OTHER MATTERS.

Contract 22.

The Secretary read the advertisement, which was duly published in the City Record, "New York Times," "New York Sun," "Engineering Record" and "Engineering News," stating that bids for the construction of the work under this contract (Bull Hill Tunnel), would be publicly opened and read at the office of this Board, Room 910, on the ninth floor of No. 299 Broadway, New York City, on Tuesday, March 9, 1909, at 11 a. m.

This advertisement was as follows:

Catskill Aqueduct—Contract 22.

Sealed bids or proposals will be received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m., on Tuesday, March 9, 1909, for the construction of a portion of the Catskill Aqueduct, consisting of about one mile of tunnel on the hydraulic gradient, known as Bull Hill Tunnel, 17 feet high by 13 feet 4 inches wide inside, lined with concrete, and two short stretches of plain concrete conduit, known as cut and cover aqueduct, at the ends of the tunnel, about one-half mile long, 17 feet high by 17½ feet wide inside, situated in the Town of Philipstown, Putnam County, N. Y.

An approximate statement of the quantities of the various classes of work and further information are given in the Information for Bidders, forming a part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable.

Two or more bonds, the aggregate amount of which shall be two hundred and fifty thousand dollars (\$250,000), will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank drawn to the order of the Comptroller of The City of New York, to the amount of twenty-five thousand dollars (\$25,000).

Time allowed for the completion of the work is thirty-eight months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Council, and specifications and pamphlets containing contract drawings, can be obtained in the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, for depositing the sum of ten dollars (\$10) in currency, or check drawn in the order of the Board of Water Supply, for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

JOHN A. BENSHEL, President;
CHARLES S. CHADWICK,
CHARLES A. SHAW,

Commissioners of the Board of Water Supply.

J. Waldo Smith, Chief Engineer.
Thomas Hassett, Secretary.

The Secretary also presented affidavit of the publication of said advertisement in the City Record.

The box containing the bids was opened, and it was announced that fifteen bids for said work had been received, each accompanied by a certified or cashier's check for twenty-five thousand dollars (\$25,000), from the following concerns:

Dravo Contracting Company, Lewis Block, Pittsburg, Pa.

DEPARTMENT OF FINANCE.

Department of Finance, Bureau for the Collection of Assessments and Arrears of Taxes, Assessments and Water Rents, No. 280 Broadway, New York, April 1, 1909.

NOTICE OF EXPIRATION OF TIME TO REDEEM LANDS AND TENEMENTS IN THE BOROUGH OF RICHMOND SOLD FOR CERTAIN UNPAID TAXES AND ASSESSMENTS.

Under direction of Herman A. Metz, Comptroller of The City of New York, notice is hereby given to the owners, lessees, occupants and all persons otherwise interested in the lands and tenements hereinafter particularly described as sold, and to the mortgagees of the real estate so sold, their assigns or personal representatives, that the lands and tenements, described in the following list, within that part of The City of New York known as the Borough of Richmond, were sold at public auction by the Collector of Assessments and Arrears of said City on November 20, 1907; December 4, 1907; January 15, 1908; February 5, 1908; March 4, 1908; April 15, 1908; May 20, 1908; August 5, 1908; September 30, 1908; November 11, 1908; February 17, 1909, for the respective terms of years stated in the following list, in default of payment of taxes of any or all of the years 1899 to 1903, inclusive, and assessments for any and all of the years 1899 to 1904, inclusive, due on the said property.

And notice is hereby further given that unless the lands and tenements so sold be redeemed by the persons claiming title to the same or interest therein, or by some other person or persons, on or before the expiration of two years from the dates of sale of the said lands and tenements, respectively, which, will be respectively on November 20 and December 4, 1909; January 15, 1910, and February 17, 1911, as the said lands and tenements are specifically enumerated in this advertisement under the respective dates of sale, by paying to the Collector of Assessments and Arrears of said City, for the use of the purchasers of said lands and tenements so sold, their heirs, executors, administrators or assigns, the sums of money for which the same were sold, together with interest thereon at the rate of 14 per centum per annum (except sales to The City of New York, on which interest at the rate of 7 per centum per annum shall be paid), from the respective dates of sale, and the expenses allowed by law, the said lands and tenements will be conveyed to the respective purchasers, their heirs, executors, administrators or assigns, by leaves executed by the said Comptroller, in the name of The City of New York, under the common seal of the City, for such term of years as the same were sold, viz., for the respective terms of years stated in the following list.

The amounts stated as affecting property sold to The City of New York are for the total principal of the arrears of taxes and assessments, or either, only. Said sales were for the said principal, with interest added thereto at the rate of 7 per centum per annum from the time interest began to run on said principal, or any part thereof, to date of sale.

DANIEL MOYNAHAN, Collector of Assessments and Arrears.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 11 o'clock a. m., on Monday, April 5, 1909.

Present—George B. McClellan, Mayor; Herman A. Metz, Comptroller; James J. Martin, Chamberlain, and Patrick F. McGowan, President, Board of Aldermen.

The minutes of the meetings held March 16 and 31, 1909, were approved as printed.

The Chair called for a hearing the matter of the proposed acquisition by the City of certain property in the vicinity of North First street and Metropolitan avenue, in the Borough of Brooklyn, as requested by the Commissioner of Docks, as follows:

DEPARTMENT OF DOCKS AND FERRIES,
PIER "A," NORTH RIVER,
NEW YORK, March 16, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I transmit herewith for the approval of the Commissioners of the Sinking Fund form of agreement in quadruplicate with Thomas P. Graham for the purchase of certain property in the vicinity of North First street and Metropolitan avenue, in the Borough of Brooklyn, City of New York.

Yours respectfully,

ALLEN N. SPOONER, Commissioner of Docks.

This agreement made this day of March, 1909, by and between Thomas P. Graham, party of the first part, and The City of New York, acting by the Commissioners of Docks of said City, party of the second part, witnesseth:

That the said party of the first part, for and in consideration of the sum of one dollar to him in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, and of the payment to be made as hereinafter provided, hereby agrees to grant and release unto the party of the second part all that certain piece or parcel of land, lands under water, bulkheads, and the rights appurtenant thereto, situate, lying and being in the Borough of Brooklyn, The City of New York, County of Kings, State of New York, particularly bounded and described as follows, to wit:

Beginning at the point of intersection of the southerly line of Metropolitan avenue and the westerly line of River street; running thence southerly along the westerly line of River street to the northerly line of North First street; running thence westerly along the northerly line of North First street to the bulkhead at present existing on said premises; running thence northerly and along the line of the existing bulkhead in front of said premises to the southerly line of Metropolitan avenue; running thence easterly along the southerly line of Metropolitan avenue to the point or place of beginning, together with all the right, title and interest of the party of the first part in and to Metropolitan avenue, River street and North First street to the middle lines thereof, in front of and adjoining the above described premises; and also all the right, title and interest of the party of the first part in and to the land under water in front of said block of land;

And all the right, title and interest of the party of the first part in and to that bulkhead and rights appurtenant thereto at present existing at the foot of the northerly half of North First street, and all that bulkhead and rights appurtenant thereto at the foot of Metropolitan avenue, between the southerly line of said Metropolitan avenue and the southerly line of the pier at present existing at the foot of said avenue, except such part thereof as the City now owns, with all the right, title and interest of the party of the first part in and to the land under water in front of said two bulkheads;

For the sum of two hundred and fifty thousand dollars, lawful money of the United States of America, to be paid by warrant on the City Treasury for that amount, as hereinafter specified.

And the party hereto of the second part hereby agrees to purchase said lands and premises, lands under water and bulkheads with the rights appurtenant thereto of the party of the first part, for the said sum of two hundred and fifty thousand dollars, to be paid as aforesaid, within sixty days after the approval of this agreement by the Commissioners of the Sinking Fund of The City of New York.

And it is further agreed that said deed or deeds shall be delivered and the consideration paid at the office of the Comptroller of The City of New York within sixty days after the approval of this agreement by the Commissioners of the Sinking Fund at a date and time within the said sixty days after approval, to be fixed by the Comptroller, and that the consideration may be paid in a warrant or warrants of the said Comptroller, payable to the order of the party of the first part, and the said party of the first part on receiving such payment at the time and in the manner above mentioned, shall at his own proper costs and expense, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered to the Comptroller of The City of New York a good and sufficient deed or deeds of bargain and sale for conveying and assuring to the said party of the second part the fee simple of the above described lands and premises, free from all encumbrances in the form prescribed by law.

And it is further mutually covenanted and agreed by and between the several parties hereto that this agreement is made subject to the approval of the Commissioners of the Sinking Fund, and the party of the second part hereby agrees to submit this agreement to said Commissioners for approval and to serve written notice of the action of the said Commissioners within five days hereafter, and that unless said Commissioners shall approve the same and the said party of the second part shall serve said notice within five days hereafter as aforesaid, and unless the said party of the second part shall complete this agreement, if approved, within sixty days after such approval as hereinbefore mentioned, this contract shall at the option of the said party of the first part be utterly void.

In witness whereof the Commissioner of Docks has executed these presents for and on behalf of The City of New York, and has caused the seal of the Department of Docks and Ferries to be hereunto affixed, attested and proved by its Secretary, and the party of the first part has hereunto set his hand and seal and the parties hereto have executed this agreement in four parts, one of which is to remain with the party of the first part, one with the Commissioner of Docks, one with the Corporation Counsel and one with the Comptroller of The City of New York.

Signed, sealed and delivered in the presence of

The City of New York.

Attest:
Secretary.

Commissioner of Docks.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I hereby certify that the following is a correct copy of the publication in the CITY RECORD as advertised on March 22, 23, 24, 25, 26 and 27, 1909, being the six consecutive days required by law.

N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund.

Commissioners of the Sinking Fund.

Public notice is hereby given that the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in Room 16, City Hall, Borough of Manhattan, at 11 o'clock a. m. on Monday, April 5, 1909, relative to a recommendation of the Commissioner of Docks that the Commissioners of the Sinking Fund authorize the Commissioner of Docks to enter into an agreement with Thomas P. Graham to purchase for the sum of two hundred and fifty thousand dollars (\$250,000) the following described property:

"All that certain piece or parcel of land, lands under water, bulkheads and the rights appurtenant thereto, situate, lying and being in the Borough of Brooklyn, The City of New York, County of Kings, State of New York, particularly bounded and described as follows:

"Beginning at the point of intersection of the southerly line of Metropolitan avenue and the westerly line of River street; running thence southerly along the westerly line of River street to the northerly line of North First street; running thence westerly along the northerly line of North First street to the bulkhead at present existing on said premises; running thence northerly and along the line of the existing bulkhead in front of said premises to the southerly line of Metropolitan avenue; running thence easterly along the southerly line of Metropolitan avenue to the point or place of beginning, together with all the right, title and interest of the party of the first part in and to Metropolitan avenue, River street and North First street to the middle lines thereof, in front of and adjoining the above described premises, and also all the right, title and interest of the party of the first part in and to the land under water in front of said block of land, and all the right, title and interest of the party of the first part in and to that bulkhead and rights appurtenant thereto at present existing at the foot of the northerly half of North First street, and all that bulkhead and rights appurtenant thereto at the foot of Metropolitan avenue, between the southerly line of said Metropolitan avenue and the southerly line of the pier at present existing at the foot of said avenue, except such part thereof as the City now owns, with all the right, title and interest of the party of the first part in and to the land under water in front of said two bulkheads."

GEO. B. McCLELLAN.

Chairman, Commissioners of the Sinking Fund.

No one appearing in opposition to or in favor of the proposition, the Chair declared the hearing closed.

The following resolution was then offered for adoption:

Resolved, That the Commissioner of Docks be and is hereby authorized to enter into an agreement with Thomas P. Graham to purchase for the sum of two hundred and fifty thousand dollars (\$250,000) the following described property:

"All that certain piece or parcel of land, lands under water, bulkheads and the rights appurtenant thereto, situate, lying and being in the Borough of Brooklyn, The City of New York, County of Kings, State of New York, particularly bounded and described as follows:

"Beginning at the point of intersection of the southerly line of Metropolitan avenue and the westerly line of River street; running thence southerly along the westerly line of River street to the northerly line of North First street; running thence westerly along the northerly line of North First street to the bulkhead at present existing on said premises; running thence northerly and along the line of the existing bulkhead in front of said premises to the southerly line of Metropolitan avenue; running thence easterly along the southerly line of Metropolitan avenue to the point or place of beginning, together with all the right, title and interest of the party of the first part in and to Metropolitan avenue, River street and North First street to the middle lines thereof, in front of and adjoining the above described premises, and also all the right, title and interest of the party of the first part in and to the land under water in front of said block of land;

"And all the right, title and interest of the party of the first part in and to that bulkhead and rights appurtenant thereto at present existing at the foot of the northerly half of North First street, and all that bulkhead and rights appurtenant thereto at the foot of Metropolitan avenue between the southerly line of said Metropolitan avenue and the southerly line of the pier at present existing at the foot of said avenue, except such part thereof as the City now owns, with all the right, title and interest of the party of the first part in and to the land under water in front of said two bulkheads."

—said agreement to be approved as to form by the Corporation Counsel.

Which resolution was adopted by the following vote:

Affirmative—The Mayor, the Chamberlain and the President of the Board of Aldermen.

Negative—The Comptroller.

The Chamberlain, to whom was referred the matter of the proposed lease by the City of the vacant plot of ground on Seaman avenue, between Emerson and Isham streets, in the Borough of Manhattan, for use as a public playground and athletic field, presented the following report and offered the following resolution:

April 5, 1909.

To the Commissioners of the Sinking Fund:

At the meeting on March 16, 1909, there was referred to me the proposed lease by the City of the vacant plot of ground on Seaman avenue, between Emerson and Isham streets, for use as a public playground and athletic field.

While examining into the matter I received on March 30 a letter, herewith attached, from Bryan L. Kennelly, No. 156 Broadway, stating that, on behalf of the owners of the property, he withdrew the offer to lease this plot of land to the City.

This disposes of the proposed lease, and I recommend that the papers relating to it be placed on file.

The question of establishing a public athletic field for the boys of the Borough of Manhattan especially, is still before us, and I have given this praiseworthy matter considerable attention.

It is very difficult to find a suitable location for this purpose on Manhattan Island. At least five acres of land will be required, and the cost of a plot of ground of that size belonging to private owners, if one could be found, would be quite large. It is out of the question to establish this athletic field in any of the public parks in Manhattan.

In Van Cortlandt Park, at the southerly end, near the subway station at Two Hundred and Forty-second street, there is a tract of low marsh ground, about ten or fifteen acres in extent. This could be filled in at moderate expense. It would then make a very desirable location for an athletic field.

The time on the subway from the Battery to Two Hundred and Forty-second street, which is at the entrance to Van Cortlandt Park, is less than fifty minutes by the express, and less than one hour by the local trains.

I therefore recommend that the matter of establishing an athletic field in Van Cortlandt Park, for the boys of Manhattan and The Bronx, be referred to the Park Commissioner of the Borough of The Bronx, to report as soon as possible as to the cost of filling in the marsh land above referred to, and also the expense of laying out an athletic field on the plans covered by the proposed lease of the plot at Seaman avenue.

Respectfully,

JAMES J. MARTIN, Chamberlain.

BRYAN L. KENNELLY,
REAL ESTATE BROKER, AUCTIONEER AND APPRAISER,
March 30, 1909.

Hon. JAMES J. MARTIN, City Chamberlain, New York City:

DEAR SIR—On behalf of the owners of the property on the corner of Seaman avenue and Emerson street, which I offered to lease to The City of New York for the purposes of an athletic field and playground for the boys of the Borough of Manhattan, and which proposition is more particularly set forth in my letter to Hon. John F. Ahern, dated the 5th day of December, 1908, I beg to notify you that the proposition is hereby withdrawn, and the property is not now in the market, either to rent or for sale to The City of New York.

Yours very truly,

B. L. KENNELLY.

Resolved, That the Commissioner of Parks for the Borough of The Bronx be and is hereby requested to submit to the Commissioners of the Sinking Fund, at the earliest possible date, an estimate of the cost of filling in the marsh land at the southerly end of Van Cortlandt Park, east of Broadway, near the subway station at Two Hundred and Forty-second street, containing about ten or fifteen acres in extent, and also the expense of laying out an athletic field for the use of the boys of Manhattan and The Bronx, on the plans covered by the proposed lease of the plot of ground at Seaman avenue and Emerson street, in the Borough of Manhattan.

The report was accepted and the resolution unanimously adopted.

The papers in the matter of the proposed lease of the plot of ground on Seaman avenue, for use as a public playground and athletic field, were ordered placed on file.

The following communication was received from the Commissioner of Docks relative to a lease of the 83½ feet of bulkhead next southerly of Pier (new) 46, North River, to the Central Railroad Company of New Jersey:

December 11, 1908.

Hon. GEORGE H. MCCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—After due consideration, I am of the opinion that the interests of the City would be best served by a lease to the Central Railroad Company of New Jersey of the 83½ feet of bulkhead next southerly of Pier (new) 46, North River, for a term commencing May 1, 1909, and expiring October 25, 1914; that is, for a period of five years, five months and twenty-five days, at a rental of \$2,200 per annum, with privilege of renewal for a further term of ten years at an advance of 10 per cent. over the rental for the first term; the lessee to have the privilege of using the shed now on said bulkhead, and the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

This company is at present occupying the bulkhead above described under a lease which expires May 4, 1909. The company is also the occupant of the southerly half of Pier (new) 46, adjoining, under a sublease from the Citizens' Steamboat Company, which sublease was approved by the Commissioners of the Sinking Fund at a meeting held April 27, 1904, in consequence of the fact that the company was deprived of its water-front at the foot of West Fifteenth street owing to the improvement in the Chelsea Section, and the term above stated is recommended so that the lease of the bulkhead would expire contemporaneously with the lease of the adjoining pier.

The rental, \$2,200 per annum, is an advance of 10 per cent. on the present rental of the bulkhead.

As the bulkhead is only 83½ feet long, it could only be used by the lessee of the adjoining pier, and I therefore recommend the adoption by the Commissioners of the Sinking Fund of a resolution approving said lease.

Yours very respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following reports:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
December 31, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Allen N. Spooner, Commissioner, Department of Docks and Ferries, in communication dated December 11, 1908, recommends a lease to the Central Railroad Company of New Jersey of the 83½ feet of bulkhead next southerly to Pier (new) 46, North River, for a term commencing May 1, 1909, and expiring October 25, 1914, that is for a period of five (5) years, five (5) months and twenty-five (25) days at a rental of \$2,200 per annum, with privilege of renewal for a further term of ten (10) years at an advance of ten (10) per cent. over the rental for the first term, the lessee to have the privilege of using the shed now on said bulkhead and the remaining terms and conditions to be similar to those contained in leases of wharf property now used by the Department.

I would report that the bulkhead mentioned is at an obtuse angle to the line of the pier. A bulkhead platform has been built in front of the bulkhead line, the outer edge of same being at right angles to the pier and being 74.42 feet in length. It therefore seems that the useful length of bulkhead thus proposed to be leased should be taken as 74.42 feet. It is therefore proposed to lease this bulkhead at \$29.54 per linear foot.

In my opinion this bulkhead is worth as much per linear foot as a similar bulkhead 94 feet in length leased to the New York and New Jersey Railroad Company, next southerly of Pier 42, North River, at \$3,300 per annum, or \$35.11 per linear foot. At \$35.11 per linear foot, the 74.42 feet of bulkhead now proposed to be leased would bring \$2,614 per annum or in round numbers \$2,600.

I would call attention to the fact that the lease of this bulkhead carries with it the right to occupy 4,381 square feet of upland back of the bulkhead, nearly all occupied by a shed, and 1,873 feet of land under water, a total of 6,252 square feet. A rental of \$2,600 per annum would be at the rate therefore of 41½ cents per square foot for the land occupied without reference to the value of the shed.

This is a considerably cheaper rate than the bulkhead platforms leased on the East River, where pier rentals are less than Pier (new) 46, North River, as follows:

Triangular space westerly of Pier 13, East River, leased to Ward line at 53 cents per square foot.

Bulkhead platform between Piers 22 and 25, East River, leased to Long Island Railroad Company at 53 cents per square foot.

I would therefore advise that the rental of the 83½ feet of bulkhead next southerly of Pier 46, North River, be fixed at not less than \$2,600 per annum for the first term ending October 25, 1914, with the privilege of a renewal for the further term of ten (10) years at an increase of ten (10) per cent. over the rental for the first term.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

January 27, 1909.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—Referring to your communication of the 4th inst., relative to the proposed lease to the Central Railroad Company of New Jersey of the bulkhead next southerly of Pier 46, North River, I transmit herewith a memorandum in relation thereto.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

January 26, 1909.

Memorandum in Relation to Proposed Lease to the Central Railroad Company of New Jersey of the Bulkhead South of Pier 46, North River, 83½ Feet in Length.

Referring to communication, dated December 31, from the Chief Engineer, Finance Department, to the Comptroller in regard to the rental recommended for lease to the Central Railroad Company of New Jersey of bulkhead south of Pier 46, North River—83½ feet in length—and stating that it should be increased from amount recommended of \$2,200 per annum to \$2,600 per annum:

In support of his contention that the rental should be increased \$400 per annum he states that the bulkhead is, in his opinion, as valuable per linear foot as the bulkhead southerly of Pier 42, formerly occupied by the New York and New Jersey Railroad Company, and also mentions for purposes of comparison the triangular area leased to the Ward Line westerly of Pier 13, East River, and the bulkhead platform between Piers 22 and 25, East River, leased to the Long Island Railroad Company.

The bulkhead which it is proposed to lease to the Central Railroad Company of New Jersey is only 83½ feet in length, on an angle of say 74½ feet on a straight line, and to be available for wharfage purposes must be used in connection with the adjoining pier. No revenue was derived from this bulkhead prior to May 1, 1895, for the reason that it is not long enough for a berth, being some twenty-five feet shorter than the average canal boat.

On April 23, 1895, the lease of this bulkhead was sold at public sale to the Citizens' Steamboat Company, of Troy, the lessees of the adjoining pier, for one year from May 1, 1895, at a rental of \$600 per annum, and from May 1, 1896, to November 1, 1903, the bulkhead was held under permit by Joseph Cornell at the same rental, namely, \$600 per annum, for the use of the Citizens' Steamboat Company, of Troy, the lessees of Pier 46, Mr. Cornell being the principal stockholder in that company.

In 1903 the Citizens' Steamboat Company, with the consent of the Department, sublet the south side of Pier 46 to the Central Railroad Company of New Jersey, and the Department leased to said company the bulkhead southerly, at a rental of \$2,000 per annum, which was considered a very large rental, being an increase of \$1,400 per annum over the rate formerly received. The lease was for five years and six months, in May 1, 1909, which lease will expire in a few months, hence the recommendation now before the Sinking Fund to grant a new lease to the Central Railroad Company of New Jersey, at an increase of 10 per cent. over the present rental, for a period of five years, five months and twenty-five days, with a 10 per cent. increase for one renewal term of ten years.

The Finance Department's Engineer states that the bulkhead southerly of Pier 42—94 feet in length—is leased to the New York and New Jersey Railroad Company, at a rental of \$3,300 per annum. This bulkhead was occupied by the railroad company under permit, with the right to erect and maintain a dumping board for the purpose of disposing of the excavated material from the tunnel, and was regarded as a very valuable privilege, hence the somewhat higher rate of rental charged.

The other instances referred to, and with which comparison is made, namely, the triangular area westerly of Pier 13, East River, and the platform between Piers 22 and 25, East River: The former was an extension to the westerly side of Pier 13, and is almost as valuable to the occupants of the premises as any other portion of that pier, which explains the high rate charged. The platform in front of bulkhead between Piers 22 and 25, East River, will, when completed, be 228 feet in length by 75 feet in width, and is leased in connection with Piers 22 and 25 to the Long Island Railroad Company as a freight depot. It will be seen that a platform of this extent is as valuable for the purposes of the railroad company as the piers adjoining, and consequently the same rate charged the Ward Line for the extension to Pier 13 was charged the Long Island Railroad Company for this platform.

It will be seen that no comparison can be made between the three parcels instanced by the Engineer of the Finance Department and the bulkhead southerly of Pier 46 which it is proposed to lease to the Central Railroad Company of New Jersey, and any conclusion based on such comparison must necessarily be erroneous.

The bulkhead south of Pier 42, North River, which was leased to the New York and New Jersey Railroad Company, at a rental of \$3,300 per annum, was vacated by that company in June, and from that time to December 31—some six months—the total revenue collected by the Department in wharfage from the premises amounted to \$54.69.

The bulkhead which it is proposed to lease to the Central Railroad Company of New Jersey is of value only to the lessee of the southerly side of the pier, as is shown by the fact that no revenue whatever was collected from it until it was used in connection with the pier and was leased at public sale for \$600. The rental which it is proposed to get from the railroad company, \$2,200, with an increase of 10 per cent. for the renewal term, should be regarded by any one conversant with rental values as very large, and if the railroad company decide not to take it it could not be leased separately or used for wharfage purposes, and would therefore be valueless to the City.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
February 6, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Under date of January 27, 1909, Hon. Allen N. Spooner, Commissioner, Department of Docks and Ferries, transmits a "Memorandum in relation to proposed lease to the Central Railroad Company of New Jersey of the bulkhead south of Pier 46, North River, 83½ feet in length," which is in answer to my communication of December 31, 1908, giving reasons why the rental of this bulkhead should be \$2,600 per annum, instead of \$2,200 per annum, as proposed.

Of the parcels quoted for comparison in my former communications, I believe that the first one quoted, viz., the 94 feet of bulkhead south of Pier 42, for which a dumping board privilege was granted by permit from the then Dock Commissioner, at a compensation of \$3,300 per annum, is not fairly comparable for the reason that I believe the compensation to be far below the true value of the privilege, or what it would have brought at public auction. A dumping board of approximately the same length at West Thirtieth street for a similar use brought at public auction \$18,800 per annum in 1902.

I believe, however, that the parcel consisting of bulkhead, land under water, upland and shed, south of Pier 46, is worth more, per square foot, than either of the other two parcels quoted, viz., the triangular extension to Pier 13, East River, or the platform in front of bulkhead between Piers 22 and 25, East River, for the reason that, like them, it is as valuable to the occupant as the piers adjoining. At the same rate (53 cents per square foot) as the above two parcels, the one now under consideration would bring \$3,318 per annum, instead of \$2,600, as recommended, a difference of \$718 per annum.

The 83½ feet of bulkhead south of Pier 46 is of value only to the occupant of the south side of Pier 46 on account of its size and location; for this reason a public auction will not show its value, and an attempt to use it independently of this pier must be a failure. It can only properly be leased as part of Pier 46, and, when so leased, it is as valuable as any equal portion of the pier itself. As it is used at present more business is done at this bulkhead than at any equal portion of the pier. The runway between the lines of freight cars on the floats discharges directly at this bulkhead over the end of the float.

A comparison of the rental suggested for this bulkhead with the rental of Pier 46 may be made either by considering the comparative length touching the water, or by the comparative number of square feet of area.

About 20 feet of the south side of Pier 46 is not useful, as it is blocked by the float adjoining; about the same amount of the north side of the pier is also useless owing to the acute angle with the bulkhead adjoining; the end of the pier, 60 feet in length, is also of little use for wharfage purposes.

However, taking the full measurement of both sides and end of the pier, the present rental is at the rate of \$36.11 per linear foot, as compared with \$35.11 per linear foot suggested for the bulkhead, and the depth back of the bulkhead is 85 feet, while half the width of the pier is 30 feet.

The present rental of Pier 46 is at the rate of \$1.27 per square foot, as compared with 41½ cents per square foot recommended for the parcel under consideration.

Under their present lease the occupants of the 83½ feet of bulkhead south of Pier 46 pay \$2,000 per annum, and, in addition, under the terms of their lease, they erect a shed which becomes the property of the City at the expiration of the lease, or in five years and seven months from the beginning of the lease. As this shed is worth \$6,250, its presentation to the City in less than six years from the date of its construction is equal to an annual rental of over \$1,200 per annum added to the rental of \$2,000 per annum.

It will be seen that the suggested rental of \$2,600 per annum is approximately \$600 per annum less than the rental paid at present for the same property.

For the above reasons I am unable to agree that the rental of \$2,600 per annum, as recommended in report of December 31, 1908, is too high.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

The Comptroller and the Commissioner of Docks, to whom this matter was referred at meeting held March 16, 1909, presented the following report, and the Comptroller offered the following resolution for adoption:

March 29, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—The Committee composed of the Comptroller and the Commissioner of Docks, to whom was referred the application of the Central Railroad Company of New Jersey for a lease of the 83½ feet of bulkhead next southerly of Pier (new) 46, North River, beg to report as follows:

In October, 1903, when the present lease was made by the City to the Central Railroad Company of New Jersey, for a term of five years and six months, from November 1, 1903, to May 1, 1909, a lease was in existence of the adjoining Pier (new) 46 (with which this bulkhead must be used in conjunction), which lease would have expired on May 1, 1909, and the lease to the Central Railroad Company of New Jersey was accordingly made *coterminous*. Subsequently, in 1904, the Commissioner of Docks, by and with the consent of the Commissioners of the Sinking Fund, consented to the cancellation of the existing lease of Pier (new) 46, and the execution of a new lease of said pier, as extended, for a term of ten years, commencing from the date of completion of the extension, with the privilege of an additional term of ten years, the rental for the renewal term to be at an advance of 10 per cent. on the rental for the first term. The extension was completed on October 24, 1904, at which time the new lease commenced.

Pier (new) 46 is leased to the Citizens' Steamboat Company, and in view of the fact that the Central Railroad Company of New Jersey had been dispossessed of the lease of their pier at the foot of West Fifteenth street, in order to proceed with the work of the Chelsea improvement, consent was granted in the new lease to the Citizens' Steamboat Company of Pier (new) 46 to sublet the southerly half of said pier to the Central Railroad Company of New Jersey.

As Pier (new) 46 and the bulkhead southerly (the lease of which is now under consideration) should be considered together, we beg to recommend the adoption of a resolution by the Commissioners of the Sinking Fund approving of and consenting to the granting of a lease by the Commissioner of Docks to the Central Railroad Company of New Jersey of the 83½ feet of bulkhead next southerly of Pier (new) 46, North River, for a period *coterminous* with the lease of Pier (new) 46, viz.: October 25, 1914, with privilege of renewal for a further term of ten years, the rental for the first term to be \$2,600 per annum, and for the renewal term 10 per cent. advance over the rental for the first term, the lessee to have the privilege of using the shed now on said bulkhead, and the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Commissioner of Docks.

Respectfully submitted,

H. A. METZ, Comptroller.

ALLEN N. SPOONER, Commissioner of Docks.

Resolved: That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to the Central Railroad Company of New Jersey, of the 83½ feet of bulkhead next southerly of Pier (new) 46, North River, for a period *coterminous* with the lease of Pier (new) 46, viz.: October 25, 1914, with the privilege of renewal for a further term of ten years; the rental for the first term to be twenty-six hundred dollars (\$2,600) per annum, and for the renewal term 10 per cent. advance over the rental for the first term; the lessee to have the privilege of using the shed now on said bulkhead, and the remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Commissioner of Docks.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks relative to a lease of a portion of the pier at the foot of West Ninety-seventh street to Mrs. Theresa A. S. Sheridan:

October 23, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—After due consideration, I am of the opinion that the interests of the City would be best served by the granting of a lease to Theresa A. S. Sheridan of the following described property:

Beginning at a point on the southerly side of West Ninety-seventh street pier, where the present bulkhead line intersects the same; running thence westerly along the southerly side of said pier 215 feet; thence northerly and at right angles with the southerly side of said pier a distance of 18 feet; thence easterly and parallel with the southerly side of West Ninety-seventh street pier a distance of 215 feet, and thence southerly along the bulkhead line to the point or place of beginning.

The lease to be for a term of five years from November 1, 1908, with privilege of renewal for a further term of five years, rental for the first term to be at the rate of \$2,062.50 per annum and for the renewal term to be at an advance of 10 per cent.

Mrs. Sheridan has been the lessee of the premises above described for a term of five years from July 4, 1903, and the rental proposed is an advance of 10 per cent. on the amount specified in the previous lease.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by this Department.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

DEPARTMENT OF DOCKS AND FERRIES,
PIER "A," NORTH RIVER,
NEW YORK, March 11, 1909.

CHANDLER WITHINGTON, Esq., Chief Engineer, Department of Finance:

Sir—Referring to our recent conferences in the matter of the assignment of space on the pier at the foot of West Ninety-seventh street, North River, to the Department of Street Cleaning, I beg to advise that permit has this day been granted by me to

said Department to use and occupy about 200 feet of space on the south side of the pier, with the privilege of erecting a covered dumping board thereat.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 18, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Allen N. Spooner, Commissioner, Department of Docks and Ferries, in communication dated October 23, 1908, advises the Commissioners of the Sinking Fund, that, in his opinion, the interests of the City would be best served by the granting of a lease to Mrs. Theresa S. Sheridan of the 215 feet of the southerly side at the inshore end of the pier at the foot of West Ninety-seventh street, North River.

The lease to be for a term of five (5) years from November 1, 1908, with privilege of renewal for a further term of five (5) years, rental for the first term to be at the rate of \$2,062.50 per annum, and for the renewal term to be at an advance of ten per cent.

In report dated December 21, 1908, I draw attention to the fact that for the last five (5) years the Department of Street Cleaning has been using this dump for the disposal of refuse, paying Mrs. Sheridan at the rate of thirty-five (35) cents per load, but providing only a portion of the business handled by the dump.

The contract recently let by the Department of Street Cleaning for the disposal of refuse at sea gives the contractor the exclusive use of all dumping places furnished by the City under the contract.

Therefore, if a Street Cleaning Department dump is not established at the foot of West Ninety-seventh street, the Department would be compelled to haul all refuse now disposed of at Ninety-seventh street either to Forty-seventh street or One Hundred and Thirty-eighth street, at a cost for extra hauling estimated at \$12,000 per annum.

I also suggested that nothing be decided upon as to Mrs. Sheridan's lease until some arrangement was made for the establishment of a Street Cleaning Department dump at or near the foot of West Ninety-seventh street.

Since my former report, the Commissioners of Docks and Ferries and Street Cleaning Department have been in communication in an effort to provide a dumping board at the foot of West Ninety-seventh street, for the exclusive use of the Street Cleaning Department before any arrangement was made with Mrs. Sheridan for granting to her a renewal of her lease, and in the attached letter dated March 11, 1909, the Commissioner of Docks and Ferries informs me that he has granted to the Department of Street Cleaning a permit to occupy 200 feet of space on the south side of the pier at the foot of West Ninety-seventh street, offshore from the space leased by Mrs. Sheridan, with privilege of erecting a covered dumping board thereat.

Mrs. Sheridan obtained a five (5) years' lease from July 4, 1903, of 215 feet of the southerly side at the inshore end of the pier at the foot of West Ninety-seventh street, at public auction, for \$1,875 per annum, and the proposed lease is a renewal of the former one at an advance of ten (10) per cent. over the former rental.

I know of no reason why the lease should bring a higher rental at the present time if leased at public auction, especially in view of the removal of the business of the Street Cleaning Department.

The Street Cleaning Department being satisfactorily provided for as noted above, I would, therefore, advise that the lease to Mrs. Sheridan may properly be made as proposed by the Commissioner of Docks and Ferries, except that the date for the beginning of the term should be fixed as May 1, 1909. The Commissioner suggests the latter date in view of the fact that since the expiration of her former lease, and during the delay caused by the negotiations with the Department of Street Cleaning, Mrs. Sheridan has been paying the increased rental called for in the proposed new lease.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

Resolved: That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks, of a lease to Mrs. Theresa A. S. Sheridan, of the following described property:

Beginning at a point on the southerly side of West Ninety-seventh Street Pier, where the present bulkhead line intersects the same; running thence westerly along the southerly side of said pier 215 feet; thence northerly and at right angles with the southerly side of said pier, a distance of 18 feet; thence easterly and parallel with the southerly side of West Ninety-seventh Street Pier a distance of 215 feet, and thence southerly along the bulkhead line to the point or place of beginning.

The lease to be for a term of five years from May 1, 1909, with the privilege of renewal for a further term of five years, rental for the first term to be at the rate of two thousand and sixty-two dollars and fifty cents (\$2,062.50) per annum, and for the renewal term to be at an advance of 10 per cent.

The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, and otherwise as recommended by the Commissioner of Docks in communication dated October 23, 1908.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Commissioner of Docks, submitting new terms of settlement of the litigation between the New York Contracting and Trucking Company and The City of New York, in relation to the use and occupation of the pier at the foot of West Seventy-ninth street, Borough of Manhattan (see minutes, 1908, page 1234):

February 8, 1909.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—At the meeting of the Commissioners of the Sinking Fund held October 21, 1908, the matter of the proposed settlement with the New York Contracting and Trucking Company was referred back to me with the request that I ascertain whether or not the proposition of the Engineer of the Department of Finance, as stated in his report (submitted to the meeting at that date) is acceptable to the company, and to report the result thereof back to the Board.

In accordance with the request of the Commissioners of the Sinking Fund, I submitted the proposition to the New York Contracting and Trucking Company, and under date of February 3, 1909, I am in receipt of the following communication from James A. Deering, attorney for said company, which I beg leave to submit to you in accordance with said request:

Re Seventy-ninth Street Pier.

Hon. ALLEN N. SPOONER, Commissioner of Docks and Ferries, Pier 1, North River, New York City:

DEAR SIR—On behalf of the New York Contracting and Trucking Company, lessee of the above pier, I have been for some time past in communication with Chandler Withington, Chief Engineer of the Department of Finance, relative to a settlement of the present differences between the City and the company, relative to the above pier.

I am now informed by Mr. Withington that he considers that a new proposition must be made by my client, as a basis for further consideration by the Commissioners of the Sinking Fund.

The proposition submitted to you on April 17, 1908, in my letter of that date contains the following:

"The present lease of the pier to be surrendered and cancelled and a new lease to be given to the company of the southerly half of the pier, beginning at the bulkhead and extending riverward, distance equal to the water-front on the old pier as now leased to the company, (or 340 feet), and has considered the matter on the basis of one exact half of the southerly side (or 233 feet).

It appears that the Department of Finance has, in its consideration of the question involved, overlooked the expression in said paragraph "distance equal to the water-front on the old pier as now leased to the company," (or 340 feet), and has considered the matter on the basis of one exact half of the southerly side (or 233 feet).

I formally called Mr. Withington's attention to this matter in my letter of January 19, 1909, and in reply on the 20th inst., he says, as above stated, that he considers the proposition involving 340 feet a new one, and asks that the further consideration of this new matter be initiated by you.

In order that the facts may be fully before you, I inclose a copy of my letter of April 17, 1908, with copies of my letter to Mr. Withington (January 19, 1909) and his reply (January 20, 1909).

The considerations which led my client to make the offer of April 17, 1908, apply in great part to the present situation, and the conditions both for the City and the company are even more deplorable now than when the offer was made.

The company has from time to time waived what seemed to it to be valuable rights in order that it might, in some measure at least, secure the uninterrupted use of the remaining privileges under the lease. In the same spirit it now makes this new proposition in order that the controversy which has for six years been pending without financial benefit to either party may be ended.

The company, therefore, proposes the following as a substitute for all offers heretofore made:

1. All present litigation, including the proceeding to punish the former Commissioner for contempt for violating the injunction order now in force, to be discontinued, without costs.

2. The company to offer no opposition to the completion of the new pier as shown on the amended plans adopted by the Sinking Fund Commission.

3. The present lease of the pier to be surrendered and cancelled and a new lease to be given to the company of the southerly twenty-five (25) feet of the pier, beginning at the bulkhead and extending westerly three hundred forty feet. The company is to have the privilege of erecting and maintaining at its own expense a dumping board of a size and plan to be approved by the Commissioner of Docks and Ferries. The new lease to be for a period of ten (10) years with the privilege of one renewal of five (5) years at a ten per centum advance in rental. In all other respects, said new lease is to be on the same terms as the present lease.

4. The City is to promptly and with as little interference as possible with the company's occupancy of the old and new piers, complete the new pier in the manner shown on the amended plans.

5. The company is to pay one-half of all rentals fixed by present lease since October 31, 1904, and the full rental up to that date.

You will note that the company in making this offer voluntarily waives its renewal rights under the old lease and agrees to accept on the new pier for the reduced term a space of the same area as that now occupied by it on the present pier.

This offer is made to secure speedy relief for the company and for the City from conditions involving constant loss in both.

During the pendency of the litigation the City has been unable to realize anything on the investment in the new pier, which I am informed is at least eighty thousand dollars. If no adjustment is made, a similar condition will prevail for some indefinite future period.

The company has been interfered with in its use of the old pier by the building of the new one and by the refusal of the City to allow proper dredging.

On consideration of all the facts it would appear that the foregoing is an eminently fair proposition and the acceptance of it would be to the distinct advantage of both parties.

If you share this view of the matter, I trust that you can take early opportunity to submit the matter to the Commissioners of the Sinking Fund with your recommendation that it be accepted.

Very truly yours,

J. A. DEERING.

Yours respectfully,

ALLEN N. SPOONER, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 10, 1909

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Allen N. Spooner, Commissioner, Department of Docks and Ferries, in communication dated April 20, 1908, requested the Commissioners of the Sinking Fund to authorize him to make a settlement with the New York Contracting and Trucking Company of the litigation between it and The City of New York, in relation to the use and occupation of the piers at the foot of West Seventy-ninth street, Borough of Manhattan, upon terms recommended by him.

On July 14, 1908, I reported against the proposition and made certain suggestions.

At meeting of the Commissioners of the Sinking Fund held October 31, 1908, the matter was referred back to the Commissioner of Docks and Ferries to ascertain whether or not the proposition as suggested by me is acceptable to the company and to report the results thereof back to Board. In compliance with the request of the Commissioners of the Sinking Fund, the Commissioner of Docks and Ferries, on February 8, 1909, submitted the new proposition of the New York Contracting and Trucking Company.

Before giving the terms of settlement, I think it well to give a short memorandum of the conditions which necessitate a settlement.

On July 22, 1901, the Board of Docks leased to the New York Contracting Company, without public letting, the old pier at the foot of Seventy-ninth street, North River, for ten years, at \$1,200 per annum, with the privilege of two renewal terms of ten years each at an advance of 5 per cent. in rental for each renewal.

On November 18, 1902, the Commissioner of Docks gave notice to the lessees that their lease was cancelled, in accordance with the terms of their lease, on the ground that the City wished to proceed with the improvement of that portion of the water-front, under a new plan, adopted by the Board of Docks May 11, 1901, and approved by the Commissioners of the Sinking Fund June 20, 1901.

The City immediately commenced the construction of the outer end of the new pier and practically completed the outer section in 1903. The Engineer in Chief of the Department of Docks reported the extension complete August 25, 1904.

The lessee of the old pier has, however, successfully prevented all attempts to cancel its lease, and since the beginning of its occupancy, August 1, 1901, has paid only \$1,800 in rent instead of \$9,150, and has also prevented the City from using the extension of the outer end of the pier, built at a cost of \$73,554.

The basis of this successful resistance was the opinion rendered by Judge Davis, that the plan for the improvement of the water-front was unlawfully adopted. This defence has now been overcome by an amendment to sections 817 and 818 of the Charter, by chapter 741 of the Laws of 1904, and by the adoption of a new plan under the Charter as amended, for the improvement of this portion of the water-front, which plan was approved by the Commissioners of the Sinking Fund on March 13, 1907.

The former Commissioner of Docks served notice of cancellation of this lease after the adoption of this new plan just referred to, and the lessees commenced an action to punish him for contempt of court on the ground that he should have had the permanent injunction granted by Judge Davis vacated before serving the notice of cancellation.

There appears to be now no reason why the City cannot cancel the lease, but I am informed by an Assistant in the Corporation Counsel that the lessee may be able to delay the cancellation for perhaps two years by appealing the case.

The terms of settlement, as now proposed, are as follows:

1. All present litigation, including the proceeding to punish the former Commissioner for contempt for violating the injunction order now in force, to be discontinued, without costs.

2. The company to offer no opposition to the completion of the new pier as shown on the amended plans adopted by the Sinking Fund Commission.

3. The present lease of the pier to be surrendered and cancelled and a new lease to be given to the company of the southerly twenty-five (25) feet of the pier, beginning at the bulkhead and extending westerly three hundred and forty feet. The company is to have the privilege of erecting and maintaining, at its own expense, a dumping board of a size and plan to be approved by the Commissioner of Docks and Ferries. The new lease to be for a period of ten (10) years, with the privilege of one renewal of five (5) years at a 10 per centum advance in rental. In all other respects said new lease is to be on the same terms as the present lease.

4. The City is to promptly and with as little interference as possible with the company's occupancy of the old and new piers, complete the new pier in the manner shown on the amended plans.

5. The company is to pay one-half of all rentals fixed by present lease since October 31, 1904, and the full rental up to that date.

In my former report I estimated that the City would lose over \$90,000 if it entered into the agreement as originally proposed granting a new lease for a term of thirty (30) years. The present proposition, as noted above, is for a new lease of fifteen (15) years.

Taking into consideration the loss of the use of the extension of the outer end of the pier built at a cost of \$73,554 during the probable time of litigation to cancel the present lease, full rentals up to October 31, 1904 and one-half rentals from October 31, 1904, to date, both of which will be paid under the proposed agreement, use of remainder of new pier, I recommend that the proposition submitted by the Commissioner of Docks and Ferries under date of February 8, 1909, be approved, except that the terms of the new lease be fixed for a term of ten (10) years, with the privilege of one renewal of two (2) years at an advance of ten per centum in rental instead of a period of ten (10) years, with the privilege of one renewal of five (5) years at a ten per centum advance in rental, which recommendation has been agreed to by James A. Deering, attorney for the New York Contracting and Trucking Company, by letter addressed to me under date of March 11, 1909.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

For submission to Sinking Fund Commission.

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the following terms of settlement of the litigation between the New York Contracting and Trucking Company, and The City of New York, in relation to the use and occupation of the piers at the foot of West Seventy-ninth street, in the Borough of Manhattan:

1. All present litigation, including the proceeding to punish the former Commissioner for contempt for violating the injunction order now in force, to be discontinued, without costs.

2. The company to offer no opposition to the completion of the new pier as shown on the amended plans adopted by the Sinking Fund Commission.

3. The present lease of the pier to be surrendered and cancelled and a new lease to be given to the company of the southerly twenty-five (25) feet of the pier, beginning at the bulkhead and extending westerly three hundred and forty feet. The company is to have the privilege of erecting and maintaining, at its own expense, a dumping board of a size and plan to be approved by the Commissioner of Docks and Ferries. The new lease to be for a period of ten years, with the privilege of one renewal of two years, at an advance of ten per centum in rental. In all other respects said new lease is to be on the same terms as the present lease.

4. The City is to promptly and with as little interference as possible with the company's occupancy of the old and new piers, complete the new pier in the manner shown on the amended plans.

5. The company is to pay one-half of all rentals fixed by present lease since October 31, 1904, and the full rental up to that date.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Street Cleaning, relative to leases of the following premises:

1. No. 306 Atlantic avenue, Borough of Brooklyn.
2. No. 26 Jefferson street, Borough of Brooklyn.

Hon. GEORGE B. McCALLAN, Chairman, Commissioners of the Sinking Fund:

SIR—I desire the consent and approval of your Board for two new leases, as follows:

No. 306 Atlantic avenue, southeast corner Howard avenue, the store, with the use of the yard in the rear; owner and lessor, Samuel Harburger (No. 454 Canal street), for a term of three years from May 1, 1909, at an annual rental of \$420, payable quarterly.

The premises are described as 25 feet wide by 50 feet deep and 11 feet high. It has two large windows, one double door facing Atlantic avenue, one window facing Howard avenue and three small windows facing yard. The yard is 25 by 50 feet, fenced, with a double gate leading to Howard avenue. There are two wood sheds in the yard. The owner to put and keep the premises in good tenable condition and repair during the term of the lease. This lease is intended as a substitute for the one now held on the store at the southwest corner of Liberty and Thadford avenues; also No. 26 Jefferson street, ground floor and cellar, lessors, Conrad Hasenflug (No. 493 Hart street), and Henry J. Hasenflug (No. 93 Jefferson street), also E. Gaston Higginbotham (No. 691 Bushwick avenue), for a term of three years from May 1, 1909, at an annual rental of \$300, payable quarterly. Owners to put and keep the premises in good tenable condition and repair during the term of the lease. This lease is a substitute for the one at No. 608 Hart street.

Respectfully,

WM. H. EDWARDS, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolutions:

February 25, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. William H. Edwards, Commissioner of the Department of Street Cleaning, in a communication to the Commissioners of the Sinking Fund, under date of February 10, 1909, requests that a lease be authorized of the store premises, No. 306 Atlantic avenue, southeast corner of Howard avenue, Brooklyn, from Samuel Harburger, No. 464 Canal street, for a period of three years from May 1, 1909, at an annual rental of \$420, payable quarterly; the owner to put and keep the premises in good and tenable condition during the term of the lease, this lease being intended as a substitute for the one now held on the store at the southwest corner of Liberty and Thadford avenues, which expires May 1, 1909.

This is a corner store 25 by 50 feet in the three-story frame building located at this corner, and the lease also includes the use of the yard, 25 by 50 feet, in the rear. The rent is reasonable and is the same as the City is now paying for the premises at Liberty and Thadford avenues.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the execution of a lease of the store premises and yard, No. 306 Atlantic avenue, Borough of Brooklyn, as a section station for the Department of Street

Cleaning, for a period of three years from May 1, 1909, at an annual rental of \$420, payable quarterly, the owner to put and keep the premises in good and tenantable condition during the term of the lease. Lessors, Samuel Harburger. Commissioner Edwards also requests that the Commissioners of the Sinking Fund authorize a lease of the ground floor and cellar of the two-story frame building, No. 26 Jefferson street, Brooklyn, for the term of three years from May 1, 1909, at an annual rental of \$300, payable quarterly, the owners to put and keep the premises in good and tenantable condition during the term of the lease.

This lease is a substitute for the one at No. 608 Hart street, which will expire May 1, 1909.

The rent asked, \$300, is reasonable and is the same as the City is now paying for the premises on Hart street. I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the execution of a lease of the ground floor and cellar of the premises, No. 26 Jefferson street, Borough of Brooklyn, for the term of three years from May 1, 1909, at an annual rental of \$300, payable quarterly, the owners to put and keep the premises in good and tenantable condition during the term of the lease. Lessors, Conrad Hasenflug, No. 493 Hart street; Henry J. Hasenflug, No. 93 Jefferson street; E. Gaston Higginbotham, No. 691 Bushwick avenue.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City, from Conrad Hasenflug, Henry J. Hasenflug and E. Gaston Higginbotham, of the ground floor and cellar of the premises, No. 26 Jefferson street, Borough of Brooklyn, for a period of three years from May 1, 1909, at an annual rental of three hundred dollars (\$300), payable quarterly; the owners to put and keep the premises in good tenantable condition during the term of the lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning of a lease to the City from Samuel Harburger, of the store premises and yard No. 204 Atlantic avenue, Borough of Brooklyn, for a season station for the Department of Street Cleaning, for a period of three years from May 1, 1909, at an annual rental of four hundred and twenty dollars (\$420), payable quarterly; the owner to put and keep the premises in good tenantable condition during the term of the lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a renewal of the lease of premises No. 238 Graham avenue, Borough of Brooklyn, for use of the Department of Street Cleaning (see page 242):

March 24, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Commissioners of the Sinking Fund at a meeting held March 1, 1909, adopted a resolution authorizing a renewal of the lease of the premises No. 228 Graham avenue, Borough of Brooklyn, for the use of the Department of Street Cleaning, for a period of three years from May 11, 1909. As this lease expires on May 1, 1909, instead of May 11, 1909, I would respectfully recommend that the Commissioners of the Sinking Fund amend the resolution adopted March 1, 1909, in relation to the above mentioned premises by striking out the words "May 11, 1909," and inserting in lieu thereof "May 1, 1909."

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

H. A. Metz, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held March 1, 1909, approving of and consenting to the execution by the Commissioner of Street Cleaning, of a renewal of the lease of the store at premises No. 228 Graham avenue, Borough of Brooklyn, for a period of three years from May 11, 1909, be and the same is hereby amended by striking out the words "May 11, 1909," and inserting in lieu thereof "May 1, 1909."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to the payment of the rental of rooms in the Corn Exchange Bank, St. George, Borough of Richmond, leased for use of the Court of Special Sessions and occupied by the District Attorney of Richmond County:

March 25, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—There was presented to the Finance Department, Division of Law and Adjustment, Claim No. 56,697-56,698 in the matter of the Corn Exchange Bank for rent alleged to be due for Rooms 5, 6 and 7 on the second floor of the Corn Exchange Bank Building, St. George, Borough of Richmond.

The examination of Mr. Ingalls in reference to the files of this office showed that one claim for \$500 was for rent from January 1, 1908, to July 1, 1908, for Rooms 5, 6 and 7, which were rented by The City of New York by written lease executed October 22, 1907, for a period from the date of occupation to May 1, 1908, at an annual rental of \$1,000, and that the date of occupation showed that the virtual possession of the property was taken by the City in June, 1907, for the Court of Special Sessions, and although they did not occupy the premises on account of not being able to get furniture, the lease was in full force and effect, and the rent was paid thereon from July 1, 1907, to January 1, 1908.

The remaining claim of \$250 is for rent from June 30, 1908, to October 1, 1908, at the rate of \$1,000 per annum. This claim, unlike the claim for \$500, is not covered by a lease.

Although the Courts did not occupy the property, the District Attorney on or about the 1st of January took the rooms, made some changes therein, for which the City paid, and kept the rooms until September 1, 1908, at which time he vacated the premises.

The report of Examiner Evers states that there is a balance in the "Miscellaneous appropriation of Richmond County for payment of rent for property leased for public offices and other purposes in the County of Richmond for which no other appropriation has been made."

The Examiner reports that in his opinion the sum of \$666.66 should be paid by the City in liquidation of this claim. Of that amount \$500 is due as rent from January 1, 1908, until May 1, 1908, and is payable under the lease from the rent fund. The sum of \$166.66 not being included in the lease, I would respectfully recommend that the Commissioners of the Sinking Fund authorize the Comptroller to pay said sum of \$166.66 without the necessity of entering into a lease. The whole amount of \$666.66 to be paid out of the "Miscellaneous Fund of Richmond County for Rents, 1908."

1334 of the Code of Budget appropriation accounts for 1908. Money to be paid in the Corn Exchange Bank.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to the Corn Exchange Bank, the sum of six hundred and sixty-six dollars and sixty-six cents (\$666.66), being the rental of rooms 5, 6 and 7 on the second floor of the Corn Exchange Bank Building, at St. George, Borough of Richmond, for the period from January 1, 1908, to September 1, 1908. Five hundred dollars (\$500) of this sum is due as rent from January 1, 1908, to May 1, 1908, under a lease of the premises taken by the City in June, 1907, for the Court of Special Sessions for a period from the date of occupation to May 1, 1908. The remaining one hundred and sixty-six dollars and sixty-six cents (\$166.66) being for the period from the date of the expiration of the lease to September 1, 1908, at which time the premises were vacated. The whole amount, six hundred and sixty-six dollars and sixty-six cents (\$666.66), to be paid out of the "Miscellaneous Fund of Richmond County for Rents, 1908," 1334 of the Code of Budget Appropriation Accounts for 1908.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a lease of premises No. 330 Throop avenue, Borough of Brooklyn, for the use of the Department of Health:

March 22, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—The Commissioners of the Sinking Fund at a meeting held January 13, 1909, adopted a resolution authorizing a lease of the premises No. 330 Throop avenue, Borough of Brooklyn, for the use of the Department of Health as a hospital and clinic for the Department of Contagious Eye Diseases, for a period of five years from the date of occupation, with the privilege of renewal of an additional five years upon the same terms and conditions, at an annual rental of \$1,200, payable quarterly, and at a meeting held February 11, 1909, the resolution was amended inserting the word "exterior" instead of "interior."

The report which was presented with the resolution stated:

"The City shall keep the interior of the building in repair during the term of the lease, and to leave at the expiration thereof, or the renewal thereof, the interior in good condition, subject to ordinary wear and tear, and to leave all the improvements which the City may make upon the premises during the term of the lease, and that all of the ranges, sinks, boilers and tubs and other appliances which may be the property of the owner and which the Department of Health may cause to be removed in order to make their repairs, shall be stored by the Department of Health in safe condition, so that at the expiration of the lease the owner may obtain possession thereof."

Leases were drawn by the Corporation Counsel and presented to the owner, who objected to the execution thereof because the leases did not contain this last clause in the report, and which was agreed upon between the owner and the Board of Health, who desire possession thereof.

It seems to me that the owner's request is reasonable, and I would respectfully recommend that the resolution adopted at the meeting held February 11, 1909, be amended by inserting the clause above named in the resolution, in order that the leases may be drawn in accordance therewith.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. Metz, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held January 13, 1909, as amended by resolution adopted February 11, 1909, authorizing a lease of premises at No. 330 Throop avenue, in the Borough of Brooklyn, for use of the Department of Health, be and the same is hereby amended to read as follows:

"Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Edward F. Koch and Regina Koch of the premises No. 330 Throop avenue, at the southwest corner of Pulaski street, Borough of Brooklyn, for use of the Department of Health as a hospital and clinic for the Department of Contagious Eye Diseases, for a period of five years from the date of occupation, with the privilege of renewal for an additional period of five years, upon the same terms and conditions, at an annual rental of twelve hundred dollars (\$1,200), payable quarterly; the lessor to repair and paint all roofs and paint exterior of building and leave interior of building in good condition, and also to pay for all future exterior repairs and painting and the repairing and painting of roofs; the City to pay for heat, light, water and janitor service. The exterior repairing is not to apply to repairs to the fire escapes which the City may have to install; the City to keep the interior of the building in repair during the term of the lease, and to leave at the expiration thereof, or the renewal thereof, the interior in good condition, subject to ordinary wear and tear, and to leave all the improvements which the City may make upon the premises during the term of the lease, and all the ranges, sinks, boilers and tubs and other appliances which may be the property of the owner and which the Department of Health may cause to be removed in order to make their repairs, shall be stored by the Department of Health in safe condition, so that at the expiration of the lease the owner may obtain possession thereof; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Police Department relative to a lease of premises, Nos. 168 and 170 Fulton street, Borough of Manhattan, for use as a station house for the Second Precinct:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
OFFICE OF THE COMMISSIONER,
New York, February 26, 1909.

The Honorable Commissioners of the Sinking Fund of The City of New York, Room 12, Stewart Building, New York City:

Sir—I herewith recommend that your Honorable Body execute a lease with Messrs. Brill Bros. of The City of New York for a term of two years for the premises Nos. 168 and 170 Fulton street, New York City, for a period of two years from May 1, at an annual rental of \$9,200 (nine thousand two hundred dollars), without renewal. Brill Bros., the owners, agreeing to install toilets and steam heating fixtures the total cost of which is not to exceed \$1,200 (one thousand two hundred dollars), the rent to be payable quarterly in advance, the City to pay the water rent, also to pay for light, heat and janitor service.

The necessity for the lease is that the premises now occupied by the Second Precinct, at No. 1 Church street, having been sold, we are ordered to vacate the same May 1. The premises recommended are the most reasonable that can be secured in the neighborhood for the purpose desired, being a five-story and basement building.

Your early consideration of this request is asked, as this is one of the most important precincts and the demolishing of the Church street building will begin on May 1; and as there are some alterations to be made in the building on Fulton street, it is essential that we get to work at the earliest possible moment.

Respectfully,

THEO. A. BINGHAM, Police Commissioner.

In connection therewith, the Comptroller presented the following report and offered the following resolution:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 18, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Theodore A. Bingham, Police Commissioner, in a communication addressed to the Commissioners of the Sinking Fund, under date of February 26, 1909, requests that a lease be authorized of the five-story and basement, cellar and loft building, Nos. 168 and 170 Fulton street, Borough of Manhattan, for a period of two years, from May 1, 1909, at an annual rental of \$9,200, payable quarterly in advance, without any renewal clause; the owners, Brill Brothers, to install toilets and steam heating fixtures, the total cost of which is not to exceed \$1,200; the City to pay the water rent and also to pay for light, heat and janitor service, the building to be used as a station house for the Second Precinct.

This is a five-story and cellar building, covering a lot 33 feet by 77 feet on the south side of Fulton street, adjoining the Mail and Express Building west of Broadway. It has an elevator shaft but no elevator.

The improvements to be made by the owners, toilets and steam heating fixtures, are necessary and permanent improvements and cannot be considered on the rent.

This property is assessed for the year 1909, land \$176,000, building \$14,000, total \$190,000 and in my opinion is worth \$200,000. The rental asked, \$9,200 a year, is only 4 1/2 per cent. on this valuation, which is fair and reasonable.

Mr. Max D. Brill has consented to waive the clause requiring the payment of rent quarterly in advance.

I would, therefore, respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the five-story and basement building Nos. 168 and 170 Fulton street, Borough of Manhattan, for the use of the Police Department as a station house for the Second Precinct, for a period of two years from May 1, 1909, at an annual rental of \$9,200, payable quarterly; the owners to install toilets and steam heating fixtures, the total cost of which shall not exceed \$1,200; and the City to pay the water rent and also to pay for light, heat and janitor service. Lessor, Brill Brothers, by Max D. Brill.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Brill Brothers, by Max D. Brill, of the five-story and basement building, Nos. 168 and 170 Fulton street, Borough of Manhattan, for use of the Police Department as a station house for the Second Precinct, for a period of two years from May 1, 1909, at an annual rental of ninety-two hundred dollars (\$9,200), payable quarterly; the owners to install toilets and steam heating fixtures, the total cost of which is not to exceed twelve hundred dollars (\$1,200); the City to pay the water rent and also to pay for light, heat and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Board of Water Supply, relative to a renewal of the lease of premises at No. 147 Varick street, Borough of Manhattan:

BOARD OF WATER SUPPLY—CITY OF NEW YORK,
NO. 299 BROADWAY,
NEW YORK, March 11, 1909.

Commissioners of the Sinking Fund, No. 280 Broadway, New York City:

GENTLEMEN—On March 10, 1909, this Board adopted the following resolution:

Resolved, That the Commissioners of the Sinking Fund be requested to renew the lease from Henry Erkins & Co., Incorporated, of The City of New York, of the two-story and basement brick structure about 20 feet by 75 feet in horizontal dimensions, and known by the number of 147 Varick street, Borough of Manhattan, to be used as a testing laboratory by the Board of Water Supply, for a period of three years from the 14th day of March, 1909, at an annual rental of fifteen hundred and sixty dollars (\$1,560), payable quarterly at end of quarter, the rental to include steam heating and use of the elevator.

We respectfully request the approval by you of this lease. The increase in rent is due to the fact that the owner of the building, Trinity Church, has notified Henry Erkins & Co., that upon the expiration of the lease from the Church on May 1, 1909, the ground rent will be increased, owing to the increase of the assessed valuation of the property for taxation.

Respectfully,

BOARD OF WATER SUPPLY.

Per THOMAS HASSETT, Secretary.

In connection therewith, the Comptroller presented the following report:

March 18, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Mr. Thomas Hassett, Secretary of the Board of Water Supply, in a communication addressed to the Commissioners of the Sinking Fund under date of March 11, 1909, requests that the lease of the two-story and basement premises, 20 feet by 75 feet, No. 147 Varick street, Borough of Manhattan, used as a testing laboratory by that Department be renewed for a period of three years from the 14th day of March, 1909, at an annual rental of \$1,600, payable quarterly, the rental to include steam heating and use of elevator. Lessors, the Erkins Company.

The City has been a tenant in these premises for three years past at an annual rental of \$1,500. The rental now asked is, therefore, an increase of \$60 a year. In my opinion the City is now paying the full rental value of these premises and should not pay any more. In proof of this I wish to say that a comparatively new seven-story and basement building, 25 feet by 90 feet with steam heating apparatus, electric elevator and other modern improvements, located at No. 264 Spring street, which is just around the corner from this Varick street property, is offered for rent at \$3,500 a year.

An employee of this Bureau saw Mr. E. Weeden Clarke, the secretary and treasurer of the Erkins Company, but he refused to consent to the renewal of the lease at the present rate without putting the matter before the other officers of his company.

Under the circumstances, I respectfully recommend that the proposed increase of \$60 a year on this rental be not granted, especially as the Budget for this year makes no allowance for any increase in rentals, and that the matter be referred back to the Board of Water Supply for further consultation with Mr. Clarke.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Which was referred back to the Board of Water Supply, as recommended in the report.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises at No. 299 Broadway, Borough of Manhattan, occupied by the Sheriff of the County of New York:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 13, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Thomas F. Foley, Sheriff of the County of New York, in a communication under date of March 11, 1909, requests the renewal of the lease of rooms occupied by his office in the Barclay Building, No. 299 Broadway, Borough of Manhattan.

These rooms have been occupied by the Sheriff for a number of years, and the rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the fourth floor of the Barclay Building, No. 299 Broadway, Borough of Manhattan, for a period of one year from May 1, 1909, for the use of the Sheriff of the County of New York, at an annual rental of \$13,470, payable quarterly, and upon the same terms and conditions as contained in the existing lease. Lessor, the Barclay Realty Company; rent payable to William C. Walker & Sons, Wright Barclay, agents.

Respectfully submitted for approval,

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of the fourth floor of the Barclay Building, No. 299 Broadway, Borough of Manhattan, for use of the Sheriff of the County of New York, for a period of one year from May 1, 1909, at an annual rental of thirteen thousand four hundred and seventy dollars (\$13,470), payable quarterly, and upon the same terms and conditions as contained in the existing lease; lessor, Barclay Realty Company; rent payable to William C. Walker & Sons, Wright Barclay, agents; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of Brooklyn, relative to the rental of property at the foot of Degraw street, Borough of Brooklyn, occupied by the City during the construction of the Gowanus Canal flushing tunnel outlet:

BROOKLYN, March 3, 1909.

Honorable Sinking Fund Commission, No. 280 Broadway, Manhattan:

GENTLEMEN—I beg to send you herewith copy of report received by me from the Chief Engineer in the Bureau of Sewers, relative to the leasing of certain property belonging to the Ward Estate at the foot of Degraw street, and lease to E. H. Dougherty & Co., together with copy of a communication sent to the Comptroller on December 2, 1908. I also beg to state that the Comptroller, in answer to same, made the following suggestion, under date of February 25, 1909:

"It was suggested shortly after the receipt of the first communication that a direct application by the Borough President to the Commissioners of the Sinking Fund, requesting the adoption of a resolution authorizing the Comptroller to pay the amount involved in reimbursing the company for the use of their property by the City would afford a speedier means of settlement than the one proposed of still considering the matter as a lease, and I would suggest that this course be pursued by you."

Therefore I respectfully request that your Honorable Body kindly pass resolutions authorizing the Comptroller to pay for this lease or take the necessary steps to reimburse E. H. Dougherty.

Yours very truly,

BIRD S. COLER, President, Borough of Brooklyn.

In connection therewith the Comptroller presented the following report and offered the following resolution:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 15, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Bird S. Coler, President of the Borough of Brooklyn, makes application under date of March 3, 1909, to the Sinking Fund Commission for the passage of a resolution authorizing the Comptroller to pay the sum of \$1,000 to E. H. Dougherty & Co. in reimbursement for loss of use of a portion of property leased by them at the foot of Degraw street while the East River outlet for the Gowanus Canal flushing tunnel was under construction.

This company by lease operates warehouses with dockage facilities, and a section of their wharf and bulkhead at the foot of Degraw street interfered with the construction of the outlet to the extent that its removal and repair further back, on a new line, clear of the tunnel outflow when in operation, was necessitated.

During the construction period the company was discommoded in securing access to its warehouses and by the loss of wharf frontage and area of the extent removed.

The amount of \$5 per day was fixed upon for compensation, not to exceed \$1,000, and an agreement approved as to form by the Corporation Counsel was made under date of June 4 by Harriet S. Ward, owner, with The City of New York, and filed in the Register's office of Kings County on June 20, 1908. This agreement insures the continuance of conditions here, safeguarding an unrestricted outflow.

This solution of the difficulty appears preferable to an effort previously possible leading toward the legal extinguishment of existing rights of the company after the sewer work had been begun, and the amount submitted appearing reasonable, I would recommend that a resolution be passed by the Commissioners of the Sinking Fund authorizing the Comptroller to pay E. H. Dougherty & Co. the sum of \$1,000 as rent for the premises in question, occupied by the City during the construction of the Gowanus Canal flushing tunnel outlet at the foot of Degraw street, Brooklyn.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized to pay to E. H. Dougherty & Co. the sum of one thousand dollars (\$1,000), in full for the rent of premises at the foot of Degraw street, in the Borough of Brooklyn, occupied by the

President of the Borough of Brooklyn during the construction of the Gowanus Canal flushing tunnel outlet.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Taxes and Assessments, relative to a renewal of the lease of premises at No. 51 Chambers street, Borough of Manhattan:

THE CITY OF NEW YORK—DEPARTMENT OF TAXES AND ASSESSMENTS,
HALL OF RECORDS, BOROUGH OF MANHATTAN,
March 12, 1909.

Honorable Commissioners of the Sinking Fund, No. 280 Broadway, City:

GENTLEMEN—I am directed to acknowledge the receipt of your communication dated the 10th inst., in relation to the renewal of the lease of the premises occupied by the Surveyor of this Department, No. 49 Chambers street, and to request that the lease of these premises may be renewed on the terms stated in your communication, viz: for one year, with a clause giving the bank the privilege to terminate the lease on sixty days' notice.

As there is no amount in the annual appropriation to this Department to cover the rent of these premises, and that it has never before been requested, I beg to ask if it will be necessary to make application to the Board of Estimate and Apportionment for provision for this purpose. If so, will you be kind enough to inform me the amount which it will be requisite to ask.

Yours respectfully,

C. ROCKLAND TYNG, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 16, 1909.

The rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of rooms 26, 27, 28, 29 and 30, and the exclusive use of the hallway, as now enclosed, on the fourth floor of the building, No. 51 Chambers street, Borough of Manhattan, for the use of the Department of Taxes and Assessments, for a period of one year from May 1, 1909, at an annual rental of \$3,435, payable quarterly, and on the same terms and conditions as contained in the existing lease. Lessor, Emigrants' Industrial Savings Bank.

Respectfully submitted for approval.

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of rooms 26, 27, 28, 29 and 30, and the exclusive use of the hallway, as now enclosed, on the fourth floor of the building, No. 51 Chambers street, Borough of Manhattan, for use of the Department of Taxes and Assessments, for a period of one year from May 1, 1909, at an annual rental of three thousand four hundred and thirty-five dollars (\$3,435), payable quarterly, and on the same terms and conditions as contained in the existing lease; lessor, Emigrants' Industrial Savings Bank; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The bill having been approved by the Chief Engineer of the Department of Finance and by the Comptroller, the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby concur in the following resolution adopted by the Armory Board at meeting held February 3, 1909:

"Resolved, That the Armory Board does hereby approve the bill and expense of William Olvany, Esq., in the sum of one hundred and fifty dollars (\$150) on account of professional services rendered in connection with the preparation of plans and specifications for alterations, etc., to the steam heating apparatus in the Sixty-ninth Regiment armory, in the Borough of Manhattan; that the Commissioners of the Sinking Fund be requested to concur, and the Comptroller authorized to pay."

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to an issue of Corporate Stock to the amount of \$5,200 for the installation of an elevator in the Sixty-ninth Regiment Armory, in the Borough of Manhattan:

NEW YORK, March 25, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Armory Board, held March 8, 1909, the following was adopted:

"Resolved, That the sum of five thousand two hundred dollars (\$5,200) be and is hereby appropriated for the installation of an elevator in the Sixty-ninth Regiment armory, in the Borough of Manhattan; that the Commissioners of the Sinking Fund be requested to concur and to authorize the Comptroller to issue Corporate Stock therefor."

I would state that by report under date of October 5, 1908, upon the advisability of installing an elevator in the Sixty-ninth Regiment armory to enable Lafayette Post, G. A. R., to occupy rooms on the fourth floor of the building, it was recommended that if the Sixty-ninth Regiment, through its Board of Officers, would agree to pay all

expenses of the elevator for repairs, maintenance and current use, a reasonable appropriation for the installation of an elevator might properly be made.

The necessary resolution has been passed by the Board of Officers of the regiment under date of January 14, 1909, and the Corporation Counsel has rendered an opinion, dated November 25, 1908, that the resolution, if passed by the Board of Officers, is legal and binding against the regiment.

In my opinion the Commissioners of the Sinking Fund may properly adopt a resolution stating that in consideration of the fact that the Sixty-ninth Regiment, through its Board of Officers, by resolution adopted January 14, 1909, has agreed that it will assume all expenses for the electric power, attendants and repairs to said elevator, guaranteeing the City against any expenses for the running of same or for repairs, the Commissioners of the Sinking Fund concur in the resolution of the Armory Board appropriating fifty-two hundred dollars (\$5,200) for the installation of an elevator in the Sixty-ninth Regiment armory, in the Borough of Manhattan.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Whereas, The Armory Board, at meeting held March 8, 1909, adopted the following resolution:

Resolved, That the sum of five thousand two hundred dollars (\$5,200) be and is hereby appropriated for the installation of an elevator in the Sixty-ninth Regiment armory in the Borough of Manhattan; that the Commissioners of the Sinking Fund be requested to concur and to authorize the Comptroller to issue Corporate Stock therefor; and

Whereas, The Board of Officers of the Sixty-ninth Regiment armory, having by resolution adopted January 14, 1909, agreed to assume all expenses for the electric power, attendants and repairs to said elevator, guaranteeing the City against any expenses for the running of same or other repairs; it is

Resolved, That the Commissioners of the Sinking Fund, in consideration of the aforesaid agreement by the Board of Officers of the Sixty-ninth Regiment armory, hereby concur in the foregoing resolution of the Armory Board, and that for the purpose of providing means for the payment thereof, the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1908, to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of five thousand two hundred dollars (\$5,200), the proceeds whereof to be used for the installation of an elevator in the Sixty-ninth Regiment armory, in the Borough of Manhattan.

The report was accepted and the resolution unanimously adopted.

The following was received from the Armory Board, relative to the compensation to be paid to architects on work estimated to cost \$5,000 or less:

March 12, 1909.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of the Armory Board, held March 8, 1909, the following was adopted:

Resolved, That when plans and specifications are needed for work estimated to cost \$5,000 or less, the Secretary of this Board be and is hereby authorized to issue orders for the preparation of the plans and specifications, at a compensation to the architects of 5 per cent. of the cost of the work when the contracts are let; this compensation of 5 per cent. to cover the preparation of the plans and specifications and the supervision of the work; and that the Commissioners of the Sinking Fund be requested to concur in this resolution.

Respectfully,

HARRIE DAVIS, Secretary.

In connection therewith the Comptroller presented the following report and offered the following resolution:

March 15, 1909.

Since the Commissioners of the Sinking Fund, by resolution adopted at meeting of February 11, 1909, suggested to the Armory Board the adoption of the above resolution, I think it proper that the Commissioners of the Sinking Fund should concur therein, as requested by the Armory Board.

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby concur in resolution adopted by the Armory Board at meeting held March 8, 1909, as follows:

"Resolved, That when plans and specifications are needed for work estimated to cost \$5,000 or less, the Secretary of this Board be and is hereby authorized to issue orders for the preparation of the plans and specifications, at a compensation to the architects of 5 per cent. of the cost of the work when the contracts are let; this compensation of 5 per cent. to cover the preparation of the plans and specifications and the supervision of the work; and that the Commissioners of the Sinking Fund be requested to concur in this resolution."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an issue of \$4,250 of Corporate Stock for finishing, fitting, etc., of two new company rooms in the armory of the Twenty-second Regiment Engineers, N. G. N. Y.:

March 30, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Armory Board at meeting held March 8, 1909, adopted the following resolution:

"Resolved, That the sum of \$4,250 be and is hereby appropriated for finishing, fitting, etc., of two new company rooms in the armory of the Twenty-second Regiment Engineers, N. G. N. Y. (including architects' fees), in accordance with the plans and specifications prepared by Robinson & Knust, architects; that the Commissioners of the Sinking Fund be requested to concur and to authorize the Comptroller to issue Corporate Stock therefor."

I have looked into the matter and have examined the plans and specifications submitted and beg to submit the following:

It is proposed by these plans to subdivide the present squad drill room in the Twenty-second Regiment armory, Sixty-seventh street and Broadway, Borough of Manhattan, by stud and plaster partitions so as to provide a major's room and two companies' rooms with adequate closets and locker rooms.

It is incumbent upon the Armory Board to provide these additional quarters for the reason that two new companies have been organized in the regiment, making it a twelve (12) company regiment, instead of a ten (10) company regiment, as formerly, and at the present time Companies L and M are without company rooms.

The plans and specifications as submitted seem reasonable in every respect and there is no doubt that the plan suggested would provide the quarters needed, but the work is not of a permanent character.

At the present time the City has acquired a new site for the Twenty-second Regiment armory and work is now proceeding thereupon, and within two or three years a new armory will be completed for this regiment, and the present armory turned over to the Commissioners of the Sinking Fund by the Armory Board.

DEPARTMENT OF DOCKS AND FERRIES,
PIER "A," NORTH RIVER,
NEW YORK, June 19, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Commissioners of the Sinking Fund.

SIR—At a meeting of the Board of Estimate and Apportionment held June 12, 1908, a resolution was adopted relative to the exchange of certain real estate, properties of The City of New York and the Staten Island Rapid Transit Railway Company, as requested by the President of the Borough of Richmond in a communication dated October 17, 1907. Such resolution requests the Commissioner of Docks to turn over to the Commissioners of the Sinking Fund such of the properties mentioned therein as are now owned by the City and now within the jurisdiction of this Department.

Upon examination of the report and the prints accompanying same, it has been ascertained that the only parcel under the jurisdiction of this Department is the small plot within the easement acquired from the railway company in 1905 for the viaduct approach to the St. George Ferry. This is a small lenticular shape piece of land between the northerly line of the easement at its inshore end and the northerly line of the proposed viaduct (see Exhibit VI.). This property is no longer required for the uses and purposes of this Department and it is desired to turn it over to the Commissioners of the Sinking Fund for such disposition as said Commissioners may deem proper.

Yours very respectfully,

ALLEN N. SPOONER, Commissioner.

BOROUGH HALL, NEW BRIGHTON, NEW YORK CITY, June 21, 1908.

Commissioners of the Sinking Fund, No. 280 Broadway, New York.

GENTLEMEN—Though we believe that the following properties are already in your care, having been turned back at one time or another, we would formally at this time

turn over to you any remaining rights in the pieces of property which you are now considering selling to the Staten Island Rapid Transit Railway Company, in accordance with our request of October 17, 1907. The maps and technical descriptions are already in your hands, so that we need only refer to them by title:

City to railroad company (Exhibit 4), nine acres, plus or minus, of salt marsh-land near Arthur Kill.

City to railroad company (Exhibit 5), the Merrill property at Arlington, north of the Shore road; purchased in 1904 as a site for refuse destructor, but owing to changes in plan is not needed.

In the transfer of this plot we would call attention to the desired reservation of a small strip for future street widening, all in accordance with an agreement with the railroad company.

City to railroad company (Exhibit 6), releasing to the railroad company a portion of its easement over a small parcel of land on the northerly side of Jay street adjoining the proposed viaduct to the ferry terminal.

In each of these preceding cases it might be desirable to have the Dock Department also concur in turning the property back to the Sinking Fund, though we are not at all sure that the Dock Department has any interest in other than the last item namely, the easement question.

Yours respectfully,

GEORGE CROMWELL, President of the Borough.

DEPARTMENT OF PUBLIC CHARITIES,
June 22, 1908.

Hon. N. TAYLOR PHILLIPS, Deputy Comptroller and Secretary of the Commissioners of the Sinking Fund, No. 280 Broadway, New York City.

DEAR SIR—Your letter of June 19 ("Sinking Fund") with reference to the strip of land acquired with other Poor Farm property in 1829 by the Supervisors of Richmond County, now known as "two lots south of Oyster Creek and on either side of the Staten Island Rapid Transit Railroad, shown on the tax maps as Lots 120 and 170, Block 148, Ward 3, Volume 1, containing about 9.25 acres, shown on a map of George W. Tuttle, Principal Assistant Engineer under the President of the Borough of Richmond, dated New York, May 2, 1907," a copy of which map accompanied your letter, is at hand this morning and its contents carefully noted.

Pursuant to your request, I hasten to reply thereto, saying that the Department hereby turns the said property over to the Commissioners of the Sinking Fund as being no longer required for the uses and purposes of this Department.

Respectfully yours

ROBT. W. HEBBERD, Commissioner.

JOHN E. MINNAHAN,
SAVINGS BANK BUILDING, STAPLETON,
New York, February 5, 1909.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of Sinking Fund, Department of Finance, New York.

DEAR SIR—Pursuant to your instructions authorizing me to appraise certain property as designated in a resolution of the Commissioners of the Sinking Fund at a meeting held June 30, 1908, I have made such examination and appraisal of the property as specified, and after a careful and perfectly disinterested study of the situation, have the honor to respectfully report as follows:

Exhibit 1.

(a) Two parcels of land on the easterly side of Jay street, north of South street, in the First Ward, and more particularly shown on a map marked "Exhibit 1, parcels A and B," are estimated to be worth as follows:

Parcel A, containing in area 9065.152 square feet at \$200 per square foot, \$1813.03.

Parcel B, containing in area 7523.77 square feet at \$200 per square foot, \$1504.75. Allowing, however, for the perpetual easement held by The City of New York over Parcel B, I consider the easement of equal value to the equity in the fee and place the value of B at \$7,523.75.

(b) The parcels of land, one at the northeast corner of Jay and South streets, and the second at the angle point on the northerly side of South street, east of Jay street, in the First Ward, as more particularly shown on map marked "Exhibit 2."

The first of these parcels has an area of 878.05 square feet, at \$200 per square foot is worth \$175.61.

The second, having an area of 71.19 square feet, at \$200 per square foot, is worth \$14.24.

(c) Plot of land under water in front of land owned by the City on Richmond terrace, in the First Ward, is more particularly shown on a map marked Exhibit No. 3-A. The average frontage of this plot is 96.42 feet, and at \$75 per front foot is worth \$7,231.50.

The five plots appraised above are those which are to be conveyed by the railroad company to The City of New York, and the figures so set down are obtained after viewing the property from every possible standpoint, as to the location, desirability, accessibility and the present market value of land in the immediate vicinity.

It is impossible at present to purchase a lot on Jay street, from DeKalb to South street, for any price whatsoever. The few vacant lots now remaining are not for sale at any price, and lots on Stuyvesant street are held at \$3,000 per 25 feet, and all or none of a large number of lots is the only proposition that will be entertained.

A plot 50 by 100, on the west side of Stuyvesant street, adjoining the Carnegie Library on the south, was purchased by C. G. Kolff for \$8,000 in 1906, and to-day are held at \$16,000.

An estimate of \$200 a running foot, or \$200 a square foot, for land in the neighborhood of St. George, I consider a very conservative price.

As to my estimate of \$75 a foot for land under water, in front of the refuse destructor at West New Brighton, I consider this a fair value, taking into consideration the fact that no upland is included in this transaction.

Water-front, without its abutting upland, is, of course, not as valuable as if the fee in the tract included the whole area, from the street to the pier and bulkhead line; the same is also true if the conditions were reversed.

Property along the north shore is worth from \$100 to \$250 per front foot, from the street to the pier and bulkhead line, depending on the distance to the channel, and the amount of filling in to be done to be made available.

In 1906, Charles E. Griffith sold a plot of upland and water-front on Richmond terrace, Port Richmond, for \$125 per foot. The Bush Estate, the foot of Water street, West New Brighton, and close to the plot in question, was sold for \$150 per foot, including upland and land under water. This plot lies immediately between these two parcels, and has no upland, and in view of the additional easement granted to the railroad for its tracks over this plot, I consider \$75 per front foot a fair estimate.

If, as contended by the City authorities, that the railroad does not hold the fee to this plot of land under water, then a deduction should be made to the amount of the appraisal, or \$7,231.50.

From the City to the Railroad.

(d) Parcel of salt meadow, containing 9 3/4 acres. I consider this meadow land worth \$250 per acre, or \$2,412.50.

(e) Plot of upland on the northerly side of Richmond terrace, in the Third Ward, known as the Gilbert Merrill property, and more particularly shown on a map as marked Exhibit 5-A. This parcel of upland and land under water, with a frontage on Richmond terrace, as proposed to be widened, of 133.26 feet, and on the pier line of 118.81 feet, making an average of 126.4 feet, at \$125 per front foot, is worth \$15,755.

(f) The City's easement, and a plot of land on the northeasterly corner of Jay street, as widened, and the viaduct approach to the ferry at St. George, in the First Ward, and more particularly shown on a map as Exhibit 6, containing an area of 1,630.161 square feet, at \$100 per square foot, \$1,630.16.

These three parcels constitute the plots in the exchange from the City to the railroad, and in making my calculations as to the values, in my opinion, I find as follows:

(d) or Salt Meadow Plot—This plot, like most of the salt meadow in the neighborhood, is unhappily situated, being land-locked, having no means of ingress or egress except by right of way in common with adjoining plots.

The railroad cuts this plot in two, two-thirds lying south and one-third north of the tracks, and this fact does not add any great value to this property, in my opinion.

Salt meadow on the Sound proper, and a short distance from this property, was sold in 1907 to Thomas Greason for \$1,000 per acre. It is a difficult matter to place a value on land situated as this is, having no communication with the Sound, creek or railroad, but would, of course, be comparatively easy to say what it would be worth to the owner of adjoining premises.

After considering all the circumstances, I think that \$250 per acre, as it now stands, is a fair value, or \$2,312.50.

Parcel E or Merrell Property—Assuming that a grant be obtained for land under water on this plot, and considering the character and location of land under water as compared with other land where the distance from the upland to the channel is not so great, I consider \$125 per front foot a fair estimate.

(1) The value of the City's easement on this plot is placed at \$100 per square foot, on the same basis as Parcel B, Exhibit 1, or \$200 per square foot, 50 per cent. for the fee and 50 per cent. for the easement.

The estimates contained herein are the result of many examinations of the various plots, and a careful consideration of all the elements which tended to assist me in forming an opinion.

Very respectfully yours,

JOHN E. MINNAHAN.

TOMTREVILLE, March 2, 1909.

N. TAYLOR PHILLIPS, Esq., Secretary of the Sinking Fund, Department of Finance, New York City.

DEAR SIR—In compliance with your request contained in letter dated July 10, 1908, I have made an examination of the various properties mentioned in the resolutions which accompanied said letter, maps of which I have obtained from the Commissioner of Public Works of the Borough of Richmond, and I respectfully submit the following statement as to the values of the various parcels described:

Exhibit 1—	
Parcel A.....	\$18,500 00
Parcel B (subject to easement).....	8,000 00
Exhibit 2—	
Parcel A.....	1,800 00
Parcel B.....	150 00
Exhibit 3-A.....	10,000 00
Total.....	\$38,450 00
Exhibit 4—	
One parcel.....	\$1,850 00
Exhibit 5—	
One parcel.....	15,850 00
Exhibit 6—	
Easement as shown.....	1,600 00
Total.....	\$19,300 00

In reaching these conclusions as to the values of the parcels, I have considered the locations of the properties to be taken over, the prices of neighboring property as shown by recent sales, and the probable increase in value since sales were made.

The first parcel described I consider to be valued at the rate of \$5,000 per city lot, 25 feet by 100 feet.

The second and third parcels at a similar value and allowing suitably for the easement on Parcel 2.

The fourth parcel I have adjudged at a lower valuation because of its limited area and peculiar situation.

The valuation of the fifth parcel has been based upon prices obtained at recent sales of similar property at West New Brighton. The fact that the upland abutting on Richmond terrace is not included with the water-front is partly compensated for by the fact that access may be had to the premises by means of existing railroad.

The sixth parcel described is a piece of interior salt meadow. Land of this character is worth, in my opinion, about \$200 per acre.

In considering the valuation of the seventh parcel, the question of a grant of land under water adjoining this parcel comes up. This, I believe, it is possible to obtain, and, basing my estimate upon former sales, I consider this property to be worth about \$125 per front foot, after making allowance for the probable future widening of Richmond terrace.

Should it not be possible to obtain a grant of land under water adjoining this parcel, the valuation would naturally be greatly reduced, perhaps to the extent of one-half.

The value of the eighth and last parcel, which consists of an easement, is subject to the same consideration as the other parcels at St. George.

Respectfully submitted,

THOMAS KIERAN.

West New Brighton, N. Y., February 8, 1909.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund, Department of Finance, City of New York.

DEAR SIR—As requested in your letter of July 10, I have made a careful examination of the property in the Borough of Richmond, referred to in the printed resolutions submitted with your letter, maps of the various parcels having been furnished me by the Commissioner of Public Works of the Borough of Richmond, and in my opinion the values of the various parcels are as follows:

Parcel A, Exhibit 1.....	\$18,130 30	Parcel Exhibit 4.....	\$2,312 50
Parcel B, Exhibit 1.....	7,523 07	Parcel Exhibit 5-A.....	15,755 50
(Subject to easement.)		The easement of Parcel Exhibit 6.....	1,639 10
Parcel A, Exhibit 2.....	1,757 30	Total.....	\$19,707 41
Parcel B, Exhibit 2.....	71 19		
Parcel Exhibit 3-A.....	7,231 50		
Total.....	\$34,713 73		

In making these appraisals I have valued the parcels on the following basis:

Valuing the first described parcel on the basis of \$5,000 per lot, 25 by 100.

Valuing the second parcel on the same basis and allowing one-half for the fee and one-half for the easement.

Valuing the third parcel on the same basis.

Valuing the fourth parcel on a basis of one-half of the value of the former parcels for the reason of its small size and its situation.

In estimating the value of the parcels at St. George I have considered the difficulty in purchasing lots on any of the streets close to the Borough Hall or the approach to the ferry, except at very high prices, and have taken in consideration the sale of

a plot of ground 50 feet by 100 feet on Stuyvesant place, next to and adjoining Carnegie Library property, in 1906, at \$4,000 per lot, and the same having increased in value since that time, and I understand a much higher offer has been made for the property recently.

In estimating the value of the fifth parcel described, I have taken in consideration sales of water-front property at West New Brighton at from \$100 to \$250 per front foot, with upland abutting Richmond terrace, and have placed a value of \$75 per front foot on this parcel, averaging the frontage on the pier line and at the upland as 96.425 feet. No upland accompanying the said land under water is the reason of lower valuation.

In support of my valuation I would quote the sale of the "Bush property," foot of Water street, West New Brighton, near this property, which was sold in May, 1906, at \$15,000, and the said property had a frontage of 50 feet on the water and 100 feet on Richmond terrace.

The Christopher dock and water-front property on Richmond terrace near the foot of Broadway, West New Brighton, brought in July, 1902, \$25,000 for a parcel approximately 100 feet wide.

In estimating the value of the sixth parcel described, which is interior salt meadow land, I have considered the fact that considerable salt meadow land in that vicinity has changed hands during the past two years at from \$100 to \$300 per acre, some of which adjoins one of the creeks.

This particular parcel being an interior piece and having no connection with the water or entrance from any road except through land of other parties, it is not in my opinion particularly valuable except in connection with other meadow land adjacent, and I think \$250 per acre is full value.

In estimating the value of the seventh parcel I have assumed that a water grant can be obtained and have applied the same rule in averaging the frontage as in the West New Brighton parcel, and have valued it at \$125 per front foot, after allowing for the strip of land along Richmond terrace to be taken for the widening of Richmond terrace.

In support of this valuation I would recite the fact that I purchased a desirable piece of water-front on Richmond terrace, near the foot of Grand View avenue, with 138 foot frontage on the terrace and 300 foot frontage on the pier line, for \$16,250, on June 12, 1908, from the Arlington Improvement Company.

I do not value water-front at Mariners Harbor at as high a figure as water-front along the North Shore, nearer St. George.

Should it be impossible to obtain a grant for the land under water adjoining the last described parcel, I should consider the value of this property from an entirely different standpoint and at a greatly reduced valuation.

In estimating the value of the eighth and last parcel and which is an easement, I have applied the same rule as the other parcels at St. George.

If, as contended by the City authorities, that the railroad does not own the fee to the plot of land under water described as Parcel Exhibit 3-A, then a deduction should be made to the amount of the appraisal, viz.: \$7,231.57.

All of which is respectfully submitted.

Yours truly,

J. F. SMITH.

Whereas, The Commissioners of the Sinking Fund, at meeting held June 30, 1908, adopted the following preamble and resolution:

"Whereas, The Board of Estimate and Apportionment, at meeting held June 12, 1908, adopted the following resolution:

"Whereas, The President of the Borough of Richmond, in a communication dated October 17, 1907, has presented a proposition to this Board for the exchange of certain real estate belonging to the City for other real estate belonging to the Staten Island Rapid Transit Railway Company, the exchange to be on even terms, provided the City will grant to the railroad company the right to cross certain streets in the Borough of Richmond with two additional tracks, and cross Richmond terrace in the Third Ward by a single track; the terms for such grant to be fixed by this Board; and

"Whereas, The Chief Engineer of this Board has this day presented a report in which it is recommended that the proposition be approved, and has proposed certain terms and conditions to govern the grant of the additional rights sought by the railroad company; now therefore be it

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Commissioners of the Sinking Fund that they authorize the exchange between The City of New York and the Staten Island Rapid Transit Railway Company, upon even terms, of the following parcels of land in the Borough of Richmond, City of New York:

"I. From the railroad company to The City of New York:

"(a) Two parcels of land on the easterly side of Jay street, north of South street, in the First Ward, as more particularly shown on a map marked "Exhibit I, Parcels A and B," signed by George W. Tuttle, Principal Assistant Engineer, and dated May 2, 1907; it being understood that the City already has a perpetual easement over Parcel B.

"(b) Two parcels of land, one at the northeast corner of Jay and South streets, and the second at the angle point on the northerly side of South street, east of Jay street, in the First Ward, as more particularly shown on a map marked "Exhibit II," signed and dated as above.

"(c) The plot of land under water in front of land owned by the City on Richmond terrace at West New Brighton, in the First Ward, as more particularly shown on a map marked "Exhibit III A," signed by George W. Tuttle, Principal Assistant Engineer, and dated February 25, 1908.

"II. From the City to the railroad company:

"(d) The plot of salt meadow land, containing about nine and one-fourth acres, at Old place, in the Third Ward, as more particularly shown on a map marked "Exhibit IV," signed by George W. Tuttle, Principal Assistant Engineer, and dated May 2, 1907.

"(e) The plot of upland on the northerly side of Richmond terrace, in the Third Ward, acquired by the City from Gilbert Merrill, excepting therefrom so much of said plot as falls between the existing northerly line of Richmond terrace and the new northerly line of Richmond terrace, as the same was adopted on December 14, 1906, and as more particularly shown on a map marked "Exhibit V. A," signed by George W. Tuttle, Principal Assistant Engineer, and dated February 14, 1908.

"(f) The City's easement in a plot of land at the northeasterly corner of Jay street, as widened, and the viaduct approach to the ferry at St. George, in the First Ward, as more particularly shown on a map marked "Exhibit VI," signed by George W. Tuttle, Principal Assistant Engineer, and dated May 2, 1907.

"And be it further

"Resolved, That when such exchange shall have been so authorized and made the Board of Estimate and Apportionment will, upon proper petition, grant to the Staten Island Rapid Transit Railway Company the right to cross with two additional tracks the following streets:

"(g) South street, in the First Ward, by under grade crossing;

"(h) South avenue, Harbor road, Union avenue and Central avenue, in the Third Ward;

"and also to cross Richmond terrace with a single track at a point to the west of the property of Milliken Brothers (Inc.), in the Third Ward, the terms of such grant to be substantially as proposed in the report as presented this day by the Chief Engineer of this Board; and be it further

"Resolved, That the President of the Borough of Richmond and the Commissioner of Docks and Ferries be and they are hereby respectfully requested to turn over to the Commissioners of the Sinking Fund such of the aforesaid properties now owned by the City as are within their respective jurisdiction."

"Resolved, That for the purposes of determining the value of the land of The City of New York and the land to be exchanged therefor, the Commissioners of the Sinking Fund, in accordance with the provisions of section 205a of the Greater New York Charter, do hereby appoint Thomas Kiernan, John E. Minnehan and J. F. Smith, three discreet and disinterested appraisers residing in the Borough of Richmond, who are hereby authorized and directed to appraise the value of the lands hereinabove described and to report their appraisals to this Board before the first day of September, 1908"; and

Whereas, The President of the Borough of Richmond, in communication dated June 20, 1908; the Commissioner of Docks, in communication dated June 19, 1908, and the Commissioner of Public Charities, in communication dated June 22, 1908, have turned over to the Commissioners of the Sinking Fund as no longer required, such of the foregoing properties owned by The City of New York as are under their jurisdiction; and

Whereas, The following is a technical description of the properties which it is proposed to exchange:

PROPERTY PROPOSED TO BE CONVEYED FROM THE STATEN ISLAND RAPID TRANSIT RAILROAD COMPANY TO THE CITY OF NEW YORK.

LAND FOR PUBLIC PLACES AT THE NORTHEASTERN CORNER OF SOUTH STREET AND JAY STREET.

Parcel A.

1. Thence northwesterly, curving to the right on the arc of a circle of 100 feet radius along said curve at the northeast corner of South street and Jay street, 107.21 feet;
2. Thence northerly, along the easterly line of Jay street, 1.28 feet;
3. Thence, still northerly, curving to the right on the arc of a circle of 108.36 feet radius, 125.85 feet;
4. Thence southerly, parallel to the easterly line of Jay street, 173.13 feet;
5. Thence southwesterly, 20.17 feet, to the point of beginning.

Parcel B.

Beginning at a point on the easterly line of Jay street 1.28 feet northerly from the northwesterly point of tangency of the curve at the northeast corner of South street and Jay street.

1. Thence northerly, along the easterly line of Jay street, 236.14 feet;
2. Thence westerly, curving to the left on the arc of a circle of 46.66 feet radius tangent to the preceding course, 92.39 feet;
3. Thence southerly, parallel to the easterly line of Jay street, 83.94 feet;
4. Thence, still southerly, curving to the left on the arc of a circle of 108.36 feet radius tangent to the easterly line of Jay street, 121.85 feet, to the point of beginning.

TWO SMALL PARCELS AT AND NEAR THE NORTHEASTERN CORNER OF SOUTH AND JAY STREETS.

Parcel A.

Beginning at the southeasterly point of tangency of the curve at the northeasterly corner of South street and Jay street.

1. Thence northwesterly, along the above mentioned curve, curving to the right on the arc of a circle of 100 feet radius, 121.57 feet;
2. Thence southerly, tangent to the preceding curve, 69.57 feet;
3. Thence easterly, 69.57 feet, to the point of beginning.

Parcel B.

Beginning at a point on the northerly line of South street, 90.19 feet easterly from the southeasterly point of tangency of the curve at the northeasterly corner of South street and Jay street.

1. Thence easterly, along the northerly line of South street and curving to the left on the arc of a circle of 60 feet radius, 45.87 feet;
2. Thence southwesterly, tangent to the preceding course, 24.12 feet;
3. Thence westerly, 24.12 feet, to the point of beginning.

Technical Description of Land Under Water at the West New Brighton Refuse Destructor.

Beginning at the northeast corner of land belonging to The City of New York, the site of the West New Brighton Refuse Destructor.

1. Thence westerly along said land, belonging to The City of New York, 107.65 feet, to the northeast corner of land formerly of Sheppard;
2. Thence northerly, deflecting 112 degrees 42 minutes 37 seconds to the right, 51.77 feet, to the easterly line of land of J. H. Starin;
3. Thence northerly, deflecting 24 minutes 35 seconds to the left and along the easterly line of water grant to J. H. Starin, 1109 feet, to the pierhead line approved by the Secretary of War January 4, 1890;
4. Thence easterly, deflecting 83 degrees 59 minutes 44 seconds to the right, along said pierhead line, 85.26 feet;
5. Thence southerly, 1,048.95 feet, to the point of beginning.

The Staten Island Rapid Transit Railway Company reserves a right of way 100 feet in width, 50 feet on either side of the centre line of tracks.

PROPERTY PROPOSED TO BE CONVEYED FROM THE CITY OF NEW YORK TO THE STATEN ISLAND RAPID TRANSIT RAILROAD COMPANY.

PROPERTY AT OLD PLACE FORMERLY BELONGING TO THE SUPERVISORS OF RICHMOND COUNTY.

Two lots south of Oyster Creek and on either side of the Staten Island Rapid Transit Railroad, shown on the Tax Maps as Lots Nos. 120 and 170, Block 148, Ward Three, Volume I., containing about 9.25 acres.

Technical Description of Property at Howland Hook, Formerly Belonging to Gilbert L. Merrill, Being the Following Described Lots, Pieces or Parcels of Land, Viz:

Beginning at a point on the northerly line of Richmond terrace as it at present exists 150 feet, more or less, easterly from the intersection of the northerly prolonga-

tion of the easterly line of Catherine street and said northerly line of Richmond terrace; said point of beginning being 3 feet northerly from Monument No. 1 measured on a line between Monuments No. 1 and No. 5;

1. Thence easterly along said northerly line of Richmond terrace 131.26 feet to a point 3 feet northerly from Monument No. 2, measured on a line between Monuments No. 2 and No. 3;
 2. Thence northerly deflecting 94 degrees 42 minutes 23 seconds to the left 367.69 feet;
 3. Thence westerly deflecting 84 degrees 50 minutes 6 seconds to the left 50.14 feet;
 4. Thence northerly deflecting 76 degrees 57 minutes 0 seconds to the right 319.50 feet to the original mean high-water line;
 5. Thence westerly deflecting 53 degrees 45 minutes 0 seconds to the left along the original mean high-water line 127.65 feet;
 6. Thence southerly deflecting 126 degrees 15 minutes 0 seconds to the left 535 feet;
 7. Thence still southerly deflecting 1 degree 10 minutes 4 seconds to the right 23.22 feet to a monument;
 8. Thence still southerly 185.42 feet to the point of beginning.
- And also beginning at the northwesterly corner of the above described property:
1. Thence easterly along the original mean high-water line 127.65 feet;
 2. Thence northerly deflecting 113 degrees 8 minutes 0 seconds to the left 907.20 feet to the pier and bulkhead line established March 4, 1890;
 3. Thence westerly along said pier and bulkhead line 118.81 feet;
 4. Thence southerly 875.54 feet to the point of beginning.

—excepting and reserving from the above described property the following described property, which is intended to be used for the widening of Richmond terrace:

Technical Description of that Portion of the Property of The City of New York at Howland Hook, Formerly Belonging to Gilbert L. Merrill, That Will Be Required for the Widening of Richmond Terrace.

Beginning at a point on the northerly line of Richmond terrace as it at present exists 150 feet, more or less, easterly from the intersection of the northerly prolongation of the easterly line of Catherine street and said northerly line of Richmond terrace; said point of beginning being 3 feet northerly from Monument No. 1, measured on a line between Monuments No. 1 and No. 5;

1. Thence easterly along said northerly line of Richmond terrace 131.26 feet to a point 3 feet northerly from Monument No. 2, measured on a line between Monuments No. 2 and No. 3;
2. Thence northerly deflecting 94 degrees 42 minutes 23 seconds to the left 1885 feet to the line of widening of Richmond terrace;
3. Thence westerly deflecting 93 degrees 14 minutes 53 seconds to the left along said line of widening of Richmond terrace 129.98 feet;
4. Thence still westerly deflecting 9 degrees 56 minutes 33 seconds to the right and along said line of widening of Richmond terrace 3.05 feet;
5. Thence northerly 0.91 feet to the point of beginning, containing 1,277.47 square feet.

PART OF EASEMENT EAST OF JAY STREET AND NORTH OF PROPOSED VIADUCT TO TERRELL PLATFORM.

Beginning at a point on the easterly line of Jay street, where it is intersected by the northerly line of a proposed public place at the westerly end of the ferry viaduct;

1. Thence northerly along said easterly line of Jay street 39.29 feet;
2. Thence easterly curving to the left on the arc of a circle tangent to the preceding course of 72.44 feet radius 143.44 feet;
3. Thence southwesterly tangent to the preceding course 39.29 feet;
4. Thence westerly curving to the right on the arc of a circle tangent to the preceding course of 46.66 feet radius 92.39 feet to the point of beginning; and

Whereas, The Appraisers who were authorized and directed to appraise the value of the several properties hereinabove described, and to report their appraisals to this Board, have submitted the following:

Resolved, That, in accordance with the provisions of section 205A of the Greater New York Charter as amended, the Commissioners of the Sinking Fund hereby determine that the property owned by The City of New York and hereinbefore described is no longer needed for departmental or public purposes, and do further determine that the lands of the private owners herein in this resolution described are needed for public purposes; and

Resolved, That, pursuant to the provisions of section 205A of the Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, subject, however, to the approval of the Board of Estimate and Apportionment, hereby authorize a conveyance to the Staten Island Rapid Transit Railway Company, of the hereinabove described property owned by The City of New York, in consideration of a conveyance by the Staten Island Rapid Transit Railway Company to The City of New York, of the property owned by the Staten Island Rapid Transit Railway Company, in the Borough of Richmond, which is also hereinabove described, free and clear of all incumbrances, including taxes and assessments, water charges and sales for the same; provided, also, that the Staten Island Rapid Transit Railway Company grant to The City of New York the perpetual right of way over and across the 100-foot strip of land now used by the railway company as easements for its tracks as shown on map of "Property proposed to be conveyed from the Staten Island Rapid Transit Railway Company to The City of New York, III.," and be it further

Resolved, That when these resolutions and action of the Commissioners of the Sinking Fund authorizing such exchange have been approved by the Board of Estimate and Apportionment, the Corporation Counsel be and is hereby requested to prepare the legal instruments on the part of The City of New York to effect such

exchange, and upon said instruments having been prepared and approved as to form by the Corporation Counsel, and approved by the Comptroller of The City of New York, it shall be the duty of the Mayor of The City of New York to execute, the City Clerk to attest, and the Comptroller to deliver to the Staten Island Rapid Transit Railway Company, the deed of the property owned by The City of New York, upon receiving at the same time the deed of the property owned by the Staten Island Rapid Transit Railway Company.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented a report recommending a release or quit claim to Charles Eldredge of all the right, title and interest of The City of New York in property described on the former tax maps of Richmond County as Richmond County, Southfield, Town of, subdivision of plot 22, map 18, lot No. 18.

Which was laid over on account of the matter requiring a unanimous vote of the Board and there being only four members present.

The Comptroller presented the following report and offered the following resolution relative to a sale of the interest of the City in Lot No. 46, Block 148, Twenty-fourth Ward, Borough of Brooklyn (tax sale certificate 5589):

March 26, 1909.

Hon. HERMAN A. MITZ, Comptroller:

Sir—Mr. Philip S. Campbell, in a communication dated March 7, 1908, states that he is authorized by his client, Andrew H. Smith, to offer to the Commissioners of the Sinking Fund the sum of \$2,000 for all the right, title and interest of The City of New York in the premises located on the northerly side of Sterling place, beginning 28 feet 6 inches westerly from the northwesterly corner of Sterling place and Schenectady avenue, and as shown on the diagram which he attaches to his offer, running westerly along Sterling place 102 feet 8 inches; thence northerly 126 feet 1 1/4 inches; thence easterly 100 feet, and southeasterly 146 feet 4 1/4 inches to the point of beginning, taking the same subject to all incumbrances from the year 1895, the premises being known as old Lot No. 46 in old Block 148, old Twenty-fourth Ward, now known as Lot No. 50 in Block 1371, Section 5 on the tax maps of the Borough of Brooklyn, for the purposes of taxation.

This property, known as old Lot No. 46 in old Block 148, Twenty-fourth Ward, former City of Brooklyn, was acquired by The City of New York as successor to the City of Brooklyn, under and by virtue of the provisions of chapter 114 of the Laws of 1883, purchased at a tax sale held July 21, 1886, the same being registered in the office of the Collector of Assessments and Arrears in and for the Borough of Brooklyn, then Registrar of Arrears, City of Brooklyn, in Liber 83 of tax sales, by the certificate number 5589, and upon the date of said sale the City paid in the sum of \$310.40, and subsequently thereto paid taxes from the year 1892, and water rates from the year 1893, which were added to and became part of said certificate.

As was the custom in those days, the title was examined by the Corporation Counsel's office, the Examiner returning the parties to be served and their interests therein as follows: Henry Calvet and Jerome E. Husted, as owners; Daniel Dunne, lessee; J. W. A. Marland, owner; and then made an additional report stating that Henry Calvet, having been made a party to the petition, is cut off and has no interest.

The records of the Finance Department show that on January 24, 1893, Marland, as owner, was served; on February 3, 1893, Jerome Husted, as owner, was served, and on April 6, 1893, Daniel Dunne, as lessee, was served.

The records also show that on or about October 14, 1897, the Registrar of Arrears delivered to the City of Brooklyn a deed of said premises, in accordance with the law hereinbefore recited.

If no deed had been taken upon the premises, the person whose estate or lien appears of record in the County of Kings in the property mentioned would be entitled to redeem from the operation of the sale, but in order to do so he would have to pay to the City the amount bid at the sale,.....

\$310.40

With 10 per cent. interest thereon.....

31.04

And interest at the rate of 15 per cent. per annum on both amounts from the date of sale to the date of redemption, amounting to.....

1,149.80

Which on the principal alone, invested, would make a total of.....

\$1,491.24

In addition thereto he would have to pay to the City all the taxes which the City had paid and which had been added to and form part of said certificate, which, from memoranda furnished me, amount to the sum, without interest, of.....

338.57

On this amount, interest should be added from the dates of the various payments at the rate of 9 per cent. per annum, which, at the price named by Mr. Smith, \$2,000, would make an allowance for interest of.....

170.19

From the search submitted by the Lawyers' Title Insurance Company there is also due and unpaid, and which Mr. Smith agreed to pay, the taxes for the years 1897 to 1907, inclusive, amounting to, in principal alone, \$344.96, to which must be added interest at the rate of 7 per cent. per annum. There is also the Butler street grading, confirmed November 8, 1897.....

\$139.40

Park place grading.....

2.75

Sterling place sewers, confirmed March 26, 1901.....

91.00

Park place sewers, confirmed March 26, 1901.....

24.45

Sterling place curbing, etc., confirmed July 31, 1903.....

104.34

Mr. Smith contends, contrary to the opinion of the party who searched the title for the City and served the notices, that Henry Calvet was not cut off in the proceedings, and was entitled to notice. If that contention is correct, the City's title is defective as to the interest of Henry Calvet, and Henry Calvet would be entitled to redeem from the operation of the sale.

Mr. Smith has now supplemented his offer by a new one of \$2,300.

I am of the opinion that the City's interest will be served by the acceptance of this offer of \$2,300 from Dr. Smith for this property, subject to the incumbrances. If the sale is made to Dr. Smith all of the taxes will be paid thereon. The title, if defective, will be perfected by Dr. Smith, and the property will become tax-paying property instead of having the taxes accumulating against it.

I would therefore respectfully recommend that, in accordance with sections 205 and 221 of the amended Greater New York Charter, the Commissioners of the Sinking Fund authorize a sale of all the right, title and interest of The City of New York in and to the land which was sold by the Registrar of Arrears of the City of Brooklyn on July 21, 1886, for the non-payment of taxes, in accordance with the provisions of chapter 114 of the Laws of 1883, which said sale is registered in the office of the then Registrar of Arrears, now Collector of Assessments and Arrears, in Liber 81 of Sales, by the certificate No. 5589. The deed given thereon by the Registrar of Arrears being dated October 12, 1897, the said premises being then known and designated on the tax maps as Lot No. 46 in Block 148, Twenty-fourth Ward of said City of Brooklyn, now Borough of Brooklyn, City of New York, at an upset price of \$2,300, and subject to all incumbrances and liens of every nature or kind whatsoever now against said premises, upon the following terms and conditions:

The purchaser at said sale shall pay 25 per cent. of the purchase price on the day of said sale, together with the auctioneer's fee. The balance of said purchase money to be paid thirty days after said sale, at which time the deed shall be ready for delivery. Said payment of 75 per cent. shall be made at the office of the Comptroller of The City of New York, Room 141, No. 280 Broadway, Manhattan, where receipt shall be given, and within three days thereafter the deed shall be delivered upon the surrender of the receipt. The deed to be given shall be a quit-claim deed conveying whatever interest The City of New York may have in and to the premises above described, and shall further recite that the owner is to assume and pay all liens and incumbrances of every nature and kind against said premises. Said sale to be held

at the Real Estate Exchange, No. 189 Montague street, Borough of Brooklyn, D. & M. Chauncey Company, Limited, auctioneers.

Respectfully submitted for approval.

MORTIMER J. BROWN, Appraiser of Real Estate, Department of Finance.

Approved:

H. A. MITZ, Comptroller.

Resolved, That pursuant to the provisions of sections 205 and 221 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize a sale at public auction, after due advertisement, for cash, to the highest bidder, of all the right, title and interest of The City of New York, in and to the land which was sold by the Registrar of Arrears of the City of Brooklyn on July 21, 1886, for the non-payment of taxes, in accordance with the provisions of chapter 114 of the Laws of 1883, which said sale is registered in the office of the then Registrar of Arrears, now Collector of Assessments and Arrears, in Liber 83, of Sales, by the certificate No. 5589. The deed given thereon by the Registrar of Arrears being dated October 12, 1897, the said premises being then known and designated on the tax maps as Lot No. 46 in Block 148, Twenty-fourth Ward of said City of Brooklyn, now Borough of Brooklyn, City of New York; the minimum or upset price at which said property is to be sold is hereby appraised and fixed at twenty-three hundred dollars (\$2,300), subject to all incumbrances and liens of every nature or kind whatsoever now against said premises, and the Comptroller is hereby authorized and directed to take the necessary steps for making such sale upon the following terms and conditions:

The purchaser at said sale shall pay 25 per cent. of the purchase price on the day of said sale, together with the auctioneer's fee. The balance of said purchase money to be paid thirty days after said sale, at which time the deed shall be ready for delivery. Said payment of 75 per cent. shall be made at the office of the Comptroller of The City of New York, room 141, No. 280 Broadway, Manhattan, where receipt shall be given, and within three days thereafter the deed shall be delivered upon the surrender of the receipt.

The deed to be given shall be a quit-claim deed conveying whatever interest The City of New York may have in and to the premises above described, and shall further recite that the owner is to assume and pay all liens and incumbrances of every nature and kind against said premises. Said sale to be held at the Real Estate Exchange, No. 189 Montague street, Borough of Brooklyn, D. and M. Chauncey, Limited, Auctioneers.

The Comptroller presented the following report and offered the following resolutions, relative to a sale at public auction, of buildings upon property acquired for public purposes:

March 18, 1909.

Hon. HERMAN A. MITZ, Comptroller:

Sir—Pursuant to section 1551 of the Revised Charter, the authority to sell buildings situated upon land owned by The City of New York is vested in the Commissioners of the Sinking Fund.

This office is in receipt of several communications requesting the sale of buildings situated upon City property, to wit:

1. Request from the President of the Borough of Manhattan to sell buildings lying within the lines of West One Hundred and Seventy-eighth street, from Broadway to Haven avenue, Borough of Manhattan.

2. Request from the Board of Education to sell buildings on the school site located on the northeast corner of Crocheron and Franklin avenues, Borough of Queens.

3. Request from the Commissioner of Parks for the Boroughs of Manhattan and Richmond to sell buildings located on the west side of the Harlem River driveway (Spaulding), in High Bridge Park, Borough of Manhattan.

4. Request from the President of the Borough of Queens to sell buildings situated on Graham avenue, between the westerly side of Second avenue and the easterly side of Tenth avenue (Steinway avenue), Borough of Queens.

5. Request from the President of the Borough of Queens to sell buildings situated on Hartow street (Sixth avenue), from the northerly side of Broadway to Wolfcott avenue, Borough of Queens.

I would respectfully recommend that five resolutions for the sale of said buildings be adopted by the Commissioners of the Sinking Fund, and resolutions are herewith transmitted.

Respectfully submitted for approval.

PETER AITKEN, Collector of City Revenue.

Approved:

H. A. MITZ, Comptroller.

Whereas, The President of the Borough of Manhattan has requested the sale of all buildings, parts of buildings, etc., now standing upon property owned by The City of New York, located in the Borough of Manhattan, acquired by it for street opening purposes, said buildings being situated upon land more particularly described as follows:

Being all those buildings, parts of buildings, etc., situated upon land lying within the lines of West One Hundred and Seventy-eighth street, from Broadway to Haven avenue, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, room 141, No. 280 Broadway, Borough of Manhattan.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction at the highest marketable prices of all the buildings, parts of buildings, etc., upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check in cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structure of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All lappings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Whereas, The Board of Education has requested the sale of all buildings, parts of buildings, etc., now standing upon property owned by The City of New York, located in the Borough of Queens, acquired by it for school site purposes, said buildings being situated upon land more particularly described as follows:

Being all those buildings, parts of buildings, etc., situated on all that certain plot of ground 200 feet by 200 feet, located on the northeast corner of Crocheron and Franklin avenues, with a frontage of 200 feet on the north side of Crocheron avenue and 200 feet on the east side of Franklin avenue, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction at the highest marketable price of all the buildings, parts of buildings, etc., upon the following terms and conditions:

Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after

being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars, of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed, in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All lappings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings, and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below

the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting bricks, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Whereas, The President of the Borough of Queens has requested the sale of all buildings, parts of buildings, etc., now standing upon property owned by The City of New York, in the Borough of Queens, acquired by it for street opening purposes, said buildings being situated upon land more particularly described as follows:

Being all those buildings, parts of buildings, etc., situated on the land lying within the lines of Bartow street (Sixth avenue), from the northerly side of Broadway to Wolcott avenue, in the Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction at the highest marketable prices of all the buildings, parts of buildings, etc., upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken

down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent in the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following reports and offered the following resolutions relative to sale of buildings upon property acquired for public purposes:

March 31, 1909.

Hon. HERMAN A. MERTZ, Comptroller:

Sir—Pursuant to section 1553 of the revised Charter, the authority to sell buildings situated upon land owned by The City of New York is vested in the Commissioners of the Sinking Fund.

This office is in receipt of several communications requesting the sale of buildings situated upon City property, to wit:

(1) Request from the Commissioner of Parks for the Boroughs of Manhattan and Richmond to sell the buildings at Nos. 182 and 184 Cherry street, used as an annex to Public School 177, Borough of Manhattan.

(2) Request from the Board of Education to sell the old Wickham Building, located on the premises of Public School 16, Sycamore avenue, Corona, Borough of Queens.

I would, therefore, respectfully request that two resolutions for the sale of said buildings be adopted by the Commissioners of the Sinking Fund, and resolutions are herewith transmitted.

Respectfully submitted for approval,

PETER AITKEN, Collector of City Revenue.

This office is in receipt of a communication requesting the sale of the building situated upon City property, to wit:

Request from the President of the Borough of Queens to sell buildings situated upon property lying within the lines of Seventeenth avenue (Oakley street), between Jackson avenue and Wilson avenue, in the First Ward, Borough of Queens.

I would, therefore, respectfully request that a resolution for the sale of said buildings be adopted by the Commissioners of the Sinking Fund, and a resolution is herewith transmitted.

Respectfully submitted for approval,

The Comptroller presented the following statement and offered the following resolution relative to the refunding of Croton water rents overpaid in error:

March 31, 1909.

Hon. HERMAN A. METZ, Comptroller:

SIR—Applications have been made, as per statement herewith, for the refund of Croton water rents paid in error.

The applications are severally approved by the Commissioner of Water Supply, Gas and Electricity, or the Receiver of Taxes, and the amount so paid, twelve hundred and one dollars and forty-four cents (\$1,201.44), has been deposited in the City Treasury to the credit of the Sinking Fund for the Payment of the Interest on the City Debt.

Respectfully,

F. W. SMITH, Chief Accountant and Bookkeeper.

Resolved, That a warrant payable from the Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of the Chamberlain for the sum of twelve hundred and one dollars and forty-four cents (\$1,201.44) for deposit in the City Treasury to the credit of Croton Water Rent Refunding Account, for refunding erroneous and overpayments of Croton water rents, as per statement submitted herewith.

Which resolution was unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to the refunding of water rents, Borough of Brooklyn, paid in error:

March 31, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—Applications have been made, as per statement herewith, for the refund of water rents, Borough of Brooklyn, paid in error.

The applications are severally approved by the Receiver of Taxes, Commissioner of Water Supply, Gas and Electricity, or the Collector of Assessments and Arrears, and the amount so paid, forty-four dollars and fourteen cents (\$44.14), is a proper charge against the Water Sinking Fund, City of Brooklyn.

Respectfully,

F. W. SMITH, Chief Accountant and Bookkeeper.

Approved:

H. A. Metz, Comptroller.

Resolved, That a warrant payable from the Water Sinking Fund, City of Brooklyn, be drawn in favor of the Chamberlain for the sum of forty-four dollars and fourteen cents (\$44.14) for deposit in the City Treasury to the credit of the Water Rents, Borough of Brooklyn Refunding Account, for the refunding of erroneous and overpayments of water rents, as per statement submitted herewith.

Which resolution was unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to a refund of \$5 to Harry Brady, the amount of fine imposed and collected and refunded by order of court:

April 3, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the Fourth District City Magistrates' Court, Borough of Manhattan, on January 18, 1909, one Harry Brady was convicted and fined \$5 and paid the fine to the Warden of the Fourth District Prison.

In Court of General Sessions, on February 26, the judgment of the lower Court was reversed and the "fine of five dollars (\$5) heretofore imposed upon the defendant herein" was ordered to be remitted and returned.

The amount paid was deposited to the credit of the Sinking Fund for the Payment of the Interest on the City Debt.

Respectfully submitted,

F. W. SMITH, Chief Accountant and Bookkeeper.

Approved:

H. A. Metz, Comptroller.

CITY OF NEW YORK—LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, March 22, 1909.

Hon. HERMAN A. METZ, Comptroller:

Sir—I am in receipt of a communication from Deputy Comptroller Phillips, dated March 12, 1909, enclosing order made by Hon. James T. Malone, Justice of the Court of General Sessions, on the 26th day of February, 1909, in the action of the People against Harry Brady, wherein the judgment of conviction entered in the Magistrates' Court is reversed and the fine of \$5, heretofore imposed upon the defendant, is remitted and the sum of \$5 is directed to be returned to the defendant.

In my opinion the said order was properly entered and its provisions should be complied with.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Resolved, That a warrant payable from the Sinking Fund for the Payment of the Interest on the City Debt be drawn in favor of Harry Brady for the sum of five dollars (\$5), amount of fine imposed upon and collected from him by Fourth District City Magistrates' Court, Borough of Manhattan, January 18, now refunded him by order, Court of General Sessions, entered February 26, 1909.

Which resolution was unanimously adopted.

The Mayor submitted for the reconsideration of the Board the matter of the resolution adopted by the Commissioners of the Sinking Fund, at meeting held May 27, 1908, and as amended by resolutions adopted June 30 and December 9, 1908, authorizing a conveyance to the Hahnemann Hospital of the City's interest in certain land on the easterly side of Park avenue, between Sixty-seventh and Sixty-eighth streets, in the Borough of Manhattan.

Which was referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the Chamberlain.

On motion of the Comptroller, the matter of the petition of the Chapin Home for the Aged and Infirm, for a sale of the property now occupied by it under a lease from the City on the block between Sixty-sixth and Sixty-seventh streets, Third and Lexington avenues, in the Borough of Manhattan, was also referred to the same Committee, consisting of the Comptroller, President of the Board of Aldermen and the Chamberlain.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.

Requesting the Board of Estimate and Apportionment to modify Salary Schedule No. 861, Office of the Superintendent of School Supplies, as modified by resolutions of the Board of Estimate and Apportionment adopted on January 15, 1909, and March 19, 1909 (said resolutions having been drawn in error and containing the word "Orderlies" three times where the word "Cleaners" appears in said schedule as originally adopted by the Board of Estimate and Apportionment), by striking out the line

"Cleaners, 9 at \$750.....	\$6,750 00"
—and inserting in lieu thereof a line reading	
"Cleaners, 8 at \$750.....	6,000 00"
—by inserting a line reading as follows:	
"Auto-Truck Driver.....	900 00"
—and by amending the last line of said schedule so as to read as follows:	
"Temporary Help.....	\$15 00"

Allowing an automatic increment at the rate of \$150 per annum to Miss Katherine E. Dempsey, Stenographer and Typewriter, assigned as Clerk to the Local School Boards of Districts Nos. 41 and 42, and to District Superintendent Franklin, subject to financial ability and subject to the necessary transfer of funds and modifications in salary schedules by the Board of Estimate and Apportionment.

Striking section 55 of the By-Laws of the Board of Education out and substituting therefor the following:

Evening Elementary Schools.

Section 55. 1. Evening schools shall be established in such school buildings and other places as the Committee on Special Schools, upon the recommendation of the Board of Superintendents, shall determine.

2. Classes in evening elementary schools shall be distinguished as follows:

- (a) Senior classes.
- (b) Junior classes.
- (c) Classes for foreigners.

Junior classes shall be composed of pupils between the ages of fourteen and eighteen years who are not attending day schools. Senior classes shall be composed of pupils who are not attending day schools, and who have completed the sixth year of the elementary day school course or its equivalent. Classes for foreigners shall be composed of pupils who are learning English. Pupils between fourteen and sixteen years of age who are not graduates of elementary schools must present employment certificates issued by the Board of Health. No person shall be admitted to an evening school unless his age or occupation is such as to prevent his attending a day school.

3. There shall be two evening school terms each school year. The first term for evening elementary schools shall begin on the first Monday of October and continue for eleven weeks; the second term shall begin on the day when the day schools resume sessions in the month of January, and continue for such period as the Board of Education, on the recommendation of the Committee on Special Schools, shall determine. Evening schools shall be closed on the days on which the day schools are closed. Evening schools shall be in session on such evenings during the time provided therefor as shall be determined by the Committee on Special Schools, on the recommendation of the Board of Superintendents.

4. The instruction in evening schools shall continue during two hours, and shall not be lessened by preparation for work or dismissals. In evening schools for men and boys the session shall be from 8 to 10 o'clock, and in evening schools for women and girls the session shall be from 7:45 to 9:45 o'clock. The Committee on Special Schools may, however, on the recommendation of the Board of Superintendents, change the time of beginning and closing the sessions of any or all evening schools, but the two hours of instruction must not be lessened thereby. Pupils may be admitted to their classrooms fifteen minutes in advance of beginning of the session. Pupils over eighteen years of age shall have the option of attending either one or two sessions of one hour each.

5. The Principal and such Teachers as the Board of Superintendents may designate shall be in attendance at the school building on such evenings during one week previous to the first term, between the hours of 7 and 9:30 o'clock, as may be appointed by the Board of Superintendents, for the examination, registration and classification of pupils applying for admission. The Board of Superintendents may also designate such Teachers as it may deem necessary to serve as Registrars for not more than eight evenings after the opening of the schools.

6. Principals and Teachers shall be present at least fifteen minutes before the regular time of beginning school exercises, to receive pupils and make all necessary preparations for the work of the evening.

7. The Board of Superintendents shall nominate to the Board of Education at its first regular meeting in June each year such Principals, Supervisors and Teachers as may appear to be needed for the evening schools. As need for additional nominations occur, they may be made. Service in evening schools may be terminated at such time as the Committee on Special Schools, on the recommendation of the City Superintendent, shall decide.

8. A principal shall be nominated for an evening school having eight classes or more. A teacher in charge shall be nominated for an evening school that has less than eight classes. When the number of classes in an evening school is less than six, the Teacher in charge shall teach a class. When the number of classes in an evening school falls below eight, the Principal shall become the Teacher in charge, with corresponding reduction in pay.

9. A Teacher shall be nominated for every thirty pupils in average attendance during the next preceding term in the same building. When new evening schools are opened, a Teacher shall be nominated for every forty pupils registered previous to the first night of the term. After the first week of the term, one Teacher in addition to those originally appointed may be nominated for every thirty-five pupils in excess of an average attendance for the preceding week of thirty-five pupils to a Teacher.

10. When an evening school contains fifteen classes, a teacher may be nominated who shall teach a class in the absence of a regular teacher and perform such other duties as the principal may assign. Two such teachers may be nominated when the number of classes reaches thirty. When the number of classes falls below the number required, the services of any such teacher shall be dispensed with, or such teacher may be assigned to a class.

11. In the absence of a teacher, or when a vacancy occurs in the teaching staff, the principal may assign to duty a licensed substitute to serve until an appointment is made or until the return of the teacher.

12. Supervisors of special subjects may be nominated each year by the Board of Superintendents in the same manner as principals and teachers.

13. All nominations of members of the supervising and teaching staff in evening schools, except those of principals, shall be made from the appropriate eligible lists, provided, however, that the Board of Superintendents may consider for each appointment the three persons whose names are highest on the appropriate eligible list.

14. The principal of an evening school shall record in a book provided for the purpose the visits of all persons, official or other, and he shall record in a special time book the time of his arrival and departure from school, as well as that of the teachers under his charge. Supervisors of special subjects shall record in the official time book of each school the time of their arrival and departure.

15. The District Superintendent assigned to evening schools may suspend a principal or teacher for gross misconduct, general inefficiency, insubordination or neglect of duty, and such suspension shall be immediately reported to the City Superintendent of Schools and to the Chairman of the Committee on Special Schools. Said Committee shall take such action as may be deemed advisable.

16. The principal shall keep a record of the name, age, residence, occupation, name of parent or guardian, attendance and scholarship of the pupils, and shall report at the close of each term to the City Superintendent the whole number taught, with the average attendance for the term. He shall also make such other reports as the City Superintendent shall require. No pupil shall be marked or counted as present who does not remain in the school for at least one hour.

17. No lecture, exhibition, or any other departure from the usual order of exercises shall be permitted by the principal, except as herein provided. Subject to the approval of the District Superintendent assigned to evening schools, the last half-hour of each week may be devoted to singing and to lectures, talks or readings upon hygiene, food, clothing, home economy, national and municipal civics, and other appropriate topics. Closing exercises may be held on the last evening of the second term, and on no other evening shall the regular classroom instruction be suspended except with the approval of the Board of Superintendents.

18. Supplies for the evening schools shall be provided on the order of the principal, when approved by the District Superintendent assigned to evening schools.

19. The principal shall furnish to each pupil the necessary books and stationery, keep an account of the same, and hold every teacher and pupil responsible for their proper use and return. At the close of the second term, or earlier if the school be

closed before that time, the principal shall make in duplicate an inventory of all books and other supplies on hand, with a statement of the condition of the same. One copy of such inventory shall be deposited in the office of the Superintendent of School Supplies.

20. The principal may discharge a pupil for disobedience or improper conduct, and he shall forward a report of such discharge to the City Superintendent of Schools, with a statement of the nature of the offence, the age, residence, parent's name, and the name and address of his employer. Principals of evening elementary schools shall report weekly to the District Superintendent of the district in which the school is situated, the name, age, residence, parent's name, and employer's name and address of all boys under sixteen years of age who have been absent four evenings in succession, or whose attendance is irregular, and the name of no boy under sixteen years of age shall be dropped from the roll of the school except on the written order of such District Superintendent. At the end of each month, and at the close of the evening school session, a certificate shall be issued by the principal to every boy under sixteen years of age, stating the number of weeks of not less than six hours each week that the boy has been in attendance at the school, and a duplicate of such certificate shall be mailed to the employer of each such boy.

21. When, by reason of inability to produce an employment certificate, admission to an evening school has been refused a child under sixteen years of age, the principal shall immediately notify the District Superintendent of the district in which the evening school is situated, giving the name, age, residence, and such other definite information as may enable the District Superintendent to have the child located and placed in a day school by an attendance officer.

22. No corporal punishment shall be inflicted in any evening school.

23. Certificates specifying the grade of scholarship attained shall be awarded to pupils by the principals of the evening schools for regular and punctual attendance and correct deportment.

24. Under the direction of the City Superintendent, the District Superintendents shall supervise the work of the evening schools, and make such reports of the supervision as he may direct.

25. When the attendance of the junior or senior classes of a school for the period of two weeks is less than an average of twenty pupils to a teacher, it shall be the duty of the principal to report in writing the fact to the District Superintendent assigned to evening schools, stating the name of the teacher or teachers whose classes may be consolidated or discontinued, and the reasons therefor. The Committee on Special Schools, on the recommendation of the City Superintendent, shall take such action as may be deemed advisable.

26. Principals of evening schools shall file in the office of the Auditor, at the end of each term of the evening schools, a certificate as to the character of service of the janitor or janitor-engineer or other like persons employed by the Board of Education in each evening school building, which certificate shall also state that such persons have been employed solely in the performance of the appropriate duties of the position and employment indicated, and that they have not been assigned to perform duties appertaining in any other title.

27. Local School Boards shall exercise the same functions with regard to evening schools within the several school districts as in the case of day schools, except in the matter of excusing the absences of teachers and of transferring teachers from school to school.

Striking section 56 of the By-laws of the Board of Education out and the following substituted therefor:

Evening High Schools.

Section 56. 1. The By-laws of the Board of Education governing evening elementary schools shall be equally applicable to evening high schools except when otherwise specifically provided.

2. Evening high schools shall begin their sessions on the third Monday in September, and shall continue for thirteen weeks; the second term shall begin on the day on which the day schools resume sessions in the month of January, and continue for such period as the Board of Education, on the recommendation of the Committee on Special Schools, shall determine.

3. Each evening session shall be divided into two parts of one hour each, and no pupil shall be permitted to enter a classroom later than five minutes after the time for beginning instruction.

4. In accordance with regulations to be made by the Board of Superintendents, pupils may be permitted to receive instruction for but one hour each evening, or for a less number of evenings per week than the entire number of sessions.

5. To be eligible for admission to an evening high school, applicants must possess such qualifications as the Board of Superintendents may determine.

6. Junior teachers and laboratory assistants may be nominated by the Board of Superintendents for appointment by the Board of Education in place of assistant teachers when such nominations and appointments are deemed necessary or advisable. Teachers may be assigned to service by the Board of Superintendents for one hour of the evening school session or for such number of evenings per week as may be deemed necessary or advisable by the Committee on Special Schools.

7. When the average attendance of any class for the period of two weeks shall be less than fifteen per hour, the Committee on Special Schools shall have power to discontinue such class and to dispense with the services of the teacher.

Amending section 43 of the By-laws of the Board of Education, by adding thereto a new subdivision, to be known and designated as subdivision 20, reading as follows:

20. Principals shall report weekly to the District Superintendent the names of all boys to whom employment certificates have been issued and who have been discharged during the week for the purpose of engaging in employment, and shall issue to boys under sixteen years of age, who have not been graduated from school, transfers to the nearest evening elementary school.

Amending section 41 of the By-laws of the Board of Education, by adding thereto a new subdivision, to be known and designated as subdivision 25, reading as follows:

25. A District Superintendent to whom the names of any boys may be reported by the principals of day elementary schools, as provided in subdivision 20 of section 43 of these By-laws, shall ascertain if such boys have been admitted to evening schools; if they have not been so admitted, it shall be his duty to require an attendance officer in place such boys in evening schools.

Amending the By-laws of the Board of Education by inserting therein, between sections 98a and 99, a new section, to be known and designated as section 98b, with the caption "1b—Junior Teacher," reading as follows:

Section 98b. To be eligible for license as junior teacher in evening high schools, the applicant must be eligible for license as assistant teacher in evening high schools.

Amending subdivision 20 of section 65 of the By-laws of the Board of Education so as to read as follows:

20. Principals, supervisors, general assistants, and teachers in evening high and elementary schools shall be paid in accordance with the following schedule for each evening's service, such payment being made on the basis of two hours' service per evening, and a proportionate amount for a less period of time:

Schedule XX.

Evening Schools—	Per Evening.
Principals of evening high schools.....	\$7 00
Assistants in evening high schools.....	5 00
Laboratory assistants in evening high schools.....	3 00
Principals of evening elementary schools.....	5 00

Substitutes in evening elementary schools.....	2 00

Amending subdivision 1 of section 66 of the By-laws of the Board of Education by inserting in the schedule headed "Evening High School Licenses," after the line reading "Laboratory Assistant," the following:

Junior teacher.

Amending subdivision 10 of section 65 of the by-laws of the Board of Education by inserting, immediately after the second paragraph following Schedule III., the following:

"Substitute Teachers of ungraded classes shall be paid at the rate of \$3 per day of actual service."

Recommending that the number of members of the Board of Education of The City of New York should not be reduced to fifteen, as provided by section 188 of the proposed new Charter, but should remain as at present.

Deeming it is the sense of this Board that the provisions contained in section 48, subdivision 1, and in section 188 of the proposed new Charter, for the removal of the members of the Board of Education at the pleasure of the Mayor are unwise, dangerous and deserving of the severest condemnation.

Deeming it is the sense of this Board that the President of the Board of Education should not be designated by the Mayor, but should be chosen by the Board itself.

Deeming it is the sense of this Board that the principle embodied in section 1091 of the present Charter should be embodied in the proposed new Charter or in the administrative code; that the provision for the General School Fund and the Special School Fund should be retained; that the General School Fund should be raised in bulk and the method of its distribution and expenditure be determined by the Board of Education; and that the provision for a special tax for the General School Fund should also be retained.

Deeming it is the sense of this Board that section 191 should be amended so as to read as follows:

"Section 191. Any of the administrative officers and any member of the supervising staff may be removed for cause by vote of at least a majority of the Commissioners, and may be suspended by the Board or its President, pending the trial of charges."

Deeming it is the sense of this Board that provision should be made in the new Charter to the effect that the Board of Superintendents shall have power to recommend courses of study and changes therein; to recommend qualifications for licenses, academic and professional; to make nominations of Principals and Teachers from eligible lists, and to make nominations for the office of District Superintendent.

Deeming it is the sense of this Board that section 195 should be amended by inserting in line 25 on page 127, between the word "promotions" and the word "in," the words "involving an increase of salary;" in line 3 on page 128, by striking out the period after the word "act" and substituting a comma therefor, and by inserting, after said word, the words "nor shall any member of said staff be entitled to appointment or promotion to any position other than that for which the license held by such member expressly qualifies him or her;" and in line 8 on page 128, by inserting, between the word "grade" and the word "shall," the words "involving a decrease in salary."

Referring to the Committee on By-Laws and Legislation to take such action as may be deemed advisable and necessary to carry out the intent of the Board of Education as set forth in the foregoing resolutions, and empowering said Committee to appear at any hearings which may be held on the proposed Charter and administrative code before Committees of the Legislature, the Mayor or the Governor.

Framing the last sentence of section 102 of the proposed new Charter so as not to apply to the Department of Education.

Appointing Burt P. Seelye as Principal of an elementary school in District No. 24, Schedule I (b), to be assigned by the Board of Superintendents to Public School 3 A, Gr., Borough of The Bronx, the appointment to take effect April 1, 1909.

The request of Philip F. Donahue for a renewal of his lease of land under water between One Hundred and Fifty-fourth and One Hundred and Fifty-fifth streets, North River, was referred to the Corporation Counsel.

DENIS A. JUDGE, Deputy and Acting Commissioner.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held at the Commission's Offices, No. 299 Broadway, on Wednesday, March 3, 1909, at 10 a. m.

Present—President Frank L. Polk and Commissioners R. Ross Appleton and Arthur J. O'Keefe.

The President, Mr. Frank L. Polk, presided.
Thomas E. Longman, No. 102 East One Hundred and Seventh street, a candidate for Clerk, third grade, appeared before the Commission, as directed, in relation to his request for permission to correct the date of birth given in his application to conform to that set forth in the baptismal certificate furnished, the genuineness of which had been questioned by the Commission. At the conclusion of his hearing the candidate was given one week in which to produce official proof as to the date of his birth.

Bernard Campion appeared before the Commission, as directed, to answer the charge of having made a false statement in his application as to the date of his birth, and securing an appointment as Doorman in the Police Department through fraud. It appeared that Campion had been appointed on December 24, 1908, and that on February 13, 1909, the Police Commissioner had advised the Commission that official rec-

ords received from Ireland showed that the candidate had been born on the 13th day of February, 1870, although he had stated that he was born on the 15th day of March, 1877.

The Commission then went into regular session and the minutes of the meeting held February 24 were approved.

On motion, it was

Resolved, That, it appearing from official records received from Ireland that Bernard Campion was born on the 13th day of February, 1870, and that he was therefore over thirty-five years of age at the time of his appointment as Doorman in the Police Department, December 24, 1908, which rendered him ineligible for such appointment, the Secretary is hereby directed to revoke the certification of the name of Bernard Campion, in accordance with paragraph 6 of Rule XI. of the Municipal Civil Service Rules.

On the recommendation of the Committee on Transfers, the following transfers were approved:

No. 1304 Elizabeth Burns, Typewriting Copyist, \$750 per annum, Tenement House Department, to Typewriting Copyist, \$900 per annum, Department of Water Supply, Gas and Electricity (Bureau of Water Register, Manhattan).

The appeal of James C. Wynn, a candidate for Dockmaster, was referred to the President, together with reports of Examiners Clark and Story, and Kavanagh and Fuld.

The appeal of Thomas F. Woods, a candidate for Dockmaster, was referred back to the Examiners for further consideration.

On motion, it was

Resolved, That the salaries of the following named employees of the Municipal Civil Service Commission be and they hereby are fixed at the amounts indicated, to take effect March 1:

Daniel V. Duff, Examiner, \$1,800 per annum; Timothy J. O'Leary, Examiner, \$1,800 per annum.

A communication was presented from the Chief Examiner, dated February 25, in relation to the examination for promotion to Telegraph Operator in the Fire Department. The matter was referred to the President.

A communication was presented from the Chief Examiner, dated March 2, suggesting a change in the existing custom with reference to "automatic" appeals. The matter was referred to the President.

A communication was presented from the Chief Examiner transmitting a report of Examiner Oppenheim, giving his scheme for the examination of Typewriter-Accountant, \$1,200 per annum, as follows:

Accuracy and neatness.....	6
Speed.....	3
Arithmetic.....	1

The advertisement of the examination shall state that candidates need not bring an Elliott-Fisher machine, but must be familiar with the billing machine made by that company.

There should be a limit of time allowed, but in the case of each competitor a note should be made, when his or her paper is taken up of the actual time used in doing the exercise, the speed rating to be graded accordingly.

The test should be something (but not precisely) like the work required in the Finance Department, namely, tabulated columnar work, with headings done on large sheets.

Women to be admitted.

The recommendations of the Examiner were adopted.

A communication was presented from the Chief Examiner, dated March 2, transmitting a report of Examiners Fuld and Kavanagh as to the method which they employed in rating Experience in the recent examination for Dockmaster. The matter was referred to the President.

A report was presented from Mr. Murray, the Examiner in charge of the Promotion Bureau, recommending, after consultation with Mr. E. F. Mallahan, the expert suggested by the National Board of Fire Underwriters, the following subjects and weights in the coming examination for promotion to Engineer of Steamer, Fire Department:

Technical.....	7
Rules and regulations.....	2
Report.....	1
Mental.....	50
Record and seniority.....	50

—and stating that the technical would be divided into a practical test and a written examination, each counting 50 per cent.; that it would be necessary to obtain 75 on the practical test in order to be admitted to the written examination; that to pass it would be necessary to obtain 75 per cent. on the technical, and 80 per cent. on all. The recommendations of the Examiner were adopted.

The Secretary stated that requisitions had been received from the Mayor's office and from the Comptroller's office for names from which to appoint two Clerks and one Financial Clerk, at a salary of \$1,200 per annum each, and requested instructions as to whether the name appearing on the "preferred" list for Clerk, with a knowledge of statistics, should be certified. After careful consideration of the matter, the Secretary was directed to certify the said name for appointment to the position of Statistician only, the candidate having been appointed originally from the eligible list of Statisticians.

A communication was presented from the Labor Clerk, dated January 24, forwarding, with a request for instructions, the request of the Commissioner of Parks, Boroughs of Manhattan and Richmond, for authority to transfer John Donohue from the position of Driver to that of Park Laborer, for the reason that he was unable to fill the position of Driver owing to injuries received in the performance of duty. On motion, the transfer was approved.

A report was presented from the Labor Clerk, dated February 25, recommending the appointment of the following named persons as Expert Examiners, to conduct the examinations specified:

Michael Fogarty, No. 532 West Thirty-third street, examination for Boiler Maker.
J. P. Larrimer, No. 64 West One Hundred and Twenty-fifth street, examination for Riveter.

J. G. Basinger, No. 45 Broadway, City, examination for Dock Builder.

On motion, it was

Resolved, That the above named persons be and they hereby are appointed Expert Examiners to conduct the examinations for Boiler Maker, Riveter and Dock Builder, with compensation at the rate of ten dollars (\$10) a day while employed.

1. Resolution amending paragraph 12 of Rule XIX. (the Labor Class), by fixing the probationary period at one month.

2. Resolution amending Part II. of the Labor Class by including therein the title "Blaster."

3. Resolution extending the period during which twenty-two employees of the New York and Brooklyn Bridge might be reinstated, the said persons having been temporarily under the jurisdiction of the lessees of the local bridge railroad, and their services having been continuous from the date of their original appointment.

4. Resolution waiving the limit of compensation fixed by paragraph 6 of Rule XII. so far as the same applied to Mr. H. D. Dumont, employed as an expert in the Finance Department.

5. Resolution exempting Prof. W. O. Crosby from examination, in accordance with paragraph 6 of Rule XII., to serve as an Expert Geologist in the Board of Water Supply, for an additional year, at a compensation not to exceed \$5,000.

Also stating that the resolution relative to the appointment of Dr. Ernst J. Lederle as Sanitary Engineer in the Board of Water Supply (which had been resubmitted, with additional information) had been referred to the Attorney General, with a request for an opinion as to whether a person drawing a regular salary from the State of New York could be certified for any subdivision or city thereof as a person engaged in private business, for the same general class of work as that for which he was drawing salary. The communication was ordered filed.

A communication was presented from Deputy and Acting Comptroller McCooey, dated February 26, advising the Commission that Ernest V. Hubbard, M. D., had filed a protest with the Comptroller against the payment of salary to Dr. Winford H. Smith, General Medical Superintendent of Bellevue and Allied Hospitals, on the ground that the appointment was not made in accordance with the Civil Service Law and its amendments and of the valid rules enforced thereunder. The communication was ordered filed.

A communication was presented from the Comptroller, dated March 2, renewing his request that the Commission hold an open competitive examination for the position of Inspector of Supplies and Repairs in his Department, and that pending the announcement of the eligible list he be permitted to employ the following named persons, in accordance with paragraph 3 of Rule XII.: William Shack, Jov. F.

A letter was presented from the President of the Borough of Richmond, dated February 26, requesting approval of an additional leave of absence, without pay, for a period of two months, beginning April 1, in the case of Mr. M. Altman, Assistant Secretary, in order that he might complete his work with the New York Charter Commission. The request was granted.

A letter was presented from the President of the Borough of Richmond, dated March 2, requesting that the examination for promotion from Stoker to Stationary Engineer, Class II, in his Department, be cancelled.

On motion, it was

Resolved, That the action of this Commission in ordering an examination for promotion from Stoker to Stationary Engineer, Class II, in the office of the President of the Borough of Richmond, be and the same hereby is revoked.

A letter was presented from the Secretary of the Board of Education, dated February 23, forwarding the request of the Superintendent of School Supplies that the Commission certify one James A. Caffee from the eligible list of Cleaner for appointment in the Bureau of Supplies, at a salary of \$800 per annum, to run electric and gasoline auto-trucks, he (the Superintendent) having been informed that the candidate understood and had been previously employed at those duties. The request was denied for lack of power.

A letter was presented from the Secretary of the Board of Education, dated February 24, requesting authority to continue the services of Retta A. Pfau as Telephone Switchboard Operator at the Hall of the Board of Education for an additional period of three months. The Secretary stated that Miss Pfau had been appointed from the eligible list for a temporary period of three months, which would expire on February 17. The request was granted.

A letter was presented from the Secretary of the Board of Education, dated February 25, requesting approval of an additional leave of absence, without pay, in the case of Mary B. Starck, Telephone Operator, for six months, commencing March 1, 1909, and forwarding a certificate from Lawson Brown, M. D., of Saranac Lake, N. Y., to the effect that Miss Starck was still unable to return to her duties. The Secretary stated that the said employee had been on leave of absence since June 1, 1908. On motion, additional leave until June 1, 1909, was granted.

On motion, the following emergency appointments were approved, under paragraph 4 of Rule XII:

Engineer from T. B. Leahy Building Company as Elevatorman at the new Lodging House, for twelve days, at \$3 a day.

Joseph F. Jaffe, No. 8700 Bay Sixteenth street, Brooklyn, as Measurer in the Department of Street Cleaning, at \$5 a day.

Patrick Lynch, No. 159 East Sixtieth street, as Clerk in the Department of Street Cleaning, at \$1 a day.

Henry L. Seff, No. 180 East Seventy-sixth street, as Clerk in the Department of Street Cleaning, at \$1 a day.

A. B. Root, No. 308 West One Hundred and Fifty-first street, as Clerk in the Department of Street Cleaning, at \$3 a day.

Herbert L. Petry, No. 602 West One Hundred and Eighty-fourth street, as Clerk in the Department of Street Cleaning, at \$3 a day.

Anthony Quinn, Wiener place and Central avenue, Tompkinsville, S. I., as Watchman in the Finance Department, 234 hours, at 25 cents an hour.

Herman N. Rothman, M. D., No. 160 Knip street, Brooklyn, as Resident Physician at the Branch Workhouse, Rikers Island, with salary at the rate of \$1,200 per annum, and maintenance, for a period of fifteen days from February 19, 1909.

A letter was presented from the Commissioner of Correction, dated March 1, requesting approval of the appointment of Dr. Harry M. Griffith as Resident Physician at the Branch Workhouse, Rikers Island, at a salary of \$1,200 per annum, pending the preparation of an eligible list for that position. The Secretary was directed to summon the candidate for a non-competitive examination in accordance with paragraph 3 of Rule XII, and, on motion, it was

Resolved, That the Chief Examiner be requested to take up the matter of holding an open competitive examination for Resident Physician.

The Secretary called the attention of the Commission to a voucher from the Commissioners of Accounts, in the amount of \$9.50, for expert services rendered by Israel Sault in connection with the investigation of the Department of Street Cleaning (snow removal). The Secretary was directed to certify the voucher in accordance with paragraph 6 of Rule XII.

A letter was presented from the Commissioner of Licenses, dated February 23, requesting authority to employ one Lizzie Selinger as a Cleaner in his office, at a compensation of \$1.50 a month, and stating that a person was needed to clean brass, telephones, etc., which were not covered by his lease. The Secretary was directed to certify the vouchers for such services when presented as exempt from the provisions of the Civil Service rules.

On motion, it was

Resolved, That, in accordance with the provisions of Rule XII, paragraph 6, Miss Julia A. Cooke, of No. 21 Park row, New York City, be and she hereby is excepted from examination to be employed as a Stenographer and Typewriter in the Department of Water Supply, Gas and Electricity, from time to time during the year 1909, it appearing that Miss Cooke is a person engaged in private business, and that the services to be rendered are of a professional and expert nature; provided, however, that her compensation shall not exceed \$750.

On motion, it was

Resolved, That, in accordance with the provisions of paragraph 6 of Rule XII, Mr. Frank B. Sheridan be and he hereby is excepted from examination, to be employed in the Department of Taxes and Assessments during the year 1909, to furnish, on cards, all real estate conveyances recorded in Manhattan and The Bronx; also all auction sales in Manhattan and The Bronx, with block and lot numbers on the same; provided, however, that his total compensation shall not exceed \$750.

A letter was presented from the Commissioner of Street Cleaning, dated February 15, requesting that the eligible list for promotion to District Superintendent, certified under date of February 11, be divided into separate lists for the Boroughs of Manhattan, Brooklyn and the Bronx. The matter was laid over, pending the receipt of a statement from the Commission showing the Borough to which each of the said employees was assigned.

A letter was presented from the Commissioner of Street Cleaning requesting an examination for promotion to the position of Assistant Dump Inspector in his Department. The matter was referred to Examiner Murray for a report.

A letter was presented from the Commissioner of Parks, Borough of The Bronx, dated March 1, nominating John Collins, One Hundred and Seventy-ninth street and Osborne place, for a non-competitive examination to qualify him for employment as a Blaster pending the preparation of an eligible list for that position. The Secretary was directed to summon the candidate for the requisite examination, and to proceed with the establishment of a list of Blaster without delay.

A letter was presented from the Secretary of the Health Department, dated March 1, requesting authority to continue the services of the following named persons in the capacity indicated pending the announcement of eligible lists for the positions:

Elliot R. Alexander, Chemist; Albert J. Hatch, Bookkeeper; Freida Patch, Nurse; Mary Stahl, Nurse; Lucille A. Tischner, Nurse.

On motion, the Secretary was directed to attach a special certificate to the pay-rolls of the employees setting forth the facts in the case.

A letter was presented from the Superintendent of the Brooklyn Disciplinary Training School for Boys, dated March 3, requesting authority to employ Miss Marion Duncan Paine as a Teacher, with salary at the rate of \$50 a month, under paragraph 3 of Rule XII. The Secretary was directed to summon the candidate for a non-competitive examination to qualify her for employment pending the announcement of the eligible list.

The following leaves of absence were approved, it appearing from the doctors' certificates furnished that the same were required on account of illness:

Morris Dietrich, Foreman, office of President of the Borough of The Bronx, two months.

Joseph J. Maroney, Inspector of Tenements, three months from March 1.

A letter was presented from the Secretary of the Fire Department, dated February 19, notifying the Commission of the following reinstatements in the Fire Department, pursuant to the provisions of chapter 723 of the Laws of 1907, and transmitting copies of letters of his Honor the Mayor consenting to the rehearing of such cases:

Alexander Grady, Foreman, with salary at the rate of \$2,100 per annum, to take effect from 8 a. m., February 19, 1909, and assigned to Engine Company 47, Borough of Manhattan.

Henry Rehwinkel, Fireman, first grade, with salary at the rate of \$1,400 per annum, to take effect from 8 a. m., February 19, 1909, and assigned to Engine Company 17, Borough of Manhattan.

The Secretary was directed to note the reinstatements on the records of the office and the papers were ordered filed.

A letter was presented from the Commissioner of Parks, Boroughs of Brooklyn and Queens, dated March 2, requesting that Mr. Leo Umansoff, third grade Clerk in his Department, be given a non-competitive examination for promotion to the position of Bookkeeper, fifth grade, which was vacant. The matter was referred to Mr. Murray, Examiner in charge of the Promotion Bureau, for a report.

The reassignment of Jacob Rasch, second grade Clerk in the Department of Water Supply, Gas and Electricity, was approved, it appearing from the doctor's certificate furnished that his absence from December 14, 1908, had been due to illness.

On motion, the Secretary was directed to advertise a public hearing on the proposed amendment of the rules by changing clause 4 of Rule VIII, to read as follows:

"4. An application presented within the prescribed limits of time, but found to be defective, shall be suspended, and notification shall be given to the applicant of the particulars in which it requires correction. Such an application shall be accepted if corrected and returned five days before the date of examination, but not otherwise."

The reports of the following Departmental Boards of Examiners for positions in the Non-Competitive Class were approved upon the recommendation of the Chief Examiner:

Department of Education, February 20.

Department of Public Charities, February 23.

Department of Education, February 25, 25.

A letter was presented from John F. Kent, M. D., No. 230 1/2 Mason street, Brooklyn, dated February 16, protesting against the removal of the names of Drs. Throne, Elberle and Grady from the preferred list of Medical Inspectors, by E. H. Randall, a Clerk employed in the Health Department, "without official resolution of the Health Department," and stating that as a result of such action Drs. Throne, Elberle and Grady were again at work in the Health Department, notwithstanding his "prior right of appointment on account of seniority." The Secretary stated that the representative of the Health Department had called at the office of the Commission and erased the names of the three persons specified from their letter of January 4, 1909, submitting a list of the Medical Inspectors whose services had been impressed with an account of lack of appropriation, for the reason that the said names had been given in the letter through a clerical error, as Drs. Throne, Grady and Elberle had been continuously employed from the first of the year. The letter was ordered filed.

The request of Peter B. Cassidy, No. 350 Robbison avenue, The Bronx, for a special mental examination for the position of Bookmaster was denied, in the absence of proof that his failure to appear for the general examination had been due to an error for which the Commission was responsible.

A letter was presented from Mrs. Mary Ryan, No. 577 Sixth avenue, Brooklyn, requesting that her application for Police Matron be accepted, and stating that she had become an American citizen through her marriage. The Secretary was directed to inform the applicant that if she would furnish some official proof in substantiation of her statement the matter of accepting her application would be given further consideration.

A letter was presented from Frederick O. Bug, No. 192 Reid avenue, Brooklyn, requesting that his application for Clerk, third grade, be accepted, and that he be permitted to correct the date of birth given in same to correspond with that appearing in the certificate furnished. The request was granted.

A letter was presented from Carl C. Bechtel, Jr., No. 523 Forty-fifth street, Brooklyn, requesting that his application for Clerk, third grade, be accepted, and stating, by way of proof that he was twenty-one years of age that he had voted at the preceding election. The Secretary was directed to inform the candidate that it would be necessary for him to submit some official proof as to the date of his birth before the application could be accepted.

The request of Harry Niers, Pleasantville, N. Y., for permission to amend his application for Clerk, third grade, by having his vouchers sign in their own handwriting, was denied, the application having been previously rejected, on the recent amendment of the Chief Examiner, for the reason that all the vouchers' certificates had been filed in by one person.

A letter was presented from John J. Norron, No. 346 Ninth avenue, dated February 23, requesting permission to correct the date of birth given in his application for Clerk, third grade (which had been rejected on the ground that the applicant was under age), to conform to the baptismal certificate furnished. The Secretary was directed to inform the candidate that the certificate was not satisfactory, as the seal of the church from which it had been issued was not affixed thereto.

A letter was presented from John A. Coulthard, No. 341 West Forty-sixth street, dated February 24, requesting that his application for Bookkeeper, third grade, be accepted, and stating that he had delivered the same in person at the office of the Commission, at 3.30 p. m., on February 18, the closing date. The Secretary stated that the application had been returned to the candidate as having been received too late, and was stamped "February 19, 10.24 a. m." but that the same was probably due to the fact that the Clerk on whose desk the application had been placed had been in court on that day and consequently had not delivered the application to the Clerk in charge of the Receipt of Applications, for stamping and filing, until the next morning. The application was accepted.

The request of Michael Caulfield, No. 747 Melrose avenue, Borough of The Bronx, that he be permitted to correct the date of birth given in his application for Clerk, third grade, to read November 23, 1873, was granted subject to the furnishing of a birth or baptismal certificate.

The request of Arthur W. Geiger, No. 519 West One Hundred and Twenty-fourth street, that his application for Clerk, third grade, be accepted was denied for the reason that he was under twenty-one years of age.

The following restatements to the eligible lists indicated were allowed:

John L. Sullivan, No. 227 East Fifth street, Clerk, second grade. Failure to report for appointment at Department of Correction on February 13, 1909, due to change of residence.

Henry Greenfield, No. 161 Pulaski street, Brooklyn, Temporary Clerk. Statement of Department of Street Cleaning on February 17, 1909, that candidate had failed to report, incorrect.

Anna Eaton, No. 909 Driggs avenue, Brooklyn, Attendant. Declination of appointment in office of President of Borough of Manhattan, on July 3, 1908, due to fact that she was holding an appointment as Matron in Kings County Jail, which appointment had since been terminated.

Alexander Rutenberg, No. 124 Amboy street, Brooklyn, Financial Clerk. Statement of Brooklyn Disciplinary Training School, under date of January 15, 1909, that candidate had declined appointment, incorrect.

Robert C. Nolan, No. 1279 East One Hundred and Seventy-seventh street, Temporary Clerk. Failure to report at Board of Elections in November, 1908, when certified, due to ill health.

The request of James F. MacDonald, No. 430 West Forty-eighth street, that his name be restored to the list of Temporary Clerk, was denied for laches.

A letter was presented from William D. Cobb, No. 424 West Thirty-seventh street, requesting that his name be restored to the eligible list of Patrolman, and stating that his failure to appear at the Police Department in July, 1908, when his name was certified for appointment, was due to illness in his family. The Secretary was directed to request the candidate to appear before the Commission at the next meeting in reference to his request.

A letter was presented from Edward P. Doyle, Secretary of the Taxpayers' Alliance, north shore of Richmond Borough, dated February 27, transmitting, with a request for information, a complaint received from one James J. Dougherty against the duties performed by "a man named Foster, in the Bureau of Highways, Borough of Richmond." The letter was referred to the Secretary for a reply.

The Commission then adjourned to meet Wednesday, March 10, 1909, at 10 o'clock in the forenoon.

FRANK A. SPENCER, Secretary.

All quantities to be "more or less." All quantities to be "as are."

All aforesaid articles must be received by the purchaser at the aforesaid hospital, and removed therefrom immediately upon being notified that same are ready for delivery, except in the case of bones and grease, which must be removed every other day by the purchaser without previous notice.

Each successful bidder will be required to pay 25 per cent. of the estimated amount of his purchase to me at the time and place of sale, to be held by the City as security for the faithful performance of the terms and conditions of the sale, and all goods are to be paid for in cash or certified check on a New York City bank upon their delivery.

The Commissioner reserves the right to reject all bids, also the right to order a resale of any goods that shall not have been removed by the purchaser within ten days after he shall have been notified that they are ready, and in case the said purchaser fails to remove any of the said goods within ten days after having been notified that they are ready for delivery, he forfeits the 25 per cent. paid in at the time and place of sale, and also forfeits all right to the ownership of the goods. This, however, does not apply to the bones and grease, which, if not removed every other day, the Commissioner reserves the right to sell without notice.

The City of New York, April 16, 1909.

ROBERT W. HEDBERG,
Commissioner of Public Charities.

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF QUEENS.

FIRST WARD.

SIXTH AVENUE—REGULATING, GRADING, CURBING AND LAYING CEMENT SIDEWALKS, from Vandewater Avenue to Grand Avenue. Area of assessment: Both sides of Sixth Avenue, from Vandewater Avenue to Grand Avenue, and to the extent of half the block at the intersecting avenues.

That the same was confirmed by the Board of Assessors on April 13, 1909, and entered April 15, 1909, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated from the date when such assessment became a lien, as provided by section 1019 of this act."

Section 1019 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

Section 1019 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

Section 1019 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson Avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before June 14, 1909, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THEREON ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Richmond, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Richmond.

said buildings being situated upon land now particularly described as follows:

Being all those buildings, parts of buildings, etc., remaining unoccupied at the expiration of the sale held Monday, February 8, 1909, lying within the limits of street opening places, between the southerly line of the United States Light House property and Weir Place, and an unnamed street (extension of State Street), between Weir Place and Arden Street, in the Borough of Richmond, and which are more particularly described in a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held by them January 19, 1909, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, APRIL 20, 1909,

at 11 a. m., on the premises, upon the usual terms and conditions as contained in other advertisements of the sale of old material in the City Record.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THEREON ON CITY REAL ESTATE.

AT THE REQUEST OF THE BRIDGE COMMISSIONER, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will

offer for sale at public auction all the buildings, parts of buildings, etc., now standing within the limits of property owned by The City of New York, acquired by it for bridge purposes in the

Borough of Brooklyn.

Being the buildings now standing within the limits of the right of way of Manhattan Bridge, in the Borough of Brooklyn, between Front and Nassau Streets, and being more particularly designated as all or part of the following buildings: No. 117 Front Street, the church building at the corner of Tallman and Jay Streets, No. 88 Prospect Street, No. 123 Jay Street, No. 148 High Street and No. 113 Sands Street, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held October 9, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 22, 1909,

at 11 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash to half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but not to the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rent or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rent or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale.

The sale will be as at the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery in purchase will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and others of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the sidewalk area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all basements shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, in any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portions, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be irrevocable by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect to a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereon, and will place proper and sufficient guards and fences and warning signs by day and night for the protection of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the persons or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All facings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-boles, etc., bricked up, and the wall painted and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

announced from the date when such assessments become liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for school purposes in the

Borough of Queens.

(1) Being all those buildings, parts of buildings, etc., now standing upon all that certain plot of ground 200 feet by 200 feet, located on the northeast corner of Crockerham and Franklin avenues, with a frontage of 200 feet on the south side of Crockerham avenue and of 200 feet on the east side of Franklin avenue, in the Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 3, 1909, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, APRIL 23, 1909,

at 11 a. m., on the premises.
 (2) Being the old Wickham Building located on the premises adjoining Public School 16, on Squamere avenue, between Park and Lake streets, in Queens, Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 3, 1909, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, APRIL 23, 1909,

at 12.30 p. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in full the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, or to be applied at the expiration of the contract period.

The purchaser shall not lease, occupy, close or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or

any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money, and the security deposited for the faithful performance of the conditions of the sale. The placing of a lien or permitting the occupancy of any such building by any tenant, free, for rent or otherwise, excepting the necessary workmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walls, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all basements shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Prior to removing said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeited or ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary therefor, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All fittings, plaster, chimneys, projection brick, etc., on the face of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, braced, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Queens.

(1) Being all those buildings, parts of buildings, etc., now standing within the lines of Graham avenue, between the westerly side of Second avenue and the easterly side of Tenth avenue (Steinway avenue), in the Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 3, 1909, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 22, 1909,

at 11 a. m., on the premises.
 (2) Being all those buildings, parts of buildings, etc., now standing within the lines of Seventeenth avenue (Dakota street), from Jackson avenue to Wilton avenue, First Ward of the Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 5, 1909, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 22, 1909,
at 12 m., on the premises.

(3) Being all those buildings, parts of buildings, etc., now standing within the lines of Barlow street (Sixth Avenue), from the northerly side of Broadway in Flushing Avenue, in the Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 5, 1909, the sale of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, APRIL 22, 1909,
at 1 p. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of the City of New York, and must also at the time of sale give a certified check or cash in full of the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but not after the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walls, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalks and curbs in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundations of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water tags and old service mains, and in place thereof cause to be inserted a brass plug in the main water line in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser at the building.

Failure to remove said buildings, appurtenances or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them, be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furings, plaster, chimneys, projecting, brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and pointed and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause

the sale to be advertised and to direct the sale thereof as financial officer of the City.

or by personal application at the office of the Commission, Room 1119.

The Commission cannot guarantee that applications mailed in response to written requests will be received in time to permit of their being prepared and filed prior to closing hour.

All notices of examinations will be posted in the office of the Commission, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Whenever an examination is of a technical character, due notice is given by advertisement in the technical journals pertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news. The scope of the examination will be stated.

No information will be given by telephone, and the Commission will not be responsible for such information given by employees, either as to date of filing applications or upon other subjects.

Specimen questions of previous examinations may be obtained at Room 1119.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

No. 1. FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR

CONSTRUCTING A TEMPORARY COMBINED SEWER AND APPURTENANCES IN

RICHMOND TURNPIKE, FROM THE EXISTING SEWER AT LUGIS STREET FOR

ABOUT 1,200 FEET IN A SOUTHERLY DIRECTION, TOGETHER WITH ALL WORK INCIDENTAL THERETO.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

1. 425 linear feet of vitrified pipe sewer, of fifteen (15) inches interior diameter, all complete, as per section on plan of the work.

2. 100 linear feet of vitrified pipe sewer, of twelve (12) inches interior diameter, all complete, as per section on plan of the work.

3. 100 linear feet of vitrified pipe sewer, of ten (10) inches interior diameter, all complete, as per section on plan of the work.

4. 100 linear feet of vitrified pipe sewer, of eight (8) inches interior diameter, all complete, as per section on plan of the work.

5. 100 linear feet of vitrified pipe sewer, of six (6) inches interior diameter, all complete, as per section on plan of the work.

6. 100 linear feet of vitrified pipe sewer, of four (4) inches interior diameter, all complete, as per section on plan of the work.

7. 100 linear feet of vitrified pipe sewer, of three (3) inches interior diameter, all complete, as per section on plan of the work.

8. 100 linear feet of vitrified pipe sewer, of two (2) inches interior diameter, all complete, as per section on plan of the work.

9. 100 linear feet of vitrified pipe sewer, of one (1) inch interior diameter, all complete, as per section on plan of the work.

10. 100 linear feet of vitrified pipe sewer, of half (1/2) inch interior diameter, all complete, as per section on plan of the work.

11. 100 linear feet of vitrified pipe sewer, of quarter (1/4) inch interior diameter, all complete, as per section on plan of the work.

12. 100 linear feet of vitrified pipe sewer, of eighth (1/8) inch interior diameter, all complete, as per section on plan of the work.

13. 100 linear feet of vitrified pipe sewer, of sixteenth (1/16) inch interior diameter, all complete, as per section on plan of the work.

14. 100 linear feet of vitrified pipe sewer, of thirty-second (1/32) inch interior diameter, all complete, as per section on plan of the work.

15. 100 linear feet of vitrified pipe sewer, of sixty-fourth (1/64) inch interior diameter, all complete, as per section on plan of the work.

16. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

17. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

18. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

19. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

20. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

21. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

22. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

23. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

24. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

25. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

26. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

27. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

28. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

29. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

30. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

31. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

32. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

33. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

34. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

35. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

36. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

37. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

38. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

39. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

40. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

41. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

42. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

43. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

44. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

45. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

46. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

47. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

48. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

49. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

50. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

51. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

52. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

53. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

54. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

55. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

56. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

57. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

58. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

59. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

60. 100 linear feet of vitrified pipe sewer, of one-hundredth (1/100) inch interior diameter, all complete, as per section on plan of the work.

No. 5. FOR FURNISHING AND DELIVERING STREET SIGNS, INCLUDING STANDARDS AND EMBELED NAME PLATES, COMPLETE, AS PER THE SPECIFICATIONS.

The estimated number of standards, complete but unembled, ready to be fixed on posts is 1,000, and the estimated number of embled name-plates is 4,000.

The time for the completion of the work and the full performance of the contract is ninety (90) days.

The amount of security required is One Thousand Dollars (\$1,000).

No. 6. FOR FURNISHING ALL LABOR AND MATERIALS REQUIRED FOR

CONSTRUCTING FLAG OR CEMENT SIDEWALKS AND REFLAGGING VANDERBILT AVENUE, BETWEEN RICHMOND ROAD AND CENTRE STREET, AND OTHER

STREETS.

The Engineer's estimate of the quantity and quality of the material, and the nature and extent, as near as possible, of the work required, is as follows:

1. 1,000 square feet of cement sidewalk, to furnish and lay.

2. 1,000 square feet of new flagstone, to furnish and lay.

3. 1,000 square feet of old flagstone, to retrieve and relay.

4. 1,000 square feet of old flagstone, to retrieve and relay.

5. 1,000 square feet of old flagstone, to retrieve and relay.

6. 1,000 square feet of old flagstone, to retrieve and relay.

7. 1,000 square feet of old flagstone, to retrieve and relay.

8. 1,000 square feet of old flagstone, to retrieve and relay.

9. 1,000 square feet of old flagstone, to retrieve and relay.

10. 1,000 square feet of old flagstone, to retrieve and relay.

11. 1,000 square feet of old flagstone, to retrieve and relay.

12. 1,000 square feet of old flagstone, to retrieve and relay.

13. 1,000 square feet of old flagstone, to retrieve and relay.

14. 1,000 square feet of old flagstone, to retrieve and relay.

15. 1,000 square feet of old flagstone, to retrieve and relay.

16. 1,000 square feet of old flagstone, to retrieve and relay.

17. 1,000 square feet of old flagstone, to retrieve and relay.

18. 1,000 square feet of old flagstone, to retrieve and relay.

19. 1,000 square feet of old flagstone, to retrieve and relay.

20. 1,000 square feet of old flagstone, to retrieve and relay.

21. 1,000 square feet of old flagstone, to retrieve and relay.

22. 1,000 square feet of old flagstone, to retrieve and relay.

23. 1,000 square feet of old flagstone, to retrieve and relay.

24. 1,000 square feet of old flagstone, to retrieve and relay.

25. 1,000 square feet of old flagstone, to retrieve and relay.

26. 1,000 square feet of old flagstone, to retrieve and relay.

Beginning at the intersection of Degrave avenue with Kadan avenue; thence by double track in and upon Degrave avenue to Alton street; thence by double track in and upon Alton street to Archer street.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said routes.

All of the above described routes are within the Borough of Queens, City of New York, and are, together with permits, franchises and easements, hereby authorized upon two main, each entitled:

—Main showing proposed railway of the South Shore Traction Company in the Borough of Queens, City of New York, in accordance with petition dated December 28, 1908, to the Board of Estimate and Apportionment.

—and signed by James T. Wood, as President, and W. B. Spencer, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional permits, franchises and easements, which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Second—To operate the cars of the Company upon two tracks when constructed upon the Queensboro Bridge and approaches thereto, such tracks to be assigned to the Company by the Commissioner of Bridges; beginning at the northwesterly side line of Jackson avenue at the bridge pier, in the Borough of Queens, and there connecting with the tracks of the Company above described; thence in and upon said bridge pier to the easterly approach to the Queensboro Bridge; thence upon and along said bridge approach and across intersecting streets and avenues to the Queensboro Bridge; thence upon and along the Queensboro Bridge to the westerly bridge approach; thence upon and along said westerly bridge approach to the westerly terminus thereof at Second avenue, in the Borough of Manhattan. The said route is more particularly shown upon the map hereinbefore referred to, and is to be operated by the Company as a continuous route in connection with the route hereinbefore described.

Sec. 2. The grant of the right or privilege to construct, maintain and operate the said railway from the Queensboro Bridge pier at Jackson avenue, Borough of Queens, to the intersection of Central avenue and the boundary line between the Borough of Queens and the County of Nassau, upon the route hereinbefore described, is subject to the following conditions, which shall be complied with by the Company:

First—It is agreed that the Company, before commencing construction on any portion of the route hereinbefore described as lying between the intersection of Hoffman boulevard with Piermont street and the intersection of Merrick Plank road with Central avenue, shall notify the Board in writing which of the routes herein described between those points the Company selects and adopts as the route upon which it shall construct the railway. Upon such notification by the Company to the Board, all of the rights and privileges hereby granted upon the routes not so selected and designated shall be considered null and void and of no effect, and the Company shall be deemed thereupon to have waived all rights or franchises which are heretofore granted upon the routes not so selected and designated by the Company. The Company further agrees that it shall select and designate its route as herein provided not later than eighteen (18) months from the date upon which this contract is signed by the Mayor.

Second—The Company shall not construct a double-track street surface railway upon any portion of the route herein described between Jackson avenue and the intersection of Merrick Plank road with Central avenue unless the streets and avenues in which such route is described shall have at the time when such railway shall be constructed, a roadway at least 30 feet in width, and the Company shall not construct a double-track street surface railway in Guilford street as it now exists or may be extended, unless the roadway of that street shall exceed 30 feet in width.

Third—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consent shall be filed with the Board within such time, but the Board may, for cause shown, grant an additional period, not exceeding three (3) months within which to obtain and file such consents cannot be obtained within such time or such extension of such time as shall be granted by the Board, the Company shall, within one (1) month thereafter, make application to the Assessor of the Division of the Surveyor General for the assessment of Commissioners in the manner provided for by the Railroad Law to determine if said railway ought to be constructed otherwise than as it is now or as it may be extended.

Fourth—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair valuation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the renewal shall be referred to the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement as or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for each succeeding twenty-five (25) years shall be reasonable, and either the City (or the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate be fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the valuation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may lose their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract then the Company shall pay the annual rate therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or

other terms and conditions over the routes hereinbefore described.

The use of the railway, constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures used in connection therewith in streets, avenues and private property hereinbefore described shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues and private property for street railway purposes, upon payment by such individual or corporation to the Company the following:

(a) An initial payment to be mutually agreed upon by said corporation or individual and the Company, and in case of failure on the part of such individual or corporation and the Company to agree upon the amount of such initial payment, such amount shall be determined by three disinterested freeholders selected in the following manner: One disinterested freeholder shall be chosen by the Company; one disinterested freeholder shall be chosen by the individual or corporation; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall determine the amount of such payment. Such appraisers, in fixing such amount, shall consider compensation to the Company for: First, the siding land which may have been or should have been set aside for the retirement of the total investment represented by such property of the Company as is used by said individual or corporation from the date of the granting of this franchise to the date upon which said individual or corporation begins the use of such property of the Company; second, the money expended by the Company in its organization and promotion; third, the increased value of the territory as a district suitable for railway operation, which increase may have resulted from the operation of the Company; fourth, the loss of business to the Company which may result from direct competition on its own lines; fifth, any other purpose or purposes which the appraisers may deem as justly due to said Company by such individual or corporation for the use of such property. The compensation and expense of the said appraisers shall be borne by such individual or corporation.

(b) An annual payment which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereon, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the Company then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereon, such proportion of laying and repairing of pavement and removal of snow and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway as used, as the number of cars operated by said individual or corporation shall bear to the number of cars operated by the Company then using the same, together with the actual cost of the power necessary for the operation of the construction of such individual or corporation. Provided, however, that if, in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage upon the sum to be paid to the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time operate, but shall, upon the request of the Board, consent to the construction or operation, upon the same basis as hereinbefore described, of any street surface railway which may be constructed on any portion of the railway which shall be constructed by the Company pursuant to this contract.

Seventh—Said railway may be operated by overhead electric power, using trolley poles to draw the overhead electric system, run trolley poles, or surface railways in the Borough of Queens, or surface railways in the County of Nassau, operated by any other source of power, which may be approved by the Board and consented to by the Board, provided that the same shall be subject to the approval of the Board and the Public Safety Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the last ten (10) years of this contract, upon notice to the Company and (1) year's notice, may require the Company to operate its railway upon the whole or any portion of its route lying in and northwesterly from the Brooklyn and Jamaica turnpike or Fulton street, and at any time after the first fifteen (15) years of this contract, upon notice to the Company and one (1) year's notice, may require the Company to operate its railway upon the whole or any portion of its route lying southeasterly from the Brooklyn and Jamaica turnpike, or Fulton street, by underground electric power, substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not involve the use of poles and overhead wires on the streets and avenues, and permission to the use of the use of the overhead trolley system and remove its poles, wires and other structures used by it for that purpose, from the streets and avenues of the City.

Eighth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water, Steam, Gas and Electricity.

Ninth—The Company shall commence construction of the railway herein authorized within six (6) months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within two (2) years from the date of obtaining such consents or such decision, otherwise this right shall cease and determine and all sums paid, or which may be deposited with the Comptroller of the City, as hereinbefore provided, shall thereupon be forfeited to the City; provided that such period may be extended by the Board for a period of periods not exceeding in the aggregate six (6) months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case

shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other causes of delay, and deliver to the Board copies of any injunction or other orders, and the delays upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Said railway shall not cross any railway or railroad other than street surface railways constructed in the route at the grade thereof, but shall be constructed either above or below the grade of such railway or railroads. If any railway or railroad other than street surface railways are operated at the same grade of the streets or avenues in which the Company is hereby authorized to construct a railway at the time the Company constructs such railway, then the Company may construct at its own expense and use a temporary crossing and approach thereon either upon private property or within the limits of such streets or avenues to be determined by resolution of the Board, and continue to use such temporary crossing until such time as either the grade of such street or avenue or such railway or railroad shall have been changed so that such railway or railroad shall not cross such street or avenue at the grade thereof. When such grade shall have been changed and a permanent crossing shall have been constructed to carry such street or avenue either above or below the grade of such railway or railroad, then the Company shall, upon the order of the Board, abandon the above described temporary crossing, and construct its tracks upon such permanent structure as shall be directed by the Board. Any property acquired in fee by the Company for the purpose of the temporary crossing, or for the purpose of the crossing, shall be sold by the Company without compensation therefor to the Company when the same is required by the City for the purpose of widening such street or avenue, upon the request of the Board of the Company from such temporary crossing and approaching thereto, to the permanent structure.

Eleventh—Any alteration in the sewerage or drainage system or in any other substructure, or in any existing structure in the streets required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and is not to be made as the proper City official may require.

Twelfth—Should the grades or limits of the streets and avenues in which the railway is hereby authorized to be situated at any time during the term of this contract, or should any such street or avenue be made a boulevard, in which it may be desirable to have the location of the tracks changed, the Company shall, at its own expense, change the tracks to conform with such new grades, lines and positions as shall be directed by the Board or by the official having jurisdiction of such streets, avenues or boulevards, and during the construction of any such improvement upon said street, avenue or boulevard, the Company shall take care to and protect the tracks at its own expense, and to be bound to the location of the City should having jurisdiction.

Should, in the opinion of the President of the Borough of Queens, the present roadway of any of the said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic, provided that no roadway shall be widened beyond the legal width of the street, avenue or highway.

Thirteenth—As long as said railway, or any other railway, remains in any street or avenue, the Company shall keep and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is now situated, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to re-lay such pavement in the manner directed by the proper City officer, at its own expense, and the proceeds of any bonds or other securities shall be used in such manner as directed by the Board.

Fourteenth—The Company, as long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours, when the thermometer is above 35 degrees Fahrenheit, the rails of the tracks and the streets and avenues, except where the width of such streets and avenues shall exceed sixty (60) feet between such lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such railway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Fifteenth—The Company may, with the approval of the City officials having jurisdiction over such matters, fill that portion of the surface of the streets and avenues, between the tracks, the rails of the tracks and two (2) feet beyond the rails on either side thereof, at least twice each summer season, in such a manner as may be necessary to prevent the rising of dirt, and if the Company shall so fill such portions of the streets and avenues then the Company shall not be required to water such streets and avenues as herein provided.

Sixteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from below line to house line.

Seventeenth—It is agreed that the right heretofore granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eighteenth—The Company hereby agrees that if the City is, or shall become, entitled to acquire, and shall at any time during the term of this contract acquire or otherwise come into the possession of any of the property on which railway tracks shall be constructed on that portion of the route described herein as private property, no compensation shall be awarded for the right to have railway tracks thereon, and in the event that the City shall have acquired such property, then the rights hereby granted in the streets and avenues shall be extended to cover

In witness whereof, the party of the first part, by its Mayor, therunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers,

Heretofore duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

FIRST DEPARTMENT.

In the matter of the application of the Board of Street Opening and Improvement of The City of New York, for and on behalf of the Mayor, Aldermen and Commonality of The City of New York, relative to acquiring title for the use of the public to all or any of the lands and property now owned by the corporation of The City of New York, including any rights, terms, easements and privileges or interests pertaining thereto, which are not subject to extinguishment or termination by public authority, required for EXTERIOR STREET, extending along the westerly shore of the East River, in The City of New York, from the centre line of

East Sixty-fourth street, as such line is and would be if extended eastwardly into the East River, in the northern line of East Eighty-first street, as such line is and would be if extended eastwardly into the East River, in the Nineteenth Ward, in The City of New York, pursuant to the plans heretofore determined upon by the Board of the Department of Docks and adopted by the Commissioners of the Sinking Fund, and the profiles thereto filed and determined by the Department of Docks, with the concurrence of the Commissioner of Public Works.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment of the benefit derived from the regulating, grading, flagging and curbing of and construction of retaining walls on that part of Exterior street extending from the center line of Sixty-fourth street to the center line of Eighty-first street, the expense of which, under chapter 697 of the Laws of 1887, as amended, we are directed to assess upon the persons and property which we deem benefited thereby and to the extent we deem such persons and property to be benefited, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our offices, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, City of New York, on or before the 24th day of April, 1909, and that we, the said Commissioners, will hear parties so objecting and for that purpose will be in attendance at our said offices on the 24th day of April, 1909, at 10 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our benefit maps and also all the affidavits, estimates, profits and other documents used by us in making the same have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of May, 1909.

Third—That the limits of our area of assessment for benefit include all those lands, tenements and hereditaments and premises situated, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows: On the north by a line parallel to and 100 feet north of the northern line of East Eighty-sixth street; on the south by a line parallel to and 100 feet south of the southern line of East Fifty-ninth street; on the west by a line parallel to and 100 feet west of the westerly line of First avenue; on the east by the westerly line of the East River.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, City of New York, on the 24th day of June, 1909, at the opening of the Court on that day.

Richards, Jr., was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said easement so to be acquired to the respective owners, lessors, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the said easement for sewer purposes, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed in the office of the Clerk of the County of Richmond on the 17th day of March, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of acquiring the said easement for sewer purposes, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavits and other proof as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 30th day of May, 1909, at 4 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and as such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimants or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, in and to the lands and premises required for the opening and extending of AVENUE L, between Ocean parkway and Ocean avenue, excluding the property of the Brooklyn and Brighton Beach Railroad and the Long Island Railroad, in the Thirtieth and Thirtieth Wards, Borough of Brooklyn, City of New York:

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 1st day of May, 1909, and that the said Commissioners will hear parties so objecting and for that purpose will be in attendance at their said office on the 3d day of May, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 1st day of May, 1909, and that the said Commissioner will hear parties so objecting and for that purpose will be in attendance at his said office on the 7th day of May, 1909, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed by the Board of Estimate and Apportionment on the 14th day of December, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

On the north by a line midway between the southerly side of Avenue L and the southerly side of Avenue M; on the south by a line midway between the southerly side of Avenue L and the southerly side of Avenue M; on the east by the westerly side of Ocean avenue, and on the west by the easterly side of Ocean parkway.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the affidavits, estimates, profits and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 8th day of May, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 14th day of June, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, April 12, 1909.

THIRD JUDICIAL DISTRICT.

ASHOKAN RESERVOIR.

Section No. 16, Ulster County.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Council of the City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended.

Such application will be made to the Supreme Court, at a Special Term thereof to be held in and for the Third Judicial District, at the City Hall, in the City of Albany, Albany County, N. Y., on the 22d day of May, 1909, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for the City of New York.

The real estate sought to be taken or affected is situated in the Towns of Hurley, Woodstock and Kingston, County of Ulster, and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Towns of Hurley, Woodstock and Kingston, County of Ulster and State of New York, shown on a map entitled: "Reservoir Department, Section No. 16, Board of Water Supply of the City of New York. THIRD JUDICIAL DISTRICT.

ASHOKAN RESERVOIR.

Section No. 15, Ulster County.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN THAT it is the intention of the Corporation Council of the City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended.

Such application will be made to the Supreme Court, at a Special Term thereof to be held in and for the Third Judicial District, at the City Hall, in the City of Albany, Albany County, N. Y., on the 22d day of May, 1909, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the act and the acts amendatory thereof upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for the City of New York.

The real estate sought to be taken or affected is situated in the Towns of Hurley, County of Ulster, and State of New York.

The following is a description of the real estate to be acquired in fee, together with a reference to the date and place of filing the map:
