HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

Statement of Basis and Purpose of Proposed Rule

(E) Designations are placed on a property pursuant to Section 11-15 of the New York City Zoning Resolution (“ZR”) to provide notice that City Environmental Quality Review (“CEQR”) requirements must be met before the property can be redeveloped in accordance with any zoning action.

(E) Designation rules are currently found in Chapter 24 of Title 15 of the Rules of the City of New York (“RCNY”) within the Department of Environmental Protection’s (“DEP”) section of the City’s rules. The first half of the (E) Designation rule addresses the placement of (E) Designations on properties, while the second half describes how a property owner satisfies (E) Designation requirements. In 2009 the second half of the (E) Designation program was transferred to the Office of Environmental Remediation (“OER”), yet the (E) Designation rule has remained in DEP’s regulations. OER and DEP have agreed to transfer the second half of the (E) Designation rule to Title 43, Chapter 14 of the City’s rules, where OER’s rules are found. This will allow OER to administer the rule that governs its portion of the (E) Designation program. Definitions common to both the first half and second half of the (E) Designation rule will remain in DEP’s rules; future amendments will continue to be coordinated to ensure consistency.

New York City Charter (“Charter”) Sections 15(e)(15) and 1404 authorize OER to administer the (E) Designation program, as defined in Section 11-15 of the ZR, acting as successor to DEP for such purpose, and Charter Section 15(e)(18) authorizes OER to promulgate rules to implement these provisions. Section 1403(e) of the Charter and Section 24-105 of the Administrative Code of the City of New York authorize DEP to make these proposed rules.

New material is underlined.

Section 1. Chapter 14 of Title 43 of the Rules of the City of New York is amended by adding a new Subchapter 7 to read as follows:

Subchapter 7: (E) Designation and Environmental Restrictive Declaration Program

§ 43-1470 Authority.

This chapter is promulgated pursuant to §§ 15(e) and 1404 of the New York City Charter and in accordance with § 11-15 of the Zoning Resolution of the City of New York.

§ 43-1471 Applicability.

This subchapter applies to tax lot(s) subject to an (E) Designation or an Environmental Restrictive Declaration.

§ 43-1472 Definitions.

The following definitions apply to this subchapter, §§ 43-1470, et seq., unless the text specifically indicates otherwise:

Alternate Means of Ventilation. As also defined in 15 RCNY § 24-03, “Alternate Means of Ventilation” means a device that introduces fresh air into a building and thereby allows operable windows to be closed at all times.

CEQR. As also defined in 15 RCNY § 24-03, “CEQR” means the City Environmental Quality Review, Chapter 5 of Title 62 of the Rules of the City of New York.

CEQR Determination. As also defined in 15 RCNY § 24-03, “CEQR Determination” means any of the following, issued by the Lead Agency pursuant to CEQR: a determination that a proposed action is Type II, as defined under the State Environmental Quality Review Act (NYCRR Part 617); a negative declaration or conditional negative declaration for an Environmental Assessment Statement; or a final Environmental Impact Statement with respect to which findings are made, including any technical memoranda with respect to such final Environmental Impact Statement.

CEQR Technical Manual. As also defined in 15 RCNY § 24-03, “CEQR Technical Manual” means the current City Environmental Quality Review Technical Manual as issued by OEC together with any updates, supplements and revisions thereto.

4. OER will review the Remedial Action Plan to determine if it achieves the specific requirements established for the tax lot by the Lead Agency.
5. When a Project Site encompasses more than one tax lot, and at least one, but not all, of the lots has an Air Quality or Noise (E) Designation or an Environmental Restrictive Declaration, the environmental requirements will apply to the entire Project Site, unless the applicant demonstrates to OER's satisfaction that application of the environmental requirements to the entire Project Site is not warranted.
6. When a Project Site encompasses a portion of a lot which has an Air Quality or Noise (E) Designation or an Environmental Restrictive Declaration, the environmental requirements will apply to all portions of the lot, unless the applicant demonstrates to OER's satisfaction that application of the environmental requirements to a portion of the Project Site is not warranted.
7. Modification of Environmental Requirements. When a proposed Development cannot satisfy the Air Quality or Noise (E) Designation for a tax lot(s), the owner of the tax lot(s) may apply to OER for a modification of the environmental requirements as described in a CEQR Determination based upon new information or technology, additional facts or updated standards, as applicable, provided such modifications are equally protective of public health and the environment. With the consent of the Lead Agency, OER may modify the environmental requirements described in a CEQR Determination provided that such modifications are equally protective of public health and the environment. Specific modifications include, but are not limited to:
 - A. Placement of an exhaust stack where a tax lot's dimensions lack sufficient depth to locate the stack according to the (E) Designation requirements.
The applicant must submit a study showing that the proposed stack location is as protective to public health and the environment as required by the (E) Designation. The study must be based on the same level of analysis used in the associated Environmental Assessment Statement or Environmental Impact Statement.

- B. Modification of a Window/Wall Attenuation mandated by a Noise (E) Designation.

- i. The applicant must conduct a 24-hour noise monitoring test of the lot to record in dBA the Leq(1), L10(1), and the Ldn Noise Descriptors.
- ii. The applicant must submit its Noise Monitoring Protocol to OER for review and approval before starting any testing.
- iii. Where applicable, the Noise Descriptors must be projected to the Full Build Year of the relevant Zoning Amendment or Zoning Action, according to the same methodology used in the environmental review from which the (E) Designation was assigned.
- iv. Following a 24-hour noise monitoring test, the applicant must submit to OER a report summarizing the results of the test and include in its Remedial Action Plan all documents generated by the 24-hour noise monitoring study.
- v. OER will evaluate the test results based on the (E) Designation requirements and the values and guidance found in the CEQR Technical Manual. If the results satisfy the CEQR Technical Manual, OER will agree to modify the Window/Wall Attenuation as described in the lot's Noise (E) Designation.

- b. Implementation of the Remedial Action Plan for Air Quality and Noise (E) Designations.

1. After OER has reviewed and approved a Remedial Action Plan for an Air Quality or Noise (E) Designation, OER will issue a notice to proceed recommending that DOB issue the permit necessary for the applicant to carry out the approved remediation. However, the applicant must not accept a temporary certificate of occupancy or a or certificate of occupancy from DOB for any Development until OER issues a notice of no objection authorizing issuance of a temporary certificate of occupancy only or a notice of satisfaction in accordance with subdivision c of this section.
2. Once the Remedial Action Plan is approved, an applicant must carry out the remediation in its entirety without any omissions, changes, or deviations. Any changes to an approved Remedial Action Plan must be submitted with

appropriate documentation to OER for its approval before an applicant implements the changes.

3. OER has the right to inspect any tax lot(s) subject to remediation according to this section, and the applicant must allow any such inspection by OER.

c. Completion of the Remedial Action Plan.

1. Following implementation of the OER-approved Remedial Action Plan, the applicant must submit an Installation Report certified by a professional engineer or a registered architect to OER in a form satisfactory to OER.
2. The Installation Report must document that the remedial activities contained in the OER-approved Remedial Action Plan have been implemented in compliance with the Remedial Action Plan and satisfy the (E) Designation.
3. Upon review and approval of the certified Installation Report, OER will issue a notice of satisfaction authorizing DOB to issue a certificate of occupancy or, where circumstances warrant, OER will issue a notice of no objection for a temporary certificate of occupancy.
