Whereas, Experience has clearly demonstrated the fact that the present method of correcting errors or discrepancies found in the election district returns is liable to great abuse, and susceptible of inflicting great wrong, as the District Inspectors who make the errors, and who alone under the law have power to correct them, do so in almost, if not all cases, simply from memory or other imperfect data; and as it not unfrequently occurs that the correction of such errors determine the election of a candidate, the greatest care should be exercised in making them, and the Board of County Canvassers should have the means at its disposal of determining for itself the correctness of such corrections. This can only be done by having all the ballots cast at the election preceding such canvass of votes preserved inviolably until all the returns are canvassed, and the result declared by the Board of County Canvassers; be it therefore

Resolved, That the Board of County Canvassers hereby request the Common Council of this city to make application to the Legislature, when it next convenes, for the passage of an amendment to the present registry law, providing for the preservation and care by the Police authorities, or the Mayor, with proper restrictions and safeguards, of all the ballots cast at every election held in this city until after the statement and declaration of the result of every such election is made by the Board of County Canvassers; the said amendment also to be so framed as to permit the Board of County Canvassers, under like restrictions and safeguards, to recount such ballots, when necessary, in order to determine and correct finally, and with certainty, any error or discrepancy that may appear during the canvass of the returns from the several election districts by the said Board of County Canvassers.

Adopted by the Board of Aldermen, January 13, 1876.
Approved by the Mayor, January 17, 1876.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of delinquents.

The Commissioner will receive applications for relief from those jurors who have served continuously and promptly for several years, or have done excessive jury service in the State Courts.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted. No fees of any kind exist or are allowed in regard to jury notices, and any one asking, receiving, or giving any such "fee" or "present" will be arrested, and, if possible, punished to the full extent of the law.
