1850, and that he be notified to that effect.

Resolved, That Hiram Maynard be notified that this Board will expect his resignation on or before the 1st of March next, and that for the intervening time he will be required to fulfill all the duties appertaining to his office to the satisfaction of this Board.

Adjourned to meet at 10 o'clock to-morrow for the examination of the cases of Dougherty and Carr.

THEO. R. DE FOREST, Secretary.

December 13, 1849.

The Board convened pursuant to adjournment. All the members present.

An examination of H. Dougherty in relation to claim for the loss of his horse from want of care on the part of this Department in leaving trench open between Avenues B and C, in Twelfth street, on the 1st of September last, was entered into. Mr. Dougherty was examined on his own behalf, and Mr. St. John, Foreman of the work on the part of the Department. The examination resulted in the adoption of the following:

Resolved, That this Board are of the opinion that the applicant has no legal claim for compensation for damages on the City Treasury.

Mr. Carr, whose petition was also referred to the Board for examination, not being present, the Board adjourned.

THEO. R. DE FOREST, Secretary.

December 20, 1849.

The Board convened in regular session this morning.

Present—Messrs. Dean and De Forest.

No business appearing, the Board adjourned.

THEO. R. DE FOREST, Secretary.

December 26th, 1849.

The Board convened in regular session this morning. All the members present.

The President submitted the annual report as prepared by him for presentation to the Common Council, which was read and approved of, and the Board adjourned.

THEO. R. DE FOREST, Secretary.

January 2, 1850.

A regular meeting of the Board was held this day.

Present—Messrs. Dean and De Forest.

No business of importance being before the Board, it was adjourned.

THEO. R. DE FOREST, Secretary.

January 9, 1850.

A regular meeting of the Board was held this day.

Present—All the members.

A resolution of the Common Council appropriating two thousand dollars for the erection of a fountain in the Bowling Green was taken up, and after an examination of a plan for the same presented by Messrs. Fisher and Bird, leave was granted them to store the fountain on the ground, provided Mr. Craven, on examination, shall approve of the same and think that said fountain will meet the views of this Board.

A petition of the Catholic Half Orphan Asylum for the privilege of opening sewer in Eleventh street for the insertion of two small drains having been referred to this Board, with power, having been taken up, it was

Resolved, That leave be granted the Catholic Half Orphan Asylum to make the desired connection on payment of the usual rate.

A resolution of the Common Council that a fire hydrant be placed in Great Jones street opposite the engine house of Company No. 4, under the direction of this Board, was then taken up, and it was ordered that the matter be referred to the Water Purveyor for execution.

Adjourned.

THEO. R. DE FOREST, Secretary.

January 16, 1850.

The Board met in regular session this day. All the members present.

The minutes of the previous meeting were read and approved.

Bowling Green Fountain—Mr. Craven reported that he had projected an improvement on the plans as proposed by Messrs. Fisher and Bird, and in his opinion the work could be completed for the sum appropriated. The subject without final action, was laid on the table.

Resolutions of the Common Council referred to this Board with power, viz:

A fire hydrant in Twenty-fifth street, between Sixth and Seventh avenues.

A fire hydrant in Trinity place, between Thames and Rector streets.

Mr. Craven submitted the Surveyor's plan for the sewer in Park place with propositions for an alteration in the construction of the same. After examination by the Board the following resolution was unanimously approved, to wit:

Whereas, This Board is impressed with the belief that many of the public sewers are constructed of a larger size than is required to drain the superficial area for which they are required, and also that more materials are used than is necessary to give sufficient strength; therefore

Resolved, That the sewer about to be built from Broadway, through Park place and Church street, to connect with the sewer in Barclay street, be made in oval form two feet wide and three feet high, with brick walls four inches thick, laid in cement with the top course of brick thoroughly keyed with slate and grouted with cement, with manholes in each one hundred feet, and ventilators where necessary, to be determined by Mr. Craven, Chief Engineer, and that flushing with water from a hydrant be relied upon to keep it clear.

The following resolution was also passed:

Resolved, That the Register of Water Rents be directed to allow Mr. Hecker a sum equal to four months' water rent on his premises in Cherry street for the year 1848-9 in a settlement of his account, by reason of losses sustained by him from fire during that year and a consequent disuse of water during that time.

A petition of W. G. Spencer and others for Croton water in East street, referred to this Board by the Board of Aldermen, was considered and laid on the table.

The following preamble and resolution was offered and unanimously approved: Whereas, The Board of Aldermen on Monday night last, without any communication with this Department, through their Committee on Streets, to whom the subject had been previously referred by resolution, "instructed this Board to adopt some mode by which the public streets may be sprinkled daily by carts employed for that purpose," and

Whereas, This Department had, after much inquiry and thought, determined upon certain regulations which, if adopted, would tend to avoid much of the evil and public loss hitherto growing out of the lavish manner in which the streets have been watered, and which it was intended to submit to the consideration of the Common Council through a report of the Committee above referred to, but which as it would have involved a small expenditure of money cannot be carried into effect without a previous appropriation therefor, and the precipitate action of the Board of Aldermen having prevented all discussion of the subject with their own committee, the public in the meantime clamorously demanding that licenses for sprinkling the streets be issued; therefore

Resolved, That the Assistant Register be and he is hereby directed to issue such licenses in the manner and upon terms similar to those heretofore established by the late Croton Water Board.

A special meeting of the Board was convened this day at the request of the President. All the members present.

The President communicated to the Board the following, which, after due consideration, was unanimously adopted:

The President informs the Board that in an interview with his Honor the Mayor this morning he was informed by him that the Committee on Ordinance of the Board of Assistant Aldermen would meet this afternoon, and were making every exertion to amend the ordinance on contracts so as to enable the Departments to carry on the public business without embarrassment, and that in view of such action it was his opinion that this Board ought not to suspend its various operations till a little time was given to enable that committee to report to a special meeting of the Board, which would be called to receive and act upon it; therefore

Resolved, That this Board take no further step in the premises to-day, and that in the meantime the President address a communication to the Counsel of the Corporation asking him whether in his opinion this Department has the power under the City Ordinances to procure any supplies or do any work in the daily prosecution of its business without first making a contract therefor in the manner prescribed by that ordinance.

May 29, 1850.

The Board met in regular session this day. All the members present.

The minutes of the previous meeting were read and approved.

The President announced that in accordance with the resolution passed by this Board on the 14th instant he had addressed a communication to the Counsel of the Corporation, and on the 20th instant received a reply to the same, and which reply fully sustained this Board in the opinion that they could not proceed under the then existing ordinances with any of the public works except by contract, etc.

And, further, that the Board of Assistant Aldermen had at a subsequent special session agreed to the amendment to the ordinances as made by the Board of Aldermen, and that he had proceeded in the works in accordance therewith.

The following resolution was offered and unanimously adopted, viz.:

Resolved, That no person receiving a salary from this Department will be permitted to take any compensation or gratuity from any person for services rendered to such person, either in or out of the office hours, in business relating to the Department, or either of its bureaus; not to have any connection with or interest in any contract given out by the Department or its bureaus, and that any violation of the letter or spirit of this resolution will be considered and treated by the Board as sufficient cause of removal from office.

The following was offered and unanimously approved:

Resolved, That the services of James St. John, Foreman of Company No. 3, be dispensed with after Saturday, June 1, 1850.

Resolved, That the President address a letter to the Corporation Counsel (H. E. Davies), requesting him to examine into the title acquired by the City to land taken and used for Aqueduct purposes in Westchester County, and whether such title is sufficient to authorize this Board to fence in such land, where in its opinion the public interests require it.

The President read an answer to the resolution of Alderman Shaw on the subject of an additional reservoir, as proposed by him, which was approved by this Board, and ordered to be communicated to the Common Council.

A resolution of inquiry from the Board of Governors of the Almshouse, in relation to supplying Blackwell's Island with water, was received and laid before the Board, which, after consideration, was referred to Mr. Craven, with power.

The following resolution was also approved:

Resolved, That the Water Purveyor be requested to report to this Board at its next meeting what number of hours in his opinion the men employed in the gang of Mr. St. John actually work each day.

At a meeting of the Board held this day, in pursuance of a call from the President, all the members being present.

The minutes of the previous meeting were read and approved.

The following resolution was introduced by the President, and after consideration, unanimously approved:

Resolved, That freight barges on the North river employed during the season of navigation be charged the following rates for Croton water, viz.:

Those making one trip a week, twenty-five dollars; those making two trips a week, fifty dollars, and those running but a part of the season at the rate of seventy-five cents a trip.

The case of Johnson & Milligan for performing certain plumbing work at No. 50 Howard street contrary to the regulations of the Board, was then taken up and considered, and the matter resulted in the following decision:

That, on Mr. Johnson's submitting to this Board affidavits embracing the following facts, this Board will take into consideration the propriety of relaxing the usual discipline in this case:

First—That Mr. Johnson was absent from the city at the time the order was given and during the execution of the work complained of.

Second—That Mr. Milligan, under whose superintendence the work was done, did not know of the regulation requiring a permit to be obtained from this office previous to the execution of the work.

Resolved, That the Water Police report to Mr. Robertson every case where an opening is made for a sewer connection, with the name of the party doing the work, that the same may be duly examined into.

Resolved, That the Water Police be required to present themselves at a meeting of the Board to be held on Tuesday (to-morrow) afternoon at 4 o'clock.

Mr. Craven introduced the following resolution, which was unanimously approved:

Resolved, That the line of the Aqueduct be fenced in every case where the same may pass through any of the villages or towns between the city and Croton dam.

September 14, 1850.

At a meeting of the Board held this day, all the members present.

The following preambles and resolutions were unanimously adopted.

Whereas, During the year 1849, and before this Board came into office, a fence had been erected to protect the line of the Aqueduct where it passes through lands of George B. Butler, Esq., in the County of Westchester, trespasses and injury having previously been sustained by the rooting of hogs and otherwise; and

Whereas, The said George B. Butler considers such fence a blemish upon his grounds and a personal annoyance, which he asks to have removed and abated, and this Board being desirous at all times to meet the wishes of individuals owning lands adjoining the Aqueduct, provided it can be done without sacrificing any of the great interests committed to its supervision and control; therefore

Resolved, That John L. Berrian, the Superintendent of that division of the Aqueduct, be and he is hereby authorized and directed to remove the fence referred to, but with the further direction to replace the same should Mr. Butler, his grantees, lessees or servants, trespass upon or injure the grounds of the Aqueduct passing through his farm and adjoining his lands.

Resolved, That a copy of the above be served on Mr. Berrian.

Resolved, That the sum of twenty-one dollars be refunded by the Register to Mr. William S. Duke, such amount, in the opinion of the Board, being an overcharge, and that a copy of this resolution be served on Mr. Hance.

THEO. R. DE FOREST, Secretary.

October 8, 1850.

The Board met this day for the transaction of business. All the members present.

The first business being an investigation of charges made against Mr. Hanford, an Inspector of the sewer now in course of construction in Twenty-ninth street.

Mr. Craven stated the charges to be:

First—That Mr. Hanford had received pay from the contractor for work done by him on the sewer, and for not insisting that certain work required by the contract should be performed by the builder.

Second—That the number of manholes in said sewer were two less than the specifications required, and that with the knowledge of said Hanford, and that he had been paid for overlooking such neglect in construction.

To the first charge Mr. Hanford gave a denial, accompanied with an explanation that he had borrowed at one time thirty dollars, and that two other times five dollars each, to defray the funeral expenses of his child, which died at the time, and that he had since been unable to repay the amount to the contractor, but that he was legally bound to repay the said sums and would do so when able.

To the second charge Mr. Hanford pleaded guilty; that the number of manholes were two less than were required, but that he had no knowledge that such was the fact until after the completion of the work, and that the error arose from not having the number and location of said manholes properly laid out and designated on the plan furnished him by the Surveyor; and, further, that he never either directly or indirectly received any money from the contractor or other party for said neglect or error.

John P. Flender, Water Purveyor, stated that he had been informed that Hanford had demanded thirty dollars in addition of Mr. Meggs for services rendered, and on the ground that two manholes required by the contract had been omitted, and that he was led to make the charges against Hanford by general conversation on the subject.

Mr. Murray examined. No person being present legally qualified to administer an oath, it was waived by Mr. Hanford. Mr. Murray stated that he was Foreman on the work in question; never saw anything improper on the part of Hanford; saw Meggs, the contractor, lend the thirty dollars to Hanford, and that he never heard

any conversation between the parties that would lead him to believe that any transactions of an improper character were had between Meggs and Hanford.

The further investigation of the matter was here adjourned until Mr. Meggs can appear before the Board.

The bill of Jas. Humes for extra compensation for work done by him was laid before the Board, which, on examination into its merits, resulted in the following resolution, to wit:

That the bill of James Humes for extra compensation for work done on the sewer in Avenue A, between Twelfth and Thirteenth streets, amounting to twenty-eight dollars and fifty cents, be and the same is hereby disallowed; but that, in consideration of the water pipes having been improperly laid, the cost contingent on the rebuilding of the manholes, amounting to fifteen dollars, be and the same is allowed.

The Board then adjourned to Saturday next, 12th inst., at 10 o'clock a. m.
THEO. R. DE FOREST, Secretary.

October 12, 1850.

The Board met this day pursuant to adjournment. The parties in the Hanford case not being present, the meeting was adjourned to Tuesday next, 15th inst.

October 15, 1850.

The Board met this day pursuant to adjournment. All the members present. A communication was presented by Mr. James Humes in person, asking a review and reconsideration of his case as passed upon on the 8th inst., which was entered into, and a further allowance of twenty-two dollars in addition to the fifteen previously given, making in all thirty-seven dollars, was agreed to.

A communication was read from Mr. Bond claiming damages (as per bill of Simpson Plumber for \$12.50) done to his kitchen range by shutting off water without notice, the bill presented being for repairs.

It was

Resolved, That the sum of nine dollars be allowed, that being the proportion or said bill for the repair of damage properly chargeable against this Department.

The case of Mr. Henry Hansfield, late Inspector of Sewer in Twenty-ninth street, laid over at meeting on 8th inst., was then taken up and examination continued.

Mr. Meggs, contractor, examined. Hansfield had not received any money from him for services rendered. Had lent him a check for thirty dollars, and at two subsequent times given him five dollars while paying off his hands. Hansfield afterward made a demand on him for more money on the ground that he had been a benefit to him of over three hundred dollars; that he had saved three manholes for me. He has not repaid me the amount lent, nor shall I make any demand for it. I told him that if he had been of advantage to me dishonestly I did not even thank him for his services.

Mr. Ellis corroborated the statements of Mr. Meggs. The manholes were placed by direction of Mr. Hansfield, who claimed exclusive jurisdiction over the matter.

The witnesses then retired and the Board reviewed the matter as presented by the testimony, which resulted as follows:

First—That Henry Hansfield did borrow money from Mr. Meggs, contractor, and that the amount borrowed was not repaid said Meggs from his wages when received.

Second—That he received money from Mr. Meggs as a gift contrary to the regulations of this Department.

Third—That he gave a certificate of the work having been done according to contract, when not so done.

Each of which charges having been proved to the satisfaction of this Board, and either of which being sufficient to cause his dismissal, it was therefore

Resolved, That Henry Hansfield be and he is hereby discharged from employment as an Inspector of Sewers, and that in future no further employment can be given him on any work under the control of this Department.

At a meeting of the Board held this day in accordance with the call of the President for the consideration of claims for extra compensation made by contractors.

Present—The President and Secretary.

The consideration of the claim of Hugh McCabe for relief from loss sustained in building a sewer in Twenty-seventh street was considered, and after deliberation the President was directed to report against the same.

The consideration of the claim of Daniel Gallagher for relief from loss sustained in building sewer in Thirty-third street from delays caused by the Department was taken up and the following allegations were made by Mr. Gallagher:

First—That the sewer is over thirteen feet deep, say thirteen feet six inches, and that the alteration was made to his damage by order of the Engineer and Inspector.

Second—That the work was delayed for the space of thirty days by reason of the Croton pipe, which interfered with the construction, not having been removed.

Third—That the Inspector appointed over the work refused to give the grade lines and a loss of fifteen days was occasioned thereby.

Fourth—The Inspector has charged full time for the work, although not actually engaged thereon, having been away on fishing, military excursions, etc.

Note—The extra time charged by the Inspector was seventy-eight days.

After consideration the Board informed Mr. Gallagher that the subject should be fully examined into, but that only such allowance could be made him as could be traced and fully chargeable on the acts of the Board or of its members.

The following circular was presented, accepted, ordered to be printed and a copy thereof to be served by the Inspectors of the Department on the occupants of every tenement within the water district.

Abstract of corporation ordinances and rules adopted by the Croton Aqueduct Department, regulating the use of water, to which the attention of consumers and all others is earnestly invited.

ORDINANCES.

Fine for opening a fire hydrant without permission, not less than five, nor more than twenty-five dollars, in the discretion of the Magistrate hearing the complaint.

Fine for selling water to shipping, or for any other purpose or object, or offering it for sale, twenty-five dollars.

Fine for obstructing access to any stop-cock connected with the water pipes in the streets by placing on it any building materials or other hindrance, fifty dollars; and twenty-five dollars additional for each day the same shall remain after notice for removal.

Fine for using street washers, except before 8 a. m., and after 7 p. m. from May to November, and before 9 a. m. and after 6 p. m. from November to May, five dollars for each offence.

Rules Adopted by the Board.

No owner or tenant will be allowed to supply water to other persons or families.

No addition or alteration whatever in or about any tap, pipe or water-cock shall be made or caused to be made by any person without permission first had from this Board.

All persons taking the water must keep their own service pipes and all fixtures connected therewith in good repair and protected from frost, at their own expense, and shall prevent all unnecessary waste of water.

Street washers shall be used only within the hours named in the above ordinance nor must they be converted into jets, or the water suffered to run to waste or leak, or used to wash the filth of the gutters down upon the neighbors, or into the receiving basins of sewers; nor by attaching a hose to wash off horses' legs, carriages and omnibuses; caps must be kept upon them in good order, and not projecting more than three-fourths of an inch above the sidewalk.

No hydrant will be permitted on the sidewalk or in the front area, and if standing in a yard or alley attached to any dwelling or building, will not be permitted to be kept running when not in actual use; taps at wash basins, water closets, baths and urinals must be kept closed in like manner.

Applications for water must state fully and truly all the purposes for which it is required, and when paying the annual charge for it, parties must frankly and without concealment answer all questions put to them relating to its consumption.

No horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license taken out for that purpose, and these licenses must be annually renewed before the first of May.

No yard fountain or jet must be in use more than three hours in each day without a special permit for that purpose, and an additional payment beyond the established rates, and the Board reserves the right to suspend the use or to abolish all private fountains whenever the public exigencies may require it.

No ferry boat must permit the transportation of Croton water across the rivers for sale or for the use of any individual or family; nor must any person attached to such ferries take it across either river, for his own use or the use of others or for sale.

The officers of the Department personally, and every person delegated by them for the purpose, must have free access, at proper hours of the day, to all parts of every building and steam vessel in which Croton water is delivered and consumed.

The penalty for a violation of any of the preceding rules and requirements will be the prompt stoppage of the supply of water, without any further or other preliminary notice; nor will it be restored except upon payment of the expense of shutting it off and putting it on, and upon a satisfactory understanding with the party that no future cause of complaint shall arise.

A copy of this notice will be left at every tenement, dwelling, store and building within the water district. The Board begs that it may be read and preserved, and it asks from every citizen his aid and support in carrying out regulations designed to promote the comfort of all, as well as to protect the public against frauds.

By order of the Board.

Simeon Pomeroy, Keeper of the Distributing Reservoir, having expressed a desire to be released from his duties as such Keeper in order to pursue another business which is offered to him, and which he deems more advantageous; therefore

Resolved, That he be released, and that Thomas Colden Cooper be and he is hereby appointed Keeper of the Distributing Reservoir.

Resolved, That the Keeper have the nut and fruit stands kept at the entrance to the Distributing Reservoir removed entirely from the sidewalk in front, they having proved a great annoyance by introducing through children and others, on the stairway and terrace above, nut shells, orange peel, bits of cake and partially consumed fruit, destroying its character for neatness and increasing the daily labor of cleaning it.

New York, January 5, 1852.

At a meeting of the Board held this day it was unanimously ordered:

That Mortimer Wicks, Inspector of the Sewer in Columbia street, from Rivington south, be dismissed from employment, he having been convicted on the affidavit of William Gilroy of having received five dollars from said Gilroy on condition that the work on said sewer might proceed without interference from said Wicks.

New York, February 9, 1852.

At a meeting of the Croton Aqueduct Board, held at this office this day.
Present—Nicholas Dean, President Commissioner; Theo. R. De Forest, Associate Commissioner; Alfred W. Craven, Chief Engineer, being all the members of the Board. The following resolutions were offered and approved:

Resolved, That the President be and is hereby directed to sign all contracts made by this Department, and also all legal notices published by it.
Resolved, That all the contracts and notices signed by him have been and they are hereby approved by this Board.

The following preamble and resolutions were offered and unanimously approved:
Whereas, In the judgment of this Board it has become absolutely necessary to provide the means of storing a greater supply of Croton water on this island by the construction of an additional and larger reservoir, and

Whereas, The act entitled "An Act to Create the Croton Aqueduct Department in The City of New York" passed April 11, 1849, confers upon this Board the power of selecting the site and making the necessary purchases of land for reservoirs, such purchases to be subject to the ratification of the Common Council, and also in and by the 14th section of the same Act authorizes this Board to "take possession of and use all such land and real estate and property as may be required for the purpose of making surveys or laying mains or pipes, or constructing reservoirs, sewers and drains, and the convenient accommodations appertaining to the same, they making compensation therefor in the manner provided in and by the act entitled 'An Act to Authorize the Formation of Railroad Corporations,' passed March 27, 1848, and further providing the mode of appointing Commissioners of Appraisal; and

Whereas, The Common Council of The City of New York by a joint resolution approved by the Mayor on the 5th of February, 1851, directed this Department "To purchase without unnecessary delay enough suitable ground for a new reservoir, of capacity sufficient with those already built, to contain a supply for at least sixty days' consumption," under which resolution this Department has carefully examined the island in order to determine the most suitable site, and caused all the required surveys and drawings to be made preparatory to final action in the matter, and have also in the exercise of its best judgment, determined that the public interests will be promoted by taking the required ground under appraisal made by Commissioners in the manner provided in the 14th section of the Act before referred to, instead of purchasing by private contract:

Wherefore, in view of all these preliminaries, and after due deliberation had thereon, it is

Resolved, That the ground comprised between the Fifth and Seventh avenues, and Eighty-sixth and Ninety-sixth streets, be and the same is hereby appropriated for a new reservoir.

Resolved, That in the opinion of the Board the public interests require that the Sixth avenue, between Eighty-sixth and Ninety-sixth streets, and the intersecting streets from Eighty-seventh to Ninety-fifth inclusive, should be closed, and it is further

Resolved, That the area of ground above described be taken by appraisal in the manner prescribed in and by the 14th section of the "Act to Create the Croton Aqueduct Department in The City of New York," passed April 11, 1849, and that the Counsel to the corporation, Henry E. Davies, Esq., be and he is hereby requested to take the necessary legal steps to carry these resolutions into effect.

March 13, 1852.

At a meeting of the Board held this day, all the members present.
The following preamble and resolution were offered by Mr. Craven and adopted:
Whereas, On the 5th day of January last this Department, acting under the testimony of William Gilroy, that Mr. Mortimer Wicks had accepted a bribe while on duty as Inspector of the Sewer in Columbia street, entered a resolution discharging said Wicks from the service of the Department; and

Whereas, This Department has since that time most thoroughly convinced by the counter affidavit of said Wicks supported by the highest testimonials and vouchers for his integrity from gentlemen of the highest standing as will appear from papers on file in this Department; therefore

Resolved, That the said Wicks be restored to his position as Inspector, with the fullest confidence of this Department in his character, and that the resolution of January 5 be expunged from the minutes of this Board.

THEO. R. DE FOREST, Secretary.

May 4, 1852.

At a meeting of the Board held this day, all the members present.
The following preamble and resolutions were offered and approved unanimously:
Whereas, The ownership of the lands contiguous to the line of the Croton Aqueduct is constantly undergoing changes, especially in villages, by sale or otherwise; and

Whereas, By every such transfer the difficulty of preventing encroachments on the grounds of the City and injury to the work is increasing; therefore

Resolved, That a proper regard for the interests of the City committed to the custody and control of this Department makes it absolutely necessary that the lines of the Aqueduct grounds be sufficiently defined to prevent trespasses upon them, and if required to protect them from injury; actually fenced in on both sides with convenient passages left across wherever it intersects lands belonging to an individual for farming and other purposes.

Resolved, That Alfred W. Craven, Chief Engineer and a member of this Board, proceed at his earliest convenience to make a personal examination of the whole line, and that wherever he finds trespasses by the erection of buildings the removal of them be required, and under the direction of this Board if necessary enforced; that where encroachments are made or making, from which injury to the works may result, fences on the line be immediately erected, and that all trees and shrubbery standing on the Aqueduct grounds, the roots of which are likely to reach and injure the masonry of the Aqueduct, be removed.

Resolved, That in enforcing these resolutions a due regard shall be had to the interests of the parties and their rights as owners of adjacent lands, and that in every case where a spirit of accommodation shall be manifested, these resolutions shall only be carried into effect where the public interest absolutely requires it.

The following preamble and resolutions were unanimously adopted:

Whereas, Great inconvenience has arisen in the transaction of business in the Bureau of Water Rents from the practice hitherto allowed of parties not connected with the office using the books of registry for the purpose of making searches, etc.;

Whereas, Mistakes have frequently been made and property returned as liable or unpaid in error, and such mistakes having the effect of discrediting the accounts of this office; therefore be it

Resolved, That parties unconnected with the office shall not be allowed to make searches therein, and that all searches hereafter made shall be by the Clerks of the office and verified by the Clerk making the same.

Resolved, That the Clerks shall only be allowed to make searches during such hours as they shall be free from their official engagements with the Department, except in cases when the party requiring the search shall be personally interested either in the purchase or sale of the property, and then only on the personal application of such party.

The following preamble and resolution was approved:

Whereas, The resolution passed by this Board on the 29th of May, 1850, prohibiting Clerks and other persons employed in this Department from "receiving any compensation or gratuity from any person for services rendered to such person, either in or out of the office hours, in business relating to the Department or either of its bureaux," has been found prejudicial in its operation by introducing Clerks from other departments of the City Government and other persons into this to make searches for unpaid water rents forming a lien on real estate, which persons by coming behind the counter during business hours frequently impede its prompt transaction, and who also, if mistakes occur, screen themselves by charging such errors to the Clerks employed in this Department; therefore

Resolved, That the Clerks employed in this Department be and are hereby permitted, out of office hours, and certify unpaid water rents affecting the title to real estate, and that the charge for such service be limited to ten cents for each year against every lot for which such search shall be made.

At a meeting of the Board held this day, all the members present.

The following preamble and resolution was offered by Mr. Craven and unanimously adopted, to wit:

Whereas, Thomas Davis, an Inspector appointed by this Board to superintend the construction of a sewer in Troy street, from the North river to a point near Greenwich avenue, of which — Casey was the contracting builder, has returned his certificate, under oath, that the said sewer was built in conformity with the specifications of the contract, excepting only where the bottom was laid without cement by direction of the Engineer, and excepting also the substitution of vitrified earthen pipes for the culverts from the basins to the sewer; and

Whereas, Under an examination by direction of said Engineer, induced by suspicions of collusion on the part of said Inspector and said contractor, it was found that gross and dishonest departures from said specifications have been permitted in said sewer, such as laying brick work but four inches thick, and the omission of bottom or foundation plank, etc.; therefore,

Resolved, That the said Thomas Davis be dismissed with disgrace from the service of this Department, his name be stricken from the list of Inspectors, and that under no circumstances and in no capacity shall be employed again by this Department.

Resolved, That a copy of this preamble and resolution be sent to each of the other departments of the City government as a safeguard against the employment of one who has proved himself untrustworthy.

Note.—The last resolution was offered in connection with the first, and was rejected by the Board, but is inserted in the minutes at the request of the mover.

At a meeting of the Board held this day, the following preamble and resolution was offered and approved:

Whereas, In the lease made by the Mayor, Aldermen and Commonalty of The City of New York to "The Association for the Exhibition of the Industry of All Nations" of ground on Reservoir square for the erection of their buildings, the easterly line of such grant was placed parallel with and ten feet westerly from the base of the sustaining wall of the Distributing Reservoir on its westerly side; and

Whereas, The said Association finds that the use of a part of the said reserved ten feet would be a convenience to them in carrying out the purposes of this exhibition, therefore,

Resolved, That the "Association for the Exhibition of the Industry of All Nations" be and are hereby authorized to extend their erection over, and to occupy three feet in width off the westerly side of the said reserved ten feet, and in length from Fortieth to Forty-second street, such occupancy to continue for five years if the exhibition be kept open for that period of time, subject to the following conditions and limitations:

No door or other passage to open out of the building so to be erected on the space of seven feet left between it and the said sustaining wall; no water or rubbish to be thrown out of the windows on such reserved space, and no nuisance to be created or permitted thereon, and also that the said Association erect a suitable fence across the said reserved space of seven feet on Fortieth and Forty-second street, with a door at each end of at least three and one-half feet in width, secured by a good lock, the key to be left at all times in the custody of the Keeper of the Distributing Reservoir.

February 16, 1853.

At a meeting of the Board held this day, all the members present.

The following preamble and resolutions were offered and unanimously adopted:

Whereas, Captain Nathan Cobb, of Tarrytown, in the County of Westchester, has constructed fences on the Aqueduct grounds belonging to The City of New York adjoining his property, and has placed a gateway on and maintains and insists upon a right of way over these grounds for all persons interested in or attending an extensive school adjacent thereto, and also a right of way for his private tenants occupying a house fronting on the Highland turnpike to and from a privy placed on the easterly side of these grounds, in contravention and defiance of a judgment of the Supreme Court of this State pronounced in the case of the Mayor, Aldermen and Commonalty of The City of New York against Nathan Cobb, in which among other things it was decided:

First—The plaintiffs have the right to fence any part of the Aqueduct in their discretion, and their acts are conclusive as to the propriety of so doing. This right does not depend upon the statute requiring it to be done at their expense, but existed prior to that statute.

Second—The right is subject to the duty of erecting and sustaining convenient passes across or under the Aqueduct wherever it intersects land belonging to an individual, for the farming and other purposes of the land, by section 4 of the Act of 1836 (Laws of 1836, page 709).

Third—The defendant not owning both sides of the Aqueduct, his land is not intended within the meaning of the Act, and he is not entitled to any passes across or under the Aqueduct; and

Whereas, The convenience of the school referred to would be as great if the entrance to it were removed easterly off the Aqueduct grounds, and that of his tenant in no way lessened if the privy spoken of were removed to the westerly side of the Aqueduct on ground belonging to the said Nathan Cobb; and

Whereas, This Board, in the discharge of the high trusts committed to it, deem it their duty in the protection of the works to abate and restrain these trespasses; therefore

Resolved, That Barney See, the Superintendent of that part of the line of the Aqueduct, be and he is hereby directed to put up a good and sufficient board fence from the road northerly, along both the easterly and westerly lines of the Aqueduct grounds to and beyond the grounds occupied by said school on the one side and owned by the said Nathan Cobb on the other; that such fences be commenced within two months of this date and finished by the first day of May next.

Resolved, That the outbuildings of Theodore Benedict (immediately adjoining north of the grounds before spoken of), and which now stand partly on the grounds of the Aqueduct, and form an encroachment thereon, be removed by the said Theodore Benedict on or before the said first day of May next.

Resolved, That for the purpose of enabling the parties interested to prepare for these arrangements without inconvenience to themselves or others, the said Barney See be and he is hereby directed to serve copies of these preambles and resolutions on or before the 25th inst., if practicable or, if not practicable, as soon thereafter as may be, on the said Nathan Cobb and Theodore Benedict, or their agent or tenant.

At a meeting of the Board held this day, the following was presented and approved, and a copy thereof directed to be sent to the Keeper of the Reservoir:

Whereas, The multiplication of fruit stands on the sidewalk of the Distributing Reservoir has become a nuisance and the source of great uncleanness on the entrance stairs and promenade on the terrace, where orange peel, apple skins, peanut shells, etc., are profusely scattered by children and others; therefore

Resolved, That the Keeper of the Reservoir be and he is hereby directed to remove such fruit stands from off all the sidewalks about the reservoir, and to interdict hereafter their use for that or any similar purpose.

Notice of above served in person on 12th inst.

April 12, 1853.

The Board convened at request of Mr. Craven for the consideration of the matter of the Troy street sewer, from Hudson river to Greenwich avenue.

Michael Casey, contractor.

All the members present.

Edward Pollock and others owning property on the line of the street, having given the Department notice that the sewer was not constructed according to contract, the Board caused an examination to be made by Samuel R. Smith, their Chief Inspector of Sewers, who made a return of the facts in writing to this Department, which report, together with the complaint of Mr. Pollock and others, are on file.

The Board proceeded with an investigation as follows:

Samuel R. Smith, examined: I was requested in January last by Mr. Craven to make an investigation into the state of the sewer in Troy street built by Michael Casey. I made an examination which resulted as follows:

I found 8-inch work at the place first mentioned by Pollock. At about opposite to No. 5 Troy street I found 4-inch work in the lower half of the sewer; a sufficient number of bricks were removed to show this fact, and also that there was no bottom plank. I also examined the sewer at a point about 15 feet east of Fourth street; the top was of 4-inch work. Mr. Pollock could point out nothing further. I called on Mr. Pollock, in consequence of information through Mr. Craven, that Mr. Pollock could inform me where the bad work was.

In consequence of the information given in the certificate of Smith, the Board directed the defective portion of the sewer to be rebuilt by the contractor, and Thomas R. Frost was appointed Inspector over such rebuilding, Thomas Davis, the original Inspector, having been dismissed.

Thomas R. Frost, examined, says: That he was appointed Inspector over the rebuilding of certain portions of the Troy street sewer. As such Inspector he caused such portions of the sewer to be taken down as had been pointed out and certified to be defective by Mr. Smith. In one of the places pointed out I found on excavation, eight-inch work, but on following up the trench for some twelve feet I came to four-inch work, which I rebuilt and continued until I reached the next portion of eight-inch work, at a distance of some ten or twelve feet. At the other points I found the work the same as stated by Smith in his certificate of January 7, 1853, being the parts indicated in the original objection of Mr. Pollock and others. I had all the work pointed out as defective rebuilt according to the original specification, and of the best material. I found wherever I cut and made examination that the bricks were

laid in cement. After the examination and repair was made, I reported the result to Mr. Craven, and was then sent by him to make examinations with special reference to plank, and on such examination I made one or two cuts on every block, in all about a dozen places, and found plank in every case.

Samuel R. Smith continued: After the above examination and repairs had been made under the inspection of Frost, I again examined the work twice by direction of Mr. Craven, the first time with special reference to four-inch work. In this examination I cut into the sewer in from fifteen to twenty places, commencing my examination from the outlet at the North river, and going through its entire length. My second examination was with reference to plank. I made four cuts into the sewer at points between West street and Greenwich avenue, and in each instance I found eight-inch brick work and plank. This examination had also reference to dry bottoms. I could not examine in this respect perfectly, in consequence of the hot water passing through the sewer at the time. I, however, succeeded in perfecting one examination between Greenwich street and Hudson street by stopping the course of the water by embanking the sewer with dirt. I found five courses of brick laid dry. My opinion is that the sewer generally is well built, good in shape, and that the uniformity of grade is well preserved.

The above examinations of Smith and Frost having been reduced to form, were sworn to and filed.

Mr. Craven, Chief Engineer, states that in reference to the earthen pipe used in the construction of culverts (as noticed in the objection of Pollock), that he directed vitrified pipe to be used, but that unvitified clay pipe had been used instead; yet, notwithstanding, he is of the opinion that the pipe used are better than the brick culverts as usually constructed.

The examination here closed and the Board adjourned.

July 19, 1853.

At a meeting of the Croton Aqueduct Board held this day, all the members present, the following preamble and resolution was presented and unanimously approved:

Whereas, The Aqueduct grounds in the County of Westchester, belonging to the Mayor, Aldermen and Commonalty of The City of New York, are extensively used as a roadway by foot passengers passing up and down the line, to the damage of the Aqueduct by destroying the grass growing upon it, intended to protect the earth covering from being washed away during heavy rains; and

Whereas, Also such use of these grounds is a great annoyance and damage to the owners and occupants of the adjoining lands, admitting strangers and persons viciously disposed to pass and repass in close proximity to their gardens and fruit trees, encouraging thefts and petty pilferings; and

Whereas, The Croton Aqueduct Board are exceedingly anxious to abate this nuisance and wrongdoing; therefore

Resolved, That the owners and occupants of lands adjoining the Aqueduct be and they are hereby requested to aid this Board in effecting the object by causing the prompt arrest of all persons using said Aqueduct grounds as a roadway and prosecuting such persons to conviction as trespassers.

Nicholas Dean, Esq., President, having communicated his resignation to the Mayor, not being present at this meeting, the session was held by the other members, Messrs. De Forest and Craven. The following was offered by Mr. Craven and adopted:

Whereas, By a resolution of this Board passed at a meeting held February 9, 1852, the Board legalized, as far as in them lay, the validity of contracts and legal notices signed only by the President; and

Whereas, It is doubtful in point of law whether the Board possessed such power, the same not being recognized in the law organizing the Department or by ordinance of the Common Council; therefore,

Resolved, That said resolution and the powers vested therein be and the same is hereby rescinded.

At a meeting of the Board held this day, the following communication was directed to be sent to the Counsel to the Corporation:

Office Croton Aqueduct Department,

October 11, 1853.

ROBERT J. DILLON, Esq., Counsel to the Corporation:

Sir—Accompanying this we present for your examination a contract between this Department and John Quinn for the construction of a sewer in Seventh avenue. The time for the completion of his work is designated in his contract.

The work is not yet completed, nor is there any indication that it will be done within any reasonable time. We beg leave to ask from you, as Counsel to the Cor-

poration, your opinion whether under the terms of the contract it can or cannot now be legally declared by this Department void and the work re-let.

At a meeting of the Board held this day.

The following resolution of the Common Council was received:

Resolved, That the subject of increasing the pay of Inspectors employed upon sewers, from two dollars to three dollars per diem be and is hereby referred to the Croton Aqueduct Department with power to make said increase if in its opinion it be proper.

Adopted by the Board of Aldermen September 12, 1853.

Adopted by the Board of Assistants October 10, 1853.

Approved by the Mayor October 15, 1853.

D. T. VALENTINE, Clerk, Common Council.

Whereupon, after consideration of the subject, it was

Resolved, That said increase be allowed on all sewers put under contract after January 1, 1854.

THEO. R. DE FOREST, Secretary.

December 6, 1853.

The Board met this day by special call, all the members present.

Elias L. Smith, Esq., President, in the chair.

The special business of the meeting was the consideration of a proposition to allow the Avenue C and Fourteenth street sewer to proceed in its construction after the 1st day of December, contrary to the notice given to the contractors to suspend their work on that day in accordance with the provisions and agreements entered into by the contractors with the Department. Mr. Porter G. Sherman, the contractor was duly notified to appear before the Board, and appeared accordingly. Mr. John Pettigrew, his surety, and others interested in the construction also gave their attendance. The opinions taken were as follows:

Mr. Lowber is interested in property adjoining and in the construction of the sewer; described the situation of the property, the condition of the sewer and the present drainage, which last, in his opinion, could not be continued without damage to the parties interested. No special reservation or agreement has been made with the owners of the property through which the drainage is now made, and in the event of their building on such lots the stoppage of the drainage would be complete, and the effect of such stoppage would be the cause of immense damage to the whole district drained by the Avenue C sewer.

Mr. Ogden complained mostly from personal inconvenience in his business arrangements. He concurred in the opinion of Mr. Lowber as to the damage which would result from the stoppage of the work. The gas company are now laying brick in cement.

Samuel R. Smith—Work done in freezing weather and exposed to frost would be rotten. Work may be laid in lime mortar in freezing weather, but not in cement without being covered immediately.

Mr. Pettigrew said that the sewer could be completed in two weeks of good working weather.

The contracting parties offered to enter into proper stipulations to make good any defect arising from improper work being done.

The Board now went into private consultation on the subject, which resulted in Mr. Craven offering the following:

Under all the circumstances I have made up my mind to consent to the prosecution of the work under the following provisions:

First—The work which was laid on Saturday, December 3, to be taken up.

Second—That no work shall be done hereafter except on such days or parts of days as shall be designated by an Inspector who will be placed on the work. That the contractors shall not commence work on any day before the time designated by such Inspector nor proceed with it at a later hour in that day than said Inspector may direct.

Third—That there shall be as many Inspectors as there are different points at which work in masonry being done at the same time. Said additional Inspectors to be paid by the contractor two dollars per day, but only for such days as they may be actually on the work.

Fourth—That a bond in \$10,000 be given to the Corporation through this Department by some responsible third party, that any portion of the work which in the ensuing spring may prove to have been injured by the frost shall be immediately made good, and that any part of the arch of the sewer which may give way before the first day of August next shall, within five days after notice thereof, be repaired in a manner conformable to the general specifications of the present contract.

Fifth—That these provisions together with the considerations which have actuated the Board in this matter be entered at length on the minutes.

Note—A bond with articles of agreement in accordance with the above was drawn, which the parties refused to sign and which are filed, together with a letter from P. G. Sherman containing his reasons for refusal.

A second bond was drawn by the President which was signed by Mr. Pettigrew after an interlineation had been made by him, which is also on file.

On the 14th of December the Board again held a meeting on the subject, at which Mr. Craven offered a resolution that the sewer in question be not accepted unless under a bond from Mr. Pettigrew that any portion of the arch built after the 1st of December which might give way before the 1st of August next be repaired by the contractor according to the terms and under the conditions of the agreement first made and assented to by Messrs. Sherman and Pettigrew.

The President thought such proposition untenable, and after some remarks showing that the Department had been committed in some degree by the action of the Inspector in charge, and setting forth the difficulties under all the circumstances of maintaining this position, Mr. Craven consented to waive the consideration of his resolution and substituting the following:

Resolved, That Mr. Sherman be notified that Simeon Pomeroy has been appointed as the Inspector over the work and that such portions of the work as shall be specially pointed out by him as defective and not in accordance with the provisions of the contract will be rejected, and that is the unanimous decision of the Board.

Which having been unanimously agreed to, the Board adjourned.

THEO. R. DE FOREST, Secretary.

Note—A letter in accordance with the above resolution was addressed by the President, a copy of which is also on file.

At a special meeting of the Board.

Present—Messrs. Smith, De Forest and Craven. Held December 27, 1853.

A letter from Robert J. Dillon, Esq., Counsel to the Corporation, dated December 24th inst., relating to the act passed June 30, 1853, for taking lands for a new reservoir was read, and on motion of Mr. Craven the following preamble and resolutions were adopted:

Whereas, The Board on the 9th day of February, 1852, resolved that the ground comprised between the Fifth and Seventh avenues and Eighty-sixth street and Ninety-sixth streets be and the same is hereby appropriated to a new reservoir; and

Whereas, Section 1 of "the act to facilitate the acquisition of lands for a new reservoir in The City of New York, passed June 30, 1853" provides that "The Croton Aqueduct Board in The City of New York, for and in behalf and in the name of the Mayor, Aldermen and Commonalty of The City of New York, are authorized to acquire title to all such lands, tenements, hereditaments and premises lying between Eighty-sixth and Ninety-sixth streets, and Fifth and Seventh avenues, or as much thereof as they may deem desirable for the purpose of constructing a new reservoir in The City of New York, under the authority of the Common Council"; therefore be it

Resolved, That this Board deem it advisable and necessary that title to all the lands and premises lying between said Eighty-sixth and Ninety-sixth streets, and Fifth and Seventh avenues, be acquired with as little delay as possible for the construction of said new reservoir.

Resolved, That the Counsel to the Corporation, Robert J. Dillon, Esq., be and he is hereby requested to take the necessary measures in behalf of this Board to ac-

quire title to all the lands and premises lying between the said streets and avenues, pursuant to the provisions of the act above named.

A copy of the above proceedings was communicated to Mr. Dillon, with letter as per letter book.

January 6, 1854.

At a special meeting of the Board held this day, all the members present.

The following resolutions were, after discussion, adopted, nem. con.:

Resolved, That the annual compensation of Henry L. Robertson, Sewer Permit Clerk, be increased from one thousand to twelve hundred dollars per annum.

Resolved, That the salaries of Seymour V. Moody, Gilbert H. White, Edmund E. Dean and Thomas Hook be increased to eight hundred dollars per annum each, and they hereafter be designated as Clerks in the Croton Aqueduct Department.

Resolved, That the compensation to John Concklin, Messenger, be increased one hundred dollars per annum.

Resolved, That the wages of Alexander Thompson, Messenger to the Chief Engineer's office, be fifteen dollars per month.

Resolved, That the increased compensation allowed by the preceding resolutions take effect from the 1st of January, inst.

THEO. R. DE FOREST, Secretary.

February 9, 1854.

At a special meeting of the Board held this day, all the members present.

A communication was received from Robert J. Dillon, Esq., inclosing the annexed petition to the Supreme Court, and requesting the attention of the Board to the same. Whereupon it was

Resolved, That the paper as presented by the Counsel be signed by the Board and that the blank in the petition for the appointment of Commissioners be filled with the following names: Daniel Dodge, James Kelly, Abraham Turnure.

PETITION

Supreme Court.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York by the Croton Aqueduct Board of said City, relative to the acquiring of lands for a new reservoir in the said City, between Eighty-sixth and Ninety-sixth streets, and the Fifth and Seventh avenues in said City.

To the Justices of the Supreme Court of the State of New York.

The application and petition of the Mayor, Aldermen and Commonalty of The City of New York by the Croton Aqueduct Board of said City.

Respectfully Sheweth:

That, in pursuance of the provisions of the act of the Legislature of the People of the State of New York, entitled "An act to facilitate the acquisition of lands for a new reservoir in The City of New York," passed June 30, 1853, the Croton Aqueduct Board in The City of New York "have deemed it advisable for the constructing a new reservoir in The City of New York, to acquire title to all those lands, tenements, hereditaments and premises as lie between Eighty-sixth and Ninety-sixth streets and the Fifth and Seventh avenues in said City as the same are laid out under and by virtue of the act entitled, "An act relative to improvements, touching the laying out of streets and roads in The City of New York and for other purposes," passed April 3, 1807.

That said lands and premises are situated and bounded and contained as follows, that is to say:

All that certain piece or parcel of land situate, lying and being in The City of New York and bounded and described as follows: Beginning at a point where the northerly line or side of Eighty-sixth street intersects the easterly line or side of the Seventh avenue, and running thence northerly along said easterly line or side of the Seventh avenue two thousand five hundred and fifty-three feet four inches to the southerly line or side of Ninety-sixth street; thence easterly along said southerly line or side of Ninety-sixth street one thousand eight hundred and twenty feet to the westerly line or side of the Fifth avenue; thence southerly along said westerly line or side of the Fifth avenue two thousand five hundred and fifty-three feet four inches to the northerly line or side of Eighty-sixth street, and thence westerly along said northerly line or side of Eighty-sixth street one thousand eight hundred and twenty feet to the point or place of beginning, as laid down and colored blue on the map annexed to the petition in the above entitled matter, entitled "Map of the lands required to be taken for a new reservoir in The City of New York."

GARDNER A. SAGE, City Surveyor.

Dated January, 1854."

And your petitioners pray that this Honorable Court will be pleased, in pursuance of the act aforesaid, to appoint three competent and disinterested persons, being citizens of the United States, Commissioners of Appraisal for the purpose of performing the duties relative to the premises prescribed in and by the said act.

And your petitioners further show that they have caused notice of the presentation of this petition to the owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises aforesaid, to be published in five public newspapers having a large daily circulation and published daily not less than thirty days before presentation of this petition, and printed in the City of New York pursuant to the provisions of the said act, as will further appear by the copy of such notice and the affidavits of due publication of such notice or advertisement hereto annexed and marked respectively Sched. A, B, C, D and E.

Your petitioners nominate

of The City of New York, three competent and disinterested persons, being residents of the said City and County of New York and citizens of the United States, as Commissioners of Appraisal, for the purposes and matters aforesaid, and they pray that the said three persons so nominated by them, may be appointed such Commissioners of Appraisal and that they may be directed to make their report to your Honorable Court in the premises without unnecessary delay.

And your petitioners will ever pray, etc.

In witness whereof the said The Mayor, Aldermen and Commonalty of The City of New York have caused the above petition to be verified by the signature of the Croton Aqueduct Board of said City.

March 24, 1854

The Board met this day. All the members present.

The subject of an application from the Water Police for an increase of compensation was considered, and after debate resulted in the following, which was adopted:

Resolved, That the wages of Oscar F. Briggs, Israel Stickle, Clark Vanderbilt, Tobias Laurence, Samuel Phillips, John Hopper, William Rowe, Elijah F. Ward and Nicholas E. B. Snyder be increased from the first day of May ensuing to the sum of two dollars per day, and that James J. Bevins, Francis Degez, David Sherwood, Isaac Scott and Phillip Jonas be discharged from and after the first day of May.

The President introduced the application of Samuel R. Smith for an increase of wages, Mr. Smith applied for three dollars per day.

The Board granted an increase to two dollars and fifty cents per day conditioned upon an increase of duty, to be made known to him in writing (a copy of which is on file), the increase to take place from and after the first day of April.

Adjourned.

THEO. R. DE FOREST, Secretary.

June 2, 1854.

At a meeting of the Board held this day, all the members present.

The following were presented by the President, and after discussion were adopted, the President and De Forest in the affirmative and Mr. Craven in the negative:

Resolved, That hereafter the instructions to the Water Police in relation to the ordinance prohibiting the use of Croton water for washing streets, etc., be as follows, to wit:

That on said officer perceiving any person so using the Croton water, he shall thereupon deliver to the head of the family then present on the premises, or in the absence of such head, to some person of suitable age on the premises, a copy of the ordinance and inform such person that such use of the water is a violation

of such ordinance, and thereafter report to the Water Register in each case of such use, the street and number, the date, the hour and the manner in which said use of the water was made, and with whom he had left a copy of said ordinance.

That the Water Register, on receiving and filing said report, shall enter into a book to be provided for such purpose an abstract of said report, showing in proper columns the street and number, the date, the manner the water was used, with whom a copy of the ordinance was left, and the name of the officer making the report. And upon any premises being so reported for the second time, that said Water Register then send to the occupant of the premises a notice that a penalty of two dollars has been incurred.

That the name of each member of the Board be appended to the notices.

September 1, 1854.

At a meeting of the Croton Aqueduct Board held this day, all the members present.

The following preamble and resolution was unanimously adopted:

Whereas, Among other damage by the freshet in Croton river on the 30th of April last, the road bridge at the foot of the dam was totally destroyed, and it being necessary to rebuild the same at the expense of the City, they having agreed to maintain that structure; and

Whereas, It is recommended by the Chief Engineer that said bridge shall be constructed of iron in accordance with Whipple's patent, there being a sufficient sum in the unexpended appropriation for the same; it is therefore

Resolved, That this Board concur in the recommendation, and that a proposal for such construction be received from Mr. Whipple.

March 6, 1855.

At a meeting of the Board held this day. All the members present.

The following preamble and resolution was unanimously adopted:

Whereas, A suit having been commenced against the City by James J. Bevins and others for the recovery of back pay under a resolution of the Common Council, and the same having been settled under an opinion of the Corporation Counsel that the City had no good grounds for defense; and

Whereas, Other parties then and now in the employ of the Department have equally good claims for payment, it is therefore

Resolved, That the pay awarded to the parties in the said suit shall also be given to the following-named parties, to wit:

Elijah F. Ward, Nicholas E. B. Snyder, William Rowe, Tobias Laurence, John Hopper, Israel Stickle, Samuel M. Phillips, Oscar F. Briggs, Clark Vanderbilt and Isaac Scott, and that Mr. Robertson be directed to pay the same on the next regular pay day, taking the individual receipts of the above-named parties for the sum so paid.

THEO. R. DE FOREST, Secretary.

March 10, 1855.

Resolved, That the President be and he is hereby authorized to make an advance of 80 per cent. on the amount of iron pipes and branches delivered by the contractors at the pipe yard under existing contracts, which advance is to be made before they are inspected and approved, and the return thereof made to this office by the Foreman of the yard; but the Water Purveyor shall in each case of such advance furnish a certificate in writing that the said pipes and branches are, in his judgment, of the usual length, thickness and quality.

THEO. R. DE FOREST, Secretary.

May 11, 1855.

At a meeting of the Board held this day, all the members present, the following preambles and resolutions were unanimously adopted:

Whereas, It has hitherto been the practice of the Department in cases where buildings used for manufacturing and other purposes were supplied with water by meter measurement to exempt such buildings and establishments from the regular rates as established by law; and

Whereas, By a decision in the Superior Court, all buildings of every class and character are subject to the regular rent as fixed by law and cannot be exempted from the payment of the same; be it therefore

Resolved, That the regular rents on all buildings situated on "lots adjoining any street or avenue in which distributing pipes are laid" and from which they are or may be supplied with water, whether through meters or otherwise, shall be collected by the Water Register in the manner and at the time prescribed by law; and it is further

Resolved, That the rents fixed and chargeable on all such buildings and establishments as may be supplied through meters, shall be at the rate of ten dollars for every twenty-five hundred square feet of ground measurement, and that on the subsequent settlement for extra water there shall be deducted from the meter measure two thousand gallons for each dollar paid as a regular rate, that quantity being allowed for the domestic purposes of the establishment, and the extra rate only shall be charged on the surplus used after the deduction of the said quantity.

THEO. R. DE FOREST, Secretary.

June 18, 1855.

At a meeting of the Board held this day, all the members present, the following was presented and adopted:

Whereas, Default has been made by the contractors for building the sewer in Division street, from Allen to Chatham square, and in Hammersly street, from Houston street to the North river, in not paving the same in accordance with the stipulations of their several contracts; and

Whereas, Due notices have been served on the parties and the same remain unattended to; therefore be it

Resolved, That the work be done under the direction of the Water Purveyor, and that the moneys expended in the performance of said work be deducted from the amount now withheld from said contractors in accordance with the agreement mutually entered into between them and the Board.

August 4, 1855.

The Board met for the purpose of considering whether a final certificate should be granted to Charles Devlin, contractor, for sewer in Thirty-seventh street, between Tenth and Eleventh avenues.

It having appeared on an examination into the matter that one hundred feet of said sewer was constructed in violation of the stipulations of the contract, and that the Inspector refused to give a certificate for such portion, the Board

Resolved, That that portion of the sewer laid down in freezing weather, to wit, about one hundred feet, must be taken up and rebuilt.

September 25, 1855.

The Board met at the call of Mr. Craven for the consideration of a request on the part of Mr. John Slatery, contractor, for a sewer in Seventy-ninth street, from Fifth avenue to East river. When it appeared that the work is nearly completed, the exception being a portion below the avenue where the embankment is some twelve feet above grade, and further that the time under the provision of the contract for the execution of the work has long since expired.

Mr. Slatery requests that the Inspector be withdrawn until such time as he shall remove the embankment to grade, he having a contract for grading the same street.

The Board in considering the subject can find no good reason for withdrawing the Inspector during good working weather, as such withdrawal will only prolong the time of completion, and as no new obstacle has interposed, the one in existence being well known at the time of making the contract.

They therefore refuse to accede to the request.

New York, December 31, 1855.

At a special meeting of the Board held this day, all the members present. A number of petitions for an increase of wages were received, viz.: Keegan and White, Foremen of the Jobbing Gangs; P. Brannagan, Foreman of Pavers; sundry persons, Foremen of Sewer Cleaners; sundry persons, Calkers, and from Peter W. Nerius, in charge of the meters.

The first four of which were referred to the Water Purveyor for an examination and report; the last was laid on the table for further consideration and action.

The Water Purveyor stated that he required two additional Water Police, which was granted. Mr. Van Schaick named Mr. McArthur of the Twelfth Ward as one of them, which appointment the Board approved of; the other person to be named and appointed by the Purveyor.

The salary of John Conklin, Messenger, was, on motion of Theodore R. De Forest, increased one hundred dollars per annum.

It was also directed by the Board that the Secretary notify Mr. Edward Greene, Temporary Clerk, that the duties of his appointment having been completed the Board do not require his further service and that the Clerk take his name from the payroll.

It was also further ordered that the Secretary inform Mr. Thomas Hook, one of the regular Clerks, that complaint has been made against him of carelessness in the performance of his duties and he cautioned him against further cause of complaint, and that he have a probationary trial of six months, at the end of which time if the cause of dissatisfaction be not removed he should be dismissed from office.

New York, January 7, 1856.

A special meeting of the Board was held this day, all the members present.

The Water Purveyor reported on the petitions for increase of wages referred to him favorably as to White and Keegan, and adversely as to the other parties.

The salary list was taken up for consideration, and on motion of Mr. Craven, the offices of Messengers and Superintendents were directed to be taken therefrom and placed on the several appropriate heads of expenditure.

The wages of Samuel White and James D. Keegan were increased from fourteen to fifteen dollars per week.

The salary of George A. Lucas, Assistant Engineer, was increased from \$1,250 to \$1,450 per annum.

The salary of Henry L. Robertson, Clerk to the Board, was increased from \$1,200 to \$1,400 per annum.

The salary of Alexander F. Dodge, Contract Clerk, was increased from \$1,000 to \$1,200 per annum.

The salaries of John M. Morenus, Jacob E. Howard, Edmund E. Dean, Gilbert H. White, Seymour V. Moody and Thomas Hook were severally increased from \$800 per annum to \$1,000, and the Clerk was directed to make said alterations on the salary payroll of the Department.

New York, September 26, 1856.

At a meeting of the Croton Aqueduct Board held this day, all the members present.

Mr. Craven presented the following communication from George A. Lucas, Assistant Engineer, viz:

New York, September 20, 1856.

Dear Sir—I hereby present through you to the Croton Aqueduct Board my resignation of the office of Assistant Engineer, to take effect on the first of October next, or sooner, if practicable.

Deeply regretting that at any time during our official intercourse I should have been of trouble to you,

I remain yours, etc.,

G. A. LUCAS, Assistant Engineer.

A. W. CRAVEN, Chief Engineer.

The resignation was thereupon accepted.

Mr. Craven proposed Mr. John C. Winder to fill the vacancy, and presented the following testimonials in his favor:

New York, September 25, 1856.

Mr. John C. Winder, Civil Engineer, has been engaged with me in the practice of his profession in the Croton Aqueduct Department. Mr. Winder has a good practical and theoretical knowledge of his profession. He is faithful and earnest in the performance of his duties, and I feel great confidence that he will give satisfaction in any position which he may take under the direction of the Croton Board.

Yours, etc.,

GEORGE S. GREENE.

Brooklyn, September 25, 1856.

Mr. Winder has been for many years connected with me on public works as an assistant engineer, and I bear cheerful testimony to his industry, capacity and success in every duty which has been intrusted to him.

JAMES P. KIRKWOOD, Civil Engineer.

Mr. Winder was appointed and the Board adjourned.

THEO. R. DE FOREST.

New York, October 17, 1856.

At a meeting of the Croton Aqueduct Board held this day, all the members present. It was

Resolved, That as the construction of a conduit or a continuation of the Aqueduct over the High Bridge would not elevate the water in the City, would injure the beauty of the noble fabric, and might in time impair its durability, and would be comparatively expensive, therefore the additional supply from the Aqueduct should be brought over the bridge in perfectly sound, strong and well laid iron pipes, and as the pipe can be laid in a few months, it will not be necessary to ask for an appropriation for that purpose until some progress has been made in the construction of the reservoir.

The above resolution was passed, Messrs. Van Schaick and De Forest in the affirmative, Mr. Craven in the negative. The following resolution was passed, each member voting in favor:

Resolved, That it is the duty of this Board to proceed in measures for the construction of the new reservoir for Croton water on the ground appropriated for that purpose between the Fifth and Seventh avenues and Eighty-sixth and Ninety-sixth streets, and that the plans for its construction be so drawn.

The following was also proposed by the President and lost, Mr. Van Schaick in favor and Messrs. Craven and De Forest against:

Resolved, That John B. Jervis, Esq., be and he is hereby appointed Engineer on the new reservoir at a salary of \$2,000 a year, to commence at a time when an appropriation for the work shall have been made by the Hon. the Corporation, and for any services rendered by him in the intermediate time he shall be paid at the same rate.

New York, October 22, 1856.

At a meeting of the Board held this day, all the members present.

The following preamble and resolution were offered and unanimously adopted, viz.:

A difficulty having arisen between this Department and the contractor for the construction of the sewer in King street which necessarily called for resurvey of the line and the Department have satisfactorily ascertained that the profile and grade furnished by you as the surveyor of the work has errors so material in their nature as to compel them to pass the following resolutions:

Resolved, That the appointment of Peter H. Dreyer as surveyor on the King street sewer be and the same is hereby revoked and that he be discharged from further employment on said work.

Resolved, That the above be communicated to Mr. Dreyer attested by the Secretary.

May 2, 1857.

At a meeting of the Board, all the members present.

Mr. Craven officially announced the death of John Geary, Keeper of the Receiving Reservoir.

Messrs. Simeon Pomeroy, Ralph Ellis, William Geary were announced as candidates for the vacancy, and, after due consideration, Ralph Ellis was appointed.

The following resolution received the unanimous consent of the board, viz.:

Resolved, That on all appointments of superintendents on the Aqueduct, it shall be considered positively requisite that the person appointed shall be a practical mason.

Adjourned.

THEO. R. DE FOREST, Secretary.

May, 22, 1857.

At a meeting of the Board all the members present, the following resolutions were presented by Mr. Craven and were unanimously adopted:

Whereas, The extraordinary size of the new reservoir about to be built makes it of vital importance that all steps taken to insure stability in the work and to prevent the possibility of failure, and whereas in view of these considerations the members of this Board feel that no reasonable precaution should be omitted before the commencement of the work; therefore

Resolved, That the specifications for the earth and rock work which have been drawn up and submitted to the Board by the Chief Engineer be referred to John B. Jervis, Esq., with a request for his opinion and for any suggestions which he might lay before the Board tending to make the said specifications more perfect.

By the same—

Whereas, The contractor for the grading of the Fifth avenue at and above Fifty-second street is now filling over the entire width of the avenue with large rocks, thereby covering up to a great depth the two thirty-six inch pipes which are the main arteries for the supply of the whole City with water, and whereas such filling might in case of a break in either of said pipes make it impossible to reach them for repairs, except at a loss of time, which might cause immeasurable distress and injury to the entire City; therefore

Resolved, That the Street Commissioner be respectfully requested to cause the contractor to leave a space of twenty feet in width over the said two lines of pipes free entirely from rock filling over the said two lines of pipes, said request being forced upon this Board by a proper regard for their duties in the preservation of a continuous supply of water, and not being intended in anywise to impinge upon or interfere with the duties or prerogatives of the Street Commissioner.

Adjourned.

THEO. R. DE FOREST, Secretary.

June 6, 1857.

At a meeting of the Board, all the members present.

The following preamble and resolution was offered by the President and approved:

Whereas, The preparations to construct the new reservoir entirely on its own grounds, in conformity to the resolution of this Board of the 17th day of October last, were not completed in time to commence work on the 1st of April, as was contemplated in the last annual report, and a committee from the Commissioners of the Central Park have lately introduced to the Board at this office the subject of the exchange of grounds provided for by an Act of the Legislature, and

Whereas, It appears from estimates made by Mr. Green, Engineer in charge, that there will be a saving to the City of from \$200,000 to \$260,000 in the cost of constructing the reservoir if the change is made, therefore it is

Resolved, That the Board do consent to the change as laid down on the map prepared by the Engineer and this day signed by the members of the Board.

June 18, 1857.

The case of John Slatery, contractor for the sewer in the Third avenue from Seventy-ninth to Eighty-fourth street, being a claim for relief from extra time on the construction of said sewer, the delay being caused by an injunction issued at the instance of the Third Avenue Railroad, from which he was finally relieved by the withdrawal of the injunction by the said railroad company.

The following was the unanimous opinion of the Board:

"That the case properly belongs to the Common Council for adjudication."

July 15, 1857.

At a meeting held this day, George S. Green was unanimously appointed Engineer in charge on the construction of the new reservoir.

A hydrographic survey of the basin above Croton Dam was ordered, and Morley was appointed to make said survey.

Crosby was appointed to assist, and the necessary instruments to be furnished by the Department.

October 19, 1857.

At a meeting of the Board held this day, at the hour of 12.15 p. m., all the members present, it was

Resolved, That the contract for the construction of the new reservoir, the bids for which were opened on the 26th day of August, be given to Messrs. Fajrichild & Co. as the lowest legal bidders under the provisions of the Charter.

At a meeting of the Board the house at Croton dam was directed to be sold at auction to the highest bidder in accordance with the provisions of the Charter.

April 3, 1858.

At a meeting of the Board held this day it was, on motion of the President, Resolved, That the Chief Engineer be requested to go to Albany for the purpose of preventing the passage of the bill now before the Legislature by which it is intended to convert the High Bridge into a public or private road.

April, 1858.

At a meeting of the Board it was

Resolved, That the salary of George S. Green, Engineer in charge over the new reservoir, be and is hereby fixed at the sum of twenty-five hundred dollars per annum. Said increase to take effect from this date.

May 21, 1858.

At a meeting of the Board held this day it was

Resolved, That a surveyor as Inspector of Sewer Connections be appointed at a per diem compensation of two dollars. The appointment and regulation of duty to be fixed at a subsequent meeting of the Board.

Resolved, That the Assistant Keeper at the receiving reservoir be kept on duty Sundays, and that he receive pay for such service at the same rate as on week days.

May 29, 1858.

At a meeting of the Board held this day, all the members present, it was

Resolved, That in future no bills for work and repairs on the dwellings of the Superintendents, or in the improvements of the grounds about them will be allowed unless said work be specially ordered in writing by authority of this Board, and that no bills for workmen or materials be paid unless the entire time and materials charged shall have been occupied or used in the necessary preservation and repair of the Aqueduct property and not in and about the dwellings of the Superintendents.

June 1, 1859.

At a meeting of the Board held this day it was, on motion of Mr. Craven, Resolved, That a person be appointed as an Inspector of Sewer Connections whose duty it shall be to be present at each connection made under the authority of a permit obtained from this Department to see that the same is properly made and without injury to the main sewer, and that the instructions for his guidance under this appointment and for the government of Plumbers and Masons be prepared and printed for the use of each.

June 5, 1855.

At a meeting of the Board held this day, all the members present, it was Resolved, That Elijah T. Lewis, Samuel Phillips, Tobias Laurence and William Rowe be discharged from service as Water Police, to take effect on Saturday, the 12th proximo, and at a meeting held on the 7th instant the following persons were appointed to fill the vacancies, viz:

Stephen Bonnel, J. Phillips, John G. Deer and Jacob H. Conklin.

February 10, 1859.

A communication from Mr. P. Dickenson, plumber, of Reading, Pa., respecting a new hydrant, was received and laid on the table.

May 7, 1859.

An application was made by the Central Park Commissioner for the use of a hydrant on Seventy-first street for experimental purposes, which was granted.

January, 1859.

The following communication was received from the President of the Central Park Commission:

Board of Commissioners of the Central Park,
New York, January 10, 1859.

To the Croton Aqueduct Board:

I have the honor to transmit herewith a copy of a resolution adopted by the Board of Commissioners of the Central Park at its meeting on the 6th instant and in accordance therewith respectfully request that, as the proposed road around the new reservoir will, if constructed form a feature of the park of great beauty and very attractive to the public, and as it can be constructed at a very much diminished expense, that the Croton Aqueduct Board grant permission to the Board of Commissioners of the Central Park to construct a road upon the embankment around the reservoir, appropriated for the reservoir under such rules as may be necessary for its safety and the purity of its water.

Respectfully,

AND. H. GREEN, President.

Note—No resolution received with the above.

January 12, 1859.

At a meeting of the Board, all the members present, the following was adopted: Croton Aqueduct Department,

January 12, 1859.

To the Commissioners of the Central Park:

Gentlemen: The following preamble and resolution have been this day adopted by the Croton Aqueduct Board:

Whereas, The Board of Commissioners of the Central Park have made application to this the Croton Aqueduct Board for permission to make a bridge road from which all vehicles are to be excluded around and near the top of the bank of the new reservoir, now under construction by the Board; and

Whereas, This Board deems it a duty as far as it can be done consistently with the perfect preservation of the works committed to its charge, to co-operate in any measure which will add to the attraction of the park and render it more acceptable to the public; therefore

Resolved, That the said Board of Commissioners of the Central Park be and are hereby authorized to construct a roadway upon and over the outer slope of the embankment of the new reservoir, and upon the land or ground taken and reserved for the said reservoir, under the following conditions, viz:

First. That the said bridge road shall be used exclusively by persons on horseback and no wheeled vehicles shall ever be permitted to travel upon it; that it shall not be in width more than — feet; that the surface shall be at least 2 feet in elevation below the top of said reservoir embankment, and that its inner boundary line shall not at any point be nearer to the top of the inner slope of said embankment than 25 feet horizontal measurement.

Second. That the said Commissioners of the Central Park shall construct and maintain at the expense of said Commission a permanent and well-defined barrier between said road and the said embankment, made as follows:

A perpendicular wall of masonry shall bound the side of said bridge road which is nearest to said embankment, and shall act as a retaining wall for said embankment when the top thereof shall be widened out to the line of said wall; within this wall and on the top of the reservoir embankment aforesaid there shall be a thick hedge so close to the wall as to cover by its branches the top of it, and to form in connection with it the barrier required. Said wall to be in no case less than two feet above the surface of the bridge road aforesaid, and the aggregate height of the wall and the hedge together not less than six feet above said road surface; said hedge may be made of any shrub that has not large and spreading or deep roots, which may injure the embankment. The said Commissioners of the Central Park may at their option construct said barrier of other materials than is stated above, provided the masonry wall shall be not less than two feet high as above stated, and the whole barrier not less than six feet high, and be of durable character.

Third. That at whatever level the said road may be below the top of said embankment, the foundation of the said wall shall not pass the line of the outer slope of said embankment as built or laid out, nor shall any improvement be made or work done which will require the disturbance in any way of the said outer slope.

Fourth. That at points sufficiently close to each other for the purpose required, there shall be in the wall aforesaid monument stones designating by figures the distance (horizontal measurement) to the outer line of the reservoir property as defined by the exchange made between the Board of Commissioners of said Park and the Croton Aqueduct Board, and as shown on a plan or map signed in triplicate on the day of , and filed in the offices of the Comptroller of the City, of the said Commissioners of the Central Park and the Croton Aqueduct Board, respectively. That within this line the Croton Aqueduct Board shall retain all the control necessary to the proper preservation of the reservoir and the purity of its waters, and may at any time enter upon any work necessary for the repair and improvement of its embankment, or the conduit and pipes leading through it, without further reference to the existence of said bridge road than that it shall not be needlessly injured or obstructed, and, further, that within this line there shall be no trees planted, nor shall there be planted any shrubbery other than the hedge above mentioned, and such plants as may be approved by the Croton Aqueduct Board as not likely to injure in any way the reservoir embankment.

Fifth. That the said Commissioners of the Central Park shall organize and enforce such police regulations as the Croton Aqueduct Board may from time to time decide to be necessary to prevent said road becoming injurious by reason of its proximity to the reservoir.

Sixth. That the said Commissioners of the Central Park shall on sites convenient to the Gate Chambers of the new reservoir permit the Croton Aqueduct Board to erect dwellings for the Keepers of the said new reservoir and of the present receiving reservoir.

The above resolutions were copied immediately and served on the Central Park Commissioners, who, after some delay, returned the same with objections and amendments, through their President, Mr. Green, for which see copy with interlineations in pencil, on file.

February 3, 1859.

The Board met for the consideration of the objections and amendments of the Central Park Commissioners to the resolutions of January 12 ult., all the members present, when the following resolution, with preamble, was presented by Mr. Craven, and adopted:

Whereas, On further consideration of the resolution passed January 12, which acceded to certain propositions of the Commissioners of the Central Park, under certain conditions, the members of this Board are convinced that the interests committed to their charge cannot be properly preserved unless the whole of the reservoir ground be retained under its absolute control; therefore

Resolved, That the resolutions of the 12th instant referred to be and are hereby rescinded.

THEO. R. DE FOREST, Secretary.

Notwithstanding the above rescission of the Board, the Central Park Commissioners, through their President, urged a reconsideration of the whole matter, which resulted as follows:

March 28, 1859.

The Board met again to consider the application urged by the Commissioners of the Central Park for permission to construct a road on the outer slope of the embankments for the new reservoir, when, after discussion, the following resolution was adopted:

Resolved, That while this Board feel every desire to aid as far as possible in beautifying the Central Park, they are convinced that they are not vested with any authority to part with any portion of their jurisdiction over the Croton Aqueduct Works.

THEO. R. DE FOREST, Secretary.

May 20, 1859.

At a meeting of the Board held this day, all the members were present.

The following resolution was offered by the Chief Engineer:

Whereas, It has been found (by the Chief Engineer) that the excavations within

the lines of the new reservoir do not furnish stone of sufficiently good quality to make a suitable facing for the interior slopes, if laid dry, but that the same stone will make a good slope wall if laid in hydraulic cement; therefore

Resolved that the said slope wall be laid in cement to such extent as the nature of the stone may make it advisable, such change and such character of work being provided for in the contract.

The above was amended by inserting the words "Chief Engineer," as above in (), and as amended passed.

March 9, 1859.

Presented by Mr. Van Schaick—

At a meeting of the Board held this day, all the members present, it was unanimously

Resolved, That the Assistant Commissioner and the Chief Engineer of this Department shall examine the certificates which the Engineer in charge of the work on the new grand reservoir may give to contractors according to contract or for the payment of salaries or daily compensation to the engineering corps, and that, being satisfied of the correctness of the prices and quantities charged and the compensation made, they shall sign the said certificates in conjunction with the President in the same manner as the certificates on account of sewers are signed by the Board.

THEO. R. DE FOREST, Secretary.

June 10, 1859.

At a meeting of the Board held this day, all the members were present.

The following resolution was adopted:

By Mr. Craven—

Resolved, That immediate measures be taken to provide duplicate maps of the pipe distribution of the City, one copy of which to be kept for daily use, and the other in such place of safety, as provision against the contingency of the loss of one of them by fire or otherwise, as the Board may determine.

Meeting of the Board, all present.

July 11, 1859.

Also Mr. Coleman and Mr. Fairchild.

Mr. Craven read the following paper, with the remark of Mr. Green on the subject of the grubbing, with the extracts from the specifications of the contract:

Mr. Coleman exhibited the practice as found in contract for original Croton Aqueduct Doc. 55, 1837, in which the grubbing is particularly specified.

McAlpin specifications for water works at Albany, in which the grubbing is a separate item, also on Brooklyn Water Works.

Keifer, for Water Works in City of Hamilton, page 39.

McAlpin, on Canal and Basin at Albany, to new Baltimore. Contract on New York and Erie Canal.

Contract on New York State Canal.

Albany and Susquehanna road, excavation includes grubbing.

Also another specification not named.

Mr. Coleman views the concluding sentence in section 5 to include only grubbing on the ground occupied by the embankments.

The contractors make objection at the time of commencing the work of grubbing, as they found it to be more extensive than they supposed.

The contractors do not now claim for the grubbing, but for the separation of the material suitable for the embankment from the roots.

Remarks of the engineer in charge on written application of the contractors for pay for grubbing, etc. Points in the contract bearing on this subject.

Sec. 4. To clear the ground to be occupied by the reservoir and its appurtenances of all soil and other matter not suitable for embankments. To excavate the interior of the reservoir or basins and, with the proper earth, to form the embankments as far as suitable for that purpose.

Sec. 5. All soil and all vegetable matter and mud to such depths as the engineer may at any point determine is to be removed from all space within the lines of the water slopes of the reservoir bank and placed in spoil banks, etc.

Id. All stumps and roots shall be grubbed out of the ground to be occupied by the embankment, and all wood roots and rubbish shall be removed from the ground and burnt before the puddle or embankments are commenced.

Sec. 16. (Last clause). The object is to make the embankments as compact and impervious to water as the nature of the material will admit of, and all work on puddle and embankments must be done in a thorough workmanlike manner with a view to accomplish this object.

Prices for work, page 10-E, for all excavation, whether hard pan, quicksand, stones, boulders, or otherwise, excepting solid rock which requires blasting, and excepting boulders more than one-half a cubic yard in capacity, and for disposing the materials according to the specifications in spoil banks or in refilling excavations, etc.

The grubbing was ordered as being required by the letter and spirit of the specification. Sec. 4, "other matter" clearly includes roots from which the ground was to be cleared.

Sec. 5. The latter part of 5 Sec., viz.: "and all wood roots and rubbish shall be removed from the ground and burnt before the puddle and embankments are commenced," this was intended to apply to all the reservoir ground and clearly requires the separation of the roots and rubbish. The 16 Sec. requires the work to be done in the most perfect manner.

I think that the above clauses of the contract clearly justify me in ordering the grubbing to be done. Prices for work (page 10 P). This clause establishes the prices following for, in all respects, completing the work according to the specifications and the requirements of the engineer under them. This clause was depended on for covering the work done in grubbing.

The above are the points which I presented to the Board at the former time when the subject was discussed on which Mr. Craven presented as my grounds of decision.

GEORGE I. GREENE,

Eng. Chg. New Res.

July 7, 1857.

The above reasons set forth by Mr. Greene as the grounds on which he gave the order for the separation of the roots from the earth, for which the contractors claim extra compensation, are the same which were given by him at the time the matter was first brought before our Board.

I considered Mr. Greene perfectly justified in giving the order, and think it was a proper and judicious act.

At the time the matter was discussed I thought that the contract specifications so far provided for the separation ordered that it was doubtful whether our Board had any right under those specifications to make extra allowance therefor. Further consideration of the question and all the sections bearing on it lead me to the following conclusions: That the material in question cannot be considered as analogous to that generally understood as material from which roots and perishable matter are to be removed. The ordinary culling of roots, in my view, applies to cases where their occurrence is comparatively occasional or where they occur from bringing material from an improper place or from ground over which the ordinary grubbing has been improperly done.

In this there seems to have been a mass of undergrowth extending over a large space, with the roots penetrating and generally worked through the earth to a considerable depth below the surface. The contractors allow that they might have been obliged to grub up and remove that mass of roots and all and deposit the whole in such place designed for improper material as the Engineer might direct without extra compensation, but claim that to separate the roots entirely from such a bed was unusual, and was not contemplated by them.

In this position I think they have reason on their side. It seems to have been a continuous mass of roots, requiring unusual labor and unusual implements in this separation for the purpose of saving material, and giving them, in my opinion, ground for claim to reasonable extra compensation.

The quantity of good material saved by the operation made it judicious in the Engineer to give the order for separation, even had he been obliged to order it confidently in the first place as extra work.

A. W. CRAVEN, C. E.

August 15, 1859.

At a meeting of the Board held this day, all the members present.

By Mr. Craven—

Resolved, That the Assistant Commissioner act as Secretary of the Board.

March 27, 1860.

At a meeting of the Board held this day, the following communication was received:
To the Croton Aqueduct Board:
In carrying on the work of the Central Park during the coming season the Commissioners of the Central Park will require an adequate supply of water for the various purposes of construction.

The system of pipes for irrigating the park is, as far as completed, connected with the syphon over the west wall of the reservoir. It will be a very great convenience if water can, by means of the pipes, be had at various points on the park, as required.

The Commissioners of the Central Park respectfully request that the Croton Aqueduct Board give instructions to allow them to draw water from the reservoir by means of the syphon as it is required.

Very respectfully,

AND. H. GREEN, Comptroller of the Park.

The following resolution was adopted:

Resolved, That the application of the Central Park Commissioners to draw water by means of the syphon over the west walk of the reservoir be granted, with the reservation on the part of this Board to stop the extra supply whenever the interest of the City should, in their judgment, demand it.

Application of the officers of the Tradesmen's Bank to extend vault beyond the curb stone was denied.

April 24, 1860.

At a meeting of the Board held this day for the consideration of the resolutions offered by the Chief Engineer at the last meeting in relation to the inspectors and contractors on Sixth avenue, the Board having visited the several works in progress, found that contractors generally were not fulfilling their contracts in accordance with the specifications, and that the work on said avenue was being done as well as any other work in progress, although found as charged by the Chief Engineer, and there appearing to be a general impression on the part of contractors and inspectors that the specifications were not meant to be carried out, it was deemed advisable, after consultation, to give all parties having contracts definite notice that the Board will exact compliance with the specifications on all contracts, and that any material deviation therefrom will be cause for the immediate discharge of the Inspector and the suspension of the work in progress. Which was adopted.

Mr. Herriman reported that superintending the making connection with sewer in Essex street, opposite No. 162, he found the crown of said sewer four inches thick.

Mr. Craven offered the following:

Resolved, That Caspar Andes, the Inspector on building sewer in Essex street, be dismissed from further employment as Inspector.

Adopted.

Resolved, That a contract be entered into with Mr. E. B. Peet for granite for gate houses, for cut range masonry ten dollars, dimension cut stone masonry thirteen dollars and fifty cents, to be delivered at wharf at Hell Gate.

Adopted.

At a meeting of the Board held this day, the application of Mr. Benson for a four-inch pipe with three inch meter attached to supply the washing establishment in Mott street was granted.

The application of Mr. Doolittle for the privilege of using a portion of the land over the Aqueduct was denied, being contrary to the general rules found necessary by the Board for the protection of the Aqueduct.

The Engineer submitted the plans and the report of the Commissioner for bringing an extra supply of water across the High Bridge. After examination and discussion it was

Resolved, That the pipes now on the bridge remain as they are, to be used in case of accident, and that the water be brought over in a wrought iron pipe (galvanized) seven and a half feet in diameter, and that the Engineer in charge make the necessary inquiries and report at as early a day as possible when the material and work can be procured to the best advantage. Said pipe to be placed in the centre of the bridge, and two feet from the present pipe, and that the walls be carried up to a proper height, coped and an iron railing placed thereon in accordance with plan shown. The pipe to be arched over and pavement laid in cement between the said walls so as to make the same water tight, the estimated cost thereof, \$188,500.

The Engineer was directed to prepare an agreement with Messrs. Fairchild, Walker & Co. to build the gate houses for the new reservoir, they agreeing to do all the work similar to that in the contract for the new reservoir at the same prices as charged therein, and for all other work, being stone masonry and iron work, to receive 5 per cent. on the cost thereof, as full compensation for superintending, furnishing labor and all materials, derricks, etc., connected therewith in setting the said stone masonry and iron work.

May 1, 1860.

At a meeting of the Board held this day, the Engineer in charge of High Bridge improvement reported, on application of Mr. Cheesebrough for steamboat landing at High Bridge, that all the ground belonging to the Department at High Bridge would be wanting during the progress of the work, and that a dock would be required for the landing of the material for the improvement. The application was therefore denied, it being contrary to the general usage of the Department, they having at all times forbid the use of any portion of the Aqueduct grounds except for the use it was originally intended.

Application of Mr. H. Young to build vault beyond the curb stone in Leonard street, laid over.

Communication from Mr. Peet that he had transferred his quarry to Mr. Stevens, who was ready to make contracts for granite. (On file.)

The following resolution was adopted:

Resolved, That a contract be entered into with Mr. Stevens for granite on the same terms as agreed upon with Mr. Peet.

At a meeting of the Board held this day, application of Mr. Bird to extend vault beyond the line of the curbstone, he having executed a lease of the premises in February for five years, as per plans, which show the vault as part of the agreement, the lease and plans being submitted to the Board.

The application was granted.

Application of Mr. Snooks to build vault in Duane street beyond the line of the curbstone. The said vaults were commenced during the past year and party walls built with owners of adjoining property, but want of means delayed the work. Evidence of the above laid before the Board. The application was granted.

By Mr. Craven—

Whereas, A question has arisen as to the legality of the resolutions under which this Board is now proceeding with the improvements at the High Bridge, and the

lowering the main pipes on the Eighth avenue by "days' work" instead of by contract.

Resolved, That until his Honor the Mayor decides whether he will approve of the prosecution of the work in its present form, all the said work at the High Bridge and Eighth avenue be suspended.

Adopted.

Resolved, That an advertisement for 40,000 pounds pig lead be inserted in the papers and that a contract for that amount be made.

June 1, 1860.

At a meeting of the Board held this day.

Mr. Craven stated to the Board that on the assumption of work on sewers in April last the contractor, D. McGinn, of the sewer in Thirty-ninth street, between Eighth and Ninth avenues, was notified to commence his work, and that the said contractor declined to do so until some agreement was made in settlement of claim he had on account of certain extra work alleged to be made necessary by an alleged error in the grade marks given. Mr. Craven further stated that after this refusal was put in writing by said McGinn and presented to the Board, he, Mr. Craven, called on the Corporation Counsel to know whether this Board had authority to make any settlement whatever in regard to extra claims, and was told that the Board had no such authority, that the contractor must go on and finish the work and put in his claim afterwards. Much time was lost after this in trying to induce the contractor to go on, and finally he modified his claim so far as to demand that an agreement of arbitration should be made. To Mr. C.'s inquiries of the Corporation Counsel on this point, answer by the C. C. was given that this Board had no authority to accede to it, but that the Comptroller had certain powers in the settlement of old claims, and that he could make such disposition of the case as in his judgment would be proper. Mr. C. then urged the contractor to see the Comptroller on the subject, and after much time lost he, the contractor, told Mr. C. that he had sent to or seen the Comptroller, but could get nothing satisfactory from him. After this interview Mr. C. was enabled to see the Comptroller for the first time on the 30th of May, and was told by him that he did not think it a case for present adjustment, and that so far as he was concerned the contractor must finish his contract. Mr. C. then called on the Corp Counsel, and on a statement of the answer of the Comptroller, was told by the Corp Counsel that there was nothing left for this Board to do but to notify the contractor to proceed with his work, and on his neglect to do so to readvertise the work. After which statement Mr. C. offered the following resolution:

Resolved, That the contractor for the sewer in Fortieth street, Tenth avenue to Ninth avenue, through Ninth avenue to Thirty-ninth st, and through Thirty-ninth street to Eighth avenue, be directed to resume his work on said contract within three days from the service of a notice to that effect, and that should the said contractor refuse or neglect to resume his work as directed that the unfinished portion of his work be readvertised and relet immediately.

Adopted.

Mr. Craven laid before the Board a certificate from Dr. I. C. Peters, his physician, stating that in his opinion a change of air had long been necessary for his health, and that now it had become imperatively necessary. Mr. Craven then announced his intention of leaving the City on the 4th of June for about two weeks.

John Russell, first; Laurence Langan, second, and James Martin, third, were appointed Inspectors on Sewers, their pay to commence when the works are started.

Charles Fredericks was appointed Inspector on State street.

John Wolfe was appointed Inspector on Thirty-sixth street, between Fifth and Sixth avenues.

The appointment of Inspectors on Amity and Reade streets was laid over.

Adopted.

By Mr. Craven—

Resolved, That the Water Purveyor notify the contractor for paving Twentieth street what is necessary to be done to the work before the same can be received, and that he notify Mr. Baird, the contractor on Forty-second street, to clean the street so that he can see what is necessary to be done thereto to make the same in accordance with the contract.

Adopted.

Application for a new meter on Nos. 22 and 24 Frankfort street.

Granted.

By Mr. Craven—

Whereas, A contract has already been entered into for the furnishing of pipe four feet diameter intended for a better connection between the receiving and distributing reservoirs; and

Whereas, The necessity for completing the whole of the work contemplated in this connection during the present season is imperative; therefore

Resolved, That proposals be at once invited for all the work necessary in grading the bed for the pipe, and in putting the pipe properly down, including all the haulage from the wharves at which it may be delivered by the manufacturers, and all the cost of lead, yarn and other materials necessary for the work.

Resolved, That the time for opening the proposals made under the advertisement be 12 m. on Monday, the 18th of June, and that the proposals be at that time opened and the work awarded, unless previous action of the Common Council shall make it necessary to do the required work otherwise than by contract.

Which were adopted.

By Mr. Craven—

Resolved, That I. I. Noble be suspended from duty as Inspector until the Mayor shall have time to investigate certain charges alleged against him.

July 6, 1860.

At a meeting of the Board held this day, Mr. Craven offered the following preamble and resolution:

Whereas, On the 1st of May last an Inspector was selected by this Board to supervise the sewer about to be constructed in Sixth avenue between Fifth and Fifty-first streets; and whereas his Honor the Mayor (who had already claimed that all Inspectors under this Department should be sworn by him) refused to swear in said Inspector in consequence of certain charges which he stated had been alleged against him; and whereas, on motion of Mr. Craven, the Chief Engineer, said Inspector was suspended from the work in order to give his Honor the Mayor an opportunity of investigating the said charges, and the Mayor was duly advised of said suspension; and whereas, by a letter dated June 9, the Mayor informed this Board that the charges against the said Inspector were disproven, but notwithstanding said letter or note and said exculpation, his Honor still refused to swear in said Inspector, giving said Inspector as a reason for said refusal that he had promised the contractor on said sewer not to swear him in; and

Whereas, Acquiescence in such a reason for dismissal of any Inspector would tend to a total subversion of the ability of this Board to have any of the work committed to its charge performed honestly and according to the contracts made on behalf of the parties assessed; therefore

Resolved, That the Inspector aforesaid be reappointed on said sewer in Sixth avenue, according to the original selection and action of this Board. Said appointment being by virtue of the authority given by the Charter to this Board to appoint Inspectors on all work for the faithful performance of which this Board is, by the same charter, held solely responsible.

Mr. Tappen offered the following amendment:

Whereas, Mr. John Russell having been appointed Inspector on the above-named sewer, and the Board believing him to be fully competent to have the work performed in accordance with the specifications for the same, they see no reason to change the said Inspector, he having been appointed without solicitation of either contractor or Mayor.

At a meeting of the Board held this day, all the members present.

The following resolution was adopted:

Resolved, That the advertisement calling for proposals for digging the trenches and laying the pipe through the Central Park, from the gate houses of the New Reservoir, together with the proposals received thereon, be submitted to the Corporation Counsel for his examination, and that his opinion be requested as to whether under the law passed April 16, 1860 (chapter 449), this Board has not the right to make such selections from the said proposals as they may deem most advantageous to the City, or whether they are precluded from such action by the law passed April 17, 1861, and also that his opinion be asked whether in case no one of the parties bidding under this advertisement other than the lowest can be selected on the terms of his bid as put in, this Board is not at liberty to reject all the bids and proceed to finish the work in such manner as they may deem the interests of the City require.

Whereas, The Commissioners of the Metropolitan Police have consented to detail eight men as constant guard at the High Bridge to protect it so long as this Board may deem it necessary; therefore

Resolved, That the Temporary Watchmen or Special Policemen placed as a night guard at the bridge by this Board be discontinued when said Policemen are so detailed, and the Commissioners of the Police notified thereof.

The following correspondence was ordered to be engrossed on the minutes:

May 7, 1861.

JAMES BOWEN, Esq., Superintendent M. Police:

Dear Sir—Our Board has deemed it advisable to place upon certain exposed positions of the Aqueduct a sufficient force to protect it from injury during the day and night. The force so employed in this County and on High Bridge amounts to 38 men, including reliefs. They have been sworn in as Special Policemen by your Board. The Comptroller of the City objects to paying men for this service, on the ground that the regular police is sufficiently large to allow special details to protect the public property. Please inform us at your earliest convenience if the above number of men can be detailed from the regular force for special duty on the Aqueduct.

Yours respectfully,

THOS. B. TAPPEN, Assistant Commissioner.

May 8, 1861.

T. B. TAPPEN, Esq., C. A. Board:

Sir—The Board of Police will afford such general protection to the Croton Aqueduct, in this County, as is extended to other public works and buildings, but it is impossible with the present police force to grant the special protection which your Board seems to require for the Croton Aqueduct.

Very respectfully,

JAMES BOWEN, President.

May 8, 1861.

R. T. HAWS, Esq., Comptroller:

Dear Sir—(A copy of the above note).

In view of the above, this Board has deemed it necessary to continue the guard that they have appointed on the Aqueduct for the present, but will dispense with them as soon as, in their judgment, it will be safe so to do.

Yours respectfully,

THOS. B. TAPPEN, Assistant Commissioner.

The work on the pavement of Thirty-first street, between Sixth and Seventh avenues, and on Fiftieth street, between Second and Third avenues, being suspended on the 13th inst., by order of the Board, on account of violation by the contractor of the provisions of the contracts.

Resolved, That the contractor for said streets be required to take up the pavement now laid, and remove entirely from the ground such blocks of stone as do not conform in dimensions and character to the specifications, and that he also remove from the ground such stone now delivered on the line of the work but not laid, which do not accord with the specifications. That after the objectionable stones are thus removed, and the roadbed properly prepared, the contractor be permitted to go on with the work in accordance strictly with the specifications.

Resolved, That should the contractors, after thus resuming work, still continue to violate the terms of their contracts, that the said contracts be declared void, and that the work be finished by this Board in the manner provided for in said contracts.

Resolved, That the provisions of the above resolutions be carried out under the direction of the Water Purveyor.

February 27, 1862.

At a meeting of the Board held this day, all the members present, the following communication was received from the Central Park Commissioners:

To the Croton Aqueduct Board:

I think it will be practicable to construct the carriage road on the line as shown on the plan heretofore sent to you at the northeast corner of the Reservoir, so that the surplus material now lying on the Reservoir slope at that point may remain undisturbed, provided the Croton Aqueduct Board will remove a like amount of material, say from five to six thousand yards, from points to be designated on the Central Park, to conform the slope of the Reservoir to the park lines, and also put the same amount of muck they propose for the Reservoir slopes on the slopes as adjusted to the park lines—the haul of this amount of material not to be materially, if any, longer than the haul would be to remove the material now at the northeast corner of the Reservoir to the points on the Reservoir slopes where it is required.

Will the Croton Aqueduct Board have the kindness to advise me at its earliest convenience whether the above proposition will be acceptable?

February 21, 1862.

Very respectfully,

AND. H. GREEN, Comptroller of the Park.

A. H. GREEN, Esq., Comptroller, C. P.:

Dear Sir—In reply to yours of the 21st inst. the Board have decided that so far as regards the muck on the slopes the proposition be accepted, providing the contractors are not delayed in finishing the outer slope. As regards the removal of the material at the northeast corner of the Reservoir, the contractors will be directed to remove a sufficient quantity to give a proper slope to the embankment to such place as you may direct within the limits of the contract.

Respectfully,

THOS. B. TAPPEN, Assistant Commissioner.

The Commissioners of the Park rendered a bill amounting to eleven hundred and seventy-six dollars and seventy-two cents for expenses they claimed to have been put to by laying the pipe through the park to August 31, 1861. At a meeting of the Board held this day.

Mr. Henry Howard was appointed Inspector of Vaults, Areas and Cisterns.

A communication was received from the Mayor informing the Board that the Grand Jury had indicted the Mayor, Aldermen and Commonalty of The City of New York for keeping the receiving basins in a filthy condition.

The following reply was directed to be sent to his Honor the Mayor:

Sir—The Croton Aqueduct Board beg leave respectfully to acknowledge the receipt of yours of the 3d inst., informing them of a communication received by you from the District Attorney stating that the Mayor, Aldermen and Commonalty of the City had been indicted by the Grand Jury of the County for maintaining a nuisance in the Sixth Ward, in that they kept the receiving basins in a filthy condition, to the great damage of the good people of that neighborhood.

In reply to which, it may be proper to state, that for the keeping of the various sewers and receiving basins clean and in good repair, we asked for an appropriation of \$30,000 for the current year; this, notwithstanding our remonstrance, was reduced to \$20,000.

Being desirous of keeping the expenditure within this limit, and knowing that during the summer months the necessity for maintaining the sewers and basins in proper cleanliness was of much greater importance than during the remainder of the year, an increase of the force usually employed in these operations was delayed until the first of the present month.

Early in the spring, from complaints received at this office, we were satisfied that the persons employed in street cleaning were in the practice of washing a large portion of the filth of the gutter into the basins. The attention of the Superintendent of the Police was promptly called to this matter in the hope that the same would be remedied. Should this practice, however, be continued the additional expense thrown on this Department will make an additional appropriation under the head of Sewers, Repairs and Cleaning for the current year imperatively necessary.

An additional force, as before stated, is, however, now employed, and the source of the particular complaint referred to will in a few days be removed, and it is hoped that no occasion will in future be found for complaint as to the condition of the sewer and basins in any part of the city.

Very respectfully, your obedient servant,

THOS. STEPHENS, President.

By Mr. Craven—

That a sufficient force be put on to clean the sewers and basins forthwith.

October 18, 1864.

At a meeting of the Croton Aqueduct Board held this day.
Present—Robert L. Darragh and A. W. Craven.

The Board took up the consideration of the resolution of the Common Council, approved by the Mayor October 13, and received October 15, directing this Board to alter grade of sewer in Thirty-eighth street, between Eighth and Ninth avenues, "provided that a satisfactory arrangement can be made between the Croton Aqueduct Board, the Comptroller and the contractor."

Messrs. Darragh and Craven, together with Laurence Rock, the contractor, called upon the Comptroller to endeavor to make the desired arrangement. The Comptroller said it was impossible to make any arrangement whatever involving expenditure, inasmuch as he had no appropriation from which he could legally draw any money. After some further conversation with this Board, finding it impossible to come to any agreement under said resolution, the contractor announced his determination to go on with his original contract, whereupon he was told that he would find the Inspector and the plans of the work ready for him whenever he commenced work.

November 9, 1864.

At a meeting of the Croton Aqueduct Board held this day.
Present—Robert L. Darragh and A. W. Craven.

On motion of Mr. Craven, it was

Resolved, That the resolution in regard to land of Eliza B. Jumel, described in a resolution passed at a meeting of this Board on the 26th day of October, 1864, be amended so as to read as follows:

Commencing at a point marked "D" on the plan where the line between the property of Eliza B. Jumel and the property of Richard F. Carman intersects the line of the property now owned by the City and known as the land appertaining to the Croton Aqueduct near the south gate house of the High Bridge, and running north 50 degrees 28 minutes west 109 9-10 feet; thence north 56 degrees west 536 8-10 feet to the easterly line of Tenth avenue; thence at right angles to last line and along said avenue line south 34 degrees west 444 8-10 feet; thence at right angles to last line south 56 degrees east 563 8-10 feet; thence at right angles to last line north 34 degrees east 189 4-10 feet to middle of granite post at head of the present staircase; thence at right angles to last line south 56 degrees east 92 7-10 feet to land line of Croton Aqueduct; thence on said land line north 47 degrees 16 minutes east 131 6-10 feet; thence on said land line north 25 degrees 12 minutes east 104 5-10 feet; thence on said land line north 46 degrees 33 minutes east 13 7-10 feet to the point of beginning, the same containing 6 434-1,000 acres, more or less.

Mr. Richard F. Carman was present by request to enter into negotiation for the sale of Lot No. 2, described in the resolution of this Board, adopted the 26th day of October, 1864, and selected by this Board as ground necessary for their purposes in the contemplated extension of the water works in Carmansville and the upper part of the City.

After negotiation, Mr. Carman stated that the least amount he would accept for said land was four thousand and six hundred and forty-six dollars (\$4,646).

On motion his offer was laid over for further consideration.

On motion of Mr. Darragh, Mr. Craven was authorized to visit Madame Jumel on the part of the Board and obtain from her the terms on which she will sell to the City the ground described in the first resolution of this meeting.

Mr. Lawrence Rock presented a claim for damages suffered during construction of sewer in Fifty-third street, between Sixth and Seventh avenues, and claimed that said damage was occasioned by a leak in Croton pipe, and amounted to \$5,000. The existence of the leak and the probability of damage therefrom was admitted, but the Board decided that it was not in their power to pass any such bill or make an adjustment. Mr. Rock was told that his only recourse was a suit at law, and that if he commenced proceedings and did not lay claim to more than he was actually entitled to this Board would not interpose any obstacle to his obtaining his just dues.

Mr. Patrick Lynch appeared before the Board in reference to his claim for remission of 159 days' overtime of Inspector in constructing sewer in Forty-third street, from Eleventh avenue to Hudson river. After discussing the subject Mr. Lynch was informed that no allowance could be made for delay occasioned by the water or the obstructions of the bulkhead, but that if he had been made to excavate lower than the grade established he would be allowed whatever was right. To this end he was told that the Surveyor would be sent up to-day to level the line of the sewer as now constructed, and see whether any portion of the discrepancy claimed really existed. To this Lynch objected, saying the Surveyor would not be likely to correct himself. He was then told that one of the Assistant Engineers would be sent up also to test the accuracy of the Surveyor's levels.

He said that he did not care about bothering men in regard to the matter and would let the assessment list go in as it is—would prefer to let it go.

Bill of Mr. Moore for filling well, corner of Mercer and Grand streets, amounting to \$18.37, was allowed.

A communication was received from Mr. William Cowan asking to have his salary increased. On motion of Mr. Darragh, his salary was increased to the sum of four dollars per day, to take effect on and after the 5th day of December next.

On motion of Mr. Craven, the salary of the Engineer appointed to examine steam engines, water meters, etc., was increased from \$1,200 to \$1,500 per annum, to take effect on and after the 1st day of January next.

Application of Mr. Sexton (through a resolution of the Common Council referred to this Board with power) to tap the Aqueduct at ——— street, was, on motion, denied.

The following communication from Mr. Chase was received and read, viz.:

Madame Jumel believes that the plot of ground belonging to her situated at High Bridge, consisting of seven acres and 6-1000 of an acre more or less, and which the Corporation of the City of New York propose to take for the purpose of introducing the Croton water into the upper end of Manhattan island, would bring on a sale by auction for cash an average price of six hundred and fifty dollars, say, lots 25 by 100 feet. To avoid the expenses which the City would necessarily have to incur to ascertain the value of the property by Commissioners she would be willing to convey the same to the City at the above-mentioned rate.

Washington Heights, Dec. 3, 1864.

Which proposition, together with that of Mr. R. F. Carman, made November 9, 1864, were rejected.

Mr. Daniel Webster made application to have the price of putting in taps under his contract increased.

The Board decided they could not increase the price as long as the contract existed, but were willing to annul the contract and employ him by the day. Whereupon the following resolution was adopted:

Resolved, That Mr. Daniel A. Webster be and he is hereby employed by the day to do all the tapping and plugging up of old taps as may be required by the Department, he to be at the expense of furnishing horse, wagon, men and tools required, and for such service he shall receive the sum of five dollars a day, Sundays and holidays excepted.

On motion of Mr. Darragh, it was

Resolved, That the charges on all hotels not having meters on shall be increased to such rate as will be equal, when compared with those hotels which have meters on, and pay by such measurement.

Mr. Conklin, Messenger, stated to the Board that he had taken to the Street Department requisitions for ten tons of coal and had only received eight tons. He inquired about it at the Street Department and found they had twelve tons charged against this Department. He then took over another requisition for fifteen tons of coal and had only received ten tons. The balance had not yet been received. Mr. Craven was authorized to investigate the matter, and after doing so reported that the coal which had been charged to the Croton Aqueduct Department and not delivered had been delivered to private parties.

Office of R. D. Wood & Co.,

Manufacturers of Cast Iron, Gas and Water Pipes, Etc.,

No. 400 Chestnut Street,

Philadelphia, 7th month, 29th day, 1865.

To the Croton Aqueduct Board:

In consequence of the failure to open the proposals for cast-iron pipes, offered by the undersigned on the 27th inst., at the time specified in the advertisement asking for said proposals, we hereby withdraw them.

HUGH D. VAIL,

of the firm of R. D. Wood & Co.

New York, July 29, 1865.

THOS. STEPHENS, Esq., President Croton Board:

Sir—Having bid for a sewer in Eighty-third street, from Third to Fourth avenues, in compliance with your specifications, which requested proposals for the above work at your office until 11 o'clock a. m. on the 28th inst., at which time would be publicly opened, read and the award of contract made, your Board met and proceeded to open bids and did open a number; at this stage of your proceedings one of the Board absented himself and no further business was transacted, thus rendering null and void further transaction in the premises. I demand, sir, the return of my bid. In the event of a refusal, and the work named be awarded to me, I positively decline to accept it or entering into a contract for the work named. With great respect, I am, sir,

Your obedient servant,

JOHN L. MORRELL,

Resolved, That Samuel M. Clark be and he is hereby appointed as Foreman of the pipe yard Twenty-fourth street, to take effect on and after the date he reports for duty.

At a special meeting of the Croton Aqueduct Board held this day to execute the contract with Messrs. McCool & Warnock for repairing streets.

Present—Messrs. Stephens and Craven.

Mr. Merwin R. Brewer appeared as counsel for Messrs. McCool & Warnock, and on reading the contract with the supplement, which, in the opinion of this Board, was necessary, in consequence of the delay which had occurred, objected to the embodying the supplement in the contract. After consultation it was suggested by Mr. Brewer and agreed to by this Board that the whole matter be postponed until tomorrow, Friday, at 3 p. m. At the request of Mr. Brewer, a note was written to Mr. Devlin, Counsel for the Corporation, asking him to meet the Board on important business at his office to-morrow at 2 p. m.

Messrs. McCool & Warnock were present with Mr. Duffy, one of their proposed securities. Mr. Brewer objected to the execution of the contract, as presented by the Board, but asked that Mr. Duffy be allowed to sign as surety in consequence of his, Duffy's, desire to leave the city to-morrow. This was objected to by the Board for reasons given. Mr. Brewer then told Messrs. McCool and Warnock that we would be ready to have them sign by 3 p. m. to-morrow. Mr. McCunn, the other surety named in the bid of Messrs. McCool & Warnock, did not appear.

At a meeting of the Croton Aqueduct Board held this day.

Present—Thos. Stephens, Robt. L. Darragh and A. W. Craven.

A complaint was received from the Water Purveyor, stating that the Third Avenue Railroad Company were taking up the pavement and changing the grade of the avenue at and in the vicinity of Seventy-fourth street. A note was sent to the Police Commissioners requesting them to cause the arrest of the persons employed in disturbing the pavement above named.

A notice was also sent to Mr. Wm. A. Darling, President of the Third Avenue Railroad Company, directing him to desist from said work and restore the pavement to its former condition and grade, and that in default of his doing so this Board would have it done and charge the expense thereof to the company.

Mr. Theo. Weston, Assistant Engineer in charge of sewerage system surveys, presented a plan for Districts Nos. 1 and 5 for adoption, whereupon Mr. Darragh offered the following resolution:

Resolved, That the plan of District No. 1 and 5, for sewerage systems, be amended so as to increase the diameter of all the sewers and pipes therein to the extent of 3 inches.

Which was lost, Messrs. Stephens and Craven voting in the negative.

Mr. Craven then moved the adoption of the plans as presented, which were adopted, Mr. Darragh voting in the negative.

The following notices were sent to Messrs. McCool & Warnock, contractors for repairing street pavements, etc.:

Croton Aqueduct Department,

New York, August 22, 1865.

To Messrs. MCCOOL & WARNOCK, Contractors for the Repairs of Street Pavements:

Sirs—Complaints having been received at this office relative to the use by you of improper materials in the prosecution of work under your contract, also as to the careless, irregular and unworkmanlike manner in which the repairs are made, also as to your neglect to make proper repairs to cross-walks, and also as to your failure to employ regularly in the work of repairs a force of not less than three hundred men, exclusive of Foremen, as specified in your contract, this is to advise you that this Board holds you to a strict compliance with each and all of the specifica-

tions and covenants of said contract, and that failure on your part to comply therewith will cause the prompt annulment of said contract, and the consequent forfeiture of all moneys owing and unpaid to you on said contract or to which you may have any claim under any of the covenants thereof.

Yours respectfully,

THOS. STEPHENS,
ROBT. L. DARRAGH,
A. W. CRAVEN.

Croton Aqueduct Department, August 22, 1865.

To Messrs. McCool & Warnock, Contractors:

Sirs—Please to take notice that, in pursuance of the covenants of the contract made with you for the repairing and repaving of the carriageways in The City of New York, and for the facilitation of the work under the same, this Board has divided the said City into seventeen districts, which are bounded and numbered as shown on a certain map of the City, appropriately indorsed, and filed in this office, a copy thereof being herewith furnished to you.

You will further take notice that this Board has determined, and accordingly herewith directs, that until notice to the contrary be given, the proportion of the specified force of 300 men, exclusive of Foremen, which must be regularly employed in each of said districts is as follows, viz.:

In each of the districts numbered from one to eleven, both inclusive, a force of eighteen men, and in each of the six other districts a force of seventeen men. In addition to the said force in each of said districts, there must be employed so many horses and carts as may be necessary to keep the force in each of the said districts constantly employed, and to carry out the specifications of the contract. You will further take notice that an Inspector has been appointed by this Board to each of said districts, whose duty it is to see that the men employed by you are competent and faithful, and that all repairs are made in a thorough and workmanlike manner. It is also made their duty to designate the order in which the repairs on any street or streets, or any particular part thereof, shall be undertaken, and also the extent to which the repairs shall be made, and generally to communicate to you or to the persons in your employ such special directions as this Board may from time to time give with reference to the performance of the work under your contract.

Very respectfully,

THOS. STEPHENS,
ROBT. L. DARRAGH,

Mr. Jacob Moore was cited before the Board relative to charges preferred against him, and in answer made the following statement, viz.:

That the men named on the payrolls of June and July have all received from him the full amount set opposite their names on the above-named payrolls as sworn to by him, and that if there is any discrepancy between the time they actually worked and the time given to them on the payroll, is owing to his mistake occasioned by his confinement to the house from the middle of June to the middle of August by the illness of his son, and after that by the illness of his daughter, and that on the 25th of this month (October) it will be six weeks since he was out of the house, having been confined with typhoid fever himself, excepting on the 19th of this month, when he was out to the gate house for the first time. In addition to this statement Mr. Moore made the following affidavit:

City and County of New York, ss.:

Jacob Moore, being duly sworn, deposes and says that he paid the men named on the payroll of Aqueduct Repairs and Improvements the full amount as set opposite their names during the months of June and July, 1865, and that he has never received any portion of the same back, directly or indirectly.

(Signed) JACOB MOORE.

Sworn to this 23d day of October, 1865, before me.

(Signed) H. L. ROBERTSON, Commissioner of Deeds.

On motion, his case was laid over until the next meeting.

Mr. James Berwick also appeared before the Board in answer to charges preferred against him, and made the following statement, viz.:

That Dennis Murray commenced work about the middle of June and worked the whole of July. In making up the payroll I copied the names from a sheet on which the time was kept, and copied his name in error. After I had returned the payrolls I was copying the same on my book and discovered the error. The next day I came down to the office to see Mr. Church, but did not see him. I did not like to speak to Mr. Craven about it. I then thought it would make no difference, as I could return the money after I received it for the men.

Mr. Peter Kerrigan appeared before the Board and made the following affidavit, viz.:

City and County of New York, ss.:

Peter Kerrigan, being duly sworn, deposes and says that he worked upon the Aqueduct and High Bridge under the superintendence of Mr. Moore, and that the following is an account of the time, as made by him, and the amount of money received for each month, respectively, as set forth:

February, 1865, 12½ days, at \$1.75.....	\$21 87
March, 1865, 6½ days, at \$1.75.....	11 38
April, 1865, did not work.....	
May, 1865, 9½ days, at \$1.75.....	16 63
June, 1865, 17½ days, at \$1.75.....	32 13
July, 1865, 11½ days, at \$1.75.....	21 60
August, 1865, 14 days, at \$1.75.....	24 50

He further states that he has never had any dispute with or any ill feeling against Mr. Moore.

(Signed)

PETER KERRIGAN.

Sworn to this 30th day of October, 1865, before me.

(Signed)

H. L. ROBERTSON, Commissioner of Deeds.

H. L. Robertson stated that he called upon Dr. Jackson, who stated that he attended the son of Mr. Moore from May 22 until July 20, and occasionally afterwards, and his daughter from August 1 for about three weeks; that during a portion of this time it required the whole of Mr. and Mrs. Moore's attention, as the disease assumed a dangerous and critical character. He thought that Mr. Moore could have attended to his business with the exception of say two or three weeks.

Resolved, That Jacob Moore be and he is hereby removed from the office of Superintendent Seventh Division Croton Aqueduct.

Present—Thomas Stephens, Robt. L. Darragh and A. W. Craven.
The following application of E. S. Dickerson, President of the Third Avenue Railroad, was presented, viz.:

R. L. DARRAGH, Esq.:

Dear Sir—We have some wooden stables on the west side of Third avenue opposite the depot. They are on leased ground. The lease expires 1st April, 1868. We have purchased almost the entire front between Sixty-sixth and Sixty-seventh streets on Third avenue, west side, and intend to remove the temporary wooden buildings on to the centre of the property purchased. I have put up fences and intend to remove the buildings at once, or at least to take advantage of all the fine days we have this winter to remove. We shall not probably build a permanent building for some years. I have made the application for a tap for water now, for the following reasons: I want it in before the ground is frozen, as I have to run the pipes to different places in the yard, and wish to do it before I put the buildings on, and because I shall have horses removed from the old stables before the 1st of January, and also I wish to have a place to get water for a small engine as a snow sweeper, to be used only when it snows. The buildings to be removed are about 400 feet long by 27 feet wide, one story. We are not increasing our number of horses—merely removing them.

We shall stop the use of water on the premises west side of Third avenue, Sixty-sixth to Sixty-seventh streets, on the 1st April, 1868. We will give the Department due notice of any further buildings or uses for water.

This Company are willing to pay for all the water used. Please grant us a one-inch tap, or as large as possible. We will pay anything that is right for the increased size above the usual size.

Please present this to the Board and oblige us with an answer as soon as possible, and much oblige,

Yours respectfully,
E. L. DICKINSON, Superintendent.

Whereupon it was
Resolved, That a $\frac{3}{4}$ -inch tap be granted until the 1 May, 1868, on the payment of one hundred dollars therefor, and on the condition that application be made to have the tap now supplying the stables opposite the depot cut off and plugged up on the 1st April, 1868.

The following communication was received:

New York, December 23, 1867.

To the Croton Aqueduct Board:

Gentlemen—The undersigned contractors for the cleansing of the receiving basins to sewers respectfully beg leave to call your attention to the early expiration of the period for which their contract was made, and in view thereof hereby apply for a renewal thereof for a similar period and on similar terms. They cannot but believe that their faithfulness heretofore in the carrying out of their undertaking will be considered as a good guarantee that they will continue to do so in the future.

Very respectfully,
FOSTER & HOLLAND.

Robert Foster, No. 214 East Nineteenth street;
Forbes Holland, southwest corner of Fourth avenue and Eighteenth street.
John Foster and John O'Donnell, securities.

Whereupon it was
Resolved, That the Croton Aqueduct Board hereby consents to a renewal for the period of four years from the 1st day of January, 1868, of the contract with Holland & Foster for the cleaning of the receiving basins and culverts throughout the City in the manner and for the terms and upon the conditions set forth in the agreement with said Holland & Foster, dated February 27, 1864, upon the express understanding that nothing herein or in said agreement contained shall be construed by said Holland & Foster as binding the Mayor, Aldermen and Commonalty of The City of New York to any payment or payments on said contract, excepting to the extent of such means as may be from time to time provided for such purpose by legislative action.

The following communication was received from Mr. A. W. Craven, Chief Engineer of the Croton Aqueduct Department:

Croton Aqueduct Department,
Office of the Chief Engineer,
New York, May 11, 1868.

Gentlemen—I beg leave to tender my resignation of the office of Commissioner and Chief Engineer of the Croton Aqueduct Department. Having been identified with this Department for very nearly nineteen years, it is needless to say that this withdrawal calls up feelings which cannot well be expressed in a letter of resignation, but it would be unjust to yourselves individually did I not add that I leave you with a conviction, based upon my experience, that the well-earned reputation of the Board will not suffer under your future management. With best wishes, I remain,
Your friend and obedient servant,

A. W. CRAVEN.

To Messrs. Thomas Stephens and Robt. L. Darragh, Croton Aqueduct Board.
Which was accepted, and the following resolution, presented by Mr. Darragh, was adopted:

Resolved, That the resignation of Mr. A. W. Craven as Commissioner and Chief Engineer of the Croton Aqueduct Department be and the same is hereby accepted.

May 27, 1868.

At a meeting of the Croton Aqueduct Board, held this day, the following preamble and resolutions were adopted:
Whereas, In view of the urgent necessity of preventing so far as may be practicable all unnecessary and wanton misuse of Croton water by the detection and the imposition of the proper penalties upon all persons who may be found guilty of violating any of the ordinances of the Corporation or of the rules and regulations of this Department relative to the supply and use of water, and thereby of incidentally affording to the public generally an ample supply of water for all legitimate purposes, and also for the purpose of protecting from injury the public works under the charge of this Department, and with the further view of securing to the City the maximum of the revenues due to it for the supply of water, it is deemed expedient by this Board to create the offices of Inspectors and Measurers of Water, not exceeding forty in number, to be attached to the Bureau of the Water Registrar, the duties thereof to be in accordance with such rules and regulations as this Board may from time to time adopt; and
Whereas, In view of the increasing business assigned to the Chief Clerk of this Board and also to the Contract Clerk it is very essential that additional clerical assistance be furnished to them; therefore

Resolved, That this Board hereby creates the offices, not exceeding forty in number, of Inspectors and Measurers of Water to be attached to the Bureau of the Water Registrar, and who shall receive pay at the rate of three dollars and fifty cents per day for each and every working day they may be so employed; and it is further

Resolved, That this Board hereby creates the offices of Assistant Clerk to the Croton Aqueduct Board and of Assistant Contract Clerk, and that the annual salaries of such Assistant Clerks is hereby fixed at the rate of fifteen hundred dollars per annum; it is further

Resolved, That this Board will hereafter, as soon as may be practicable, select such persons as in their judgment may be properly qualified for the discharge of the duties of said offices respectively.

June 24, 1868.

At a meeting of the Croton Aqueduct Board held this day.
The following preamble and resolution was adopted:
Whereas, Robert Jardine, contractor for the paving of West street, from Chambers to Watts street, has wilfully neglected to comply with a notice from this Board, served upon him on the 29th day of May last, by not taking up and relaying in a proper manner such parts of said pavement as were laid by him under his special agreement, dated December 31, 1867, therefore,
Resolved, That this Board will, under and in pursuance of the authority granted to them by said agreement, immediately purchase such materials and employ such laborers and other persons as may be necessary for and in the prosecution of the work so neglected by said Jardine, and that they will deduct and pay such expense as they may incur in so doing out of the certain sum of five hundred dollars which said Jardine has authorized them to retain out of his contract moneys and to expend for such purpose.

Resolved, That a copy of the following notice be sent to Mr. Robert Jardine:

Croton Aqueduct Department,
New York, June 24, 1868.

To ROBERT JARDINE, Contractor, etc.:

Sir—Please to take notice that the Croton Aqueduct Board are of the opinion, and do hereby certify, that the work under your contract for the paving of Second avenue, from Sixty-first to Eighty-sixth street, has been and is unnecessarily delayed; that you have wilfully violated the provisions of said contract, and that you are executing the same in bad faith, and that this Board for said reasons have this day declared said contract to be annulled. You are further notified and hereby directed to immediately discontinue all work under said contract.

Yours, etc.,
THOS. STEPHENS,

Resolved, That the following named plans of sewerage districts approved by this Board and dated September 25 and 26, 1868, be filed with the Clerk of the Common Council, Street Commissioner and Comptroller of The City of New York, as required by law:

Sewerage District No. 11 A, comprising sewer in Fourth avenue, between One Hundred and Thirty-second street and Harlem river, with branches in One Hundred and Thirty-second and One Hundred and Thirty-third streets.

Sewerage District No. 20 A, comprising sewers in Broadway, between Worth and Leonard streets, and between Franklin and White streets.

Sewerage District No. 10 A, comprising sewer in One Hundred and Fourteenth street, between Avenue A and First avenue.

Sewerage District No. 20 B, comprising sewers in Chrystie street, between Grand and Broome streets; Broome street, between Elizabeth and Mott streets; Jersey street, between Crosby and Mulberry streets, and Wooster street, between Amity and Fourth streets, and in Gay street, between Christopher street and Waverly place.

Sewerage District No. 20 C, comprising sewers in Vandam street, between Greenwich and Macdougall streets; Sullivan street, between Broome and Spring streets; Watts street, between Greenwich and West streets, and in Washington street, from Vestry street, to and through Light street to near Greenwich street.

This order was carried into effect November 19, 1868.

It was also agreed to authorize the extension of the sewer in Fifth avenue, between Fifty-second and Fifty-fourth streets, within the limits authorized in the contract for the same.

The Clerk of the Board was directed to call the attention of the Street Commissioner to the condition of the pier foot of Twenty-fourth street, East river, at which the water pipes and other heavy castings are delivered for the use of the City, and that this Board desire that such repairs be made to said pier as may be found necessary at an early day.

The following resolution was also agreed to:

Resolved, That John O'Donnell, contractor for the furnishing of cast iron man-hole frames and covers under contract dated May 18, 1868, be forthwith notified that unless he immediately upon his receipt of a copy of this resolution notifies this Board in writing of his intention to commence the manufacture and delivery of said castings in accordance with the terms and conditions of said contract, he will be considered as having abandoned it, and it will therefore be declared by this Board annulled.

At a meeting of the Croton Aqueduct Board, held this day.

The following preamble and resolutions were adopted:

Whereas, The Beach Pneumatic Transit Company, organized under an act of the Legislature of the State of New York, passed June 1, 1868, chapter 842, Laws of 1868, have by their President, A. C. Beach, made formal application to this Board for approval of their proposed operations and lines of location, therefore

Resolved, That the said Beach Pneumatic Transit Company have the permission of this Board to locate and construct their tube or tunnel from a point on Nassau street, in front of the Post Office, and between Liberty and Cedar streets, through Nassau street, and in the middle of said street, to near Cedar street; thence by a curve to the middle of Cedar street and along the middle of Cedar street to near Broadway; thence on a curve to the middle of Broadway and northwardly along the middle of Broadway to Warren street, with connections with the Post Office and with the building at the southwest corner of Warren street and Broadway, pursuant to the provisions of said act.

The top of the excavation in constructing the said pneumatic tube to be not less than two feet below the bottom of any sewers or water or gas pipes which may be located on the line on which said tube is to be built; and it is further

Resolved, That said company are authorized to open the street in Nassau street and construct a vertical shaft adjacent to the sidewalk in Nassau street six feet wide in a direction perpendicular to the street and twelve feet long parallel with the street; said shaft to be inclosed with a close fence, with an opening on the northerly or southerly side only, and provision made to take the water of the gutter past said shaft; said shaft to be used for passing materials and air in the construction of said tube; said tube to be constructed of brick laid in cement mortar or of iron and of such strength as shall insure safety to the street and to the water and gas pipes and to the sewers in all of the said streets; said tube shall not have an average diameter of more than fifty-four inches or an area greater than a circle of fifty-four inches diameter. The extreme limits of the excavation not to exceed seven feet in width and eight and a half feet in height.

No wooden support shall be left in the ground without special permission of this Board. The earth shall be firmly packed around the brick or iron tube for every three feet as the tube is built, so as to effectually prevent any settlement in the carriageway

of the street or in the sewers and water and gas pipes. All damages to the surface of the streets or to the sewers or to the water and gas pipes which shall, in the opinion of this Board, be caused by the construction of said tube shall be at once repaired by said company before further proceeding with their work.

The work of construction to be at all times subject to the inspection of the Croton Aqueduct Board or of any Engineer or Inspectors designated by them.

This Board will at any time withdraw the authority to proceed with the work of construction of the tube if at any time they shall deem the directions hereby established to be violated, or that said work is being unlawfully constructed. Also provided that no materials from the excavation or for the construction of said tube shall be deposited on the streets, excepting within the wooden inclosure, as herein provided for. Said company shall also pay for the services of an Inspecting Engineer to be appointed by this Board to see that the work is constructed according to law and the directions of this Board.

---	--------

Notice to provide fire extinguishing appliances in the following premises were signed by the Commissioner and forwarded to Acting Chief of Department for service: Nos. 316-318 East Fourteenth street, Nos. 338-340 East Fifteenth street, No. 28 West Twenty-sixth street; No. 248 West One Hundred and Fifth street; Nos. 341-343 East Fifty-ninth street; Nos. 1298-1300 First avenue.

Appointed.

BOROUGH OF MANHATTAN AND THE BRONX.

Frank L. Obergfell, Painter and Striper at Repair Shops, with compensation of \$3.50 per diem, from 26th instant.

Application was made to the Commissioners of the Sinking Fund this day to authorize a lease in perpetuity for the sum of \$500 of right to use private sewer in Cedar avenue, borough of The Bronx.

The estimates of the West Disinfectant Company, No. 26 East Fifty-ninth street, borough of Manhattan, submitted at opening of proposals for general supplies, April 7, 1903, for furnishing 1,500 gallons of disinfectant, for use in the boroughs of Manhattan and The Bronx, and 1,200 for use in the boroughs of Brooklyn and Queens, for \$1,350 and \$1,080 respectively were this day accepted by the Commissioner, it having been found, upon test made by the Department of Health, that the sample offered by them was equal to Department sample and the proposals forwarded to Comptroller for action upon the sureties. The samples submitted by Holland & Webb, Sanitas Company, P. M. Frank Disinfectant Company, R. H. Macy & Co., Abraham L. Hirsch, and J. J. Callahan, were found, upon test, not equal to the standard and their proposals were therefore rejected and filed.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to lay out as an extension to Dyker Beach Park, the property bounded by Park avenue, Seventh avenue, Fourteenth avenue and Eighty-sixth street, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 22d day of July, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by said Board on the 26th day of June, 1903, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out as an extension to Dyker Beach Park the property bounded by Park avenue, Seventh avenue, Fourteenth avenue and Eighty-sixth street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of the northerly boundary line of Dyker Beach Park with the westerly line of Fourteenth avenue; thence northerly along the westerly line of Fourteenth avenue 1,234.72 feet, more or less, to the intersection of the westerly line of Fourteenth avenue with the southerly line of Eighty-sixth street; thence westerly along the southerly line of Eighty-sixth street 3,213.36 feet, more or less, to the intersection of the southerly line of Eighty-sixth street with the easterly line of Seventh avenue; thence southerly along the easterly line of Seventh avenue 1,316 feet, more or less, to the intersection of the easterly line of Seventh avenue with the northerly boundary line of Dyker Beach Park; thence easterly along the northerly bounds of Dyker Beach Park, to the point of beginning.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 22d day of July, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 22d day of July, 1903.

The above-entitled assessments were entered on the date hereinabove given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "if any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before September 8, 1903, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

BRYAN L. KENNELLY, Auctioneer.

SALE OF LEASE OF CITY PROPERTY.

THE COMPTROLLER OF THE CITY OF New York will sell at public auction to the highest bidder of yearly rental, at the New York Real Estate Salesroom, No. 161 Broadway, Borough of Manhattan,

MONDAY, JULY 27, 1903,

at 12 o'clock m., a lease, for the term of ten years from May 1, 1903, of the following described premises belonging to the corporation of The City of New York, viz.: All that certain plot of ground, with the buildings thereon erected, known as No. 18 Tenth avenue, located on the southeasterly corner of Tenth avenue and Little West Twelfth street, in the Borough of Manhat-

tan, being about 50 feet front on Little West Twelfth street and about 70 feet front on Tenth avenue.

The yearly rental for the said premises being approved and fixed by the Commissioners of the Sinking Fund at the sum of twenty-four hundred dollars (\$2,400), upon the following

TERMS AND CONDITIONS OF SALE.

The highest bidder will be required to pay the auctioneer's fee and twenty-five per cent. of the amount of the yearly rental bid at the time and place of sale.

The amount so paid for one-quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution. He will also be required to give a bond in double the amount of the annual rent bid, with two sufficient sureties, to be approved by the Comptroller, conditioned for the payment of the rent quarterly, in advance, and for the performance and fulfillment of the covenants and terms of the lease.

No person will be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid will be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a de-

faultor as surety or otherwise upon any obligation to the Corporation, as provided by law.

No alteration shall be made in the premises except with the consent of the Comptroller, and all alterations are to be made at the expense of the lessee.

The lessee shall be required to make all repairs necessary to keep the premises in good tenable condition, including repairs to the roof at his own expense.

The lease will be in the usual form of leases of like property, a copy of which may be seen at the Bureau for the Collection of City Revenue and of Markets, Room 139, Stewart Building, No. 280 Broadway, Borough of Manhattan.

The lease will contain, in addition to other terms, a covenant or condition reserving to the Corporation the right to cancel the same upon thirty days' notice.

The Comptroller shall have the right to reject any bid if deemed to be for the best interest of the City.

By order of the Commissioners of the Sinking Fund, under and pursuant to a resolution adopted at a meeting of the Board held July 2, 1903.

EXECUTORS, ADMINISTRATORS, GUARDIANS AND OTHERS HOLDING TRUST FUNDS ARE AUTHORIZED BY SECTION 9 OF ARTICLE 1 OF CHAPTER 417 OF THE LAWS OF 1897, AS AMENDED, TO INVEST IN THIS STOCK.

SEALED PROPOSALS WILL BE RECEIVED BY THE COMPTROLLER OF THE CITY OF NEW YORK, at his office, No. 280 Broadway, Borough of Manhattan, in The City of New York, until

WEDNESDAY, THE 22D DAY OF JULY, 1903,

at 2 o'clock p. m., when they will be publicly opened in the presence of the Commissioners of the Sinking Fund, or such of them as shall attend, as provided by law, for the whole or a part of the following-described Registered Stock of The City of New York, bearing interest at the rate of three and one-half per cent. per annum, from and including the date of payment therefor, to wit:

Amount.	Titles.	Authority.	Principal Payable.	Interest Payable Semi-annually on
\$2,500,000 00	Corporate Stock of The City of New York, for the Construction of the Rapid Transit Railroad	Authorized by chapter 4 of the Laws of 1891, as amended; sections 45, 169 and 170 of chapter 378 of the Laws of 1897, as amended; chapter 7 of the Laws of 1900; and resolution of the Board of Estimate and Apportionment, adopted March 1, 1900	Nov. 1, 1952	May 1 and Nov. 1
1,000,000 00	Corporate Stock of The City of New York, for the Replenishing the Fund for Street and Park Openings	Authorized by sections 169 and 174 of the Greater New York Charter, as amended, and a resolution of the Board of Estimate and Apportionment, adopted June 12, 1903	Nov. 1, 1952	May 1 and Nov. 1

The said stock is free and exempt from all taxation in the State of New York, except taxation for State purposes, pursuant to the provisions of section 169 of the Greater New York Charter, as amended.

The principal of and interest on said stock are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to a resolution of the Commissioners of the Sinking Fund, adopted June 9, 1898.

CONDITIONS OF SALE.

As provided for by The Greater New York Charter.

- Proposals containing conditions other than those herein set forth will not be received or considered.
- No proposal for stock shall be accepted for less than the par value of the same.
- Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National Banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.
- No proposal will be received or considered which is not accompanied by such deposit.
- All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.
- If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them, at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.
- Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law, and in such denominations as they may desire.
- It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Under this provision the condition that the bidder will accept only the whole amount of stock bid for by him and not any part thereof, cannot be inserted in any bid.
- It is also provided by the Charter that these bonds, being registered, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."
- The proposals, together with the security deposits, should be inclosed in a sealed envelope indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

WEDNESDAY, JULY 22, 1903.

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 28, 1895, and recorded December 31, 1895, in Liber 1, page 496, section 21, Block 7051, in the Kings County Register's Office, in and to all that certain lot known as and by the No. 39 upon the assessment roll for the opening of Surf avenue, from Coney Island Point to land of the Prospect Park and Coney Island Railroad Company, in the late Town of Gravesend, now Thirty-first Ward, Borough of Brooklyn, in The City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments held on the 11th day of January, 1893, for the sum of five dollars and fourteen cents (\$5.14), and which said lot was thereafter leased to the City of Brooklyn for one hundred years.

The minimum or upset price at which the interest of the City in and to the said premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at the sum of eight dollars and thirty-eight cents (\$8.38); the purchaser to also pay the auctioneer's fee and one hundred dollars (\$100) for the expenses of examination, advertising, etc. The sale of said premises is to be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money and the auctioneer's fee at the time of sale, together with the further sum of one hundred dollars

(\$100) for expenses of examination, advertising, conveyance, etc. The quit-claim deed for the above-described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved.

Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held June 10, 1903.

DEPARTMENT OF BRIDGES.

DEPARTMENT OF BRIDGES, No. 13 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK, July 3, 1903.

THE COMMISSIONER OF BRIDGES WILL sell at public auction to the highest bidder, on

THURSDAY, JULY 23, 1903,

at 10 o'clock a. m., on the premises, all the buildings and parts of buildings and existing structures, with all the materials in or appurtenant thereto, then contained within the following described parcels of land, situate in the Borough of Brooklyn, in the City of New York, to wit:

Parcel A. All the buildings, fences, etc., belonging to The City of New York on the block bounded by Driggs avenue, South Fifth street, Roebeling and South Fourth streets.

Parcel B. All the buildings, fences, etc., belonging to The City of New York on the block bounded by Roebeling, South Fifth, Havemeyer and South Fourth streets.

Parcel C. All the buildings, fences, etc., belonging to The City of New York on the block bounded by Driggs avenue, Broadway, Roebeling and South Fifth streets.

Parcel D. All the buildings, fences, etc., belonging to The City of New York on the block bounded by Roebeling street, Broadway, Havemeyer and South Fifth streets.

The said buildings and parts of buildings and existing structures above referred to will be sold only on condition that the purchaser enter into a contract to remove the said buildings, structures, or parts thereof, and all materials comprising the same, including the tin, sheet-iron, pipes and refuse therein and therefrom, and that he give or furnish a bond in the sum of one hundred dollars (\$100) for each residence, store or office building so sold, and in such form and with such securities as may be required or may be approved by the Commissioner of Bridges to perform all the terms and conditions in the said contract contained.

Certain of the buildings, etc., on the several parcels do not belong to The City of New York, and said buildings, together with the fences, etc., appurtenant thereto, must be maintained in good condition and shored up, braced and otherwise protected by the contractor to the entire satisfaction of the Commissioner of Bridges and of the Building Department of The City of New York, and this shoring, bracing, etc., must be maintained by the contractor, if necessary, for a period of six months after the destruction of the adjoining buildings.

The whole of the purchase price bid and the auctioneer's fees shall be paid by the successful bidder in cash or bankable funds at the time of the sale, which sale will be made in conformity with this advertisement, the contract, specifications and bond, copies of which may be obtained at the office of the Engineer in Charge of the Williamsburgh Bridge, No. 84 Broadway, Borough of Brooklyn, The City of New York, where a plan showing the number and location of the buildings and parts of buildings may be seen.

BOARD OF ALDERMEN.

AN ORDINANCE GRANTING TO THE Ocean Electric Railway Company the right or franchise to construct and operate a street surface railway in, upon and along certain streets and highways and bridges in The City of New York.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the Ocean Electric Railway Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railway, with all connections, turnouts, switches, crossovers and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same, in, upon and along the following named streets and highways and bridges, all situated in the Borough of Queens, City and State of New York, set forth in the following description of route:

Beginning at the termination of the existing railroad tracks on Washington avenue, so-called, in Rockaway Park upon Rockaway Beach, in the Fifth Ward of the Borough of Queens; running from thence in an easterly and southerly direction along Eastern avenue to the Boulevard; thence easterly along the Boulevard to Park avenue; and thence northerly along Park avenue to the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company in what is now known as Hammels in said Fifth Ward of the Borough of Queens and City of New York.

Being a distance of about 9,430 feet or 1.8 miles.

And with the right or franchise to cross such other streets and highways and bridges (named and unnamed) as may be encountered in said route.

Section 2. The grant of this franchise is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets and highways and bridges to the con-

struction and operation of said railway shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railway is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railway by itself, and shall not include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, including equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successors in authority.

Fourth—The Ocean Electric Railway Company, its successors or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$500, and which shall be equal to three per cent. of its gross annual receipts from the route constructed under this ordinance, if such percentage shall exceed the sum of \$500. During the next term of five years an annual sum which shall not be less than \$1,000, and which shall be equal to five per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$1,000; during the remaining fifteen years of the term a sum of money not less than \$1,000 per annum and which shall be fixed and determined by the Board of Estimate and Apportionment, or its successors in authority at least three months prior to the expiration of the first term of this franchise. The gross receipts to be computed in the manner provided in section 95 of the Railroad Law.

Such sums shall be paid into the treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall only be for that proportion of the above sums as the time from the signing of this ordinance by the Mayor to September 30 next preceding said date of payment shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law as it existed at the time of the adoption of this ordinance relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railway, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns, for said franchise, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payment shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The railway and other structures constructed by the grantee, its successors or assigns under this ordinance, shall in all respects comply with the provisions of chapter 686 of the Laws of 1894, as amended.

Seventh—The grantee, its successors or assigns, shall cause to be laid, under the supervision of the municipal authorities having jurisdiction in such matters, upon and along the public highway known as the Boulevard, as hereinafter described, a good and sufficient macadamized pavement of a depth of not less than eight inches, to extend from either side of the present macadamized pavement to the curb line on the north and south sides of the said Boulevard.

The grantee shall pay the entire cost thereof, together with the cost of the necessary inspection, and no cars shall be operated under this franchise over any part of the route hereby granted, until the said pavement is fully and completely laid.

Eighth—The rights and franchises granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Ocean Electric Railway Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York acting by the Board of Estimate and Apportionment, or its suc-

cessors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Ninth—The said railway may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the New York and North Shore Railway Company, or by the underground electric system now in use by the Interurban Street Railway Company in the Borough of Manhattan, and by any other motive power, except locomotive steam power or horse-power, which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Tenth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Eleventh—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Twelfth—The rate of fare for any passenger upon said railway shall not exceed five cents between Far Rockaway, and any point westerly thereof.

Thirteenth—The cars on the said lines as proposed shall run at intervals of not more than one hour, both day and night, and as much oftener as the reasonable convenience of the public may require or as may be directed by the City ordinances; provided, however, that said railway company during the first five years of this franchise shall not be required to operate its cars on any of its lines within The City of New York between the hours of 12.30 and 4.30 o'clock a. m., each day between the first day of May and the first day of November in each year, and between 12 o'clock midnight and 6 o'clock a. m. during the balance of the year, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Fourteenth—The said railway company shall apply to each car run over said railway a proper tender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Fifteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Sixteenth—The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Seventeenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets and highways and bridges, shall have and keep in permanent repair that portion of the surface of said streets and highways and bridges, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street and highway and bridge, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper city officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Eighteenth—The said railway company, its successors or assigns, so long as it shall continue to use any of the tracks upon the streets and highways and bridges hereby granted, shall cause the entire roadway of each of the same to be watered at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit, except that when the width of any roadway between curb lines shall exceed 60 feet, then a roadway of but 60 feet shall be watered as above.

Nineteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained in this grant may be forfeited and avoided by The City of New York, by a suit brought by the Corporation Council on notice of ten days to the said railway company.

Twentieth—If any of the streets and highways and bridges above referred to, or described, shall not now be open or in use as public highways, no right or franchise therein shall vest in the grantee by virtue of this ordinance until after such streets and highways and bridges shall be legally opened as a public highway, and such right or franchise shall expire at the end of the term created by this ordinance as above set forth. Nothing in this ordinance contained shall be construed as an obligation on The City of New York, in respect to the opening of such streets and highways and bridges, nor as in any manner granting property or rights of any kind in or upon its lands now owned or occupied by it under any title, except only the public streets and highways and bridges in the usual acceptance of such terms, which are specifically referred to above.

Section 3. This grant is also upon the further and express condition that the provisions of article 4 of the Railroad Law, as it existed at the time of the adoption of this ordinance applicable thereto, and all laws or ordinances now in force or which may be adopted hereafter affecting the surface railways operating in The City of New York shall be strictly complied with.

Section 4. This grant is also upon the further and express condition that at any time after five years from the commencement of the operation of any portion of the railway hereby granted, the Board of Estimate and Apportionment, or its successors in authority, if it deems it necessary in the public interest so to do may require the grantee, its successors or assigns, in case the railway upon any portion of the routes above described shall consist of a single track, to construct and operate a second track upon any or all of the routes hereby granted, whether on streets, highways and bridges or upon any private property or right-of-way included in any of such routes so as to make a double-track railway.

Section 5. Said grantee shall commence construction within three months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the city officials and departments, and shall complete the construction of a single track railway upon all of the route hereby granted on or before July 1, 1904, otherwise this grant shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. If upon the route above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1904, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such route or portion thereof, not then constructed from and after July 1, 1904, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. Provided that such time may be

extended upon the same conditions as to forfeiture under and for causes specified in section 99 of the Railroad Law, as it now exists, and by a properly executed instrument in writing; and the Board of Estimate and Apportionment may similarly extend such time for a period or periods not exceeding one year, if, in their discretion, it seems best so to do, and that the city officials or departments who or which shall at the time of such construction have authority over the said streets and highways and bridges, may similarly extend, by properly executed instrument in writing, such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the city officials.

Section 6. If for any reason the right or franchise of the grantee in any of the streets, highways and bridges above described shall cease, or if for a period of six successive months the railway tracks upon any of such streets, highways and bridges shall not be operated as provided for in this ordinance, the Comptroller of The City of New York may require the grantee, its successors or assigns, to remove its tracks and other structures upon such streets, highways and bridges within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expense of such removal, either by deducting them from the fund deposited as required in section 7 hereof, or by action; and the rights and franchises of the grantee, its successors or assigns, in such portions of the streets, highways and bridges, in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Section 7. This grant is upon the express condition that the Ocean Electric Railway Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of two thousand dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway, and, in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headways of cars, fenders and wheel guards and the heating of the cars and the watering of the streets, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of two thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Section 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

Section 9. This ordinance shall take effect immediately.

THE CITY OF NEW YORK—OFFICE OF THE CITY CLERK, NEW YORK, July 8, 1903.

The foregoing proposed ordinance and grant of franchise was approved by resolution of the Board of Estimate and Apportionment, adopted July 1, 1903. It was received by the Board of Aldermen July 7, 1903, and on that day a resolution was adopted by the Board of Aldermen appointing the 21st day of July, 1903, for the consideration of the subject matter of said ordinance.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening BRIDGEWATER STREET, from Norman avenue to Meeker avenue, in the Seventeenth and Eighteenth Wards in the Borough of Brooklyn of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS OF Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 6th day of August, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 7th day of August, 1903, at 10 o'clock a. m.

Second—That the amended abstract of our said estimate and assessment, together with our damage and benefit maps, and also the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 17th day of August, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the easterly side of Hausmann street with the westerly side of Front street; running thence easterly and at right angles to Front street 115 feet, more or less, to a point where the same intersects the prolongation of a line drawn parallel with Bridgewater street and distant 200 feet easterly therefrom; running thence southeasterly along said parallel line to the northwesterly side of Meeker avenue; running thence southwesterly to a point distant 217 feet, more or less, southwesterly of the southerly line of Bridgewater street; running thence northwesterly and parallel with Bridgewater street to the easterly side of Hausmann street; running thence northerly along the easterly side of Hausmann street to the point or place of beginning.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse in the Borough of Brooklyn in The City of New York, on the 19th day of September, 1903, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, July 17, 1903.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND THIRTY-SIXTH STREET (although not yet named by proper authority) from Broadway to Riverside Drive extension in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court bearing date the 14th day of May, 1903, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan in the City of New York, on the 2d day of June, 1903, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block No. 2002. Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises

required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 2d day of June, 1903; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in the City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 30th day of July, 1903, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WEST TWO HUNDRED AND TWELFTH STREET (although not yet named by proper authority), from Kingsbridge road to Harlem river, in the Twelfth Ward, Borough of Manhattan, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of July, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of July, 1903, at 11 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 30th day of July, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northwesterly prolongation of the middle line of the blocks between West Two Hundred and Eleventh street and West Two Hundred and Twelfth street with a line parallel to and 100 feet northwesterly from the northwesterly line of Broadway (Kingsbridge road); running thence northeasterly along said parallel line to its intersection with the northwesterly prolongation of the middle line of the blocks between West Two Hundred and Twelfth street and West Two Hundred and Thirteenth street; thence southeasterly along said prolongation and middle line and its southeasterly prolongation to its intersection with the pierhead and bulkhead line of the Harlem river; thence southwesterly along said pierhead and bulkhead line to its intersection with the southeasterly prolongation of the middle line of the blocks between West Two Hundred and Eleventh street and West Two Hundred and Twelfth street; thence northwesterly along said prolongation and middle line to the point or place of beginning, excepting from said area, all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 22d day of October, 1903, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, June 26, 1903.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to that part of JEROME AVENUE lying between Van Cortlandt Park and that part of Jerome avenue legally opened June 21, 1870 (although not yet named by proper authority), extending from Woodlawn road to Moshulu avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, as the same has been heretofore laid out and designated as class street or road.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of July, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of July, 1903, at 1 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 4th day of August, 1903.

Third—That the limits of our supplemental and amended assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly line of Knox place with a line drawn parallel to and distant 200 feet southerly from the southerly line of Gun Hill road; running thence northerly along said easterly line of Knox place and along a line parallel to and distant 200 feet westerly from the westerly line of Jerome avenue to its intersection with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly line of East Two Hundred and Thirty-third street; thence easterly along said prolongation and parallel line to its intersection with the middle line of the block between Jerome avenue and Mount Vernon avenue; thence southerly along said middle line of the block between Jerome avenue and Mount Vernon avenue to its intersection with a line drawn from a point on the westerly side of Mount Vernon avenue equally distant from Jerome avenue and East Two Hundred and Thirty-third street and at a right angle with the said westerly side of Mount Vernon avenue; thence easterly along the said line drawn at a right angle to the westerly side of Mount Vernon avenue and its prolongation easterly to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly side of Mount Vernon avenue; thence southerly along the last-mentioned parallel line to its intersection with a line drawn parallel to and distant 200 feet northeasterly from the northeasterly side of Jerome avenue; thence southerly along the last-mentioned parallel line to its intersection with a

line drawn from a point on the westerly side of Woodlawn road equally distant from Jerome avenue and East Two Hundred and Thirtieth street and at a right angle to the said westerly line of Woodlawn road; thence westerly along said line drawn at a right angle to the westerly side of Woodlawn road to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly side of Woodlawn road; thence southerly along the last-mentioned parallel line to its intersection with a line drawn parallel to and distant 200 feet southerly from the southerly side of Gun Hill road; thence westerly along the last-mentioned parallel line to the point of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened; as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 13th day of October, 1903, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, July 2, 1903.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to MACOMB'S ROAD (although not yet named by proper authority), from its junction with Jerome avenue, opposite Marcy place, to Macomb's road, north of East One Hundred and Seventieth street, in the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 20th day of July, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of July, 1903, at 2 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 30th day of July, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of East One Hundred and Sixty-ninth street with a line drawn parallel to and distant 100 feet northwesterly from the northwesterly line of Jerome avenue; running thence northeasterly along said last mentioned parallel line to its intersection with a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of Clarke place; thence northwesterly along said parallel line and its northwesterly prolongation to its intersection with the southerly prolongation of a line drawn parallel to and distant 100 feet westerly from the westerly line of that portion of Inwood avenue lying between Clarke place and Macomb's road; thence northerly along said prolongation and parallel line and its northwesterly prolongation to its intersection with the westerly prolongation of a line drawn parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Seventy-second street; thence easterly along said last mentioned prolongation and parallel line to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of Jerome avenue; thence southerly along said parallel line to its intersection with the southerly line of Clarke place; thence westerly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of Gerard avenue; thence southerly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southerly from the southerly line of East One Hundred and Sixty-eighth street; thence westerly along said parallel line to the easterly line of River avenue; thence on a straight line to the point of intersection of the northwesterly line of Jerome avenue with a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of East One Hundred and Sixty-ninth street; thence northwesterly along said parallel line to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 20th day of October, 1903, at the opening of the Court on that day.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND EIGHTY-FIFTH STREET (although not yet named by proper

authority), between Prospect avenue and Southern Boulevard, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 14th day of May, 1903, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan in The City of New York, on the 2d day of June, 1903, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block No. 3114, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 2d day of June, 1903; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, ninth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 22d day of July, 1903, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, June 26, 1903.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or State officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.

It will be observed that the number of pending cases has been reduced during the quarter from 16,469 to 15,964. This is the first report since the time of consolidation in which the office has been able to dispose of more cases than the number commenced during the quarter. This is largely due to the fact that the decisions in favor of The City in "suspension" cases and other similar actions for salary have destroyed, to some extent, the bringing of these proceedings, for although about 750 actions for salary of various kinds were commenced during the quarter, about 1,250 similar actions were disposed of by discontinuance or dismissal.

I also call your attention to the fact that the amount of money collected by the Department during the quarter was \$819,875.26. This is, I believe, the largest amount ever collected by the Department during a single quarter, and is larger than the collections for any preceding year. The largest item in this amount was the sum of \$752,524.50, which was received from the Manhattan Railway Company in settlement of the long litigation with that company in respect to its personal taxes for the years 1895 to 1900, inclusive.

In my report for the next quarter, ending June 30, 1903, I shall probably include a semi-annual review of the work done by the Department, and for this reason I will defer any further general discussion as to the results of work of this quarter until that time, simply referring you for details to the appended schedules and reports of bureaus.

Respectfully submitted,
G. L. RIVES, Corporation Counsel.

ACTIONS AND SPECIAL PROCEEDINGS.

In the matter of The City of New York for an order to remove wooden building, Joseph B. Bloomingdale, owner, and Henry E. Evans, lessee.

The lessee had erected a large frame bowling alley at No. 214 East Fifty-ninth street, rear, without a permit and in violation of the provisions of the Building Code.

The proceeding was commenced January 23, 1903, by service of the petition, affidavits and notice of motion, Special Term, Part I., for an order empowering the Superintendent of Buildings to remove the structure. This motion was argued by me in behalf of The City on the 29th of January before Leventritt, J., and granted.

In the matter of the Tenement House Department, for an order directing fire escapes to be erected, Cornelius O'Reilly, owner.

This is a proceeding to compel the erection of sufficient fire escapes on the large apartment house at Nos. 436-438 Lexington avenue.

The proceedings were commenced on the 29th of January by the service of the petition and notice of motion at Special Term, Part I., February 4, for an order directing the erection of the necessary fire escapes or the vacating of the premises. Upon the application of the defendant's counsel this motion has been adjourned pending steps by the defendant to comply with the law.

The City of New York against Daniel Gaffney.

The defendant is the owner of the buildings Nos. 154 to 160 East Ninety-first street, conducted as the Highlands Apartment Hotel, but failed to provide sufficient fire escapes. The plaintiff also contends that the building is a hotel within the Building Code, and should be fireproof, and in many other respects violates the Building Code.

On the 7th of February an action was commenced to enjoin him from continuing to operate the hotel, to compel the erection of fire escapes, and to remove numerous other violations of the Building Code. The motion was subsequently on the 18th of March submitted to Gildersleeve, J., who has as yet rendered no decision. As a result of this action the defendant is erecting fire escapes and removing other violations, leaving for the Court's decision simply the question as to whether the building is a hotel.

People ex rel. Adam Mohl against de Forest et al.

Proceedings commenced against the Tenement House Commissioner to compel him to approve plans for certain structural changes in the light and air shaft of No. 219 West One Hundred and Fifteenth street. In this proceeding the owner of the adjoining property has been made a party. The motion has been adjourned from time to time upon application of the relator's counsel, and there is every prospect that the matter will be settled.

In the matter of The City of New York for an order to remove wooden building, The Century Paper Supply Company, owner.

A frame structure was erected within the fire limits and without a permit from the Superintendent of Buildings. This proceeding was accordingly commenced on the 31st of March by service of an order to show cause why an order should not be granted empowering the Superintendent of Buildings to remove such wooden building, and a temporary order was obtained at Special Term, Part I., March 31, 1903, restraining further work in the erection of said building.

The owner has already taken steps to remove the violation and to comply with the law.

The City of New York against William L. Hazen and Theodore E. Lyon.

This is an action to enjoin the defendants from making material alterations to the building No. 721 St. Nicholas avenue without a permit from the Superintendent of Buildings. An order to show cause, with a temporary restraining order, was served, returnable at Special Term, Part I., April 6, to which the defendants have immediately responded by taking steps to comply with the law.

Seagrist against Stewart.

Appeal argued at Appellate Division, January 9. Order modified and as modified affirmed.

Conducted trial of Inspector Holahan, a veteran of the Spanish-American War, who was charged with several violations of the rules of the Tenement House Department. After a full hearing advised the Tenement House Commissioner that there was no ground for the Inspector's dismissal.

Many of the actions begun on behalf of the Tenement House Department involve extensive repairs and improvement on the part of the defendants, so that the cases are necessarily pending for a longer time. In the great majority of the pending cases the law is now being complied with.

In addition to the penalties turned over to the two departments, we have tried five cases at Special Sessions, resulting in fines to the extent of \$150, which have been paid to the Clerk of that court.

The proceedings against tenement houses unfit for habitation have resulted in the permanent vacating of two of them. In the other cases, the owners have spent from \$500 to \$1,000 in each case on repairs and have put the property in sanitary condition. In these cases the tenants have been permitted to return.

One of the litigated cases of this nature, the Marasco case, has practically settled the validity of the vacating procedure.

During the last quarter the amendments to the Tenement House Act and the Charter have been in course of preparation, and much time has been devoted to consultation with the Tenement House Commissioner in preparing and revising some seventy-two sections of the act and in attending the hearing before the Cities Committee in Albany. The amendments to the Tenement House Act have passed the Legislature and are awaiting the signature of the Governor.

Respectfully submitted,

MATTHEW C. FLEMING, Assistant Corporation Counsel.

Report of the Counsel Assigned to the Change of Grade Damage Commission.

Report of the Proceedings to Review Certain Decisions of the Above Commission, Twenty-third and Twenty-fourth Wards, for the Quarter Ending March 31, 1903.

March 31, 1903.

Hon. GEORGE L. RIVES, Corporation Counsel:

SIR—The above Commission concluded its labors and went out of existence by the resignation of the Commissioners on September 15, 1902.

During the quarter ending March 31, 1903, the following work was done in the proceedings brought to review decisions of the above Commission.

Claim No. 968, Alexander D. Duff and others, claimants—The proceeding brought by the Comptroller by certiorari to review the award of \$8,700, made to the claimants, has been settled by payment to the claimants of \$6,525, in place of the sum awarded, the reduction being \$2,175.

Claim No. 969, Nelson Smith, Jr., claimant—The proceeding brought by the Comptroller by certiorari to review the award of \$3,700, made to the claimant, has been settled by payment to the claimant for \$3,000, in place of the sum awarded, the reduction being \$700.

Claim No. 970, William H. Mountfort, claimant—The proceeding brought by the Comptroller by certiorari to review the award of \$4,500, made to the claimant, has been settled by payment to the claimant of \$3,375, in place of the sum awarded, the reduction being \$1,125.

In the twenty claims enumerated in the annexed Schedule "A," proceedings by certiorari were instituted by the claimants' attorneys prior to the commencement of the present quarter covered by this report. During the present quarter motions were made by the defendant Commissioners to quash or supersede the twenty writs of certiorari allowed for the review of those claims upon the ground that the papers upon which the writs were granted were insufficient. These motions were denied at Special Term, Part I., of the Supreme Court, and appeals have been taken to the Appellate Division, First Department, from the orders denying the motions. A stipulation has been made under which the appeals in nineteen cases abide the result of the appeal in the case of People ex rel. Belmont and another vs. Leonard and others, Commissioners. This appeal will be placed upon the calendar of the Appellate Division for April 10, 1903. The stipulation further provides that in the event of the affirmance by the Appellate Division of the order denying the motion to quash that two of the twenty proceedings shall be argued and the other eighteen abide the determination of those two proceedings.

The only matters now pending are the twenty certiorari proceedings to review the decisions of the Commissioners in the claims enumerated in Schedule "A."

Respectfully submitted,

ROBERT C. BEATTY, Counsel in Charge.
