(Affidavit as to publication of notice of hearing in the CITY RECORD on file with

April 13, 1918.

Hon. JOHN F. HYLAN, Mayor, and Chairman of the Commissioners of the Sinking
Fund:

Dear Sir—I transmit herewith for the approval of the Commissioners of the
Sinking Fund a plan determined upon by the Commissioner of Docks April 13, 1918,
for the further alteration and amendment of the plan for improving the water-front
and harbor of The City of New York on Bay Ridge Channel, between 58th and 63d
streets, South Brooklyn, as determined upon by the Commissioner of Docks April
8, 1910, and approved and adopted by the Commissioners of the Sinking Fund March
29, 1911, and altered and amended by the Commissioner of Docks February 25, 1914,
and approved and adopted by the Commissioners of the Sinking Fund April 8, 1914.

I also enclose technical description of the proposed amended plan and beg to
request that it be substituted in place of the plan heretofore filed in your office, hearing
on which is to be advertised for May 9, 1918.

Under date of April 4, 1918, General George W. Goethals, Director of Storage
and Traffic, in a letter of his to the Mayor, stated that the Government has selected
a site for an army base in the Borough of Brooklyn, bounded by 58th street, Second
avenue, 63d street and the pierhead line, and is now taking measures to procure
immediate possession of the property for the purpose of completing this important
work at the earliest date.

A plan was submitted with the communication showing bulkhead and piers
and certain improvements inshore which called for the close of 59th, 60th, 61st and
62d streets, and the regrading of portions of First avenue and 63d street.

The plan herewith submitted follows the line shown on General Goethals'
blueprint, and I consider it advisable that the City's plan should be in accord with
the work proposed to be done by the United States Government.

Yours very truly, MURRAY HULBERT, Commissioner of Docks.

No one appearing in opposition, the Comptroller presented the following report
and offered the following resolution:

May 4, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 13, 1918, the Commissioner of Docks determined and
transmitted for the approval of the Commissioners of the Sinking Fund a plan for the
further alteration and amendment of the plan for improving the water-front and
harbor of The City of New York, on Bay Ridge Channel, between 58th and 63d
streets, South Brooklyn.

The proposed amendment consists in the discontinuance of the bulkhead line
and the proposed pier shown on the plan determined by the Commissioner of Docks,
February 25, 1914, and approved by the Commissioners of the Sinking Fund April 8,
1914, amending and altering the plan as determined by the Commissioner of Docks
April 8, 1910, and approved and adopted by the Commissioners of the Sinking Fund
March 29, 1911, and establishing therefor:

A bulkhead line distant 500 feet west of and parallel with the westerly side of
First avenue and extending from the centre line of 58th street prolonged westerly,
southerly to the southerly line of 63d street prolonged westerly; also

The establishing of three piers each 150 feet in width and one pier 70 feet 4
inches in width, all extending from the proposed bulkhead line to the pierhead line
as approved by the Secretary of War, March 4, 1890; also

The establishing of two slips each 250 feet in width and one slip 185 feet in width,
adjacent to and between the proposed piers.

The plan as submitted provides for the carrying out of certain improvements
to property in this vicinity which are contemplated by the United States Government.

If the Commissioners of the Sinking Fund approve the plan at the public hearing
to be held, I recommend the adoption of the attached resolution approving the
amendment, and suggest that a copy of this plan be forwarded by the Commissioner
of Docks to the President of the Borough of Brooklyn, for the purpose of securing
co-ordination between upland streets shown on the City Map and water-front im-
provements. Respectfully,

CHARLES L. CRAIG, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve the plan for the alteration and amendment of the plan for improving the water-front and harbor of the City of New York on Bay Ridge Channel, between 58th and 63rd Streets, South Brooklyn, Borough of Brooklyn, adopted by the Commissioner of Docks April 13th, 1918, in accordance with law.

Which resolution was unanimously adopted.
The Chairman then declared the hearing closed.

Dock Department—Plan for Improvement of the Waterfront and Harbor of The City of New York, Between Huron and Kent Sts., Greenpoint, Brooklyn.

The Chair called for a public hearing in the matter of the plan for improvement of the waterfront and harbor of The City of New York, between Huron and Kent sts., Greenpoint, Borough of Brooklyn, made and adopted by the Commissioner of Docks in accordance with law April 13, 1918, and transmitted to the Commissioners of the Sinking Fund for approval.

The Commissioner of Docks requested that the hearing be adjourned to June 6, 1918.

It being necessary to fix a new date for the hearing and readvertise the same, the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby fix 11.10 o'clock in the forenoon on Thursday, June 6, 1918, in Room 16, City Hall, Borough of Manhattan, as the time and place for a public hearing, in the matter of the plan for the improvement of the waterfront and harbor of The City of New York, between Huron and Kent Streets, Greenpoint, Borough of Brooklyn, made and adopted by the Commissioner of Docks in accordance with law April 13, 1918.

Which resolution was unanimously adopted.

Dock Department—In the Matter of the Boundary Line Agreement with Messrs Williams and Adams.

The Comptroller again brought up for consideration the communication from the Commissioner of Docks requesting the adoption of a resolution confirming the former action of the Commissioners of the Sinking Fund in regard to the following:

At a meeting held July 26, 1917, a resolution was adopted and approved, subject, however, to approval of the Corporation Counsel as to form, of an agreement made June 28, 1917, by and between the City of New York and Percy G. Williams, of East Islip, County of Suffolk, and State of New York, and Thomas Adams, of the Borough of Manhattan, City, County and State of New York, tenants in common, providing for the fixing of the boundary line of the properties affected, amendment of the new plan, mutual conveyances, dredging, filling in, etc., at Bergen Beach, Jamaica Bay, Borough of Brooklyn.

The papers necessary to carry such agreements in to effect were prepared by the Corporation Counsel, but, owing to the change in the City government, the Corporation Counsel thought it advisable to resubmit the matter for the reconsideration of the new Commissioners of the Sinking Fund.

This matter was on the calendar of meeting held April 11, 1918, and after a hearing laid over. At meeting held April 25, 1918, the matter was laid over to this meeting. At meeting held May 2, 1918, the Commissioner of Docks was requested to furnish a map or plan showing by appropriate legend the channels, bulkhead, pierhead and street lines in existence in the region affected at the time the proposed agreement was submitted, with certain other information. The plan was received and considered.

Or motion the matter was referred to the Committee of the Whole.

Dock Department—In the Matter of the Boundary Line Agreement with the Atlantic, Gulf and Pacific Company.

The Comptroller again brought up for consideration the communication from the Commissioner of Docks requesting the adoption of resolutions confirming the former action of the Commissioners of the Sinking Fund in regard to the following:

At a meeting held July 26, 1917, a resolution was adopted fixing the boundary line between the property owned by the Atlantic, Gulf and Pacific Company and the property owned by the City of New York around and adjacent to Mill Island, Jamaica Bay, Borough of Brooklyn.

Resolutions were also adopted requesting the Corporation Counsel to prepare such papers or other instruments as may be necessary to carry into effect provisions and conditions contained in said agreements, and, further, that it shall be the duty of the Mayor of the City of New York to execute such instruments, and the chief clerk to attest same, when prepared and approved as to form by the Corporation Counsel.

The papers necessary to carry such agreements into effect were prepared by the Corporation Counsel, but, owing to the change in the City government, the Corporation Counsel thought it advisable to resubmit the matter for the reconsideration of the new Commissioners of the Sinking Fund.

This matter was on the calendar of meeting held April 11, 1918, and after hearing, laid over. At meeting held April 25, 1918, the matter was laid over to this meeting. At meeting held May 2, 1918, the Commissioner of Docks was requested to furnish a map or plan showing by appropriate legend the channels, bulkhead, pierhead and street lines in existence in the region affected at the time the proposed agreement was submitted, with certain other information.

The plan was received and considered. Mr. Payne, attorney for the Atlantic, Gulf & Pacific Co., was again heard in regard to the matter.

On motion the matter was referred to the Committee of the Whole.

Dock Department—Lease to the John W. Sullivan Co. of a portion of Pier at the Foot of E. 9th St., Manhattan.

A communication was received from the Commissioner of Docks requesting approval of a lease to John W. Sullivan Company, a corporation organized under the laws of the State of New York, having its principal offices at 827 East 9th Street, of the southerly half of the pier foot of East 9th Street, East River, commencing at the inshore end of the pier and extending outshore a distance of two hundred feet, for a term of five years from the first day of May, 1918, with privilege of renewal for a further term of five years, at a rental for the first term \$3,300 per annum, and for the renewal term 5 per cent. advance; the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Dock Department.

This matter was on calendar of meeting held May 2, 1918, and referred to the Committee on Dock matters.

The Committee was abolished and the matter referred to the "Committee of the Whole."

Dock Department—Lease to the Pawtucket and New York Transportation Company of a Portion of the Pier at the Foot of E. 5th St., Manhattan.

The following communication was received from the Commissioner of Docks: Pier A, North River, April 20, 1918.

Hon. JOHN F. HYLAN, Mayor and Chairman of the Commissioners of the Sinking Fund:

Dear Sir—I beg to recommend that the Commissioners of the Sinking Fund adopt a resolution approving of and consenting to the execution by the Commissioner of Docks of the following described lease:

Lessee: Pawtucket and New York Transportation Company, a corporation organized under the laws of the State of Massachusetts, having its principal office at Pawtucket, Rhode Island.

Description of Property: The outer 200 feet of the pier foot of East 5th Street. Terms: Five years from the 1st day of May, 1918, with privilege of renewal for a further term of five years.

Rental: For the first term, \$8,400 per annum, and for the renewal term, 5 per cent. advance.

Shed: The lessee shall have the privilege of erecting and maintaining upon the leased premises, shed for the protection of freight in transit, which shed shall be erected in accordance with plans to be submitted and approved by the Chief Engineer of this Department and shall revert to and become the property of the City of New York at the expiration or sooner termination of the lease.

The Remaining Terms and Conditions: The remaining terms and conditions shall be similar to those now contained in leases of wharf property now used by this Department.

The pier at the foot of East 5th Street is an unshedded pier, 466 feet long and 60 feet wide, and has heretofore been used for general wharfage. During the year 1917 the following amounts were collected from this pier:

Berth for manure boat	\$900 00
Permit for ice bridge	2,433 76
Wharfage	4,378 44

Total

\$7,712 20

Louis H. Schneider, No. 1 Beverly Road, Chestnut Hill, Massachusetts, and Edward N. Shedd, 146 Westminster Street, Providence, Rhode Island, recently called on me and stated that they had caused to be incorporated in March, 1918, under the laws of the State of Massachusetts, a corporation, known as the Pawtucket and New York Transportation Company, with a paid up capital of \$500,000. They are now arranging to purchase two steamboats of 500 tons capacity, drawing 12½ feet of water, and later on, as business warrants, they intend to acquire two more boats.

A lease has been secured by them for five years, with privilege of renewal for a like term, of the State Wharf at Pawtucket, Rhode Island. It is intended to inaugurate on May 15th a daily freight service, one boat leaving Pawtucket and the other New York at 6 p. m., arriving at the other terminal at 11 a. m. the next day.

The leasing of this property and the erection of a shed thereon will still leave possible the utilization of the inner half of the pier from which considerable revenue can be derived. The granting of this lease will enable the establishment of a new Sound steamboat line, which will be greatly beneficial to the commerce of this City.

I am of the opinion that no advantage will be gained by offering this lease at public auction, and, therefore, recommend the approval thereof by the Commissioners of the Sinking Fund. Very truly yours,

MURRAY HULBERT, Commissioner of Docks.

The Committee to which this matter was referred at meeting held May 2, 1918, presented the following report:

To the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The Commissioner of Docks, in a communication dated April 20, 1918, requests the approval of a lease to the Pawtucket and New York Transportation Company of the outer 200 feet of the pier at the foot of East 5th Street, Manhattan, for a term of five years from May 1, 1918, with privilege of renewal for a further term of five years, at a rental of \$8,400 per annum for the first term and of 5 per cent. advance for the renewal term.

The Dock Commissioner explained to the Committee that the proposed lessee was a Massachusetts corporation with a paid up capital of \$500,000, having its principal office at Pawtucket, R. I.; that this corporation had secured a lease for five years, with privilege of renewal for a like term of the State wharf at Pawtucket, R. I., and that it intended to start a freight service between Pawtucket and New York, in which two steamboats of five hundred tons capacity would be engaged, and that later on, as business warranted it, additional boats would be brought into the service.

The pier at the foot of East 5th Street, the Commissioner stated, has been an open pier since it was constructed. In 1917 the revenues derived therefrom by the city amounted to \$7,712.20. These revenues, the Commissioner stated, would still be collected by the city from the pier, notwithstanding the lease to the Pawtucket Company. If this lease were executed, the revenue from the pier would be increased from \$7,721 to upwards of \$16,000 per annum.

The granting of the lease would, moreover, result in the establishment of a new freight line, which would be beneficial to the commerce of the city. The Commissioner has received no other offer for a lease of this pier property or any part thereof. The Committee, therefore, recommends to the Commissioners of the Sinking Fund the adoption of a resolution approving of the lease to the Pawtucket and New York Transportation Company, as requested by the Dock Commissioner. To carry such recommendation into effect, we recommend the adoption of the attached resolution.

Dated, New York May 3rd, 1918.

ALFRED E. SMITH, President, Board of Aldermen;
Comptroller; ALFRED J. JOHNSON, Chamberlain; Committee on Dock Leases and Waterfront Property.

To the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—We transmit the following as and for a supplemental report in favor of the request of the Dock Commissioner for the approval of a lease of 200 feet of the outer end of the pier at the foot of East 5th Street to the Pawtucket and New York Transportation Company.

Your Committee has been furnished with the following memorandum by the Dock Commissioner, setting forth facts in detail to show the reasonableness of the rental reserved in the proposed lease:

Memorandum in Regard to Proposed Lease of 200 Feet of the Outer End of Pier Foot of East 5th Street to the Pawtucket and New York Transportation Company.

City of New York, Department of Docks and Ferries, Office of the Auditor, Pier A, North River, May 8, 1918.

This pier was built in 1902 and cost \$44,390.15, made up as follows:

Removal of old work	\$4,441 86
Dredging	6,111 11
Pier proper	33,837 18

Total, as above

\$44,390 15

The pier is 465 feet in length by 60 feet in width, with an approach 82 feet and 40 feet in width, making the total area of the pier and approach 31,180 square feet.

The entire revenue derived from this pier for the years 1916 and 1917 is as follows:

1916	\$7,403 97
1917	7,712 20
	\$15,116 17

Being an average of \$7,558 per annum, or at the rate of 24 cents per square foot.

It is proposed to lease 200 feet of the outer end to the transportation company at a rental of \$8,400 per annum, or at the rate of 70 cents per square foot. This occupation will permit the permittees for the ice bridge and the manure boat, aggregating a rental of \$3,333.76 per annum, to continue in occupation of the premises at which they are at present located, and also permit of the use of 494 feet of the pier for general wharfage.

The pier at East 4th Street contains an area of 28,110 square feet and the average rental for the past two years amounts to \$5,160 per annum, or at the rate of 18 cents per square foot.

The pier next below, East 3rd Street, which is a recreation pier and shedded, contains an area of 21,300 square feet. The revenue for the years 1916 and 1917, including for the latter year 2½ months' occupation by the Government of the entire pier at a rental at the rate of \$9,000 per annum, averaged \$6,215 per annum, or at the rate of 29 cents per square foot.

It will be seen from the above that the proposed lease to the Pawtucket and New York Transportation Company of 200 feet of the outer end of the 5th Street pier for \$8,400 per annum is an excellent proposition for the City. This pier has never been used intensively, and it is probable that the City will secure as large a rental from the unleased portion as was heretofore received from the entire pier.

J. M. PHELAN, Auditor.

The pier in question is carried on the assessment rolls of the city at the following valuation:

South Side, Block 359, Lot 24—	
Land	\$130,000 00
Buildings	20,000 00
	\$150,000 00

Basis of Assessment.

Land	\$135,000 00

\$155,000 00

Basis of Assessment.

30 feet bulkhead at \$300, 15,600 square feet land under water at \$8, 15,-
600 square feet pier, \$125.
Total land and land under water \$265,000 00
Total improvements 40,000 00
Total assessed valuation 305,000 00
The portion of the pier proposed to be leased to the Pawtucket Company is about three-eighths of its area, and its proportion of the total assessed valuation (including land under water) is, therefore, about \$114,500. On this the City is to receive a rental of \$8,400 per annum for the first term of five years and a 5 per cent. increase for the renewal term of five years.
Moreover, if the proposed lessee constructs a shed on the leased portion of the pier, which it will have to do for the proper transaction of its business, this shed will revert to the city at the termination of the lease.
Dated, New York, May 8, 1918.
ALFRED E. SMITH, President, Board of Aldermen; A. J. JOHNSON, Chamberlain; Committee on Dock Leases and Waterfront Property.
At the request of the Comptroller, the Committee accepted an amendment to its recommendation so as to provide that the lessee shall furnish a bond in double the amount of the annual rent to secure the payment thereof. The following resolution was then offered for adoption:
Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the Pawtucket and New York Transportation Company, a corporation organized under the Laws of the State of Massachusetts, having its principal office at Pawtucket, Rhode Island, of the outer 200 feet of the pier foot of East Fifth Street, Borough of Manhattan, for a term of five years from the 1st day of May 1918, with privilege of renewal for for a further term of five years, at a rental for the first term of \$8,400 per annum and for the renewal term 5 per cent. advance.
The lessee to have the privilege of erecting and maintaining upon the leased premises, a shed for the protection of freight in transit, which shed shall be erected in accordance with plans to be submitted and approved by the Chief Engineer of the Department of Docks and Ferries and shall revert to and become the property of the City of New York at the expiration or sooner termination of the lease.
The lessee to furnish a bond with a surety or sureties to be approved by the Commissioner of Docks in double the amount of the annual rent.
The remaining terms and conditions to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries.
The report was accepted and the resolution unanimously adopted.

Dock Department—Amendment to Lease to the United States Government of Wharf Property Between W. 44th and W. 57th Sts., Manhattan.

The following communication was received from the Commissioner of Docks:
Pier A, North River, April 18, 1918.
Hon. JOHN F. HYLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:
Dear Sir—Pursuant to authority granted by the Commissioners of the Sinking Fund in the latter part of December, 1917, a lease was made to the United States Government (War Department) of certain piers, bulkheads and marginal way property between West 44th and West 57th Streets.
This lease provided for the occupation by the United States Government of the piers at West 46th, West 55th, West 56th and West 57th Streets on January 1, 1918.
The pier at the foot of West 46th Street is not yet completed and the dredging of the slips to the depth required by the lease is still in progress. A United States transport was berthed there about the 10th of March and the Army officials here are willing to pay three-quarters rent for the month of March but no rent for January or February.
At pier No. 95, foot of West 55th Street, dredging is still in progress in the slips to make the depth required by the lease. As there is only ten or twelve feet of water the Government has been unable to berth steamships but uses the deck of the pier for storing automobiles. The Federal officials have agreed to pay only one-half of the rent of this pier from January 1st.
Pier No. 96, foot of West 56th Street. The shed on this pier was not completed until February 20th, and dredging is still in progress on the southerly side to make the depth required under the lease. An offer is made of three-quarters rent for the three months to March 31st, which I consider equitable.
Pier No. 97, foot of West 57th Street. Full rental on this pier will be paid from the first day of January.
I beg to recommend that the Commissioners of the Sinking Fund authorize me to amend the lease approved at the meeting held December 27th, in accordance with the above. Yours very truly, MURRAY HULBERT, Commissioner of Docks.
The Committee to which this matter was referred at meeting held May 2, 1918, presented the following report:
To the Commissioners of the Sinking Fund, The City of New York:
Gentlemen—On December 27, 1917, pursuant to resolution of this Commission, a lease was made to the United States Government of certain piers and water-front property between West 44th and West 57th Streets, the lease providing for the occupation by the Government of the piers at West 46th, West 55th, West 56th and West 57th Streets on January 1, 1918.
The City was unable to give the Federal Government full possession of these piers on January 1, 1918, in accordance with the terms of the lease, with the exception of the pier on West 57th Street, which was ready for occupancy at that time.
The Federal Government has refused to pay the full rent reserved in the lease for these piers for the months of January, February and March, 1918 (except the rental on the West 57th Street Pier), but has made the following proposition for adjustment of rentals thereof:
Pier West 46th Street, no rent for January or February and three-fourths the rent for March, 1918.
Pier 95, West 55th Street, one-half of rent for January, February and March, 1918.
Pier 96, West 56th Street, three-fourths of rent for January, February and March, 1918.
The Dock Commissioner stated to the Committee that he believed this would be a fair and reasonable rental adjustment.
Your Committee was informed by the Dock Commissioner that the Government will pay full rental on all of these piers from April 1, 1918, and will, of course, pay full rental on Pier 57 from January 1, 1918, having been put in full possession thereof on that date.
From the statements made to your Committee by the Dock Commissioner it is clear that, although the lease entered into on December 27, 1917, provided for the occupation of these piers by the Federal Government on January 1, 1918, it was a physical impossibility for the necessary improvements required by the lease to be made by that time.
The Federal Government, not having been placed in full possession of the piers, as contemplated by the terms of the lease, this Committee recommends the approval of the request of the Dock Commissioner, that he be authorized to amend the lease to the United States Government, dated December 27, 1917, so as to provide for reduced rentals on the piers at West 46th, West 55th and West 56th Streets, Borough of Manhattan, for the months of January, February and March, 1918, in accordance with the proposition of adjustment made by the officials of the United States Government, as above set forth.
To carry the foregoing recommendation into effect the Committee recommends the adoption of the annexed resolution.
Dated New York, May 3, 1918.
ALFRED E. SMITH, President, Board of Aldermen;
Comptroller: ALFRED J. JOHNSON, Chamberlain; Committee on Dock Leases and Waterfront Property.
The following resolution was then offered for adoption:

Dock Department—Fire Insurance, Etc., on Ferryboats and Other Equipment.

The following communication was received from the Commissioner of Docks:
Pier A, North River, April 1, 1918.
Hon. JOHN F. HYLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:
Dear Sir—At a meeting of the Commissioners of the Sinking Fund held July 8, 1907, a resolution was adopted authorizing the Commissioner of Docks to secure and carry for the benefit of The City of New York, Fire, Accident and Collision Insurance on the ferryboats which are now or may hereafter be operated by the City.
Insurance was accordingly secured and carried on the ferryboats operating on the Municipal Ferries between the foot of Whitehall Street, Manhattan, and the 39th Street, Brooklyn, and St. George, Staten Island, until July 16, 1914, when it was discontinued by the previous City Administration.
In my opinion, it is absolutely necessary that the ferryboats should be insured. They are, owing to the nature of their construction and operation, subject to unforeseen damage which must be repaired immediately if the successful operation of the ferries is to be continued.
The preparation of contracts, the approval of forms by the Corporation Counsel, advertising, awarding, attaching certificates and approval of sureties by the Comptroller consumes about two months, even if these preliminaries are pushed vigorously and in the meantime the damaged boats are lying idle, which means a serious derangement of the ferry service.
The dry docks in this port are now working to their full capacity, night and day, and extraordinary wages are paid to workers. Besides the natural increase in the number of commercial craft in this harbor, there is an ever increasing number of United States Army and Navy vessels requiring repairs and overhauling, which will make the dry dock repair situation daily more acute. I am informed that in the near future it will be impossible to secure bids on a contract calling for a lump sum for repairs to vessels, including ferryboats, so that no damage can be made good by contract after advertised bids, except on a cost and percentage basis, which means that all such work must be done practically without public letting. In my opinion, the best way to overcome these difficulties is to insure the ferryboats. In the past, when insurance was carried, the companies, upon notice of damage, immediately ordered the boats to a dry dock, and the work was expeditiously completed.
A tentative proposition for Fire, Marine and Collision Insurance on the ferryboats belonging to the City has been received, as follows:

	Proposition A.		Proposition B.	
Manhattan	\$300,000 00	\$7,500 00	\$400,000 00	\$8,000 00
Brooklyn	300,000 00	7,500 00	400,000 00	8,000 00
Bronx	300,000 00	7,500 00	400,000 00	8,000 00
Queens	300,000 00	7,500 00	400,000 00	8,000 00
Richmond	300,000 00	7,500 00	400,000 00	8,000 00
Mayor Gaynor	300,000 00	7,500 00	400,000 00	8,000 00
Bay Ridge	200,000 00	5,000 00	275,000 00	5,500 00
Nassau	200,000 00	5,000 00	275,000 00	5,500 00
Gowanus	200,000 00	5,000 00	275,000 00	5,500 00
	\$2,400,000 00	\$60,000 00	\$3,225,000 00	\$64,500 00

It will be noted that the quotations above involve a lower rate under Proposition "B," which is based upon insuring each of the boats for a larger amount than they have heretofore been insured for. Owing to the increased cost of labor and material, the boats cannot be replaced or rebuilt in case of total loss for the amounts set forth in Proposition "A."
It will also be noted that Proposition "B" provides for \$825,000 more insurance than is provided for in Proposition "A" for a premium only \$4,500 in excess of that quoted in Proposition "A"; \$100,000 additional insurance is provided for the six large boats, and \$75,000 additional insurance is provided for the three small boats. These amounts of insurance can be collected in case of total loss by fire or marine disaster.
Boat insurance rates are governed largely by the amount of insurance carried in proportion to the reproducible value, hence the lower rates for the larger amounts of insurance.
The City has heretofore insured these boats at rates varying from \$1.53 to \$2.11. In view of the fact that the losses sustained by the City heretofore have consisted entirely of damage to the boat by collision, etc., and that if these boats were to be damaged during the ensuing year to the same extent physically, it would cost the insurance companies twice as much to make the repairs at the present time as it costs them while the former insurance existed, it is apparent that the rates quoted above are much lower than the City has heretofore paid.
The policies which it is proposed to furnish, will cover all the hazards included in the former policy, with additional features of coverage, as follows:
"Loss or damage to hull or machinery through negligence, bursting of boilers, breakage of shafts or any latent defect in the machinery or hull or from other causes."
The policies formerly used restricted coverage of this nature unless caused by stranding.
In brief, the advantages which will be gained by insuring the ferryboats are as follows:
(1) The City will not be liable for damages resulting from collision or accident.
(2) It enables this Department to make immediate repairs to damages in excess of \$1,000 and avoids the delays under the present system caused by the preparation and advertising for contracts, and in addition the obtaining of appropriations by the action of the Commissioners of the Sinking Fund and the Board of Estimate and Apportionment.
(3) It affords the public the quickest relief in the matter of bringing transportation service back to normal.

(4) The adjustment of claims against the Municipal ferryboats are more readily made and greatly facilitated through the medium of the insurance adjusters. For your information I submit herewith a statement of the most recent collisions and accidents to the ferryboats:

	Estimated Damage to Ferryboats.	Estimated Damage to Other Boats.
Aug. 18, 1917 Ferryboat Mayor Gaynor in collision with the Murray		\$5,265 00
Nov. 25, 1917 Ferryboat Manhattan, lost propeller.....	\$6,000 00	
Nov. 27, 1917 Ferryboat Gowanus in collision with schooner Priscilla	200 00	3,240 00
Dec. 13, 1917 Ferryboat Richmond in collision with S. S. Boston	5,250 00	13,000 00
Feb. 3, 1918 Ferryboat Brooklyn in collision with tug Leader		2,500 00
Feb. 3, 1918 Ferryboat Gowanus in collision with tug H. McCord		4,780 00
	\$11,450 00	\$28,785 00

The amount of damage liable to occur in any one year is problematical, but it is reasonable to assume that the cost of insurance will be in excess of the claims paid, but there is always the risk of a disaster or complete loss.

The inconvenience and delay caused by public letting is exemplified in the case of the ferryboat "Manhattan" which was out of use from November 25, 1917 to March 6, 1918, due to loss of propeller wheel and consequent damage to the tail shaft. In this case, after all the preliminaries had been gone through, extending over a period of some months, the contract was advertised and no bids were received, which made it necessary to obtain permission from the Board of Aldermen to award this work without public letting. Meanwhile, the loss of the services of the boat made it impossible to maintain the schedule.

The loss of the services of the ferryboat "Manhattan" made it necessary to place the ferryboat "Mayor Gaynor" on the Staten Island Division. As this boat is comparatively small,—built for the 39th Street Service,—it has not the speed of the larger boats and the result was the disruption of the running schedule.

In view of the above, I beg to recommend that a resolution be adopted by the Commissioners of the Sinking Fund approving of the policy of authorizing this Department to secure and carry for the benefit of the City of New York, Fire, Accident and Collision insurance including also loss or damage to hull or machinery through negligence, bursting of boilers, breakage of shafts, or any latent defects in the machinery or hull or from other causes.

In case this resolution is adopted, I will take up the matter of obtaining the necessary appropriation for the payment of the premiums. Yours respectfully,

MURRAY HULBERT, Commissioner of Docks.

The committee to which the matter was referred at meeting held May 2, 1918, presented the following report:

To the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—The Commissioner of Docks in a communication to this Commission under date of April 1, 1918, requested the adoption of a resolution approving the policy of authorizing the Dock Department to secure and carry fire, accident and collision insurance on the ferry boats and floating equipment of the City of New York.

At the meeting of the Commission on May 2, 1918, the Dock Commissioner stated that he desired to have this insurance limited to the ferryboats belonging to the City.

In 1906 a resolution was adopted by the Sinking Fund Commission authorizing the Dock Commissioner to carry such insurance on the ferryboats and other floating equipment, and pursuant thereto such insurance was carried up to and including the year 1914.

In 1915 no provision was made in the Budget for this insurance, and from that time up to the present the City's ferryboats have not been insured.

We are in accord with the general proposition that the City should carry its own insurance. The Dock Commissioner has, however, presented forceful reasons why this general policy shall not apply to the ferryboats, particularly at a time like this.

Ferry boats are subject to unforeseen damage which must be repaired immediately if the successful operation of the ferries is to be unimpaired. The Dock Commissioner pointed out that if the City had to make repairs to damaged boats, several months would elapse before the necessary formalities which are a prerequisite to entering into contracts for repairs could be complied with, and in the meantime the boats would remain idle.

The Dock Commissioner pointed out that the dry docks in this port were working to full capacity, and that for obvious reasons the dry dock situation in this City was daily becoming more and more acute. The Commissioner stated that the insurance companies had the necessary dry dock facilities and that in the past, whenever a boat was injured, it was ordered into dry dock immediately by the insurance companies and repairs expeditiously made.

The present congested river traffic, he maintained, greatly increases the danger of accident and injury to the boats. This Committee therefore recommends that the Commissioners of the Sinking Fund adopt a resolution, as requested by the Dock Commissioner, approving of the policy of authorizing the Dock Department to secure and carry, for the benefit of the City, fire, accident and collision insurance on its ferryboats.

The adoption of the attached resolution is accordingly recommended.

Dated, New York, May 3, 1918.

A. FRED E. SMITH, President, Board of Aldermen;
Comptroller: ALFRED J. JOHNSON, Chamberlain, Committee on Dock Leases and Waterfront Property.

The following resolution was then offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of the policy of authorizing the Department of Docks and Ferries to secure and carry for the benefit of the City, fire, accident and collision insurance on its ferryboats.

The report was accepted and the resolution adopted by the following vote:

Ayes—The Mayor; Chamberlain; President, Board of Aldermen, and Chairman of the Finance Committee, Board of Aldermen—4.

(Not on the calendar. Considered by unanimous consent.)

A communication was received from the Commissioner of Docks transmitting for approval a plan showing proposed alteration and amendment of the plan for improving the waterfront and harbor of The City of New York, between Barren Island and Mill Basin, Jamaica Bay, Borough of Brooklyn.

The Commissioner of Docks requested that a date be fixed for a public hearing.

The following resolution was offered for adoption.

Resolved, That the Commissioners of the Sinking Fund hereby fix 11.15 o'clock in the forenoon on Thursday, June 6, 1918, in Room 16, City Hall, Borough of Manhattan, as the time and place for a public hearing in the matter of the proposed alteration and amendment to the plan for the improvement of the waterfront and harbor of The City of New York, between Barren Island and Mill Basin, Jamaica Bay, Borough of Brooklyn, determined upon by the Commissioner of Docks in accordance with law May 7, 1918.

Which resolution was unanimously adopted.

Street Cleaning Department—Renewal of Lease for, of Premises at 2515 Amsterdam Ave., Manhattan.

The Comptroller presented the following report and offered the following resolution:

May 3, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Commissioner of Street Cleaning, in a communication under date of March 9, 1918, requests a renewal of the lease of premises occupied as a section station at 2515 Amsterdam Avenue, Borough of Manhattan, for a period

of three years from June 1, 1918, at the same rental and upon the same terms and conditions as now occupied.

Provision for a renewal of this lease was made in the 1918 Budget.

These premises have been occupied for this purpose under leases made as follows:—

June 1, 1914, June 1, 1916, \$300, May 13, 1914; June 10, 1914.

June 1, 1916, June 1, 1918, \$300, July 26, 1916; May 4, 1916.

There is no other City owned property in the vicinity that is available for this purpose.

The nearest City owned property is on the easterly side of Laurel Hill Terrace, occupied as High Bridge Park.

There is no property now under lease to the City that is not in use or that could be made available for the purposes of this lease.

The rent for the renewed lease, compared with other rents in the vicinity, is as follows:

The rent for premises at 2515 Amsterdam Avenue is \$300 a year, while the rent asked for a similar store at 2535 Amsterdam Avenue, is \$480 a year.

There is no other privately owned property that could be rented or used in lieu of the above premises with advantage to the City.

Under the circumstances the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease upon the same terms and conditions as the present lease:

Of the store floor, 15 feet by 30 feet, in the building 2515 Amsterdam Avenue, Borough of Manhattan, for use of the Department of Street Cleaning, for a period of three years from June 1, 1918, at an annual rental of \$300, payable quarterly; the lessor to pay taxes and water rates, furnish heat and janitor service and make outside repairs; the lessee to provide light and make such inside repairs as it may deem necessary. Lessor, Abraham Berkman, 725 Eleventh Avenue, Manhattan.

Respectfully, LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the store floor, 15 by 30 feet, in the building No. 2515 Amsterdam Avenue, Borough of Manhattan, for use of the Department of Street Cleaning, for a period of three years from June 1, 1918, at an annual rental of three hundred dollars (\$300), payable quarterly; the lessor to pay taxes and water rates, furnish heat and janitor service and make outside repairs; the lessee to provide light and make such inside repairs as it may deem necessary; lessor, Abraham Berkman; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Street Cleaning Department—Amendment to Resolution Authorizing a Lease of Premises at 142 West End Ave., Manhattan.

The Comptroller presented the following report and offered the following resolution:

April 24, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On April 11, 1918, the Commissioners of the Sinking Fund adopted a resolution authorizing a renewal of the lease of the north store and rear room with basement and yard at 142 West End Avenue, Borough of Manhattan, for use of the Department of Street Cleaning, for a period of three years from May 1, 1918, at an annual rental of \$600, payable quarterly.

The Commissioner of Street Cleaning in a communication dated April 19, 1918, states that the clause, "north store and rear room with basement and yard," should have read, "south store, four rear rooms, basement and yard 25 feet by 30 feet."

The fact of the four rear rooms having been thrown into one large room since the original lease was executed evidently escaped his attention, otherwise the clause should read as he states.

I therefore respectfully recommend that the above mentioned resolution adopted by the Commissioners of the Sinking Fund April 11, 1918, be amended by striking out the clause, "north store and rear room, with basement and yard," and substituting in lieu thereof the clause, "south store, rear room, basement and yard, 25 feet by 30 feet." Respectfully,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held April 11, 1918, approving of and consenting to the execution by the Commissioner of Street Cleaning of a renewal of the lease to the City of the north store and rear room, with basement and yard, at No. 142 West End Avenue, Borough of Manhattan, for use of the Department of Street Cleaning, for a period of three years from May 1, 1918, at an annual rental of six hundred dollars (\$600), payable quarterly, be and the same is hereby amended by striking out the words, "North store and rear room, with basement and yard," and substituting in place thereof the words, "south store, rear room, basement and yard 25 by 30 feet."

The report was accepted and the resolution unanimously adopted.

Health Department—Amendment to Resolution Authorizing a Lease of Premises at 114 Fulton Ave., Astoria, Queens.

The Comptroller presented the following report and offered the following resolution:

May 2, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On February 14, 1918, the Commissioners of the Sinking Fund adopted a resolution authorizing a renewal of the lease of store with rear room at 114 Fulton Avenue, Astoria, Borough of Queens, for use of the Department of Health, for a period of one year from January 15, 1918, at a rental of \$348 a year, payable quarterly; the lessor to pay taxes and water rates and furnish heat; the lessee to furnish light and janitor service and make such interior alterations as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease.

The attorney for the lessor states that he cannot execute this renewal for the reason that it refers to the original lease, which might bind him for a further renewal beyond January 15, 1919. He further requests the amending of the resolution mentioned, so that it will not bind the lessor to such future renewal.

I therefore respectfully recommend that the Commissioners of the Sinking Fund amend the above mentioned resolution adopted by them on February 14, 1918, by inserting after the words, "otherwise upon the same terms and conditions as contained in the existing lease," the following, "except that the lessee shall not have the right to renew this lease." Respectfully,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held February 14, 1918, authorizing a renewal of the lease to the City of the store and rear room at No. 114 Fulton Avenue, Astoria, Borough of Queens, for use of the Department of Health, for a period of one year from January 15, 1918, at a rental of three hundred and forty-eight dollars (\$348) a year, payable quarterly; the lessor to pay taxes and water rates and furnish heat; the lessee to furnish light and janitor service and make such interior alterations as it may deem necessary, otherwise upon the same terms and conditions as contained in the existing lease; lessor, August Hahn; be and the same is hereby amended by inserting after the words, "otherwise upon the same terms and conditions as contained in the existing lease," the following, "except that the lessee shall not have the right to renew this lease."

The report was accepted and the resolution unanimously adopted.

President, Borough of The Bronx—Renewal of Lease for, of a Strip of Land at 202nd St. and Webster Ave., Bronx.

The Comptroller presented the following report and offered the following resolution:

April 30, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—The Commissioner of Public Works of the Borough of The Bronx, in a communication requests a renewal of the lease of an irregular plot of ground south of 202d street, between Webster avenue and the tracks of the Harlem Division of the New York Central Railroad, used for storage purposes, for a period of one year from June 1, 1918, at the same rental and upon the same terms and conditions as now occupied.

Provision for a renewal of this lease was made in the 1918 Budget.

These premises have been occupied for this purpose under leases made as follows:

- June 1, 1912, to June 1, 1913, \$150 year, March 22, 1912.
- June 1, 1913, to June 1, 1914, \$150 year, April 16, 1913.
- June 1, 1914, to June 1, 1915, \$150 year, June 10, 1914.
- June 1, 1915, to June 1, 1916, \$150 year, June 16, 1915.
- June 1, 1916, to June 1, 1917, \$150 year, May 4, 1916.
- June 1, 1917, to June 1, 1918, \$150 year, May 24, 1917.

There is no City owned property in the vicinity that is available for this purpose. The nearest City owned property is Moshulu Parkway, occupied for park purposes. There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purpose of this lease.

The rent for the renewed lease, while high, is accounted for by the fact that it is the only available place adjacent to the railroad tracks, where the oil for this purpose can be unloaded by gravity, and also owing to the fact of the inflammable nature of the material stored, to which objection is made by most owners.

There is no other privately owned property in the neighborhood that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just. I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of said lease upon the same terms and conditions as the present lease, for use of the President of the Borough of The Bronx, of a strip of land described as follows:

Beginning on the westerly line of an irregular plot known on the tax books as Lot 14, Block 3330, Section 12, Borough of The Bronx, adjoining the property of the Jerome Park Railway Company, at a point 200 feet southerly from the southerly line of Webster Avenue; running thence easterly at right angles to the line between the property of the lessor and the Jerome Park Railway Company 10 feet; thence southerly parallel with said dividing line between the lands of the lessor and the Jerome Park Railway Company 100 feet; thence westerly at right angles to the above mentioned dividing line 10 feet; thence northerly along said dividing line 100 feet to the point or place of beginning, be the said several dimensions more or less.

—said lease to be for a period of one year from June 1, 1918, at a rental of \$150 a year, payable quarterly; the lessee to have the right of ingress and egress for horses, vehicles and employees of the City over the land of the lessors between Webster Avenue and the demised premises. The lessee to have the right to remove from the leased premises all improvements placed thereon at the termination of this lease, or any renewal thereof. Lessors, George B. Raymond, 2832 Marion Avenue, Bronx, and Ferdinand V. Morrison, 2830 Marion Avenue, Bronx. Respectfully,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of a strip of land in the Borough of The Bronx bounded and described as follows:

Beginning on the westerly line of an irregular plot known on the tax books as Lot 14, Block 3330, Section 12, Borough of The Bronx, adjoining the property of the Jerome Park Railway Company, at a point 200 feet southerly from the southerly line of Webster Avenue; running thence easterly at right angles to the line between the property of the lessor and the Jerome Park Railway Company 10 feet; thence southerly parallel with said dividing line between the lands of the lessor and the Jerome Park Railway Company 100 feet; thence westerly at right angles to the above mentioned dividing line 10 feet; thence northerly along said dividing line 100 feet to the point or place of beginning, be the said several dimensions more or less.

—for use of the President of the Borough of Bronx, for a period of one year from June 1, 1918, at a rental of One hundred and fifty dollars (\$150) a year, payable quarterly; the lessee to have the right of ingress and egress for horses, vehicles and employees of the City over the land of the lessors between Webster Avenue and the demised premises; the lessee to have the right to remove from the leased premises all improvements placed thereon at the termination of this lease or any renewal thereof; lessors, George B. Raymond and Ferdinand V. Morrison; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

Under the circumstances, the rent appears to me to be reasonable and just.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the westerly store floor, and cellar underneath said store, together with rear yard space, in the premises 1996 Jamaica Avenue, Fourth Ward, Woodhaven, Borough of Queens, for a period of one year from June 15, 1918, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of \$240, payable quarterly; the lessor to pay taxes and water rates and make all necessary repairs, the lessee to furnish heat and light. Lessor, Thomas K. Davis, 34 Woodmere Place, Richmond Hill, Queens. Respectfully,

LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the westerly store floor and cellar beneath said store, together with rear yard space, in the premises No. 1996 Jamaica Avenue, Fourth Ward, Woodhaven, Queens, for use of the President of the Borough of Queens, for a period of one year from June 15, 1918, with the privilege of renewal for an additional year upon the same terms and conditions, at an annual rental of two hundred and forty dollars (\$240), payable quarterly; the lessor to pay taxes and water rates and make all necessary repairs; the lessee to furnish heat and light; lessor, Thomas K. Supreme Court, Kings County—Hiring by, of Room 21 and Part of Room 12 in the Garfield Building, Corner of Court and Remsen Sts., Brooklyn, from July 1, 1917, to May 1, 1918.

The Comptroller presented the following report and offered the following resolution:

May 1, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—On September 13, 1917, the Commissioners of the Sinking Fund authorized a lease to the City from John Muir, George A. Muir, Edwin H. Muir, Gardiner S. Dresser and Charles A. Burbank, co-partners, doing business under the firm name of John Muir & Co., of Room 21 and part of Room 12 in the building known as the Garfield Building, Court and Remsen Streets, Borough of Brooklyn, for use of the Supreme Court, Second District, Kings County, for a period of ten months from July 1, 1917, to May 1, 1918, at a rental of \$200, payable quarterly. This lease was never executed.

John Muir & Co. have requested that the lease be changed by substituting as one of the co-partners Lorin A. Herkins, in place of Charles A. Burbank, as Mr. Burbank has withdrawn from membership in the firm and Mr. Herkins has taken his place.

I requested the Corporation Counsel to inform me as to the procedure necessary, in order to have the leases signed, and in whose names, as lessors, it should be done; also whether or not rental which has accrued since July 1, 1917, should be paid.

In a communication, under date of April 20, 1918, the Corporation Counsel states that, as the tenancy authorized by the resolution of the Commissioners of the Sinking Fund, September 13, 1917, will expire on May 1, 1918, he does not deem the execution of a formal lease to be necessary and he advises that the rental which has accrued since July 1, 1917, should be paid to John Muir & Co.

I, therefore, respectfully recommend that the resolution of September 13, 1917, above mentioned, be rescinded and that the Commissioners of the Sinking Fund authorize the Comptroller to pay to John Muir & Co., for the use and occupancy by the Supreme Court, Second District, Kings County, of Room 21 and part of Room 12, in the building known as the Garfield Building, Court and Remsen Streets, Borough of Brooklyn, the sum of \$200 for the period of ten months from July 1, 1917, to May 1, 1918, without the necessity of entering into a lease therefor.

Respectfully, LOUIS H. HAHLO, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held September 13, 1917, authorizing a lease to the City, from John Muir, George A. Muir, Edwin H. Muir, Gardiner S. Dresser and Charles A. Burbank, co-partners, doing business under the firm name of John Muir & Co., of Room 21 and part of Room 12, in the building known as the Garfield Building, Court and Remsen Streets, Borough of Brooklyn for use of the Supreme Court, Second District, Kings County, for a period of ten months from July 1, 1917, to May 1, 1918, at a rental of two hundred dollars (\$200), payable quarterly, be and the same is hereby rescinded.

Sale and Removal of Encroachments Lying Within the Line of Longfellow Ave. from Washington Ave. to Clinton Ave., Queens.

The Comptroller presented the following report and offered the following resolution:

May 4, 1918.

To the Honorable, the Commissioners of the Sinking Fund:

Gentlemen—A request has been received from the President of the Borough of Queens for the removal of an encroachment lying within the lines of Longfellow Avenue, from Washington Avenue to Clinton Avenue, in the Borough of Queens.

The President of the Borough of Queens states that: "The City is not at the present time ready to physically improve the street but the property is rapidly going into disrepair and will soon be valueless. However, several parties are anxious to purchase this building, if put up at auction, and remove it to another location. Under the circumstances, I am of the opinion that the best interests of the City would be served by selling it now rather than by waiting for it to become of no value except as lumber."

This encroachment consists of a two-story and basement frame building on Damage Parcel No. 82, the estimated removal value of which is \$150.00, which amount should be realized by its sale.

I therefore request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by Sections 205 and 1553 of the Revised Charter, adopt a resolution authorizing and ordering that the said encroachment be offered for sale at the upset or minimum price named above, and also authorizing and ordering the President of the Borough of Queens to demolish and remove this encroachment if it is not sold at the said upset price, as an encumbrance upon a public street, and such a resolution is herewith transmitted. Yours truly,

CHARLES L. CRAIG, Comptroller.

Whereas, The President of the Borough of Queens has requested the removal of an encroachment lying within the lines of Longfellow Avenue, from Washington Avenue to Clinton Avenue, in the Borough of Queens; and

Whereas, If this improvement is offered for sale at an upset price it would probably realize a fair return in proportion to the award given; it is therefore

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids Damage Parcel No. 82, consisting of part of a two-story and basement frame building lying within the lines of Longfellow Avenue, from Washington Avenue to Clinton Avenue, in the Borough of Queens, at the upset or minimum price of \$150 upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund, at meetings held October 4, 1910, and January 18, 1916, and the President of the Borough of Queens is hereby authorized and ordered to demolish and remove this encroachment if it does not realize the said upset price, as an encumbrance upon a public highway, in the manner provided by section 205 of the Revised Charter, as amended by chapter 398 of the Laws of 1909.

The report was accepted and the resolution unanimously adopted.

Refund to George E. Rosenstock of Amount Erroneously Paid for Public Taxicab License.

The Comptroller presented the following report and offered the following resolution:

May 3, 1918.

Hon. Commissioners of the Sinking Fund:

Gentlemen—Application has been made by George E. Rosenstock for the refund of \$10—amount paid for Public Taxicab License No. 7652, document No. 9176, issued on January 11, 1918 to George E. Rosenstock.

It appears that he applied to the Department of Licenses for the renewal of the license that would expire on January 31, 1918. The Department of Licenses granted the application and issued to George E. Rosenstock on payment of \$10, Public Taxicab License No. 7652 on January 11, 1918, for the period from January 31, 1918, to January 31, 1919.

Some time prior to January 31, 1918, his license for the period from January 31, 1917 to January 31, 1918, not having expired, claimant sold his taxicab and returned his license No. 7652 and license plates issued on January 11, 1918, to the Commissioner of Licenses and asked for the refund of \$10, amount paid on January 11, 1918.

While this refund application was pending, claimant determined to renew business and asked the Commissioner of Licenses for said Public Taxicab License No. 7652, in order that he could operate his new taxicab. The claimant was told that the said license was before the Comptroller with his application for a refund of the \$10, and that in order to operate his new taxicab it would be advisable to take out another license and await the Comptroller's report on the refund application.

Claimant did as suggested by the Department of Licenses and paid \$10 for a new license No. 8590, document No. 10094, issued February 6, 1918. The claimant is now in the position of having paid \$10 each for two licenses for one taxicab for the same period.

In view of the foregoing, the Bureau of Law and Adjustment of this department at the conclusion of its examination recommends that the claim be treated as a duplicate payment and that \$10, the amount paid for Public Taxicab license No. 7652, document No. 9176, issued on January 11, 1918, be refunded to George E. Rosenstock.

The amount paid for the license was deposited with the Chamberlain of the City of New York to the credit of the Sinking Fund for the Redemption of the City Debt No. 1.

In order to comply with the recommendation of the Bureau of Law and Adjustment of this department, I attach hereto a resolution for adoption. Yours very truly,

LOUIS H. HAHLO, Deputy Comptroller.

Resolved, That a warrant payable from the Sinking Fund for the Redemption of the City Debt No. 1 be drawn in favor of George E. Rosenstock in the sum of \$10, refunding him that amount paid on Public Taxicab License No. 7652, Document No. 9176, issued on January 11, 1918.

The report was accepted and the resolution unanimously adopted.

Hall of Records—In the Matter of the Lease of Room 302 to the Port Wardens.

A communication was received from the State Board of Port Wardens requesting the substitution of Room 303 in the Hall of Records Building now occupied by the Board for Room 302, now under lease.

Which was referred to the Department of Plant and Structures for investigation and report.

Hall of Records—In the Matter of the Lease of Room 617 to the New York State Nautical School.

The following report was received from the Department of Plant and Structures in regard to the inability of the New York State Nautical School to obtain possession of Room 617 in the Hall of Records, leased to it and occupied by the Mayor's Committee on National Defence:

May 1, 1918.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

Gentlemen—Messrs. J. C. Hatzel, Chairman, and Louis Weickum, Secretary-Treasurer of the Board of Governors of the New York State Nautical School, appeared before the Commissioners of the Sinking Fund at the meeting held Friday, April 26, 1918, in regard to obtaining possession of Room 617 in the Hall of Records, which was leased to that Board by resolution adopted July 12, 1917, for a period of four years from the 30th day of April, 1918, at a rental of \$785 per year. The aforesaid representatives of the Nautical School complained that when they attempted to take possession of the room in the Hall of Records they found it occupied by the Mayor's Committee on National Defence, and were refused admittance. The Mayor, as Chairman, requested the representatives of the Nautical School to consult the Commissioner of Plant and Structures, and suggest that he report back to the Commissioners of the Sinking Fund.

The following report is herewith submitted:

Room 617 in the Hall of Records, leased by the Commissioners of the Sinking Fund July 12, 1917, to the New York State Nautical School for a period of four years from April 30, 1918, to April 30, 1922, at a yearly rental of \$785, is at present occupied by a few employees of the Mayor's Committee on National Defence. The space described in the resolution is a part of a very large room comprising three numbers, namely, 615, 616 and 617. Formerly there was a partition dividing this room, which has been removed, and there is at present a wood and glass partition about 8 feet high which, I am informed, was erected by the Mayor's Committee.

There is a much more suitable room for the Nautical School immediately adjoining Room 617. This is part of suite 618, which is composed of three rooms with an interior hallway. Two rooms of this suite are occupied by the State Commission of New Prisons and the third room is unoccupied, except as it is occasionally made use of by the State Commission of New Prisons, without the payment of rent to the City.

It is recommended, therefore, that the previous allotment of Room 617 in the Hall of Records, made July 12, 1917, be rescinded and the room in the northwest corner of Suite 618 be allotted to the New York State Nautical School.

The Governors of the New York State Nautical School are well satisfied to accept the room in Suite 618 instead of the room formerly allotted.

Immediate action is necessary because the term of lease of the present office of the Secretary expired April 30th and the premises have been taken by other tenants.

It is further suggested to the Commissioners of the Sinking Fund that a large part of the Hall of Records is vacant and appears to be available for development.

Yours respectfully,

JOHN H. DELANEY, Commissioner.

May 10, 1918.

Mr. JOHN KORB, Secretary, Commissioners of the Sinking Fund, Municipal Building, New York City:

Dear Sir—In accordance with your verbal request for the area of space in suite of rooms 618, in the Hall of Records, which it is proposed to lease to the State Nautical School, I would state that this area is 710 square feet, according to the records of the office of the Commissioner of Accounts. Yours truly,

JOHN H. DELANEY, Commissioner.

The following resolution was offered for adoption:

Resolved, That, pursuant to the provisions of chapter 218 of the Laws of 1917, the Commissioners of the Sinking Fund hereby authorize a lease to the State of New York, through its Trustees of Public Buildings, of the room in the northwest corner of suite 618 in the Hall of Records, Borough of Manhattan, containing approximately 710 square feet of space, for use of the New York State Nautical School, for a period commencing on the 30th day of April, 1918, and ending on the 30th day of April, 1922, at a yearly rental of seven hundred and eighty-five dollars (\$785); the lease to contain a clause providing for the cancellation of the lease of Room 617 in the Hall of Records Building, authorized by resolution of the Commissioners of the Sinking Fund July 12, 1917, otherwise upon the same terms and conditions as contained in the existing lease, of Room 617 hereinabove referred to.

Which resolution was unanimously adopted.

Dock Department—Lease to the United States of America of the Third Floor of the Staten Island Ferry Building at the Foot of Whitehall St., Manhattan.

The following communication was received from the Commissioner of Docks: Pier A, North River, May 7, 1918.

Hon. JOHN F. HYLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund, New York City:

Gentlemen—I beg to recommend that a resolution be adopted by the Commissioners of the Sinking Fund approving of and consenting to the execution by the Commissioner of Docks of a lease to the United States of America by Byron R. Newton, Collector of Customs for the District of New York, acting under authority of the Secretary of the Treasury, a draft of which is attached hereto.

The premises proposed to be leased are the third floor of the Staten Island Ferry Building at the Municipal Ferry Terminal, foot of Whitehall Street, in the Borough of Manhattan, and the right to use the roof of said building, at a rental of \$7,500 per annum, for a term beginning on the first day of the month next succeeding the date upon which said lease shall be approved by the Commissioners of the Sinking Fund, and expiring June 30, 1918, the lessee to have the option of two annual renewals of the lease upon the same terms and conditions.

This ferry building was completed about eight years ago and the part proposed to be leased has never been finished, and this Department has never received any revenue therefrom. It will be necessary, therefore, for the lessee to expend about \$14,000 in fitting up the premises for the purposes for which it is to be used, viz., the housing of Coast Guards, all of which improvements will revert to the City at the expiration of the lease, and in the meantime the City will receive a rental of \$7,500 per annum. At the end of the term the property will be available for practical use.

Very truly yours,

MURRAY HULBERT, Commissioner of Docks.

Note—This matter was taken up and considered at a conference of all the members, held in the Mayor's office at 5 o'clock p. m., on Tuesday, May 7, 1918, at which the members decided to act favorably upon the lease at this meeting.

The following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to the United States of America, of the third floor of the Staten Island Ferry Building, at the Municipal Ferry Terminal, foot of Whitehall Street, Borough of Manhattan and the right to use the roof of said building at a rental at the rate of seven thousand five hundred dollars (\$7,500) per annum, for the term beginning June 1, 1918, and expiring June 30, 1913; the lessee to have the option of two annual renewals of lease upon the same terms and conditions—the said lease to be in form as follows:

Parties.

This Agreement, made this _____ day of _____, in the year one thousand nine hundred and eighteen, by and between the City of New York, acting by and through the Commissioner of Docks, of the first part, and the United States of America, by Byron R. The lessee hereby covenants, promises and agrees:

Water Supply, Heating and Light.

Sixth—That the lessee will promptly pay all charges and expenses for installing and furnishing supplies of water, gas and electricity for the use of the party of the second part on the leased premises. No installation of water, gas or electricity shall be attempted without the consent being first obtained from the Commissioner of Water Supply, Gas and Electricity and from the Commissioner of Docks. All water charges for water used in connection with the privilege herein referred to must be paid to the Department of Water Supply, Gas and Electricity, as required by said Department; excepting that any and all pumps required for pumping hot and cold water supply to the premises leased shall be paid for by the party of the second part, but all such pumps shall be attached to the boilers and the steam necessary for the operation of said pumps furnished by the City of New York.

And it is further covenanted and agreed by and between the parties hereto, for themselves, their respective successors and assigns:

Renewal.

Seventh—That the party of the second part shall have the option of two annual renewals of this lease upon the same terms and conditions as are herein set forth.

Heating.

Eighth—That the lessee shall install the necessary radiators and heating equipment on the leased premises, but steam for heating purposes shall be furnished by the lessor.

Ingress and Egress.

Ninth—The lessee shall have the right to use and occupy the leased premises during the term hereto without let, hindrance or interference, and free ingress and egress shall be granted to and from the leased premises and roof of the building shall be furnished for the Coast Guard forces on duty for the Captain of the Port of the Harbor of New York and vicinity and for builders and materials in effecting alterations necessary to make the new quarters habitable for Coast Guard men serving for the Captain of the Port.

Additional Stairway.

Tenth—The lessee shall have the right to erect an additional stairway to the leased premises in accordance with plan to be approved by the Commissioner of Docks. All such work of construction shall be at the sole cost, charge and expense of the lessee, and the location of said stairway may be changed by the Captain of the Port, subject to the approval of the Commissioner of Docks.

Partitions and Enclosures.

Eleventh—The lessee shall have the right, at its own cost and expense, to erect the necessary partitions in the demised premises and also to enclose the whole or any portion of the roof, work to be done in accordance with plans to be submitted to and approved by the Commissioner of Docks.

Notices.

Twelfth—That all notices or orders herein provided to be given by the lessor to the lessee shall be served, either by personal service upon the Collector of Customs for the District of New York or by posting same in a conspicuous place upon the property hereby demised and mailing a copy of the same, on the same day, addressed to the lessee at the address hereinbefore given.

Waiver of Default.

Thirteenth—That no waiver of default by the lessor of any of the covenants and conditions hereof, to be fulfilled, kept, done and observed by the lessee shall be construed to be and shall act as a waiver of any subsequent default of any of the terms, covenants and conditions herein contained to be performed, fulfilled, kept, done and observed by the lessee during the term of these presents.

"Commissioner of Docks."

Fourteenth—That wherever the words "Commissioner of Docks" shall be mentioned herein they shall be construed to mean the officer or agent of the City who, for the time being, shall be exercising the same or equivalent functions which the Commissioner of Docks now exercises in regard to the matters affected.

Fifteenth—No member of or delegate to Congress, or Resident Commissioner shall be admitted to any share of this lease or indenture, or to any benefit to arise therefrom.

In witness whereof the said parties, to wit, the party of the first part, by the Commissioner of Docks, and the party of the second part, by Byron R. Newton, in the capacity and under the authority aforesaid, have hereunto set their hands and seals the day and year first above written.

Signed, sealed and delivered in the presence of

House of Detention—In the Matter of the Proposed Assignment to, of Premises at Nos. 129-131 Worth St., Manhattan.

His Honor, The Mayor, presented the following communication from the Commissioner of the Department of Plant and Structures:

April 30, 1918.
Hon. JOHN F. HYLAN, Mayor, The City of New York, City Hall, New York:

Dear Sir—In compliance with your instructions, I have given continued attention to the matter of preparing the building at 49 Lafayette Street, for the occupancy of the Public Service Commission for the First District, and also to the finding of suitable quarters for the various City Departments and Bureaus previously housed in said building, and supervised the removal of said departments and bureaus to the new quarters assigned for their use. The last bureau was removed from 49 Lafayette Street yesterday, and, therefore, it is now completely in the possession of the Public Service Commission.

The alterations required for the convenience of the Public Service Commission in the building at 49 Lafayette Street, were made under the supervision of the engineers of the Commission, and are nearly completed. Ten floors are now occupied by the Commission and the remainder of the work will be finished during the next ten days.

The House for the Detention of Witnesses, which occupied the twelfth floor of the building at 49 Lafayette Street, has not yet been provided with permanent quarters. The witnesses are now housed temporarily on the upper floor of the Seventh District Magistrate's Court, located at 54th Street. The witnesses are comfortably cared for, but the building is unsuitably located on account of its distance from the Criminal Court Building, and the space occupied cannot be spared permanently for this purpose. It is, therefore, necessary that permanent quarters be assigned by the Sinking Fund Commission for a new House of Detention.

All of the buildings owned by the City have been inspected for the purpose of determining the best location for the new House of Detention. The most desirable, from point of location and character of structure, is the building at 129-131 Worth Street which is at the corner of Center and Worth Streets. This is a well built brick structure 80 feet by 80 feet, six stories high. It was purchased by the City as part of the site for the new court house at a cost of \$209,000. The upper floor has a very high ceiling, and is ventilated on two sides. The building, however, would require somewhat extensive alterations to put it in suitable condition for the purpose suggested. But taking into consideration its value, it would be advantageous to the City, in my judgment, to install an elevator, fireproof stairs and improve the heating plant, so that the entire six floors would be available for the occupancy of other departments, as well as the House of Detention, or rental to private tenants. An engineer of this Department in collaboration with an engineer detailed by the Bureau of Contract Supervision, have estimated the cost of such repairs, as approximately \$35,000. This building in its present condition is almost worthless for all practical purposes.

It is, accordingly recommended that the Commissioners of the Sinking Fund assign the Fifth and Sixth floors of the said building at 129-131 Worth Street, for the occupancy of the House of Detention, to the Department of Correction. It is further recommended that the Board of Estimate and Apportionment appropriate the sum of \$35,000 for the alterations necessary to make the entire building available for occupancy.

Inasmuch as the custody and maintenance of said building will be under the jurisdiction of the President of the Borough of Manhattan, if the foregoing recommendations are adopted, it is suggested that the authority for making the alterations be vested in that branch of the City Government. Yours respectfully,

JOHN H. DELANEY, Commissioner.

After discussion the Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that an appropriation be made of thirty-five thousand dollars (\$35,000), or such sum as may be necessary, for the alterations and changes necessary to make the building No. 129-131 Worth Street, in the Borough of Manhattan, available for occupancy by the House of Detention.

Which resolution was unanimously adopted.

Supreme Court—Lease for, of Rooms 814 and 815 at 51 Chambers St., Manhattan.

The Comptroller presented the following report and offered the following resolution:

May 8, 1918.

To the Honorable the Commissioners of the Sinking Fund:

Dear Sirs—Honorable L. A. Giegerich, Chairman of the Justices of the Supreme Court, Old Court House Committee, has requested for Honorable Vernon M. Davis, one of the Justices of the Supreme Court, the execution of a lease of Rooms 814 and 815 on the eighth floor in the Emigrant Industrial Savings Bank Building, 51 Chambers Street, Borough of Manhattan, to be occupied as Judge's Chambers, for a period from May 1, 1918, to May 1, 1919, at an annual rental of \$2,000.

Provision for this lease was not made in the 1918 Budget. It will therefore be necessary to provide funds for this lease from the Contingent Fund.

Judge Davis has been assigned to the Appellate Division, but, owing to eye strain, he has resigned his designation there and is to resume work at trial and special terms, and arrangements must be made for chambers for him.

There is no City owned property in the vicinity that is available for this purpose.

The nearest City owned property is the County Courthouse, directly across the street.

There is no property in the vicinity now under lease to the City that is not in use or that could be made available for the purposes of this lease.

These two rooms contain a floor area of 760 square feet, and at the rental of \$2,000 per annum, is at the rate of about \$2.63 per square foot. Other tenants in this building pay as high as \$2.90 per square foot. Office space in 280 Broadway, not a modern fireproof building, ranges from \$1.50 to \$2 per square foot.

There is no privately owned property in the vicinity that could be rented or used in lieu of the above premises to the advantage of the City.

Under the circumstances, the rent appears to me to be reasonable and just.

The agents for the lessors request that the lease terminate on January 1, 1919, and also that a clause be inserted in the lease giving them the right to cancel the lease upon their giving the City thirty days' written notice, as there is a possibility of the rooms being required by the War Savings Committee.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the execution of a lease upon the following terms and conditions:

Of Rooms 814 and 815 on the eighth floor in the Emigrant Industrial Savings Bank Building, at 43-51 Chambers street, Borough of Manhattan, for use as Judge's chambers, for one of the Judges of the Supreme Court, for a period from May 15, 1918, to January 1, 1919, at a rental at the rate of \$2,000 a year, payable quarterly; the lessor to pay taxes and water rates and furnish heat, light, elevator and janitor service; the lessor to have the right to cancel said lease upon giving the City thirty days' written notice. Lessor, Emigrant Industrial Savings Bank, 43-51 Chambers street, Borough of Manhattan. Very truly yours,

CHARLES L. CRAIG, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Emigrant Industrial Savings Bank, of Rooms 814 and 815, on the 8th floor in the Emigrant Industrial Savings Bank Building, 43-51 Chambers street, Borough of Manhattan, for use as Judge's chambers, for one of the Justices of the Supreme Court, for a period from May 15, 1918, to January 1, 1919, at a rental at the rate of two thousand dollars (\$2,000) a year, payable quarterly; the lessor to pay taxes and water rates and furnish heat, light, elevator and janitor service; the lessor to have the right to cancel said lease upon giving the City thirty days' notice in writing; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

Acquiesced.

JOHN KORB, Secretary.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The use of either or both of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids in addition to inserting the same in figures.

Bidders are requested to make their bids upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done or the supplies are to be furnished.
