Whereas, By said act said company is authorized to construct, maintain and operate "a bridge, commencing at a point at or near Broadway, in the City of Brooklyn, and between the present pier-line and Marcy avenue, in the City of Brooklyn, which said bridge shall be constructed so as to cross the East river as directly as possible to a point between Delancey and Rivington streets, in the City of New York, continuing thence westwardly over, through and across private property between Delancey and Rivington streets, and across intervening streets, so that the entrance and exits of said bridge for vehicles other than cars and for pedestrians and equestrians shall be at a point at or near Sheriff street, in the City of New York"; and

Whereas, By said act said company is also authorized to construct, maintain and operate an approach to said bridge, so as to provide facilities for its use by the public, from a point on said bridge at or about Cannon street, in the City of New York; thence extending westwardly over, through and along private property and across intervening streets to the Bowery, and thence across the Bowery to Spring street, and the said approach is also authorized to be extended if, in the judgment of a majority of the stockholders of said company, it should be deemed for the public convenience so to do, from its termination at the Bowery and Spring street westerly, above, through and along Spring street to or near the Hudson river, in the City of New York; and

Whereas, Thereafter the Board of Directors of said company, in pursuance of the power and authority vested in it by said act, and also by chapter 102 of the Laws of 1892, entitled "An act to amend chapter 4 of the Laws of 1891, entitled 'An act to provide for rapid transit railways in cities having over one million inhabitants,'" passed January 31, 1891, did duly determine, in lieu of constructing the approach or approaches to the said bridge or bridges as heretofore located by said East River Bridge Company (other than those located for pedestrians, vehicles and equestrians, which last named approaches are approaches hereinabove described as Nos. 4 and 5 of Bridge No. 1, and approaches Nos. 2 and 3 of Bridge No. 2), to build, maintain and operate an elevated railroad, the routes of which shall be as follows:

Route of Proposed Elevated Railroad.

(1) From a point in the line of Bridge No. 1, at or about Cannon street, in the City of New York, situated in a block bounded between Delancey and Rivington and Columbia and Cannon streets; thence westwardly, over, through and along private property, and across intervening streets to the Bowery, connecting with the Second Avenue Elevated Railroad at Allen street, and across the Bowery to Spring street, connecting with the Third Avenue Elevated Railroad on each side of the Bowery. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

(2) From the Bowery at Spring street; thence westwardly over, through and along Spring street to West street, connecting with the Sixth Avenue Elevated Railroad at South Fifth avenue and with the Ninth Avenue Elevated Railroad at Greenwich street. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

As a connection with the Dry Dock, East Broadway and Battery Railroad and other railroads, and with the ferry at Desbrosses street, and also to provide a proper terminal for the operation of said elevated railroad, there shall be constructed therefrom a curve from its terminus at West and Spring streets, extending southerly into West street and thence along the same to or near Vestry street.

(3) From a point in the line of Bridge No. 1, between Delancey and Rivington streets, on the block between Columbia and Cannon streets, being the point of commencement of Approach No. 1, and thence over, along and through private property and across intervening streets to and across Delancey street, to connect with Bridge No. 2 at a point on its line situated in the block bounded by Sheriff, Willett, Broome and Grand streets.

(4) Beginning at a point in the line of Bridge No. 2, situated in the block between Sheriff and Willett streets, and between Grand and Broome streets; thence over, across and through private property to Grand street; thence eastwardly along, over and through Grand street, upon a descending grade, to the southerly side of East street, connecting with the Dry Dock, East Broadway and Battery Railroad, the Forty-second Street and Grand Street Ferry Railroad, and with other railroads, and with the ferry at the foot of Grand street.

(5) In the City of Brooklyn, from the structure of the bridge to the elevated railroads in Hudson, Wythe and Fulton avenues; and

Whereas, Thereafter, in pursuance of said act, the Board of Directors of said company duly adopted a general plan for the construction of the elevated railroad which they had determined to build, maintain and operate, in lieu of constructing the approaches hereinbefore mentioned to the several bridges which said company had been authorized as aforesaid to construct; that the said Board of Directors also determined that said general plan shows the general mode of operation and contains all the details as to the manner of construction as in the judgment of said Board was necessary to show the extent to which any street, avenue or public place in the City of New York and in the City of Brooklyn is to be encroached upon and the property abutting thereon is affected; that said plan also contains all the details as to the mode of operation and construction which it is practical to make in advance of the making of detailed surveys and drawings, which it is impracticable to make at the present time, and until the consent of the local authorities and of the property-holders, or of the Supreme Court in lieu thereof, is obtained. That by resolution of said Board of Directors a copy of the said plan, with maps accompanying the same, was directed to be transmitted to this Common Council and an application made to it for the consent of the local authorities in the City of New York for the construction and operation by said company of the elevated railroad hereinabove mentioned; and

Whereas, In pursuance of said resolutions, a copy of said plan and of the maps accompanying the same, were duly transmitted to the Common Council and were duly presented to it at a meeting held February 21, 1893, together with a petition setting out the matters aforesaid, and the conclusions of said Board of Directors; and

Whereas, Said Common Council on that day duly adopted a resolution that in pursuance of the acts herein above mentioned and of the provisions of chapter 4 of the Laws of 1891, entitled "An act to provide for rapid transit railways in cities having over one million inhabitants," and of the other existing provisions of law, it thereby appointed the 28th day of February, 1893, at one o'clock P. M., and Chamber of the Common Council, for the consideration of such plan, conclusions and communications; and

Whereas, Such consideration of such plan, conclusions and communications have been duly proceeded with and had by this Board; it is therefore

Resolved, And this Common Council does hereby approve of the aforesaid plan, conclusions and communications of said East River Bridge Company.

Resolved, That the consent of this Common Council be and the same is hereby given to the construction, maintenance and operation by the East River Bridge Company, its successors or assigns, in accordance with said plan, of an elevated railway or railways, over, along, through and across the various streets, avenues, and public places in the City of New York which are included within the following-described routes, constituting approaches to the bridge authorized to be constructed by said East River Bridge Company, and over and along such routes and approaches, viz.:

(1) From a point in the line of the bridge hereinabove described as Bridge No. 1, at or about Cannon street, in the City of New York, situated in the block bounded between Delancey and Rivington and Columbia and Cannon streets; thence westwardly over, through and along private property, and across intervening streets to the Bowery, connecting with the Second Avenue Elevated Railroad at Allen street, and across the Bowery to Spring street, connecting with the Third Avenue Elevated Railroad on each side of the Bowery. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

(2) From the Bowery at Spring street; thence westwardly over, through and along Spring street to West street, connecting with the Sixth Avenue Elevated Railroad at South Fifth avenue and with the Ninth Avenue Elevated Railroad at Greenwich street. Said elevated railroad will also connect with all surface cars whose routes it may cross at the points at or near which its stations shall be located.

As a connection with the Dry Dock, East Broadway and Battery Railroad and other railroads, and with the ferry at Desbrosses street, and also to provide a proper terminal for the operation of said elevated railroad, there shall be constructed therefrom a curve from its terminus at West and Spring streets, extending southerly into West street, and thence along the same to or near Vestry street.

(3) From a point in the line of said Bridge No. 1, between Delancey and Rivington streets, on the block between Columbia and Cannon streets, being the point of commencement of Approach No. 1 hereinabove described, and thence over, along and through private property and across intervening streets to and across Delancey street, to connect with the bridge hereinabove described as Bridge No. 2 at a point on its line situated in the block bounded by Sheriff, Willett, Broome and Grand streets.

(4) Beginning at a point in the line of said Bridge No. 2, situated in the block between Sheriff and Willett streets and between Grand and Broome streets; thence over, across and through private property to Grand street; thence eastwardly along, over and through Grand street upon a descending grade to the southerly side of East street, connecting with the Dry Dock, East Broadway and Battery Railroad, the Forty-second Street and Grand Street Ferry Railroad and with other railroads and with the ferry at the foot of Grand street.

Resolved, That before any of the streets or avenues of the city are entered upon by said company, or its contractors, agents or employees, for the purpose of building the said railway or railways, and before any work whatever is commenced in such streets or avenues by said company, or its contractors, agents or employees, in regard thereto, a plan of said railroad with reference to the location and position of its columns and supports, and the construction of its stairways, shall be submitted to and the location of the same approved by the Department of Public Works.

Resolved, That all pavements, curbs, gutters and sidewalks, and all sewers, drains, water and gas pipes encountered in the excavations made in constructing said elevated railroad or railroads shall be cared for and restored if they are moved or injured, and all such work and excavation and construction in connection with foundations in the streets shall be done in compliance with the State or municipal laws relating to the streets, and to the satisfaction of the Department of Public Works.

Resolved, That this consent of the Common Council is hereby given upon the following condition, the non-compliance on the part of the said company with which shall render this consent void: that the said company, before it or its contractors, employees or agents, shall enter upon any of the streets or avenues of the city for the purpose of constructing said railroad or railroads, shall enter into a good and sufficient bond, with sureties to be approved by the Corporation Counsel, in the sum of two hundred thousand dollars that it will save and keep harmless the City of New York from all damage or injury caused by the erection, construction or maintenance of said railroad or railroads or caused by any interference of the said company, its contractors, agents or employees, with the streets, water-pipes or sewers of said city.

Resolved, further, That this consent is given only upon the condition that the rate of fare upon said elevated railway shall not exceed five cents for each passenger and that the payment of such fare shall entitle each passenger to or from said elevated railroad to free transit across the bridge or bridges with which it is intended to connect the same.

Resolved, further, That this consent is given upon the condition that all provisions of law applicable thereto shall be complied with by said East River Bridge Company.

Adopted by the Board of Aldermen, March 21, 1893.

Approved by the Mayor, March 22, 1893.

- 6,000 pounds Oil Meal.

will be received by the Commissioner of Street Cleaning at the office of said Department, Room 189, Stewart Building, No. 280 Broadway, in the City of New York, until 12 o'clock M., April 6, 1893, at which place and time they will be publicly opened by the Commissioner of Street Cleaning and read.

All of the articles are to be delivered at the Department Stables, Seventeenth street and Avenue C; No. 614 West Fifty-second street; One Hundred and Twenty-third street, between Seventh and Eighth avenues; East One Hundred and Sixteenth street, near Pleasant avenue; No. 387 West Twelfth street, and East Eighth street, between Avenues A and B, in such quantities and at such times as may be directed.

No estimate will be received or considered after the hour mentioned.

The form of the agreement, with specifications, showing the manner of payment for the articles, may be seen, and forms of proposals may be obtained at the office of the Department.

Proposals must include all the items, specifying the price per cwt. of Hay, Straw, Oats, Coarse Salt, Rock Salt, Oil Meal and Bran.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope to said Commissioner of Street Cleaning, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of twelve thousand dollars (\$12,000); and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that

he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of six hundred (600) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

JOHN J. RYAN,
Deputy and Acting Commissioner of Street Cleaning.

DEPARTMENT OF STREET CLEANING,
No. 280 BROADWAY, NEW YORK.

PUBLIC NOTICE.

PROPOSALS INCLOSED IN SEALED ENVELOPES, and indorsed with the name and address of the person or persons making the same, and the date of the presentation, and a statement of the work to which they relate, will be received at the office of the Department of Street Cleaning, No. 280 Broadway, in the City of New York, until 12 o'clock M., of Tuesday, the fourth day of April, 1893, at which time and place such proposals will be publicly opened and read, for the final disposition by dumping and grading thereof as it is dumped of all or part of the street sweepings, ashes and garbage collected in the City of New York, and delivered at the several dumps or dumping places of the Department of Street Cleaning in said city, including that collected by the Dock Department, which latter, by section 704 of the New York City Consolidation Act, as amended by section 704E, chapter 269 of the Laws of 1892, the Department of Street Cleaning is also required to remove, for a period of five years from the first day of May, 1893, until the first day of May, 1898, both days inclusive, in pursuance of the authority conferred upon the Commissioner of Street Cleaning by section 709 of said Consolidation Act, of chapter 269 of the Laws of 1892, and of chapter 415, of the Laws of 1892, to make and execute special contracts for the disposition, by dumping and grading thereof as it is dumped, of street sweepings, ashes and garbage.

The estimated quantities of street sweepings, ashes and garbage, including that collected by the Dock Department aforesaid, to be removed from the City of New York each year, and finally disposed of, according to the terms of the contract hereinafter referred to, are as follows, to wit, more or less:

1. Ashes and garbage.....	Cubic Yards.
2. Street sweepings.....	2,500,000
3. Material collected by the Dock Department and required to be removed by the Street Cleaning Department.....	625,000
	50,000

The person or persons to whom the contract may be awarded will be required, for the period of five years, aforesaid, unless the contract be sooner terminated by breach on the part of the contractor, to provide the necessary suitable steam-tugs, not less than the requisite number; also to provide the necessary scows, not less than the requisite number, suitable for the conveyance of said street sweepings, ashes, garbage and such other refuse as said Commissioner shall cause to be dumped on such scows, and such sweepings, ashes and garbage as may be required to be removed by the Department of Docks, as aforesaid, together with the employees, machinery, tackle and equipments of all kinds necessary to operate said tugs and scows; to keep the different dumping-boards in the city constantly supplied with suitable and sufficient scows for the reception of said substances and material that may have been collected in the process of street cleaning by said Department of Street Cleaning or said Dock Department and delivered at said dumps; to properly receive said substance on board said scows at said dumping-boards and provide the necessary tugs to tow the same to the several places of deposit with all necessary employees, machinery and tackle of all kinds to operate said tugs and to dump the same and grade the same as it is dumped. Said substances and material are to be "picked" and "trimmed" by the Department of Street Cleaning or those to whom that right shall be given by contract while being dumped on said scows, or immediately afterwards, after which such substances and material are to be towed by the contractor on said scows to either one of the following places, as the Commissioner may designate, to wit:

To Hart's Island, on the East river or Sound; to Pelham Park, on the East river or Sound; to Riker's Island, on the East river or Sound; at the New York side of the Harlem river, between One Hundred and Fifty-fifth street and Dyckman street; to localities to be designated by said Commissioner on the East river or Sound, south of said Hart's Island; to localities to be designated by said Commissioner on the North or Hudson river, south of Yonkers; to localities to be designated by said Commissioner in the Bay of New York, not below the Narrows, or to localities to be designated by said Commissioner in Newark Bay, in the State of New Jersey, or in case of inability to reach either of said places by reason of the prevalence of ice, or for any other reason, then to any other place at sea, and to conform to and obey all laws of the United States, of the State of New York, the ordinances of the Board of Health touching the removal from said city to the several points of destination of such substances and material, and to hold the City harmless against damages incident to said towing, and, in the event that the Commissioner shall so order, said substances and material shall be covered over while en route and be deodorized to prevent nuisance.

If any part of said substances and material should be required for filling in purposes at other points than those designated above, they may be so used by the Department of Street Cleaning, but in that case are not to be towed by the contractor, nor charged for.

Such portion of the present plant of the Street Cleaning Department as consists of tugs and scows is to be sold at public auction to the highest bidder according to law, at a future date to be designated and duly advertised, when bidders on this contract will have the privilege of bidding for such plant.

Bidders are required to state in their proposals, verified under oath, their names, places of residence and places of business, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state that fact; also, that it is made without any connection with any other person making any bid or estimate for the above work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council,

head of department, chief of a bureau, deputy thereof, or clerk therein or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification attached to said proposal be made and subscribed by all the parties interested. Each proposal shall also be accompanied by the consent in writing, signed by the proposer and two householders or freeholders of the City of New York, giving their respective places of business and residences, or of a guarantee company incorporated under the Laws of the State of New York, as shall be satisfactory to the Comptroller, to the effect that if the contract be awarded to such proposer they will become bound for its faithful performance in the amount of seventy-five thousand dollars, and will make, execute and deliver to the parties of the second part a bond in substance in the words and figures and to the effect as contained in the blank form of bond on file in the office of the Commissioner of Street Cleaning and referred to hereafter, and that if he, the person to whom said contract be awarded, shall omit or refuse to execute said contract, they will pay to the Mayor, Aldermen and Commonalty of the City of New York any difference between the sum to which he would be entitled to be paid according to his bid and that which the Mayor, Aldermen and Commonalty of the City of New York may be obliged to pay to the person or persons to whom the contract may be subsequently awarded. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, to the effect in substance that he is a householder or freeholder in the City of New York, and worth the above amount over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the sureties offered shall be approved by the Comptroller. From the proposals so received, the Commissioner may select the bid or bids, the acceptance of which will, in his judgment, best secure the performance of the work, or he may reject any or all of said bids.

The person or persons to whom the contract may be awarded will be required to attend at this office with such sureties, and execute such contract and bond within five days from the date of the service on him or them of a written notice to that effect, either by leaving the same at either of the addresses given in the proposal, or by forwarding it by mail; and in case of failure or neglect so to comply, he or they will be considered as having abandoned such proposal and contract, and as in default to the Corporation, under the terms of such consent, whereupon the Commissioner of Street Cleaning may either make another selection from the bids or estimates submitted, or readvertise the work, as he may consider best for the public interest; but, in either event, the amount of deposit accompanying his proposal shall become forfeited to the Mayor, Aldermen and Commonalty of the City of New York.

If the person or persons to whom the contract may be awarded shall, after executing it and giving the bond, neglect or delay to commence the work, or any portion thereof, for twenty days, the Commissioner of Street Cleaning may perform the said work or any portion thereof for such period of neglect or delay, and charge the whole expense of the same against the said person or persons, and deduct the same from any amount due or to become due under the contract, at his option, or he may declare the contract abandoned and have recourse to the bond given.

Each estimate must be accompanied by a CERTIFIED CHECK ON A SOLVENT BANKING CORPORATION IN THE CITY OF NEW YORK, payable to the ORDER OF THE COMPTROLLER of the City of New York, for five per cent. of the amount bid for the performance of all the work required by said contract to be done in any one year. On the acceptance of any bid the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract and the bond called for the check of the accepted bidder will be returned to him.

The price for which the work will be done must be written in the bid and stated in figures, and shall be at a rate per cubic yard; measurements and estimates to be made by an Engineer appointed by the Commissioner of Street Cleaning, on the boats or scows of the contractor or contractors, at the several dumps or dumping places of the Department of Street Cleaning, as they are designated in the contract, or such other dumps as may thereafter be designated.

Bidders will be allowed, at their option, to bid a price per cubic yard upon the work as a whole in mass, or a separate price for each class of the work, the bid or bids being for the performance of the whole work, as hereinafter described and classified, to wit:

First—For that to be dumped at Hart's Island, per cubic yard.

Second—For that to be dumped at Pelham Park, per cubic yard.

Third—For that to be dumped at Riker's Island, per cubic yard.

Fourth—For that to be dumped at localities to be designated on the East river or Sound, south of Hart's Island, per cubic yard.

Fifth—For that to be dumped at localities to be designated on the North or Hudson river, south of Yonkers, per cubic yard.

Sixth—For that to be dumped at localities to be designated in the Bay of New York, not below the Narrows, per cubic yard.

Seventh—For that to be dumped at localities to be designated in Newark Bay, in the State of New Jersey, per cubic yard.

Eighth—For that to be dumped in the Harlem river; or

Ninth—For that to be dumped at sea in case of ice in the rivers or prevention of dumping at the above designated places.

All bids must be made with reference to the form of the contract, and of the bond to be executed, printed copies of both of which, as far as can be, are on file at the Department of Street Cleaning, containing specifications, and copies may be had on application. Unless so referred to, such bids may be rejected.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for the Alterations and Additions to a building formerly used for storing cement, near the foot of East Sixteenth street, City and County of New York," and also with the name of the person or persons presenting the same and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of \$6,000.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on, until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or

all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the Secretary of the Board, at his office, No. 301 Mott street, New York.

For further particulars, see the drawings referred to in the specifications forming part of the contract.

N. B.—As the above-mentioned quantities of cubic feet, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of similar stones now owned by the Department of Docks, and of the plans, and by such other means as they may prefer, as to the accuracy

of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic foot, to be specified by the lowest bidder, shall be due or payable for the entire work.

The first delivery of granite under this contract will be made as soon as practicable after the date of the execution of this contract, and will proceed thereafter with reasonable despatch, and all the work to be done under this contract is to be fully completed on or before the fifteenth day of June, 1893, and the amounts in each delivery are to be divided between the several classes, as ordered by the Engineer-in-Chief. The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic foot for the stones to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

All of the coal is to be delivered at the various houses, etc., of the Department, in such quantities and at such times as may be from time to time directed, and the same is to be weighed in the presence of an Inspector designated for that purpose by the Department, upon scales furnished by the Department, which are to be transported from place to place by the contractor.

No estimate will be received or considered after the hour named.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the supply to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will,

on its being so awarded, become bound as sureties for its faithful performance, in the sum of thirteen thousand (\$13,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of six hundred and fifty (\$650) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No. 1. FOR THE CONSTRUCTION OF A BRIDGE OVER THE HARLEM SHIP CANAL, ON THE LINE OF KINGSBRIDGE ROAD OR BROADWAY, BETWEEN TWO HUNDRED AND EIGHTEENTH AND ASHLEY STREETS.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

ATTENTION IS CALLED TO THE RECENT
 act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water,

from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

MICHAEL T. DALY,
 Commissioner of Public Works
