APPROVED PAPERS.

FOR THE WEEK ENDING AUGUST 8, 1908.

No. 587.

Resolved, That permission be and the same is hereby given to the West Harlem Haymakers to parade in costume through the streets and thoroughfares of the Twenty-third Assembly District, in the Borough of Manhattan, under the supervision of the Police Department; such permission to be in force for one evening only, to wit, the evening of August 6, 1908.

Adopted by the Board of Aldermen, July 21, 1908.

Approved by his Honor the Mayor, August 4, 1908.

No. 588.

The Committee on Finance of the Board of Aldermen, to whom was referred the assessment rolls of the estates, real and personal, of The City of New York, for the year 1908, together with a communication from the Comptroller of The City of New York, dated June 1, 1908, transmitting the Budget for the year 1908, accompanied by his certificate of the amounts authorized by law to be raised by tax in and for

the year 1908, and an estimate of the revenues of the General Fund for the Reduction of Taxation during the current year, respectfully submits the following

REPORT.

The total Budget for the year 1908 is one hundred and forty-three million five hundred and seventy-two thousand two hundred and sixty-six dollars and seventeen cents (\$143,572,266.17), which includes county charges and expenses for the four counties of New York, Kings, Queens and Richmond, aggregating five million ninety-seven thousand eight hundred and sixty-two dollars and twenty-eight cents (\$5,997,862.28), leaving one hundred and thirty-eight million four hundred and seventy-four thousand four hundred and three dollars and eighty-nine cents (\$138,474,403.89), as the amount of the Budget which affects the general tax rates of The City of New York.

In addition to the amount of five million ninety-seven thousand eight hundred and sixty-two dollars and twenty-eight cents (\$5,997,862.28) included in the Budget for County Charges and Expenses, the following amounts disbursed during the year 1907 from the proceeds of Special Revenue Bonds for Judgments and Claims for county charges or liabilities, are to be raised by tax in the year 1908, in the respective counties, as provided by subdivisions 3 and 7 of section 188 of the revised Greater New York Charter, viz.:

New York County.....	\$240,109.42
Kings County.....	140,743.80
Queens County.....	32,002.46
Richmond County.....	11,729.83

Total.....\$425,575.57

Section 902 of the Charter, referred to in the Comptroller's communication, directs that the amounts required for the payment of all county charges and expenses shall be levied and collected from the taxable property within each of said counties respectively, in the end that each of said counties shall ultimately bear and pay all expenses necessary to be incurred for county as distinguished from City purposes. Compliance with the provision of law will, of course, forever prevent a uniform tax rate from prevailing in The City of New York.

AMOUNT TO BE RAISED FOR CITY PURPOSES BY GENERAL RATES.

The following statement shows, therefore, the proportion of the Budget which is to be raised by taxation at uniform rates throughout the whole City:

Total Budget.....	\$143,572,266.17
Less estimated revenues of the General Fund, as certified by the Comptroller and deducted pursuant to section 900 of the Greater New York Charter.....	27,454,945.65

Net amount to be collected by tax.....	\$116,117,320.52
Less aggregate of county budgets to be severally raised in the respective counties, as provided by section 902 of the Charter.....	5,997,862.28

Tax to be raised by general rates throughout the City.....\$110,119,458.24

THE ASSESSED VALUATIONS.

The assessment rolls for the current year, transmitted by the Board of Aldermen July 6, 1908, show the following valuations by counties:

Counties	Real Estate.	Personal Estate.	Total.
New York County.....	\$3,005,095,119.00	\$339,359,214.00	\$3,344,454,333.00
Kings County.....	1,234,664,815.00	51,448,972.00	1,286,113,787.00
Queens County.....	296,418,250.00	20,058,210.00	316,476,460.00
Richmond County.....	65,250,215.00	2,067,072.00	67,317,287.00
Grand total.....	\$3,601,428,499.00	\$392,933,468.00	\$3,994,361,967.00

The county lines correspond with the borough lines in all the Boroughs except Manhattan and The Bronx, which, together, constitute New York County, and, as the rate of taxation in these two Boroughs happens to be the same, it will be convenient in dealing with the assessed valuations to use the county classification.

	Assessment of Property Liable to Taxation for Local City and County Purposes.
New York County.....	\$5,365,111,460.00
Kings County.....	5,118,312,007.00
Queens County.....	306,367,810.00
Richmond County.....	68,394,222.00

Total assessed valuations as transmitted by Department of Taxes and Assessments.....\$7,158,196,400.00

Kings County.....	1,000,000.00	140,743.80	1,140,743.80
Queens County.....	320,000.00	32,002.46	352,002.46

Pursuant to the opinion of the Corporation Counsel to the Comptroller of The City of New York, dated October 14, 1907.

The amounts included in the budget as shown above include the amounts called for by the Comptroller of the State of New York, to be included in the Bud-

get for the year 1908, for the compensation of Judges, Clerks, Stenographers and other Court expenses for the Counties of Kings, Queens and Richmond, to wit:

County of Kings.....	\$54,692.37
County of Queens.....	52,244.01
County of Richmond.....	15,358.40
Total.....	\$122,294.78

The rates required to produce the foregoing amounts of taxes on the assessed valuations, as shown above, are as follows:

New York County.....	.0631315289 per cent.
Kings County.....	.1102755647 per cent.
Queens County.....	.1093719571 per cent.
Richmond County.....	.1602141025 per cent.

THE CITY TAX RATES: THE TOTAL TAX RATES.

As shown in the beginning of this report, the amount to be raised by uniform rates throughout the entire City for general City purposes is.....\$110,119,458.24

	Amounts Included in the Budget.	Proportion of the General Fund.	Tax to be Raised by General Rates Throughout the City.
For local City purposes.....	\$128,474,403.89	\$27,454,945.65	\$110,119,458.24

The assessed valuation of property liable to taxation for local City purposes is.....\$7,158,196,400.00—upon which the amount to be levied will be produced by a tax rate of 1.5509430741 per cent.

From the foregoing data it follows that the tax rates in the several Boroughs and Counties expressed in percentages will be made up as follows:

BOROUGH OF MANHATTAN AND THE BRONX. (NEW YORK COUNTY.)

	For Local City Purposes.	For County Purposes.	Total.
On property liable to taxation for local City and County purposes.....	1.5509430741	.0631315289	1.6140746030

Your Committee recommends that in fixing the actual tax rates in the tax levy ordinance the decimal fractions of such rates be not carried beyond five figures, i. e., hundred thousandths of one per cent, as any smaller fraction would have no practical effect on individual assessments, while increasing enormously and unnecessarily the difficulties of extending the tax rolls and preparing tax bills. The total loss by omission of such remote decimals will be only \$389.87 in the whole tax levy of \$110,542,896.09.

As there is nothing to be gained by separate extensions on the tax rolls of the City and County rates, your Committee recommends that the aggregate thereof, or, in other words, the total tax rates in each Borough, as the case may be, be fixed in the ordinance levying the taxes for the year 1908. Such an ordinance has been prepared and is submitted herewith for approval by the Board of Aldermen.

SPECIAL ASSESSMENTS IN THE BOROUGH OF BROOKLYN, TO BE COLLECTED WITH THE ANNUAL TAXES.

The Commissioners of Taxes and Assessments have added to the assessment rolls of the Borough of Brooklyn:

First—The amounts required by law to be raised with the annual taxes for the payment of principal and interest on bonds issued pursuant to chapter 311 of the Laws of 1886, as amended by chapter 335 of the Laws of 1886, for flagging, curbing, guttering and paving certain streets in the Twenty-sixth Ward of said Borough (late Town of New Lots).

Second—The annual installment required by law to be collected as a part of the annual taxes for sewerage improvements in the Twenty-ninth Ward of said Borough (late the Town of Flatbush), pursuant to the provisions of chapter 161 of the Laws of 1880 and amendments thereto.

Third—The annual installment required by law to be collected as a part of the annual taxes for street improvements in the Thirty-first Ward of said Borough (late the Town of Gravesend), pursuant to the provisions of chapter 118 of the Laws of 1892 as amended.

Fourth—The annual installment required by law to be collected as a part of the annual taxes for the improvement of Flatbush avenue, in the Twenty-ninth Ward of

said borough (late the Town of Flatbush), pursuant to the provisions of chapter 161 of the Laws of 1899, as amended by chapter 356 of the Laws of 1894.

The amount to be raised for the payment of the principal and interest on the New Lots bonds is fifty-four thousand four hundred dollars and nine cents (\$54,400.09); the amount of the Flatbush sewer installment is seven thousand five hundred and eighty-four dollars and thirty-nine cents (\$7,584.39); the amount of the Thirty-first Ward improvement installment is forty-six thousand three hundred and fifty dollars and one cent (\$46,350.01); the amount of the Flatbush avenue improvement installment is thirty-five thousand and ninety dollars and thirty-eight cents (\$35,090.38).

The law requires that these assessments and installments be included in the tax levy ordinance to be levied and collected with the annual taxes.

New York, July 21, 1908.

AN ORDINANCE to provide the necessary means for the support of the government of The City of New York, and the Counties of New York, Kings, Queens and Richmond, and for other purposes, and to levy taxes on the estates, real and personal, subject to taxation in The City of New York, pursuant to law, in and for the year 1908.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. There shall be and hereby is imposed and levied upon the estates, real and personal, subject to taxation of and within The City of New York, the sum of one hundred and eleven million nineteen thousand four hundred and fifty-eight dollars and twenty-four cents (\$111,019,458.24), to pay the expenses included in the Budget for the year 1908, for conducting the public business of The City of New York in each department and branch thereof, including principal and interest of the City debt, and an amount provided for deficiencies in taxes pursuant to chapter 200 of the Laws of 1906, amounting in the aggregate to one hundred and forty-three million five hundred and seventy-two thousand two hundred and sixty-six dollars and seventeen cents (\$143,572,266.17), remaining after deducting therefrom the sum of five million ninety-seven thousand eight hundred and sixty-two dollars and twenty-eight cents (\$5,097,862.28), being the aggregate of the county charges and expenses of the counties of New York, Kings, Queens and Richmond, included therein, which sum is hereinafter levied and imposed upon said counties in the manner provided by section 902 of the Greater New York Charter; and after also deducting the sum of twenty-seven million four hundred and fifty-four thousand nine hundred and forty-five dollars and sixty-five cents (\$27,454,045.65), supplied by the General Fund for the Reduction of Taxation, as stated by the Comptroller of The City of New York in a communication dated June 1, 1908, transmitting his certificate of the amount of the appropriations made in the Budget for the year 1908, copies of which communication and certificate and of the said Budget are as follows:

City of New York—Department of Finance,
Comptroller's Office,
June 1, 1908.

To the Honorable the Board of Aldermen:

Gentlemen—Section 900 of the amended Greater New York Charter provides as follows:

"It shall be the duty of the Comptroller of said City to prepare and submit to the Board of Aldermen, at least four weeks before its annual meeting in each and every year, for the purpose of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in each year, on account of the Corporation of The City of New York, as hereby constituted, or for City purposes within said City, as created by this Act, and purposes for which said City is liable, and on account of the counties of New York, Kings, Queens and Richmond, and also an estimate of the probable amount of receipts into the City Treasury, during the then current year from all sources of revenue of the general funds, including surplus revenue from the Sinking Funds of the Mayor, Aldermen and Commonalty of The City of New York and of any of the municipal and public corporations, or parts of municipal and public corporations, by this Act consolidated with the municipal corporation known as the Mayor, Aldermen and Commonalty of The City of New York, other than the surplus of revenues of any such Sinking Funds for the payment of interest on the City debt of the municipal corporation known as the Mayor, Aldermen and Commonalty of The City of New York, or the like debts of the municipal and public corporations by this Act consolidated as aforesaid, and the said Board of Aldermen is hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and cause to be raised by tax in said year, for the purposes aforesaid, and to cause to be raised by tax only the balance of such aggregate amount after making such deductions."

Section 902 of the amended Greater New York Charter provides as follows:

"In the statement submitted by the Comptroller to the Board of Aldermen, as above provided in this chapter, he shall each year include and state specifically the sum or sums necessary to be raised to pay during the current year the salaries of the County officers and the other County charges and expenses in the counties of New York, Kings, Queens and Richmond, respectively, and the Board of Aldermen is hereby authorized and directed to levy upon and collect from the taxable property within each of said counties, respectively, the sum or sums so necessary to be raised to pay the salaries of County officers and other County charges and expenses of such County; to the end that each of said counties shall ultimately bear and pay all expenses necessary to be incurred within the County for County as distinguished from City purposes."

THE CITY OF NEW YORK.

FOR CHARITABLE INSTITUTIONS.

Conditions Governing Payments to Charitable Institutions.

The appropriations in this Budget are made subject to the following conditions:

1. The accounts and records of all charitable institutions receiving public moneys shall be so kept as to show all receipts, disbursements and population in such form as shall be satisfactory to the Comptroller. Records must show the addresses of parents, guardians or nearest relatives of inmates and other information designed to facilitate inquiry into their financial inability to make provision for dependents in the institutions.
2. Moneys received from the City Treasury shall be used by such institutions for recurring expenses of "care, support, education and maintenance."
3. All institutions receiving public moneys and all their books of record and accounts shall at all reasonable times be open to the visitation, inspection and examination of duly authorized representatives of the Department of Finance and at all proper times the Department of Public Charities shall have access to the record of inmates.
4. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments to any charitable institution for which an apportionment has been made, he shall in his discretion suspend payments and give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to cease making further payments, and upon the determination of said Board that such payments shall terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon end.
5. Except where appropriations are made in bulk and not upon the per capita basis, no payment shall be made for inmates of private charitable institutions unless the same shall have been accepted by the Commissioner of the Department of Public Charities as proper charges upon the City. Except in emergency cases in hospitals, the Commissioner of Charities shall not accept as proper charges against the City inmates capable of paying for their own support or for whose care adequate provision can be made in public hospitals. *The City shall not be liable for any payment to charitable institutions in excess of the apportionment which may have been made to such institutions, notwithstanding any per capita rates of payment that may have been fixed for the inmates thereof.*
6. All institutions receiving money from the City are required to state specifically the amount so received, as from the City Treasury, in their printed annual reports.
7. No money shall be paid to any private charitable institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or that has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its Board of Managers.
8. That charitable institutions for children now carried in the Budget and not sending their inmates to the Public Schools, and not sharing in the Corporate School Fund, and not receiving teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of four years of age and over during ten months in the year. This money to be paid under the authorization of section 230 of the Charter, but under the general conditions relating to institutions receiving Corporate School money, as provided in section 1154.
9. Magistrates are requested to transfer dependent, and, when judicious, no proper guardianship children, and all cases coming to their attention in the courts where no crime is proven against the child to the Commissioner of Charities, who can commit child to institutions. Magistrates are earnestly requested not to commit a dependent child to an institution on a court commitment.
10. The Commissioner of Charities is instructed to take such steps, either by appeal to the national authorities or by proper bills to the Legislature, as to provide

that the children of emigrants abandoned within one year after arrival in this City be returned to the country whence they came.

11. In determining the acceptance of patients in private hospitals as proper charges (see Rule 5) the Commissioner of Charities shall first consider the nature of the service actually rendered to the patients by the hospitals. The records of the institutions and the bed-card notes showing the treatment given shall be received as the essential evidence in deciding acceptances or rejections.

12. No dependent child under 16 years of age shall be accepted as a proper charge upon the City and no money will be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children, under the supervision of the State Board of Charities, and has been placed in this Budget by the action of the Board of Estimate and Apportionment. This order has no relation to the class of children of such mental and physical condition as those cared for in the City Institution at Randall's Island.

13. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows:

Pursuant to a resolution of the Sinking Fund Commissioners, adopted at a meeting held June 17, 1908, the sale of the above described buildings and appurtenances thereto will be held at the direction of the Comptroller, on

WEDNESDAY, AUGUST 12, 1908,

at 11 o'clock a. m., on the premises, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also at the time of sale give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars, the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within sixty days from the day of the sale will work forfeiture of ownership of such buildings, appurtenances, or portion, as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall painted and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to enclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
