RESOLUTIONS.

RESOLUTIONS. By Alderman Purroy— Whereas, The City of New York has suffered for many years an incalculable loss in both popu-lation and wealth, by reason of the entire failure of previous legislatures and Governors to secure to her the means of cheap and rapid transit; and

and Whereas, It is now a fact disputed by none but interested and selfish parties, that some means of cheap and rapid transit has become absolutely necessary to enable this city to make up in the future for the heavy losses of the past, and to ad-vance, as she certainly ought, in prosperity and wealth + and wealth ; and

wealth ; and Whereas, The Mayor and Common Council, heretofore fully appreciating the vital importance of this question, devoted to it months of careful consideration, and, aided by skilful lawyers of un-impeachable character, prepared in Committee a a bill, in their opinion, well calculated to achieve the end in view, which, on its submission to the Common Council, was by them, irespective of all party differences, unanimously approved, and thereupon transmitted to the Legislature ; and Whereas, Both branches of the Legislature have passed said bill, after adding thereto certainamend-ments and said bill is now in the hands of the Governor awaiting his signature ; and

Resolved, That a Committee be appointed by the President to go to Albany and personally present to his Excellency the Governor these resolutions, and to express to him the deep interest which the citizens of New York take in the fate of the said bill, now awaiting his signature. By Alderman Billings— Whereas, The citizens of New York, at the last general election, demanded and expected such action on the part of the proper authorities as should provide rapid transit for this city ; and Whereas, After long and careful investigation of the subject, and particularly of the causes for failure of the laws and charters heretofore devised to effect rapid transit—and after hearing and con-sidering the plans and opinions of all the several persons and associations who desired to be heard— a committee of the Common Council, the elected representatives of the City of New York (which, with the exception of Brooklyn, is the only local-ity in the State practically interested at present in with the exception of Brooklyn, is the only local-ity in the State practically interested at present in the question of rapid transit), acting under the advice of counsel eminent at the bar, prepared a bill, which was sanctioned by resolution unani-mously adopted by the Common Council and was approved by the Mayor, and by and under the provisions of which rapid transit was made pos-tible of accomplication and

approvisions of which rapid transit was made pos-sible of accomplishment; and Whereas, That bill, introduced into the Senate by Senator Hugh H. Moore of this city, has, after careful scrutiny aud further consultation with counsel, been passed unanimously in the Senate, and by a large majority in the Assembly, with amendments which do not materially inter-fere with the general object of the bill, or se-riously delay the prospect of prompt realization of rapid transit : and

riously delay the prospect of prompt realization of rapid transit : and Whereas, That bill is now before the Governor, awaiting his approval and signature to make it a law ; now, therefore, Resolved, That, in view of the urgency of the case, and to anticipate possible delays in further proceedings, a committee of nine of the Common Council, to be appointed by the President, pro-ceed immediately to Albany, there to attend upon the Governor, and respectfully and earnestly solicit his prompt approval and signature to the bill. bill.

Resolved, That the several representatives of Resolved, That the several representatives of this City in the Legislature be and hereby are requested to co-operate with the Committee and to oppose and, if possible, defeat any and every attempt to distract attention from the bill, made by designing persons, who, under pretense of aiding rapid transit and of providing remedies for supposititious defects in that bill, are really doing what they can to place insuperable obstacles in the way of the substantial success of our efforts to procure effectual relief for the residents of this city. Alderman McCarthy moved as an amendment

James W. Huested does not meet with the approval of this body. Resolved, That no capitalist can be reasonably expected to subscribe to the capital stock of a company to be organized under the provisions or this bill, which authorizes the Commissioners (to be appointed under it) to require payment to them at the time of subscription, of the percentage of the amount subscribed, and allows the Commissioners, from the sums so paid, to appropriate salaries for themselves, and any and all expenses which

they may incur; and that no capitalist can be reasonably expected to hold stock in any company which may be organized under the provisions of this bill which—first, make the company responsble for wages, not only to its own laborers and ser-vants, but also to the laborers and others em-ployed but not paid by the company's con-tractor; and, second, imposes upon the stock-holders, jointly and severally on individual liability (without reference to to the number of shares held (without reference to to the number of shares held by them, repectively, or to the amount paid to the company upon such shares) for the amount of such wages, thus making it possible to collect from the subscriber to, or holder of, a single share of the capital stock, the entire amount due as wages for constructing, maintaining and operating the road.
