 2 kids? I went to Cavallaro right up the block from
 3 this BS incinerator that's been there for so many
 4 years, okay, it's gone. Much better place out
 5 here. We cleaned up the Diamonds. It's a much
 6 nicer area.
 7 I went to Nellie Bly every weekend
 8 and I had to deal with the soot and all the nasty
 9 stuff coming out of that incinerator that was
 10 there. I'm not having it.
 11 I have thirty-seven clubs behind me
 12 with at least twenty members that are ready to
 13 sign a petition. This isn't happening, okay.
 14 I'm not going to sit here and waste
 15 my time putting a ball team together to keep these
 16 kids out of the streets and out of all the garbage
 17 that's out here to have them sitting on a ballpark
 18 killing them. It's not happening.
 19 Thank you very much.
 20 (Applause.)
 21 MR. SZARPANSKI: Thank you.
 22 Our next Speaker, No. 34, Morris
 23 Steinwurzlel.
 24 (Applause.)
 25 MR. MORRIS STEINWURZEL: Good

130

1 130
 2 evening.
 3 I'm Morris Steinwurzlel. I'm a
 4 lifetime trustee of the Shore Parkway Jewish
 5 Center. And by profession I'm in transportation.
 6 I grew up in this community. I've
 7 spent most of my youth and adult life on Bay
 8 Parkway and Cropsey. I remember the hey-days of
 9 the garbage trucks rolling through trying to make
 10 their schedule. I remember the water main breaks,
 11 the backups, the traffic, the noise, the
 12 vibration.
 13 That lady brought back great
 14 memories laying in bed everyday and being shook up
 15 by the trucks bouncing.
 16 Currently, I'm member of Sea Gate.
 17 But before I get into that I'd like to say that in
 18 this facility I thank everybody for coming here
 19 and we make it available to the community. We
 20 daily have a hundred and sixty-nine children, very
 21 little people, and pre-K and Head Start that come
 22 through here everyday. They eat here, they play
 23 here, they learn here. They have to cross the
 24 streets to get here.
 25 The amount of trucks you're talking

131

1 131
 2 about bringing in, these trucks are not going to
 3 stay on route. We have some great coffee shops,
 4 sandwich shops. Once they drop their loads these
 5 guys are going to be hungry and they're going to
 6 fan out in the community. So you know, it's human
 7 nature, truckers travel on their bellies in spite
 8 of anything you hear. They will fan out into this
 9 community. We will have trucks everywhere idling,
 10 rumbling, driving through.
 11 Yesterday we had a hurricane come
 12 through here, a nor'easter. And Channel One News
 13 was out in Sea Gate watching the waves coming over
 14 the walls and what also came over was debris --
 15 giant tractor tires, pilings from piers and other
 16 things that travel the ocean and our waterways.
 17 And I was thinking, if you have your
 18 transfer station, any spillage will come into Sea
 19 Gate and will come around to Coney Island. I can
 20 attest to that. We find some very interesting
 21 things all along the beach, what's left of it.
 22 This thing is nothing but a fiasco
 23 here. What you're doing is you're going to
 24 destroy and kill a neighborhood. I understand
 25 that disposal is a big issue. There has to be

132

1 132
 2 other ways to do this. Reducing the garbage,
 3 educating people and maybe even installing garbage
 4 disposal units in the homes where we can grind up
 5 and eliminate some of the refuse.
 6 This country, this City, this
 7 population produces way too much trash. There are
 8 other ways to deal with these issues and other
 9 people came up here with some fantastic ideas.
 10 The Industrial Park at 65th Street
 11 is a fantastic place with the railhead and I don't
 12 understand why anybody would want to spend all
 13 this money, dredge up all this old dirt and toxins
 14 when as a facility, it's already available, it's
 15 just a matter of negotiating it with the railhead
 16 there and manufacturing there. It should be a
 17 no-brainer.
 18 I thank you for your time. And I
 19 thank you for coming in and hearing us. And I
 20 hope you come to a judicious decision that will
 21 spare our community. We will be praying for that
 22 at Shore Parkway.
 23 Thank you.
 24 (Applause.)
 25 MR. SZARPANSKI: Thank you.

133

135

1 133
 2 Our next speaker is No. 35, it's one
 3 name, Alvira.
 4 MS. ALVIRA: Good evening,
 5 everybody.
 6 The bottom line what we trying to
 7 explain to everyone that this is not going to work
 8 in the residential area.
 9 I am a medical professional. I went
 10 to the graduate school to learn how to treat
 11 people. Sometimes we do impossible on a daily
 12 basis trying to save people's lives and work very
 13 hard to help people with disabilities.
 14 What you are trying to do you're
 15 coming here to take away our lives and our health.
 16 We really object against that.
 17 I also would like to speak on behalf
 18 of the Block Institute, a school for special
 19 children that is located two street blocks away
 20 from the proposed station. There are little
 21 children there.
 22 Let me ask you a question: If any
 23 of you had a disabled child who was not able to
 24 walk, not able to speak, not able to make
 25 decisions and the only joy they had is to play on

1 135
 2 lived in Bensonhurst for over ten years.
 3 There's only two things that I have
 4 to say. With all due respect, but your traffic
 5 studies is pure bullshit. The study was conducted
 6 at times you believe would make your argument
 7 stand.
 8 How about conducting it thoroughly
 9 at times, for instance, the summer, winter,
 10 holidays and how about from an outside source?
 11 Have you seen the conditions now. Imagine adding
 12 hundreds and hundreds of trucks.
 13 Second, not only on my behalf but on
 14 behalf of the entire community it's simple. We've
 15 been dumped on over thirty years and it's enough.
 16 Don't put something in our backyard that you
 17 wouldn't put in yours. I can assure you, no
 18 matter what, we will fight until we win and we
 19 will prevail.
 20 (Applause.)
 21 MR. SZARPANSKI: Thank you.
 22 No. 37, Jeffrey Kaye.
 23 (Applause.)
 24 MR. JEFFREY KAYE: I come from a
 25 little different viewpoint because unlike my

134

136

1 134
 2 the playground and you would remove that joy.
 3 When the station was working, the
 4 children were asking to go outside. As soon as
 5 they did, they wanted to come back because it
 6 smelled. Those children don't speak but they
 7 showed with their body language they can't play
 8 outside. It's impossible for them. You're taking
 9 away the only joy they have. This has to be
 10 stopped and the station has to be located away
 11 from a residential area. I'm sure New York City
 12 can find a better place for that.
 13 Please think about our health and
 14 please think about the health of the little
 15 children with very, very difficult special needs
 16 and disabilities who cannot prevent that, but
 17 we're adults and we speak on their behalf.
 18 Thank you.
 19 (Applause.)
 20 MR. SZARPANSKI: Thank you.
 21 We have two more speakers, No. 36,
 22 Nino Migaly.
 23 (Applause.)
 24 MR. NINO MIGALY: Hi, everyone.
 25 My name is Nino Migaly. And I've

1 136
 2 wonderful neighbors, I've only been here one year
 3 and I'm already angry, not at my neighbors but at
 4 you.
 5 I had to get up here and say
 6 something even though I'm coming from a different
 7 perspective. I'm kind of like you, I'm the
 8 outsider looking in and so far here I've heard
 9 that sixty-five trucks will pass from 8:00 p.m. to
 10 8:00 a.m.
 11 Well, I live right here on Cropsey
 12 Avenue and Bay 41st, you know, in one of those
 13 little, private houses on the ground floor. I
 14 could tell you I can already hear the Belt Parkway
 15 when I try to sleep at night which is very
 16 annoying, okay. Your trucks passing by, forget
 17 it, I'll never get a good night's sleep.
 18 I happen to be a school teacher. I
 19 pity the kids if I don't get a good night's sleep.
 20 I also live on the ground floor and I can
 21 associate with these people. The vibrations will
 22 absolutely be terrible. I mean like other people
 23 said, I welcome you into my home and you try
 24 getting through the night like that.
 25 Just the pollution. I've noticed

137

139

1 137
 2 the kids from Cavallaro and there are also several
 3 other Catholic schools and private schools in the
 4 area. I cannot imagine the kids breathing in that
 5 pollution. Now, you may not have to look at kids
 6 everyday but as a teacher, I'm now speaking as a
 7 teacher and a parent, I have to look at those kids
 8 everyday.
 9 I have a tutoring service, not that
 10 I'm trying to advertise, I have a tutoring service
 11 right in this area, right here on the block. I'm
 12 looking to do more things in this wonderful
 13 community. I'm telling you right now as a person
 14 doing business here and as a potential person that
 15 will do more business here, I'll pull out and I
 16 bet you I'm speaking on behalf of other potential
 17 businesses.
 18 There's no way that I will be able
 19 to tell parents, that I can look parents straight
 20 in the face, look at those kids that I'm teaching,
 21 straight in the face and be killing them. Maybe
 22 it's okay to you, you don't have to talk with
 23 these kids. You don't have to deal with them on a
 24 daily basis.
 25 People like myself do and people

138

1 138
 2 like myself, I'm very sorry to say but, you know,
 3 teachers try not to kill the kids off.
 4 I've been listening to this now for
 5 three hours. Again, I'm the out outsider looking
 6 in. I've only been here a year and it just sounds
 7 to me like you're making the same mistakes over
 8 and over and over again. So like different parts
 9 of the City, the asthma rates for children going
 10 up, adults, too. But I'm focusing particularly on
 11 the kids. Then you're going to conduct another
 12 study and conduct another study and conduct
 13 another study.
 14 Can you give me a straightforward
 15 answer when the kids, if I bring you some kids, if
 16 I'm teaching some kids here and they mysteriously
 17 get asthma and other breathing problems, is your
 18 answer to me when I bring the kids straight up to
 19 you, 'cause I will do that, I'm a very, as you can
 20 tell, straightforward. I'm a straightforward,
 21 candid person. No bullshit.
 22 When I bring you this sick child,
 23 are you going to tell me, "oh, we'll conduct a
 24 study"? You're going to have to conduct a study
 25 to tell me why these kids got sick because I can

1 139
 2 just see it coming because that's the way the City
 3 does it all the time.
 4 I travel on the B82 and B6 bus
 5 everyday. I don't know if you ever tried to
 6 travel on these buses but it's quite difficult to
 7 already just to get down Bay Parkway. It is
 8 nearly impossible the B82 and B6 to get down Bay
 9 Parkway, forget it.
 10 The B6 when it hits Shore Parkway
 11 and Bay Parkway and has to make that turn, right,
 12 where we're talking about turning down that block,
 13 forgot it, they can't get down it now. I've so
 14 many times gotten off the bus and walked. It's
 15 faster and it's a very nauseating part of the ride
 16 to get through.
 17 Do you have an answer for us as to
 18 how the buses are going to get passed all your
 19 trucks that are going down that block? Anyone
 20 have a fast, notable answer for us? No, because
 21 you really haven't thought it through.
 22 So the bus is going to sit there,
 23 the driver is going to be mouthing off like they
 24 usually do and everyone's going to get home pissed
 25 off. That, my friends, is reality. If you want

140

1 140
 2 reality, just come to me. What you're speaking
 3 here tonight, it's not candid. It's just not
 4 reality.
 5 The pesticides in the air that I
 6 heard, and not to repeat but, again, the kids are
 7 going to be breathing it in. Take your garbage
 8 trucks right now, I go to get on the bus right
 9 here at the corner of 26th Avenue, your garbage
 10 trucks are sitting there blocking the bus stop.
 11 I've had instances, inches of rain,
 12 "no, sir, don't move your truck. It's okay, sir,
 13 I have to go into my classroom with wet feet and
 14 wet socks and wet shoes and wet pants" because
 15 your people had to sit there and idle. And by the
 16 way, drop the garbage on the ground. I've seen it
 17 with my own eyes and they don't bother to pick it
 18 up and they look at you like you have four heads,
 19 you're doing something wrong.
 20 You're going to tell me that your
 21 men are not going to continue with more and more
 22 and more trucks. You can't get across Cropsey
 23 Avenue now. I'm speaking as a person who's here,
 24 only been living here one year. I have friends
 25 that will not come to my house at this point

141

143

1 141
 2 because they don't want to cross Cropsey Avenue.
 3 Could you just imagine what's going
 4 to happen when you put your trucks going up and
 5 down Cropsey Avenue. It's going to be absolutely
 6 ridiculous.
 7 Again, I just don't understand why
 8 we together, the people here to me from just an
 9 observation and, again, I'm really like you guys
 10 up there, I'm the newcomer, I'm the outsider
 11 looking in. These people seem intelligent to me.
 12 Why can't we just sit down -- I've heard a lot of
 13 very clever ideas. I was taking a lot of little
 14 notes here, like I hope you were, okay, on good
 15 points people were making.
 16 Why don't you sit down, put your
 17 heads together and just go in a new direction
 18 instead of, I can just see it now the headlines in
 19 the newspapers, "City Conducts New Study" after
 20 something's gone wrong here. I just don't
 21 understand why in this City we need to do study
 22 after study after study.
 23 It seems every New York City
 24 Department from the Board of Education down to the
 25 Department of Sanitation needs to study.

142

1 142
 2 I can tell you from experience I'm a
 3 no-bullshit guy. I teach in a private school. We
 4 don't do study after study after study after
 5 study. Where there's a problem we deal with it,
 6 we fix it, we move on. We don't put tons of money
 7 into it and say we're going to have to study it
 8 and study it and study it.
 9 You want to help us. I'm living
 10 here a year. These kids they were talking about,
 11 I've spoken to friends already about it as an
 12 educator, this community needs a community center
 13 for the kids to get them off the streets. I've
 14 watched them at Cavallaro and other schools, they
 15 have nowhere to go. That's what this community
 16 needs. It needs housing for older people. It
 17 needs certain things.
 18 You really want to help this
 19 community, let's go in a direction and give these
 20 people what they really need.
 21 Thank you.
 22 (Applause.)
 23 MR. SZARPANSKI: Thank you for your
 24 comments.
 25 I thank you all for showing up here

143

1 and making your position very clear to us. I urge
 2 you to put your name and address on our mailing
 3 list so you can be notified of the next step which
 4 is when the State DEC will hold its hearings.
 5 Thank you and good night.
