\* Evacuation information is subject to change. For the latest information, visit NYC.gov or call 311 (212-639-9675 for Video Relay Service, or TTY: 212-504-4115). Visit the MTA's website at www.mta.info or call 511 for the latest transit information. If you need assistance evacuating during an emergency, please call 311.

## HURRICANE EVACUATION ZONES\*\*

When a coastal storm is approaching, the City may order the evacuation of neighborhoods in danger of flooding from storm surge, starting with zone 1 and adding more zones as needed. Zones will be evacuated depending on life safety-related threats from a hurricane's forecasted strength, track, and storm surge. VISIT [NYC.GOV/KNOWYOURZONE](http://NYC.GOV/KNOWYOURZONE) OR CALL **311** TO FIND OUT IF YOU LIVE IN A HURRICANE EVACUATION ZONE.

- Evacuation centers
- Accessible evacuation centers

\*\* Information on evacuation centers, including accessibility features, is subject to change. Please visit NYC.gov/knowyourzone or contact 311 for updated reports on building status and accessibility features.

Flood zones are used to set flood insurance rates and building regulations. Residents should not use flood zones to determine the need to evacuate during coastal storms. The City will determine which of the hurricane evacuation zones (from zone 1 up through zone 6) should be evacuated based on the characteristics of an actual storm as it is approaching the city. For more information about flood zones, visit NYC.gov/floodmaps or www.floodhelpny.org.

MOST LIKELY TO EVACUATE → LESS LIKELY TO EVACUATE
