### PETITIONS AND COMMUNICATIONS.

No. 244.

Long Island City, February 23, 1904.

To Board of Aldermen:

Gentlemen—Whereas two men with a petition called to my place for me to sign to improve Eleventh avenue, as I am the owner of six lots on Eleventh avenue and eight lots on Twelfth avenue, therefore I object to improve the street at present, as it is a useless expense.

Very truly yours,

ISRAEL H. EISENBERG.

No. 457 Willoughby Avenue, Brooklyn,  
February 25, 1904.

Members of the Board of Aldermen:

Honorable Gentlemen—Is it not enough that a long suffering public has been annoyed beyond endurance by the street car service of this Greater City, that you should add to our grievance this "Near side of the crossing ordinance?"

We are jammed into overcrowded, and endure the rigors of arctic weather in, unheated cars. We wait with becoming stoicism the irregularity of the service. But now you impose upon us the necessity of wading through mud and slush, or risking life and limb on slippery ice, or climb over snow drifts in order to board the cars on the "near side."

Has it occurred to you that the street car companies as "Common Carriers" are the servants of the public? It would appear from the standpoint of the transit officials, the public is the slave of the transit companies, and there are no rights which the companies are bound to respect. Yet now we have been wounded in the house of our friends. If we must board the cars on the near side, at least oblige the Motormen to open the front gate. At present they follow their own sweet will, and failing to do so, young and old, blind and halt, tottering age, and young matron with babe in arms must scramble as best they can the length of the car, to the tune of "step lively," regardless of the physical ability of many to do so.

Honorable Gentlemen do you wish the ladies of your household subjected to these annoyances? Is electric power so much more valuable than humanity that it must be saved at the expense of the people's pleasure and convenience?

Trusting you will relieve us of this needless vexation. I am

Very respectfully yours,

(Miss) H. LOUISE STEVENS.

East Side Citizens and Taxpayers' Association,  
No. 2359 First Avenue,  
New York, February 29, 1904.

The Honorable Board of Aldermen, New York City:

Gentlemen—At a regular meeting of the above association held Wednesday, February 24, 1904, I was instructed to write your Honorable Board that the East Side Citizens & Taxpayers Association puts itself on record as being in favor of granting any railroad company the privilege of crossing the Willis Avenue Bridge, providing they charge one fare of five cents from the Battery to the City limits.

It has come to our notice through the newspapers that the Union Railway Company, operating in Bronx Borough, has asked for the privilege of crossing this bridge and therefore we adopted the above resolution.

Yours very truly,

GEO. SCHMITT, Secretary.

Room No. 192, No. 280 Broadway,  
New York, February 26, 1904.

Hon. JOHN T. MCCALL, Chairman, Finance Committee:

Dear Mr. McCall—I beg to hand you the enclosed resolution prepared at the suggestion of his Honor the Mayor and the Board of Estimate and Apportionment, which I take the liberty of asking you to present to the Board of Aldermen at the meeting on Tuesday next, March 1.

I enclose also a copy of a communication addressed to the Hon. J. W. Stevenson, Secretary of the Board of Estimate and Apportionment, explaining in detail the disposition of the moneys asked for, and the plan and scope of the proposed exhibit.

His Honor the Mayor and the members of the Board of Estimate and Apportionment at the meeting held this morning, approved of the plan to erect a building wherein to install all the exhibits to be made by this City, and suggested the presentation of the enclosed resolution to the Board of Aldermen.

I will be pleased to appear before the Board at the meeting on Tuesday, to explain the purpose of said resolution, if you deem my presence necessary.

In view of the very pressing necessity for prompt action by your Honorable Body, I would respectfully ask that this matter receive your personal attention.

Very truly yours,

THOMAS W. HYNES, Commissioner.

Office of the Commissioner Representing The City of New York to the  
Louisiana Purchase Exposition at St. Louis, Missouri,  
Room No. 192, No. 280 Broadway,  
New York, February 23, 1904.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—Referring to the resolution of the Board of Aldermen requesting that the Comptroller be authorized to issue Special Revenue Bonds to the amount of twenty-five thousand dollars, the proceeds whereof to be applied "to the perfection and the carrying out of plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition," now pending before your Honorable Body, I beg to submit the following statement showing the proposed distribution of the moneys asked for, and setting forth in detail, as far as possible, the contemplated plan and scope of the exhibit to be made by this City.

No great difficulty will be experienced in preparing an exhibit of suitable extent and variety, provided that funds in sufficient amount are made available, but it will be my most earnest endeavor to limit the cost of such exhibit within reasonable bounds, and yet make the same fittingly representative of this great city.

I have been in communication with the heads of the various City departments and have learned of their ability to make exhibits of the work of their respective departments, and have secured several estimates approximating the cost of preparing the same.

With the information and data thus obtained I planned to have the various City departments represented in the exhibit, as follows:

### PLAN AND SCOPE.

#### I.

##### Memoranda.

##### Standard Plans.

Department of Docks and Ferries—

- 1st. Recreation piers.
- 2d. Iron shed.
- 3d. Dock improvements:
  - 1st. Pile work (elevation and cross section).
  - 2d. Sea wall.
- 4th. New Ferry House (Richmond).
- 5th. Copy of plan for the improvement of water front (Chelsea).

Police Department—

- 1st. Plans for modern police stations.
- 2d. Grand plan and front elevation.
- 3d. Plan of new proposed Police Headquarters.

Fire Department—

- 1st. Plans for modern fire house.
- 2d. Plans for modern fire boat.
- 3d. Plans for modern fire engine.

Aqueduct Department—

- 1st. Plans of Jerome Park Reservoir.
- 2d. Plans of new pumping stations.
- 3d. Plans of new reservoirs now under construction in Croton Watershed.
- 4th. Topographical map of water sheds or Aqueduct line.

5th. Reports and plans of Special Commission on New York Water Supply, including maps showing new water sheds and sites for new reservoirs and filtration plants.

Department of Water Supply, Gas and Electricity—

1st. Standard of water mains, hydrants, water meters, gate houses, pumping stations, filtration plants, etc.

2d. Standard for ornamental electric light posts.

Department of Bridges—

1st. Plans or models of bridges over the East and Harlem rivers, Newtown creek and Gowanus canal.

2d. Plans of new projected approaches.

3d. Plans for relieving the congestion of the travel over the Brooklyn Bridge, subways or moving sidewalks, etc.

Department of Parks—

1st. Plans of Riverside Park (detail plans) and new park, showing recreation grounds, gymnasium, public comfort stations, including new ornamental structure located and recently constructed in parks of the different boroughs, including the last reports of the Park Commissioners.

2d. Plans for reconstructing the bulkhead and projected improvements on the Concourse Park, Coney Island.

3d. Botanical and Zoological Gardens, maps and plans showing improvements made in both gardens, including new botanical garden building, greenhouses, animal houses, aquarium reports, etc.

4th. Plans and designs of Museum of Art and Natural History, showing new improvements and extensions.

Army Commission—

Plans of new and modern armories—

Department of Street Cleaning—

1st. Plans showing disposal works.

2d. Plans showing disposal of an improved garbage scow.

3d. Modern improvements relating to work of this Department.

Department of Correction—

Plan or model of new Tombs Building.

Map of Blackwell's Island, showing institutions, etc.

Map of Riker's Island, showing improvements.

Art Commission—

Plans and designs submitted for their approval for beautifying the City, such as proposed structures, drinking fountains, monuments, flag poles, ornamental lamp posts, street signs, safety isles, etc.

Commissioners of Accounts—

Photographs of laboratories for testing and examining materials used by the City departments.

Rapid Transit Commissioners—

Map of rapid transit lines.

Plans showing construction and details, subways, elevated structures, stations, exits, electrical installation, signals, cars, elevators, method of ventilation, etc.

Plans of tunnel under Harlem river.

Borough Offices (Manhattan)—

Plans of Riverside Drive extension now under construction.

Plans for standard road beds for macadam, asphalt and granite blocks.

Standard of pipes, brick and main trunk sewers with necessary basins and manhole.

Plans showing sewer, water, gas, steam, electric, etc., system rearranged by reason of the construction of rapid transit subway work.

Miscellaneous—

Picture of proposed and existing public buildings, New Library, Hall of Records, Appellate Division Building, new Municipal Building (Brooklyn), new Borough Halls for Queens and Richmond, new prison (Richmond).

Panoramic views of New York City, etc.

Set of topographical maps showing layout of Twenty-third and Twenty-fourth Wards, in atlas form; set of sewer maps of Twenty-third and Twenty-fourth Wards, in atlas form.

Approximate Cost—

I have received estimates approximating the cost of exhibiting the work of the various city departments along the lines hereinbefore suggested, as follows:

Finance Department (Charitable Institutions)—

145 institutions, 500 negatives, 1,500 photographs and duplicates..... \$2,450 00

12 units of space in the Civics and Economics Building..... 300 00

For preparation of exhibits, furniture, fittings, etc., for display and transportation..... 600 00

Help for preparation, necessary data of all Institutions, and printing in pamphlets for distribution..... 750 00

Expenses for maintenance, oversight, transportation, etc..... 550 00

Total..... \$4,650 00

Department of Bridges—

For model of the Williamsburgh Bridge..... \$500 00

In addition to the foregoing it is proposed to exhibit a model of the Brooklyn Bridge and also large photographs of existing structures which will occupy wall space of about 100 square feet. These photographs and the model of the Brooklyn Bridge will be provided without cost to the City.

Department of Street Cleaning—

For an exhibit showing the method of working, appliances and organization..... 5,000 00

Department of Parks—

For model of Thomas Jefferson Park..... 1,800 00

This park presents interesting natural features, having the Harlem river as one of its boundaries and contains beside the purely park features, a very complete gymnasium and playground, and has also a recreation pier.

Miscellaneous—

For model of new Hall of Records..... 1,965 00

For model of City Prison..... 1,760 00

For photographs of water front (Department of Docks), buildings, etc., of Department of Correction and other departments, maps, plans, designs and other data relating to other departments.....

The total estimated cost, aside from the last item, the cost of which cannot at present be approximated will be..... \$15,675 00

To the said amount of \$15,675 must be added the cost of transportation, work and labor in preparing for shipment and setting up the exhibits, the expenses attending this Commission and the wages of attendants, the transfer of the sum of \$1,000 borrowed from the Tenement House Department, which will consume the balance of the amount asked for, if made available.

Models of other buildings, photographic views and other material forming a considerable portion of the proposed exhibit have been obtained without cost to the City.

I have secured the necessary permission to exhibit the topographical map of the City, which was made at a cost of \$10,000 and was displayed at the Paris Exposition. I have endeavored to secure space wherein to place this map, but fear that I will be unsuccessful. If space cannot be assigned for this magnificent exhibit it will be necessary to construct a special building for the purpose at a cost of \$3,000 in addition to the estimated cost of the entire exhibit, as hereinbefore mentioned. In this connection I desire to say that, through the kindness of one of the officials in charge at the Exposition whose acquaintance I made on the occasion of my visit to St. Louis, I have obtained an option on a most desirable site on which could be erected a building supplying all the needs for this City's exhibit at a cost of \$12,000. The construction of this building would relieve this City's representative of many of the difficulties which will be undoubtedly encountered in providing for an exhibit worthy of this great metropolis. The building is designed as one of the general nature of a public hall or auditorium, wherein panoramic views of the city showing its growth and development could be displayed, and lectures relating thereto could be given twice a day. It would certainly be a fitting contribution by this great city to the Exposition. It would inure greatly to the advantage of the City to accept of the proposition of constructing its own building, as the City's entire exhibit could then be installed and centralized under one roof, with

the exception of the Charities and Tenement House exhibits, which will be assigned to the collective exhibit in the Department of Social Economy in competition with other cities, and accommodations would be provided for the reception of the citizens of this city visiting the Exposition, and it would also avoid the expense of housing the employees, a considerable item, in other parts of the city, as accommodations for their lodging could be provided in such a building. The plans and specifications are drawn, and no delay need result in the erection of the building, if the funds are made available at once, notwithstanding the short space of time intervening before the opening of the Exposition.

Since the plan to have the City represented at the Exposition has been entered into, I am strongly of the opinion that such a building should be erected as a matter of economy and civic pride. With such a building this city will make an exhibit which in completeness and detail will compare most favorably with that of any other city.

Other cities of far less importance than New York have provided for buildings wherein to install their exhibits. San Francisco for instance has appropriated the sum of \$40,000 for a building and St. Paul has set aside \$30,000 for a similar purpose, aside, in both instances, from the cost of the exhibits to be placed therein. Philadelphia, Kansas City, Cleveland and other cities, smaller in comparison with our own, have likewise appropriated monies larger in amount than that contemplated to be expended for a New York City building.

In conclusion I desire most respectfully to reiterate my expressed intention of limiting within reasonable bounds the cost attending the work of preparing this exhibit. I do not propose to be at all lavish in the expenditure of the monies which may be placed at my disposal, but it will be my constant endeavor to economize in every way possible consistent with a proper representation of the city at the Exposition.

In view of the pressing necessity of prompt action owing to the very limited time within which to arrange the details of the exhibit and to have the same ready at the opening of the Exposition on April 30. I would respectfully ask that this matter receive your prompt and personal attention.

Yours respectfully,

THOMAS W. HYNES, Commissioner.

In connection therewith Alderman McCall offered the following:

Whereas, As a matter of economy and civic pride it is proposed to erect at the Louisiana Purchase Exposition to be held at St. Louis, Missouri, a building to be known as the "New York City Building," wherein can be installed the exhibits to be made by this City, and to provide for the suitable reception of the citizens of this City visiting the said exposition; and

Whereas, The amount heretofore authorized to be appropriated to perfect and carry out plans for a suitable exhibit of The City of New York at the said Louisiana Purchase Exposition is insufficient to meet the expenses attending the preparation of such an exhibit, and the construction of the building proposed to be erected; be it

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue additional Special Revenue Bonds to the amount of \$20,000, in addition to the amount heretofore requested to be authorized, the same to be applied to the perfection and carrying out of plans for a suitable exhibit of The City of New York at the Louisiana Purchase Exposition to be held at St. Louis Mo.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Davies, Diemer, Dietz, Donohue, Dougherty, Doull, Downing, Doyle, Gaffney, Gass, Gillies, Goodman, Grimm, Gunther, Haenlein, Harburger, Harnischfeger, Higgins, James, Jones, Keely, Kenney, Koch, Lochner, Lundy, McCall, McCarthy, Malone, Marks, Meyers, Morris, Arthur H. No. 248.

By Alderman Gass—

In the Matter of the Petition of the New York, Westchester and Boston Railway Company.

To the Honorable the Board of Aldermen of The City of New York:

The petition of the New York, Westchester and Boston Railway Company respectfully shows:

First—That it is a domestic general traffic railway corporation organized on March 30, 1872, under chapter 140 of the Laws of 1850 of the State of New York, for the purpose of constructing and operating, by electrical or other motive power authorized by law, a railroad of the standard gauge, to be built upon and through a private right-of-way acquired or to be acquired by the company and upon and along a main route and branch line as hereinafter described.

Second—That said petitioner has duly complied with all the provisions of law affecting its incorporation, organization and authority to construct and operate its said railroad. That the route of said railroad is as follows, to wit:

Beginning at a point near the intersection of the westerly line of Lincoln avenue and the north shore line of the Harlem river, in the Borough of The Bronx, in The City of New York, and running thence in a northerly, easterly and north-easterly direction through the said Borough of The Bronx, as hereinafter more specifically described, and the cities, towns and villages of West Farms, Westchester, Bay Chester, Pelham Manor, Pelham, New Rochelle, Larchmont, Mamaroneck, Rye and Port Chester, to the boundary line between the State of New York and the State of Connecticut, with a branch line leaving said main line at or near Pelham and running through the towns, villages and cities of Mount Vernon, Alameda Park, Fairview Park, Tuckahoe, Arthur Manor and Scarsdale to White Plains, and with another branch line leaving said main line at or near the southeast corner of Bronx Park and running thence southeasterly to the East river at Clason's Point, and running thence northerly and crossing Westchester creek to Ferris avenue, and thence northeasterly and approximately parallel to the east shore line of the East river to and across Fort Schuyler road; thence easterly and southeasterly to and around a loop upon Throgg's Neck, on the East river.

That the portions of the said main route and branches of the said railroad falling within the limits of The City of New York are shown upon a map thereof, which is annexed hereto and made a part of this petition, upon which the route of the main line and branch line of the said railroad and the points of intersection of the streets crossed are approximately indicated by a broken red line.

Third—That the route of the said railroad and of the said branch thereof within the limits of The City of New York intersects certain streets and avenues in said City of New York, a description of which route and of the streets intersected or crossed is set forth in Exhibit "A" hereto annexed.

Fourth—That your petitioner has been advised and believes that inasmuch as at the date of its said incorporation in 1872 no part of the route of its said road as above set forth was within the limits of The City of New York, its right under its chartered powers to construct its said road across the streets above mentioned was and is independent of and not conditioned upon the assent of the said City of New York thereto. But, desiring to prevent conflict with the municipal authorities, and in order to avoid the delays incident to possible litigation and to insure the completion and operation of said road, which is believed to be a great public necessity, at the earliest possible date, your petitioner, without waiving any of its legal rights, privileges or franchises, desires to obtain the assent of the Corporation of The City of New York to the construction of the said railroad across the streets, avenues and highways above mentioned, as specified in the proposed ordinance submitted herewith.

That this corporation has procured the requisite financial arrangements for the complete construction and equipment of the main line and branches of its road in the best possible manner and in all respects equal or superior to the standard of construction and equipment adopted on the Rapid Transit Subway; that Messrs. Dick & Robinson, of No. 30 Broad street, in The City of New York, bankers, have undertaken the financing of the company and have arranged to furnish the sum of thirteen million one hundred and twenty-five thousand dollars (\$13,125,000) for the purposes of construction and equipment; that this company intends in good faith to construct and put in operation its said railroad with all possible dispatch and has no connection, direct or indirect, with the New Haven Railroad nor with the persons in the management and control thereof, nor are the persons who own and control the stock of this road in

any way interested in the New Haven Railroad, nor have they any affiliations with said company; that this road is absolutely independent of all other railroad corporations or railroad interests, and that the persons in control have no other purpose than the speedy construction of this road, and that there is no foundation whatever for any suggestion that this company is a mere cover for persons desirous to prevent the construction of a road from New York to Port Chester; that this company, seeking to obtain the assent of The City to the construction of its road across streets in said City as aforesaid, is ready and willing to accept said assent upon the following terms and to enter into an agreement with the City to duly observe and perform the same:

(1) To pay to the said City of New York as compensation for said assent an annual payment at the rate of seventy-five (75) cents per lineal foot of each railroad crossing across a street, constructed or in course of construction, of the width of sixty (60) feet or less, and at a proportionately increased rate for crossings of greater width, provided that in no case shall the road constructed across any street be more than one hundred (100) feet in width.

(2) To pay all cost of constructing said railroad crossings over such of said streets as are now open, and such as may have been opened at the time when the grading of the road at the point of intersection is done. In case any streets of said City shall be opened after the grading of said road at the point of intersection shall have been completed, then the cost of constructing the street across the said railroad shall be borne as provided by the General Railroad Law, one-half by the said railroad company and one-half by the City.

(3) That all railroad crossings across streets shall be carried either above or under the grade of the street in such manner as shall not interfere with the ordinary use of the street as a public highway.

(4) That where such railroad crossings shall be carried above the grade of the street, the bridge or viaduct shall have a height of at least sixteen (16) feet in the clear above the grade of the centre of the street. In case a girder bridge or viaduct be used, the clear height of sixteen (16) feet shall be maintained throughout the crossings. In case an arched bridge or viaduct is used, the clear height shall be at least sixteen (16) feet in the centre, and at least eight (8) feet on the inner line of the sidewalk. All abutments or foundations of bridges or viaducts shall be placed on the land of the company, excepting in cases hereinafter mentioned, where the plan of construction requires intermediate supports in the street. If the viaduct or bridge be less than seventy-five (75) feet in length it shall be built in a single span; if more than seventy-five (75) feet in length intermediate columns to support the structure may be placed in the street in such manner as shall least interfere with the use of the surface of the street. Such bridges or viaducts shall be constructed either wholly of steel or concrete or masonry or of combinations of these materials, and shall be in all respects of first class material and construction. The structures shall be ornamental and of such design as to conform with the requirements of the particular location.

(5) That where the railroad crossings shall be carried under the grade of the street, the subway or tunnel shall have a height from floor to roof of eighteen (18) feet in the clear. The tunnel or subway shall be built of concrete steel columns and abutments with concrete steel arching, and in design and strength and quality of materials employed shall be at least equal to similar construction employed in the Rapid Transit Subway. All such subway or tunnel crossings shall be adequately lighted either by natural or artificial light.

(6) That all railroad crossings shall be so constructed as not to injure existing sewers, water-pipes, subways or other public works. If necessary to make any change in the emplacement of existing water pipes or sewers or other public works the work shall be done in accordance with requirements of law in such manner as not to impair their efficiency, and at the expense of the company.

(7) That the entire road within the City limits shall be fenced throughout, and shall be thoroughly lighted by electricity, unless it shall be found that such lighting will interfere with the efficiency of the night signals of the road.

(8) That the company shall, excepting when the weather conditions render it unnecessary, keep its tracks sprinkled with water, crude oil or other substance suitable to lay dust.

(9) That the company shall locate all stations within The City of New York upon land owned by the company, and shall construct stations at such points as will reasonably serve the convenience of the population tributary to the road, supplying additional stations from time to time as adjacent territory is built up and the need for new stations developed; that all stations shall be of good architectural design and appearance.

(10) That the fare between the stations on said road within the present limits of The City of New York shall be five cents.

(11) That the said New York, Westchester and Boston Railway Company shall operate its railroad and take and convey persons and property on its railroad within the limits of The City of New York by the power or force of electricity or steam or by any mechanical power, provided that said company shall not use steam locomotive power within The City of New York, excepting at such time or times, upon such portions of its road within the said City, and under such restrictions as the Mayor of The City of New York may from time to time prescribe by permit in writing, and any such permit shall be revocable at any time upon reasonable notice in writing.

(12) That all construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway.

(13) That if the said New York, Westchester and Boston Railway Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain all street crossings in good condition throughout the full term of its occupancy of said streets, the Mayor of the City may give written notice to said company specifying any default on the part of said company, and requiring said company to remedy the same within a reasonable time, and upon the failure of said company to remedy its said default within a reasonable time, said company shall for each day thereafter during which the default or defect remains pay to The City of New York the sum of two hundred and fifty dollars as fixed and liquidated damages, or the said City, in case said structures over streets shall not be put in good condition within a reasonable time after notice by the Mayor as aforesaid, shall have the right to make all needed repairs at the expense of the company, in which case the said company shall pay to the City as fixed and liquidated damages double the amount of the cost of such repairs.

This petitioner further shows that said company is ready to accept and agree to any other reasonable terms which may be duly fixed and determined by the City.

This petitioner further shows that in fixing the amount of compensation to be paid to the City for its assent to cross streets as aforesaid, seventy-five cents per lineal foot for each crossing sixty feet in width or less, regard was had to the amount suggested by Mr. Low, the then Mayor of this City, when, in November, 1903, he transmitted to the Board of Aldermen of The City of New York a message with reference to the then pending application of the New York and Port Chester Railroad Company for an assent to cross streets in The City of New York; that the suggestion of Mayor Low in that message was that payment be required at the rate of fifty cents per lineal foot of each crossing forty feet in width, with the proportionate increase in price for any greater width taken.

And this petitioner shows that said compensation is fair and reasonable for the privilege of construction assented to; that the route of said road from One Hundred and Thirty-seventh street to One Hundred and Seventy-seventh street lies through a part of the City which is as yet undeveloped and very sparsely populated; that property is relatively of small value and very few improvements are being made or new buildings being constructed; that the growth and development is in territory lying well to the west of the route of this road and tributary to the Harlem railroad and to the new subway, and not conveniently tributary to the road of this company; that the surface highway traffic on the streets crossed by this road between the points mentioned is small and the value of the streets as highways or for any use to which the City or the public is likely to put them, would not be diminished or affected by construction of the crossings of this company; that from One Hundred and Seventy-seventh street to the City limits the route of this road lies through a territory that is practically destitute of population, the land along the route and for a considerable distance on either side being principally wild forest or swamp land, with some little farm land. All the main roads and existing lines of settlement lie well away from the track of this company and are in no sense tributary to it, the existing population having collected along the line of the Harlem road and along

the line which would be taken by extensions of the suburban elevated and extensions of the subway and along the line of the Harlem River branch of the New York and New Haven railroad. The greater part of the country through which the route of this road would pass between One Hundred and Seventy-seventh street and the City limits is very much wilder and more destitute of population than any part of the route of the road between the City limits and Port Chester; that the construction of this road will develop a large section of territory in the Borough of The Bronx between Bronx Park and the City limits which is now without any through transportation facilities and the greater part of which is even without street surface railways, which fact accounts for its wild condition and lack of population; that with the construction of this road and by reason of the exceptional facilities for rapid transit which it will afford, this section must settle up and in time become one of the most densely populated parts of the Borough of The Bronx; that as a direct consequence of the building and operation of this road the valuations of land along its line and in The Bronx generally must be enormously increased in the near future to the very great advantage of the City; that in addition, as the road of this company is to be built upon land owned by the company and not along the public highways, the expense of acquiring the right of way will be very great and the right of way with the high grade construction and equipment of the road will constitute a property improvement within the City which will pay a large return in taxes to the City. The cost of the right of way within the City itself is well-nigh prohibitory and is not justified by any traffic which the road would receive from its stations within the City for a very long time to come, and it is the through traffic from points outside the City and not traffic originating within the City to which the Company must look for support.

This petitioner further shows that the laying out of the right of way of this company will create a great ventilating space, or opening, within the City about one hundred (100) feet wide and eight (8) miles long on the main line, and about five (5) miles long on the Throgg's Neck branch. This space will be kept free from dust; the passenger trains, being operated by electricity, will create no smoke nor unpleasant odors, and the motion of the trains will be an aid to ventilation, while the electric lighting of the entire line will be an important aid to the illumination of that part of the City.

This petitioner further shows that the company builds its road across streets not from choice, but from necessity, and because there is no way of getting around them. The viaducts over the streets will be very expensive, and their cost will be far greater than the cost of purchasing an equivalent amount of right of way from private owners. In addition, crossing the streets over the grade thereof will involve the construction of an elevated structure on the entire line of the road within the City in order that the grade of the road may be high enough to clear the streets as required, and this cost of elevating the whole line is part of the extra cost entailed by the street crossing. That on the whole case the company gains no valuable franchise from the construction over small sections of street, it simply avoids an obstacle.

Of course the power to obstruct and prohibit gives the City opportunity to exact terms which bear no relation to any measure of real value, and under the menace of cutting off the line of communication, the City might exact as much for crossing one necessary street as for crossing a hundred. But this petitioner respectfully submits that such an arbitrary mode of imposing terms would be inconsistent with the functions of a municipal corporation and with the interests of its people and of the public at large. And this petitioner shows that the City and its people and the public at large will be great gainers pecuniarily and otherwise from the construction of this road independently of any special compensation, and that it would be well worth while to the City to assent to its construction without special compensation since the return received by the City in other ways must be so greatly beyond anything which the City gives. This petitioner does not, however, ask that the City forego special compensation but only that it take into account all the particular circumstances of this case in fixing the amount.

This petitioner further shows that in fixing the maximum fare above mentioned between stations on the line of this road within the present limits of the City regard was had to the sparseness of the tributary population and to the heavy initial cost of right of way, to the great burden imposed in elevating the whole line of road through the City so as to admit of crossings over-grade, and also the burden and expense of maintaining stations which for a long time to come cannot pay their expense in the travel they supply. And your petitioner shows that there is at present no railroad carrying passengers within The City of New York for a uniform five-cent fare, the route of which is over the private right of way of the company. All roads charging a uniform five-cent rate of fare have their rights of way located in the public streets and highways, and this includes both the elevated railroads and the Rapid Transit Subway. In addition, the existing roads operating under a uniform five-cent fare have selected the lines of densest population for their location, while this road traverses a district where there is little or no population and which more than any other part of the City requires development.

The provision as to the location of stations within the City by this company is necessarily general because, as previously stated, the territory through which this road runs from One Hundred and Seventy-seventh street to the City line is a wild and unoccupied country, and there is at present no real need for any station in that entire interval. The company will, however, place a number of stations along its line between these points on sites which will best aid in developing adjacent settlement. The increase in the number of stations can only be determined by the increase of population and the location of additional stations from time to time must be determined by the course of settlement and not by any fixed interval of distance.

This petitioner further shows that it is informed and believes that an application for an assent to cross streets in The City of New York has been or will be made to your Honorable Body by the New York and Port Chester Railroad Company, a corporation whose route between Port Chester and New York is substantially the same as that of this petitioner. That said application does not concern this petitioner unless your Honorable Body should determine that public convenience does not require two roads over practically the same route, and that it would be contrary to the interests of The City of New York unnecessarily to give up its streets to two sets of railroad crossings where one road would be sufficient for requirements of public travel, and that the assent to cross streets for a railroad like that projected by this petitioner and by the New York and Port Chester Railroad Company ought to be granted only to one of said companies, and not to both. In case your Honorable Body should reach such conclusion, this petitioner prays that you will consider the following reasons why the assent should be granted to this company, and not to the New York and Port Chester Railroad Company.

First—This company has perfected definite financial arrangements and has secured the money to build, and has submitted to your Honorable Body abundant proof of such ability, and has given the name of the bankers who have undertaken to finance it. That so far as this petitioner is informed, no responsible bankers or persons have made any definite and public statement that they had perfected provisions for financing the New York and Port Chester Railroad Company.

Second—That this corporation will be of greater public utility and will better meet the requirements of public convenience by providing transportation to all points reached by the New York and Portchester Company's proposed route, and in addition to large and important sections which that road does not reach. That, while the main line of both roads is substantially the same, the New York and Portchester Company has only one branch line, namely, to Clauson Point, whereas this petitioner has a branch line to Throgg's Neck, the route of which will run to and by Clauson Point, and thence along the shore of the East river, touching all shore points to Throgg's Neck, thus opening up a large section of the City and important water fronts, which will thus be afforded adequate facilities for transportation of heavy freight, and whereas this petitioner also has a branch line running from Pelham to White Plains through that district of Westchester County which lies intermediate between the Harlem and the New Haven railroads, and which at present has no through transportation and no direct connection with The City of New York; that this branch line is as long as the main line from the point of junction at Pelham to Portchester, and said branch line will reach a far larger section of country than the main line, since the main line is bounded on one side by the Sound and the population cannot spread in that direction, while the branch line will run through a country where the population can spread on both sides of the track without limit; that this branch line will be about twelve miles long, and the

country through which its route is located is one of the most beautiful parts of Westchester County; the land is smooth and moderately rolling, and can be easily laid out in building plots at small expense. That the country is already well supplied with fine macadamized roads; that the character of the district is most desirable, as it has a large number of very beautiful and expensive mansions, with large parks and grounds surrounding them, placed at intervals on desirable sites, while the whole territory is practically free from shabby road houses or undesirable and ugly settlements. The section, however, until the present time has not been available to the man of moderate means, unable to maintain horses and equipages to reach distant railway stations, and the country has been given over to the residences of the rich. The road of this petitioner, however, would transform it, and make it an especially desirable section for persons of moderate means. That this petitioner's road is a general traffic road the greater part of the route of which lies without The City of New York, its principal purpose being to afford access from desirable suburban localities to The City of New York. That, as the City must in some way provide for access to its business centres from all neighboring outlying districts, it is a matter of importance that in admitting a new road and giving assents to its crossings over streets, preference should be given to the road which supplies the largest outlying districts and has the greatest public utility.

Wherefore your petitioner prays that the consent of the corporation of The City of New York be granted to construct its railroad across said streets, avenues and highways, as well as any other streets, avenues and highways intersected by the route of said railroad, such crossing to be either above or below the grade thereof as may lawfully be determined, and that an ordinance to that effect be adopted by your Honorable Body.

#### Exhibit "A."

"Beginning at a point near the intersection of the westerly line of Lincoln avenue and the north shore line of the Harlem river; thence running northerly diagonally across Lincoln avenue to a point near the intersection of the easterly line of Lincoln avenue with the northerly line of East One Hundred and Thirty-second street; thence running easterly crossing Alexander avenue and Willis avenue between the Southern Boulevard and East One Hundred and Thirty-second street, to a point near the intersection of the easterly line of Willis avenue with the northerly line of One Hundred and Thirty-second street, in the Borough of The Bronx; thence running easterly to and crossing Brown place, Brook avenue and St. Ann's avenue to the easterly line of St. Ann's avenue, between East One Hundred and Thirty-second street and the Southern Boulevard, with a branch line to form a loop, leaving the main line at or near the easterly side of Willis avenue, and running thence to and across the Southern Boulevard at or near the intersection of the same with Willis avenue; thence running easterly between the Southern boulevard and East One Hundred and Thirty-fourth street and crossing Brown place, Brook avenue and St. Ann's avenue and the Southern Boulevard to join the main line at or near the easterly line of St. Ann's avenue, with an intersecting connecting line crossing the Southern Boulevard between Willis avenue and Brown place; said main line running thence from the said point of intersection at or near the easterly line of St. Ann's avenue in a northeasterly direction approximately parallel to the Southern Boulevard to a junction with Whitlock avenue and crossing Cypress avenue, East One Hundred and Thirty-third street, East One Hundred and Thirty-fourth street, East One Hundred and Thirty-fifth street, East One Hundred and Thirty-sixth street, East One Hundred and Thirty-seventh street, Willow avenue, East One Hundred and Thirty-eighth street, East One Hundred and Thirty-ninth street, East One Hundred and Fortieth street, East One Hundred and Forty-first street, all between the easterly side of the Southern Boulevard and the westerly side of the avenue or avenues lying next to the eastward of the said Southern Boulevard; thence northerly and crossing the Southern Boulevard or a part thereof, East One Hundred and Forty-second street and Whitlock avenue or a part thereof, and thence running northerly approximately parallel to Whitlock avenue to its intersection with Westchester avenue, running between Austin place and Whitlock avenue, the Southern Boulevard and Whitlock avenue, and Longfellow street and Whitlock avenue and crossing East One Hundred and Forty-third street, or St. Mary's place to St. Joseph's street, East One Hundred and Forty-ninth street, Austin place, Timpson place, Leggett avenue, Craven avenue, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Fails street, Bryant street, Longfellow street, Aldus street, Guttenburg street and Westchester avenue; thence crossing Westchester avenue, Home street, Freeman street, Boone street, West Farms road, and Jennings avenue, between Boone street and West Farms road; thence running northerly approximately parallel with Boone street to its intersection with East One Hundred and Seventy-sixth street, between Boone street and West Farms road, crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, East One Hundred and Seventy-fifth street and Rodman place, all between said Boone street and West Farms road, and thence crossing West Farms road near its intersection with East One Hundred and Seventy-seventh street and Boston Post road and such parts of said Boston Post road and East One Hundred and Seventy-seventh street as may be necessary or convenient to effect a junction or connection with any other railroad line whether running upon, above or below the surface of the ground; running thence easterly crossing Boston Post road and Bronx street to and crossing the Bronx river; thence northerly to and crossing East One Hundred and Seventy-ninth street, Lebanon street and East One Hundred and Eightieth street, all between said Bronx river and Bronx Park avenue, to or near the southeast corner of Bronx Park; thence running northerly crossing Bronx Park avenue diagonally and thence northerly approximately parallel to the easterly line of Bronx Park to and crossing Union Port road at a point approximately twelve hundred and ninety-five (1,295) feet west of its intersection with Morris Park avenue; thence running northerly crossing Sagamore street to and crossing Bear Swamp road at a point approximately three hundred and seventy (370) feet east of its intersection with Union Port road; thence to and crossing Bronx and Pelham parkway at a point approximately eighteen hundred and fifty (1,850) feet west of its intersection with Williamsbridge road; thence northerly to and crossing Williamsbridge road to a point approximately twelve hundred (1,200) feet west of its intersection with Bronx and Pelham parkway; thence northerly to and crossing Saw Mill lane at a point approximately fourteen hundred and eighty (1,480) feet east of its intersection with Williamsbridge road; thence northerly crossing East Chester road at or near its intersection with Syracuse avenue; thence northerly crossing Syracuse avenue, Birch street, Cedar street, Oak street, Walnut street, Chestnut street and Ash street, all between Syracuse avenue and Kingson avenue, to and crossing Reed lane at a point approximately nine hundred (900) feet east of its intersection with the Boston Post road; thence northerly crossing diagonally Chestnut avenue, Walnut avenue and Oak street or avenue to and across East Chester Landing road and to the boundary line between The City of New York and Westchester County.

"Also a branch line beginning at a point on the main line above described at or near the southeast corner of Bronx Park, and running thence southeasterly, crossing East One Hundred and Eighty-first street, East One Hundred and Eightieth street and Lebanon street to the intersection of Morris Park avenue and West Farms road, crossing both Morris Park avenue and West Farms road, and running thence southeasterly to a point at or near the intersection of Westchester avenue and Clauson's Point road, crossing Westchester avenue, and thence running approximately parallel to Clauson's Point road and to the eastward thereof to the East river at Clauson's Point; thence northerly, crossing Westchester creek to and crossing Ferris avenue at a point approximately fifty-two hundred (5,200) feet southeast of its intersection with the Eastern Boulevard; thence northerly, crossing Baxter creek, and approximately parallel to the west shore line of the East river or Sound to and crossing Throgg's Neck road at a point approximately fourteen hun-

dred and eighty (1,480) feet southeast of its intersection with Pennyfield avenue; thence easterly to and crossing Fort Schuyler road at a point approximately thirty-two hundred and fifty (3,250) feet southeast of its intersection with Morgan avenue; thence southeasterly approximately nine hundred and fifty (950) feet to the shore line of the East river on the north side of Throgg's Neck to the shore line on the south side of the Neck; thence northwesterly, connecting with the line previously described at a point approximately three hundred and seventy-five (375) feet west of its said crossing of the Fort Schuyler road to form a loop."

In connection therewith Alderman Gass offered the following:  
AN ORDINANCE giving the assent of the Corporation of The City of New York to the construction of the railroad of the New York, Westchester and Boston Railway Company across certain streets in said city.

Be it Ordained by the Board of Aldermen of The City of New York as follows: That the Corporation of The City of New York hereby assents to the construction by the New York, Westchester and Boston Railway Company, its successors and assigns, of a railroad of the standard gauge, in and across the following streets, avenues and highways in the Borough of The Bronx, in The City of New York, namely:

Across Lincoln avenue diagonally between the Harlem river and the Southern boulevard, across Alexander avenue, Willis avenue, Brown place, Brook avenue and St. Ann's avenue, across the Southern boulevard at two places between Willis avenue and Brown place, across Brown place and Brook avenue between the Southern boulevard and One Hundred and Thirty-fourth street, and across the Southern boulevard and St. Ann's avenue between Brook avenue and the easterly side of St. Ann's avenue, and between East One Hundred and Thirty-second street and East One Hundred and Thirty-fourth street; across Cypress avenue, East One Hundred and Thirty-third street, East One Hundred and Thirty-fourth street, East One Hundred and Thirty-fifth street, East One Hundred and Thirty-sixth street, East One Hundred and Thirty-seventh street, East One Hundred and Thirty-eighth street, East One Hundred and Thirty-ninth street, East One Hundred and Fortieth street and East One Hundred and Forty-first street, across Whitlock avenue diagonally at East One Hundred and Forty-second street, across One Hundred and Forty-third street or St. Mary's place, St. Joseph street, East One Hundred and Forty-ninth street, Austin place, Timpson place, Leggett avenue, Craven avenue, Longwood avenue and Lafayette avenue, Tiffany street, Barretto street and Hunt's Point road, across the Southern boulevard at or near its junction with the Hunt's Point road, Hoe street, Fails street, Bryant street, Longfellow street, Aldus street, Guttenburg street and Westchester avenue; across Home street, Freeman street, Boone street, West Farms road and Jennings avenue, across East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, East One Hundred and Seventy-fifth street and Rodman place, and across West Farms road at its intersection with East One Hundred and Seventy-seventh street and the Boston Post road and such parts of said Boston Post road and East One Hundred and Seventy-seventh street as may be necessary or convenient there to effect a junction or connection with any railroad line running upon, above or below the surface of the ground; also across the Boston Post road and Bronx street; also across East One Hundred and Seventy-ninth street, Lebanon street and East One Hundred and Eightieth street; also across Bronx Park avenue diagonally; also across Union Port road; also across Sagamore street and Bear Swamp road to the eastward of Union Port road; also across Bronx and Pelham parkway, across the Williamsbridge road, Sawmill lane and Eastchester road; also across Syracuse avenue, Birch street, Cedar street, Oak street, Walnut street, Chestnut street and Ash street; also across Reed lane; also diagonally Chestnut avenue, Walnut avenue and Oak street or avenue, and across Eastchester Landing road to the eastward of the Boston Post road.

Also across East One Hundred and Eighty-first street, East One Hundred and Eightieth street and Lebanon street to the westward of Morris Park avenue, and across Morris Park avenue and West Farms road; also across Westchester avenue near Clauson's Point road and Clauson's avenue or street, Ferris avenue, Throgg's Neck road and Fort Schuyler road; also across any other streets, avenues and highways intersected by the route of said railroad.

That the said New York, Westchester and Boston Railway Company shall pay to the said City of New York as compensation for said assent, an annual payment at the rate of seventy-five cents per linear foot of each railroad crossing of the width of sixty feet constructed or in course of construction across a street, and at a proportionately increased rate for crossings of greater width, provided that in no case shall the road constructed across any street be more than one hundred feet in width.

That said company shall pay all cost of constructing said railroad crossings over such of said streets as are now open and such as may have been opened at the time when the grading of the road at the point of intersection is done. In case any streets of said City shall be opened after the grading of said road at the point of intersection shall have been completed, then the cost of constructing the street across the said railroad shall be borne as provided by the General Railroad Law, one-half by the said Railroad Company and one-half by the City.

That all railroad crossings across streets shall be carried either above or under the grade of the street in such manner as shall not interfere with the ordinary use of the street as a public highway.

That where such railroad crossings shall be carried above the grade of the street the bridge or viaduct shall have a height of at least sixteen (16) feet in the clear above the grade of the centre of the street. In case a girder bridge or viaduct be used, the clear height of sixteen (16) feet shall be maintained throughout the crossings. In case an arched bridge or viaduct is used, the clear height shall be at least sixteen (16) feet in the centre and at least eight (8) feet on the inner line of the sidewalk. All abutments or foundations of bridges or viaducts shall be placed on the land of the company excepting in cases hereinafter mentioned where the plan of construction requires intermediate supports in the street. If the viaduct or bridge be less than seventy-five (75) feet in length it shall be built in a single span; if more than seventy-five (75) feet in length intermediate columns to support the structure may be placed in the street in such manner as shall least interfere with the use of the surface of the street. Such bridges or viaducts shall be constructed either wholly of steel or concrete or masonry or of combinations of these materials and shall be in all respects of first-class material and construction. The structures shall be ornamental and of such design as to conform with the requirements of the particular location.

That where the railroad crossings shall be carried under the grade of the street the subway or tunnel shall have a height from floor to roof of eighteen (18) feet in the clear. The tunnel or subway shall be built of concrete steel columns and abutments with concrete steel arching and in design and strength and quality of materials employed shall be at least equal to similar construction employed in the Rapid Transit Subway. All such subway or tunnel crossings shall be adequately lighted either by natural or artificial light.

That all railroad crossings shall be so constructed as not to injure existing sewers, water pipes, subways or other public works. If necessary to make any change in the emplacement of existing water pipes or sewers or other public works, the work shall be done in accordance with requirements of law in such manner as not to impair their efficiency, and at the expense of the company.

That all construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway.

That the entire road within the City limits shall be fenced throughout, and shall be thoroughly lighted by electricity, unless it shall be found that such lighting will interfere with the efficiency of the night signals of the road.

That the company shall, excepting when the weather conditions render it unnecessary, keep its tracks sprinkled with water, crude oil or other substance suitable to lay dust.

That the company shall locate all stations within The City of New York upon land owned by the company, and shall construct stations at such points as will reasonably serve the convenience of the population tributary to the road, supplying additional stations from time to time as adjacent territory is built up and the need for new stations develop; that all stations shall be of good architectural design and appearance.

That the fare between the stations on said road within the present limits of The City of New York shall be five cents.

That the said New York, Westchester and Boston Railway Company shall operate its railroad and take and convey persons and property on its railroad within the limits of The City of New York by the power or force of electricity or steam or by any mechanical power, provided that said company shall not use steam locomotive power within The City of New York, excepting at such time or times, and upon such portions of its road within said City, and under such restrictions, as the Mayor of The City of New York may from time to time prescribe by permit in writing, and any such permit shall be revocable at any time upon reasonable notice in writing.

That if the said New York, Westchester and Boston Railway Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain all street crossings in good condition throughout the full term of its occupancy of said streets, the Mayor of the City may give written notice to said company specifying any default on the part of said company and requiring said company to remedy the same within a reasonable time, and upon the failure of said company to remedy its said default within a reasonable time, said company shall for each day thereafter during which the default or defect remains pay to The City of New York the sum of two hundred and fifty dollars as fixed and liquidated damages, or the said City, in case said structures over streets shall not be put in good condition within a reasonable time after notice by the Mayor as aforesaid, shall have the right to make all needed repairs at the expense of the company, in which case the said company shall pay to the City as fixed and liquidated damages double the amount of the cost of such repairs.

Which were severally referred to the Committee on Railroads.

No. 249.

By Alderman Stumpf—

In the Matter

The petition of the New York and Port Chester Railroad Company.

To the Honorable The Board of Aldermen of The City of New York:

The petition of the New York and Port Chester Railroad Company respectfully shows:

First—It is a domestic corporation duly incorporated under the laws of the State of New York for the purpose of constructing and operating a railroad of the standard gauge, to be built upon and through a private right of way to be acquired by the company, crossing all streets, avenues, highways and railroads above or below the grade thereof as may be determined by the Board of Railroad Commissioners or other lawful authority.

Second—The said railroad is to be operated by electricity or other motive power authorized by law, except locomotive steam power.

Third—Such railroad is to be built, maintained and operated upon and along a main route commencing at or near the intersection of East One Hundred and Thirty-second street and Willis avenue, in the Borough of The Bronx, in The City of New York; running thence in an easterly and northeasterly direction through the said Borough of The Bronx, as hereinafter more specifically described, and the cities, towns and villages of Mt. Vernon, Pelham, New Rochelle, Larchmont, Mamaroneck, Rye and Port Chester, in the County of Westchester, to the boundary line between the State of New York and the State of Connecticut; also upon and along a branch route commencing at a point in the afore-mentioned main route at or near the southeast corner of Bronx Park, in the Borough of The Bronx, and running thence in a southeasterly direction to Clason's Point on the East river.

Fourth—The route of said railroad crosses and intersects the streets and avenues in The City of New York mentioned in the annexed ordinance.

Annexed hereto and forming a part of this petition is a blue print diagram or map upon which the main route and branch, and the points of intersection with the streets crossed are approximately indicated by the red line.

Fifth—The Board of Railroad Commissioners of the State of New York has duly granted your petitioner a certificate that public convenience and necessity require the construction of said railroad, which grant has been duly affirmed by the Appellate Division of the Supreme Court in the Third Judicial Department, and said decision of the Appellate Division has been duly affirmed by the Court of Appeals.

Sixth—The corporation of the City of Mount Vernon and the corporation of the City of New Rochelle have duly granted their assent to the construction of said railroad across the streets and avenues in said cities intersected by the proposed route.

Seventh—The Supreme Court of the Second District at a Special Term thereof has duly made an order upon due notice, authorizing the construction of said railroad across the streets, avenues and highways intersected by its proposed route in the Village of Port Chester, Town of Rye, Village of Mamaroneck, Town of Mamaroneck, Village of Larchmont and Village of Pelham, in the County of Westchester.

Eighth—Your petitioner further shows that it is ready and willing to accept the assent hereby applied for, and to observe and perform the conditions set forth in the annexed ordinance, and also such other and further reasonable regulations and conditions as may be imposed by the ordinance granting said assent.

Wherefore, your petitioner prays that the assent of the corporation of The City of New York be granted to it to construct, maintain and operate its railroad across said streets, avenues and highways, either above or below the grade thereof, in manner and form as may be determined by the Board of Railroad Commissioners of the State of New York, or other lawful authority, and that an ordinance to that effect be adopted by your Honorable Body.

NEW YORK AND PORT CHESTER RAILROAD COMPANY,

By W. C. Gotshall, President.

City and County of New York, ss.:

W. C. Gotshall, being duly sworn, says that he is the President of the New York and Port Chester Railroad Company, the petitioner herein; that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge.

Deponent further says that the reason why this verification is made by him is that said petitioner is a corporation of which he is an officer.

W. C. GOTSHALL.

Sworn to before me this 29th day of February, 1904.

In connection therewith, Alderman Stumpf offered the following:

AN ORDINANCE granting the assent of The City of New York to the New York and Port Chester Railroad Company to construct its road across certain streets.

Be it Ordained by the Board of Aldermen of The City of New York as follows: That the assent of The City of New York be and the same hereby is granted and given to the New York and Port Chester Railroad Company, a domestic corporation created under the Laws of the State of New York, its successors and assigns, to construct, maintain and operate its railroad across the following-named streets, avenues and highways, in the Borough of The Bronx, in The City of New York, either above or below the grade thereof, as may be determined by the Board of Railroad Commissioners or other lawful authority, namely:

This assent is given upon and subject to the following terms and conditions to be kept, observed and performed by said railroad company:

First—The said railroad company shall pay to The City of New York such compensation for the assent hereby granted as shall be fixed and determined by the Board of Estimate and Apportionment.

Second—The entire expense of erection and maintenance of the structures necessary for the construction and maintenance of the railroad of said company under and over the grade of the streets to be crossed shall be borne and paid by the said railroad company. And the said railroad company shall also pay the entire cost of removing, altering or restoring any water or sewer pipes which may be encountered in the construction of its railroad.

Third—If a new street shall hereafter be constructed by The City of New York, crossing the railroad of said company or if a change shall be made in any existing crossing, the said company shall bear and pay the proportion of the expense of making such crossing or change of crossing specified in and fixed by section 65 of the Railroad Law, for crossings of steam railroads.

Fourth—The said railroad shall not be operated by locomotive steam power.

Fifth—The form, design and style of all structures erected by said company over or under the streets to be crossed shall be approved by the Mayor of The City of New York and the President of the Borough of The Bronx.

Sixth—The said company shall restore all streets crossed by its railroad and all subsurface structures at such crossings to their former state or to such state as not to unnecessarily impair their usefulness.

Which were severally referred to the Committee on Railroads.

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Fire Commissioner:

No. 250.

Headquarters Fire Department, City of New York,

Nos. 157 and 159 East Sixty-seventh Street,

Borough of Manhattan, February 19, 1904.

Hon. CHARLES V. FARNES, President, Board of Aldermen, City Hall, Borough of Manhattan:

Sir—In order to procure coal for the fireboat located at pier foot of Ninety-ninth street, East river, it is necessary, under the terms of the present fireboat coal contract, that this boat proceed from its berth at the place mentioned to Guttenberg, N. J., each round trip, for which purpose requires four hours, besides entailing a consumption of four tons of coal in going and coming. The capacity of the boat is but sixteen tons, and this method of obtaining coal for its use is therefore not only expensive, but results as well in leaving the water front along the upper portion of the east side of the Borough of Manhattan and along the Harlem river without fireboat protection during the necessarily frequent absences of the boat for coaling purposes.

To obviate this condition of affairs I have concluded that it would be to the public interest to request your Honorable Board, pursuant to the authority of section 419 of the Charter, to authorize the purchase of five hundred tons of coal, for the use of this boat, in the open market instead of by contract at public letting, which would permit of the coaling of the boat at a point or points convenient to its present station—a course which would not only be in the interest of economy, but do away as well with the necessity of leaving an important section of the City unprotected with fireboat protection for hours at a time, as is at present the case.

I inclose herewith draft of resolution designed to accomplish the object in view, the prompt adoption of which by your Honorable Board, in view of the urgency of the case, will be greatly appreciated.

Respectfully,

NICHOLAS J. HAYES, Commissioner.

Resolved, That the Board of Aldermen, in pursuance of the authority conferred upon it by the provisions of section 419 of the Greater New York Charter, deeming such course to be for the best interests of the City, hereby authorizes and empowers the Fire Commissioner to purchase in the open market, instead of by contract at public letting, coal for the use of the fireboat berthed at Pier foot of Ninety-ninth street, East River, to the amount of three thousand dollars (\$3,000).

Alderman McCall moved the adoption of the resolution.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Brenner, Bridges, Callahan, Chambers, Coggey, Collins, Davies, Diemer, Dietz, Donohue, Doull, Downing, Doyle, Gaffney, Gass, Gillies, Grimm, Gunther, Haelein, Harburger, Harnischfeger, Higgins, James, Jones, Kenney, Koch, Lochner, Lundy, McCall, McCarthy, Malone, Morris, Arthur H. Murphy, Odell, Owens, Poole, Redmond, Richter, Robinson, Schappert, Schloss, Shea, Sheil, Stapleton, Stumpf, Sturges, Tolk, Twomey, Ware, Wafer, Wentz, Wirth; Presidents Cassidy, Haffen, Littleton; the Vice-Chairman—61.

The Vice-Chairman laid before the Board the following communication from the Police Department:

No. 251.

Police Department of The City of New York,

No. 300 Mulberry Street,

New York, February 24, 1904.

To the Honorable the Board of Aldermen:

Sirs—The following proceedings were this day directed by Police Commissioner McAdoo:

Whereas, By resolution adopted by the Board of Aldermen December 8, 1903, and approved by the Mayor December 18, 1903, as follows:

"That permission be and is hereby given to the Police Commissioner to accept the estimate of Thomas G. Carlin for extra work required in the construction of a station house for the Seventy-fifth Precinct in a sum not to exceed \$3,700, and to award contract for same without advertising for competing bids"; and

Whereas, It appears from the statement of Thomas G. Carlin dated February 10, 1904, that the cost of such extra work is \$5,265.15.

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the Police Commissioner to pay to Thomas G. Carlin the difference between the amount authorized for such work, \$3,700, and the actual cost of the same, \$5,265.15, viz., \$1,565.15, and to award the contract for same without advertising for competing bids.

Ordered, That a copy of the proceedings of February 6, 1904, in this matter, together with a copy of statements of Thomas G. Carlin, dated February 10, 1904, and copy of report thereon of R. Thomas Short, architect, dated February 18, 1904, be respectfully referred to the Board of Aldermen.

Very respectfully,

WM. H. KIPP, Chief Clerk.

Extract From Proceedings of February 6, 1904.

Whereas, Contract was entered into with Thomas G. Carlin by the Police Commissioner, for the Police Department of The City of New York, dated May 28, 1903, for the construction of a station house for the Seventy-fifth Precinct for the sum and price of \$88,800, and it appearing from reports of the architect (R. Thomas Short) that it is necessary to perform additional work on account of the character of the ground where the foundations of said building are to be dug and built, and that four estimates for said work have been received by the Police Commissioner, the lowest being that of said contractor, Thomas G. Carlin; and

Whereas, By resolution adopted December 8, 1903, approved by the Mayor December 18, 1903, the Board of Aldermen adopted the following:

"That permission be and is hereby given to the Police Commissioner to accept the estimate of Thomas G. Carlin for extra work required in the construction of a station house for the Seventy-fifth Precinct in a sum not to exceed \$3,700, and to award contract for the same without advertising for competing bids."

Ordered, That the Board of Estimate and Apportionment be and are hereby respectfully requested to authorize the issue of Corporate Stock in the sum of \$3,700 to pay the expense for extra work required in the construction of a station house for the Seventy-fifth Precinct.

Ordered, That copy of resolution of the Board of Aldermen hereinabove referred to be respectfully referred to the Board of Estimate and Apportionment with these proceedings.

Hon. WILLIAM McADOO, Commissioner, No. 300 Mulberry street, Manhattan, N. Y.:

Dear Sir—Inclosed please find bill for extra foundations at Seventy-fifth Precinct Station House, etc., at Fourth street, Long Island City.

In relation to same, I respectfully call to your attention the facts as follows: The prices for various items were agreed on by Commissioner Greene and myself, but the quantities at the time of starting this work could not be estimated. Commissioner Greene estimated the total cost to be \$3,700, and through the Board of Aldermen had a resolution passed authorizing a contract to that amount. Actual measurement by Architect Short is the basis of inclosed bill, and, as the work was completed in October last, I respectfully ask your prompt attention to same.

Yours very truly,  
(Signed) THOS. G. CARLIN.

(Copy.)

Herbert S. Harde and R. Thomas Short, Architects,  
Nos. 3-5 West Twenty-ninth Street,  
New York, February 18, 1904.

Dear Sir—The enclosed bill from Thomas G. Carlin for extra foundation and water-proofing work at Seventy-fifth Precinct Police Station House, Long Island City, New York, submitted by your Department to me for report on same is herewith returned.

This bill is correct, except that the dampproofing, as per specifications, is not entirely completed. The amount of work executed is correct. The amounts per foot, yard, etc., were agreed upon by Commissioner Greene sometime ago, after obtaining competitive estimates from five contractors. The statements contained in Mr. Carlin's letter attached to this bill are correct.

The Board of Aldermen adopted a resolution on December 8, 1903, which resolution was approved by the Mayor December 18, 1903, granting permission to the Police Commissioner to accept the estimate of Thomas G. Carlin for extra work at the prices charged for in Mr. Carlin's bill, but stating that the total amount was not to exceed three thousand seven hundred dollars (\$3,700). This amount, I had stated to Commissioner Greene, would be an approximate estimate of the cost of the extra work, but upon excavating, we found the nature of the ground was worse than we had anticipated, and consequently extra footings had to be built and more sheath piling was required, etc., bringing the cost up to the amount of bill as rendered.

Mr. Carlin, with the approval of myself and also with the approval of Commissioner Greene, went ahead with this work so as not to delay the erection of the building, and said work was executed before the resolution was passed and approved. I did not know, neither did Mr. Carlin, that the resolution would limit the expenditure to \$3,700, as Mr. Carlin had given no lump figure except for the damp-proofing. Most of the work, i. e., the excavating, concrete bases, sheath piling and brick being agreed upon at so much per foot, yard, etc.

Should you desire any further information in regard to this I would be pleased to call and consult with you personally.

Very truly yours,  
(Signed) R. THOMAS SHORT.

Hon. WILLIAM McADOO, Police Commissioner,  
300 Mulberry street, New York City.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment transmitting ordinance:

No. 252.

Department of Finance—City of New York,  
February 26, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment, February 26, 1904, approving of the issue of \$50,000 Corporate Stock, to provide additional means for the completion of Gouverneur Hospital, Borough of Manhattan.

I also enclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,  
J. W. STEVENSON, Deputy Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty thousand dollars (\$50,000), in addition to the sum of three hundred thousand dollars (\$300,000), heretofore authorized, to provide additional means for the completion of Gouverneur Hospital, in the Borough of Manhattan.

Be it ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 26, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding fifty thousand dollars (\$50,000), in addition to the sum of three hundred thousand dollars (\$300,000), heretofore authorized, to provide additional means for the completion of Gouverneur Hospital, in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner

provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid."

Alderman McCall moved the adoption.

The Vice-Chairman put the question whether the Board would agree with said ordinance.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Brenner, Callahan, Chambers, Collins, Davies, Dietz, Donohue, Dougherty, Doull, Downing, Doyle, Gaffney, Gass, Gillies, Goodman, Griffenhagen, Grimm, Gunther, Haenlein, Harburger, Harnischfeger, Higgins, James, Jones, Kenney, Kevin, Koch, Lochner, Lundy, McCall, McCarthy, Malone, Marks, Meyers, Morris, Arthur H. The Vice-Chairman laid before the Board the following communications from the President of the Borough of The Bronx transmitting resolutions:

No. 253.

The City of New York—Office of the President of the Borough of The Bronx,  
Municipal Building, Crotona Park,  
New York, February 27, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I would respectfully request that the Board of Aldermen provide for the issuance of Special Revenue Bonds to the amount of \$15,000 for the purpose of rebuilding and improving the Downing Brook drains, Neill estate, District of Chester, for a distance of about 3,200 feet.

On investigation it is found by the Engineers that this work will cost about \$15,000, and as it is my intention to provide for this work by contract, I would especially request that immediate action be taken on the accompanying resolution.

Yours truly,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of sub-division 3 of section 188 of the Amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of fifteen thousand (\$15,000) dollars, the proceeds thereof to be applied to the cost and expense of rebuilding and improving the Downing Brook drains, Neill Estate, District of Chester, for a distance of about 3,200 feet, in the Borough of The Bronx, City of New York.

Alderman McCall moved the adoption of the resolution.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Davies Diemer, Dietz, Donohue, Dougherty, Doull, Downing, Gaffney, Gass, Gillies, Gillen, Goodman, Griffenhagen, Grimm, Gunther, Haenlein, Haggerty, Harburger, Harnischfeger, Higgins, Keely, Kenney, Kevin, Koch, Lochner, Lundy, McCall, McCarthy, Meyers, Morris, Arthur H. No. 254.

The City of New York—Office of the President of the Borough of The Bronx,  
Municipal Building, Crotona Park,  
New York, February 27, 1904.

Hon. CHARLES V. FORNES, President of the Board of Aldermen:

My Dear Sir—I respectfully ask that the Board of Aldermen authorize an additional issue of Special Revenue Bonds to the amount of \$10,000 for the purpose of defraying the cost of repairs to the surface drains in Van Nest, Borough of The Bronx, City of New York.

An ordinance was adopted in August, 1903, which provided a Special Revenue Bond issue of \$10,000 for this purpose. On further investigation it is found that this sum will be insufficient to complete the necessary repairs, and application is therefore made for the additional amount. It is my intention to have this work done by contract.

The necessary resolution accompanies this letter.

Yours truly,

LOUIS F. HAFFEN, President of the Borough of The Bronx.

Resolved, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of ten thousand dollars (\$10,000) in addition to the amount heretofore authorized, the proceeds thereof to be applied to the cost and expense of making necessary repairs to the surface drains existing in that portion of the Borough of The Bronx, viz., Van Nest.

Alderman McCall moved the adoption of the resolution.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Bridges, Callahan, Chambers, Coggey, Collins, Culkin, Davies, Diemer, Dietz, Donohue, Dougherty, Doull, Downing, Doyle, Gaffney, Gass, Gillies, Gillen, Goodman, Griffenhagen, Grimm, Gunther, Haenlein, Haggerty, Harburger, Harnischfeger, Higgins, James, Keely, Kenney, Kevin, Koch, Lochner, Lundy, McCall, McCarthy, Meyers, Morris, Arthur H. (No. 255.)

New York Board of Trade and Transportation,  
No. 203 Broadway,  
New York, February 24, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen, City of New York,  
New York:

Dear Sir—I have the honor to hand you herewith resolution unanimously adopted by this Board on the 24th inst., favoring the use of salt water for extinguishing fires, and remain,

Yours truly,

FRANK S. GARDNER, Secretary.

Rooms of the New York Board of Trade and Transportation,  
No. 203 Broadway,  
New York, February 27, 1904.

At the monthly meeting of the New York Board of Trade and Transportation held this day, the Committee on City Affairs reported the following resolution. On motion the report was received and the resolution adopted:

Resolved, That having in mind the recent disastrous fire in Baltimore, Md., resulting in enormous destruction of property, loss of trade and contraction of insurance capital, and the possibility of such an occurrence in this City, and believing that every reasonable precaution should be taken to prevent such a catastrophe, the New York Board of Trade and Transportation is in favor of the proposal of the Mayor to again consider making use of the salt water that surrounds the most important part of this City to increase the facilities of the Fire Department for extinguishing fire; that it heartily supports the Mayor in the steps he has already taken and on the line he has suggested, and trusts that some economical and practical plan will without delay be determined upon and carried into effect.

Subject: Annual report of examination of Comptroller's and Chamberlain's accounts for the year 1903.

Hon. GEORGE B. McCLELLAN, Mayor, and the Honorable Board of Aldermen of The City of New York:

Sirs—Section 195 of the Charter reads in part as follows:

"\* \* \* The accounts of the Chamberlain shall be annually closed on the last day of December, and shall be examined in the month of January in each year by the Commissioners of Accounts. Such Commissioners shall examine the accounts and vouchers of all moneys received into and paid out of the City Treasury during the year ending on the last day of December next preceding such examination, and shall certify and report to the Mayor and Board of Aldermen in the following month of February the amount of moneys received into the Treasury during such year, the amount of moneys paid out during the same period by virtue of warrants drawn on the Treasury by the Comptroller, the amount of moneys received by the Chamberlain who shall be in office at the time of such examination, if he entered upon the execution of his duties since the last preceding report, the balance in the Treasury on the last day of December preceding such examination, the amount of moneys borrowed for or on the credit of the City during such year, and the amount of the bonds of the City issued during such year, with the purposes for which and the authority under which such bonds were issued. Such Commissioners shall also compare the warrants drawn by the Comptroller on the Treasury during the year ending on the last day of December preceding such examination, with the several laws and ordinances under which the same shall purport to have been drawn, and shall in like manner certify and report whether the Comptroller had power to draw such warrants; and if any shall be found which, in their opinion, he had no power to draw they shall specify the same in their report, with their reasons for such opinion."

The magnitude of the work involved in this mandatory provision of the Charter is much greater than was appreciated by the framers thereof, and it has not been found feasible to await the end of the year before making the examination and comparison of vouchers and warrants demanded. As a matter of practice and to fully comply with the requirements of the law, the Commissioners of Accounts employ six accountants on their staff to perform this duty and their work is continuous from the beginning to the end of the year.

#### Certification.

The Commissioners of Accounts do hereby certify that they have complied with the law as quoted above, and that for the year 1903 they have examined 117,251 vouchers paid by the Comptroller, and have examined and compared 117,251 warrants drawn by the Comptroller on the Treasury in payment thereof, making a total of 234,502 papers examined; they do further certify and report that, in their opinion, the Comptroller was duly authorized by the several laws and ordinances to draw the warrants examined and that none were found which were improperly drawn; and finally, they do certify and report that they have made from the books of account of the City Chamberlain a compilation of the moneys received into and paid out of the City Treasury, from which the following condensed statement is prepared:

## MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman McCall asked and obtained unanimous consent to introduce the following:

## No. 257—(S. O. No. 6).

AN ORDINANCE making an appropriation to defray the expenses of a City Commission for preparing a comprehensive plan for the beautifying and development of The City of New York.

Whereas, his Honor the Mayor was, by an ordinance passed by the Board of Aldermen on the 1st day of December, 1903, and approved by the Mayor on the 9th day of December, 1903, authorized and empowered to appoint a Commission consisting of such persons as he should determine, to prepare a comprehensive plan for the beautifying and development of this municipality; and

Whereas, In and by said ordinance it was also provided as follows: "That for carrying out the work of said Commission, the Board of Estimate and Apportionment is hereby requested, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds to an amount not exceeding fifteen thousand dollars, the proceeds of which are to be applied to the defraying of the expenses of said Commission;" and

Whereas, Said ordinance was never submitted to or approved by the Board of Estimate and Apportionment prior to the expiration of the year 1903, or at any time; and

Whereas, It appears to the satisfaction of this Board that said funds are necessary to enable said Commission properly to perform the work imposed upon it, now therefore be it

Resolved and Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. That for carrying out the work of said Commission, the Board of Estimate and Apportionment is hereby requested in pursuance of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds to an amount not exceeding fifteen thousand dollars, the proceeds of which are to be applied to the defraying of the expenses of said Commission.

Sec. 2. This ordinance shall take effect immediately.

Which was made a Special Order for the next meeting, at 2 o'clock p. m.

## REPORTS OF STANDING COMMITTEES, RESUMED.

Report of Committee on Railroads—

## Nos. 114, 115—(G. O. No. 16).

The Committee on Railroads, to whom was referred on January 26, 1904 (Minutes, page 372), the annexed petition of and resolution in favor of permitting the Harlem Transfer Company to maintain tracks on Railroad avenue, Borough of The Bronx, respectfully

## REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the consent of the Corporation of The City of New York be and the same hereby is given to the Harlem Transfer Company, a domestic corporation duly incorporated under the Laws of the State of New York, to lay, maintain, use and operate two (2) spur railroad tracks along Railroad avenue, sometimes known as Park avenue, Borough of The Bronx, between the following points: Beginning at a point at the foot of Railroad avenue at the Harlem river and running northerly along said Railroad or Park avenue to a point about thirty (30) feet south of One Hundred and Thirty-fifth (135th) street, with turnouts, switches and connections as shown by red shading upon the annexed map and which is made a part hereof, and such other turnouts, switches and connections as may be necessary, and for which authority may be obtained from time to time from the President of the Borough of The Bronx; the rails used in laying said railroad tracks to be of a pattern approved by the President of the Borough of The Bronx and to be laid and maintained flush with the surface of the street, so as not to interfere with the proper use thereof, all the work of laying the said tracks, paving between the tracks and two (2) feet outside of the rails of the same, and maintaining the rails, tracks and pavement in good order and to the satisfaction of the President of the Borough of The Bronx, to be done at the expense of the said Harlem Transfer Company, under the direction of the President of the Borough of The Bronx. All snow and ice shall be promptly removed from said tracks by said company. This consent and the permission granted by this ordinance shall continue only during the pleasure of the Board of Aldermen of The City of New York, and the said Harlem Transfer Company shall pay to The City of New York such compensation therefor as shall be ascertained, fixed and determined by the Board of Estimate and Apportionment. And the Board of Aldermen of The City of New York may from time to time make such further reasonable rules and regulations in regard to the exercise of the above-mentioned privilege as it may be advised.

JOHN J. HAGGERTY, JAMES E. GAFFNEY, FRANK N. GASS, ROBERT F. DOWNING, T. P. SULLIVAN, Committee on Railroads.

Which was laid over.

## SPECIAL ORDERS, RESUMED.

Alderman McCall called up Special Order No. 3, being a report, ordinance and substitute ordinance as follows:

## No. 94.

The Committee on Laws and Legislation, to whom was referred on January 19, 1904 (Minutes, page 286), the annexed ordinance in relation to the removal of snow and ice, respectfully

## REPORT:

That, having examined the subject, they believe the proposed ordinance to be necessary. They therefore recommend that the said ordinance be adopted.

## Original Ordinance.

AN ORDINANCE in relation to the removal of snow and ice from the sidewalks in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

First—Every owner, lessee, tenant, occupant, or person having charge of any building or lot (a lot meaning 25 front feet or fraction thereof) of ground in The City of New York, shall within four hours after the fall of any snow, and within four hours after the forming of any ice on the sidewalk or in the gutter in the front of any such building or lot, remove or cause the same to be removed from such sidewalk or gutter under the penalty of three dollars for every such neglect, to be paid by the said owner, lessee, tenant, occupant or person having charge severally and respectively; but where said snow falls or ice forms between the hours of 8 o'clock in the evening and 5 o'clock in the morning, this ordinance will be complied with by removing or causing the same to be removed before 9 o'clock in the morning.

Second—In case the ice or snow on the sidewalk shall be so congealed that it cannot be removed without injury to the pavement, the owner, lessee, tenant, occupant, or person having charge of any building or lot of ground as aforesaid, shall, within the time specified in the last preceding section, cause the sidewalk opposite his, her or their premises to be strewn with ashes or sand under the penalty of

one dollar to be paid by the owner, lessee, tenant, occupant, or person having charge thereof, severally and respectively.

Third—All ordinances of The City of New York and of the former municipal and public corporations consolidated into The City of New York, inconsistent or conflicting herewith in penalty or otherwise, are hereby repealed.

Fourth—This ordinance shall take effect immediately.

#### Substitute Ordinance.

AN ORDINANCE to amend an ordinance entitled "An Ordinance regulating the cleaning of streets and sidewalks and keeping them clean and removing snow and ice, dirt and other materials therefrom in The City of New York."

Be it Ordained by the Board of Aldermen as follows:

Section 8 of an ordinance entitled "An Ordinance regulating the cleaning of streets and sidewalks and keeping them clean and removing snow and ice, dirt and other materials therefrom in The City of New York," adopted the 31st day of July, 1902, and approved by the Mayor the 6th day of August, 1902, as amended by an ordinance adopted the 10th day of March, 1903, approved by the Mayor the 23d day of March, 1903, is hereby amended to read as follows:

Sec. 8. Every owner or lessee of any building or lot of ground abutting on any street or public place or any agent having charge thereof who shall fail to remove the snow and ice, dirt and other materials from the paved sidewalk in front thereof as required by section 6 of this ordinance shall be deemed guilty of a misdemeanor either upon confession of the defendant or upon competent testimony shall be punished by a fine of not less than one dollar (\$1) nor more than three dollars (\$3) for each such offense or by imprisonment for not less than one (1) nor more than five (5) days.

ISAAC MARKS, JAMES COWDEN MEYERS, JAMES W. REDMOND, WILLIAM J. BOYHAN, DANIEL E. SICKLES, Committee on Laws and Legislation.

In connection herewith Alderman Goodman offered the following resolution:

#### No. 258.

Resolved, That Special Order No. 3, known as the "Snow and Ice" ordinance, be and it is hereby taken from the list of Special Orders and is recommitted to the Committee on Laws and Legislation.

Resolved, That the Committee on Laws and Legislation be and it hereby is instructed to formulate a revised ordinance, containing the salient points of the said "Snow and Ice" ordinance; and also to embody therein the following distinctive features, to wit:

That the owner or person in charge of any building in the City shall be required to remove all snow and ice in front of said building, and from the gutter also, within a specified time limit.

That if said snow and ice is not so removed, nor thoroughly done, the Department of Street Cleaning shall—also within a specified limit of time—cause the same to be removed by its regularly appointed force or by men specially employed for such purpose.

That whenever the Department of Street Cleaning is called upon to so remove the snow and ice from the front of any building, report thereof shall forthwith be made to the proper Department for the collection of an adequate penalty, at least sufficient to pay for whatever expense the City has been involved in in the matter.

That in fixing the amount of penalty—whether on the basis of a linear foot or a square foot—whatever the aggregate sum shall be is to become a lien on the property until paid.

That all amounts so collected shall revert to the Department of Street Cleaning, and be set aside for a special fund to be used exclusively for the purposes set forth in this proposed ordinance.

That provision be made to distinguish between unimproved property within the populated part of the City and like property located where there is little if any traffic.

Resolved, That the said Committee on Laws and Legislation shall confer with the head of the Bureau for the Collection of Penalties, with the Commissioner of Street Cleaning, the Corporation Counsel, and others directly interested or affected by the proposed legislation, with a view of formulating a measure that will be absolutely practicable in all its features and possible of proper enforcement.

Resolved, That if State legislation be necessary to make the proposed ordinance effective and operative in all respects, said Committee on Laws and Legislation shall prepare the necessary act or acts for early presentation to the Legislature.

Alderman Marks moved that the whole matter be referred to the Committee on Laws and Legislation.

Which motion was adopted.

#### MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

#### No. 259.

By Aldermen Davies—

AN ORDINANCE to amend an ordinance entitled "An Ordinance regulating the cleaning of streets and sidewalks and keeping them clean, and removing snow and ice, dirt and other materials therefrom in The City of New York."

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 8 of an ordinance entitled "An Ordinance regulating the cleaning of streets and sidewalks and keeping them clean, and removing snow and ice, dirt and other material therefrom in The City of New York," adopted the 31st day of July, 1902, and approved by the Mayor the 6th day of August, 1902, as amended by an ordinance adopted the 10th day of March, 1903, approved by the Mayor the 23d day of March, 1903, is hereby amended to read as follows:

Section 8. If the owner or lessee of any building or lot of ground abutting on any street or public place, or any agent having entire and general charge thereof, shall fail to remove the snow and ice, dirt and other materials from the paved sidewalk in front thereof, as required by section 6 of this ordinance, and such matter still remain thereon, it shall be the duty of the Street Cleaning Commissioner to have the same removed forthwith and to keep an account of the cost of the same, and the lot or lots abutting the place so cleaned, and report the same to the Corporation Counsel within thirty days thereof, who shall thereupon proceed to recover the amount so spent and the cost of the proceedings from the owner or lessee of said lot.

Where the owner or lessee cannot be found the proceedings shall be commenced by a notice of pendency of action to be filed against the said lot.

Which was referred to the Committee on Laws and Legislation.

#### No. 262.

By President Littleton—

Whereas, Because of the small force employed to clean them, the efficiency of many of the large sewers in the Borough of Brooklyn has been greatly diminished and that of all of them to some extent diminished by the accumulation of silt; and

Whereas, This condition of the sewers menaces the health of the residents of the Borough of Brooklyn and causes floods in certain districts of large area throughout the borough, making the City liable to the extent of many hundreds of thousands of dollars to property owners whose property has suffered material damage through the aforesaid floods; and

Whereas, Because of these conditions it is not only desirable but necessary that the entire sewer system of the Borough of Brooklyn should be cleaned and maintained in good condition to properly serve the purpose for which it was built, and this cannot be done with the small amount of money appropriated for the purpose of cleaning sewers in the annual Budget for 1904; be it

Resolved, That the Board of Estimate and Apportionment be and hereby is requested to authorize the issue of Special Revenue Bonds to an amount of one hundred thousand dollars (\$100,000), to be used by the President of the Borough of Brooklyn for the cleaning and maintenance of the sewers of the Borough of Brooklyn in a proper condition.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Bridges, Callahan, Chambers, Coggey, Collins, Davies, Diemer, Dietz, Donohue, Doull, Downing, Doyle, Gaffney, Gass, Gillies, Gillen, Goodman, Grifenhagen, Grimm, Gunther, Haenlein, Haggerty, Harburger, Harnischfeger, Higgins, Keely, Kenney, Kevin, Koch, Lochner, Lundy, McCall, McCarthy, Malone, Meyers, Morris, Arthur H. Murphy, Owen J. No. 264.

By Aldermen Wentz (by request)—

Whereas, The Board of Aldermen of The City of New York is empowered to grant permits for the erection of booths and stands in or on the space immediately underneath the steps or stairs leading to and from the elevated railroad stations, for the sale of newspapers and periodicals, under and pursuant to the Laws of 1882, chapter 410, as amended by the Laws of 1896, chapter 718, therefore be it

Resolved, That a permit be issued to Charles B. Dana to erect and maintain, in accordance with said act, a booth or stand under each stairway leading to or from every elevated railroad station in The City of New York, for the sale of newspapers and periodicals and other purposes, said privilege to be enjoyed by said Charles B. Dana for a period of twenty-five years from the issuance of this permit upon the following terms and conditions:

1. That such stands or booths shall be erected and maintained in a uniform and substantial manner and be confined to the space prescribed by the said act.
2. The said Charles B. Dana shall furnish and maintain at each booth or stand a City Directory for the use of the public without charge.
3. The City shall be permitted, without charge therefor, to have one police call, one fire call and one ambulance call at each elevated railroad station within the booth or stand maintained by said Charles B. Dana.
4. Said stands or booths shall become the property of The City of New York at the expiration of this term.
5. That the grantees shall annually pay to the City as compensation for the rights hereby granted the sum of \$5,000.

No. 267.

By Alderman Owens—

Whereas, The survivors of the Civil War, banded together in the Grand Army of the Republic, will hold their annual encampment in the City of Boston, Massachusetts, during the week beginning August 15, 1904; and

Whereas, These aged heroes are fast marching towards the grave and it will be but a little while until all have joined the great left flank on the other side of the river of life; and

Whereas, Many of the men who enlisted and fought for the honor of the flag we are so proud of are employed in the various departments of The City of New York; and

Whereas, Under the several administrations of the City preceding the present one, all honor was paid to these worthy veterans and time was allowed them to attend the encampments in the cities of Buffalo and Washington; and

Whereas, We find that it is but doing justice to the men who in their youth risked their lives that the Union might live, and the stars of Old Glory remain undivided; therefore be it

Resolved, That all employees of The City of New York who are veterans of the Civil War be allowed four days' time with pay, from August 15 to August 18, 1904, inclusive, in order that they may attend the annual encampment of the Grand Army of the Republic, which is to be held in the City of Boston, Massachusetts, during the week beginning August 15, 1904; and be it further

Resolved, That his Honor, George B. McClellan, Mayor of The City of New York, be and he is hereby respectfully requested to attach his signature of approval to the resolution of the Board of Aldermen of The City of New York.

Petition.

To The Honorable Board of Aldermen, City of New York, N. Y.:

Honored Sirs—We, the undersigned, petition your Honorable Body to grant us the Stokers on the fireboats of the Fire Department of The City of New York, N. Y., an increase of wages from nine hundred and twelve dollars and fifty cents (\$912.50), which we now receive, to one thousand and ninety-five dollars (\$1,095).

It is an acknowledged fact and can be easily verified, that our duties are of the most exacting and perilous nature. That they are performed well and to the utmost satisfaction is a matter of record.

The present wages received, nine hundred and twelve dollars and fifty cents (\$912.50), is certainly inadequate for the services rendered. Therefore, we petition your Honorable Body to grant our request for the above increase, deeming it a matter of right and justice.

Yours respectfully,

Peter Grant, fireboat "New Yorker."  
William Monahan, fireboat "New Yorker."  
Peter Greeley, fireboat "New Yorker."  
Michael Green, fireboat "New Yorker."  
John McKeon, fireboat "Abram S. Hewitt."  
Patrick Kane, fireboat "Abram S. Hewitt."  
John J. Hannan, fireboat "Abram S. Hewitt."  
Joseph Kelly, fireboat "Abram S. Hewitt."  
Frank Clark, fireboat "Wm. Strong."  
Jos. Camanio, fireboat "Wm. Strong."  
Daniel Gill, fireboat "Wm. Strong."  
Harry Lynch, fireboat "Wm. Strong."  
Joseph McAvoy, fireboat "Zophar Mills."  
Wm. Coppers, fireboat "Zophar Mills."  
Jas. Halvey, fireboat "Zophar Mills."  
Wm. Nixon, fireboat "Zophar Mills."  
Thos. Radigan, fireboat "Seth Low."  
John Coyle, fireboat "Seth Low."  
Richard Eickerman, fireboat "Seth Low."  
Daniel Dougherty, fireboat "David A. Boody."  
Joseph Golden, fireboat "David A. Boody."  
James Starkey, fireboat "David A. Boody."

Resolved, That a copy of the foregoing petition be transmitted to the Board of Estimate and Apportionment with the recommendation that the subject matter thereof be given favorable consideration.

Which was adopted.

No. 279.

By Alderman Bridges—

A GENERAL ORDINANCE revising the ordinances relating to the sealing and inspection of weights and measures in The City of New York, constituting Title 8 of the Code of Ordinances.

Title VIII.—Weights and Measures.

Section 1. There shall be a Bureau of Weights and Measures in The City of New York.

Sec. 2. The Bureau of Weights and Measures shall be composed of a Superintendent and twenty subordinates who shall each be known and designated as an Inspector and Sealer of Weights and Measures.

Sec. 3. The Superintendent of the Bureau of Weights and Measures shall be paid a salary of twenty-five hundred dollars (\$2,500) per annum and shall be appointed by the Mayor according to section 15 of chapter 370, Laws of 1899, by the promotion of one from among the present Sealers of Weights and Measures or the present Inspectors of Weights and Measures.

Sec. 4. The persons holding the positions of Sealers of Weights and Measures and of Inspectors of Weights and Measures at the time of the adoption of this chapter shall be and they hereby are transferred to the Bureau of Weights and Measures as hereby established, and they shall each be known and designated as an Inspector and Sealer of Weights and Measures, and they shall each be paid a salary of fifteen hundred dollars (\$1,500) per annum.

Sec. 5. The Superintendent of Weights and Measures is authorized and required to establish twenty (20) districts in The City of New York to be known as Inspection and Sealing Districts, and shall designate such districts by consecutive numbers from one to twenty (1 to 20) inclusive.

Sec. 6. Each Inspection and Sealing District shall consist of one Senatorial District as the Senatorial Districts are now apportioned except that for the purpose of making the districts more nearly uniform, the Superintendent may and he hereby is authorized to include in any Inspection and Sealing District two contiguous Senatorial Districts, or the portions thereof situate in The City of New York.

Sec. 7. The Superintendent is further authorized and required to assign to each of the respective Inspection and Sealing Districts, one Inspector and Sealer for the purpose of carrying out and enforcing the provisions of this chapter.

The Superintendent shall not, however, assign any Inspector and Sealer to any district outside the Borough in which he resides, except that in the event of vacancies he may require any person hereafter appointed to reside in the Borough in which the district he may be assigned to is located.

Sec. 8. The Superintendent of the Bureau of Weights and Measures shall before entering upon the performance of the duties of his employment execute to The City of New York a bond with one or more sufficient sureties to be approved by the Mayor, in the penal sum of two thousand dollars, conditioned for the faithful performance of the duties of his employment.

Sec. 9. No scale, weight, patent balance or steel-yards, measures or other instruments intended to be used in weighing or measuring articles for sale or purchase shall be used in The City of New York unless the same has been inspected, examined, tested and sealed by an Inspector and Sealer of Weights and Measures, under a penalty of ten dollars.

Sec. 10. All persons owning or using weights and measures, scale beams, patent balances, steel yards or any other instrument or device used or intended to be used in The City of New York in weighing or measuring articles for sale or purchase, shall, at the place where it is intended to be used and prior to such use, cause the same to be sealed and marked by an Inspector and Sealer of Weights and Measures, under a penalty of ten dollars.

Sec. 11. All scales, weights, measures, scale beams, steel yards, patent balances and other instruments or devices used for weighing or measuring, before being sealed by an Inspector and Sealer of Weights and Measures, must conform to the standard of the State, and shall be marked with official seal, designated by the Superintendent of the Bureau of Weights and Measures.

Upon the written request of any resident of The City of New York, the Superintendent of Weights and Measures shall cause to be tested, within a reasonable time after the receipt of such request, the weights, measures, scale beams, steel yards, patent balances or other instruments used within The City of New York in buying or selling by the person, firm or corporation designated in such request.

Sec. 12. If any person shall use in The City of New York, in weighing or measuring as aforesaid, any weight, measure, scale beam, patent balance, steel yard or other instrument or device which shall not conform to the standard, or shall use in

weighing or measuring as aforesaid any weight, measure, scale beam, patent balance, steel yard or other instrument or device which shall be out of order or incorrect, or which shall not balance, he, she or they shall forfeit and pay for every such offence the sum of twenty-five dollars.

The Superintendent shall keep a register of the name of each person, firm or corporation whose weights, measures, scale beams, patent balances, steel-yards or other instruments or devices have been inspected, together with the numbers and dimensions or size of same, and what of each was approved and what was condemned, with the date of inspection.

Sec. 13. No person shall sell or offer for sale in any market, store, stall or public street or other place in The City of New York, any fruits, vegetables or berries in crates, baskets or other measures, or any butter in prints, or any ice or coal or other fuel at or for a greater measure than the net weight or measure thereof or any coffee, sugar, spices or other groceries, including cereals, in packages, or crackers, biscuits or other flour products in packages, boxes or cartons unless such packages of coffee, sugar, groceries, crackers, biscuits, flour products, etc., shall be plainly marked on two sides thereof, with the net weight of the edible contents thereof; all ice, coke, coal, meats, poultry, provisions (excepting vegetables sold by the head, bunch or number) of every kind sold in The City of New York shall be weighed or measured in or by scales, measures or balances duly tested and sealed as aforesaid by an Inspector and Sealer of Weights and Measures, provided, however, that poultry may be offered for sale in other manner than by weight, but in all cases where the persons intending to purchase shall so request, poultry shall be weighed as herein provided.

Any person, firm or corporation violating any of the provisions of this section shall forfeit and pay the sum of fifty dollars.

Sec. 14. Any weight or measure found by an Inspector and Sealer in any market, store, stall, licensed van, stand or other place in The City of New York where articles are sold shall be deemed to be in use, and any such weight or measure upon the same being tested shall, when found incorrect and short in weight or measure to an extent of one-fourth of an ounce to a pound of the indicated weight or capacity thereof, shall be summarily confiscated by the Inspector and Sealer, and shall be delivered to the Superintendent, who shall cause the same to be mutilated, defaced and broken.

And any measure used or intended to be used for the measuring of liquids which shall be found as above to be short of its indicated capacity to the extent of one gill to each gallon shall likewise be confiscated and destroyed.

And any measure used or intended to be used for the measuring in other manner than by weighing dry groceries, beans, etc., which shall be found as above to be short of its indicated or claimed capacity to the extent of one quart to each bushel, shall likewise be confiscated and destroyed.

Sec. 15. Each and every person, firm or corporation selling, supplying or delivering coal, coke or other fuel in The City of New York shall deliver to the person or persons in charge of the wagon or conveyance used in such delivery a certificate duly signed by the person selling such fuel, giving the weight of the fuel proposed to be delivered, the weight of the wagon or conveyance used in such delivery, the total weight of the fuel and conveyance and the name and residence of the purchaser.

No person in charge of the wagon or conveyance used in delivering coal, coke or other fuel, to whom the certificate mentioned in the previous section has been given, shall neglect to supply such certificate to the Superintendent of Weights and Measures, an Inspector and Sealer, or to any person designated by them or either of them, or to the purchaser or intending purchaser of the fuel being delivered; and when the said Superintendent, Inspector and Sealer, or persons so designated, or the intending purchaser, shall demand that the weight shown by such certificate be verified, it shall be the duty of the person delivering such fuel to convey the same to some public scale in the Inspection and Sealing District and permit the verifying of the same in accordance with the provisions of chapter 174 of the Laws of 1897.

Any person violating the provisions of this section shall forfeit and pay the sum of fifty dollars.

Sec. 16. It shall be the duty of the Inspector and Sealer in each Inspection and Sealing District, and each of them is hereby authorized and when requested by a resident of his district is required to inspect, examine, test and seal, and at least once in each year, and as much oftener as he deems necessary, to inspect, examine and test the weights, measures, scales, scale beams, patent balances, steel-yards and other instruments shall, after adjustment, be sealed as if requested as aforesaid.

No second sealing of any of the above shall be required unless upon an examination or test the same be found out of order and requiring adjustment, when the same shall, after adjustment, be sealed as if requested as aforesaid.

Sec. 17. No person shall refuse to exhibit any weights, measures, scales, scale beams, patent balances, steel-yards or other instruments to any Inspector and Sealer for the purpose of the inspection hereinbefore provided for, under the penalty of twenty-five dollars for every such offense.

Sec. 18. No person shall in any way or manner obstruct, hinder or molest any Inspector and Sealer of Weights and Measures in the performance of his duties as hereby imposed upon him, under a penalty of twenty-five dollars for every such offense.

Sec. 19. All scales, scale beams, patent balances, steelyards and other instruments used for weighing or measuring shall be inspected at the stores and places where the same are used or intended to be used, but in case they or any of them shall be found not to conform to the standard of this State, the owner thereof shall within five days, at his expense, have the same altered or repaired as to conform it to the said standard, under the penalty of confiscation of said scale, scale beam, patent balance, steelyard or other instrument, as above described, and the forfeiture and payment of twenty-five dollars for each and every such scale, scale beam, patent balance and steelyard or other instrument.

And this penalty shall be in addition of any other provision of this chapter.

Sec. 20. It shall be the duty of each Inspector and Sealer to make a record and certificate, as hereinafter provided, of all the weights, measures, scales, scale beams, patent balances, steelyards and other instruments used for weighing and measuring inspected by him, in which he shall state the name of the owner of the same and whether they are conformable to the standard of the State, and he shall also specify in what year the same were last sealed.

Sec. 21. It shall be the duty of the Inspector and Sealer of Weights and Measures in each district to report promptly to the Superintendent of the Bureau of Weights and Measures the names of all persons whose weights, measures or other instruments used or intended to be used for weighing and measuring shall be found to be incorrect.

Sec. 22. It shall also be the duty of each Inspector and Sealer to file monthly reports of their work with the Superintendent of the Bureau in the form prescribed by said Superintendent.

Sec. 23. It shall be the duty of the Superintendent of Weights and Measures to prepare and cause to be prepared and furnished to the Bureau of Weights and Measures the necessary number of devices or seals for stamping or sealing the scales, etc., as above provided, and to each Inspector and Sealer of Weights and Measures printed forms and blanks for the various notices, reports, certificates, complaints, and such other matters or communications as these ordinances may make necessary or requisite, and to transmit to the Corporation Counsel the names and places of business of all persons reported by each Inspector and Sealer as violating any of the provisions of this chapter, together with the particulars of such violations, and of all persons making use of any fraudulent, light, small or unsealed weights and measures or scales or other instruments for weighing or measuring articles for sale or purchase in The City of New York.

Sec. 24. It shall not be lawful for the said Superintendent or for any Inspector and Sealer to vend any weights, measures, scale beams, patent balances, steelyards or other instruments to be used for weighing or measuring, or to offer or expose the same for sale in The City of New York, under the penalty of fifty dollars for every such offense.

Sec. 25. Each Inspector and Sealer shall give a certificate to the owner or person in charge of the weights or measures, scales, scale beams, patent balances, steelyards or other instrument by him inspected or sealed, which certificate shall be dated as of the date of the inspection and sealing and shall keep a record of such certificate given, upon a corresponding stub.

The certificates and corresponding stubs shall be numbered consecutively.

The certificates and stubs shall be issued in book form to each Inspector and Sealer, and the books after the certificates have been issued shall be filed by the Superintendent of the Bureau, to whom they shall be by each Inspector and Sealer delivered, in the office of the City Clerk, where they shall constitute a public record.

Section 26. All complaints against the Superintendent or any Inspector and Sealer of Weights and Measures shall be lodged with the City Clerk, who shall examine into the same and in his discretion, or at the direction of the Mayor, shall take testimony concerning same, permitting the Superintendent or Inspector and Sealer complained of to appear and testify and examine any witnesses or evidence which may be presented concerning the complaint.

At any such hearing, trial or examination the Superintendent or Inspector and Sealer complained of may be represented by counsel.

After any such examination, trial or hearing, the City Clerk shall at his earliest convenience make report thereof, with his recommendation thereon to the Mayor for his action.

Section 27. All ordinances of The City of New York and of the former municipal and public corporations consolidated into The City of New York inconsistent or conflicting herewith, are hereby repealed.

This section shall not be construed to affect or impair any right, interest, privilege or power which has accrued or been conferred heretofore, or any penalty, obligation, liability or forfeiture heretofore incurred, or by an action or proceeding now pending; and any right, interest or privilege which by the terms of any ordinance in force at the adoption of this ordinance continues in force during the pleasure of the Board of Aldermen shall not be hereby terminated.

The provisions of any of the foregoing ordinances, in so far as they are substantially the same as those of ordinances existing at the time these ordinances take effect, shall be construed as a continuance of such ordinances, modified or amended according to the language employed in the foregoing ordinances and not as new enactments.

Sec. 28. This ordinance shall take effect immediately.

Which was referred to the Committee on Salaries and Offices.

No. 280.

By Alderman Bennett—

Resolved, That it is respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that lamp-posts be placed, with burners thereon, in Linden street, between Hamburg and Knickerbocker avenues, and Grove street, between Hamburg and Knickerbocker avenues, in the Borough of Brooklyn.

Which was adopted.

Alderman Owens moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, March 8, 1904, at one o'clock p. m.

P. J. SCULLY, City Clerk, and Clerk of the Board of Aldermen.

## AQUEDUCT COMMISSION.

AQUEDUCT COMMISSIONERS' OFFICE, ROOM NO. 207  
STEWART BUILDING, NO. 280 BROADWAY, NEW YORK,  
MARCH 1, 1904.

**SEALED BIDS OR ESTIMATES WILL BE RECEIVED** by the Aqueduct Commissioners at the above office until 12 o'clock noon on

**TUESDAY, MARCH 22, 1904.**

**FOR CONSTRUCTING A HIGHWAY OR ROAD NEAR THE TITICUS RESERVOIR, IN THE TOWN OF NORTH SALEM, WESTCHESTER COUNTY, NEW YORK.**

The security required will be Twenty-five Hundred Dollars, (\$2,500).

The work shall be entirely completed to the satisfaction of the Aqueduct Commissioners on or before October 1, 1904.

The work is authorized by chapter 490, Laws of 1883, of the State of New York, and the amendments thereto.

The work to be done consists in building, raising and grading a highway or road, with its necessary culverts, bridge abutments, drains and stone and other fences, and all other appurtenances, in the Town of North Salem, Westchester County, New York.

The foregoing is a statement of the nature and extent of the work required. Bidders are required to submit their bids upon the following express conditions, which apply to and become a part of every bid or estimate received. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and they shall not at any time after the submission of their bid, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of work to be done or the materials to be furnished.

The prices submitted are to cover the cost of furnishing all the necessary materials and labor and the performance of all the work set forth in the specifications and form of contract.

Any bid which fails to name a price, both in writing and in figures, may be held to be informal and may be rejected, and in case of any discrepancy between the price written in the bid and that given in figures, the price in writing will be considered as the bid.

Bidders will be required to complete the entire work to the satisfaction of the Aqueduct Commissioners, and in strict accordance with the specifications annexed to the contract. No extra compensation beyond the amount payable for the work before enumerated, which shall be actually performed and furnished at the prices stated therefor, shall be due or payable for the entire work and materials.

No bid will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per

centum (5 per centum) of the amount of the security required for the faithful performance of the contract.

Bidders are requested to make their bids or proposals upon the blank form prepared by the Aqueduct Commissioners, a copy of which (with the proper envelope in which to inclose the bid), together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Aqueduct Commissioners, No. 280 Broadway, The City of New York, where the plans may be seen.

WM. H. TEN EYCK, President.  
HARRY W. WALKER, Secretary.

#### BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out an extension of Columbia place between Remsen street and Joralemon street, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 11th day of March, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 5th day of February, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out an extension of Columbia place, between Remsen street and Joralemon street, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Columbia place is to be extended from Joralemon street to Remsen street by prolonging northerly the lines of Columbia place, as the same is legally opened southerly of Joralemon street.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 11th day of March, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 11th day of March, 1904.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11. VYSE STREET—OPENING, from Boston road to the Bronx Park. Confirmed December 18, 1903; entered February 17, 1904. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the northerly side of East One Hundred and Seventy-fourth street with a line drawn parallel to the northerly side of Vyse street and distant 100 feet northerly therefrom; running thence northeasterly along said parallel line and its prolongation northeasterly to its intersection with the southwesterly prolongation of the middle line of the block between Boston road and Vyse street on the southeast and Daly avenue on the northwest; thence northeasterly along said southwesterly prolongation and middle line of the block to its intersection with the middle line of the block between East One Hundred and Seventy-ninth street and East One Hundred and Eightieth street; thence northeasterly along said middle line of the block to the southeasterly side of Daly avenue; thence northeasterly along said southeasterly side of Daly avenue and its prolongation northeasterly to its intersection with a line drawn parallel to the northeasterly side of East One Hundred and Eighty-second street and distant 100 feet northeasterly therefrom; thence southeasterly along said parallel line to its intersection with the northeasterly prolongation of the southwesterly side of Bryant street; thence southeasterly along said parallel line to the middle line of the block between East One Hundred and Seventy-ninth street and East One Hundred and Eightieth street; thence northeasterly along said middle line of the block to its intersection with the middle line of the block between Vyse street and Bryant street; thence southeasterly along said middle line of the block to the northerly side of Boston road; thence southerly to the intersection of the southerly side of Boston road with the northerly side of Bryant street; thence southeasterly along said northerly side of Bryant street to its intersection with a line drawn parallel to the southwesterly side of East One Hundred and Seventy-sixth street and distant 100 feet southwesterly therefrom; thence northwesterly along said parallel line to its intersection with a line drawn parallel to the southeasterly line of Vyse street and distant 100 feet southeasterly therefrom; thence southwesterly along said parallel line to the northerly side of East One Hundred and Seventy-fourth street; thence westerly along said northerly side of East One Hundred and Seventy-fourth street to the point or place of beginning.

The above-entitled assessment was entered on the date hereinafter given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien as provided by section 159 of this act."

Section 159 of this act provides \* \* \* "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said Record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments, and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before April 11, 1904, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
