THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same; that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall

refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Corporation.

Each estimate shall be accompanied by the
consent, in writing, of two householders or freeholders of
the City of New York, with their respective places of
business or residence, to the effect that if the contract
be awarded to the person making the estimate, they will,
upon its being so awarded, become bound as his
sureties for its faithful performance; and that if he shall
refuse or neglect to execute the same, they will pay to the
Corporation any difference between the sum to which he
would be entitled upon its completion and that which
is worth the amount of the security required for the
completion of the contract, over and above all his debts of every nature, and over
and above his liabilities as bail, surety and otherwise;
that he has offered himself as a surety in good faith and
with an intention to execute the bond required by law.
The adequacy and sufficiency of the security offered
will be determined by the Comptroller of the City of New York.

The successful bidder will be strictly held to the time
bid for the completion of the work and to the conditions
of the specifications.

The Surveyor's estimate of the nature and extent of
the work to be done and materials to be furnished is as
follows:

7,077 cubic yards of earth excavation.
8,000 cubic yards of rock excavation.
3,000 cubic yards of embankment to furnish.

1,472 cubic yards of dry masonry.

N.B.—As the above-mentioned quantities, though
stated with as much accuracy as is possible in advance,
are approximate only, bidders are required to submit
their estimate upon the following express conditions,
which shall apply to and become part of every estimate
received.

1st. Bidders must satisfy themselves, by personal
examination of the location of the proposed work
and by such other means as they may choose, as to the

accuracy of the foregoing estimate, and shall not, at any
time after the submission of an estimate, dispute or
complain of such statement, nor assert that there was
any misunderstanding in regard to the depth of the ex-
cavation to be made, or the nature or amount of the
work to be done.

2d. Bidders will be required to complete the entire
work to the satisfaction of the Commissioners and in
substantial accordance with the specifications hereto
annexed and the plans therein referred to. No extra
compensation, beyond the amount payable for the
several classes of work before enumerated which shall
be actually performed, at the prices therefor to be speci-
fied by the lowest bidder, shall be due or payable for
the entire work.

No estimate will be received or considered unless
accompanied by either a certified check upon one of the State or
National banks of the City of New York, drawn to
the amount of one thousand dollars. Such check or
money must not be inclosed in the sealed envelope
containing the estimate, but must be handed to the
Chairman of the Commission, and no estimate can
be received until such check or money has been examined
by said Chairman and found to be correct. All such
deposits, except that of the successful bidder, will be
returned to the persons making the same within three
days after the contract is awarded. If the successful
bidder shall refuse or neglect, within five days after
notice that the contract has been awarded to him, to
execute the same, the amount of the deposit made by him
shall be forfeited to and retained by the City of New
York as liquidated damages for such neglect or refusal;
but if he shall execute the contract within the time
aforesaid, the amount of his deposit will be returned to him.

Bidders will state in their estimates the PRICE for
excavating earth, per cubic yard; the price for excavat-
ing rock, per cubic yard; the price for embank-
ment, per cubic yard; the price for dry masonry, per cubic
yard; they will also state the time required for the
completion of the whole work, which will be tested at
the rate of THREE DOLLARS AND FIFTY CENTS
per day; it being understood that the time so bid refers
to the aggregate time of such Inspectors as may be ap-
pointed upon the work, on days specified as working
days, according to the terms of the annexed agreement,
and not to single consecutive days; and that the dam-
ages specified in the contract will be exacted for each
and every day that the said aggregate time of the
Inspectors who may be employed on the work may exceed
the time stipulated for the completion of the whole
work.

The following allowance will be made to the
Contractor for Inspectors' time where the amount of work
returned on the completion of the contract exceeds the
amount estimated in the specifications; one day for
every 25 cubic yards of Rock Excavation over and above
the amount estimated; one day for every 50 cubic yards
of Earth Excavation over and above the amount
estimated.

Bidders are required to write out the amount of their
bids, in addition to inserting the same in figures.

Bidders are particularly cautioned that a provision in
the contract authorizes the sum of TWENTY-FIVE
CENTS per linear foot of the work done under this
agreement to be retained out of the contract moneys,
as security for keeping the whole work, when com-
pleted, in good order for a period of six months from
the date of its acceptance by the Commissioners of the
Fort Washington Ridge Road, which shall be finally
accepted upon the completion of the work, not includ-
ing in the computation of the said period the months
of December, January, February and March.

N.B.—Boulders, blas'd rock or broken stone will
not be allowed as rock, but must be included in the
earth excavated, unless they are of a size to require
blasting in order to be removed, which fact will be de-
termined by the Engineer. No soft or disintegrated
rock that can be properly removed with a pick will be
allowed as rock.

The amount of SECURITY required for the faithful
performance of the contract for the above work will be
\$5,000.

The Contractor to notify the Commissioners of the
Fort Washington Ridge Road, and the Surveyor, in
writing, before commencing the work.

Work or materials not specified and for which a price
is not fixed in the contract, will not be allowed for.

Bidders are informed that no deviation from the
specifications will be allowed, unless a written per-
mission shall have been previously obtained from this
Commission.

Blank forms of estimates and further information if
required can be had on application at this office.

The form of agreement, including the specifications,
is annexed.

ROBERT L. WENSLEY,
EDWARD B. IVES, Secretary,
