The President laid before the Board the following communication from Supervisor of the Town of East Chester:

OFFICE OF SUPERVISOR, TOWN OF EAST CHESTER, TUCKAHOE, N. Y., January 10, 1896.

Hon. WILLIAM L. STRONG, Mayor of the City of New York:

DEAR SIR—Some time since, on behalf of the Town of East Chester, I presented a communication to the Board of Aldermen of the City of New York, informing them that the Town Board of the Town of East Chester was ready and desirous to proceed jointly with the said Board of Aldermen to adjust and settle the matters arising out of the recent annexation act, so far as it concerned the Town of East Chester. Subsequently I received a communication from the Board of Aldermen of the City of New York to the effect that this adjustment must be made by the Courts. As the act seems to me to require that the municipalities concerned should first make an effort to adjust these matters and apply to the Court only in case of their failure to agree as to the amount to be paid by one party to the other, and as recourse to the Court will necessitate large expense both to the City of New York and the Town of East Chester, I deem it my duty to again urge the City of New York to proceed to make such adjustment without the aid of the Court. The necessity of prompt action will be apparent when I call your attention to the fact that, by the act of annexation, the liability of the Town of East Chester to its bondholders and other creditors has devolved in part on the City of New York, and as the interest on some of these bonds is already overdue, and as there are other debts of the Town of East Chester now due and payable, the bondholders and other creditors may at any time take action in the Courts for the collection of their claims.

Yours very respectfully,

HERBERT D. LENT, Supervisor Town of East Chester.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Supervisors of Westchester County:

CITY OF NEW YORK—OFFICE OF THE MAYOR, January 9, 1896. Hon. JOHN JEROLOMAN, President Board of Aldermen, New York City:

MY DEAR MR. JEROLOMAN—The Mayor directs me to hand you the inclosed letter from the Chairman of the Board of Supervisors of Westchester County.

Yours very truly, JOB E. HEDGES, Secretary.

ROOMS OF THE BOARD OF SUPERVISORS OF WESTCHESTER COUNTY, WHITE PLAINS, N. Y., January 7, 1896. Hon. W. L. STRONG, Mayor:

DEAR SIR—The Board of Supervisors of Westchester County, early in the present session, addressed a communication to the Mayor and Aldermen of the City of New York, requesting the appointment of a committee or otherwise to confer with a committee of this Board in the adjustment of the financial differences growing out of the annexation of a part of our county to the City of New York.

Our Board received a communication in reply thereto, in substance that there was no authority for a settlement other than the Courts, because of the limitation in the act, which seemingly bears out the conclusion arrived at by the Board of Aldermen.

Our Board respectfully submit that very much of the adjustment is a mathematical calculation which can be arrived at through committees of the two counties, thereby saving a large expense and much time; and it deemed advisable that a judicial adjudication should be had the Court would confirm the agreement of the two counties. We respectfully ask that you again consider this question, and submit the matter to the proper authorities and advise our Board.

Yours respectfully, FRANCIS M. CARPENTER, Chairman.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Finance Department:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, December 28, 1895. To the Honorable Board of Aldermen:

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the affirmative by the following vote:

Affirmative—The President, the Vice-President, Aldermen Brown, Burke, Campbell, Clancy, Dwyer, Goetz, Goodman, Goodwin, Hackett, Hall, Kennefick, Lantry, Marshall, Muh, Noonan,

Oakley, Parker, Randall, Robinson, Schilling, School, Tait, Ware, Wines, Woodward, and Wund—28.

The Committee on Docks, to which was referred the petition of James S. Dale and others, dated November 27, 1895, praying that action be taken by the Commissioners of the Dock Department of the City of New York, at the request of the Common Council, for the improvement of the Harlem river water-front between Fifth and Seventh avenues, do respectfully

## REPORT:

That your Committee has investigated the situation and find that that portion of the city is in serious need of improved facilities for the delivery of goods and merchandise along the water-front, and that some action should be taken by the local authorities which will afford relief to the property-owners and the building trades from the inconveniences which they suffer by reason of the absence of proper wharves and dock facilities along the Harlem river.

Your Committee is informed that a plan for the improvement of this portion of the river has been devised by the Department of Docks for the City of New York, and that said plan, subject, however, to a few modifications, is now before the Sinking Fund Commissioners of said city for their consideration and approval, and that it is the opinion of both the Commissioners of the Dock Department and the said Sinking Fund Commissioners that the improvement contemplated by the proposed plan, as modified, should be carried out.

As there seems to be a universal demand for such improvement and dock construction, your Committee approve of the application of the petitioners and respectfully report that the same should be granted.

The proposed resolution submitted herewith is submitted for adoption:

## Resolution.

Whereas, A petition, bearing date November 27, 1895, having been presented by James S. Dale and others, praying that the Common Council of the City of New York request the Commissioners of the Dock Department of said city to take such action as shall be necessary for the immediate improvement of the Harlem river water-front between Fifth and Seventh avenues, having been presented; and

Whereas, The Committee on Docks, to which said petition was referred, has investigated the subject of the said petition and are of the opinion that the relief prayed for therein should be granted, and that the improvement of the northern portion of the city, by the construction of proper water-front facilities, should be brought about; it is

Resolved, That the Department of Docks of the City of New York be and the same hereby is requested to hasten the completion of the water-front according to the plans now submitted to the Sinking Fund Commissioners of the City of New York, as the same may be modified, and to take such other action as shall lead to the improvement of the said portion of the Harlem river water-front and secure the relief prayed for in the petition.

JOHN P. WINDOLPH, HENRY L. SCHOOL, THOMAS DWYER, JOSEPH T. HACKETT, FRANK J. GOODWIN, Committee on Docks.

Alderman Randall moved that the report be received, laid over and printed in the CITY RECORD.

## PETITIONS.

By Alderman Goodman—

GOVERNOR'S ROOM, January 8, 1896.

Alderman GOODMAN:

DEAR SIR—I have waited now two weeks in hopes I would hear some news of my cape that was stolen from this room. Of course I do not think I should be compelled to replace it. I appeal, through you, to the Honorable Board of Aldermen. Can they not appropriate the money to pay for it? The City did not furnish me with a closet to put my wraps in. I therefore do not feel accountable for its loss. I am here to look after visitors, and while I am in one room it is very easy for some one to run off with my wraps; but I am pleased to say I have now a safe place to hang them in.

Pardon me for intruding on your valuable time. Kindly lay it before your Honorable Board.

Very truly yours,

ELIZA LITTLE.

Which was referred to the Committee on Finance.

## MOTIONS AND RESOLUTIONS.

By the Vice-President—

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

By the same—

Resolved, That the Building Department be directed to require that all buildings more than three stories in height (not intended solely for storage purposes), and of which the windows are cleaned from the outside, shall be provided with appliances to insure the security of the window-cleaner against falling off.

AN ORDINANCE to prevent accidents to window-cleaners.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

Section 1. The Building Department is directed to require that all buildings more than three stories in height (not intended solely for storage purposes), and of which the windows are cleaned from the outside, shall be provided with appliances to insure the security of the window-cleaner against falling off.

Sec. 2. This ordinance shall take effect immediately.

Which was referred to the Committee on Law Department.

## UNFINISHED BUSINESS.

The President here announced that the hour of 12 o'clock having arrived, Special Order No. 19, being the majority and minority reports of the Committee on Railroads touching the rescinding of the Union Railway Company's franchise was before the Board for consideration. The reports are as follows:

The Committee on Railroads, to whom was referred a preamble and resolution on October 15, 1895, asking that the resolution adopted by the Common Council on the 23d day of August, 1892, granting consent to the Union Railway Company of the City of New York, be revoked, rescinded and annulled, respectfully

## REPORT:

That a number of public hearings were had from time to time, and after giving the matter due and weighty consideration, your Committee presents for adoption the following resolution:

Resolved, That the Union Railway Company of New York City be required to file with the Comptroller, within thirty days from the date hereof, its bond, in the penal sum of fifty thousand dollars, with good and sufficient sureties, approved by the Comptroller, that it will, within two years from the date hereof (legal and official delays excepted), complete the construction and commence the operation of its railroad in pursuance of the consents of the Common Council heretofore given in 1892, upon the streets, avenues and highways specified in such consents, and that, in case of the failure of such company to so file such bond or to so complete and operate its railroad within such time, that the Corporation Counsel be directed to commence an action or to take such other proceedings as he may deem proper and necessary to enforce the collection of such bond, and to procure the forfeiture of the right of such company to construct, maintain and operate its railroad upon all such streets, avenues and highways, or portions thereof, upon which such company shall have so failed to construct or operate its railroad.

CHARLES A. PARKER, NICHOLAS T. BROWN, FREDERICK L. MARSHALL, JOHN J. MURPHY, Committee on Railroads.

To the Honorable the Board of Aldermen:

The Committee on Railroads, to which was referred the resolution introduced by Alderman Hall, on the 15th day of October, 1895, that the resolutions adopted by the Common Council on the 23d day of August, 1892, which purported to grant consent to the Union Railway Company of New York to the extension, construction, maintenance and operation of extensions or branches of their railroad upon and along the streets, avenues and highways therein mentioned, be rescinded, revoked, annulled and set aside, hereby respectfully

## REPORTS:

Your Committee has held many public hearings upon this resolution. The hearings have been largely attended. A great number of citizens and representatives of property-owners associations, in the district specially affected, have appeared and urged the adoption of the resolution. The railroad company has appeared by its counsel in opposition. No other opposition than that of the company itself has appeared. The principal facts ascertained are the following:

In 1892 there was in existence a railroad corporation known as the Harlem Bridge, Morrisania and Fordham Railroad Company. It operated a single-track route from the Harlem river to Fordham, with short branches to West Farms, Port Morris and along Westchester avenue. This company was formed pursuant to chapter 361 of the Laws of 1863, entitled "An Act to authorize the construction of a railway and tracks in the towns of West Farms and Morrisania," passed

May 2, 1863. That act and various amendments thereto granted the right to build and operate surface railroads through several streets north and east of the Harlem river. The company was subject to the provisions of the General Railroad Act of 1850. The company had, by various legislative acts, obtained rights through something over twenty miles of streets; but up to 1892 it had built and was operating only about nine miles.

On the 20th of April, 1892, an act was passed by the Legislature which purported to amend the Act of 1863 above referred to. The act in question is chapter 340 of the Laws of 1892. It is entitled "An Act to amend chapter 361 of the Laws of 1863 entitled 'An Act to authorize the construction of a railway and tracks in the towns of West Farms and Morrisania' and all acts amendatory thereof." The general features of this Act of 1892 were that the corporation formed under the Act of 1863 might consolidate its capital stock and property with that of any street surface railway company then existing or that might be thereafter incorporated, the line of which is north or east of the Harlem river in the City of New York or the County of Westchester, or the southern terminus of which does not extend more than one thousand feet south of the southern terminus of any bridge crossing Harlem river, and which may cross, intersect or prolong the line of the above mentioned railroad company, or any of its branches or extensions; or that it might acquire by purchase or lease for years or other term the property and franchises of any such other company then or thereafter incorporated; that such companies might consolidate; that the name of the consolidated company should be The Union Railway Company of New York City; that the provisions of sections 93, 95 and 98 of chapter 565 of the Laws of 1890 (which was the General Railroad Law), or any amendments to said sections, should not apply to said Union Railway Company; that said company should keep in repair that portion of the street between the rails of its tracks after the same shall have been paved or macadamized; that whenever the earnings of said company should during any period of six months exceed an average of seventeen hundred dollars per day, then that said company should annually pay to the City a sum equaling one per cent. of its gross earnings, and an additional annual payment of one per cent. in like manner for each multiple of seventeen hundred dollars per day of such average gross earnings; that the payment of the percentage thus provided for shall be in lieu of all other percentages which any of the roads consolidating in forming said Union Railway Company may theretofore be liable to pay on its receipts.

Pursuant to this Act of 1892, the Harlem Bridge, Morrisania and Fordham Railroad Company was consolidated on or about July 5, 1892, with two other small companies, and formed the Union Railway Company. This company immediately applied to the Board of Aldermen for a franchise through some twenty-nine miles of streets in the district north and east of the Harlem river. The franchise was granted on the 23d day of August, 1892. No public sale of the franchise, as provided in the General Railroad Law as to all other companies, was had. But a small part of the routes thus granted to the company on August 23, 1893, have been built upon. The City has never received any revenue from the company for the franchise and has never received any percentage upon its gross earnings.

The substantial requirements of the General Railroad Law, applying to grants of similar franchises to all other companies in the City of New York, from which this company thus secured exemptions (if such exemptions are valid), may be briefly stated as follows:

1. That the franchise of the City for the building, extension or operation of the road should be sold at public auction to the bidder who will agree to pay to the City the largest percentage per annum of its gross receipts.
2. That such franchise should provide for the commencement of the road within one year and its completion within three years from the date of the sale.
3. That in the event of the failure of the company to pay the rental, the franchise might be declared forfeited by any court of competent jurisdiction, and be again sold to the highest bidder.
4. That the franchise should cease at the expiration of two years after it was given, unless prior thereto the consents of property-owners or the determination of the General Term of the Supreme Court in lieu thereof shall be obtained.
5. That the company should annually pay to the City three per cent. of its gross receipts for the first five years after it begins to operate, and five per cent. thereof annually thereafter, and that in default thereof the corporate rights and franchise of the company should be forfeited.
6. That the company should keep in permanent repair that portion of the street between its tracks and the rails of its tracks, and for two feet outside of its tracks.

Aside from these special privileges and immunities, there are two features of the powers claimed by the company that attract attention. One is that by reason of thus escaping the provision of the Railroad Law limiting the life of the City's franchise, the company apparently can, if the legislation is valid, hold these many miles of streets as long as it likes, and neither build on them itself, nor permit any other company to build on them. This results from the fact that the only requirement as to time of building, in the case of this particular company, is that it shall begin to build on any route within one year from the time it gets the consents of property-owners, or the determination of the court in lieu thereof; but there seems to be no requirement that it shall even try to get these consents until it sees fit. So we find that although more than three years have elapsed since this grant, no steps have been taken to build on many of the routes. In the case of any other company the franchise would now have terminated—at least as to all parts not begun.

The second prominent feature of this scheme is the manner in which the company practically holds an exclusive monopoly of the other streets in the annexed district. This results from the provision that the company can consolidate with any other company, now or at any time hereafter formed, whose line intersects or connects with this company's route, and that then the only revenue to be paid to the City for the joint lines is the one per cent., after the earnings reach \$1,700 a day, as above set out, regardless of what any of the consolidating companies were theretofore obligated to pay. Thus when a new franchise in that neighborhood is to be sold at public auction this company has only to organize a new company, which can easily outbid any competitors, for it has only to consolidate at once with the Union Company, and whatever percentage of gross receipts the new company has bidden for the franchise immediately drops down to the one per cent. It seems unnecessary to further go into details. The foregoing bare statement of the situation shows not only the extraordinary powers and privileges claimed by this company in the premises, but makes plain the enormous loss of revenue to the City which has already resulted, and which will continue if this franchise is valid.

It is pertinent also to call attention to the fact that the Common Council in granting the franchise, even if the Act of 1892 were constitutional, had the undoubted power to have added other conditions for the benefit of the public, in its discretion, provided only that such conditions were reasonable. (*Abraham v. Myers*, 23 N. Y. Supp., 225; *People ex rel. v. Barnard*, 110 N. Y., 548.) For some reason these conditions were omitted.

It is further noteworthy that the company sought to have its proceedings confirmed by the Legislature in 1894, by chapter 598 of the Laws of that year. That act, however, has been held to be unconstitutional (*Rogers v. Union Railway Co.*, 63 State Reporter, 162).

The claims of those appearing in favor of the revocation of the grant may be briefly stated as follows:

- (1.) That the act (chapter 340 of the Laws of 1892) was unconstitutional, because embracing subjects not specified in its title.
- (2.) That intermediate the time of passing the above act (April 20, 1892) and the date of the charter of the Union Company (July 5, 1892), to wit, on May 18, 1892, the sections of the Railroad Law from which the company claims exemption were amended and re-enacted by the Legislature by chapter 676, Laws of 1892, and that these new provisions were in full force at the time of the granting of this franchise.

If either of these contentions is well founded the franchise of August 23, 1892, is plainly void, because it was not sold at public auction.

It is also urged that within the rule laid down by the Court of Appeals in the case of the *People vs. Broadway R.R. Co.* of Brooklyn, 126 N. Y., 29, the company was bound to proceed promptly to get the consents of the property-owners, or the determination of the court in lieu thereof; that it cannot be allowed to assert claims in these streets, keeping others out, but not proceeding itself.

In our opinion these claims are unanswerable; and, to the end that the question may be settled and set at rest, we recommend the adoption of the following resolution:

Resolved, That the Corporation Counsel be directed to institute and prosecute such suit or suits as may be necessary to test the validity of the franchise granted to the Union Railway Company by the Common Council August 23, 1892, in order that the franchise to build and operate a railroad on at least all such streets named therein as have not been built upon may be now sold at public auction to the highest bidder, pursuant to the requirements of the General Railroad Law.

BENJAMIN E. HALL, a minority of the Committee on Railroads.

The President put the question whether the Board would agree to accept the majority report and adopt the resolution.

Alderman Hall moved that the minority report be substituted for the majority report and adopted, and in support of his motion he offered the following communication:

*Resolution Adopted Unanimously by the North Side Board of Trade January 13, 1896.*

Whereas, The question as to the injustice and invalidity of the franchise granted by the Common Council of 1892 to the Union Railway Company over twenty-nine miles of streets and avenues in the Twenty-third and Twenty-fourth Wards is being publicly discussed and considered; and

Whereas, It is claimed that the property-owners of these two wards, as well as the city at large, are wrongfully and unlawfully deprived of large pecuniary interests by the special immunities and privileges granted to said company; and

Whereas, One of the accompanying reports of the Railroad Committee of the Board of Aldermen seeks to effect a ratification of said grant and provides for a bond of fifty thousand dollars, for which we believe there is no authority in law, and which said Board has no power to exact and which therefore cannot be enforced; and

Whereas, It is for the best interests of all parties concerned, especially the property-owners of these wards, that all questions as to this grant should be finally and permanently determined, and

that the rights of the City and the property-owners should be protected and enforced, especially as it is alleged that the immunities and privileges referred to wrongfully impose upon property-owners of these wards a sum of over seven hundred thousand dollars in the aggregate, which should properly be assessed on the said railroad for its share of paving and repairing the streets and avenues, from which it is claimed said railroad is wrongfully exempted, and that it is also exempted from other requirements of the railroad law to the loss and detriment of the City; therefore

Resolved, That the Mayor of the City of New York is hereby respectfully petitioned to submit the whole question to the Counsel to the Corporation, with a request that he take immediate steps in the matter embodied in the preamble hereto annexed, and such other matters as appertain thereto, by instituting such legal proceedings as may be necessary to enforce the rights of the City and of the property-owners of the Twenty-third and Twenty-fourth Wards, and to finally and permanently settle the question, to the end that the said railroad may be constructed in pursuance of law and that justice may be speedily done to all parties concerned.

JOHN H. KNOEPPLE, ERNEST HALL, JAMES L. WELLS, JAMES C. DELAVERGNE, W. W. NILES, Committee appointed to wait upon the Mayor.

The President put the question whether the Board would agree with said motion. Which was decided in the negative by the following vote:

Affirmative—The President, Aldermen Hall and Ware—3.

Negative—The Vice-President, Aldermen Brown, Burke, Campbell, Clancy, Dwyer, Goetz, Goodwin, Hackett, Kenefick, Lantry, Marshall, Muh, Murphy, Noonan, Oakley, O'Brien, Olcott, Parker, Randall, Robinson, Schilling, School, Tait, Wines, Woodward, and Wund—27.

Excused—Alderman Goodman—1.

Alderman Goodman at this point presented the following minority report, and moved that it be substituted for the majority report and adopted:

NEW YORK, January 14, 1896. To the Honorable the Board of Aldermen:

The undersigned, a member of the Railroad Committee, begs leave to present the following REPORT,

dissenting from the conclusions of the majority of the said Railroad Committee, as reported on the 7th inst., relating to the franchise of the Union Railway Company; and also from the recommendations presented in the minority report submitted on the same date.

From a careful consideration of the subject I am impressed with the necessity of some action on the part of this Board which will protect the interests of the public and at the same time avoid, as far as possible, establishing a dangerous precedent that might hereafter lead to an imprudent exercise of power fraught with gross injustice to corporations which have been duly granted franchises by the Board of Aldermen.

I concur in the views of the majority of the Committee as to the requirement of bonds, which will insure, at an early date, the building and operation of the lines of railroad along the entire route or routes contemplated in the franchise of the said Union Railway Company, but believe that said requirement in itself, if it can be made effective, is not ample protection to the City nor to the residents thereof located north and east of the Harlem river.

The facts that are referred to in the minority report are of a nature which call for some action on the part of this Board; but I cannot agree that it is our duty to test the validity of the franchise in question, believing that the constitutionality thereof should be tested in the courts by parties directly affected in the territory in which the railroad operates, or by citizens and taxpayers who are directly or indirectly taxed because of immunities granted to the company.

That extraordinary privileges have been granted the Union Railway Company is generally admitted, but it is questionable whether the Board of Aldermen should assume to become censors of the Legislature upon whom the responsibility rests of primarily granting the exceptional immunities that the company enjoys, nor of our predecessors who, by the power given them, consider it advisable to grant the consent asked for and obtained.

There are a number of railroad corporations which pay no percentage of their gross receipts to the City, having obtained their respective charters at times when no such exactions as are now contemplated by the Railroad Law were demanded, and when it would have been unjust to exact such conditions.

It would seem almost as proper and consistent to annul those several franchises, in whole or in part, they having become much more valuable in consequence of the great growth of our city and the large increase of travel.

If franchises can be annulled or amended, as contended by eminent counsel who appeared before our Committee, or their repeal be threatened, as per the resolution which was referred to us, at any time suiting the pleasure of this Board, then it will be difficult, if not impossible, to interest capital in railroad enterprises, no matter what the needs, necessities or the financial possibilities might be in any locality within the boundary lines of the commonality.

I am in favor of attacking franchises when those to whom they have been given violate the conditions under which they were granted, but hesitate exercising that right (if that right exists), when corporations comply with all requirements provided for in the franchises given them by either the Legislature or the Common Council.

Exempting the Union Railway Company from the payment of the percentage of its gross receipts, as required by the general railroad law, and instead providing for financial returns to the City in another form, and also exempting the company from the conditions relating to paving and cleaning of streets, are features about which there exist differences of opinion.

The sparsely settled territory through which the railroad company operates its roads, and the financial responsibilities assumed in consequence, are reasons given in justification of this special grant; and while it may be honestly contended that the immunities referred to are warranted (an opinion in which I cannot concur), it cannot be justly claimed that the following conditions—mentioned in the minority report—are justified under any circumstances whatever, to wit:

1st. There are two features of the powers claimed by the company that attract attention. One is that by reason of thus escaping the provision of the Railroad Law, limiting the life of the City's franchise, the company apparently can, if the legislation is valid, hold these many miles of streets as long as it likes, and neither build on them itself nor permit any other company to build on them. This results from the fact that the only requirement as to time of building, in the case of this particular company, is that it shall begin to build on any route within one year from the time it gets the consent of property-owners or the determination of the court in lieu thereof; but there seems to be no requirement that it shall even try to get these consents until it sees fit. So we find that although more than three years have elapsed since this grant, no steps have been taken to build on many of the routes. In the case of any other company the franchise would now have terminated—at least as to all parts not begun.

2d. The second prominent feature of this scheme is the manner in which the company practically holds an exclusive monopoly of the other streets in the Annexed District. This results from the provision that the company can consolidate with any other company, now or at any time hereafter formed, whose line intersects or connects with this company's route, and that then the only revenue to be paid to the City for the joint lines is the one per cent., after the earnings reach \$1,700 a day, as above set out, regardless of what any of the consolidating companies were theretofore obligated to pay. Thus when a new franchise in that neighborhood is to be sold at public auction this company has only to organize a new company, which can easily outbid any competitors, for it has only to consolidate at once with the Union Company, and whatever percentage of gross receipts the new company has bidden for the franchise immediately drops down to the one per cent.

The evil of the first of these extraordinary immunities would be remedied by the enforcement of the conditions recommended by the majority of the Committee, viz.: The filing of bonds, etc.

A remedy should also be applied to remove, if possible, the second evil; and while, generally, I do not favor legislation which will vitiate whole or parts of contracts made between the City and corporations, the enormity of this particular injury to the City and to the Board itself is so great and far reaching as to demand aggressive and positive action on our part, even if it affects innocent stockholders and violates a principle which ordinarily would impel us to protect rather than attack those who hold grants from the City for privileges set forth and defined in the franchises granted to them.

The recent sale before the Comptroller of the franchise granted to the People's Traction Company, whereat it was clearly proven that Aldermanic legislation on applications for new railroad grants north and east of the Harlem river is substantially of no force or effect, clearly proves that the claim set forth in the minority report in this particular is well founded and true in all respects.

The application of the North New York Junction Railway Company, now pending before this Board, may as well be returned to the applicants under existing circumstances; and our ordinances may as well be amended to set forth that none but the Union Railway Company shall hereafter have permission to maintain and operate railroads north and east of the Harlem river.

I cannot believe that this Board will allow the present opportunity to pass without endeavoring in some manner to correct this evil; and I feel that if the Union Railway Company is permitted to continue in the enjoyment of all the benefits which its franchise permits, as to the streets, avenues and highways particularly specified in the consents of the Common Council, the said company ought to concur in the proposed modifications of its franchise, as follows:

Resolved, That the Committee on Law Department be and they are hereby instructed to confer with the Counsel to the Corporation, and, if it be within the power of this Board to amend the franchise granted to the Union Railway Company August 23, 1892, to prepare and submit suitable resolutions, which will embody all the conditions mentioned and recommended in the majority report of the Railroad Committee, which was presented January 7, instant; and also such amendments as will limit the present privileges which the said Union Railway Company enjoys under its franchise to the particular lines now owned by the said company and referred to in the consents of the Common Council of this City, and not to apply to any new lines or extensions which said company may, by purchase, lease or otherwise become owners of or control.

Resolved, That if it shall appear that this Board cannot legally amend the franchise as suggested, that the said Committee on Law Department shall prepare a bill for presentation to the Legislature which will accomplish the purpose contemplated and present the same to this Board

for approval and submission to the Committee on Legislation; or if it be impracticable under the laws of this State, then to report back to this Board, clearly defining the law and recommending such other action as the circumstances and exigencies may demand; and be it further

Resolved, That the Committee on Law Department be and they are hereby authorized to confer with the Union Railway Company, or its representatives, before taking final action, with a view of agreeing, if possible, on a mutual plan which will accomplish the purpose above set forth without aggressive measures of any kind being adopted. Respectfully submitted,

ELIAS GOODMAN.

The President put the question whether the Board would agree to accept said report and adopt said resolution. Which was decided in the negative by the following vote:

Affirmative—The Vice-President, Aldermen Goetz, Goodman, Hackett, Olcott, Randall, Robinson, Ware, Wines, and Woodward—10.

Negative—Aldermen Brown, Burke, Campbell, Clancy, Dwyer, Goodwin, Hall, Kennefick, Lantry, Marshall, Muh, Murphy, Noonan, Oakley, O'Brien, Parker, Schilling, School, Tait, and Wund—20.

Excused—The President—1.

Alderman Randall moved that the majority report be amended by adding after the word "consents" (see page 47, Minutes of January 7, 1896) the words, "that said Union Railway Company will agree to transfer passengers to and from all points on its various lines and branches within the present city limits for one fare of five cents."

Alderman Brown raised the point of order that inasmuch as a general ordinance covering all transfers on railroads was now pending before the Committee on Railroads, that Committee could only be discharged by a vote of two-thirds of the members; and, furthermore, to adopt such an amendment would be practically altering the original franchise granted to the Union Railway Company.

The President held that the point of order of Alderman Brown was well taken, and ruled out the amendment of Alderman Randall.

The President then put the question whether the Board would agree to accept the majority report and adopt said resolution. Which was decided in the affirmative by the following vote:

Affirmative—The Vice-President, Aldermen Brown, Burke, Campbell, Clancy, Dwyer, Goetz, Goodwin, Hackett, Kennefick, Lantry, Marshall, Muh, Murphy, Noonan, Oakley, O'Brien, Olcott, Parker, Randall, Robinson, Schilling, School, Tait, Ware, Wines, Woodward, and Wund—27.

Negative—The President, Aldermen Goodman, Hall, and Ware—4.

The Vice-President called up G. O. 631, being a report, as follows:

NEW YORK, December 30, 1895.

To the Honorable the Board of Aldermen:

The Committee on Legislation, who are required to present to the Legislature several matters which this Board have acted upon, and others which are still under consideration, beg leave to

REPORT:

That in view of the fact that the Legislature will organize and proceed to work during the present week, that all indications point to a specially busy session, and that we have a number of very important measures to introduce and advocate, we are desirous of proceeding with the performance of our duties at as early a date possible.

The Clerk of the Common Council has presented to us a memorandum of subjects which do and will require our attention, as follows:

"Matters for Consideration of the Legislative Committee.

The Committee on Law Department have most of the matters mentioned in the foregoing list under consideration, with instructions to formulate bills for introduction in the Senate and in the Assembly, and as this Board is to consider the bills ere we can assume charge, it is very essential that the earliest possible action be taken thereon.

We fully appreciate the difficulties that the Committee on Law Department must experience because of the amount of work intrusted to them, and therefore reluctantly urge the necessity of immediate action on subjects which we are required to take charge of as soon as the said Committee will present them to us in tangible form.

The matter of giving to the Board power to regulate traffic on the public streets, or to more clearly define its present powers, and to remove all ambiguity of existing statutes in relation thereto, is of paramount importance.

The owners of stands, express and shipping booths, and of boot-black chairs, etc., having been granted immunity by the Police authorities, for violation of ordinances, until a reasonable time after the assembling of the Legislature, it is imperative that this important matter be presented at once.

The other subjects can then be taken up in regular order, they not being quite as urgent.

The Excise Committee, we hope, will also present the result of their deliberations on the proposed Excise Laws, at as early a date as possible. The varied views and opinions on this important subject, the innumerable measures that will be presented to the Legislature, and the difficulties that will naturally arise in formulating a satisfactory bill, and in securing the proper approval thereof by this Board ere it is referred to us, emphasizes the fact that it is necessary for the Excise Committee to report at an early date, and we most respectfully urge that they do so.

In making this request, we are not unmindful of the vast amount of work and the difficulties that work entails upon the Committee; nor do we wish to infer that the Committee do not appreciate the necessity of early action. We make these suggestions because of the very many matters we are called upon to take charge of, and a realization of the fact that our work last year was not altogether fruitful of results in consequence of proceeding with our duties late in the session instead of at the beginning.

We offer the following resolutions:

Resolved, That a copy of this report be presented to the Committee on Law Department and to the Excise Committee respectively, with request that each kindly aid in facilitating the work of the Legislative Committee in the manner herein set forth.

Resolved, That an appropriation of two hundred dollars be and is hereby made, to be taken from the contingent fund of the Board of Aldermen, for use towards defraying the expenses of the Committee on Legislation in the performance of the official duties which they are charged to perform.

Resolved, That the Clerk of the Common Council be and he is hereby directed to negotiate with the "Bureau of Legislative Information" at Albany, and to contract with the same, agreeing to pay fifty dollars for the year 1896, on condition that this Board be furnished regularly with all bills introduced in the Legislature, a copy of every amendment, and all other data and information as set forth in the prospectus issued by the said bureau; and in addition thereto, ten extra copies of each and every bill, etc., relating to and affecting New York City; the said fifty dollars to be paid out of the Aldermanic Contingent Fund.

Resolved, That, in case contract is made with the Bureau of Legislative Information, the Clerk of the Common Council shall furnish the members of the Legislative Committee respectively with copies of all bills of local interest, and shall keep files of bills, arranged as in 1895, with an additional file containing only such bills as relate to this city, all being properly indexed in a book provided for that purpose.

JOHN P. WINDOLPH, ROBERT MUH, CHARLES WINES, ELIAS GOODMAN, JACOB C. WUND, Committee on Legislation.

Alderman Oakley moved to amend, by striking out the words "The Bureau of Legislative Information at Albany," and inserting in lieu thereof the words "Thos. V. Costello."

The President put the question whether the Board would agree with said amendment. Which was decided in the affirmative.

The President put the question whether the Board would agree to accept said report and adopt said resolution as amended. Which was decided in the affirmative by the following vote:

Affirmative—The President, the Vice-President, Aldermen Brown, Burke, Campbell, Clancy, Dwyer, Goodman, Goodwin, Hackett, Hall, Kennefick, Lantry, Muh, Murphy, Noonan, Oakley, O'Brien, Olcott, Parker, Randall, Robinson, School, Tait, Ware, Wines, Woodward, and Wund—28.

Alderman Goodman called up G. O. 633½, being a report of the Committee on County Affairs, as follows:

NEW YORK, December 30, 1895.

To the Honorable the Board of Aldermen:

The undersigned, Committee on County Affairs, to whom were referred the two resolutions hereto annexed, beg leave to

REPORT:

That we have carefully examined the same and indorse the sentiments expressed therein, as to the advisability and necessity of elevating the character of the City Library to a standard of prominence, usefulness and completeness of detail, as it is possible, under existing circumstances and conditions.

Upon investigation, we find that Room 11 is not of sufficient size for the purposes of the Library, and that the basement room, known as Room 5, would be a suitable and proper annex thereto. It is located directly beneath Room 11 and can be connected, as suggested, without difficulty and at a comparatively limited expenditure.

The two rooms, jointly, will provide ample accommodation; and if properly prepared would reflect credit upon the City, and, like the Governor's room, form another interesting and valuable adjunct to the old City Hall.

It is not out of place to add here, that the City Library belongs to and should remain in the City Hall as long as his Honor the Mayor and the Board of Aldermen occupy that building. The character of the books are such as to make it essentially a part of the executive and legislative branch of the Commonalty, and its removal as suggested by some is, in our opinion, evidence of an incorrect conception of its special value and general purposes.

The Commissioner of Public Works has promptly proceeded to remove the Library to Room 11 as per direction of this Board, and though he is literally and faithfully complying with our expressed instructions, we feel that the work already done and the result of an investigation warrants us in recommending that the preparation of the said Room 11 for library purposes be at once discontinued.

As it has been prepared to date it is more of a store-room for books than a library for the convenience and uses of the city departments and the public.

Notwithstanding the very limited space, portions are reserved for the storing and safe-keeping of court records, and connections with the office of the Clerk of the Court and other court-rooms are permitted to remain undisturbed.

We believe that the room should be devoted exclusively to the Library, and that no connection ought to be made or permitted with any other branch or department of the city government.

The recent action of the Board of Estimate and Apportionment in appropriating \$7,000 to print old records, etc., is a step in the right direction, and emphasizes the fact that that institution should be improved and made as complete as it is possible to make it. We are in full sympathy with the sentiment which prompted the appropriation, and that feeling and the exigencies of the matter prompt us to offer the following resolutions and recommend their adoption:

Resolved, That the Commissioner of Public Works be and he is hereby required to remove from Room 5 of the City Hall, and is authorized to rearrange and put in proper condition Room 5½ for the use of both of the branches or bureaus of his department now occupying the two rooms mentioned.

Resolved, That Room 5 be assigned and devoted to the City Library, and that a staircase be built to connect said room with Room 11.

Resolved, That the Commissioner of Public Works be and he is hereby directed to prepare and fit up the City Library, in Room 11, substantially as follows:

Book-cases to be made of hard wood; cabinet work.  
Cases to be built against the walls only; none in the centre of the room.  
Cases to reach from floor to ceiling, with sliding doors.

One entrance into the Library only to be provided, to wit: From the main hall or corridor. All others to be closed, and book-cases to cover them.

The cases now used for Court Records to be removed.

The door now leading into the toilet-room to be closed and covered with cases, and a special entrance to said room from the main hall or corridor to be provided.

A gallery to be built so as to make it convenient to reach the upper shelves.

A staircase to lead to Room 5, and said Room 5 to be prepared to conform in all respects to the general arrangements of Room 11.

The entrance to Room 5 from the basement corridor to be permanently closed and secured.

The floor of Room 11 to be carpeted, and of Room 5 to be covered with linoleum.

A railing to surround the Librarian's desk in order to secure more seclusion.

Tables, chairs, etc., to conform to the general surroundings.

Resolved, That the Committee on County Affairs be and they are hereby authorized and instructed to superintend the preparations set forth, and to confer with the Commissioner of Public Works as to the necessity of applying to the Board of Estimate and Apportionment for a special appropriation to carry out the provisions of this report; and, if necessary, to appear before said Board and make formal application.

Resolved, That the Commissioner of Public Works be communicated with at once and requested to discontinue work on the City Library until further orders from the Committee on County Affairs.

(Copy of Resolutions adopted December 17 inst.)

Whereas, This Board did, at its last meeting, assign Room 11 of the City Hall to the use and purposes of the City Library, in order that the room now occupied by the said City Library be henceforth devoted to the City Court Chambers; and

Whereas, Room 11 does not appear to contain sufficient space to permit all of the books of the Library to be placed therein conveniently, unless the accommodations to the general public who may desire to consult the books contained therein be materially and unjustly curtailed; therefore

Resolved, That the Committee on County Affairs be and they are hereby instructed to confer with the Commissioner of Public Works and consider the necessity and practicability of utilizing in connection with Room 11 the basement room immediately beneath it or Room 13.

Resolved, That full power be and it is hereby granted to the Committee on County Affairs to designate the said basement room or Room 13 for the purpose indicated, and the Commissioner of Public Works is authorized, on said assignment, to properly prepare and renovate the said room and connect it by a suitable staircase with Room 11.

(Copy of Resolutions adopted December 23 inst.)

Whereas, The Department of Public Works, under authorization of this Board, is about to prepare Room 11 of the City Hall for the purposes of the City Library; and

Whereas, The needs and usefulness of the said City Library demand that care should be exercised in providing ample facility and accommodation, so that the public who desire to consult the books may do so with convenience and amidst surroundings commensurate with the character of so important a branch of the City Government; and

Whereas, The opportunity now presents itself to improve and elevate the said Library in conformity with public demand; and therefore

Resolved, That the Committee on County Affairs be and they are hereby instructed to confer with the Commissioner of Public Works in relation to this matter, to superintend the preparation of Room 11, as set forth, and whatever annex may be decided on in connection therewith, and to urge an early completion of the work.

Resolved, That, while this Board favors economy in the expenditure of public moneys, it believes that in fitting up the City Library a spirit of liberality should prevail so that the said Library will be a credit and not a disgrace to our Commonalty, and therefore requests the Committee on County Affairs to recommend to this Board, whenever necessary, such additional legislation in connection with this matter as the exigency of the case may demand.

Respectfully submitted,

BENJAMIN E. HALL, WILLIAM M. K. OLCOTT, JOHN P. WINDOLPH, JOHN P. OAKLEY, FRANCIS J. LANTRY, THOMAS DWYER, Committee on County Affairs.

The President put the question whether the Board would agree with said resolution. Which was decided in the negative by the following vote, e, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—The President, the Vice-President, Aldermen Brown, Dwyer, Goetz, Goodman, Hackett, Hall, Kennefick, Noonan, O'Brien, Olcott, Parker, Randall, Robinson, Schilling, School, Tait, Ware, Wines, Woodward, and Wund—22.

On motion of Alderman Noonan, the above vote was reconsidered, and the paper restored to the list of General Orders.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

By Alderman Woodward—

Whereas, The growth of the City of New York requires that additional railroad facilities should be furnished to accommodate the increased population of that part of the city contiguous to or bounding on the line of Eighth avenue in said city; and

Whereas, The Eighth Avenue Railroad Company, by resolutions of the Common Council adopted September 3, 1851, and June 17, 1852, was authorized to construct a double track railroad along Chambers street, West Broadway, Canal street, Hudson street and Eighth avenue, to a point at or near Fifty-first street, and was required to continue the railroad through Eighth avenue to the Harlem river whenever required by the Common Council, and as soon and as fast as said avenue was graded; and

Whereas, The Eighth Avenue Railroad Company has only constructed and operated the railroad which it is authorized to build and operate as far northerly on Eighth avenue as the junction of One Hundred and Fiftieth street, Eighth avenue and Macomb's Dam road; and

Whereas, Proper accommodation of the public demands that the said railroad be constructed and operated upon Eighth avenue above the junction of Eighth avenue, Macomb's Dam road and One Hundred and Fiftieth street; therefore be it

**SEALED BIDS OR ESTIMATES FOR FURNISHING** Five Hundred Tons of White Ash Coal, egg size, for the Willard Parker and Reception Hospitals, under the charge of the Board of Health, will be received at the office of the Health Department, in the City of New York, until 12:30 o'clock P. M. of January 28, 1896. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Furnishing Coal for Willard Parker and Reception Hospitals," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.  
The Board of Health reserves the right to reject all bids or estimates, as provided in section 64, chapter 410, Laws of 1882, it deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The Coal to be of good quality, and the quantity that will be required will be about Five Hundred, 200, Tons of White Ash Coal, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specifications attached to and which form a part of the contract aforesaid.

Delivery to be made at the Willard Parker and Reception Hospitals, near the foot of East Sixteenth street, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made, in writing, by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of 1,200 dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters therein stated are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of 1,200 dollars, and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department

who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisition on the Comptroller, and as more specifically and particularly is set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Board of Health.

Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York,

drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or his bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

The quality of the merchandise must conform in every respect to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will state the price for each article, by which the bid will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M., on Thursday, January 16, 1896, at which place and hour they will be publicly opened by the head of the Department:

No. 1. FOR ALTERATION AND IMPROVEMENT TO SEWER IN TWENTY-SECOND STREET, between Second and Third avenues.

No. 2. FOR SEWERS IN ELEVENTH AVENUE, both sides, between One Hundred and Eighty-sixth and One Hundred and Eighty-seventh streets.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested in him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room No. 9, No. 31 Chambers street.

Section 1. Whenever any owner, lessee, tenant, or occupant or person having charge of any building or lot of ground in the City of New York shall fail to comply with the provisions of any ordinance of the said city for the removal of snow and ice from the sidewalk or gutter in the street, on the side of the street on which the said building or lot fronts, the Commissioner of Public Works of the said city shall cause such removal to be made, and thereupon the expense of such removal as to each particular lot of ground shall be ascertained and certified by the said Commissioner of Public Works to the Comptroller of the said city, who shall pay the same in the same

manner as the expense of removing snow from the streets of the city is paid; and immediately after the making of the payment of such expense as so certified to him, the said Comptroller shall make and deliver a certificate thereof to the Board of Aldermen of the said city, and the said amounts so certified shall, by the said Board of Aldermen, annually be added to and made to form a part of the annual taxes of the next ensuing fiscal year against the lots against which the said amounts shall be so certified respectively, and the same shall be collected in and with and as part of the annual taxes for such fiscal year, for or during which the same shall have been so incurred and certified.

It becomes my duty to give notice that the provisions of the foregoing statute will be rigidly enforced in all cases where the City Ordinance is not complied with.
