BOROUGH OF MANHATTAN.

Report of Borough President for the Quarter ending December 31, 1903.

City of New York,
Office of the President of the Borough of Manhattan,
City Hall, December 31, 1903.

Hon. SETH LOW, Mayor, City of New York:

Dear Sir—I beg leave to submit herewith, pursuant to section 1544 of the Greater New York Charter, reports of the various bureaus under my control for the quarter ended December 31, 1903, to which I invite your attention.

Very respectfully,

JACOB A. CANTOR, President, Borough of Manhattan.

REPORT OF THE COMMISSIONER OF PUBLIC WORKS.

Offices Commissioner of Public Works,
Borough of Manhattan, Nos. 13-21 Park Row,
New York, December 30, 1903.

Hon. JACOB A. CANTOR, President, Borough of Manhattan:

Dear Sir—Pursuant to section 1544 of the Charter, I present the following report of the business of the Department of Public Works for the quarter ending December 31, 1903:

The following contracts were entered into: Thirty-two for paving and repaving, estimated cost \$520,347.49; 7 for regulating and grading, estimated cost \$250,026.65;

11 for sewers, estimated cost \$155,053.74; 2 for receiving basins, estimated cost \$1,880; 3 for flagging, fencing and crosswalks, estimated cost \$3,325.43; 13 for miscellaneous works, estimated cost \$2,011,888.50, making a total of 68 contracts entered into, at an estimated cost of \$4,455,595.93.

Contracts were completed as follows: Seventy for paving and repaving, cost \$722,691.09; 4 for sewers, cost \$20,369.87; 5 for regulating, grading, etc., cost \$43,136.70; 5 for miscellaneous works, cost \$29,027.98, making a total of 84 contracts completed, at an actual cost of \$815,225.64.

The streets regulated and graded were Kingsbridge avenue, from Wicker place to Terrace View avenue; Tenth avenue, from Academy street to Broadway, and Ninety-fourth street, from First avenue to the East river.

The principal items of work done under the contracts for regulating, grading, flagging, etc., are as follows: Six thousand four hundred and ninety-seven cubic yards of earth excavated, 8,146 cubic yards of rock excavated, 9,297 cubic yards of filling furnished, 3,647 linear feet curbstone set, 188 linear feet curbstone reset, 13,616 square feet of flagging laid, 3,053 square feet of flagging relaid, 5,000 square feet of sod laid.

New pavements were laid as follows: Sheet asphalt, 12.92 miles; asphalt block, 1.59 miles, and granite block, .08 miles, making 415.55 miles of paved streets at the close of the quarter.

The repair force took up and relaid 50,632 square yards of stone block pavement.

Permits were issued as follows: Forty-five to construct vaults, 55 to repair vaults, 8 to place guy posts, 224 to place kettles on streets, 75 to place boilers on streets, 13 to place banner poles, and 19 to repair pavements at the expense of the applicants.

The amount received for vault permits during the quarter was \$34,800.51.

The number of openings made in the streets for various purposes are: Two hundred and nine to lay and overhaul electric mains, 1,606 to lay and repair electric services, 10 to lay and overhaul gas mains, 1,964 to lay and repair gas services, 121 to lay and repair steam services, 315 to lay and overhaul water mains, 55 to lay and overhaul sewers, 226 to lay and repair sewer services, and 4 for other purposes; also 6,330 to construct and repair railways, making a total of 11,008, not including openings in the surface of pavements made by this Department, and by asphalt companies for the purpose of repairing defects in the pavement caused by wear and tear, nor openings in sidewalks, nor openings for temporary incumbrances, such as poles to support banners or derrick guys.

During the quarter sewers have been completed and accepted in One Hundred and Thirty-sixth street, between Convent and Amsterdam avenues; in One Hundred and Thirty-eighth street, between Convent and Amsterdam avenues; in One Hundred and Eighty-fourth street, between the Boulevard and Amsterdam avenue; in Waverley place, between Bank and Perry streets, and in Exchange place, between Broad and William streets.

The total length of the sewerage system in the Borough of Manhattan is 504.68 miles, with 6,076 receiving basins.

A considerable amount of work has been completed which cannot be classified as accepted, because it has been impossible to get the pavement restored over the sewer trenches.

One hundred and ninety-nine permits for new sewers, and 254 permits for repairs to sewers, have been issued during the quarter.

The force of Mechanics and Laborers relieved 37 receiving basins, cleaned 3,016 receiving basins, 145 manholes, and 141,050 linear feet of sewer, relieved 48,743 linear feet of sewer, laid 426 linear feet of culvert, laid 12 linear feet of spur pipe, reset 58 manhole heads and 15 basin heads, put on 185 manhole covers and 23 basin covers, put in 22 basin hoods and 59 basin grates, built 1,607 cubic feet of brick work, relaid 296 square yards of pavement, and excavated 746 cubic feet of earth; also refilled the trenches and removed 8,393 cartloads of dirt.

Repairs have been made and supplies furnished to the various public buildings and offices in charge of this Department.

The free floating baths have been placed in winter quarters at the foot of Twenty-second street, Brooklyn.

The Rivington street bath has been open daily except for a few hours on one or two occasions to make repairs.

The Bureau of Incumbrances received and attended to 6,528 complaints of obstructions; made 257 seizures and removals of obstructions; issued 840 permits to place building material on streets; 116 permits to cross sidewalks with horses and carts, and 83 permits to erect temporary sheds over sidewalks; also removed 350 loads of dirt, stone and rubbish, and 61 fallen trees and dangerous stumps.

The present total length of the sewerage system of Manhattan Borough is 2,644,708 feet (504.68 miles), with 6,076 receiving basins, making the amount done and accepted during the quarter 2,208 feet of sewer and 1 receiving basin.

In addition to the above 1 repair work of 288 feet of sewer, which does not increase the mileage of the sewer system, has been completed.

The following are the works completed and accepted:

Sewer in One Hundred and Thirty-eighth street, between Convent and Amsterdam avenues.

Sewer in One Hundred and Eighty-fourth street, between Boulevard and Amsterdam avenue.

Sewer in Waverley place, between Bank and Perry streets.

Sewer in Exchange place, between Broad and William streets.

Repairs to sewer in Forty-fourth street at Hudson river.

During the quarter a considerable amount of work has been completed, but owing to the difficulty in having the streets properly repaved, most of them being asphalt, the works have not been formally accepted, and cannot be placed in the completed list and the amount of work done added to the sewerage system.

Receiving basins, southwest corner Park and Mulberry streets; Mulberry street, east and west sides, between Park and Bayard streets; southeast corner Elm and Great Jones streets; northeast corner One Hundred and Twelfth street and Manhattan avenue; southwest corner One Hundred and Nineteenth street and Eighth avenue; northwest corner One Hundred and Fifty-first street and Eighth avenue, and northwest corner Fortieth street and Eleventh avenue.

Basins northeast corner Washington and Little West Twelfth streets; northeast corner Forty-seventh street and Madison avenue; southwest corner Seventy-ninth street and Lexington avenue; northwest corner Eightieth street and Columbus avenue; northwest corner One Hundred and Eighteenth street and St. Nicholas avenue, and northwest corner Thirty-fifth street and Park avenue.

Basins northwest corner Seventy-third street and First avenue and northwest corner Eightieth street and East End avenue.

Alteration, etc., to sewer in Fifty-first street, between Park and Fifth avenues. Outlet sewer into Harlem river, between Ninety-second and Ninety-third streets, etc.

Sewer in Union Square East, between Fourteenth and Sixteenth streets.

Alteration, etc., to sewer in Pine street, between William street and Broadway.

Extension to sewer in Columbia street, between Stanton and Rivington streets.

Extension to outlet sewer at the foot of West Seventy-second street.

Repairs to sewer in Fortieth street, between Fifth and Sixth avenues.

There are now in progress contracts for 14 new sewers and 4 basins and 8 repairs works, a detailed statement of all which appears under the head of uncompleted contracts hereunto annexed.

The following contracts have been let at public letting and work will be commenced in the near future.

Repairs to sewer in Madison avenue, between Twenty-fifth and Thirty-first streets.

Repairs to sewer in One Hundred and Forty-fifth street, north side, between Eighth and Edgecombe avenues.

Sewer Permits.

199 permits for new sewers and 254 repair permits have been issued.

Yours respectfully,

HORACE LOOMIS, Chief Engineer of Sewers.

REPORT OF THE SUPERINTENDENT OF PUBLIC BATHS AND COMFORT STATIONS.

December 21, 1903.

Hon. WILLIAM H. WALKER, Superintendent, Public Buildings and Offices:

Dear Sir—I submit herewith the fourth quarterly report to date of the free floating baths, the Rivington Street Bath and Comfort Stations in Borough Hall Park. There is little to be said concerning the free floating baths, as my third quarterly report gave the details for the past summer bathing.

The baths are now all safely in winter quarters at the foot of Twenty-second street, Brooklyn, with all movables safely housed and properly cared for.

The Rivington Street Bath has been open daily except for a few hours on one or two occasions to make repairs.

Not more than two complaints have been received from any source during the past quarter. From this I conclude the bath, as well as attendants, must be giving good satisfaction to the patrons.

As reported before this bath is very much in need of painting throughout the entire interior.

Three dozen new Gegenstroms have been put in during the quarter, which has resulted in better service and a considerable saving of fuel and labor.

The coal furnished this building for the whole season has been of a very poor quality, and has caused great inconvenience and waste.

The Public Comfort Station in Borough Hall Park, while seriously lacking in ventilation, has been of greater service and given better satisfaction than for any quarter during the year. Coat and hat racks have been placed in every toilet, which is a great improvement.

The entrance to the men's rooms has settled to such an extent that it has to be constantly watched for fear of an accident. This should be remedied.

Respectfully submitted,

W. W. WEEKS,
Superintendent, Public Baths and Comfort Stations.

John McGaw Woodbury, Commissioner of the Department of Street Cleaning, requests a renewal of the lease of the store on the ground floor of premises No. 319 East Twenty-fourth street, Borough of Manhattan, "for another term of two years from May 1, 1904, at an annual rental of \$360, payable quarterly, the lessor to take down the centre partition, which at present divides the store, and to make any further necessary repairs required by the Department, otherwise upon the same terms and conditions as in the existing lease."

The last renewal of this lease was authorized by the Commissioners of the Sinking Fund May 7, 1902 (see minutes Sinking Fund, page 427), at an annual rental of \$300.

In an interview with Mr. Klappert, he agrees to renew the lease at \$27.50 a month, of \$330 per annum, and as this is a reasonable rent, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the store on ground floor of premises No. 319 East Twenty-fourth street, Borough of Manhattan, for another term of two years from May 1, 1904, at an annual rental of \$330, payable quarterly, the lessor to take down the centre partition, which at present divides the store, and to make any further necessary repairs required by the Department; otherwise upon the same terms and conditions as are in the present existing lease. Emil W. Klappert, lessor.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City, from Emil W. Klappert, of the store on the ground floor of premises known as No. 319 East Twenty-fourth street, Borough of Manhattan, for a term of two years from May 1, 1904, at an annual rental of three hundred and thirty dollars (\$330), payable quarterly; the lessor to take down the centre partition, which at present divides the store, and to make any further necessary repairs required by the Department of Street Cleaning, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a lease of premises at No. 261 West One Hundred and Twenty-third street, Borough of Manhattan, for the Department of Street Cleaning:

MARCH 11, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In a communication under date of February 5, 1904, the Hon. John McGaw Woodbury, Commissioner of the Department of Street Cleaning, requests the renewal of lease of premises No. 261 West One Hundred and Twenty-third street, Borough of Manhattan, for a term of five years from May 1, 1904, at an annual rental of \$600.

Upon examination of this property it was found that the Department of Street Cleaning only occupied the lower or ground floor of the premises, and it would not be for the best interests of the City to lease a whole building when only the store or ground floor was necessary. I communicated with the lessor, J. Archibald Murray, and he agreed to lease the portion desired by the Department of Street Cleaning, as mentioned in his letter dated March 3, 1904.

In a subsequent communication under date of March 10, 1904, Captain Gibson, Deputy and Acting Commissioner of the Department of Street Cleaning, requests a renewal of lease of the portion of premises now occupied by his Department—that is to say, the ground floor of No. 261 West One Hundred and Twenty-third street, in the Borough of Manhattan—for a term of three years from May 1, 1904, at an annual rental of \$450, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease.

This being satisfactory, I respectfully recommend such a renewal, for a term of three years from May 1, 1904, at an annual rental of \$450, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease, City to pay for Croton water used by the Street Cleaning Department. Lessor, J. Archibald Murray.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the consent to the execution by the Commissioner of Street Cleaning, of a lease to the City from J. Archibald Murray, of the ground floor of premises No. 261 West One Hundred and Twenty-third street, Borough of Manhattan, for a term of three years from May 1, 1904, at an annual rental of four hundred and fifty dollars (\$450), payable quarterly; the City to pay for Croton water used upon the premises, otherwise upon the same terms and conditions as contained in the existing lease, the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of premises at No. 1368 Avenue A, Borough of Manhattan (southwest corner of Seventy-third street), for the Department of Street Cleaning:

FEBRUARY 27, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Hon. John McGaw Woodbury, Commissioner of the Department of Street Cleaning, in a communication under date of February 16, 1904, requests the Commissioners of the Sinking Fund for a lease "from James A. Mahony (Fred B. Wilson, real estate agent, No. 978 Lexington avenue, Borough of Manhattan) of the store and four (4) rooms in the basement of premises known as No. 1368 Avenue A, Borough of Manhattan (southwest corner of Seventy-third street), for a term of three (3) years from May 1, 1904, at an annual rental of \$600, payable quarterly, the lessor to put and keep the premises in good tenable repair, the City to pay for the Croton water used on the premises."

"The store is about 26 by 52 feet, and the four (4) rooms in the basement are each about ten (10) feet square."

"This is to take the place of the premises at No. 370 East Seventy-sixth street, now leased by this Department, the lease of which will expire May 1, next."

I have had this property examined by Mr. O'Sullivan, of this Bureau, and he reports that the premises No. 1368 Avenue A is the southeast corner of Avenue A

and Seventy-third street, not the southwest corner, as mentioned in the letter of Commissioner Woodbury.

The store is 23 feet 7 inches wide by 39 feet deep, and three small rooms in the basement, each about 10 feet square.

I would consider the rent asked of \$600 per annum a full rent, but not excessive, and as it is better adapted and affords more space than the present premises now leased by the Street Cleaning Department at No. 370 East Seventy-sixth street, I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the store and three rooms in the basement of premises known as No. 1368 Avenue A (southeast corner Seventy-third street), Borough of Manhattan, for a term of three years from May 1, 1904, at an annual rental of \$600, payable quarterly; lessor to put and keep the premises in good tenantable repair and pay for the Croton water used on the premises. Lessor, James A. Mahony (Fred B. Wilson, real estate agent, No. 978 Lexington avenue, Borough of Manhattan).

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from James A. Mahony, of the store and three rooms in the basement of premises known as No. 1368 Avenue A (southeast corner of Seventy-third street), Borough of Manhattan, for a term of three years, from May 1, 1904, at an annual rental of six hundred dollars (\$600), payable quarterly; the lessor to put and keep the premises in good tenantable repair and pay for the Croton water used on the premises; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a lease of Room No. 404, in the building No. 258 Broadway, Borough of Manhattan, for the Commissioners of Estimate and Appraisal in Condemnation Proceedings:

MARCH 9, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In a communication under date of March 4, 1904, the Commissioners of Estimate and Appraisal in Condemnation Proceedings request a lease of Room 404 in the building No. 258 Broadway, Borough of Manhattan, for a term of two years, from May 1, 1904, at an annual rental of \$425, and the cancellation of lease of Room 414.

The reason for such new lease and cancellation of old lease is stated to be that Room 414 is an inside room, quite dark, not connected in any way with their present rooms, while Room 404 fronts on Warren street, and is in connection with the present set of offices.

The lease of Room 414 was authorized by the Commissioners of the Sinking Fund April 1, 1903.

I have had this room examined and find its area to be 211.9 square feet, being 13 by 16.3 feet. It is now rented to some other tenant, but it is understood it will be vacant by May 1, and as the rent asked is reasonable, I see no objection to the cancellation of the lease of Room 414 and making a new lease for Room 404, therefore I respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of Room 404 in the building No. 258 Broadway, Borough of Manhattan, for a term of two years, from May 1, 1904, at an annual rental of \$425, payable monthly, lessor to furnish light, heat and janitor service. Lessors, Rogers, Peet & Company, and also recommend the adoption of a resolution canceling the lease of Room 414, in accordance with a letter from Rogers, Peet & Company, under date of March 3, 1904, said cancellation to take effect May 1, 1904.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Whereas, The Commissioners of Estimate and Appraisal, in a communication dated March 4, 1904, have requested the Commissioners of the Sinking Fund to authorize the lease of Room No. 404 in the building at No. 258 Broadway, Borough of Manhattan, and the cancellation of the lease of Room No. 414 in said building, which lease expires on May 1, 1906; and

Whereas, Messrs. Rogers, Peet & Company, the owners of said building, in a communication dated March 3, 1904, have agreed, in the event of the Commissioners of the Sinking Fund adopting a resolution authorizing the lease of Room No. 404 for a term of two years, from May 1, 1904, at an annual rental of four hundred and twenty-five dollars (\$425), to surrender and cancel the lease of Room No. 414; therefore be it

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Messrs. Rogers, Peet & Company, of Room No. 404, in the building at No. 258 Broadway, Borough of Manhattan, for the use of the Commissioners of Estimate and Appraisal in Condemnation Proceedings, for a term of two years, from May 1, 1904, at an annual rental of four hundred and twenty-five dollars (\$425), payable monthly, the lessors to furnish light, heat and janitor service, it being understood and agreed that the lease of Room No. 414 shall be canceled upon the execution and delivery of this lease; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Queens Borough Library, relative to a renewal of the lease of premises on Park street, between Myrtle avenue and the Brooklyn and Jamaica road, for the use of the Richmond Hill Branch:

FEBRUARY 26, 1904.

Sinking Fund Commission, No. 280 Broadway, New York City:

GENTLEMEN—At a meeting of our Board, held February 5, 1904, the following resolution was passed:

"Resolved, That lease for Richmond Hill Branch be renewed for one year on same terms as previous lease, and that Sinking Fund Commission be notified to this effect."

In pursuance of the above resolution, I would ask you to draw up such lease.

Yours very truly,

WALTER L. BOGERT, Secretary.

The Commissioners of the Sinking Fund, at a meeting held April 22, 1903, adopted a resolution authorizing a lease to the City from Frank Grim and Mrs. Hepsa L. S. Donaldson of premises on the west side of Park street, between Myrtle avenue and the Brooklyn and Jamaica road, for the use of the Richmond Hill Branch of the Queens Borough Library, for a term of one year from May 1, 1903, with the privilege of a renewal at an annual rental of \$800, payable quarterly,

the owner to furnish all janitor service, to pay water rent and to make all necessary repairs to the outside of the building.

This request of the Library Board is for the purpose of taking advantage of the renewal clause in the present existing lease, and I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal upon the same terms and conditions as are in the present existing lease.

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Frank Grim and Mrs. Hepsa L. S. Donaldson, of premises on the west side of Park street, between Myrtle avenue and the Brooklyn and Jamaica road, for the use of the Richmond Hill Branch of the Queens Borough Library, for a term of one year from May 1, 1904, at an annual rental of eight hundred dollars (\$800), payable quarterly; the owner to furnish all janitor service, to pay water rent and make all necessary repairs to the outside of the building, otherwise upon the same terms and conditions as contained in the existing lease, the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Which was unanimously adopted.

The following communication was received from the Commissioner of Records of the County of Kings, relative to a renewal of the lease of rooms in the Temple Bar Building, Borough of Brooklyn:

BOROUGH OF BROOKLYN, CITY OF NEW YORK, January 30, 1904.

Commissioners of the Sinking Fund of The City of New York, Hon. N. TAYLOR PHILLIPS, Secretary, No. 280 Broadway, Borough of Manhattan, New York:

GENTLEMEN—Your circular letter received on the 28th inst., calling my attention to the resolution adopted by your Commission with regard to applications for renewals of leases to be made at least three months prior to the expiration thereof.

In reply I inclose copies of the correspondence between your Commission and my office last September—your communication of September 28, 1903, and my reply of September 29, 1903. I think these letters contain most of the information you ask for. I will, however, take up your items of inquiry seriatim and answer them.

1st. The name of the owner is David G. Leggett.

2d. Clinton R. James, of No. 193 Montague street, Borough of Brooklyn, agent in charge of renting premises.

3d. The numbers of the offices are 500, 501, 502, 503, 504, 510, 600, 601, 606, 607, 611, 615, 616, 617 and 618.

4th. Six months from February 16, 1904, with privilege of another six months.

5th. Rental at the rate of \$8,411.25 per annum, payable in monthly installments, in advance.

6th. No alterations or repairs.

7th. Owner pays water rent.

8th. Owner pays for light, heat and janitor service.

9th. The necessity of the lease is that the additions and alterations to the Hall of Records will not be completed for at least six months and the offices for the Commissioner of Records will not be ready for occupancy before that time.

10th. The premises are recommended as the only ones in a fire-proof building and proper for the purposes of this office that can be obtained in the neighborhood.

11th. It is my impression that, under the general item of rental provided for in the last budget, provision was made for this rental, in case it should become necessary to renew the lease.

Yours very truly,

G. E. WALDO, Commissioner of Records of Kings County.

I would respectfully recommend the renewal of this lease for a further period of six months from February 16, 1904, upon the same terms and conditions as in existing lease.

M. J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

February 3, 1904.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from David G. Leggett, of Rooms Nos. 500, 501, 502, 503, 504 and 510 on the fifth floor, and Rooms Nos. 600, 601, 606, 607, 611, 615, 616, 617 and 618 on the sixth floor, in the Temple Bar Building, Nos. 38-44 Court street, Borough of Brooklyn, for the use of the Commissioner of Records, Kings County, as temporary quarters, during repairs, alterations and additions to the Hall of Records, for a term of six months from February 16, 1904, with the privilege of a further renewal of six months, at a rental at the rate of eight thousand four hundred and eleven dollars and twenty-five cents (\$8,411.25) per annum, payable monthly, and to include light, heat, elevator and janitor service, otherwise, upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Which was unanimously adopted.

The Comptroller presented the following report relative to the applications of the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, for additional room in the Municipal Building in the Borough of Brooklyn:

FEBRUARY 25, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Martin W. Littleton, President of the Borough of Brooklyn, in a communication of February 8, 1904, addressed to the Hon. George B. McClellan, as Chairman of the Sinking Fund Commission, requests, on behalf of Charles C. Wise, Superintendent of the Bureau of Public Buildings and Offices, that part of the office now occupied by the Engineer of the Department of Water Supply, Gas and Electricity, be allotted to him by the Sinking Fund Commissioners, and inclosed a report of the Commissioner of Public Works and of Mr. Wise, together with a resolution providing for the space.

In Mr. Wise's communication, addressed to the President of the Borough, he states "that the Department of Water Supply, Gas and Electricity occupies a space of 3,792 square feet, in which 27 persons are employed, and the Bureau of Public Buildings and Offices occupies a space of 2,032½ square feet, in which 32 people are employed. He also states that the Bureau of Public Buildings and Offices employs about 285 people, whose duties call them to the office frequently. In addition to these there are merchants and parties doing work for the Bureau. It will be seen that the space occupied for offices is wholly inadequate for the amount of business transacted, and that the main object in asking for more room is to improve the entrance to the Bureau, which, as arranged now, is disgraceful, being between bookcases and desks, where passageway is but two feet wide."

These papers were transmitted to the Department of Water Supply, Gas and Electricity for the purpose of obtaining from them a report thereon, and in a communication under date of February 23, 1904, the Hon. John T. Oakley, Commissioner of Water Supply, Gas and Electricity, replies thereto and transmits a "letter from the Deputy Commissioner of Water Supply, Gas and Electricity in the Borough of Brooklyn and a report from the Chief Engineer of the Department of Water Supply, Gas and Electricity, Assistant Engineer of Lighting and the Engineer of Electricity, from which it is apparent that we not only cannot spare the rooms asked by the Bureau of Public Buildings and Offices, or any part thereof, but that, on the contrary, we are in urgent and immediate need of additional room and for the reasons clearly shown in the reports referred to."

In addition to the reports a resolution is inclosed, requesting the Commissioners of the Sinking Fund to assign to the Department of Water Supply, Gas and Electricity in the Borough of Brooklyn Rooms 29 and 33 on the third floor of the Municipal Building, both of which adjoin and should form part of the offices of the Deputy Commissioner, Chief Engineer and Assistant Engineer of Lighting and Electricity and Clerks."

Accompanying the Commissioner's letter is a communication from the Deputy Commissioner of the Borough of Brooklyn, and a full report from I. M. de Varona, with blue print, maps and photographs of the drafting-room on the fourth floor and small room on the third floor, which are submitted herewith.

I have personally made an examination of the Rooms 29 and 33 in question, and I find that Room 29, facing on Joralemon street and adjoining the office on the east of the Department of Water Supply, now used by the Department of Public Buildings, and unless rooms are leased in outside buildings I do not see how it is possible to turn over this room to the Department of Water Supply, Gas and Electricity.

What was known as Room 33 has been divided into two offices and the main room connects with Room 29 and is used by the Department of Public Buildings. There is an inner room, partitioned off, which is vacant, and from it a door leads into Room 33A, which connects with the Department of Water Supply, Gas and Electricity, and this room not used by the Department of Public Buildings, could be very readily turned over to the Department of Water Supply.

The paragraph in the report of the Department of Water Supply, stating that no provision has been made in the new Municipal Building to house the Department of Public Buildings, does not necessarily mean that that Department will not be provided for in a public building, for the reason that a number of offices now in the Borough Hall are to be transferred to the new Municipal Building when the same is completed and there will be left a number of vacant rooms which could undoubtedly be occupied by the Department of Public Buildings.

Unless the Commissioners of the Sinking Fund adopt a resolution authorizing the leasing of outside quarters for the Department of Public Buildings and Offices, I do not see how any assignment of rooms can be made, as requested by the two Departments for additional room, and I would respectfully recommend that the Commissioners of the Sinking Fund take no action in the matter of the reassignment of rooms and that the same be left entirely with the Hon. Martin W. Littleton, President of the Borough of Brooklyn, and the Hon. John T. Oakley, Commissioner of the Department of Water Supply, Gas and Electricity, for such mutual arrangement among themselves as can be conveniently made, believing that at the request of the Commissioner of the Department of Water Supply, Gas and Electricity, the President of the Borough would release to the Commissioner of the Department of Water Supply the former Bookkeepers' Rooms 33 and 33A, which the Department of Buildings does not use, and which would afford additional space for the Department of Water Supply, Gas and Electricity.

Respectfully submitted for approval.

MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved:

EDWARD M. GROUT, Comptroller.

Laid over.

The Comptroller presented the following report of the Engineer of the Department of Finance and offered the following resolutions, relative to the revised plans and specifications for the construction of a station-house, prison and stable for the Sixty-eighth Precinct, located on the northwest corner of Avenue U and East Fifteenth street, Borough of Brooklyn:

MARCH 8, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Police Commissioner on March 4, 1904,

"Ordered, That the revised plans and specifications for the Sixty-eighth Precinct be respectfully referred to the Commissioners of the Sinking Fund for approval, and that a copy of communication from Louis H. Voss, Architect, dated February 27, 1904, and from Messrs. Fuller & O'Connor be transmitted herewith."

I would report:

On September 22, 1903, in view of the statement furnished me by Mr. Louis H. Voss, Architect for the building, that the buildings, as per plans submitted by the Police Commissioner on September 21, 1903, could be erected for \$97,250, including Architect's fees, I advised that the plans might properly be approved by the Commissioners of the Sinking Fund.

On opening bids for this work the lowest bid received was \$113,900 (for building alone, not including Architect's fees), and on January 8, 1904, the Police Commissioner requested the Board of Estimate and Apportionment to authorize an additional \$26,000 in order to award the contract to Fuller & O'Connor for \$113,900. In reply to this request, on January 13, 1904, I suggested "that the application be returned to the Commissioner for his further consideration as to whether the specifications cannot be modified as to bring the amount within the appropriation without materially affecting the efficiency and durability of the building."

From an examination of the modified plans and specifications, as now submitted by the Police Commissioner, I am of the opinion that the total expenditure, site, cost of building and Architect's fees, will come within the original appropriation of \$100,000.

The Architect states that the specifications and plans have been so revised that the cost of

Building will be about	\$87,000 00
Architect's fees	4,400 00
Cost of site	5,500 00
	<hr/> \$96,900 00

He also adds, "that these figures may possibly vary a thousand dollars (\$1,000) either way, but the work will, I have reason to believe, come within the appropriation."

The present plans as to the layout and general arrangement are practically the same as the original plans, the details of which I fully set forth in my former report of September 22, 1903; as previously stated, the plans appear to be judiciously arranged, and the specifications call for a first-class building and well adapted for a station-house.

I am of the opinion that the Commissioners of the Sinking Fund may properly approve the modified plans as presented by the Police Commissioner on March 4, 1904; I would add that the resolution adopted by the Commissioners of the Sinking Fund on October 16, 1903 (see page 964), should be rescinded, as the present plans take the place of the plans then approved.

Respectfully,

EUG. E. McLEAN, Engineer.

Resolved, That the resolution adopted by this Board at meeting held October 16, 1903, approving of the plans for the construction of a station-house, prison and stable for the Sixty-eighth Precinct, located on the northwest corner of Avenue U and East Fifteenth street, Borough of Brooklyn, be and the same is hereby rescinded.

Resolved, That, pursuant to the provisions of chapter 350 of the Laws of 1892, as amended by chapter 495 of the Laws of 1895, the Commissioners of the Sinking Fund hereby approve of the plans for the construction of a station-house, prison and stable for the Sixty-eighth Precinct, located on the northwest corner of Avenue U and East Fifteenth street, Borough of Brooklyn, as submitted by the Police Commissioner, with communication dated March 4, 1904.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Corporation Counsel, relative to bonds and mortgages on East Side Park lands in his hands for foreclosure (see page 137).

NEW YORK, March 3, 1904.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I have the honor to acknowledge receipt of a communication signed by your Secretary bearing date February 15, 1904, transmitting an extract from the minutes of your meeting held on the 5th of February, 1904, containing a report of the Committee of the Commissioners of the Sinking Fund, and asking for information "as to the present status of the bonds and mortgages mentioned in said report, which are in your hands for foreclosure."

In reply, permit me to state that the bonds and mortgages are four (4) in number and the present status is as follows:

1. In the case of Sarah Mildenberg, the judgment of foreclosure and sale was duly entered on January 15, 1902. The sale has not yet taken place because, as I am informed, of instructions from the Comptroller's office. I have been unable, however, to find any written request to that effect, and have therefore ordered the sale to be proceeded with.

2. In the case of Patrick Monahan, judgment of foreclosure and sale was entered on January 14, 1897, and sale was had under the judgment, which the purchaser refused to complete. A motion was made to compel him so to do, but the process server was unable to find him and nothing was ever done. Very recently the purchaser made a motion to be relieved from his purchase, and this was granted on the ground that, under the terms of sale, the City could not give a marketable title. The order upon this motion will be entered immediately and a resale had under proper terms of sale.

3. As to the two mortgages given by James Cavanagh, each due on December 31, 1898, one for \$1,120, and the other for \$553, the lands having been subsequently deeded to William Lane. I find no action has been commenced to foreclose either of those mortgages, owing to negotiations with said Lane and promises on his part to pay up. I have directed that suits be at once brought, and this office will prosecute the same to judgment at the very earliest possible date.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

The Comptroller presented the following statement and offered the following resolution relative to a sale of \$10,000 of Corporate Stock held for the Sinking Fund of Long Island City, and transferred to the Sinking Fund for the Redemption of the City Debt No. 2:

MARCH 12, 1904.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Revenue Bonds of Long Island City amounting to sixty thousand dollars (\$60,000) mature on April 1, 1904. These bonds are redeemable from the Sinking Fund of Long Island City for the Redemption of Revenue Bonds. The cash in said Sinking Fund on the 5th inst. amounted to \$53,327.79. As this sum will not be sufficient to redeem said bonds I recommend that \$10,000 of the Corporate Stock of The City of New York held for said Sinking Fund be sold and transferred to the Sinking Fund for the Redemption of the City Debt, No. 2.

I present herewith a resolution to effect such sale and transfer.

Respectfully,

EDWARD M. GROUT, Comptroller.

Resolved, That ten thousand dollars of the three per cent. Corporate Stock of The City of New York, for a bridge over the East river, between the boroughs of Manhattan and Queens, payable November 1, 1953, now held by the Commissioners of the Sinking Fund, for the account of the Sinking Fund of Long Island City for the Redemption of Revenue Bonds, be transferred to the Sinking Fund for the Redemption of the City Debt, No. 2, and that a warrant be drawn on the said Sinking Fund for the Redemption of the City Debt, No. 2, for the par value of said Corporate Stock and accrued interest thereon to date of transfer, in favor of said Sinking Fund of Long Island City for the Redemption of Revenue Bonds.

Which resolution was unanimously adopted.

The following communication was received from the Commissioner of Docks, requesting approval of his action in electing to acquire the bulkhead at the foot of Seventh avenue, Harlem river:

NEW YORK, March 3, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—In 1897 the Department of Docks, to meet the growing demands for wharfare accommodations and believing the premises to be the property of the City, constructed a bulkhead platform at the foot of Seventh avenue, on the westerly side of the Harlem river, in the Borough of Manhattan, which structure was completed on November 16 of that year, and at which the City has since collected wharfare. This platform in question is 121.85 feet long on the pierhead line, 146.31 feet long at the inshore side and has a width of 41 feet, and was constructed at a cost of \$4,456.61.

In 1900, an action was brought against the City by Charles Hueston Hastings, the United States Trust Company of New York, as trustee under the will of Charles C. Hastings, deceased, and Nathaniel Whitman to determine the provisions of a grant of land under water on the westerly side of the Harlem river, extending for a distance of 1,243 feet 4.1 inches from a point near the northerly side of West One Hundred and Fifty-first street to a point near the southerly side of West One Hundred and Fifty-second street, on the Harlem river, which grant was made by the City November 8, 1865, to Lucy S. Develin and others, the plaintiffs; the plaintiffs also asked for an order restraining the City from maintaining certain floats and other structures along the waterfront, between One Hundred and Fifty-second and One Hundred and Fifty-fifth streets, including a platform at the northerly end of Seventh avenue, Harlem river, and for an accounting of the moneys received and collected by the City for the use of said platform. This action was tried before Hon. Justice Scott, who, under date of January 2, 1904, signed an interlocutory judgment to the effect that the City is the owner of the lands within the boundaries of said grant within the lines of the exterior street and the projected streets, but that the plaintiffs owned the land within the boundaries of said grant between the projected streets and are entitled to the removal of the encroachments between the streets, and also to the wharfare received by the City from the bulkhead platform at the foot of Seventh avenue, Harlem river, since the date of its completion, November 16, 1897, as well as to the possession of the bulkhead platform itself, unless the City elects to keep the bulkhead, in which case payment for the permanent value of the property rights at the foot of Seventh avenue, Harlem river, must also be made by the City to the private owners; and the said judgment further provides that such election by the City must be made within three months from the date thereof or that otherwise the plaintiffs will be entitled to the possession of said bulkhead platform.

The permanent value of the property rights of the plaintiffs in the said premises, to be paid by the City, is, under the judgment, to be determined by the referee appointed, Mr. Lawrence Godkin, if the City elects to retain the bulkhead.

The Corporation Counsel, in an opinion dated January 30, 1904, states that the election to acquire the property-rights in question should be made by the Commissioner of Docks with the approval of the Commissioners of the Sinking Fund.

Believing that the best interests of the City would be conserved by retaining this bulkhead, I do hereby, subject to approval by the Commissioners of the Sinking Fund, elect to retain the property rights of the owners in and to the bulkhead at the foot of Seventh avenue, on the westerly side of the Harlem river, and I hereby respectfully request the Commissioners of the Sinking Fund to approve such action.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

I am of the opinion that the Commissioners of the Sinking Fund may properly approve of the action of the Commissioner of Docks in electing to acquire this bulkhead at the foot of Seventh avenue, Harlem river, under the provisions of the interlocutory judgment referred to, the value to be determined by Mr. Lawrence Godkin as referee.

EUG. E. McLEAN, Engineer, Department of Finance.

March 15, 1904.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of the action of the Commissioner of Docks in electing to acquire the bulkhead at the foot of Seventh avenue, Harlem river, under the provisions of the interlocutory judgment signed by the Hon. Justice Scott, under date of January 2, 1904, the value to be determined by Mr. Lawrence Godkin, as referee, and as requested by said Commissioner of Docks, in communication dated March 3, 1904.

Which was unanimously adopted.

The following petition was received from the Brooklyn Trust Company, as executor and trustee under the last will and testament of Cornelia B. Remsen, deceased, for a release or quit-claim of the City's interest in a portion of the old Gowanus road, in the Borough of Brooklyn.

To the Honorable Sinking Fund Commission of The City of New York:

The petition of the Brooklyn Trust Company respectfully shows:

That your petitioner is the executor of the last will and testament of Cornelia B. Remsen, deceased, late of the Borough of Brooklyn, City of New York.

Cornelia B. Remsen was, in her lifetime, with others, the owner of the premises situated on the southerly side of Lincoln place and the northerly side of Berkeley place, distant 109 feet east of Fifth avenue, in the Borough of Brooklyn, said premises being 140 feet in front on Lincoln place and Berkeley place, and 200 feet in depth. The Gowanus road ran through a portion of this property.

The Brooklyn Trust Company, as such executor, has agreed to sell the property hereinbefore described, and would like to obtain from the City a conveyance of all its right, title and interest in and to the said Gowanus road running through the premises.

Wherefore, your petitioner prays your Honorable Board that the City will execute and deliver to it the deed herein prayed for.

Dated, February 17, 1904.

BROOKLYN TRUST COMPANY,

By T. C. COLBORG, President,

Executor Estate Cornelia B. Remsen, Petitioner.

State of New York, County of Kings, ss:

Frederick C. Colton, being duly sworn, says: That he is the Vice-President of the Brooklyn Trust Company, the petitioner above named; that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge, except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

Deponent further says, that the reason this verification is not made by the petitioner is that it is a corporation and he is the Vice-President thereof, and that deponent makes the same from his personal knowledge and supervision of the affairs and business of said corporation.

FREDERICK C. COLTON.

Sworn to before me this 17th day of February, 1904.

JOSEPH A. KENNEDY, Notary Public, Kings County.

In connection therewith, the Comptroller presented the following report of the Appraiser of Real Estate, Department of Finance, with opinion of the Corporation Counsel, and offered the following resolution:

FEBRUARY 18, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. William N. Dykman, as attorney for the Brooklyn Trust Company as executor and trustee under the last will and testament of Cornelia B. Remsen, deceased, in a communication under date of February 2, attached to a verified petition, makes application to the Commissioners of the Sinking Fund for a release of the City's interest to a small portion of the old Gowanus road lying within the area of a plot of ground, which plot is bounded and described as follows:

Beginning at a point on the southerly side of Lincoln place, distant 109 feet 3 inches easterly from the southeasterly corner of Lincoln place and Fifth avenue; running thence southerly parallel with Fifth avenue 200 feet to the northerly side of Berkeley place; thence easterly along the northerly side of Berkeley place 140 feet; thence northerly and again parallel with Fifth avenue 200 feet to the southerly side of Lincoln place; thence westerly along the southerly side of Lincoln place 140 feet to the point or place of beginning.

This request for a release is in all respects similar to other requests for releases to parts of the old Gowanus road, and in view of the opinion of the Corporation Counsel, frequently expressed in previous similar cases, "that the old Gowanus road was a Dutch road, and upon its abandonment the title to the same reverted to the Government; that the interest of The City of New York in the land included within the limits is very slight and in no way substantial, and that a nominal sum would be sufficient for a quit-claim deed," and in view of the fact that similar releases to the one above requested and made to The City of New York under resolutions of the Commissioners of the Sinking Fund have been made for a nominal consideration, I would therefore recommend that this application be sent to the Corporation Counsel for his opinion as to whether the City's interest in the premises is material or a mere cloud upon the title of a private owner. If he shall certify that the City's interest is not material, the Commissioners of the Sinking Fund, pursuant to section 205 of the Greater New York Charter, may properly authorize a release or quit-claim for a nominal consideration to the Brooklyn Trust Company, as executor and trustee, etc., of all the right, title and interest of The City of New York to that portion of the old Gowanus road lying within the area of the property bounded and described as hereinbefore recited; that the petitioners shall produce evidence that all taxes, assessments and water rates due and unpaid against the said property shall have been paid before receiving said release from the City, and shall further produce evidence that any sales for the non-payment of taxes, assessments and water rates have either been redeemed or have merged into title before receiving such release from the City, and I would also recommend that the interest of the City be appraised at the nominal sum of \$1, and that the expense of such release, examination, etc., be fixed at \$100, to be paid by said petitioners before the delivery of said release.

Respectfully submitted,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

NEW YORK, February 27, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received, under date of February 19, 1904, a communication signed N. Taylor Phillips, Deputy and Acting Comptroller, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by the Brooklyn Trust Company, as executor and trustee, for a release of a small portion of the old Gowanus road, and you ask to be advised

"First—Whether the interest of the City as to this parcel of land is material or simply nominal and a mere cloud upon the title of a private owner. If the latter, please so certify that the matter may be presented to the Commissioners of the Sinking Fund pursuant to section 205 of the amended Greater New York Charter. If you find that the City's interest is a mere cloud upon the title of a private owner, will you please prepare the proper releases in triplicate, approve them as to form and transmit the same to this office?

"Second—Whether in the matter of requests for releases as to the City's interest in all these old roads in the Borough of Brooklyn, the Commissioners of the Sinking Fund should dispose of them at public auction to the highest bidder after appraisal, and at an upset price, or whether the Commissioners of the Sinking Fund may properly release, after sale at public auction, the interest of the City in and to these old roads to the abutting property owners upon requests for such releases."

In answer to your first question I would say that the old Gowanus road, in the Borough of Brooklyn, was one of those old highways in the City of Brooklyn which have long since been closed to public use and included within the holdings of private persons. Taxes have been paid and assessments for local improvements have been levied and collected thereon.

The status of this old road is precisely similar to those concerning which many communications have been transmitted to you from the Corporation Counsel. The City has long since ceased to exercise any municipal control over it.

On March 31, 1879, the Common Council of the City of Brooklyn passed the following resolution:

"Resolved, That the Mayor and City Clerk be and they hereby are authorized and directed to issue and deliver to Edwin C. Litchfield, the usual quit-claim deed for the land on the old Gowanus road, to the centre thereof, opposite to and adjoining the lands now owned by him; the same to be given under the advice and direction of the Corporation Counsel, and upon the payment of the usual fee. Also that like deeds be given to such other adjoining owners along the line of said old road as shall apply therefor to the Corporation Counsel, upon complying with the same condition."

I am of the opinion, therefore, and so certify, that the City's interest in that portion of the old Gowanus road, in the Borough of Brooklyn, included within the premises hereinafter described, is a mere cloud upon the title of the private owner. Said property is bounded and described as follows:

Beginning at a point on the southerly side of Lincoln place, distant 109 feet 3 inches easterly from the southeasterly corner of Lincoln place and Fifth avenue; running thence southerly parallel with Fifth avenue 200 feet to the northerly side of Berkeley place; thence easterly along the northerly side of Berkeley place 140 feet; thence northerly and again parallel with Fifth avenue 200 feet to the southerly side of Lincoln place; thence westerly along the southerly side of Lincoln place 140 feet to the point or place of beginning.

In answer to your second question I would say that by section 205 of the Greater New York Charter as revised, it is provided that the Commissioners of the Sinking Fund shall have power "to release such interests of the city in real estate as the corporation counsel shall certify in writing to be mere clouds upon titles of private owners, in such manner and upon such terms and conditions as in their judgment shall seem proper."

The avowed object of this provision is to quiet the title of owners of property where a possible interest of the City may operate as a cloud upon such title. This object could not be attained if competition was invited as to the purchase of the City's interests. The section further empowers the Commissioners to sell and convey the right, title and interest of the City in and to lands lying within any street, avenue, etc., that has been discontinued and closed to the owner of lands fronting on such street, avenue, etc., so discontinued and closed, on such terms and conditions and for such consideration as in the judgment of the said Commissioners of the Sinking Fund shall seem proper.

Of course, sale made under this provision cannot be made at public auction, as the Commissioners are directed to sell to the owner of the lands fronting on the street.

You also request that I prepare proper releases of the interest of the City in the premises referred to in your communication. I have been urged to hasten this communication so that the matter may be laid before the Commissioners of the Sinking Fund at their next meeting. I will prepare the necessary releases and transmit them to you in a few days.

Respectfully,

G. L. STERLING, Acting Corporation Counsel.

Resolved, That pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release of quit-claim to the Brooklyn Trust Company, as executor and trustee under the last will and testament of Cornelia B. Remsen, deceased, of all the right, title and interest of The City of New York to all that portion of the old Gowanus road, in the Borough of Brooklyn, lying within the area of the plot of ground bounded and described as follows:

Beginning at a point on the southerly side of Lincoln place, distant 109 feet 3 inches easterly from the southeasterly corner of Lincoln place and Fifth avenue; running thence southerly parallel with Fifth avenue 200 feet to the northerly side of Berkeley place; thence easterly along the northerly side of Berkeley place 140 feet; thence northerly and again parallel with Fifth avenue 200 feet to the southerly side of Lincoln place; thence westerly along the southerly side of Lincoln place 140 feet to the point or place of beginning.

—the Corporation Counsel having certified to the Commissioners of the Sinking Fund, under date of February 27, 1904, that whatever interest the City may have in the property is a mere cloud upon the title of the owners.

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at a nominal sum of one dollar (\$1), and the expense of such release, examination, etc., be and is hereby fixed at one hundred dollars (\$100), to be paid by the petitioners, and evidence produced showing that all taxes, assessments and water rates due and unpaid against the said property have been paid and also produce evidence that any sales for the non-payment of taxes, assessments and water rates have either been redeemed or have merged into title before the execution and delivery of such release.

Which resolution was unanimously adopted.

Alderman Philip Harnischfeger appeared before the Board in behalf of the Exempt Firemen Benevolent Association, who desire permission to occupy, for a nominal consideration, the premises of Engine Company 41, on Third avenue, opposite One Hundred and Forty-seventh street, Borough of The Bronx, about to be vacated.

The property being under the control of the Fire Department and the Commissioners of the Sinking Fund having no jurisdiction in the matter, it was suggested to the Alderman that he see the Fire Commissioner and ascertain what disposition he intends to make of the property.

Adjourned.

JOHN KORB, Jr., Secretary pro tem.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

The contract must be bid separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
