

THE CITY RECORD.

OFFICIAL JOURNAL.

VOL. VIII.

NEW YORK, MONDAY, MAY 17, 1880.

NUMBER 2,113.

APPROVED PAPERS.

Ordinances, resolutions, etc., approved by the Mayor during the Week ending May 15, 1880.

Resolved, That permission be and the same is hereby given to Peter McGirr to place and keep a watering-trough in front of his premises, No. 281 Seventh avenue, the water to be supplied, the work done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, April 27, 1880.
Approved by the Mayor, May 10, 1880.

Resolved, That Werner Bruns be and he is hereby reappointed a Commissioner of Deeds in and for the City of New York, to take effect at the expiration of his present term of office, to wit., the 9th day of May, 1880.

Adopted by the Board of Aldermen, April 27, 1880.
Approved by the Mayor, May 11, 1880.

FRANCIS J. TWOMEY,
Clerk Common Council.

DEPARTMENT OF BUILDINGS.

[BOARD OF EXAMINERS.]

DEPARTMENT OF BUILDINGS,
OFFICE OF SUPERINTENDENT, No. 2 FOURTH AVENUE,
NEW YORK, May 11, 1880.

At a meeting of the Board of Examiners, held pursuant to call of the Superintendent of Buildings, at the office of the Department of Buildings, No. 2 Fourth Avenue, on Tuesday, 11th of May, 1880, at 3 o'clock P. M.

There being present, Henry Dudley, James M. McLean, Edwin Dobbs, John Banta, and Deputy Superintendent Frederick Diaper. Deputy Superintendent Frederick Diaper presiding.

The Chairman submitted for the action of the Board the hereinafter named petitions and applications, to wit:

Petition of William Jose for permission to erect two new buildings on premises Nos. 267, 269 and 269½ Monroe street, as per Plans and Specifications for New Buildings No. 279, filed April 7th, 1880, to wit: to line the northerly or party wall between Nos. 269½ and 271 with 12 inches brick-work in cellar and thence 8 inches to top of wall, also to line the southerly or party wall between Nos. 265 and 267 same as above, but only to height of second story beams, said wall being already 12 inches thick. Approved unanimously.

Petition of Rohe Brothers for permission to alter the one story brick building on lot No. 534 West Thirty-seventh street, by adding three stories, as per Plans and Specifications for Alterations No. 486, filed April 17, 1880. Approved unanimously.

Petition of Mrs. A. Clear for permission to alter house No. 412 East Eighty-fifth street, by carrying the intended bay-window in front to top of said building, as per Plans and Specifications for Alterations No. 440, filed April 10, 1880. Disapproved unanimously.

Petition of G. S. Morse for permission to alter buildings Nos. 234 and 235 Broadway, as per amended Plans and Specifications for Alterations No. 564, filed May 11, 1880. Approved unanimously.

Petition of J. H. Valentine for permission to line up the easterly wall of building on north side of One Hundred and Twenty-second street, 158 feet west of Second avenue, 8 inches thick, and to construct the party walls of the five buildings commencing 89 feet 6 inches west of Second avenue, of the thickness provided for in Plans and Specifications for New Buildings No. 365, filed April 30, 1880. So much of the petition approved as will permit the lining of the easterly wall 8 inches in thickness, and as to the other walls petition is disapproved. Unanimous.

Petition of H. Kloppenburg for permission to raise the coal office on southwest corner of Ninth avenue and Fourteenth street (the present building being 10 feet high) to height of 16 feet, with 8 inch walls, as per Plans and Specifications for Alterations No. 550, filed April 28, 1880. Approved unanimously.

Petition of George W. Da Cunha for permission to erect a building on southwest corner of Bowery and Hester street, 50 feet on Bowery, 100 feet on Hester street, as per Plans and Specifications for New Buildings No. 333, filed April 22, 1880. Approved unanimously.

Petition of George W. Da Cunha for permission to erect a factory on the southwest corner of Seventh avenue and Twenty-ninth street, the same to be 6 stories and cellar, to be 100 feet on Twenty-ninth street and 125 feet on Seventh avenue, as per Plans and Specifications for New Buildings No. 339, filed April 23, 1880. Approved, provided the walls are lined up, built and anchored on the adjoining wall every 3 feet square, as follows: 20 inches to top of second story floor beams, 16 inches to top of third story beams, thence 12 inches to top of fourth story floor beams, thence 8 inches to top of old wall, and from thence 16 inches to top of new building. Unanimous.

Petition of J. H. Valentine for permission to erect on south side of One Hundred and Fifth street, 75 feet east of Lexington avenue, the centre wall of two 12 feet 6 inch buildings from top of basement up 8 inches thick, as per Plans and Specifications for New Buildings No. 377, filed May 3, 1880. Approved unanimously.

Petition of Maltby G. Lane for permission to erect two buildings on lots Nos. 54 and 56 Warren street, as per Plans and Specifications for New Buildings No. 386, filed May 6, 1880. Laid over for explanatory drawings.

Petition of Clark Abell for permission to erect a stable on rear of lot No. 157 Leonard street, to be 1½ stories high, built on side of lot 62 feet front and 14 feet deep, the walls on rear and sides to be 8 inches thick, 15 feet high; front wall to be 12 inches thick, as per Plans and Specifications for New Buildings No. 388, filed May 6, 1880. Approved unanimously.

Petition of James C. Hoe & Co. for permission to erect a building on premises No. 44 West Fifteenth street, owned by Messrs. Tiffany & Co., as per Plans and Specifications for New Buildings No. 356, filed April 28, 1880. Approved unanimously.

Petition of George C. Harney for permission to alter and raise building No. 66 Wall street, as per Plans and Specifications for Alterations No. 268, filed March 10, 1880. Laid over for further information.

Petition of James Judge for permission to erect six private houses, each 3 stories high, 17 feet wide, and 52 feet deep, on southwest corner of Lexington avenue and Seventy-third street, as per Plans and Specifications for New Buildings No. 326, filed April 19, 1880. Approved, so far as relates to the extension, unanimously.

Petition of John Coar for permission to erect a building on premises No. 672 Lexington avenue and to build the brick partition wall 8 inches thick, as per Plans and Specifications for New Buildings No. 385, filed May 6, 1880. Approved unanimously.

Petition of Valentine S. Woodruff for permission to build an extension to four-story house No. 325 West Fifty-seventh street 9 feet wide, 13 feet deep, basement and one story, the walls to be 8 inches thick, as per Plans and Specifications for Alterations No. 566, filed April 29, 1880. Approved unanimously.

Petition of William J. Fryer, Jr., for permission to erect a building for factory on premises Nos. 713 to 725 East Thirteenth street, to construct the bearing-walls on line of street, and also on rear, 16 inches thick to the first and second stories, and 12 inches thence to top, as per Plans and Specifications for New Buildings No. 322, filed April 17, 1880. Disapproved unanimously.

Petition of A. G. Koebel for permission to erect a building on premises north side Eighty-sixth street, 181 feet east of First avenue. The east wall is a 12-inch party wall, and being 3 feet higher than the adjoining building, would request permission to add 4 feet 8 inches to said wall, 8 inches thick, as per Plans and Specifications for New Buildings No. 287, filed 8, 1880. Disapproved unanimously.

Petition of M. C. Merritt for permission to raise the roof of one-story building on northwest corner of Broadway and Twenty-ninth street, to obtain an air-space between ceiling and roof, the bearing-walls to be raised only about 2 feet, as per Plans and Specifications No. 601, filed May 6, 1880. Approved unanimously.

Petition of Wm. H. Ash for permission to build an extension to building No. 22 West Thirty-ninth street, to be 22 feet front, 14 by 8 feet rear, 6 to 13 feet deep, two stories high, with 8-inch brick walls, as per Plans and Specifications for Alterations No. 559, filed April 29, 1880. Approved unanimously.

Petition of C. E. Van Tassel for permission to erect five buildings on premises southwest corner of Mott avenue and One Hundred and Fiftieth street, running south on Mott avenue, and to build the party walls above the first story floor beams 8 inches in thickness, as per Plans and Specifications for New Buildings No. 400, filed May 11, 1880. Laid over for drawings.

Petition of Amos R. Eno to be exempted from constructing the iron shutters on street front of buildings Nos. 110, 112, 114 and 116 Washington street, so that they can be closed and opened from the outside above the first story, with the exception of the tiers of windows, as shown in diagram accompanying petition. Laid over.

Petition of C. A. Schermerhorn, trustee, to be exempted from constructing the iron shutters on street front of building No. 80 West street, so that they can be closed and opened from the outside, above the first story. Laid over.

Application of Charles H. Jacobus, a carpenter, to be examined as to his qualifications and competency to fill the position and discharge the duties of Inspector in the Department of Buildings. Applicant, upon examination, having been found to be duly qualified and competent, was, upon motion, so declared by unanimous vote of the Board.

Application of M. F. Cusack, a mason, to be examined as to his qualifications and competency to fill the position and discharge the duties of Inspector in the Department of Building. Applicant, upon examination, having been found to be duly qualified and competent, was, upon motion, so declared by unanimous vote of the Board.

The minutes of the meeting being read and approved as recorded, the Board adjourned subject to call of Superintendent of Buildings.

New York, May 11, 1880.

EDWARD G. DUMAHAUT, Clerk to Board of Examiners.

LAWS OF NEW YORK, 1880.

CHAPTER 149.

AN ACT amending the Code of Civil Procedure.

Passed April 26, 1880; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The Code of Civil Procedure, as enacted on the second day of June, eighteen hundred and seventy-six, and amended by subsequent statutes, is hereby amended as follows, that is to say: Section eight hundred and thirty-one, so that it will read as follows:

§ 831. A husband or wife is not competent to testify against the other upon the trial of an action, or the hearing upon the merits of a special proceeding founded upon an allegation of adultery, except to prove the marriage. A husband or wife shall not be compelled, or without consent of the other, if living, allowed to disclose a confidential communication made by one to the other during marriage. In an action for criminal conversation, the plaintiff's wife is not a competent witness for the plaintiff, but she is a competent witness for the defendant as to any matter in controversy, except that she cannot, without the plaintiff's consent, disclose any confidential communication had or made between herself and the plaintiff.

Sec. 2. This act shall take effect immediately.

CHAPTER 155.

AN ACT to facilitate the carrying out of plans and agreements for the reorganization of railroads.

Passed April 27, 1880.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Whenever the maximum amount of capital stock, mentioned in the certificate of incorporation of any railroad or railway company on file in the office of the secretary of state, shall be insufficient to carry out any plan or agreement of reorganization set forth in such certificate of incorporation, it shall be lawful for the directors, or a majority of the directors of said company, to file an additional certificate with the secretary of state, which shall set forth the fact of such insufficiency and the additional amount of capital stock required to carry out such plan or agreement of reorganization, and thereupon, with the approval of the state engineer and surveyor, said company shall be authorized to issue such capital stock as fully as if the same had been mentioned or set forth in the original certificate of incorporation. Said additional certificates shall be filed in the office of the secretary of state within two months after the passage of this act.

Sec. 2. This act shall take effect immediately.

CHAPTER 123.

AN ACT in relation to arrears of taxes in the city of New York, and to provide for the reissuing of revenue bonds in anticipation of such taxes.

Passed April 15, 1880; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. At any time after the passage of this act, and before the first day of October, eighteen hundred and eighty, any person may pay to the comptroller of the city of New York the amount of any tax upon real property belonging to such person, heretofore laid or imposed and now remaining unpaid, together with interest thereon at the rate of seven per centum per annum, to be calculated from the time that such tax was imposed to the time of such payment, provided, also, that the time when such payment may be made on the amount of any such tax laid or imposed in the years eighteen hundred and seventy-seven, eighteen hundred and seventy-eight and eighteen hundred and seventy-nine shall extend to the first day of April, eighteen hundred and eighty-one. The comptroller shall make and deliver to the person making any such payment a receipt therefor, and shall forthwith cancel the record of any such tax on the books of the finance department; and upon such payment being made such tax shall cease to be a lien upon the property and shall be deemed fully paid, satisfied and discharged, and there shall be no right to any further interest or penalty by reason of such tax not having been paid within the time heretofore required by law, or by reason of any statute passed requiring the payment heretofore of any penalty or interest over seven per centum per annum upon any unpaid tax.

Sec. 2. Any revenue bond heretofore issued in anticipation of the taxes in the first section specified which may fall due and become payable before said taxes are collected, may be reissued by the comptroller of said city, in whole or in part, for such period as he may determine, not exceeding one year.

Sec. 3. This act shall take effect immediately.

CHAPTER 122.

AN ACT to amend section six of title four, chapter two, article one, part four of the Revised Statutes.

Passed April 15, 1880.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section six of chapter two, article one, part four of the Revised Statutes is hereby amended so as to read as follows:

§ 6. On receiving such list the county clerk shall write the names of the persons contained therein, with their additions and places of residence, on separate pieces of paper, and shall roll up or fold such pieces of paper, each in the same manner as near as may be, so that the name written therein shall not be visible, and shall deposit such pieces of paper in a sufficient box from which they shall be drawn as hereinafter provided. If, from any cause, such box or the pieces of paper containing the names of jurors so deposited therein shall be lost or destroyed the county clerk, in whose office such loss or destruction shall happen, shall forthwith provide a new box and again write the names of the persons contained in the list, so filed in his office, on separate pieces of paper and roll up or fold the same in the same manner as hereinbefore directed, and deposit the same in the box so provided by him.

Sec. 2. This act shall take effect immediately.

POLICE DEPARTMENT.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
300 MULBERRY STREET,
NEW YORK, May 10, 1880.
PUBLIC NOTICE IS HEREBY GIVEN THAT
the steamboat "Seneca," the property of this De-
partment, will be sold at public auction (by Van Tassel &
Kearney, auctioneers), on Friday, May 21, 1880, at the
foot of East Seventeenth street, East river, at 11 A. M.
By order of the Board.
S. C. HAWLEY,
Chief Clerk.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
PROPERTY CLERK'S OFFICE,
No. 300 MULBERRY STREET, ROOM No. 39,
NEW YORK, April 29, 1880.
OWNERS WANTED BY THE PROPERTY
Clerk of the Police Department of the City of New
York, 300 Mulberry street, Room 39, for the following
property now in his custody without claimants: Boats,
iron, rope, clothing (male and female), jewelry, revolvers,
trunks and contents, bags and contents, tin, lead, furni-
ture, etc.; also small amount of money found and taken
from prisoners by Patrolmen of this Department.
C. A. ST. JOHN,
Property Clerk.

DEPARTMENT OF BUILDINGS.

DEPARTMENT OF BUILDINGS,
OFFICE OF SUPERINTENDENT, No. 2 FOURTH AVENUE,
NEW YORK, December, 1879.

NOTICE TO PROPERTY OWNERS AND BUILDERS.

FOR THE PROTECTION OF THEIR INTERESTS
property owners and builders are requested to refuse
admission into their buildings to any officer of this Depart-
ment who does not show his proper badge of office on
demand.
All badges issued from this office are shield shaped, with
the title of the officer, the name of this Department, and
the number engraved thereon, and are numbered from 1
to 50. The following badges are lost or stolen: Inspectors,
badges Nos. 4, 8, 9, 11, 12, 21, 22, 23, 35, 38, 39, 42, 43, 45,
46, 48, 49, and 50. Fire Escape Examiners, badges Nos. 3
and 8, and Messenger's badge No. 7. All parties pro-
fessing to be officers of this Department not provided with
badges of the above description, or who attempt to use
badges of the above named missing numbers, or an oval
shaped badge, formerly used in the Department, are
impostors, and the public are cautioned against recogniz-
ing such persons, and are requested to report the same to
this office in any case that may come to their notice.
HENRY J. DUDLEY,
Superintendent of Buildings.

LEGISLATIVE DEPARTMENT.

THE COMMITTEE ON PUBLIC WORKS OF
the Board of Aldermen will meet every Monday at
two o'clock P. M., at Room No. 8 City Hall.

HENRY C. PERLEY,
THOMAS SHELLS,
JOHN MCCLAVE,
HENRY HAFEN,
BERNARD KENNEY.
Committee on Public Works.

JURORS.

NOTICE

IN RELATION TO JURORS FOR
STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1879.

APPLICATIONS FOR EXEMPTIONS WILL BE
heard here, from 9 to 4 daily, from all persons hitherto
liable or recently serving who have become exempt, and
all needed information will be given.

Those who have not answered as to their liability, or
proved permanent exemption, will receive a "jury enroll-
ment notice," requiring them to appear before me this
year. Whether liable or not, such notices must be an-
swered (in person, if possible, and at this office only) under
severe penalties. If exempt, the party must bring proof of
exemption; if liable, he must also answer in person, giving
full and correct name, residence, etc., etc. No attention
paid to letters.

Persons "enrolled" as liable must serve when called
or pay their fines. No mere excuse will be allowed or
interference permitted. The fines, received from those
who, for business or other reasons, are unable to serve at
the time selected, pay the expenses of this office, and if
unpaid will be entered as judgments upon the property of
the delinquents.

All good citizens will aid the course of justice, and
secure reliable and respectable juries, and equalize their
duty by serving promptly when summoned, allowing their
clerks or subordinates to serve, reporting to me any attempt
at bribery or evasion, and suggesting names for enrollment.
Persons between sixty and seventy years of age, summer
absentees, persons temporarily ill, and United States and
District Court jurors are not exempt.

Every man must attend to his own notice. It is a mis-
demeanor to give any jury paper to another to answer.
It is also punishable by fine or imprisonment to give or
receive any present or bribe, directly or indirectly, in re-
lation to a jury service, or to withhold any paper or make
any false statement, and every case will be fully prose-
cuted.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambers street entrance).

DEPARTMENT OF DOCKS.

NOTICE.

DEPARTMENT OF DOCKS,
Nos. 117 and 119 DUANE STREET,
NEW YORK, May 14, 1880.

JAMES M. OAKLEY & CO., AUCTIONEERS,
will sell at public auction, at the Exchange Sales-
room, No. 111 Broadway, on

THURSDAY, MAY 27, 1880,

at 12 o'clock M., the right to collect and retain all wharf-
age which may accrue for the use and occupation by ves-
sels of more than five tons burthen, of the following named
Piers and Bulkheads, to wit:

ON NORTH RIVER.

For and during the term of one year, from 1st June,
1880.

Lot 1. Bulkhead at West Thirty-sixth street.

ON EAST RIVER.

For and during the term of ten years, from 1st May,
1881.

Lot 2. Northerly half of Pier at East Thirty-third street,
except reservation of outer end for a steamboat
landing. No dredging will be done at these
premises by the Department.

For and during the term of one year, from 1st June,
1880.

Lot 3. Bulkhead at East Sixteenth street, (except reserva-
tion for the right to steam-tugs to have at all times
free passage to the hydrant located thereat for the
purpose only of taking water).

Lot 4. Bulkhead at East Eighteenth street.

Lot 5. Pier and stone-dump at East Forty-sixth street.

ON HARLEM RIVER.

For and during the term of one year, from 1st June,
1880.

Lot 6. Pier at East One Hundred and Twenty-ninth
street.

TERMS AND CONDITIONS OF THE SALE.

The Department will make, prior to the commence-
ment of the term of lease in each case, such repairs to
any of the above-named premises, in the judgment of the
Commissioners, needing them, as they may consider nec-
essary to place the premises in suitable condition for
service during the terms for which leases are to be sold,
except that no repairs will be made to any of the above-
named premises where it is stated that they will not be
repaired by the Department; but all the premises must be
taken in the condition in which they may be on the
date of commencement of said terms, respectively; and
no claim that the property is not in suitable condition
at the commencement of the lease, will be allowed by
the Department; and all repairs and rebuilding required
and necessary, during the terms leased, are to be done at
the expense and cost of the lessees.

Purchasers will be allowed three months, from date of
commencement of their leases, in which to notify the De-
partment that dredging is required at the premises leased;
and the Commissioners guarantee to do all possible dredg-
ing, as soon after being notified of the necessity therefor,
as the work of the Department will permit, except that no
dredging will be done at any of the above-named premises
where it is stated that they will not be dredged by the De-
partment; but in no case will the Department dredge
where a depth of ten feet at mean low water already exists,
nor after that depth shall have been obtained by dredg-
ing; and no claim will be received or considered by the
Department, for loss of wharfage or otherwise, consequent
upon any delay in doing the work of such dredging, or
consequent upon the premises being occupied for dredging
purposes. All dredging required at any of the above
premises, of which the purchaser of the lease therefor
shall neglect or omit to notify the Department during the
first three months of the term of the lease, and all dredg-
ing necessary during the remainder of such term, is to be
done at the expense and cost of the lessee.

The up-set price for each of the above-named premises
will be fixed by the Department of Docks, and announced
by the auctioneer at the time of the sale.

Each purchaser of a lease will be required, at the time
of the sale, and in addition to the auctioneer's fees, to pay
to the Department of Docks twenty-five per cent. of the
amount of annual rent bid, as security for the execution
of the lease, and which twenty-five per cent. will be
applied to the payment of the rent first accruing under
the lease, when executed, or forfeited if the purchaser
neglects or refuses to execute the lease and bond within
five days after being duly notified that the lease is pre-
pared and ready for signature. The Commissioners

reserve the right to resell the leases bid off by those failing
to comply with these terms; the party so failing to be
liable for any deficiency which may result from such
resale.

Lessees will be required to pay their rent quarterly, in
advance, in compliance with a stipulation therefor in the
form of lease adopted by the Department.

Two sureties, each a freholder and householder in the
City of New York, and to be approved by the Commis-
sioners of Docks, will be required, under each lease, to
enter into a bond jointly with the lessee in the sum of an
amount double the annual rent for the faithful per-
formance of all the covenants of the lease; and each pur-
chaser will be required to submit, at the time of the sale,
the names and address of his proposed sureties.

Each purchaser will be required to agree that he will,
upon being notified so to do, execute a lease prepared
upon the printed form adopted by the Department, which
can be seen upon application to the Secretary, at the
office, 119 Duane street.

No person will be received as lessee or surety who is
delinquent on any former lease from the Corporation; and
no bid will be accepted from any person who is in arrears
to the Corporation upon debt or contract, or who is a de-
faulter, as surety or otherwise, upon any obligation to
the Corporation.

HENRY F. DIMOCK,
JACOB VANDERPOEL,
Commissioners of Docks.

DEPARTMENT OF PUBLIC PARKS.

DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE,
NEW YORK CITY, May 10, 1880.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR LAYING
new walks and repairing old walks in Stuyvesant
Parks, Washington square, and Tompkins square, in
said city, with cement, Neuchatel asphalt, or other
pavement, will be received at the office of this Department
until Saturday, May 22, 1880, at 9 o'clock A. M., at which
time such bids or estimates will be publicly opened by the
head of said Department and read.

A separate bid or estimate will be received for doing
the work on each of the squares and parks mentioned.

Each bid or estimate must be enclosed in a sealed
envelope, endorsed with the name or names of the person
or persons presenting the same, the date of its presenta-
tion, and a statement of the work to which it relates.

Bidders are required to state in their estimates, under
oath, their names and places of residence; the names of
all persons interested with them therein; and if no other
person be so interested, they shall distinctly state the
fact; also, that it is made without any connection with any
other person making any bid or estimate for the same
work; and that it is in all respects fair and without col-
lusion or fraud; and also that no member of the Common
Council, head of a Department, Chief of a Bureau, Deputy
thereof, or Clerk therein, or other officer of the Corpora-
tion, is directly or indirectly interested therein, or in the
supplies or work to which it relates, or in any portion of
the profits thereof. Where more than one person is in-
terested, it is requisite that the verification be made and
subscribed by all parties interested.

Each estimate shall be accompanied by the consent,
in writing, of two householders or freeholders of the City
of New York, with their respective places of business or
residence, to the effect that if the contract be awarded to
the person making the estimate, they will, on its being
so awarded, become bound as his sureties for its faithful
performance, and that if he shall omit or refuse to execute
the same, they will pay to the Corporation any difference
between the sum to which he would be entitled on its
completion, and that which the Corporation may be
obliged to pay the person to whom the contract may be
awarded at any subsequent letting; the amount in each
case to be calculated upon the estimated amount of
work by which the bids are tested.

The consent above mentioned shall be accompanied by
the oath or affirmation, in writing, of each of the persons
signing the same that he is a householder or freeholder in
the City of New York, and is worth the amount of the
security required for the completion of the contract, and
stated in the proposals, over and above all his debts of
every nature, and over and above his liabilities as bail,
surety, or otherwise; that he has offered himself as a surety
in good faith, and with an intention to execute the bond
required by section 27, article 2, chapter 8 of the Revised
Ordinances of 1859, if the contract shall be awarded to
the person or persons for whom he consents to become
surety.

The adequacy and sufficiency of the sureties offered to
be determined by the Comptroller.

The contract for the work, if awarded at all, will be
awarded to the lowest bidder, whose proposal, consider-
ing the price, quality, and durability of the pavement
which he offers to lay, will, in the opinion of the Depart-
ment, be most advantageous to the city.

But the Department reserves the right to reject all the
bids received in response to this advertisement if it shall
deem it for the interest of the city so to do, and to re-ad-
vertise until a satisfactory proposal shall be received.
But the contract, when awarded, will be awarded to the
lowest bidder with adequate security, for the particular
kind of pavement which shall be adopted by the Depart-
ment.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract,
within forty-eight hours after written notice that the
same has been awarded to his or their bid or estimate;
and in case of neglect or refusal so to do, he or they will
be considered as having abandoned it and as in default to
the corporation.

The work to be done is the grading and paving of such
portions of the walks and foot-paths in said park as the
Commissioners of said Department shall designate on the
map and ground, and is estimated to amount to about—

On Stuyvesant Parks, 60,000 square feet.

On Washington Square, 57,000 "

On Tompkins Square, 175,000 "

This estimate is only approximate, and not to be held as
entitling the contractor to any claim for damages, should
the actual amount of work be greater or less. He under-
stands that he contracts with reference to the actual
amount of space to be paved or repaved, so designated
on the map or plan of the park and on the ground. Each
bidder must furnish with his bid or estimate full and com-
plete specifications for the work, showing the mode of
making and laying the pavement he proposes to lay. A
copy of the specifications, furnished by the bidder to
whom the contract may be awarded, will be annexed to
and form part of the contract.

Bidders will state in writing and also in figures, a price
per square foot for laying the pavement. This price is to
cover the furnishing of all the necessary materials, tools,
and labor, the removal of old walks (where there are any),
the excavation and grading of the bed for the pavement,
and the full and entire performance of the whole work set
forth in the contract and specifications. The time in which
to complete the whole work will be named in the bid, and
attention is called to the claim of the contract, by which
the damages for delay beyond that time are fixed and
liquidated at \$100 per day.

The amount in which security is required for the per-
formance of work on Stuyvesant Parks and Washington
Square, on each contract, is \$5,000; for the work on
Tompkins Square, \$15,000.

The form of the contract which the successful bidder
will be required to execute and with reference to which
all bids must be made, can be seen at the office of the
Department. Further information as to the nature and
amount of the work, the forms of proposals, etc., can
be obtained at the same office.

JAMES F. WENMAN,
SAMUEL CONOVER,
S. E. LANE,
ANDREW H. GREEN,
Commissioners D. P. P.

E. P. BARKER,
Secretary D. P. P.

DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE,
NEW YORK CITY, May 10, 1880.

**SEALED BIDS OR ESTIMATES FOR FURNISH-
ing and delivering screened Roa Hook gravel, or a
gravel of equal quality from any other bed, on the Central
Park, City Parks, and on the Southern Boulevard, will
be received at the office of the Department, 36 Union
square, until Saturday, May 22nd inst., at nine o'clock
A. M., at which time such bids or estimates will be publicly
opened by the head of said Department and read.**

Each bid or estimate must be inclosed in a sealed
envelope, indorsed with the name or names of the person
or persons presenting the same, the date of its presenta-
tion, and a statement of the work to which it relates.

Bidders are required to state in their estimates, under
oath, their names and places of residence; the names of
all persons interested with them therein, and if no other
person be so interested, they shall distinctly state the fact;
also, that it is made without any connection with any other
person making any bid or estimate for the same work;
and that it is in all respects fair and without collusion or
fraud; and also that no member of the Common Council,
head of a Department, Chief of a Bureau, Deputy the eof,
or clerk therein, or other officer of the Corporation is
directly or indirectly interested therein, or in the supplies
or work to which it relates, or in any portion of the profits
thereof. Where more than one person is interested it is
requisite that the verification be made and subscribed by
all parties interested.

Each estimate shall be accompanied by the consent,
in writing, of two householders or freeholders of the City
of New York, with their respective places of business or
residence, to the effect that if the contract be awarded to
the person or persons making the estimate, they will, on
its being so awarded, become bound as his sureties for its
faithful performance; and that, if he shall omit or refuse
to execute the same, they will pay to the Corporation any
difference between the sum to which he would be entitled
on its completion, and that which the Corporation may be
obliged to pay to the person to whom the contract may be
awarded at any subsequent letting; the amount in each
case to be calculated upon the estimated amount of the
work by which the bids are tested.

The consent above mentioned shall be accompanied by
the oath or affirmation, in writing, of each of the persons
signing the same, that he is a householder or freeholder in
the City of New York, and is worth the amount of the
security required for the completion of the contract, and
stated in the proposals, over and above all his debts of
every nature, and over and above his liabilities, as bail,
surety or otherwise, that he has offered himself as a
surety in good faith, and with an intention to execute the
bond required by section 27, article 2, chapter 8 of the
Revised Ordinances of 1859, if the contract shall be
awarded to the person or persons for whom he consents
to become surety.

The adequacy and sufficiency of the sureties offered to
be approved by the Comptroller.

The Department reserves the right to reject all the bids
received in response to this advertisement if it shall deem
it for the interest of the city so to do, and to re-advertise
until a satisfactory proposal shall be received. But the
contract, when awarded, will be awarded to the lowest
bidder, with adequate security.

Bidders will state in writing, and also in figures, the
prices of the several items.

These prices are to be in full for all the labor and all the
material required.

The amount of security required is fifteen thousand
dollars.

Blank forms for proposals and the form of the contract
which the successful bidder will be required to execute
can be had at the office of the Secretary, 36 Union square.

of the building). Price three cents each.

DEPARTMENT OF PUBLIC CHAR-
ITIES AND CORRECTION.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE.

TO CONTRACTORS.

**PROPOSALS FOR FLOUR, GROCERIES,
AND HAY.**

**SEALED BIDS OR ESTIMATES FOR FUR-
nishing**

GROCERIES, ETC.

3,000 barrels Flour.
12,000 pounds Dairy Butter (sample of which will be on
exhibition May 26th and 27th.)
25,500 Fresh Eggs (all to be candled.)
100 bushels Beans.
10 barrels Pickles.
250 bales prime quality Timothy Hay.

—or any part thereof, will be received at the office of
the Department of Public Charities and Correction, in
the City of New York, until 9 o'clock A. M. of Friday,
the 28th day of May, 1880. The person or persons making
any bid or estimate shall furnish the same in a sealed
envelope, indorsed "Bid or Estimate for Flour, Groc-
eries, and Hay," and with his or their name or names,
and the date of presentation to the head of said Depart-
ment, at the said office, on or before the day and hour
above named, at which time and place the bids or es-
timates received will be publicly opened by the head of
said Department and read.

The Department of Public Charities and Correction re-
serves the right to decline any and all bids or estimates it
deemed to be for the public interest, and to accept any
bid or estimate as a whole, or for any one or more articles
included therein. No bid or estimate will be accepted
from, or a contract awarded to, any person who is in
arrears to the Corporation upon debt or contract, or who
is a defaulter, as surety or otherwise, upon any obligation
to the Corporation.

The award of the contract will be made as soon as
practicable after the opening of the bids.

Delivery will be required to be made from time to time,
at such times and in such quantities as may be directed by
the said Department, but the entire quantity will be
required to be delivered on or before thirty (30) days after
the date of the contract.

Any bidder for this contract must be known to be en-
gaged in and well prepared for the business, and must
have satisfactory testimonials to that effect; and the per-
son or persons to whom the contract may be awarded will
be required to give security for the performance of the
contract by his or their bond, with two sufficient sureties,
in the penal amount of fifty (50) per cent. of the estimated
amount of the contract.

Each bid or estimate shall contain and state the name
and place of residence of each of the persons making the
same; the names of all persons interested with him or
them therein; and if no other person be so interested, it
shall distinctly state that fact; that it is made without any
connection with any other person making an estimate for
the same purpose, and is in all respects fair and without
collusion or fraud; and that no member of the Common
Council, Head of a Department, Chief of a Bureau, Deputy
thereof or Clerk therein, or other officer of the Corpora-
tion, is directly or indirectly interested therein, or in the
supplies or work to which it relates, or in any portion of
the profits thereof. The bid or estimate must be verified

by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and re-let as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, May 13, 1880.

TOWNSEND COX,
THOMAS S. BRENNAN,
JACOB HESS,
Commissioners of the Department of
Public Charities and Correction.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE,
NEW YORK, May 17, 1880.

IN ACCORDANCE WITH AN ORDINANCE OF the Common Council, "In relation to the burial of strangers or unknown persons who may die in any of the public institutions of the City of New York," the Commissioners of Public Charities and Correction report as follows:

At Morgue, Bellevue Hospital, from Pier 4, East river—Unknown man; aged about 30 years; 5 feet 7 inches high; light hair; beard and moustache mixed with gray. Had on black coat and pants, brown vest, white knit undershirt, red flannel drawers, gray socks, boots.

Unknown man from Pier 33, East river—5 feet 7 inches high. Had on black cloth pants, blue woolen shirt, blue ribbed socks, body about 3 months in water.

Unknown man, from foot 35th street, North river—aged about 35 years; 5 feet 10 inches high; flaxen hair. Had on blue pilot jacket, three blue flannel shirts, white linen shirt, white flannel undershirt, white canvass pants, black cloth pants, white socks, shoes, N. Hall, No. 134, marked on pants and shirt.

Unknown woman, from 30th Precinct Station-house—aged about 45 years; 5 feet 3 inches high; brown hair mixed with gray. Had on green plaid dress, white chemise, black petticoat, cotton flannel drawers, gray barred stockings, laced shoes.

At Homeopathic Hospital, Ward's Island—Charles Intemann; aged 28 years; 6 feet high; blue eyes; light hair. Had on when admitted black pants, gray coat, check shirt. Nothing known of his friends or relatives.

Mary Ann Burns; aged 54 years; 5 feet high; gray eyes and hair. Had on when admitted black skirt and sacque, check shawl. Nothing known of her friends or relatives.

By order,
G. F. BRITTON,
Assistant Secretary.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE.

TO CONTRACTORS.

PROPOSALS FOR THE ERECTION OF A LAUNDRY BUILDING AT CHARITY HOSPITAL, BLACKWELL'S ISLAND, AND FOR LAUNDRY WORK, ETC., TO BE PLACED IN SAID BUILDING.

SEALED BIDS OR ESTIMATES FOR EACH OF the following named works, to wit:

No. 1. The mason work, iron work, carpenter work and materials required in the erection of a Laundry Building at Charity Hospital, on Blackwell's Island.

2. The necessary Laundry Work, etc., to be placed in said building.

will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9 o'clock A. M., of Tuesday, the 25th day of May, 1880, at which place and time the bids or estimates received will be publicly opened by the head of said Department and read, and the awards of the contracts will be made as soon thereafter as practicable.

The person or persons making any estimate shall furnish the same in a sealed envelope, to the head of said Department, on or before the day and hour above named. The envelope containing the estimate shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The above several works will be required to be completed within six (6) months, each, after the date of the contract.

For the amount of work to be performed in each case

reference must be made to the plans and specifications for the same, on file in the office of the Department.

Any bidder for a contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect.

The person or persons to whom the several security for the faithful performance of the several contracts will be required, which security will be by the bond of the person or persons to whom the contract may be awarded, with two sufficient sureties in penal sums, as follows, viz:

For No. 1, in the penal sum of five thousand dollars.

For No. 2, in the penal sum of eight hundred dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded, neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and re-let as provided by law.

Bidders are cautioned to examine the specifications for particulars of the work, etc., required, before making their estimates.

Bidders will state the price for doing the whole work, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued as set forth in the respective forms of contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment for the work, will be furnished at the office of the Department.

Dated New York, May 13, 1880.

TOWNSEND COX,
THOMAS S. BRENNAN,
JACOB HESS,
Commissioners of the Department of
Public Charities and Correction.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE,
NEW YORK, May 4, 1880.

IN ACCORDANCE WITH AN ORDINANCE OF the Common Council, "In relation to the burial of strangers or unknown persons who may die in any of the public institutions of the City of New York," the Commissioners of Public Charities and Correction report as follows:

At Morgue, Bellevue Hospital, from foot of Twenty-fifth street, North river—Unknown man; 5 feet 7 inches high; brown hair. Had on black chinchilla overcoat, black coat, pants, and vest, white shirt, white knit undershirt, white socks, white shoes, gold ring with letters D. F., 1874, and bunch of keys, found on his person. Body about three months in water.

Unknown man, from Pier 1 East river; 5 feet 10 inches high. Had on black coat, pants, and vest, white shirt, white knit undershirt and drawers, blue socks, shoes. Body about six months in water.

Unknown man, from Pier 20, North river; 5 feet 6 inches high; brown hair. Had on dark striped pants and vest, white shirt, white knit undershirt, blue overalls, white socks, gaiters. Body about three months in water.

Unknown man, from foot of Jane street, North river; aged about 30 years; 5 feet 9 inches high; brown hair, sandy moustache and side whiskers. Had on blue flannel suit, white shirt, white socks with blue bars, shoes. Had on his person discharge from United States Navy, dated 1880; name, Thomas Lescomb.

Unknown man, from Port Morris; aged about 40 years; 5 feet 8 inches high; dark brown hair, whiskers and moustache; hazel eyes. Had on black pilot jacket, brown pants, white drawers, blue check jumper, black cloth vest, blue stockings, carpet slippers.

Unknown woman, from foot of Horatio street; aged about 30 years; 5 feet 2 inches high; light hair. Had on brown calico skirt, brown flannel petticoat, black cassimere sack, white stockings, slippers.

At Lunatic Asylum, Blackwell's Island—Nellie Wilson; aged 27 years, 4 feet 10 inches high; brown hair; blue eyes. Nothing known of her friends or relatives.

At Almshouse, Blackwell's Island—Catherine Fagan; aged 73 years. Nothing known of her friends or relatives.

By Order,
G. F. BRITTON,
Assistant Secretary.

COLLEGE OF THE CITY OF NEW YORK.

THE BOARD OF TRUSTEES OF THE COLLEGE of the City of New York will meet on Tuesday, May 18, 1880, at 4 P. M., at 146 Grand street.

LAWRENCE D. KIERNAN,
Secretary.

DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS,
BUREAU OF WATER REGISTER, ROOM 10 CITY HALL,
NEW YORK, April 28, 1880.

CROTON WATER RATES.

NOTICE IS HEREBY GIVEN THAT, ACCORDING to law, Croton water rates for the current year will be due and payable at this office on and after May 1, 1880.

ALLAN CAMPBELL,
Commissioner of Public Works.

SUPREME COURT.

In the matter of the application of the Department of Public Works, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, relative to acquiring title for the use of the public to lands included within the lines of One Hundred and Fifty-third street, from the easterly line of the New Avenue, lying between Eighth and Ninth avenues to the Harlem river.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to the owner or owners, occupant or occupants, of all houses and lands, and improved or unimproved lands, affected thereby; and to all others whom it may concern, to wit:

I.—That we have completed our estimate and assessment, and that all persons interested in these proceedings, or in any of the lands affected thereby, and who may be opposed to the same, do present their objections in writing, duly verified, to the undersigned Commissioners, at our office, No. 82 Nassau street, Room No. 22, in the said city, on or before the 23d day of June, 1880; and that we, the said Commissioners, will hear parties so objecting within the ten week days next after the said 23d day of June, and for that purpose will be in attendance at our said office on each of said ten days at 1 o'clock P. M.

II.—That the abstract of the said estimate and assessment, together with our maps, and also all the affidavits, estimates and other documents which were used by us in making our report, have been deposited in the office of the Department of Public Works, in the City of New York, there to remain until the 6th day of July, 1880.

III.—That the limits embraced by the assessment aforesaid, are as follows, to wit: All those certain lots, pieces, or parcels of land contained, lying and being within the following bounds or limits, that is to say: beginning at a point on the easterly line or side of the New Avenue, lying between the Eighth and Ninth avenues, distant one hundred and one foot and eleven and one-eighth inches north-easterly from the point formed by the intersection of said easterly side of said New Avenue with the northerly line or side of One Hundred and Fifty-third street, as the same is laid out and to be opened by this proceeding; and running thence easterly and parallel with said One Hundred and Fifty-third street, to the bulkhead line on the Harlem river; thence southerly along said bulkhead line to a point where the centre line of the block between One Hundred and Fifty-second and said One Hundred and Fifty-third streets, if produced, would intersect said bulkhead line; thence westerly and parallel with said One Hundred and Fifty-third street to the easterly line or side of said New Avenue, and thence northerly along the easterly line or side of said New Avenue two hundred and sixty-three feet and five-eighths of an inch to the point or place of beginning.

IV.—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held in the New Court-house, at the City Hall, in the City of New York, on the 20th day of July, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, May 17, 1880.

WILLIAM C. TRAPHAGEN,
WILLIAM A. SEAYER,
HENDERSON MOORE,
Commissioners.

In the matter of the application of the Department of Public Parks, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, relative to the opening of One Hundred and Thirty-eighth street, from Harlem river to Long Island Sound; and to the opening of One Hundred and Forty-ninth street, from Harlem river to the Southern Boulevard; and to the opening of Westchester avenue, from Third avenue to the City line at the Bronx river; and to the opening of Cliff street, from Third avenue to Union avenue; and to the opening of One Hundred and Sixty-first street, from Jerome avenue (late Central avenue) to Third avenue; and to the opening of One Hundred and Sixty-fifth street, from Boston avenue to Union avenue; and to the opening of Tinton avenue, from Westchester avenue to One Hundred and Sixty-ninth street; and to the opening of Prospect avenue, from One Hundred and Fifty-sixth street to the Southern Boulevard; and to the opening of Willis avenue, from One Hundred and Forty-seventh street to Third avenue; and to the opening of One Hundred and Forty-eighth street, from Third avenue to St. Ann's avenue; and to the opening of One Hundred and Fifty-sixth street, from Third avenue to Elton avenue; and to the opening and widening of Morris avenue, from Third avenue to Railroad avenue, at One Hundred and Fifty-sixth street, in Twenty-third Ward of the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to the owner or owners, occupant or occupants, of all houses and lands, and improved or unimproved lands, affected thereby, and to all others whom it may concern, to wit:

That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof to be held at the Chambers of said Court in the County Court-house in the City of New York, on the 28th day of May, 1880, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, April 21, 1880.

MEYER BUTZEL,
HENRY LEWIS,
JOSEPH BLUMENTHAL,
Commissioners.

In the matter of the application of the Commissioners of the Department of Public Parks, for and on behalf of the Mayor, Aldermen, and Commonalty of the City of New York, relative to the opening of Welch street, from the western line of the New York and Harlem Railroad to the Kingsbridge road, as said Welch street has been laid out by the Commissioners of the Department of Public Parks, in pursuance of the provisions of Chapter 315 of the Laws of 1879, in the Twenty-fourth Ward of the City of New York.

Pursuant to the statutes in such case made and provided, notice is hereby given that an application will be made by the Counsel to the Corporation of the City of New York to the Supreme Court in the First Judicial District of the State of New York, at a Special Term of said Court, to be held at the Chambers thereof, in the County Court-house, in the City of New York, on Tuesday, the 18th day of May, A. D. 1880, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in the name and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, to all the lands and premises, with the buildings thereon, and appurtenances thereto belonging, required for the opening of Welch street, from the western line of the New York and Harlem Railroad to the Kingsbridge road, as said Welch street has been laid out by the Commissioners of the Department of Public Parks, in pursuance of the provisions of Chapter 315 of the Laws of 1879, in the Twenty-fourth Ward of the City of New York.

Dated New York April 16, 1880.

WM. C. WHITNEY,
Counsel to the Corporation,
Tryon Row,
New York.

FIRE DEPARTMENT.

HEADQUARTERS
FIRE DEPARTMENT, CITY OF NEW YORK,
(155 & 157 MERCER STREET.)
NEW YORK, May 13, 1880.

SEALED PROPOSALS FOR FURNISHING THIS

Department with the following articles, to wit:

200,000 pounds Hay, of the quality and standard known as Good Sweet Timothy.

55,000 pounds good clean Rye Straw.

1,800 bags clean White Oats, 80 pounds to the bag.

7,200 bags Fine Feed, 60 pounds to the bag.

—will be received at these Headquarters until 9 o'clock A. M., on Wednesday, the 26th instant, when they will be publicly opened and read.

No proposals will be received or considered after the hour named.

Proposals must include all of the items, specifying the price per cwt. for hay and straw, and per bag for oats and feed.

All of the articles are to be delivered at the various houses of the Department in such quantities and at such times as may be directed.

Two responsible sureties will be required upon each proposal, who must each justify thereon prior to its presentation in an amount not less than one-half of the amount thereof.

Blank forms of proposals, together with such further information as may be required, may be obtained upon application at these Headquarters, where the prescribed form of contract may also be seen.

Proposals must be indorsed upon the envelope "Proposal for Furnishing Forage," with the name of the bidder, and be addressed to the Board of Commissioners of this Department.

The Board of Commissioners reserves the right to reject any or all of the proposals received, if deemed to be for the interest of the city.

VINCENT C. KING,
JOHN J. GORMAN,
CORNELIUS VAN COTT,
Commissioners.

HEADQUARTERS
FIRE DEPARTMENT, CITY OF NEW YORK,

NEW YORK, November 7, 1878.

NOTICE IS HEREBY GIVEN THAT THE Board of Commissioners of this Department will meet daily at 10 o'clock A. M., for the transaction of business.

By order of the Board,
VINCENT C. KING, President,
JOHN J. GORMAN, Treasurer,
CORNELIUS VAN COTT,
Commissioners

CARL JUSSEN,
Secretary

FINANCE DEPARTMENT.

WILLIAM KENNELLY, AUCTIONEER.

CORPORATION SALE OF THE MARION STREET BELL TOWER.

THE COMPTROLLER OF THE CITY OF NEW York will sell at public auction, on Thursday, May 27, 1880, at 12 o'clock, noon, at the New County Court-house, the Marion Street Bell Tower.

TERMS OF SALE.
Cash to be paid to the Collector of the City Revenue at the time and place of sale. The successful bidder to remove the Bell Tower within twenty days from the date of sale, and to leave the premises on which it stands free from all material of the building.
The ground on which the tower stands to be smoothly and evenly graded.

JOHN KELLY,
Comptroller.
CITY OF NEW YORK, DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, May 17, 1880.

DEPARTMENT OF FINANCE,
BUREAU FOR COLLECTION OF ASSESSMENTS,
FIRST FLOOR, ROOM NO. 1, NEW COURT-HOUSE,
CITY HALL PARK,
NEW YORK, May 1, 1880.

NOTICE TO PROPERTY-HOLDERS.

PROPERTY-HOLDERS ARE HEREBY NOTIFIED that the following assessment list was received this day in this Bureau for collection:

CONFIRMED APRIL 28, ENTERED APRIL 30, 1880.

81st street opening, from the Boulevard to New Avenue (Riverside drive), and from 12th Avenue to Hudson river. All payments made on the above assessment on or before June 29, 1880, will be exempt (according to law) from interest. After that date interest will be charged at the rate of seven (7) per cent. from the date of entry.

The Collector's office is open daily, from 9 A. M. to 2 P. M., for the collection of money, and until 4 P. M. for general information.

EDWARD GILON,
Collector of Assessments.

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
NEW YORK, January 22, 1880.

NOTICE TO OWNERS OF REAL ESTATE IN THE TWENTY-THIRD AND TWENTY-FOURTH WARDS OF THE CITY OF NEW YORK.

THE COMPTROLLER OF THE CITY OF NEW York hereby gives notice to owners of real estate in the Twenty-third and Twenty-fourth Wards, that pursuant to an act of the Legislature of the State of New York, entitled "An act to provide for the adjustment and payment of unpaid taxes due the county of Westchester by the towns of West Farms, Morrisania, and Kingsbridge, lately annexed to the city and county of New York," passed May 22, 1878, the unpaid taxes of said town have been adjusted and the amount determined as provided in said act, and that the accounts, including sales for taxes levied prior to the year 1874, by the Treasurer of the County of Westchester, and bid in on account of said towns, and also the unpaid taxes of the year 1873, known as Rejected Taxes, have been filed for collection in the Bureau of Arrears in the Finance Department of the City of New York.

Payments for the redemption of lands so sold for taxes by the Treasurer of the County of Westchester, and bid in on account of said towns, and payments also of said Rejected Taxes of the year 1873, must be made hereafter to the Clerk of Arrears of the City of New York.

N. B.—Interest at the rate of twelve per cent. per annum is due and payable on the amount of said sales for taxes and said rejected taxes.

JOHN KELLY,
Comptroller

Alterations, Amendments and Additions to the Rules and Regulations.

OFFICE BOARD OF COMMISSIONERS,
NEW YORK, April 2, 1879.

GENERAL ORDERS NO. 1.

I.—The following amended Bill of Dress for the Uniformed Force of this Department, having been adopted, is hereby promulgated for its information and guidance:

FIRE CAP.

For Chief of Department.—A white leather cap with eight cones, having a gilded leather front depending from a gilt eagle head and attached to the front of the cap, with the insignia of his rank painted upon it in black shaded with red and above the word “Chief,” in black letters shaded with red upon a scroll of gold, as per pattern.

For Assistant Chief of Department.—Same as for the Chief of Department, with the insignia of his rank above the words “Assistant Chief.”

For Chiefs of Battalion.—Same as for the Chief of Department, with the insignia of their rank above the words “Chief (of such a Battalion),” the number of the battalion being indicated by a large figure, as per pattern.

For Officers of Engine Companies.—Same as for the Chief of Department, except that it will be of black leather and have a white patent leather stitched front, with the number of the company cut out of it, near the bottom, in plain block figures on a back-ground of black patent leather, (three and one half inches long if it be a single figure and two and one half inches long if it be a double figure), and with the insignia of rank above it in gold, shaded with red.

For Officers of Hook and Ladder Companies.—Same as for officers of engine companies, except that the number of the company will be on a back-ground of red patent leather.

For Officers of Chemical Engine Companies.—Same as for officers of engine companies, except that the number of the company will be on a back-ground of light green patent leather.

For Engineers and Assistant Engineers of Steamer.—Same as for officers of engine companies, omitting the insignia of rank and except that the front will be of black patent leather, with the number of the company on a back-ground of white patent leather, and the word “Engineer,” or “Ass’t Eng’r,” in white letters three quarters of an inch long painted on a line below.

For all other members of Engine Companies.—Same as for Engineers and Assistant Engineers of Steamer, except that for the word “Engineer,” or “Ass’t Eng’r,” the registered number of each member, in figures one inch in length, will be substituted.

For all members of Hook and Ladder Companies.—Same as for officers of hook and ladder companies, omitting the insignia of rank and except that the front will be of red patent leather with the number of the company on a back-ground of white patent leather, and the registered number of each member in white figures one inch long painted on a line below.

FATIGUE CAP.

For Chief of Department.—Of United States Navy pattern, made of dark blue cloth, pure indigo dye, with band one and one-half inches, and quarters one and three-quarter inches high, stiffened with hair cloth sewed into the seam of top and quarters; the top to have a small hole for ventilation in centre, and to be lined with red silk; a narrow welt around the bottom of band and top seam of cap; the inner band to be of strong, serviceable leather; the visor to be plain, solid black patent leather two inches wide with rounded corners; the chin strap of black patent leather one half inch wide with slides of the same material fastened to the cap on each side with a small regulation button; the insignia of rank, as prescribed, to be placed on the quarters in centre of the front, the lower points resting nearly upon the upper edge of band.

For Assistant Chief of Department, Chiefs of Battalion and Company Officers.—Same as for the Chief of Department, except the insignia of rank, which shall be as prescribed for them respectively.

For Engineers of Steamer and Assistant Engineers of Steamer.—Same as for company officers, omitting the insignia of rank and substituting therefor a white metal badge, as per pattern, two and

three-quarter inches long and two inches high, with a self-propelling steam fire engine in an oval, one and one-quarter inches high and two and one-eighth inches long in the centre, surrounded with an ornamental border, with the word "Engineer," or "Ass't Engineer" at the top, and the company number in figures below, to be fastened to the cap with an eye under each end, the lower edge resting upon the upper edge of the band.

For all other Members.—Same as for company officers, omitting the insignia of rank and substituting therefor a white metal maltese cross two inches square, with the letters "F. D." on the top arm, the letters "N. Y." on the lower arm, a hook and ladder crossed on the right arm, and a hydrant on the left arm, and with the registered number of each member in figures three-eighths of an inch long on a black ground, in a circle one inch in diameter in the centre. To be fastened to the cap with an eye under each side arm, the lower arm resting upon the upper edge of band.

HATS FOR SUMMER WEAR.

For all Officers.—Of white Mackinac braided straw (braids about one-half an inch wide), sides slightly tapering to crown and about four and one-half inches high, with black ribbed silk ribbon band seven-eighths of an inch wide, tied in a single bow knot on left side; brim about two and one-half inches wide, bound with seven-eighths inch black ribbed silk ribbon; the sweat band to be of leather about two inches wide, and the inside of the hat to be lined with gauze.

For all other Members.—Of brown Mackinac braided straw (braids about five-eighths of an inch wide), sides about three and one-half inches high, slightly tapering to crown, with black ribbed silk ribbon band one and three-quarters of an inch wide, tied in a single bow-knot on left side; brim about two and one-quarter inches wide, bound with seven-eighths inch black ribbed silk ribbon; the sweat band to be of leather about one and one-half inches wide; the bottom of crown to be lined with paper. The registered number in figures of German silver five-eighths of an inch long, fastened on a strip of black patent leather, to be sewed on the front of the band.

COAT.

For Chief of Department.—A double-breasted close fitting sack coat made of dark blue cloth, pure indigo-dye, weighing not less than twenty-four ounces to the yard; cut to button close to the neck with rolling collar and to reach to a point midway between the hip joint and bend of the knee; to have eight medium size regulation buttons on each breast, grouped in pairs; the cuffs to be made to fit the wrists and to be closed with three small regulation buttons; to have a pocket on the inside of each breast; the sleeves to be cut so as to be conveniently worn inside of the overcoat; the coat to be lined with red cloth or flannel, and the sleeves with linen. The prescribed insignia of rank to be placed in the end of collar on each side.

For Assistant Chief of Department and Chiefs of Battalion.—Same as for the Chief of Department, except that the buttons will be placed equidistant, and that the insignia of rank will be as prescribed for them respectively.

For Company Officers.—Same as for the Chief of Department, except that the buttons will be seven in number on each breast, placed equidistant, and that the insignia of rank will be as prescribed for them respectively.

For Engineers of Steamer and all other Members.—Same as for company officers, except that it will be single-breasted and have six buttons.

For Summer Wear.—A coat may be worn made of dark blue flannel, indigo dye, and in all other respects as above prescribed for the various grades, but without lining.

OVER COAT.

For Chief of Department.—A double-breasted frock coat with rolling collar, made according to pattern at Headquarters, with lap seams; of best dark blue pilot cloth, pure indigo-dye; weighing twenty-eight ounces to the yard; in length, to reach two inches below the knee; to button up close to the neck with eight large regulation buttons on each breast, grouped in pairs, three on each skirt behind, and three of small size on each sleeve of the cuff; the skirt to be closed behind; no outside pockets, but one inside on each breast; the skirts and backs to be lined with red cloth or flannel; the sleeves to fit snugly at wrists and to be lined with linen.

For all other Officers and Members.—Same as for the Chief of Department, except that there shall be five regulation buttons on each breast, placed equidistant.

VEST.

For all Officers and Members.—A single-breasted vest, made of the same material as the coat, without collar, and to button with six small regulation buttons to within five inches of the neck band.

For Summer Wear.—A vest may be worn made of light weight cloth or flannel, dark blue indigo-dye, and in all other respects as above prescribed.

TROWERS.

For all Officers and Members.—To be made of the same material as the coat, with lap seams; to be cut to fit close around the waist, but loosely around the hams and legs to admit of their free use.

For Winter or Summer Wear.—Trowsers may be made of a heavier or lighter material of the same color and dye, in the manner above prescribed.

SHIRT.

For all Officers.—To be of white linen or muslin, with turn down collar.

For Engineers of Steamer and all other Members.—To be of dark blue flannel, double-breasted, with large rolling collar.

CRAVAT.

For all Officers.—A narrow necktie or bow of black silk, tied in a flat knot in front, the ends to extend not more than three inches from the knot.

For Engineers of Steamer and all other Members.—Of black silk, to pass once around the neck and tie with double bow and flat knot in front, the ends to extend not more than three inches from the knot.

INSIGNIA OF RANK.

For Chief of Department.—Five trumpets measuring one and five-sixteenths inches each, crossed with bells outward and projecting beyond mouth pieces so as to form a design one and one-half inches in diameter, to be embroidered in gold upon a circle of dark blue cloth.

For Assistant Chief of Department.—Same as for the Chief of Department, except that there shall be three trumpets measuring one and one-half inches each, crossed with bells downward.

For Chiefs of Battalion.—Same as for the Assistant Chief of Department, except that there shall be two trumpets, embroidered on an oval of dark blue cloth.

For Foremen.—Same as for Chiefs of Battalion, except that the trumpets are to be parallel, with bells downward and close together, embroidered on an oval of cloth, dark blue for engine, scarlet for hook and ladder, and light green for chemical engine companies. The insignia for the cap, is to have the number of the company embroidered in gold midway between the trumpets, which are to be placed three-eighths of an inch between bells.

For Assistant Foremen.—Same as for Foremen, except that there will be only one trumpet. The insignia for the cap to have the trumpet placed horizontally, the bell to the left and the number of the company embroidered in gold above the centre.

PATROL BADGE.

For Engineers and Assistant Engineers of Steamer.—A white metal maltese cross two inches square with the letters "F. D." on the top arm, the letters "N. Y." on the lower arm, a hook and ladder crossed on the right arm, and a hydrant on the left arm, and with the company number in figures three-eighths of an inch long on a black ground, in a circle one inch in diameter, in the

centre. The whole badge to be two inches from point to point of arm, and to be fastened with a pin and improved catch.

For all other Members.—Same as for Engineers and Assistant Engineers of Steamer, except that the registered number of each member is to be substituted for the company number in the centre.

BUTTONS.

For Chief and Assistant Chief of Department and Chiefs of Battalion.—To be of white metal with gilt face, of the following description:

For Overcoat, (except the cuffs).—To be round, one inch in diameter, with convex roughened face, having the initials "F. D." in block letters one-quarter of an inch high in the centre, the words "City of" at the top and "New York" at the bottom in block letters one-eighth of an inch high, near and parallel to the rim around the button, which rim is to be bright and about one-sixteenth of an inch wide; the button to be attached to the coat by means of an eye of white metal wire securely fastened to it.

For Coat, (except the cuffs).—Same as for overcoat, except that it is to be three-quarters of an inch in diameter, with the dimensions of all the parts described proportionately reduced in size.

For Vest, Cuffs of Coat and Fatigue Cap.—Same as for overcoat, except that it is to be five-sixteenths of an inch in diameter, with the dimensions of all the parts described proportionately reduced in size.

For Company Officers and all other Members.—Same as for the Chief of Department, except that the buttons are to be of white metal throughout.

BELT.

For all except Officers.—To be of heavy belt leather, one and one-half inches wide, fastened at the front with strong metal belt plate, nickel plated, three and one-half inches long and two and one-quarter inches wide, with "F. D. N. Y." in three-quarter inch fire gilt raised block letters, in one line in the centre, and fastened with substantial snap and hook firmly put on the plate, the eye-piece of same material and corresponding width, permanently secured to the left end of belt, which is to be adjustable to size of waist by means of a substantial brass wire buckle on the right end, and have two leather slides between the plate and the buckle; a one-inch leather holding strap fitted to belt next to the eye-piece, is to be securely sewed double-loop shape, so as to freely slide on belt in lower loop and be riveted above and below belt, with an iron ring, nickel plated, one-quarter inch thick and one and three-quarter inches in external diameter, securely sewed into the small loop above the belt in lower part of strap; a strong metal spring snap two inches long, nickel plated, is to be securely sewed in with the back of the snap to the rear when hanging down. The strap, with ring and snap, to be eleven inches in extreme length. A frog made of one-inch belt leather, made to slide freely on belt with leather loop one-half inch below belt for holding the hydrant wrench and hose spanner, (described in the next succeeding paragraph), is to be placed on the belt behind the holding strap.

The belt is to be plainly marked as follows:

For engine companies with an E. followed by the number of the company and the member's number in the company.

For chemical engine companies with C. E. followed by the number of the company and the member's number in the company.

For hook and ladder companies with H. L. followed by the number of the company and the member's number in the company.

HYDRANT WRENCH AND HOSE SPANNER.

For all except Officers.—Of five-eighths inch wrought iron, the wrench made to fit the ordinary hydrant cap nut, and the spanner the standard hose coupling. The whole to be nine and three-eighths inches in extreme length, and to have the letters and figures as prescribed for the belt plainly stamped into it.

WATER-PROOF CLOTHING.

For all Officers and Members.—A double-breasted black rubber coat to extend below the knee, black rubber leggings, heavy rubber boots, and black rubber cover for cap.

II.—The several parts of the equipment and uniform herein prescribed are obtained and held subject to the following rules:

1. The buttons, cap badges, hat numbers with leather strips, patrol badges, belts and hydrant wrenches and hose spanners, are furnished by the Department without expense to the officers and members.

2. All the remaining parts of the uniform prescribed in this order must be procured by each individual officer or member at his own expense.

3. The buttons (for not to exceed three full suits), cap badges and patrol badges (for firemen and privates), and hat numbers and strips, will be issued to each officer or member direct by the Property Record Clerk, who will charge them in the book provided and kept for that purpose.

4. The cap and patrol badges for engineers and assistant engineers of steamer, and belts and hydrant wrenches and hose spanners, will be carried on the company property returns and issued by the several company commanders to the members for whom they are prescribed, who will return them to their commanding officer in case of leaving the company.

5. All officers and members will be held responsible for the safe keeping, proper use, and return of the articles above enumerated, and they are liable to the following penalties for the loss of either of them, which loss will be promptly reported to the Board by the commanding officer:

For the loss of a cap badge, five dollars.

" " patrol badge, five dollars.

" " belt, one day's pay.

" " hydrant wrench and hose spanner, two days' pay.

" " belt and hydrant wrench and hose spanner, three days' pay.

" " hat numbers, twenty-five cents.

" " buttons, each five cents.

6. No part of the equipment or uniform prescribed in this order is to be loaned to other persons, whether in or out of the Department, or used for any but the legitimate purposes of the same, under penalty of such punishment as in the opinion of the Board the offence may warrant.

III.—The uniform above prescribed will be worn as follows:

IN QUARTERS.

When not on special duty.—The uniform coat (vest optional), trowsers, shirt and cravat, but while at work cleaning apparatus, quarters, etc., old clothing may be worn.

When on special (house patrol) duty, and at the 8 A. M. roll-call.—The uniform coat (vest optional), trowsers, shirt, cravat, fatigue cap or hat, gloves, and patrol badge pinned on left breast. The coat to be buttoned up to the neck. The belt and wrench at roll-call only.

OUTSIDE OF QUARTERS.

When not on special duty, or when on leave of absence of less than twenty-four hours' duration (subject to the provisions of Par. XV. of G. O. No. 19 O. B. C., series 1877.)—The fatigue cap (or hat), uniform coat (and overcoat in cold weather, vest optional), trowsers, shirt, cravat, and in wet weather, the water-proof clothing, if desired.

When on street patrol.—The fatigue cap (or hat), uniform coat (and overcoat in cold weather, vest optional), trowsers, shirt, cravat and gloves. The coat to be buttoned to the neck, and always in wet weather the water-proof clothing. The patrol badge pinned on left breast.

When on other special duty.—Same as on street patrol, omitting the gloves and patrol badge.

AT FIRES.

The fire cap, belt and wrench (outside of all clothing), and overcoat or water-proof clothing must invariably be worn, unless circumstances should make it impracticable to do so; no other portion of the uniform will be insisted upon. The water-proof clothing is considered especially essential to the preservation of health, and to the free and unimpeded motion of the fireman.

IV.—Whenever the uniform is worn on duty (except at fires) or in the public streets, it must be in an unsoiled condition, with buttons and badges well polished, boots well blackened, and coat buttoned to the neck. Commanding officers of companies are charged with seeing to it that no member leaves quarters or goes upon house patrol duty who is not in all respects in the condition prescribed, and that all extra clothing is thoroughly aired at least once each week. While in uniform, in or out of quarters, hands will be kept out of pockets.

V.—No officer or member shall visit places where intoxicating beverages are sold while wearing the uniform of the Department.

VI.—No officer or member, whether in uniform or not, shall smoke upon the apparatus floor or in the dormitory of quarters; or in the streets or public places when in uniform.

VII.—The Chief of Department will designate an officer to inspect all uniforms or parts of uniforms before they are worn, with instructions to reject all found not in conformity to the foregoing provisions of this order.

VIII.—All orders or regulations heretofore issued on the subject of uniforms or any part of the same are hereby countermanded (with the exception of Par. XV. G. O. No. 19 O. B. C., series 1877), and the provisions of this order shall go into effect immediately upon its receipt.

NEW YORK, April 23, 1879.

GENERAL ORDERS No. 2.

The following rules, adopted by the Board, are hereby promulgated:

I.—That hereafter all persons appointed to membership in the uniformed force shall possess the following qualifications:

1. No person shall ever be appointed to membership in the Fire Department, or continue to hold membership therein, who is not a citizen of the United States, or who has ever been convicted of crime, or who cannot read and write understandingly in the English language, or who shall not have resided within the State one year. (Chapter 335, Laws 1873, sec. 78, as amended by sec. 11, chapter 757, Laws 1873.)

2. They shall not be more than thirty years of age.

3. They shall not be less than five feet seven inches in height, or weight and circumference of chest below that marked as the minimum accompaniment of the height in the following tables:

HEIGHT.	MINIMUM WEIGHT.	CIRCUMFERENCE OF CHEST. (<i>Quiescent.</i>) (There should be a difference, at least, of two inches at forced expiration and on full inspiration.)
5 feet 7 inches.	135 pounds.	33 inches.
5 " 8 "	140 "	34 "
5 " 9 "	145 "	34½ "
5 " 10 "	150 "	35 "
5 " 11 "	155 "	35½ "
6 " — "	160 "	36 "
6 " 1 "	165 "	36½ "
6 " 2 "	170 "	37 "
6 " 3 "	175 "	37½ "
6 " 4 "	180 "	38 "

4. Obesity shall be regarded a good cause for rejection.

5. Syphilitic taint in the applicant shall be regarded a good cause for rejection.

6. The respiring murmur must be clear and distinct over both lungs, its character full, easy and regular, and the organs of respiration and their appendages free from any indications of disease.

7. The character of the heart's action must be uniform, free and steady, its sound and rhythm regular and normal, and without indications of disease of the heart or blood vessels.

8. The condition of eyes and ears must be perfect.

9. The brain and nervous system must be in a healthy state, and the brain and spinal cord must not have been diseased.

10. There must not be any predisposition, either hereditary or acquired, to any constitutional diseases, such as phthisis, scrofula or rheumatism.

11. Habits must be good and moderate as to use of stimulants and tobacco.

12. The effects of serious illnesses or injuries must not be perceptible in the heart, lungs, liver, kidneys or other abdominal organs, or in the skin, eyes, ears, limbs, etc.

II.—No member of the uniformed force shall be promoted who does not possess all the qualifications required for appointment in the uniformed force, with the exception of those enumerated in sections 2 and 3 of the foregoing paragraph.

III.—All applicants for appointment and promotion shall be examined by the Medical Officer as to their physical condition, at the time of their appointment or promotion or within ten days thereof, and report of such examination shall be immediately made by the Medical Officer to the Board on Form 48 C.

IV.—All applications for examination with a view to appointment shall be hereafter made on the forms now in use and approved, to wit: Forms 48 A, 48 B, and 48 D.

V.—That applications for promotion shall hereafter be made in the handwriting and over the signature of the applicant, setting forth the length of his service in the various positions held in the Department and his qualifications for the position to which he desires promotion, be addressed to the Board and forwarded through the intermediate commanders for endorsement by them; and such application shall thereupon be referred to the proper Examining Board for examination and report as to the applicant's fitness.

VI.—That officers or members of the uniformed force while on the sick list on the recommendation of the Medical Officer, shall, so far as their medical treatment is concerned, obey his orders, directions and instructions, and the Medical Officer shall promptly prefer proper charges against them for violation of this rule, and furnish the necessary evidence to sustain the same.

VII.—That all former resolutions, orders or regulations on the subject of the foregoing regulations are repealed and rendered null and void.

NEW YORK, April 23, 1879.

GENERAL ORDERS No. 3.

I.—The code of signal stations and locations of alarm boxes prescribed by Par. XXXVII. of General Orders No. 13, O. B. C., series 1876, is hereby amended as follows:

Station 829 is changed from its present location to the corner of Ogden avenue and Wolf street.
" 891 is changed from its present location to Commerce avenue and High Bridge.

Station 921 is changed from its present location to Undercliff avenue, opposite Ogden's residence.

Station 925 is changed from its present location to the corner of Woodruff and Prospect avenues. Alarm boxes are located at each of the above, and at the following stations as now established:

Station No. 922, corner Monroe avenue and Spring street.

" 923, Harlem R. R. Shops (Tremont).

II.—All the regulations now in force with reference to fire-alarm boxes are hereby made applicable to the above, with the addition of the following:

After an alarm has been sent in from either of the alarm boxes above designated, the company commander of the district in which the box is located shall immediately cause it to be wound up by means of the key therein deposited.

III.—The above regulations shall go in force on and after 12 M. on the 1st proximo.

IV.—The following instructions, issued in special orders on the 11th inst., are hereby promulgated:

The Fire Steamer shall not leave its berth without having a duly licensed pilot at the wheel, who shall have absolute control and responsibility as to the manner of steering to and landing the boat at the point or place directed by the officer in command of the company.

NEW YORK, May 29, 1879.

GENERAL ORDERS No. 4.

I.—The Superintendent of Horses will see that on the receipt of this order requisition is made for collars to suitably fit all the horses of the Department not now so provided; and all surplus horse collars will then be turned over to the Superintendent of Horses.

II.—The Superintendent of Horses will see that all new horses are hereafter properly fitted with collars before they are put in service, making requisition for new ones in case none of the surplus collars will fit.

III.—Horses transferred, or sent to the hospital stables, will hereafter be accompanied by the collars belonging to them, and in case a horse dies the collar will be turned over to the Superintendent of Horses.

IV.—Paragraph VI. of G. O. No. 15, O. B. C., series 1874, is hereby countermanded.

V.—All parts of harness, or articles pertaining to the same, requiring repairs, or which should be replaced, will hereafter be called for on Form 8, stating thereon the particular repairs, etc., required, and all old materials of that character unfit for further use will be turned over to the Repair Shops.

NEW YORK, July 1, 1879.

GENERAL ORDERS No. 5.

I.—The code of signal stations and locations of alarm boxes prescribed by Par. XXXVII. of General Orders No. 13, O. B. C., series 1876, is hereby amended as follows:

Station 771 is changed from its present location to the corner of the Southern Boulevard and Third avenue.

Station 772 is changed from its present location to the corner of One Hundred and Thirty-sixth street and Alexander avenue.

Station 774 is changed from its present location to the corner of One Hundred and Thirty-eighth street and St. Ann's avenue.

Station 869 is changed from its present location to the corner of One Hundred and Fifty-ninth street and Washington avenue.

Station 935 is changed from its present location to the corner of Samuel street and Boston road (West Farms).

Alarm boxes are located at each of the above, and at the following station, as now established: Station 924, School House No. 1, Third avenue (Tremont).

II.—All the regulations now in force with reference to fire-alarm boxes are hereby made applicable to the above, except that in sending out an alarm the following rule shall be observed: Turn the knob to the right until the bell rings, then let go.

III.—The establishment of Lord & Taylor, corner of Twentieth street and Broadway, and the Park Theatre, on Broadway, between Twenty-first and Twenty-second streets, have been connected with the fire-alarm telegraph of the Department, and the same are established as signal stations Nos. 426 and 427 respectively. The Chief of Department will make the necessary assignment to duty.

IV.—Inspector William Lamb, in charge of the repairs to buildings, will hereafter be known and designated as the Superintendent of Repairs to Buildings, and he will have entire charge and control of all alterations and repairs to the houses of the Department, unless otherwise especially directed. His office shall remain at the Repair Shops.

V.—Foreman John McCabe having been placed in charge of the Repair Shops, he will hereafter be known as the Captain in charge of the Repair Shops, and all rules affecting the Chief of Battalion in charge of the Repair Shops, or the Superintendent of the same, are hereby made applicable to him. He is relieved from all responsibility and control of repairs to buildings, but will furnish such clerical assistance to the Superintendent of Repairs to Buildings as he may require.

VI.—The organization of the companies composing the uniformed force is hereby announced as follows:

For all engine companies located south of West Fifty-ninth street and East One Hundred and Tenth street, being Nos. 1 to 34 inclusive, and Nos. 39 and 43 (and No. 44 when organized and located), each: One (1) Foreman, one (1) Assistant Foreman, one (1) Engineer of Steamer, one (1) Assistant Engineer of Steamer, and eight (8) Firemen or Privates.

For all engine companies located between West Fifty-ninth and East One Hundred and Tenth streets, and West One Hundred and Twenty-fifth and East One Hundred and Thirtieth streets, being Nos. 35, 36, and 40, each: One (1) Foreman, one (1) Assistant Foreman, one (1) Engineer of Steamer, one (1) Assistant Engineer of Steamer, and six (6) Firemen or Privates.

For all engine companies located north of West One Hundred and Twenty-fifth and East One Hundred and Thirtieth streets, being Nos. 37, 38, 41, 42, and 45, each: One (1) Foreman, one (1) Assistant Foreman, one (1) Engineer of Steamer, one (1) Assistant Engineer of Steamer, and four (4) Firemen or Privates.

For all chemical engine companies, being Nos. 1 and 4, each: One (1) Foreman and three (3) Firemen or Privates.

For all hook and ladder companies located south of West Fifty-ninth and East One Hundred and Thirtieth streets, being Nos. 1 to 14 inclusive, each: One (1) Foreman, one (1) Assistant Foreman, and ten (10) Firemen or Privates.

For all hook and ladder companies located between West Fifty-ninth and East One Hundred and Thirtieth streets and the Harlem river, being Nos. 15 and 16, each: One (1) Foreman, one (1) Assistant Foreman, and six (6) Firemen or Privates.

For all hook and ladder companies located north and east of the Harlem river, being Nos. 17 and 18, each: One (1) Foreman, one (1) Assistant Foreman, and eight (8) Firemen or Privates.

Chemical Engine Company No. 3 will be forthwith equipped as a steam-engine company, to be known and designated as Engine Company No. 45, retaining and using the chemical engine with which it is now equipped.

The Chief of Department will make such changes in the assignments to duty as may be rendered necessary by the provisions of this paragraph.

GENERAL ORDERS No. 6.

General Orders No. 24, series 1878, Office Board of Commissioners, is hereby countermanded and the following substituted therefor:

The following addition to the Code of Special Call Signals now prescribed, to go into effect on receipt of this order, is hereby promulgated:

To call the President or either of the Commissioners: The President, 17 strokes and 6-3 strokes; Commissioner Van Cott, 17 strokes and 6-4 strokes; Commissioner Gorman, 17 strokes and 6-5 strokes.

Followed by one round of the number of the street-box nearest the location where the presence of either may be desired.

NEW YORK, August 6, 1879.

GENERAL ORDERS No. 7.

I.—All keys to telegraph alarm boxes now located in buildings, etc., will, as soon as practicable, be marked with a small figure near the box number in a separate series for each box, and all keys hereafter issued for that purpose will be marked in the same manner. The Property Record Clerk is charged with the execution of this regulation.

II.—Engine Company No. 43 (Fire Steamer Wm. F. Havemeyer) is transferred from the Fourth to the First Battalion, and from the berth at the foot of Pike street to the new berth at the bulkhead, New Pier 1, North river.

III.—The position of Chief Operator having been abolished, and that of Assistant Superintendent of Telegraph created, Chief Operator J. Elliott Smith was promoted to be Assistant Superintendent of Telegraph, to take effect from the 1st instant.

NEW YORK, August 20, 1879.

GENERAL ORDERS No. 8.

When any signal on either the gong or talking circuit, or any indication of fire (in whatever manner the same may be communicated) is received at any company quarters, every officer and member will immediately report for fire duty on the apparatus floor, the horses will be hitched up and the company prepared to leave quarters upon the command Go! to be given by the Commanding Officer at the instant he is assured that the company performs duty at the location indicated. When it is ascertained that the company does not perform duty at the station or point indicated, the Commanding Officer may give the command to unhitch immediately, except in case of a telegraphic alarm, in which case he will hold the company at attention until the last round of the signal number has been sounded upon the gong.

NEW YORK, November 14, 1879.

GENERAL ORDERS No. 9.

All officers and members of the Department are forbidden, either directly or indirectly, in any manner or for any purpose whatever, to invite, solicit, suggest or request any contributions, subscriptions or donations, or to engage or take part in any scheme or enterprise intended or calculated to induce or influence any one to purchase tickets to fairs, concerts, exhibitions, theatrical performances, picnics, excursions, balls, festivals or entertainments of any kind, or to make presents or gifts in money or goods of any description, without the official sanction of the Board expressed in writing.

OFFICE CHIEF OF DEPARTMENT,
NEW YORK, July 1, 1879.

GENERAL ORDERS No. 1.

I.—The assignment of Chiefs of Battalion and Companies for duty at the signal stations established by G. O. No. 5, Office B. of C., c. s., will be as follows, viz.:

Station 426, Lord & Taylor's, southwest corner of Broadway and Twentieth street.
“ 427, Park Theatre, near the corner of Broadway and Twenty-second street.
Same as are prescribed for signal station 378.

NEW YORK, October 23, 1879.

GENERAL ORDERS No. 2.

I.—The annual inspection of this department will take place as follows, viz.:

First Battalion.....	November 6.
Second “.....	“ 7.
Third “.....	“ 8.
Fourth “.....	“ 10.
Fifth “.....	“ 11.
Sixth “.....	“ 12.
Seventh “.....	“ 13.
Eighth “.....	“ 14.
Ninth “.....	“ 17.
Tenth “.....	“ 18.

II.—Assistant Chief of Department, Charles O. Shay, is hereby detailed as Inspecting Officer. The inspection, which will take place in quarters, will be conducted as prescribed in existing orders, and on completion thereof a detailed report will be forwarded to this office, in which mention will be made of the companies equipped with the swinging harness; the quantity, kind, and condition of the hose in use by each company; the number and kind of pipes, and their condition; the number and size of nozzles, and their condition; also roof ropes, extension ladders, and guy ropes, and the condition of the same.

III.—Leaves of absence will not be granted on the days designated until after the completion of the inspection of companies. Officers or members of the department, temporarily assigned or detailed, will report to their respective companies for inspection.

Annual Appropriation.

The amount asked by the Commissioners for the year 1880, was \$1,333,860, and the amount allowed by the Board of Estimate and Apportionment is \$1,307,670, being a reduction of \$26,190, distributed as follows:

Upon the Headquarters Pay-roll.....	\$1,578 00
“ Bureau of Fire Marshal Pay-roll.....	800 00
“ Telegraph Force Pay-roll.....	4,720 00
“ Superintendent of Horses Pay-roll.....	92 00
“ Bureau of Chief of Department Pay-roll.....	5,000 00
For the Extra Telegraph Force.....	12,000 00
“ Instructor of Corps Sappers and Miners.....	2,000 00
	\$26,190 00

For the year 1879, the amount of the appropriation was \$1,254,970, and the expenditures of the Department have been kept within the allowance made for the several purposes specified in the appropriation.

Contracts

—were awarded during the year, as follows:

O. T. Marshall, forage for.....	\$4,026 50
Manchester Locomotive Works, one steam fire engine, for.....	3,755 00
Manchester Locomotive Works, new boilers, etc., for seven engines, for.....	11,420 00
Samuel W. Sears, supplies, for.....	2,202 63
Walter Shay, supplies, for.....	1,685 20
L. G. Tillotson & Co., supplies, for.....	3,775 06
M. Barber & Nephew, cannal coal, for.....	2,480 00
O. T. Marshall, forage, for.....	3,868 00
James Mekeel, telegraph poles, for.....	1,499 00
Mahony Brothers, repairs and alterations at quarters of Engine Co. No. 32.....	6,490 00
Mahony Brothers, repairs and alterations to Headquarters building, for.....	6,570 00

Cash received for sales of condemned materials, etc., and deposited with the City Chamberlain, for the year, \$2,769.36.

Retired from all service and retired from duty at fires.

Under the provisions of section 14, chapter 742, Laws 1871, as amended, eleven members of the uniformed force were, on account of physical or mental disability, retired on pension, one of whom died within two months after his retirement.

Amendments and additions to Laws.

Section 14 of chapter 742 of the Laws of 1871, relating to the Relief and Life Insurance Funds, amended by chapter 186 of the Laws of 1877, was again amended by chapter 119 of the Laws of 1879, so as to make all fees and penalties arising from the enforcement of laws with which the Department is now or may hereafter be charged, payable into the Relief Fund; making the provision with reference to the payment of annuities to heirs of deceased officers and men, applicable to retired officers or men also; changing the provisions of payment from the Life Insurance Fund in such manner, that under all circumstances the widow of the contributor (if there be one) shall receive the amount, and continuing retired officers and members as contributors to that Fund.

By chapter 513 of the Laws of 1879, the provisions relating to pensions payable from the Relief Fund were made applicable to the widows or children of all officers and members of the uniformed force, who, since the organization of the paid department, in 1865, died in service or after being retired therefrom, under section 14, chapter 742 of the Laws of 1871, or acts supplementary thereto.

Chapter 342 of the Laws of 1879 prescribes additional regulations to govern in the transportation of petroleum and its products, in the counties of New York, Kings, and Queens, upon vessels of all kinds.

Fires.

The details of each fire or alarm occurring during the year are as follows (see tabular statement herewith):

	FIRST QUARTER.	SECOND QUARTER.	THIRD QUARTER.	FOURTH QUARTER.	TOTAL FOR THE YEAR.

Losses by Fire.

As will be seen by the foregoing tables, there were 1,551 fires during the year, being 104 less than during the year 1878, the total loss aggregating the sum of \$5,671,580, being larger than that sustained in the preceding year. That the decrease in the number of fires is largely attributable to the breaking up of an organized band of incendiaries, which was accomplished by the conviction and sentence to State Prison for life of Isaac Perlstein, Abraham D. Freeman, Charles Bernstein and Joseph Levy, the circumstances of which are referred to at greater length in another portion of this report, will appear manifest upon an examination of the following comparative statement of the number of fires attended by the companies named (which cover the portion of the city ascertained to have been the principal field of operations of the band referred to) during the years 1878 and 1879:

	1878.	1879.	DECREASE.
Engine Company No. 17 (Ludlow, near Grand street).....	208	118	90
Hook and Ladder Company No. 6 (Canal, near Allen street).....	278	180	98
" " " 9 (Elizabeth, near Prince street).....	227	187	40

Three very destructive fires occurred during the year, as follows.

On January 14th, on the northeast corner of Broadway and Grand street, loss..... \$1,333,900 00
On January 17th, Worth street, between Broadway and Church street..... 1,978,991 00
On November 25th, Eighth avenue, between Forty-ninth and Fiftieth streets..... 352,185 00

\$3,665,076 00

The magnitude of these fires entitles them to more than passing mention.

At 9:32 P. M., on the 14th of January, an alarm was received from Station 167 at the Central Office for a fire, which was discovered by a police officer, coming out of a fourth story window of the Crosby street end of the Grand street front of the building known as that of Brooks Bros., numbered 462 to 468 Broadway, and having a front of 100 feet on the east side of Broadway, 200 feet on the north side of Grand street, and 100 feet on the west side of Crosby street, being five stories high.

The Assistant Chief of Department was upon the ground within three minutes after the first alarm, and the third alarm sent out by him is recorded as received at 9:35 P. M. The condition of the fire upon the arrival of this officer was, that near the Crosby street end of the Grand street front, the building was so full of fire that a solid body of flame shot out of the windows of the two upper floors, a distance of fifteen or twenty feet, and that while the Broadway end of these two floors was still dark, a dense smoke was issuing from the windows, the heat being already so great as to cause the brown stone lintels and facings of the windows to throw off fragments in every direction. The companies sent for by these alarms, numbering eleven engines and five hook and ladder trucks, all responded promptly, and were at once put in service to the best possible advantage. An attempt was made by the first company arriving to reach the fourth floor on the Crosby street front, but without success, as it was impossible to do more than reach the stairway leading to that floor, upon which the company maintained a position for some time, and until it became necessary to withdraw it. In the meantime two of the companies succeeded in penetrating to the head of the stairway leading to the fourth floor from the Broadway front, but they were unable to maintain this position, and were forced to retire therefrom by the heat and smoke of the fire, which had by that time burned down through the ceiling of the third floor below them. At 9:50 P. M., a call was sent for additional reinforcements, consisting of three engines and two hook and ladder trucks from the vicinity of Twenty-fourth street and Broadway, followed closely, at 9:55 P. M., by another call upon which two engines responded from the vicinity of Broadway and Vesey street. Additional calls, upon which seven engines from various parts of the city responded, were then sent at intervals of a few minutes, the last one being at 10:37 P. M. Within eighteen minutes after the first alarm, that is at 9:50 P. M., the fire had gained so much headway and the heat was so intense, as to cause serious apprehension of the security of the building on the southeast corner of Broadway and Grand street, the tin roof of which had begun to curl up when the force sent there to protect the building arrived. At this time it became necessary to confine the operations of the force to preventing the extension of the fire to surrounding buildings, because it was no longer possible to maintain a position in the building without imminent danger of great loss of life, as floor after floor in various parts of the large structure gave way. The heavy

exterior walls remained standing until about 10:40 P. M., when they also gave way, with the exception of the lower portion of the Broadway front, which, together with a portion of the adjacent Grand street front, remained standing. It was at this time that the accident occurred which resulted in the death of Fireman John Reilly of Engine Co. No. 17, on Crosby street, near the corner of Grand, who with two comrades had the pipe of that company at that point, and, who in some unexplained way did not quickly enough heed the warning which enabled the other two to escape the falling walls. This wall (Crosby street) fell across the street and into the large iron front building on the northeast corner of Crosby and Grand streets, demolished the front to the third story, and broke through the iron gratings and sidewalk, carrying with it a considerable body of fire, which was, however, promptly extinguished. In all there were 23 engine and seven hook and ladder companies, and six chief officers on duty at the fire for periods varying from two to twenty-one hours and thirty-five minutes each, actual working time, while three Battalion Engines with details of men, were kept at work upon the ruins for thirty-six hours, and one for seventy-two hours; and three engines and one hook and ladder truck were called from still more remote locations to cover districts left exposed by the operations before described, making a grand total of six chief officers (out of eight at the time available for service, three being on sick-leave by reason of injuries previously received); twenty-six engine companies, out of forty-three, and eight hook and ladder companies out of eighteen, in the entire city, called for duty by reason of this fire, and leaving but five engine companies and two hook and ladder companies available for other duty in that part of the city lying south of Twenty-third street. While the cause of this fire remains not ascertained, the point of starting is fixed to the vicinity where the fire was first observed, and the fact came out upon investigation that the windows of that part of the building were all fitted with heavy dark shades, which it was customary to draw down close at the end of business each day, the upper ones being, in addition, obscured by ballustrades, thus excluding all view of the interior from the outside, and in that manner preventing an earlier discovery of the fire, which in this, as in most instances, is equivalent to saying that the fire would have been arrested on the floor where it originated and the consequent loss of life and property prevented. Assuming that the fire did not start simultaneously upon both floors, it follows that the discovery was delayed long enough to give it sufficient headway on both upper floors to show itself therefrom at the same instant to persons on the street.

It was but three days after the fire just described, *i. e.*, on January 17th, that the Worth street fire occurred, for which the first alarm was sent from Station 86 (Broadway and Thomas street) by a police officer, reaching the Central office at 7:52 P. M. The condition of the streets, owing to a recent snow-fall, was such as to slightly retard the response of the apparatus, although the several alarms sent and received were promptly answered. The fire originated on the third floor of Nos. 62 and 64 Worth street (a building extending through to Thomas street, from the second floor down, and forming Nos. 70 and 72 on that street), and it was discovered from both streets simultaneously by police officers, indicating in an unmistakable manner that it had already obtained great headway, and this was also corroborated by every witness examined with reference to the origin of the fire who was at or near it at the time. The first chief officer directed a third alarm to be sent, while on his way to the fire, at about 7:56 P. M., and assuming that, as usual, there would be no delay in its transmission, went immediately into the burning building to direct the operations of the three engine and two truck companies which responded with himself on the first alarm; but, unfortunately, the circuit upon which the box attempted to be used for the purpose (No. 86, from which the first alarm was successfully sent four minutes previously) opened at 7:55 1-2 P. M., the result being that the signal was not received. A second effort to send it therefrom proving unsuccessful also, the box was abandoned, and the next nearest one (No. 124, corner of Leonard and Church streets), was resorted to, from which the third alarm was successfully sent at 8:07 P. M., followed at 8:09 P. M. by a signal calling all the apparatus due on third alarm at Station 341 (Broadway and 14th street) to Station 86, and at various times thereafter three additional engine companies were called, the last one being at 8:38 P. M., making in all twenty-three engine and nine hook and ladder companies on duty at the fire. In addition to these, four engine and two hook and ladder companies were called during the fire from more remote localities, to respond to possible calls for service in locations left exposed by the operations at this fire. The appearance of the fire upon the arrival of the first detachment was extremely threatening, and the men were able to hold their position in the building in which the fire originated for a few minutes only, as the upper floors burned through in an almost incredibly short time, precipitating heavy merchandise, debris, etc., upon the floors below, making it impossible to remain in the building, which was totally destroyed. The fire also communicated with alarming and unprecedented rapidity to Nos. 58 and 60 Worth street on the west, and to Nos. 66 and 68 Worth street on the east, both of which were considerably damaged, and it also extended through the former to Nos. 54 and 56 Worth street, being the southeast corner of Church and Worth streets, which building also extended through to and formed Nos. 62 and 64 Thomas street, and was slightly damaged. The fire also extended to and destroyed Nos. 70 and 72 Thomas street, connected with and forming a part of Nos. 62 and 64 Worth street, up to the third floor (in which the fire, as before stated, originated) and from which it was separated above the second floor by an open light space about fifteen feet in depth. The subjoined diagram will give a clearer idea of the series of buildings affected by the fire, which were all built alike and at the same time:

The total frontage of the buildings destroyed and damaged was, as shown in the diagram, 160 feet on Worth street and 120 feet on Thomas street. The principal cause of the unusual rapid communication of the fire from building to building became apparent on an inspection after the fire of some of the adjoining buildings of the same row, and their exact counterparts. It was then found that the brick walls separating the stores were not built entirely up to the iron fronts, there being space enough between the ends of the walls and the fronts to permit of the passage of men from one store to another through this aperture with ease, when the lath and plaster partitions hiding this serious defect

in construction, and which gave the dividing walls a deceptive appearance of security, had been removed or were burned away. The following diagram illustrates the defect mentioned:

The fire was thus not only readily communicated from one building to another, but upwards and downwards in the same building as well.

At 6:48 A. M. on November 25, an alarm for fire at Station 536 was sent out from the Central Office, which proved to be in the car stables of the Eighth Avenue Railroad Company, fronting on the west side of Eighth avenue, from the corner of Forty-ninth street to within 50 feet of Fiftieth street, and extending westerly, over the entire width of the block, a distance of 300 feet, the series of structures covering this area being connected by doorways and other openings, bridges, etc., and being three and four stories high. Hook and Ladder Company No. 4, located at Forty-ninth street and Eighth avenue, received verbal notice of the fire about one minute before the telegraphic alarm, and, upon leaving quarters, its commanding officer, observing the immediate necessity for reinforcements, at 6:49 1/2 A. M., sent out a third alarm, which, in addition to the three engine and two truck companies responding to the first alarm sent as above stated, quickly brought eight additional engine and three truck companies to the scene. Beginning at 7:07 A. M., at intervals of a few minutes further aid was telegraphed for, the last call being sent at 7:27 A. M., six additional engines responding thereto, making a total of seventeen engines and five trucks at work at the fire, for periods ranging from one hour and thirty minutes to eleven hours and thirty-nine minutes. The remainder of the front on Eighth avenue, corner of Fiftieth street, was occupied by buildings 50 feet front, to which the fire also communicated (though they were but slightly damaged), and in rear of the same, fronting on Fiftieth street, was a small building which was demolished by the falling walls of the stable building.

The very inflammable nature of the contents of the stables, consisting of large quantities of hay, bedding, and feed, caused the fire (which was first discovered by some of the employees of the company in the feed-room on the third story of the Fiftieth street side) to spread with such extraordinary rapidity that out of 1,138 horses in the stables at the time, 248 had to be abandoned and were consumed in the flames. To sustain the enormous weight of horses, hay, etc., the buildings were constructed with heavy timbers, which, together with the contents, furnished the material for a very large and intense body of fire, the extension of which it became the principal effort of the force to prevent. In this effort it fortunately succeeded, the damage to the adjoining and surrounding property, except where caused by falling walls, being inconsiderable. The investigation into the cause and origin of the fire developed the fact that it was discovered by the employees of the company between eight and ten minutes before the alarm was in any manner communicated to the Department, or, in fact, before any effort was made to do so, thus fixing the time of discovery, as nearly as could be ascertained, at 6:40 A. M. The intervening minutes between that time and the sending of the first alarm, were spent by the employees in the vain effort to extinguish the fire, and the value of the time thus lost to the fire force may be estimated by the fact that the police officer who sent out the alarm from the box at the corner of Eighth avenue and Fiftieth street, saw the fire in the southeastern angle of the structure, *i. e.*, at the corner of Forty-ninth street and Eighth avenue, and nearly 200 feet distant from the point of its original discovery in another building, not exceeding two minutes prior to the receipt of the still (or verbal) alarm given to Hook and Ladder Co. No. 4, when the fire was also seen in the same locality by the commanding officer of that company, who, as before stated, promptly recognized the want of considerable assistance and sent the third alarm. Despite the efforts made by the Department to induce all upon the discovery of fire to give immediate notice to the Department, it frequently occurs that minutes of the most precious time are lost in this manner, and this, it has been observed, is especially the case where large risks are involved and private appliances for fire extinguishment have been provided to protect them. While the Department does not discourage such measures of protection, it is unfortunately but too often the case, as experience has abundantly shown, that too much confidence is reposed in the handling of these appliances by men deficient in practical experience, who, in their anxiety to get the credit of extinguishing the fires, omit that most important duty, the summoning of the Fire Department, until it is too late to save the premises from destruction; and while it cannot be positively asserted that in this instance the buildings would not have been destroyed if the alarm had been given at once upon the discovery of fire, there can be no doubt that it is to the loss of these most precious first minutes that great fires, and much consequent loss of property and occasionally of life, are generally attributable.

Fireman Henry C. Mount, of Engine Co. No. 8, was so seriously injured at this fire, by a falling wall, as to cause his death, which occurred on the 9th of December. Several of the officers and members of the same Company were also more or less injured at the same time.

Annual Inspection.

From the 6th to the 18th of November, the Assistant Chief of Department was engaged, by direction of the Chief of Department, in inspecting the several companies of the uniformed force, the purpose being to ascertain the actual condition of the men and their uniforms and accoutrements, the quarters, the horses, apparatus and implements, and their proficiency, by actual time test, in hitching up. In taking the time required for hitching up and getting ready for actual service three separate trials were given each company, the horses being in their stalls at the commencement of each trial, and the signal to commence being given upon the telegraph alarm gong.

The quickest average time in hitching a team was 3.17 seconds.

The slowest average, 14.25 seconds.

The quickest average time in hitching a single horse was 5.66 seconds.

The slowest average was 18 seconds.

The average time in hitching engines was 8.74 seconds.

" " tenders was 10.06 "

" " trucks was 7.99 "

The general average of all apparatus, 1879, 9.54 seconds.

" " " 1878, 10.26 "

" " " 1877, 13.03 "

The difference between the quickest and slowest time above given is largely accounted for by the advantages possessed by some companies over others for quick work, as for instance, in the distance of the stables or stalls from the pole of the apparatus, which varies from 15 to 96 feet, and in their position, one-half of the whole number facing and opening towards the apparatus, and the remainder facing the side. The inspecting officer summarizes the result, at the conclusion of his very minute report, with the statement that "the general appearance of the force, and the discipline displayed by the officers and men on the days of inspection, were highly creditable to the service."

Record of Meritorious Services.

Seventeen persons were rescued by the individual exertions of officers and men at fires, of which number the following were accomplished at personal risk:

April 10. Fireman Michael Connors, of Engine Company No. 14, climbed up the front of the burning building No. 190 Sixth avenue, and finding Mrs. Marie Oxley and her three children, Marie, John and Alice, upon the second floor in a partly suffocated condition, carried them to the front window and passed them out to his comrades in safety, the room being at the time heavily charged with smoke and heat.

September 25. Assistant Foreman William J. Colby, of Hook and Ladder Co. No. 4, entered the third floor of No. 402 West Fortieth street by means of a ladder and found Mrs. Henrietta Schwab

lying upon the floor, whom he carried to the window, whence she was safely conveyed to the street by members of the same company. Groping his way back on hands and knees through other rooms to the centre of the floor, he discovered Isador Schwab, whom he also succeeded in delivering to the members of his company at the front window. Both of the persons rescued were unconscious at the time.

November 14. Private Patrick J. Lynch, of Engine Company No. 11, on arriving at the fire No. 80 Cannon street, safely caught Mary Burbisher, aged ten years, in his arms, as she was dropped from the third story of the building by her mother, and subsequently made a very brave, though, unfortunately, ineffectual attempt to rescue other inmates of the burning tenement by going through fire and dense smoke to the upper floors of the building, resulting in serious injuries to his own person. For his gallant behavior he was at once promoted to the grade of fireman.

December 27. Fireman Paul Bauer, of Hook and Ladder Company No. 4, before the arrival of any of the companies of the Department at the fire in the building Nos. 405 and 407 West Fiftieth street, rescued Mrs. Avilla Staniford from the third story front window, by means of a ladder supported upon the shoulders of several citizens, it being too short to reach from the sidewalk to the window, a distance of twenty-four feet.

Award and Presentation of the Bennett Medal for 1878.

As stated in the last annual report of this Department, the award of the Bennett Medal for 1878 to Foreman Daniel J. Meagher, commanding Hook and Ladder Co. No. 3, was recommended to and confirmed by the Trustees of the Bennett Medal Fund, and the presentation was formally made by Commissioner John J. Gorman, at headquarters, on December 27, in the presence of all the surviving holders of the medal, the Commissioners, the chief officers of the Department, and the members of the recipient's own company. The act thus recognized and rewarded is briefly described as follows:

May 2, 1878. In response to an alarm from station 339, at 11.50 P. M., Hook and Ladder Company No. 3 proceeded to the premises No. 28 East Fourteenth street, and found a woman (Miss Sarah Freeman) hanging out of the fourth story window, all other means of escape having been cut off by the fire in the building. The longest ladder was raised from the sidewalk with all possible celerity, and, being found too short, was shifted to the top of the stoop and held by hooks in a perpendicular and dangerous position against the front of the building. In this position it was ascended by Foreman Daniel J. Meagher, commanding the company named, followed by Fireman John P. Flood, who, notwithstanding that the ladder was found to be still three feet short, succeeded in rescuing the woman from her perilous position, and at great personal risk.

Casualties at Fires.

The number and general nature of the casualties at fires, or occurring in connection with the operations of the Department in responding to alarms, was as follows:

	FATAL.	SERIOUS.	SLIGHT.	AGGREGATE.
Members of the Department.....	4	38	101	143
Citizens.....	12	44	10	66
Total.....	16	82	111	209

Danger Signals on Elevated Railroads.

An arrangement was made with the elevated railroads, in case of fires occurring on the line of the several roads, to stop the running of trains when the danger signals agreed upon are displayed by the officers of the Department.

Parade.

As has been the custom for some years, a brigade of the Department participated in the ceremonies of Decoration Day, on May 30th, upon the invitation and under the direction of the Grand Marshal of the Day.

Changes in Organization.

Chemical Engine Company No. 2, located on One Hundred and Sixty-sixth street, between Washington and Third avenues, was discontinued as a separate organization, and merged with Hook and Ladder Company No. 18, located at the same point.

Chemical Engine Company No. 3, located on Division street, between Boston road and Cross street, was equipped as a steam engine company (retaining and using the chemical engine), and designated as Engine Co. No. 45.

New Organizations.

Negotiations were begun for the purchase of a lot, suitable for a location of quarters for a new company in that portion of the Twenty-fourth Ward known as the village of Fordham, and for the lease of a lot (with suitable house to be built thereon), in that portion of the Twenty-third Ward known as Highbridgeville.

Fire Steamer.

The berth formerly occupied by the Fire Steamer (Engine 43), at Pier 1, new, North river, having been set apart for its use, the lease of the berth last occupied, at Pier 39, East river, near the foot of Pike street, was discontinued, and the location of the vessel changed accordingly. The berth at Pier No. 1, though not as good for all purposes as it should be, is by reason of the fact that points upon the river front of both sides of the city are equally accessible therefrom, deemed preferable to the other.

In connection with the cases of Perlstein, Freeman, Bernstein, and Levy, who were indicted on November 14, 1878, for setting fire to the tenement-house No. 11 Ludlow street, on the night of November 10, 1878, a brief statement of the plot, discovery, trial, and punishment is justified by the enormity of the crime, which fortunately did not result in loss of life and greater damage to property. A number of very suspicious fires in the vicinity of the tenement referred to occurred within a very short period prior to the time above stated, nearly all giving evidence of the same handiwork. Isaac Perlstein, Abraham D. Freeman, and Charles Bernstein were finally suspected and closely watched, and on the night in question were tracked from their rendezvous, No. 62 East Broadway, to the tenement above referred to, which contained no less than twenty families at the time. The incendiaries were seen to enter a certain apartment occupied by Joseph Levy, in which (shortly after they left the building) fire was discovered, as well as abundant evidences of incendiarism. During several days afterwards they were again watched, and seen in company with Joseph Levy, and sufficient evidence was obtained to secure the indictment for arson in the first degree of all on November 13, 1878, upon which they were arrested on the following day. In this case, as well as in all the others referred to as occurring prior to it, the undoubted purpose of the band was to obtain the payment of claims for much greater loss than that actually sustained by the occupants upon their policies of insurance, which were invariably found to be for amounts in excess of the actual value of the insured articles. Upon the first trial of Freeman and Bernstein the jury disagreed, the defence being an alibi, the principal witness to prove which was one Cohen Davis, who, when the falseness of his testimony upon the first trial was brought to light on the second, was promptly charged with perjury and convicted, and sentenced as above stated. The second trial of Freeman and Bernstein, and that of Perlstein and Levy, resulted in their conviction and sentence to state prison for life.

The salutary effect of these examples was immediately observed, and is referred to in greater detail under the head of "Losses by Fire," in this report.

Apparatus.

The following is a summary of the work performed at the repair shops during the year:

New apparatus built—One hook and ladder truck; two engine tenders.
Old apparatus, etc., rebuilt—One steam fire engine; one hook and ladder truck; one Chief of Battalion's wagon.
Apparatus, etc., repaired—Sixty-six (66) steam fire engines; six (6) chemical fire engines; eleven (11) hook and ladder trucks; twenty-one (21) engine tenders; one (1) fuel wagon; seventeen (17) Chief of Battalion's wagons.
New harness made—Four (4) double sets; twelve (12) single sets; nine (9) double sets swinging.
Harness altered—Seven (7) double sets; seventeen (17) single sets.
Hose repaired—One hundred and eighty-two (182) lengths.
The above, together with the very numerous minor repairs and alterations constantly required, have kept the full working force of the repair shops continually employed.

In addition to the work enumerated, eleven new boilers on steam fire engines, which could not be furnished and placed at the repair shops, were obtained under contract.

One new steam fire engine and one new hook and ladder truck were also obtained and placed in service.

Swinging Harness.

This improvement upon the old style of harness, which, in the case of engines and trucks, is suspended from the ceiling over the pole of the apparatus and attached to the same, and over the shafts of the single horse tenders, is in use in nine engine and three hook and ladder companies. Not only is the hitching greatly facilitated by the use of the harness, but it is also a great relief and benefit to the horses, as they were formerly compelled to remain in harness at all times.

Horses.

Twenty-one (21) horses were condemned and sold, nine (9) died, and forty-two (42) were bought, leaving the number in the Department two hundred and thirty-three (233).

Bell-Towers.—The Bell-tower on Essex Market having been found to be unsafe and requiring very extensive repairs to make it fit for further use, and the tower located in rear of the quarters of Engine Company No. 20, at No. 47 Marion street, having also been reported out of repair and practically useless by reason of the height of the surrounding buildings, the use of both was discontinued, and they were turned over to the Commissioners of the Sinking Fund, and sold.

Combination Alarm and Talking Instruments.—These instruments (which were fully described in the Report for 1878) were placed in the following quarters:

Engine Cos. Nos. 3, 4, 6, 12, 13, 19, and 32; and Hook and Ladder Cos. Nos. 2, 3, 4, 7, 11, and 12, making a total of twenty-six (26) now in use.

Dial Instruments.—For facilitating communication with the various houses of the Department, dial instruments of an improved pattern were placed in the quarters of the companies below enumerated:

Engine Cos. Nos. 1, 2, 3, 4, 5, 14, 15, 21, 23, 24, 26, 31, 32, 33, 34, 35, 37, 39, 40, 42, and 45; Hook and Ladder Cos. Nos. 5, 8, 11, 12, 16, and 17; Chemical Engine Co. No. 4.

Unnecessary Fire Alarms.—The total number of unnecessary alarms received during the year was 111, of which number 74 came from the street alarm boxes. In the report for the year 1878, a comparison of the number and percentage of necessary to unnecessary street box alarms for 1877 and 1878 was made, showing a reduction of those found to be unnecessary in 1878, which was ascribed to the new lock attachment described in the reports for the years 1877 and 1878. During the last

named year all the boxes were fitted with the attachments, making the record of the year 1879 complete in that respect. The showing is as follows:

YEAR.	ALARMS FOR FIRE COMMUNICATED FROM STREET BOXES.	UNNECESSARY ALARMS COMMUNICATED FROM STREET BOXES.	TOTAL ALARMS COMMUNICATED FROM STREET BOXES.	PERCENTAGE OF UNNECESSARY ALARMS.
1877.....	855	177	1,032	.17
1878.....	928	93	1,021	.09
1879.....	921	74	995	.07

Summary of work performed in the maintenance, repairs, and alterations of the telegraph lines, and in the construction of new ones:

	FIRST QUARTER.	SECOND QUARTER.	THIRD QUARTER.	FOURTH QUARTER.	TOTAL FOR THE YEAR.

New Quarters.

The premises No. 108 John street were leased for one year, with the privilege of nine yearly renewals, and fitted up as quarters for Engine Company No. 32, heretofore located at No. 18 Burling Slip, in very small and unhealthy quarters. The necessity of making better provision for this company has long been recognized, and the change is in every way an improvement.

Out of the special appropriation of \$30,000 made therefor by the Board of Estimate and Apportionment, the quarters of Engine Companies Nos. 11, 17 and 28 are in process of rebuilding and approaching completion. The aim has been to make the new buildings models, combining all the improvements suggested by years of experience, with durability and solidity.

Under the provisions of Section 13, Chapter 742, of the Laws of 1871, the officials therein designated authorized the purchase of a lot situated on the north side of Seventy-fifth street, between Second and Third avenues, upon the application of this Board, as a location for a new engine company, to be designated No. 44, upon which it is the intention to erect a suitable house as soon as the title thereto has been acquired and vested in the city.

Headquarters.

The building No. 153 Mercer street, adjoining the Headquarters' building, for some years occupied as offices under lease, was given up, and the necessary alterations required to accommodate the Bureau of Combustibles, etc., were made in the Headquarters building.

Alterations and Repairs to Buildings.

A number of the company houses of the Department were extensively repaired and altered, notably those of Engine Companies Nos. 19 and 34, which were entirely remodelled. The other houses in which repairs, etc., were made, were those of Engine Companies Nos. 7, 15, 20 and 38, Chemical Engine Company No. 1, and Hook and Ladder Companies Nos. 1, 4, 14 and 15. In all cases where alterations were made the important improvement of facing the stalls towards and locating them nearer to the pole of the apparatus, for the purpose of facilitating the hitching, was included, and, where space permitted, they were also fitted up as fuel depots.

Treasurer's Report.

The following statements show the condition of the Relief and Life Insurance Funds for the year:

Statement, New York Fire Department Relief Fund, for Year ending December 31, 1879.

Dec. 31, 1878	Balance on hand.....		\$371,306 82
Dec. 31, 1879	Receipts for year—		
	From Fines.....	\$573 03	
	" Penalties.....	350 00	
	" Oil Licenses.....	30,300 00	
	" Powder Licenses.....	180 00	
	" Special Permits.....	274 00	
	" Fire in Street Permits.....	64 00	
	" Fireworks Permits.....	355 00	
	" Chimney Fines.....	180 00	
	" Interest.....	18,680 49	
	" Foreign Tax.....	17,582 80	
	" Sales Powder Seized.....	6 30	
			68,545 62
			\$439,852 44
	Disbursements for year—		
	For Expense Account.....	\$1,075 23	
	" Pay of Relieved Men.....	1,799 96	
	" Pensions of Retired Men.....	8,073 24	
	" Pension Account.....	6,329 94	
	" Fine Remitted.....	5 00	
			17,283 37
Dec. 31, 1879	Balance.....		\$422,569 07

Statement, New York Fire Department Life Insurance Fund, for the Year ending December 31, 1879.

Dec. 31, 1878	Balance on hand.....		\$11,785 00
Dec. 31, 1879	Assessments for the year.....		9,293 00
			\$21,078 00
