## BOARD OF ESTIMATE AND APPORTIONMENT.

### (PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held in Room 16, City Hall, on Friday, January 8, 1904, at 10.30 o'clock in the forenoon.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

### ACQUIRING LAND FOR PARK IN FOURTEENTH, FIFTEENTH AND SEVENTEENTH WARDS, BROOKLYN.

The following communication from the Corporation Counsel and report of the Bureau of Real Estate of the Finance Department were presented:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, January 4, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Herewith I transmit for passage by the Board of Estimate and Apportionment resolutions vesting title in two parcels of land within the limits of the new park located in the Fourteenth, Fifteenth and Seventeenth Wards, Borough of Brooklyn.

The owners of these parcels have applied to the court for writs of mandamus to compel the Superintendent of Buildings to issue permits for the construction of certain buildings upon the property. These applications will undoubtedly be granted by the court. Should the buildings be erected, the City would be compelled to pay the owners the additional cost of construction and would therefore suffer a severe financial loss. Under the circumstances the wisest course would seem to be to vest title in the City and thus prevent the erection of any additional structures. This course, I understand, has been approved by you.

Respectfully,

JOHN J. DELANY, Corporation Counsel.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 6, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Corporation Counsel, in a communication under date of January 4, requests that the Board of Estimate and Apportionment adopt two resolutions, which he transmits with his communication and which are hereto annexed, for the vesting of title in two parcels of land within the limits of the new park located in the Fourteenth, Fifteenth and Seventeenth Wards, in the Borough of Brooklyn.

The matter of these two parcels of land has been under discussion by this office with the Corporation Counsel's office for some time. It seems that the owner of the property made application to the Building Department in the Borough of Brooklyn for approval of the plans and specifications for the erecting of buildings thereon. Inasmuch as the Board of Estimate and Apportionment adopted a resolution laying out the area of this park, the erection of buildings within said area would naturally make additional cost to the City in the condemnation proceedings now pending.

I would respectfully recommend that the resolutions as transmitted by the Corporation Counsel be adopted by the Board of Estimate and Apportionment at its next meeting vesting the title in The City of New York to the land and premises described in said resolution.

Respectfully submitted for approval.

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

Approved: EDWARD M. GROUT, Comptroller.

The following resolutions were then adopted:

Whereas, on June 5, 1901, the Board of Public Improvements of The City of New York approved of the acquisition of the lands and premises bounded by Berry

street, Nassau avenue, Lorimer street, Driggs avenue, Manhattan avenue, Leonard street, Bayard street, Union avenue and North Twelfth street, in the Fourteenth, Fifteenth and Seventeenth Wards of the Borough of Brooklyn for use as a public park and requested the Corporation Counsel, with the consent of the Board of Estimate and Apportionment, to apply to the Supreme Court for the appointment of Commissioners of Estimate and Assessment to ascertain the compensation which should be made to persons entitled to or interested in said land; and

Whereas, on December 10, 1901, the Board of Estimate and Apportionment approved said resolutions of the Board of Public Improvements; and

Whereas, Commissioners were thereafter duly appointed by the Supreme Court and duly qualified and filed their oaths of office in the office of the Clerk of Kings County on January 8, 1902.

Resolved, That the Board of Estimate and Apportionment of The City of New York, pursuant to section 990 of the Greater New York Charter, deeming it for the public interest that title to one of the parcels of land lying within the lines of said park, to wit:

All those certain lots, pieces or parcels of land in the Seventeenth Ward of the Borough of Brooklyn, in The City of New York, bounded and described as follows:

Beginning at a point on the westerly side of Guernsey street distant twenty-five (25) feet southerly from the southerly side of Nassau avenue, running thence westerly and parallel with Nassau avenue one hundred and thirty (130) feet six (6) inches, more or less, to land late of James A. McCafferty, and now the property of The City of New York, thence southeasterly on a straight line and along land late of James A. McCafferty, and now the property of The City of New York, fifty-one (51) feet two (2) inches, more or less, to a point where a line drawn parallel with the easterly side of Dobbin street and distant eighty (80) feet four and one-half (4½) inches easterly therefrom would intersect a line drawn parallel with the southerly line of Nassau avenue and distant seventy-five (75) feet therefrom, thence again southeasterly and along land late of James A. McCafferty and now the property of The City of New York fifty-seven (57) feet, more or less, to land now or late of Anna A. Logan, Florence L. Logan and Julia C. Doughty, thence easterly along said land and parallel with Nassau avenue eleven (11) feet more or less to the northerly side of Bedford avenue, thence again easterly along the northerly side of Bedford avenue ninety-five (95) feet, more or less, to the westerly side of Guernsey street, and thence northerly along the westerly side of Guernsey street fifty-six (56) feet, five and one-half (5½) inches, more or less, to the point or place of beginning, together with all the right, title and interest of the owner or owners of said premises in and to the streets lying in front of and adjacent to said premises, should be acquired at a fixed or specified time, hereby directs that title to said parcel above described shall vest in The City of New York upon the passage of this resolution.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

Whereas, On June 5, 1901, the Board of Public Improvements of The City of New York approved of the acquisition of the lands and premises bounded by Berry street, Nassau avenue, Lorimer street, Driggs avenue, Manhattan avenue, Leonard street, Bayard street, Union avenue and North Twelfth street, in the Fourteenth, Fifteenth and Seventeenth Wards of the Borough of Brooklyn, for use as a public park, and requested the Corporation Counsel, with the consent of the Board of Estimate and Apportionment, to apply to the Supreme Court for the appointment of Commissioners of Estimate and Assessment to ascertain the compensation which should be made to persons entitled to or interested in said land; and

Whereas, On December 10, 1901, the Board of Estimate and Apportionment approved said resolutions of the Board of Public Improvements; and

Whereas, Commissioners were thereafter duly appointed by the Supreme Court and duly qualified and filed their oath of office in the office of the Clerk of Kings County on January 8, 1902.

Resolved, That the Board of Estimate and Apportionment of The City of New York, pursuant to section 990 of the Greater New York Charter, deeming it for the public interest that title to one of the parcels of land lying within the lines of said park, to wit:

All those certain lots, pieces or parcels of land in the Seventeenth Ward of the Borough of Brooklyn, in The City of New York, bounded and described as follows:

Beginning at a point on the westerly side of Guernsey street distant one (1) foot and five (5) inches southerly from the southerly side of Bedford avenue; running thence southerly along the westerly side of Guernsey street one hundred (100) feet ten and one-half (10½) inches, more or less; thence westerly at right angles to Guernsey street forty-eight (48) feet five (5) inches, more or less; thence northerly at right angles to Bedford avenue sixty-eight (68) feet, more or less, to the southerly side of Bedford avenue; thence easterly along the southerly side of Bedford avenue eighty-four (84) feet and six (6) inches, more or less, and thence southeasterly three (3) feet two and one-half (2½) inches, more or less, to the point or place of beginning.

Together with all the right, title and interest of the owner or owners of said premises in and to the streets lying in front of and adjacent to said premises, should be acquired at a fixed or specified time, hereby directs that title to said parcel above described shall vest in The City of New York upon the passage of this resolution.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Richmond—15.

The Chief Engineer presented a report showing the work done by the Board during the past two years.

Five hundred copies of the report were ordered to be printed in pamphlet form.

The Board then took up the consideration of financial matters.

**BOARD OF ESTIMATE AND APPORTIONMENT.  
(PUBLIC IMPROVEMENTS.)**

A meeting of the Board of Estimate and Apportionment of The City of New York was held in Room 16, City Hall, on Friday, January 15, 1904, at 10.30 o'clock in the forenoon.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens.

The Mayor, Hon. Geo. B. McClellan, presided.

**APPROACH TO BRIDGE OVER BRONX RIVER TO YONKERS.**

The following communication from the President of the Borough of Manhattan, and report of the Chief Engineer, were presented:

**OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,**

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman Board of Estimate and Apportionment:

DEAR SIR—I transmit herewith for the consideration and adoption by the Board of Estimate and Apportionment "Map or plan showing the location and grades of East Two Hundred and Forty-first street (Becker avenue), from the New York and Harlem Railroad to the centre line of the Bronx river, as an approach to the bridge over the Bronx river, opposite Wakefield, City of Yonkers, in the Twenty-fourth Ward, Borough of The Bronx, dated December 16, 1903."

Copy of report of the Principal Assistant Topographical Engineer dated and approved by the Chief Engineer of the Borough of The Bronx, December 16, 1903, is enclosed herewith.

Yours truly,

LOUIS F. HOFFEN,  
President of the Borough of The Bronx.

REPORT No. 1717.

NEW YORK, January 11, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The President of the Borough of The Bronx has, under date of January 5, submitted to the Board of Estimate and Apportionment a plan showing the location and grades of East Two Hundred and Forty-first street (or Becker avenue), from the New York and Harlem Railroad to the centre line of the Bronx river, as an approach to a bridge over the Bronx river opposite Wakefield avenue, in the City of Yonkers.

Becker avenue is laid down upon the maps of the Borough of The Bronx as a street 100 feet in width, extending from Baychester avenue to the Bronx river. Proceedings to open this street, between White Plains road and the centre of the Bronx river, were initiated by the Local Board of the Chester District during the past year, and were considered by the Board of Estimate and Apportionment on July 3, 1903, when the matter was, at the suggestion of one of the members of the Local Board, referred back to that Board, there having been a number of protests against opening proceedings on the ground that it would involve assessments too excessive for the property owners in the neighborhood to bear, as they have already been called upon to pay numerous assessments, especially those for opening and improving the White Plains road.

There are at present no adequate means of crossing the Bronx river north of East Two Hundred and Thirty-third street, and the City of Yonkers has improved Wakefield avenue, carrying it to the Bronx river at a point opposite Becker avenue (or East Two Hundred and Forty-first street), and is prepared to pay its share of the cost of erecting a suitable bridge across the river at this point. The object of the plan submitted by the Borough President, which plan lays out about 378 feet of this street as a bridge approach, is to provide for the acquisition and improvement of this street as an approach to the proposed bridge without imposing any assessment upon the abutting property owners.

The need of the bridge is unquestioned. That a serious burden would be imposed by a regular opening proceeding cannot be denied. The laying out of this street as a bridge approach is certainly a change in the City map, although the Borough President's communication is not accompanied by a resolution of the Local Board, nor is such action required under section 442 of the Charter, which gives to the Board of Estimate and Apportionment full power to initiate such changes in the map.

The report of the Topographical Engineer, however, states that the Local Board of the Chester District did, on December 24, 1903, pass a resolution requesting the Board of Estimate and Apportionment to authorize the purchase of the land between the railroad tracks and the Bronx river for the purpose of a bridge approach, and to authorize an issue of Special Revenue Bonds to an amount not exceeding \$25,000 for the completion of a suitable bridge, and as a result of this request the attention of the borough authorities was called to the fact that the map of the City must first be changed by laying out such a bridge approach.

In view of the fact that the City of Yonkers is prepared to do its share toward the building of this bridge, and that it is unquestionably a public necessity, the approval of the proposed change in the map is hereby recommended after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out and establishing grades of East Two Hundred and Forty-first street (Becker avenue), from the New York and Harlem Railroad to the centre line of the Bronx river, as an approach to the bridge over the Bronx river opposite Wakefield, City of Yonkers, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, more particularly described as follows:

**1. Location of Street.**

The centre line of East Two Hundred and Forty-first street, from the New York and Harlem Railroad to the Bronx river to be in the prolongation westerly of the centre line of Becker avenue, as the same is located on the ground from White Plains road to First street.

The width of the street to be 100 feet.

**2. Grades of East Two Hundred and Forty-first Street.**

The elevation of East Two Hundred and Forty-first street at the western property line of the New York and Harlem Railroad to be 68 feet above mean high-water datum.

The elevation at the intersection of the northern line of East Two Hundred and Forty-first street with the eastern line of the Bronx river, which point is 311.36 feet westerly of the New York and Harlem Railroad, to be 71 feet above mean high-water datum.

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 29th day of January, 1904, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 29th day of January, 1904.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens—15.

**PARK ON AMSTERDAM AVENUE, BETWEEN ONE HUNDRED AND FIFTY-FIRST AND ONE HUNDRED AND FIFTY-SECOND STREETS, MANHATTAN.**

The following communications were presented:

July 23, 1903.

Mr. W. T. GOUNDIE, Collector of City Revenue, Comptroller's Office, New York City:

DEAR SIR—Referring to our conversation of this morning as to the possibility of the City's converting into a public park the property now owned by it on Amsterdam avenue, West One Hundred and Fifty-first and West One Hundred and Fifty-second streets, which is referred to in your letter to Secretary Stanton of the Comptroller's office of July 10, I beg to say that it seems to me that such a course would be wise for the following reasons:

The plot is occupied at present by three frame and two brick houses, all owned by the City, and for which it receives, as shown in your report above referred to, an aggregate annual rental of \$1,770. This sum is almost absurdly small when the value of the property in this neighborhood is taken into consideration, yet, owing to the fact that both the old and the new Croton aqueducts pass under this property it would be inadvisable to sell it for private use, or to use it for any other than public purposes.

The proposal to locate a park in this vicinity would probably, under ordinary circumstances, receive little consideration, as it is only a thousand feet distant from the Colonial Park, less than 400 feet distant from the Trinity Cemetery, and only 1,500 feet distant from the proposed extension of Riverside Park. It is probable, however, that the general public would derive a benefit from the free use of this area as a park or playground, representing much more than the annual rental.

The present shape of this plot is unfortunate, and to make it available for treatment as a park it would seem as though an additional plot located at the northwesterly corner of Amsterdam avenue and West One Hundred and Fifty-first street, having a frontage of 150 feet on the latter street and a maximum depth of about 75 feet, should be acquired. I have not had an opportunity to look up the assessed value of this plot, but it appears from the atlas of that part of the City to be occupied by one frame building, so that its value cannot be very great.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
July 10, 1903.

OLIVER E. STANTON, Esq., Secretary to the Comptroller:

SIR—In reply to your request to supply diagrams and information in relation to the aqueduct property on Amsterdam avenue and One Hundred and Fifty-first and One Hundred and Fifty-second streets, I have to submit the following diagrams attached hereto, as follows:

Parcel 1. Located on the southeast corner of One Hundred and Fifty-second street and Amsterdam avenue is a two-story frame house leased to William Montgomery at \$405 per annum. The lease expires May 19, 1905, subject to the thirty-day clause if the City needs the property for public purposes.

Parcel 2. 100 feet east of Amsterdam avenue on One Hundred and Fifty-second street; a two-story and basement frame house, rented to Mary Connolly for \$33.33 per month, subject to the thirty-day notice to vacate.

Parcel 3. 459 feet west of One Hundred and Fifty-first street; a three-story and basement brick dwelling, leased to James Mulcahy for \$360 per annum. Lease expires May 1, 1904, subject to the thirty-day clause if the City required the premises for public purposes.

Parcel 4. No. 457 West One Hundred and Fifty-first street; a three-story brick building, rented to William Alt at \$40 per month, subject to the thirty-day notice to vacate.

Parcel 5. No. 451 West One Hundred and Fifty-first street; one-story frame dwelling, leased to Mahoney Brothers at \$125 per annum. Lease expires May 1, 1904, also subject to thirty-day clause if City needs it for public purposes.

Yours truly,

W. T. GOUNDIE, Collector of City Revenue.

Members of the Board of Estimate and Apportionment, New York City:

GENTLEMEN—The land bounded on Amsterdam avenue by One Hundred and Fifty-first street and One Hundred and Fifty-second street, as shown on the annexed map, was taken by the old City of New York several years ago for the use of the Croton Water Aqueduct.

In area it is large enough to be used for a public place or small park, and as it is situated in a very populous neighborhood, we, the householders and residents of Washington Heights, desire that your Honorable Board should utilize the property for a public place or small park.

All the property described is owned by the City, excepting a small piece of land having a small frontage on Amsterdam avenue, at the corner of One Hundred and Fifty-first street, which Mr. Donovan, the owner, has consented to sell. We therefore request your Honorable Body to take such proceedings as you may consider wise and proper in granting our request.

Respectfully yours,

WARREN F. JOHNSTON,  
No. 171 Broadway, and 17 others.

On motion of the Comptroller, the following resolution was adopted:

Resolved, That the matter be referred to the Local Board and the Park Commissioner.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens—15.

**ACQUIRING LAND FOR PARK IN THE FOURTEENTH, FIFTEENTH AND SEVENTEENTH WARDS, BROOKLYN.**

The following communication from the Corporation Counsel and report of the Bureau of Real Estate of the Finance Department were presented:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, January 6, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Herewith I transmit for passage by the Board of Estimate and Apportionment resolutions vesting title to two parcels of land within the limits of the new park located in the Fourteenth, Fifteenth and Seventeenth Wards, Borough of Brooklyn.

The first of these parcels, situated on the northerly side of North Fourteenth street, two hundred and twenty-five feet easterly from Bedford avenue, being seventy-five feet in front by one hundred feet in depth, is owned by one Thomas Paulson. Mr. Paulson has made application to the Court for a writ of mandamus compelling the Superintendent of Buildings to issue to him a permit for the erection of certain buildings thereon.

The second parcel, situated on the easterly side of Guernsey street, distant fifty-two feet ten and one-half inches southerly from Bedford avenue, being one hundred and fifty feet in front by one hundred feet in depth, is owned by Francis J. Thomas J. and Alphonsus L. Gately. They have made application to the Superintendent of Buildings for a permit to erect certain buildings thereon. This has been refused, and they have announced their intention of applying for a writ of mandamus to compel the issuance of such a permit. These two applications will undoubtedly be granted if brought to issue. Should the contemplated buildings be erected the City would be compelled to pay the owners the additional cost of construction, and would therefore suffer additional financial loss.

Under the circumstances the wisest course would seem to be to vest title in the City, in accordance with section 990 of the Charter, and thus prevent the erection of any additional structures. This course, you will remember, was recommended by you in the course of conversation with my assistant, Mr. Coombs.

Respectfully,

JOHN J. DELANY, Corporation Counsel.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 9, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Corporation Counsel in a communication under date of January 6 requests that the Board of Estimate and Apportionment adopt two resolutions, which he transmits with his communication, and which are hereto annexed, for the vesting of title in two parcels of land within the limits of the new park located in the Fourteenth, Fifteenth and Seventeenth Wards in the Borough of Brooklyn.

The matter of these two parcels of land has been under discussion by this office with the Corporation Counsel's office for some time. It seems that the owner of the property made application to the Building Department in the Borough of Brooklyn for approval of the plans and specifications for the erecting of buildings thereon. Inasmuch as the Board of Estimate and Apportionment adopted a resolution laying out the area of this park, the erection of buildings within the said area would naturally make additional cost to the City in the condemnation proceedings now pending.

I would respectfully recommend that the resolutions as transmitted by the Corporation Counsel be adopted by the Board of Estimate and Apportionment at its next meeting, vesting title in the City of New York to the land and premises described in said resolutions.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: EDWARD M. GROUT, Comptroller.

The following resolutions were then adopted:

Whereas, On June 5, 1901, the Board of Public Improvements of The City of New York approved of the acquisition of the lands and premises bounded by Berry street, Nassau avenue, Lorimer street, Driggs avenue, Manhattan avenue, Leonard street, Bayard street, Union avenue and North Twelfth street, in the Fourteenth, Fifteenth and Seventeenth Wards of the Borough of Brooklyn for use as a public park, and requested the Corporation Counsel, with the consent of the Board of Estimate and Apportionment, to apply to the Supreme Court for the appointment of Commissioners of Estimate and Assessment to ascertain the compensation which should be made to persons entitled to or interested in said land; and

REPORT No. 1719.

NEW YORK, January 13, 1904.

Hon. GEORGE B. McCLELLAN, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—Inquiry having been made as to the next steps necessary to carry out the provisions of chapter 523 of the Laws of 1903 so far as they relate to the abolition of grade crossings of the Port Morris and Spuyten Duyvil Railroad and the New York and Putnam Railroad, in the Borough of The Bronx, I beg to call the attention of the Board to the fact that all the necessary preliminary work required by the act above quoted has been done, and upon inquiry at the office of the New York Central and Hudson River Railroad Company, I am advised that the plans for the construction of the necessary abutments, retaining walls and bridges for the High Bridge and Morris Heights crossings are now being prepared.

Assuming that the President of the Borough of The Bronx will make the necessary plans for the approaches to these bridges, it is recommended that he be requested to proceed with the preparation of such plans, and that he also submit the necessary maps showing such additional lands as it will be necessary for the City to purchase to provide for these approaches.

It was understood that the approaches to the railroad crossings at Fordham Heights would be included in the plans of the Department of Bridges for the new bridge across the Harlem river at East One Hundred and Eighty-fourth street, and it is also suggested that the Bridge Department be requested to complete these plans as soon as practicable and submit copies of them to the New York Central and Hudson River Railroad Company and to this Board.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Borough of The Bronx, the following resolution was then adopted:

Resolved, That the President of the Borough of The Bronx be requested to prepare the necessary plans for the approaches to the bridges across the tracks of the Port Morris and Spuyten Duyvil Railroad and the New York and Putnam Railroad at High Bridge and Morris Heights, and that he also submit to this Board the necessary maps showing such additional lands as the City will require to purchase to provide for these approaches.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens—15.

ACQUIRING FRAUNCES' TAVERN, MANHATTAN.

The following communication from the Bureau of Real Estate of the Finance Department and report from the Department of Taxes and Assessments were presented:

DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE,  
October 23, 1903.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a public improvement meeting held by the Board of Estimate and Apportionment on December 19, 1902, the following resolutions were adopted in the matter of the proposed purchase of Fraunces' Tavern, located on the corner of Front and Water streets, for the acquisition of the same as a public park:

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out a public park in the westerly end of the block bounded by Pearl street, Coenties slip, Water and Broad streets, in the Borough of Manhattan, City of New York, does hereby favor and approve of the same so as to lay out the aforesaid park as follows:

"Beginning at a point on the northerly side of Water street, distant 102.28 feet westerly from the intersection of the northerly line of Water street with the westerly line of Coenties slip, and running thence westerly along the northerly side of Water street for a distance of 131.75 feet to the intersection of the northerly line of Water street with the easterly line of Broad street; running thence northerly along the easterly side of Broad street 113.81 feet to the intersection of the easterly line of Broad street with the southerly line of Pearl street; thence easterly along the southerly line of Pearl street a distance of 112.75 feet to a point on the southerly side of Pearl street, distant 102.94 feet westerly from the intersection of the southerly side of Pearl street with the westerly side of Coenties slip; thence southerly for a distance of 108.05 feet to the point or place of beginning.

"Resolved, That the foregoing resolution, approving of the above-mentioned proposed change in the map or plan of The City of New York, by laying out said public park, adopted by this Board, together with a statement of its reasons therefor, be transmitted to the Board of Aldermen for its action thereon."

That such resolution was adopted by the Board of Aldermen January 27, 1903, and was thereafter approved by the Mayor, February 3, 1903; and at a public improvement meeting of the Board of Estimate and Apportionment, held February 6, 1903, a resolution was adopted directing the Secretary of the Board, in pursuance of section 443 of the Greater New York Charter to certify the three similar maps which the President of the Borough of Manhattan has caused to be made and submitted to this Board, and to file one copy so certified in the office of the Register of New York County, one copy in the office of the Corporation Counsel, and one copy in the office of the President of the Borough of Manhattan.

I have had an interview with the representatives of the owner of the property known as Fraunces' Tavern, Messrs. Strong & Cadwalder, and have been told by them that the owner will not sell the property to the City at private sale. That being the case, I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the Corporation Counsel to institute condemnation proceedings for the acquisition of the property.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

Approved: N. TAYLOR PHILLIPS, Deputy Comptroller.

CITY OF NEW YORK,  
DEPARTMENT OF TAXES AND ASSESSMENTS,  
January 13, 1904.

Honorable EDWARD M. GROUT, Comptroller:

DEAR SIR—In response to a verbal request from your Department, I beg to advise you that the property known on the Records of Assessments as Lot No. 35, Block 7, section 1, volume 1, is assessed for the year 1903 at \$69,000, and for 1904 at \$70,000.

Yours truly,

C. ROCKLAND TYNG, Secretary.

On motion of the Comptroller, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment, at a meeting held December 19, 1902, approved of the laying out of a public park on Broad street, Water

street and Pearl street, in the Borough of Manhattan, which includes the property known as the Fraunces' Tavern; therefore be it

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest, do hereby authorize the Corporation Counsel to institute proceedings for the acquisition of the property known as Fraunces' Tavern, bounded and described as follows:

Beginning at a corner formed by the intersection of the easterly side of Broad street with the southerly side of Pearl street; running thence easterly along the southerly side of Pearl street 55 feet 6 inches; running thence southerly 37 feet; thence westerly 20 feet; thence again southerly 1 foot 6 inches; thence again westerly 37 feet to Broad street; thence northerly, along the easterly side of Broad street 42 feet 2 inches to the point or place of beginning, be the said several dimensions more or less, being the same premises conveyed by Eugene Keteltas, Malvina, his wife, and Jane de Dion, to Thomas McCarty, Perry McCarty, Henrietta Hutton, wife of Charles G. Hutton, and Rosalie M. Steele, by a deed dated November 1, 1873, and recorded in the office of the Register of the County of New York in liber 1279 of Conveyances, pages 18 to 31, January 16, 1874, and being the premises known on the land map of the County of New York as Lot No. 35, in Block 7, section 1.

Resolved, In pursuance of section 980 of the Greater New York Charter, that the entire cost and expense of said proceeding shall be borne and paid by The City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens—15.

The Comptroller then offered the following resolution, which was adopted:

Resolved, That the Engineer be directed to prepare maps showing a change in the map of the City, by omitting that portion of the park laid out around Fraunces' Tavern which is not occupied by the tavern.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, and the President of the Borough of The Bronx—14.

#### ACQUIRING LAND FOR BRONX APPROACH TO WILLIS AVENUE BRIDGE.

The following communication from the Commissioner of Bridges was presented:

DEPARTMENT OF BRIDGES,  
January 14, 1904.

To the Honorable the Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

GENTLEMEN—On November 9, 1903, my predecessor in office recommended to your Honorable Board of Estimate and Apportionment that title to the land necessary for an approach to Willis Avenue Bridge from the Southern Boulevard be vested in the City on March 1, 1904. The letter was as follows:

"The proposition to build an approach to the Willis Avenue Bridge from the Southern Boulevard has gone so far that a certain sum of money has been appropriated for beginning the work, and proceedings have been taken to acquire title to the necessary property. The building of the approach now waits upon the vesting of title in the City.

"The Commission of Appraisal was appointed March 18, 1903, and has been at work since that time, but there is not yet any definite prospect of its work being finished; therefore I beg to recommend in order that this much-needed improvement may be speedily accomplished, that the Board of Estimate and Apportionment, under authority of chapter 21, section 1439 of the Charter, direct the Southern Boulevard, Brown place and East One Hundred and Thirty-second street, commencing 245 feet west of Brown place, running 575 feet to Willis avenue, in the Twenty-third Ward, of the Borough of The Bronx, and shown on the plan approved by the Board of Estimate and Apportionment on the 12th day of September, 1902, vest in the City of New York on March 1, 1904."

Under section 1439 of the Charter title to improved property cannot vest in the City in less than two months, and I therefore beg to recommend now that a resolution pass the Board of Estimate and Apportionment that title to this property vest in the City two months after the date of said resolution.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment on the 16th day of January, 1903, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the approach to the Willis Avenue Bridge, Twenty-third Ward, in the Borough of The Bronx, City of New York; and

Whereas, It appears to the Board of Estimate and Apportionment, from the surveys made and information furnished to it that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said approach; and

Whereas, The said Board has received written notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said approach, and that the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law, on the 18th day of March, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of March, 1904, the title to each and every piece or parcel of land lying within the lines of said approach to the Willis Avenue Bridge, Twenty-third Ward, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, and the President of the Borough of The Bronx—14.

#### SEWER EASEMENT IN VANDERVOORT AVENUE, BROOKLYN.

The following communication from the President of the Borough of Brooklyn, and accompanying reports were presented, and the matter was referred to the Chief Engineer:

THE CITY OF NEW YORK,  
OFFICE OF PRESIDENT OF THE BOROUGH OF BROOKLYN,  
January 14, 1904.

To the Board of Estimate and Apportionment, New York City, N. Y.:

SIRS—For many years past in the vicinity of Knickerbocker and DeKalb, Centre and Eldert avenues, Hamburg avenue and Woodbine street, and Evergreen avenue and Halsey street, during heavy rainstorms, there has been great damage wrought to property and, eventually, fixed upon the City, because of the inadequacy of the sewer accommodation in that region. The Engineers of the Department of Sewers have labored diligently to discover a means whereby these recurring floods could be controlled so as to save the property owner and the City from damage. It has been determined by said Engineers that if the City would acquire an easement in Van-

dervoort avenue, from Knickerbocker avenue to the Canal, including the abandoned sewer therein located, that this would in all reasonable probability take care of all ordinary floods and relieve the aforementioned district. The relation of this Vandervoort avenue sewer, the advantage of its purchase and utility can best be ascertained by reference to the letter of Mr. Henry R. Asserson, Chief Engineer of the Sewer Department, which is hereto attached, and a brief reference to the map submitted herewith will show the advantage of this purchase.

Therefore, under section 396 of the Charter, I request the Board of Estimate and Apportionment to authorize the Comptroller of The City of New York to immediately acquire whatever rights the present owners have in and to the abandoned sewer and an easement in the property running from Knickerbocker avenue to the canal.

The price heretofore asked for this property by the present owners (Mr. Theodore Jackson and others) is \$30,000. It has been conceded by all that this price is more than the property is worth for any other purpose except the purpose which the City should now use it for, to wit, as a sewer outlet.

The Board of Estimate heretofore authorized proceedings to acquire an easement in Porter avenue for the same sewer outlet as this, but it has been determined by careful calculation that this will cost as much as \$40,000, so that the practical and wise policy for the City to pursue is undoubtedly to authorize the Comptroller to acquire this abandoned sewer and an easement in Vandervoort avenue, which has been an abandoned street since 1873.

Yours respectfully,

MARTIN W. LITTLETON,  
President, Borough of Brooklyn.

CITY OF NEW YORK—BOROUGH OF BROOKLYN,  
BUREAU OF SEWERS,  
January 13, 1904.

Hon. J. C. BRACKENRIDGE, Commissioner of Public Works:

DEAR SIR—In response to your request I furnish you a statement of facts concerning the proceedings and the status of acquiring the old Vandervoort avenue sewer, between Knickerbocker avenue and the Newtown Creek canal, as furnished me in a communication from the Chief Engineer of Sewers, Borough of Brooklyn, a copy of which is next attached.

Respectfully yours,

ARTHUR J. O'KEEFFE, Superintendent of Sewers.

CITY OF NEW YORK—BOROUGH OF BROOKLYN,  
BUREAU OF SEWERS, CHIEF ENGINEER'S OFFICE,  
ROOM 44, MUNICIPAL BUILDING,  
January 13, 1904.

Mr. ARTHUR J. O'KEEFFE, Superintendent of Sewers:

DEAR SIR—In regard to the procurement for the City's use of the old Vandervoort avenue sewer, I respectfully state that said sewer is 90 inches in diameter and in perfect condition, and exists within the old lines of Vandervoort avenue, extending from Knickerbocker avenue to the Newtown Creek canal.

This length of sewer was the temporary outlet for a considerable territory, extending as far south as the Eastern parkway, this section having built up much more rapidly than the territory north of Johnson avenue, through which territory the main outlet was to extend, skirting Newtown Creek canal and discharging into the East river at the foot of Dupont street, in Greenpoint.

The extension of this outlet was abandoned, and the sewage in 1886 was conducted through sewers in Johnson avenue and South Fifth street to the East river. When this latter project was built Vandervoort avenue was stricken from the map of the old City of Brooklyn, pursuant to an act of the Legislature, chapter 400, Laws of 1873, and chapter 186, Laws of 1885. This procedure resulted in the ownership of the sewer being obtained by citizens, and, as I now understand, said sewer is owned by Theo. F. Jackson, John T. Burr and Mrs. Caroline B. Knapp, as executors and trustees of the late Andrew E. Burr.

I submit a sketch with this writing, showing old Vandervoort avenue, within the limits where this sewer exists, and the territory immediately adjacent thereto, to elucidate that which I write about.

You will note thereon that the 90-inch sewer in old Vandervoort avenue extends from the Canal to the Knickerbocker avenue sewer. To use same would require merely the breaking down of the bulkhead at the connecting point with the 120-inch sewer in Knickerbocker avenue and the removal of an earthen bulkhead of about 30 feet in extent at the outlet of the sewer at the Canal.

The use of this sewer is desired to assist in preventing the recurrence of flooding premises in flooded districts of this Borough, in the vicinity of Knickerbocker and DeKalb avenues, Central and Eldert avenues, Hamburg avenue and Woodbine street, and Evergreen avenue and Halsey street, which is caused by the insufficient sectional area of the 120-inch and 144-inch sewers, shown in the sketch, in Knickerbocker avenue and Johnson avenue, respectively, said sewers being practically level, of flat bottom, and continually collecting deposit to the extent that their efficiency is reduced at least 38 per cent.

The alteration and reconstruction of said sewer from George street and Knickerbocker avenue to Johnson avenue to Humboldt street should speedily be made, but as this is the subject of another proceeding, I mention it here to this extent only to show the necessity of the immediate procurement of the old Vandervoort avenue sewer.

The Board of Estimate and Apportionment have authorized the construction of a sewer in Flushing avenue, from Knickerbocker avenue to Porter avenue, to the Newtown Creek Canal, said sewer to be 60 inches in diameter, but said authorization was intended to be an alternate expedient, providing the Vandervoort avenue sewer could not be procured. Its award in contract is being held in abeyance, as the Vandervoort avenue sewer is much more to be desired, being capable of caring for seven times the volume of water that the Porter avenue sewer will care for, if constructed, and to somewhat lessen the expense of the alteration of the sewers I have before mentioned.

It seems, however, that the proceedings for the procurement of the Vandervoort avenue sewer were not made an alternate measure in the resolutions adopted for relief sewers, although the former President of the Borough endeavored to procure a perpetual easement from the owners of the said Vandervoort avenue sewer, which were not concluded. The owners of the sewer were willing to grant a perpetual easement to The City of New York for \$30,000, providing a suitable trap basin was built at the outlet of same, adjacent to the Newtown Creek Canal, and that the City would keep in repair the bulkhead of the dock, and to maintain a depth of water of ten feet at mean low tide. It was required also that only storm water should be conducted in the old sewer by tapping the Knickerbocker avenue sewer at an elevation of .30 inches above its invert. This feature, however, is required by law, pursuant to section 392 of the Charter.

I indicate on the sketch on Block No. 206, Lot No. 46, under which the Vandervoort avenue sewer projects about a foot and a half, which I am informed is now or was lately owned by Frank Darmstadt. It would appear that an easement would necessarily have to be obtained for this portion of the property also. It also appears from the draft of the proposed easement of Messrs. Theodore F. Jackson et al. that their ownership of sewer and land extends only to Grattan street. If so, the easement would have to be procured in Block 207, Lot No. 39, as the sewer there extends to a considerable depth under the cellar of a house there situate.

The procurement of the use of this sewer by easement proceedings, under section 396 of the Charter, would, in my opinion, result in its use in the shortest space of time. The expense of \$30,000 for this purpose is an economical one for the City, when it is considered that many thousands of dollars are being expended in the settlement of damage suits against the City. Ten thousand dollars would be saved by the non-construction of the Porter avenue sewer, but it would require this amount, plus \$5,000 additional, to build the trap basin mentioned in the easement procedure by Mr. Theodore F. Jackson et al.

Of course the sewer is of no value to any one excepting the City, and Mr. Jackson could not procure a purchaser elsewhere. The building of the trap basin is not an absolute necessity, and I would suggest that every endeavor be made to procure an easement, if such procedure follows without this stipulation.

Yours respectfully,

HENRY R. ASSERSON, Chief Engineer of Sewers.

The following communication from the Chief Engineer was presented:

REPORT NO. 1553.

NEW YORK, January 11, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the Secretary to the President of the Borough of Manhattan, submitting for approval a map providing for amendments to Sewerage Districts 2 A R and 4 D M. These amendments include sewers in the following streets:

Forty-first street, between Hudson river and Eleventh avenue.

Eldridge street, between Houston and Stanton streets.

Outlet at the foot of Twenty-first street, East river.

Marginal street, west side, between Eighteenth and Twenty-third streets.

Twenty-second street, between Marginal street and Avenue A.

The construction of all of these sewers, excepting only the first named, has been authorized with the understanding that the map now offered should be submitted for approval, and such action is hereby recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 445 of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Manhattan, entitled "Amendments to Sewerage Districts 2-A.R. and 4-D.M.," and dated October 6, 1903.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens—15.

The Board then took up the consideration of financial matters.

J. W. STEVENSON, Secretary.

Attest: JOHN H. MOONEY, Assistant Secretary.

#### BOARD OF ESTIMATE AND APPORTIONMENT.

##### (PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held in Room 16, City Hall, on Friday, January 22, 1904.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen (Vice-President Sullivan), the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond.

The Mayor, Hon. Geo. B. McClellan, presided.

#### CHANGE OF GRADES IN TERRITORY BOUNDED BY THATFORD AVENUE, NEWPORT STREET, AMBOY STREET AND BLAKE AVENUE, BROOKLYN.

The following communication from the Secretary to the President of the Borough of Brooklyn and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, January 19, 1904.

Mr. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—I send you herewith papers in relation to a proposed change of grade in the district bounded by Blake avenue, Newport street, Amboy street and Thatford avenue for action thereon by the Board of Estimate and Apportionment.

The persons who desire this improvement are also desirous of an initiation of a proceeding by your Board instead of the usual procedure before the Local Board of the Flatbush District.

Mr. Lewis, the Engineer of your Board, has had the papers in this matter and has, I believe, made a report recommending the change of grade and advising a public hearing.

The papers I enclose are: A letter from George W. Tillson, Chief Engineer of the Bureau of Highways, to the Commissioner of Public Works; technical description of the proposed improvement signed by George W. Tillson, dated December 8, 1903; report of the Superintendent of Sewers, addressed to the Commissioner of Public Works, dated November 25, 1903, and four (4) blue prints of the proposed change of grade.

Will you kindly see that these maps and reports get into the hands of Mr. Lewis, in accordance with the request he made to me?

Very truly yours,

JOHN A. HEFFERMAN, Secretary.

REPORT NO. 1720.

NEW YORK, January 18, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of Brooklyn, accompanied by a plan and technical description, recommending certain changes of grade in the territory bounded by Thatford avenue, Newport street, Amboy street and Blake avenue.

The necessity for these changes of grade arises from the fact that the grade charts of the former Town of New Lots (now the Twenty-sixth Ward of the Borough of Brooklyn), and of the old Town of Flatlands (now the Thirty-second Ward of the Borough of Brooklyn), were each made independently of and with no regard to the other, the result being that along the boundary line of the wards there are grades which are irreconcilable.

The demand for adjustment at the present time is brought about by a contemplated improvement of this territory by sewerage and paving the streets, and before this work can proceed it is necessary that permanent and satisfactory grades should be established.

The greatest change is along Rockaway avenue, which avenue is crossed by the ward boundary line at Livonia avenue, the present chart grade being lowered 3.44 feet, and at Riverdale avenue, the present grade being lowered 4.15 feet. The new grades, which are proposed seem to be reasonable ones, will provide for surface drainage, and will be better adapted to existing conditions than the present legal grades.

No resolution of the Local Board accompanies the plan, but such a resolution is not required by the Charter; and, while it has been the practice of the Board of Estimate and Apportionment to refer all changes of the map to the Local Board having jurisdiction, there is a precedent for action by this Board without reference to the Local Board in the case of the extension of Flatbush avenue as an approach to the Manhattan Bridge.

If the Board concludes to take the initiative in this case, it is recommended that a public hearing be given, and that the plan which has been submitted be approved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to

change the map or plan of The City of New York by changing the grades in the territory bounded by Thatford avenue, Newport street, Amboy street and Blake avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

##### Rockaway Avenue.

Beginning at the intersection of Blake avenue and Rockaway avenue, the elevation to be 31.46 feet as heretofore;

Thence southerly to the intersection of Dumont avenue, the elevation to be 25.88 feet;

Thence southerly to a summit, distant 225 feet from the northerly line of Livonia avenue, the elevation to be 27.35 feet;

Thence southerly to the intersection of Livonia avenue, the elevation to be 26.13 feet;

Thence southerly to the intersection of Riverdale avenue, the elevation to be 23.85 feet;

Thence southerly to a summit, distant 208 feet from the southerly line of Riverdale avenue, the elevation to be 24.98 feet;

Thence southerly to the intersection of Newport street, the elevation to be 23.43 feet as heretofore.

##### Chester Street.

Beginning at the intersection of Dumont avenue and Chester street, the elevation to be 28.73 feet as heretofore;

Thence southerly to a summit, distant 143 feet from the northerly line of Livonia avenue, the elevation to be 30.60 feet;

Thence southerly to the intersection of Livonia avenue, the elevation to be 29.80 feet;

Thence southerly to the intersection of Riverdale avenue, the elevation to be 27.55 feet;

Thence southerly to the intersection of Newport street, the elevation to be 23.64 feet as heretofore.

##### Bristol Street.

Beginning at the intersection of Blake avenue and Bristol street, the elevation to be 35.25 feet as heretofore;

Thence southerly to the intersection of Dumont avenue, the elevation to be 30.00 feet;

Thence southerly to a summit, distant 138 feet from the northerly line of Livonia avenue, the elevation to be 31.90 feet;

Thence southerly to the intersection of Livonia avenue the elevation to be 31.12 feet;

Thence southerly to the intersection of Riverdale avenue, the elevation to be 28.87 feet;

Thence southerly to the intersection of Newport street, the elevation to be 23.85 feet as heretofore.

##### Hopkinson Avenue.

Beginning at the intersection of Dumont avenue and Hopkinson avenue, the elevation to be 28.20 feet as heretofore;

Thence southerly to a summit, distant 200 feet from the southerly line of Dumont avenue, the elevation to be 29.29 feet;

Thence southerly to the intersection of Livonia avenue, the elevation to be 27.70 feet as heretofore;

Thence southerly to a summit, distant 230 feet from the northerly line of Riverdale avenue, the elevation to be 29.14 feet;

Thence southerly to the intersection of Riverdale avenue, the elevation to be 27.90 feet;

Thence southerly to the intersection of Newport street, the elevation to be 24.06 feet as heretofore.

##### Dumont Avenue.

Beginning at the intersection of Hopkinson avenue and Dumont avenue, the elevation to be 28.20 feet as heretofore;

Thence easterly to the intersection of Bristol street, the elevation to be 30 feet;

Thence easterly to the intersection of Chester street, the elevation to be 28.73 feet as heretofore;

Thence easterly to the intersection of Rockaway avenue, the elevation to be 25.88 feet;

Thence easterly to the intersection of Thatford avenue, the elevation to be 28.42 feet as heretofore.

##### Livonia Avenue.

Beginning at the intersection of Hopkinson avenue and Livonia avenue, the elevation to be 27.70 feet as heretofore;

Thence easterly to the intersection of Bristol street, the elevation to be 31.12 feet;

Thence easterly to the intersection of Chester street, the elevation to be 29.80 feet;

Thence easterly to the intersection of Rockaway avenue, the elevation to be 26.13 feet;

Thence easterly to the intersection of Thatford avenue, the elevation to be 25.66 feet as heretofore.

##### Riverdale Avenue.

Beginning at the intersection of Amboy street and Riverdale avenue, the elevation to be 26.93 feet as heretofore;

Thence easterly to the intersection of Hopkinson avenue, the elevation to be 27.90 feet as heretofore;

Thence easterly to the intersection of Bristol street, the elevation to be 28.87 feet;

Thence easterly to the intersection of Chester street, the elevation to be 27.55 feet;

Thence easterly to the intersection of Rockaway avenue, the elevation to be 23.85 feet;

Thence easterly to the intersection of Thatford avenue, the elevation to be 20.82 feet as heretofore.

Note—All elevations refer to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed changes and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed changes at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of

Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed changes will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The following communication from the Corporation Counsel was presented:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, January 14, 1904.

To the Board of Estimate and Apportionment:

SIRS—I am in due receipt of a communication, bearing date January 11, from J. W. Stevenson, Esq., Secretary to your Board, stating that he had been directed by you to request my opinion upon the following questions:

1. Can resolutions of the Local Boards, adopted prior to January 1, 1904, be legally acted upon by the present Board of Estimate and Apportionment?

2. In case it is necessary for the Local Boards now existing to initiate all proceedings for local improvements to be submitted to the present Board of Estimate and Apportionment, is it necessary that new petitions be presented to the Local Boards, or can said Boards act on petitions presented prior to January 1, 1904?

3. Can resolutions adopted by the Local Boards prior to January 1, 1904, and pending on the Calendar of the Board of Estimate and Apportionment at the time of a change of the administration, be legally taken up and passed, or do they lapse?

4. Do all matters pending before the Local Boards prior to January 1, 1904, continue before the Local Boards of 1904, or do they lapse? If proceedings begun in 1903 lapse with the administration before the Board of Estimate and Apportionment and Local Boards, to what extent are they of no effect?

In answer to this communication I have to say that the subject covered by these questions is one which has been several times carefully considered and passed upon by the Law Department under my two immediate predecessors, Hon. John Whalen and Hon. George L. Rives, and the conclusions at which said Department has arrived are as follows:

The provisions of the Greater New York Charter in reference to the authorization of public improvements requiring the action of both the Local Boards and the Board of Estimate and Apportionment clearly imply that the action of the two Boards constitute a single proceeding of which the act of the Local Board only forms the first step.

I do not think under the Charter provisions that it can be said that the action of the Local Board is a proceeding complete in itself, and that the action of the Board of Estimate and Apportionment is another proceeding, also complete.

If this view is correct the expiration of a Board of Local Improvements by change in its membership causes all proceedings before it to lapse, and in like manner all proceedings in the Board of Estimate and Apportionment presented to that body after action by the Local Boards must lapse by the termination of the Board of Estimate and Apportionment by change in its membership.

Not only have the foregoing conclusions been reached by this Department after careful consideration, but it has also been much impressed by the importance of extreme care in the initiation and progress of proceedings having for their end the authorization of improvements which are in the larger part payable by assessments.

As you are, of course, well aware in attempting to enforce an assessment upon the property of citizens, every intentment is against such assessing power, and all presumptions are resolved against that power.

It is, therefore, of the utmost importance that there should not be the smallest cloud upon any part or step of any proceeding instituted to carry out local improvements payable by assessments.

Bearing these considerations in mind, I proceed, therefore, to answer your questions.

The answer to the first question must be in the negative.

The answer to the second question must be that as has been stated by my predecessor, Hon. George L. Rives, in a communication addressed to Hon. Louis F. Haffen, President of the Borough of The Bronx, under date of February 6, 1902, the safer course is to require the presentation of new petitions to avoid any possible doubt as to the legality of the proceedings.

The answer to the third question must be that the resolutions referred to lapse.

The answer to the fourth question must be, of course, that as the proceedings mentioned have lapsed, they are of no effect whatever.

I believe the foregoing answers the questions asked by you.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

On motion of the Comptroller, the following resolution was adopted:

Resolved, That, in pursuance of the opinion of the Corporation Counsel, under date of January 14, 1904, the Secretary is hereby authorized to return all resolutions of the Local Boards, adopted prior to January 1, 1904, which have not been acted upon by the Board of Estimate and Apportionment.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of The Bronx, President of the Borough of Queens and the President of the Borough of Richmond—16.

The Board then took up the consideration of financial matters.

J. W. STEVENSON, Secretary.

Attest: JOHN H. MOONEY, Assistant Secretary.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC IMPROVEMENTS.

A meeting of the Board of Estimate and Apportionment of The City of New York was held in Room 16, City Hall, on Friday, January 29, 1904, at 10.30 o'clock in the forenoon.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond.

LAYING OUT AN APPROACH TO THE BRIDGE TO WAKEFIELD AVENUE, YONKERS, BOROUGH OF THE BRONX.

In the matter of the proposed laying out and establishing the grades of East Two Hundred and Forty-first street (Becker avenue), from the New York and Harlem Railroad to the centre line of the Bronx river, as an approach to the bridge over the Bronx river opposite Wakefield, Yonkers, the report of the Secretary was presented, showing that the matter had been duly advertised.

The Hon. C. W. Clark, Alderman for the Seventh Ward, City of Yonkers, appeared in favor of the proposition, urging that the bridge be constructed as early as possible. Nobody appearing in opposition, the hearing was closed.

The Comptroller moved that the consideration of the matter be temporarily postponed, and taken up after No. 4 on the Calendar had been disposed of, which motion was unanimously adopted.

CHANGE OF GRADES IN TERRITORY BOUNDED BY THIRD AND HAMILTON AVENUES, GOWANUS CANAL AND FIFTEENTH STREET, BROOKLYN.

The following communication from the Secretary to the President of the Borough of Brooklyn, and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, January 12, 1904.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

SIR—The President of the Borough asks me to send to you papers, which I inclose, in relation to legalizing the established grade of certain streets west of Third avenue, between the Gowanus canal and Fifteenth street, and to ask that action be taken by the Board of Estimate and Apportionment in reference to the matter.

The papers inclosed are: Copy of letter from John C. Brackenridge, Commissioner of Public Works, dated January 11, 1904; copy of letter from the Chief Engineer of Highways, dated January 7, 1904; technical description for change of grade in the district bounded by the Gowanus canal, Third avenue, Fifteenth street and Hamilton avenue, and map.

Yours respectfully,

JOHN A. HEFFERNAN, Secretary.

REPORT No. 1723.

JANUARY 25, 1904.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of January 12, 1903, the President of the Borough of Brooklyn, through his Secretary, has submitted to the Board a plan and technical description providing for changing the grades of certain streets in the territory bounded by Third avenue, Gowanus canal, Fifteenth street and Hamilton avenue. There is no resolution of a Local Board accompanying the plan and communication, the request being made that the Board of Estimate and Apportionment initiate the change in accordance with the authority given it by section 442 of the Greater New York Charter.

The occasion for this request is that a number of streets in the territory referred to were improved years ago by grading, curbing, and, in a number of instances, paving with cobble-stone. It is impossible now to determine whether these streets were graded to a lower elevation than required by the legal grades, or whether there has been a settlement of the material; the latter is scarcely probable, as the surface is, in most cases, regular and shows few signs of unequal settlement.

Buildings have been erected along a number of these streets, and with the demand for new improvements comes the perplexing question as to whether the grades of streets already paved should be made the legal grade, or whether the new streets should be improved strictly in accordance with the present legal grades and the old streets, with their curb and pavements, readjusted. The latter course would involve much expense and considerable damage to property, and, inasmuch as the present surface is sufficiently high to accommodate sewers and to provide ample surface drainage, it is proposed to legalize these surfaces and to change the grades of intersecting streets not yet improved so that they may conform with the streets now paved.

The principal change is along Second avenue, where it is proposed to lower the legal grade by an amount varying from 6 inches to 1½ feet. There is no reasonable objection to this course, and it is recommended that the grades now proposed be adopted after the public hearing required by the Charter.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the grades of certain streets in the territory bounded by Third avenue, Gowanus canal, Fifteenth street and Hamilton avenue, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Second Avenue.

Beginning at the intersection of Second avenue and Gowanus canal the grade to be 5.00 feet; thence to the intersection of Second avenue and Sixth street the grade to be 7.00 feet; thence to a point distant 100 feet northerly from the north building line of Seventh street the grade to be 6.30 feet; thence to the intersection of Second avenue and Seventh street the grade to be 8.00 feet; thence to a point distant 80 feet northerly from the north building line of Eighth street the grade to be 9.00 feet; thence to the intersection of Second avenue and Eighth street the grade to be 8.50 feet; thence to the intersection of Second avenue and Ninth street the grade to be 7.45 feet; thence to the intersection of Second avenue and Tenth street the grade to be 10.60 feet; thence to the intersection of Second avenue and Eleventh street the grade to be 11.30 feet; thence to the intersection of Second avenue and Twelfth street the grade to be 10.40 feet; thence to the intersection of Second avenue and Thirteenth street the grade to be 12.30 feet; thence to the intersection of Second avenue and Fourteenth street the grade to be 13.75 feet; thence to the intersection of Second avenue and Fifteenth street the grade to be 11.90 feet; thence to the intersection of Second avenue and Hamilton avenue the grade to 9.83 feet as heretofore.

Sixth Street.

Beginning at the intersection of Third avenue and Sixth street the grade to be 14.33 feet as heretofore; thence to the intersection of Second avenue and Sixth street the grade to be 7.00 feet.

Seventh Street.

Beginning at the intersection of Third avenue and Seventh street the grade to be 14.42 feet as heretofore; thence to the intersection of Seventh street and Second avenue the grade to 8.00 feet.

Eighth Street.

Beginning at the intersection of Third avenue and Eighth street the grade to be 15.83 feet as heretofore; thence to the intersection of Second avenue and Eighth street the grade to be 8.50 feet; thence to the intersection of Eighth street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

Ninth Street.

Beginning at the intersection of Third avenue and Ninth street the grade to be 18.00 feet as heretofore; thence to the intersection of Second avenue and Ninth street the grade to be 7.45 feet; thence to a point distant 620 feet westerly from the westerly building line of Second avenue the grade to be 4.40 feet; thence to the intersection of Ninth street and the bulkhead-line of Gowanus canal the grade to be 10.00 feet.

Tenth Street.

Beginning at the intersection of Third avenue and Tenth street the grade to be 20.17 feet as heretofore; thence to a point distant 140 feet easterly from the eastern building line of Second avenue the grade to be 11.90 feet; thence to the intersection of Second avenue and Tenth street the grade to be 10.60 feet; thence to the intersection of Tenth street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

Eleventh Street.

Beginning at the intersection of Third avenue and Eleventh street the grade to be 22.33 feet as heretofore; thence to the intersection of Eleventh street and Second avenue the grade to be 11.30 feet; thence to the intersection of Eleventh street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

*Twelfth Street.*

Beginning at the intersection of Third avenue and Twelfth street the grade to be 24.50 feet as heretofore; thence to the intersection of Second avenue and Twelfth street the grade to be 10.40 feet; thence to the intersection of Twelfth street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

*Thirteenth Street.*

Beginning at the intersection of Third avenue and Thirteenth street the grade to be 24.50 feet as heretofore; thence to the intersection of Second avenue and Thirteenth street the grade to be 12.30 feet; thence to the intersection of Thirteenth street and the bulkhead-line of Gowanus canal the grade to be 5.00 feet.

*Fourteenth Street.*

Beginning at the intersection of Third avenue and Fourteenth street the grade to be 22.33 feet as heretofore; thence to the intersection of Fourteenth street and Second avenue the grade to be 13.75 feet; thence to a point distant 50 feet easterly from the intersection of the northerly building line of Fourteenth street and the easterly building line of Hamilton avenue the grade to be 8.50 feet; thence to the intersection of Fourteenth street and Hamilton avenue the grade to be 10.80 feet as heretofore.

*Fifteenth Street.*

Beginning at the intersection of Third avenue and Fifteenth street the grade to be 20.17 feet as heretofore; thence to the intersection of Second avenue and Fifteenth street the grade to be 11.90 feet; thence to the intersection of Fifteenth street and Hamilton avenue the grade to be 9.00 feet as heretofore.

All grades are referred to mean high-water datum as established by the Bureau of Highways, Borough of Brooklyn, City of New York.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of The Bronx—14.

## VESTING TITLE TO EAST TWO HUNDRED AND THIRTY-THIRD STREET, THE BRONX.

The following communication from the President of the Borough of The Bronx, and report of the Chief Engineer, were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,  
MUNICIPAL BUILDING, CROTONA PARK, January 5, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I respectfully request that a date be fixed when title will vest in The City of New York to East Two Hundred and Thirty-third street, from Webster avenue to the Bronx river, Borough of The Bronx, City of New York. The oaths of the Commissioners of Estimate and Assessment were filed November 30, 1903. There is a part of a building on the line of this street.

The request for the City to vest title is made because a contract for constructing the approach to the bridge over the New York and Harlem Railroad is progressing quite rapidly, the City having gone into possession of the private lands under an agreement with the owners, on the condition that their rights in the proceeding for the acquisition of the lands necessary for this widening be preserved.

Respectfully,

LOUIS F. HOFFEN,  
President of the Borough of The Bronx.

REPORT No. 1724.

JANUARY 25, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The President of the Borough of The Bronx, in the accompanying letter, dated January 5, 1904, requests the Board of Estimate and Apportionment to fix a date for the vesting of title in The City of New York to the land required for the opening or widening of East Two Hundred and Thirty-third street, between Webster avenue and the Bronx river.

Proceedings to open this street were initiated by the Board of Estimate and Apportionment on March 6, 1903, the object being to acquire the necessary land for the construction of a much-needed bridge across the Bronx river and over the tracks of the Harlem Railroad and those of the New York, New Haven and Hartford Railroad, eliminating thereby a very dangerous grade-crossing. In the resolution authorizing these proceedings it was provided that the entire expense should be assessed upon the property deemed to be benefited. Recognizing, subsequently, that this was an improvement affecting the general public and from which the abutting owners would in no way benefit, the proceedings were discontinued by this Board and begun anew with the provision that the entire expense be borne by the City at large, these latter proceedings being authorized on July 31, 1903. The Commissioners of Estimate and Assessment have been appointed, and their oaths were filed on November 30, 1903.

Inasmuch as there are buildings within the lines of the street, it follows that under the provisions of section 990 of the Charter title cannot be vested until six months after the date of the filing of these oaths, or on May 30, 1904. Inasmuch as the railroad company is prepared to proceed with the erection of the bridge across its tracks, and it is important that it be assured of the date on which possession can be obtained, it is recommended that the Board adopt a resolution at the present time providing that the land required for the widening of the street shall vest in The City of New York on May 31, 1904.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment, on the 31st day of July, 1903, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of widening East Two Hundred and Thirty-third street, between Webster avenue and the Bronx river, in the Borough of The Bronx, City of New York, and

Whereas, It appears to the Board of Estimate and Apportionment, from the surveys made and information furnished to it that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said East Two Hundred and Thirty-third street, and

Whereas, The said Board has received written notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said East Two Hundred and

Thirty-third street, and that the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law, on the 30th day of November, 1903; therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 31st day of May, 1904, the title to each and every piece or parcel of land lying within the lines of said East Two Hundred and Thirty-third street, between Webster avenue and the Bronx river, in the Borough of The Bronx, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of The Bronx—14.

## FILING SECTIONAL MAPS EAST OF BRONX RIVER, THE BRONX.

The following report from the Chief Engineer was presented:  
REPORT No. 1725.

JANUARY 25, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On May 29, 1903, the Board of Estimate and Apportionment, after several hearings, adopted what was described as "a general design for a system of streets, avenues, public squares and places, etc.," in that part of the Borough of The Bronx lying east of the Bronx river. This was a general plan without street grades or dimensions. In many cases the widths of the streets were not designated; and the plans were not filed in the offices in which final maps are required to be filed.

On the same date the Board adopted the following resolution:

"Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board in suitable sections and drawn to a larger scale, three similar copies of the adopted general plan of the street system, for certification and filing in the manner required by law, showing as nearly as possible, in a general way, the nature and extent of the proposed changes, amendments, laying out and extending of streets, roads, avenues, squares or places."

In accordance with the authority contained in this resolution, the President of the Borough of The Bronx has prepared and forwarded to the Board eight of these sections, designated as sections 29, 30, 31, 32, 33, 38, 39 and 47, all of which have been certified by the Secretary of the Board and have been filed in the offices of the Corporation Counsel, of the Register of the County of New York, and of the President of the Borough of The Bronx.

The Borough President has also prepared and forwarded six other sections—namely, sections 34, 36, 39, 41, 45 and 49. None of the last-named have been certified for filing, the reason being that while the first eight sections which were filed provided for a street system in accordance with that which was approved by the Board on May 29, it was found that sections 34 and 36 provided for a large addition to the park areas of the Borough of The Bronx, section 34 indicating a large new park including what is known as Seton Falls, while section 36 indicated an extension of Bronx Park by the addition of about 100 acres. Although these two additional park areas were indicated upon the tentative map of May 29, the Board probably did not intend to approve of so substantial an addition to the public parks of the borough, which already comprise 15 per cent. of its entire area.

The consideration of this question has resulted in raising some doubt as to the method of procedure which has thus far been followed, and as to what constitutes a final map. It is therefore suggested that the advice of the Corporation Counsel be asked as to whether it will not be necessary, or at least more prudent, to have each one of these sections submitted to the Board of Estimate and Apportionment for its formal and specific approval before these sectional plans are certified and filed in the offices of record designated in section 442 of the Charter.

The sectional plans referred to show the widths of streets, but they do not give either block dimensions or grades, and it is suggested that the Corporation Counsel be also asked to advise this Board whether such a plan is a final map within the meaning of the Charter, or a map upon which street opening proceedings can be based.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The President of the Borough of The Bronx moved that the communication be referred to the Corporation Counsel for examination and report, which motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

On motion of the Comptroller, the following resolution was adopted:

Resolved, That the President of the Borough of The Bronx be requested and authorized to prepare a new general map or plan for the district east of the Bronx river, which will not show additions to the park area, except what may be necessary to straighten the easterly line of the Bronx Park.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

## LAYING OUT APPROACH TO BRIDGE OVER BRONX RIVER TO WAKEFIELD AVENUE, YONKERS, BOROUGH OF THE BRONX.

The matter of laying out and establishing the grades of an approach to the proposed bridge to Yonkers, which was laid over temporarily, was taken up.

On motion of the Comptroller, the following resolution was adopted:

Resolved, That the map be referred back to the Engineer for the purpose of showing a 50-foot bridge approach instead of a 100-foot approach.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of The Bronx—14.

On motion of the President of the Borough of The Bronx, the following resolutions were adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out and establishing grades of East Two Hundred and Forty-first street (Becker avenue), from the New York and Harlem Railroad to the centre line of the Bronx river, as an approach to the bridge over the Bronx river opposite Wakefield, City of Yonkers, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, more particularly described as follows:

TECHNICAL DESCRIPTION FOR THE LAYING OUT OF A BRIDGE APPROACH WITHIN THE LINES OF EAST TWO HUNDRED AND FORTY-FIRST STREET (OR BECKER AVENUE), BETWEEN THE NEW YORK AND HARLEM RAILROAD AND THE CENTRE LINE OF THE BRONX RIVER, IN THE BOROUGH OF THE BRONX.

## 1. Location of Bridge Approach.

The centre line of the bridge approach to be the prolongation westerly of the centre line of Becker avenue (or East Two Hundred and Forty-first street), as the same is

located on the ground, from White Plains road to First street, the width of the bridge approach to be 50 feet, extending 25 feet on each side of the said prolongation of the centre line of Becker avenue (or East Two Hundred and Forty-first street).

**2. Grades of the Bridge Approach within the Lines of East Two Hundred and Forty-first Street (or Becker Avenue).**

The elevation of the bridge approach at the westerly property line of the New York and Harlem Railroad to be 68 feet above mean high-water datum.

The elevation at the intersection of the northerly line of the said bridge approach with the easterly line of the Bronx river to be 71 feet above mean high-water datum.

Resolved, That the President of the Borough of The Bronx cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn and the President of the Borough of The Bronx—14.

**EASEMENT FOR SEWER IN VANDERVOORT AVENUE, BROOKLYN.**

The following report from the Chief Engineer was presented:

REPORT NO. 1721.

JANUARY 21, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on January 15, 1904, there was referred to the Engineer of the Board a communication from the President of the Borough of Brooklyn, dated January 14, asking that the Comptroller be authorized to acquire whatever rights the present owners may have to the abandoned sewer lying in what was formerly Vandervoort avenue, between Knickerbocker avenue and the Newtown creek canal, and also to acquire an easement permitting the maintenance of this sewer and the construction of a silt basin and outlet between Johnson avenue and the canal. This letter is accompanied by copies of communications from the Superintendent of Sewers and the Chief Engineer of Sewers of the Borough of Brooklyn, and a plan showing the location of the property affected.

The Board of Estimate and Apportionment has already authorized the construction of a system of relief sewers for the Borough of Brooklyn which are designed to prevent the flooding that has so frequently occurred after heavy rain storms and which has involved the City in many suits for damages. The main system of relief sewers was authorized on July 8, 1903, while on July 29 the construction of an additional outlet through Flushing avenue and Porter avenue was authorized; and on July 31, 1903, the acquisition of an easement permitting the building of an outlet for this sewer at the foot of Porter avenue was also authorized.

The entire problem of securing an outlet for these relief sewers has been so fully reviewed in various communications that have been submitted to the Board, that only the briefest possible outline will be here given. More than thirty years ago it was expected that the main outlet for the large Knickerbocker avenue sewer would be located in Vandervoort avenue, through which it would find its way to the Greenpoint section, reaching the East river through Huron street; and that portion of this outlet between Knickerbocker avenue and what was then a tidal creek just north of Johnson avenue was constructed. The general plan was then changed, and the sewer was carried down Knickerbocker and Johnson avenues to find its outlet through the great South Fifth street tunnel sewer. Soon afterward Vandervoort avenue was closed by a special act of the Legislature, and the sewer already built therein seems to have been forgotten until it was discovered during the recent construction of a sewer in Johnson avenue. Upon examination it was found to be in good condition, and available as an outlet for storm water if a connection could be established with the basin at the head of the Newtown creek canal, which had been bulkheaded and otherwise improved by the present owners of the abutting property. Negotiations looking to the acquisition of an easement permitting the building of this outlet were not successful, and as an alternative proposition, the building of the sewer above referred to, through Knickerbocker avenue and Porter avenue, with an outlet in this same basin at the foot of Porter avenue, was authorized on July 31, last.

This plan was never considered entirely satisfactory; the measure of relief which it would furnish would be only a fractional part of that which would be given by the Vandervoort avenue sewer, nearly all of which is already built, and there is required only the right to maintain it and to construct a silt basin and outlet.

Two distinct means of acquiring this right suggest themselves. First, the replacing on the City map of Vandervoort avenue between Knickerbocker avenue and the basin at the head of the canal and acquiring the same as a public street; a street 50 feet in width would be ample to accommodate the sewer, but the laying out and opening of such a street would probably be strongly opposed by the owner of the property through which it would pass, especially if the expense of the opening were assessed wholly or in part upon the adjacent property. Secondly, the acquisition of an easement permitting the maintenance of the sewer already built, and the construction of the necessary basin and outlet.

Inasmuch as time is an important element, it might be desirable to secure this easement by negotiations between the Comptroller and the owner, and it is stated in the letter of the Borough President that the value set upon this easement by the owner is \$30,000. The restrictions that would be imposed upon the City in connection with such an easement, and the precautions which the City might properly take for the protection of its interests, have been carefully considered in the reports already submitted to the Comptroller by Mr. Andrew J. Provost, Jr., of his own engineering staff.

If the Board decides that the saving of time is too important to permit of the laying out and opening of Vandervoort avenue, it is recommended that the Comptroller be authorized to secure, by negotiation with the owner or owners, an easement permitting the use and maintenance of the sewer in Vandervoort avenue already constructed and abandoned, and the construction of a silt basin and outlet at the foot of said avenue; and if this be done it is also recommended that the proceedings initiated on July 29, 1903, for the construction of a sewer in Flushing avenue, between Knickerbocker avenue and Porter avenue, and in Porter avenue, between Flushing avenue and the basin of the Newtown creek canal, and the proceedings initiated on July 31, 1903, for the acquisition of an easement at the foot of Porter avenue, both be discontinued.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Whereas, The President of the Borough of Brooklyn has requested the Board of Estimate and Apportionment to acquire, for the purpose of maintaining an outlet to the relief sewer in Knickerbocker avenue, an easement in certain lands situated in the said Borough of Brooklyn, more particularly described below.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 396 of the Greater New York Charter, hereby directs that The City of New York acquire an easement for the use of the public, for the purpose of constructing said outlet sewer, in the following described lands and premises, viz.:

A strip of land twenty (20) feet in width, lying ten feet on each side of the centre line of what was formerly Vandervoort avenue, and running from the easterly

side of Knickerbocker avenue, just south of Grattan street, to the southerly side of Johnson avenue; and to a strip of land sixty feet in width, following the lines of the old Vandervoort avenue, running from the northerly side of Johnson avenue to the basin at the head of the Newtown creek canal.

Resolved, That the Comptroller be and he hereby is authorized to acquire such easement on behalf of The City of New York, and such rights as the owners of the land may have in the sewer lying within the land covered by said easement.

Resolved, That the entire cost and expense of acquiring the said easement shall be borne and paid by The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Richmond—15.

**CHANGE OF STREET LINES IN TERRITORY BOUNDED BY CONEY ISLAND AVENUE, CHURCH AVENUE AND OCEAN PARKWAY, BROOKLYN.**

The following report from the Chief Engineer was presented:

REPORT NO. 1728.

JANUARY 25, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In February, 1903, the President of the Borough of Brooklyn submitted a resolution of the Local Board of the Flatbush District, providing for closing and discontinuing East Seventh street, between Caton place and Ocean parkway. The Engineer of the Board in reporting upon this resolution called attention to the fact that in the territory bounded by Coney Island avenue, Church avenue and Ocean parkway there was a great deal of confusion in the street plan, and recommended that instead of changing the lines of East Seventh street the entire territory be considered, and a new plan submitted which would do away with the present uncertainty and confusion.

This suggestion was acted upon, and in September of last year a new plan showing the rearrangement of these streets was submitted. A defect was, however, found in the technical description accompanying this plan, to which the attention of the Borough President was drawn. This has now been remedied, and the plan is submitted to the Board for adoption.

Before the adoption of a map of the former Town of Flatbush there was a system of streets in this territory which was ignored in making the new map, a new street plan being superimposed upon the old one with no regard whatever to existing lines and improvements. In some cases buildings have followed the original street lines, and in others the new lines, and it is to remedy this chaotic condition that a general rearrangement of the street plan was proposed. This is now before the Board, and the work has been done in such a manner as to cause the least possible disturbance of existing improvements.

The plan and technical description are herewith submitted, with a recommendation that they be adopted after the public hearing required by the Charter.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of streets in the territory bounded by Coney Island avenue, Church avenue and Ocean parkway, in the Borough of Brooklyn, City of New York, more particularly described as follows:

**A—Locating and Laying Out.**

1. Montgomery street, from Coney Island avenue to East Seventh street; Montgomery street to be 50 feet wide, and to agree with the street as at present in use.

2. Johnson street, from Coney Island avenue to Ocean parkway; Johnson street to be 60 feet wide, and to agree with the street as in use at present, from Coney Island avenue to Bowne street; thence to be prolonged westerly in a straight line to Ocean parkway.

3. Henry street, from East Eighth street to Ocean parkway; Henry street to be 50 feet wide, and to agree with the street as in use, from East Eighth street to Bowne street; thence to be prolonged westerly in a straight line to Ocean parkway.

4. Caton place, from Coney Island avenue to Ocean parkway; Caton place to be 70 feet wide, and to agree with the street as in use.

5. East Eighth street, from Church lane to Johnson street, and from Johnson street to north line of former Caton avenue; East Eighth street to be 50 feet wide, and to agree with the street as in use.

**B—Striking from the Map of the City.**

East Seventh street, from Henry street to Ocean parkway; East Eighth street, from Church lane to Caton avenue; Caton avenue, from Coney Island avenue to Ocean parkway.

The lines of these streets to be taken from the City map as indicated on the accompanying map.

Resolved, That the President of the Borough of Brooklyn cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

**ACQUIRING FRAUNCES TAVERN, MANHATTAN.**

The following report from the Chief Engineer was presented:

REPORT NO. 1726.

JANUARY 25, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Board of Estimate and Apportionment, at its meeting held on January 15, 1904, instructed the Engineer of the Board to prepare a plan showing a change in the public park including Fraunces Tavern, which was placed upon the map of the Borough of Manhattan on December 19, 1902, and comprising the westerly half of the block bounded by Water, Broad and Pearl streets and Coenties slip. This change was to consist in showing only the lot occupied by Fraunces Tavern as a public park, and removing from the map of the City the additional area placed thereon as a park by the resolution of December 19, 1902.

In accordance with these instructions I beg to submit herewith a plan and technical description indicating the change suggested, for such action as the Board may decide to take.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing so much of the public park in the block bounded by Water, Broad and Pearl streets and Coenties slip as is not occupied by the building known as Fraunces Tavern, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point on the northerly side of Water street 102.28 feet westerly from the intersection of the northerly line of Water street with the westerly line of Coenties slip; running thence westerly along the northerly side of Water street for a distance of 131.75 feet to the intersection of the northerly line of Water street with the easterly line of Broad street; running thence northerly along the easterly side of Broad street 71.64 feet more or less to the southerly side of the lot occupied by Fraunces Tavern; running thence easterly along the southerly side of the said Fraunces Tavern 37.25 feet more or less; running thence northerly along the said Fraunces Tavern 3.7 feet more or less; running thence easterly along the southerly side of the said Fraunces Tavern 26.08 feet more or less to the southeasterly corner of the said Fraunces Tavern; running thence northerly along the easterly side of the said Fraunces Tavern 37.42 feet more or less to the southerly side of Pearl street; running thence easterly along the southerly side of Pearl street 57.5 feet more or less to a point on the southerly side of Pearl street distant 102.94 feet westerly from the intersection of the southerly side of Pearl street with the westerly side of Coenties slip; running thence southerly a distance of 108.05 feet to the point or place of beginning.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

#### CHANGE OF LINES OF JAY STREET, RICHMOND.

The following communication from the President of the Borough of Richmond and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF RICHMOND,  
NEW BRIGHTON, N. Y., October 29, 1903

Board of Estimate and Apportionment, City Hall, New York City:

GENTLEMEN—It was found in the development of the track system of the Staten Island Rapid Transit Railroad Company that the main east-bound track would overrun the point of intersection of the proposed new easterly lines of Jay street and Richmond terrace, as adopted on the map filed with you some months ago for the widening of Jay street, and other ferry approach streets at St. George.

As the absolute location of the line at this point is of very little moment, we agreed in conference with the railroad company to recommend a slight modification by connecting Jay street with Richmond terrace by means of a curve instead of the intersection of the street lines. This would place the easterly new line of the streets as widened a sufficient distance to the west of the tracks so as not to interfere with their development. At the point in question the property of the railroad company is so narrow that the City's taking the portion referred to would be a very serious matter.

I have therefore caused to be prepared the accompanying map, which I submit herewith, one tracing and three prints. This has been prepared so as to show the property to be abandoned and the property to be taken, as compared with the originally adopted map, and was prepared in consultation with the Chief Engineer of the Board of Estimate and the Bureau of Street Openings.

I would suggest, therefore, the adoption by the Board of this map, and that the Board direct the Corporation Counsel to take such steps as may be necessary for the acquisition of properties at the point in question based on the new map rather than on the one as filed.

Yours respectfully,  
GEORGE CROMWELL, President of the Borough.

REPORT No. 1676.

JANUARY 23, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The President of the Borough of Richmond, with the accompanying letter dated October 29, 1903, presents a plan showing a slight change in the lines of Jay street, between Hamilton avenue and Stuyvesant place.

The change consists simply in substituting curves for an intersection of straight lines at the deflection in Jay street where it becomes Richmond terrace.

On April 17, 1903, the Board of Estimate and Apportionment, after a public hearing, adopted a plan laying out adequate approaches to the ferry terminal at St. George. In this action the Board of Aldermen subsequently concurred.

The reason for the proposed change is to avoid interference with the plans for development of the Staten Island Rapid Transit Company, and, inasmuch as the change improves the alignment of the street, the adoption of the plan herewith submitted is recommended, after a public hearing as required by the Charter.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the lines of Jay street, between Hamilton avenue and Stuyvesant place, First Ward, in the Borough of Richmond, City of New York, more particularly described as follows:

#### Additional Property Included in the Layout of Jay Street.

Beginning at a point on the westerly line of Jay street, 111.21 feet northerly from the intersection of the above line with the northerly line of Hamilton avenue.

1. Thence northerly along the first-mentioned line for 64.08 feet.
2. Thence northwesterly, deflecting 32 degrees, 27 minutes and 14 seconds to the left for 64.08 feet.
3. Thence southeasterly, curving right, on the arc of a circle of 220.17 feet radius, and tangent to both above-mentioned courses, for 124.71 feet to the point of beginning.

#### Property to be Abandoned in the Layout of Jay Street.

Beginning at a point on the westerly line of Jay street, 111.21 feet northerly from the intersection of the above line with the easterly prolongation of the northerly line of Hamilton avenue.

1. Thence northerly along the first-mentioned line for 93.18 feet.
2. Thence northwesterly, deflecting 32 degrees, 27 minutes and 14 seconds to the left for 93.18 feet.
3. Thence southeasterly, curving to the right, on the arc of a circle of 320.17 feet radius, and tangent to both above-mentioned courses, for 181.35 feet to the point of beginning.

Resolved, That the President of the Borough of Richmond cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof;

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 26th day of February, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 26th day of February, 1904.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The following communication from the Secretary to the President of the Borough of Queens, and report of the Chief Engineer, were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS,  
LONG ISLAND CITY, January 15, 1904.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—The map or plan of drainage in Sewerage District No. 9, Third Ward (formerly Town of Flushing), Borough of Queens, which was recommended by Mr. Lewis, and placed on the Calendar for a meeting in October last (1903), was not at that time passed.

Will you kindly have this placed on the Calendar for the next meeting of the Board of Estimate and Apportionment, and have same passed, and oblige

Yours respectfully,

GEORGE S. JERVIS, Secretary.

REPORT No. 1722.

JANUARY 21, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In the accompanying letter, dated January 15, 1904, the Secretary to the President of the Borough of Queens asks that the drainage plan for Sewerage District No. 9 of the Third Ward (formerly the town of Flushing), Borough of Queens, which was submitted to the Board of Estimate and Apportionment last year for its approval, be considered by the present Board and approved.

On October 6, 1903, a report was submitted upon this plan, and the matter was placed upon the calendar of the Board for November 13 following, but consideration of it was not reached. Inasmuch as this plan did not originate in a Local Board, but was prepared by the President of the Borough of Queens as a duty imposed upon him by section 444 of the Charter, it is recommended that the plan with the report already submitted be taken up by the Board for consideration at the present time.

In the report of reference attention was called to the difficulties presented in providing an effective and economical drainage plan for the centres of population in the Borough of Queens, especially if a combined system providing for both house drainage and surface water were to be adopted.

While urging careful consideration of the feasibility of using a separate system for these districts, the approval of the plan was suggested in order that the development of this section be no longer retarded for lack of sewerage.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, By the Board of Estimate and Apportionment, in pursuance of the provisions of section 444 of the Greater New York Charter, that the map submitted by the President of the Borough of Queens, showing a drainage plan for Sewerage District No. 9 of the Third Ward (formerly the Town of Flushing), Borough of Queens, be and the same hereby is approved.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The following communication from the Secretary to the President of the Borough of Manhattan and report of the Chief Engineer, were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,  
CITY HALL, January 22, 1904.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—There is sent you herewith plan showing amendments to Sewerage Districts Nos. "3 BM," "10 EX," "11 DT," "12 DN" and "26 O," as follows:

- Sewerage District No. "3 BM," sewer in West Fifteenth street, between Ninth and Tenth avenues;
- Sewerage District No. "10 EX," sewers in Second avenue, east and west sides, between One Hundred and Ninth and One Hundred and Tenth streets, with alteration and improvement to curves at southeast and southwest corners of One Hundred and Tenth street and Second avenue.
- Sewerage District No. "11 DT," receiving basin at the intersection of Avenue St. Nicholas and St. Nicholas place;
- Sewerage District No. "11 DT," receiving basin at the intersection of Avenue St. Nicholas and Edgecombe avenue.
- Sewerage District No. "12 DN," receiving basin on the southeast corner of One Hundred and Twenty-Sixth street and Columbus avenue;
- Sewerage District No. "26 O," sewers in Academy and Hawthorne streets, between Broadway and Seaman avenue; in Emerson street, between Cooper street and

Seaman avenue, and in Cooper street, between Academy and Isham streets, —for approval by the Board of Estimate and Apportionment.

Yours truly,

BERNARD DOWNING, Secretary.

REPORT No. 1727.

JANUARY 25, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of January 22, 1904, the President of the Borough of Manhattan, through his Secretary, has submitted for approval by the Board of Estimate and Apportionment, a plan showing amendments to the following-named sewerage districts:

"3 BM," providing for a sewer in West Fifteenth street, between Ninth and Tenth avenues.

"10 EX," providing for sewers in Second avenue, between One Hundred and Ninth and One Hundred and Tenth streets.

"11 DT," providing for a basin in Avenue St. Nicholas and St. Nicholas place, and at Avenue St. Nicholas and Edgecombe avenue.

"12 DN," providing for a basin in West One Hundred and Twenty-sixth street and Columbus avenue.

"26 O," providing for sewers in Academy and Hawthorne streets, from Broadway to Seaman avenue; in Emerson street, between Cooper street and Seaman avenue, and in Cooper street, between Academy and Isham streets.

On December 11, 1903, the Board authorized the construction of the sewer in West Fifteenth street; and on December 29, 1903, it authorized the building of the sewers in Academy, Hawthorne, Emerson and Cooper streets.

The plans all consist in the addition of sewers or basins not provided for in the original drainage plan of the City, the necessity for which has arisen.

Approval of the plan submitted by the Borough President is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 445 of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Manhattan, showing amendments to Sewerage Districts "3 BM," "10 EX," "11 DT," "12 DN" and "26 O," in the Borough of Manhattan.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The following communication from the Secretary to the President of the Borough of Brooklyn and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, September 11, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, New York City:

DEAR SIR—I am directed by the President of the Borough to transmit to you herewith five copies of Map T, Drainage District No. 40, in Thirty-ninth street, from Sixteenth avenue to New Utrecht avenue.

Yours respectfully,

JUSTIN MCCARTHY, JR., Secretary.

REPORT No. 1580.

JANUARY 23, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying communication from the Secretary to the President of the Borough of Brooklyn, bearing date September 11, 1903, transmits a map providing for an amendment to Map T, Drainage District No. 40, of the Borough of Brooklyn.

The change proposed consists of the substitution of a single sewer in Thirty-ninth street, between New Utrecht and Sixteenth avenues, for the double sewer provided under the existing map. This street has a width of 80 feet, and in my judgment the change proposed is a desirable one.

The approval of the map is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 445 of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Brooklyn, showing a change of Map T, Drainage District No. 40, in the Borough of Brooklyn, and dated September 9, 1903.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens, and the President of the Borough of Richmond—16.

The following communication from the Secretary to the President of the Borough of Brooklyn and report of the Chief Engineer, were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, September 11, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, New York City:

DEAR SIR—I am directed by the President of the Borough to transmit to you herewith five copies of Map S, Drainage District No. 39, in Crescent street, between Liberty and Glenmore avenues.

Yours respectfully,

JUSTIN MCCARTHY, JR., Secretary.

REPORT No. 1579.

JANUARY 23, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying communication from the Secretary to the President of the Borough of Brooklyn, dated September 11, 1903, transmits a map amending Map S, District 39, of the drainage map of the Borough of Brooklyn.

The change proposed consists of the provision of a sewer for Crescent street, between Liberty and Conduit avenues, where a sewer has not heretofore been mapped.

The approval of this map is hereby recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, by the Board of Estimate and Apportionment, in pursuance of the provisions of section 445 of the Greater New York Charter, That the map submitted by the President of the Borough of Brooklyn, showing change of Map S, District No. 39, of the drainage map of the Borough of Brooklyn, and dated September 9, 1903, be and the same hereby is approved.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens, and the President of the Borough of Richmond—16.

The following communications were placed on file:

JANUARY 15, 1904.

Hon. GEORGE B. McCLELLAN, Mayor:

DEAR SIR—I am the owner of property on the line of the proposed street which is to be extended from the Bowery to Elm street between Broome and Spring streets for the extension of Delancey street for the Williamsburg Bridge. I am informed that a route has been already selected, but as yet not confirmed. There are all kinds of rumors, one of which is that another route on the one side of Spring street will be selected instead of the one already proposed. The reason I call your attention to the subject is that all the good tenants are moving from the houses in the vicinity on account of the uncertainty of where the street is to be located. Since the present route has been selected there has been a large factory burned down on Elizabeth street which will be a saving to the City of fifty thousand dollars on building and machinery. I would respectfully request that some definite action be taken at once in order to remove the uncertainties of all the property owners.

Respectfully Yours,

FRANCIS HIGGINS,  
No. 19, William Street.

NEW YORK, January 22, 1904.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

SIR—I beg to inform you that his Honor the Mayor has returned to this office the resolution adopted by the Board of Estimate and Apportionment on December 29, 1903, and approved by him on the same date, changing the map or plan of The City of New York so as to close and discontinue Hawthorne street, between Kingston avenue and Albany avenue, in the Borough of Brooklyn.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

The Board then took up the consideration of financial matters.

J. W. STEVENSON, Secretary.

Attest:

JOHN H. MOONEY, Assistant Secretary.

## BOARD OF ELECTIONS.

Meeting of the Board of Elections, held Wednesday, January 20, 1904, at 12 o'clock noon.

Present—Commissioners Voorhis, Page and Fuller.

The minutes of the meeting of the Board held on the 13th instant were read and approved.

The following communications were received and disposed of as stated, viz.:

From John F. O'Brien, Secretary of State—Transmitting, pursuant to section 5, chapter 909, Laws of 1896, as amended, a notice, dated the 16th instant, of the proclamation made by the Governor directing that a special election be held on Tuesday, February 23, 1904, for the purpose of filling the vacancy in the office of Representative in the Fifty-eighth Congress of the United States for the Twelfth Congressional District of the State of New York, caused by the resignation of George B. McClellan. On motion, the aforesaid notice was received and filed, and the Secretary of the Board directed to notify the Chief Clerk of the Branch Office of the Board for the Borough of Manhattan to make all necessary arrangements for a compliance with the requirements of said proclamation.

From John J. Murphy, Secretary, Citizens Union of The City of New York, dated the 13th instant—Stating, in reply to a communication from the Board, under date of the 12th instant, to the Hon. R. Fulton Cutting, chairman of said body, that the charges preferred by him (Murphy) in a communication to the Board, under date of November 20, 1903, against the election officers of the Thirteenth and Fourteenth Election Districts of the Twelfth Assembly District, New York County, were based on information since discovered to be erroneous, and requesting leave to withdraw the same; and further asking to be informed of the decision of the Board in relation to the charges preferred by him against the Election Officers of the Twenty-first and Thirty-first Election Districts of the Nineteenth Assembly District, New York County, which were heard on December 2, 1903, the Board reserving decision. On motion, said communication was laid on the table until the next meeting of the Board.

From the Chief Clerk of the Queens Borough Office, dated the 18th instant—Calling the attention of the Board to the fact that the Board of Inspectors for the Twentieth Election District, First Assembly District, Queens, are under arrest, charged with making a fraudulent canvass of the ballots voted in said Election District at the last general election. Referred to the Chief Clerk of the Board for investigation and to take such action thereupon as his findings shall warrant.

From Thomas F. Smith, Secretary, Democratic-Republican General Committee of the County of New York; David I. Hogan, Clerk to the Democratic General Committee of Kings County; J. E. Smith, Secretary, Kings County Republican General Committee; Joseph Cassidy, Chairman, Democratic General Committee, Queens County, and J. W. Bennett, Chairman, Republican General Committee, Queens County, dated the 10th, 9th and 9th instant and the 31st and 31st ultimo, respectively—Receipts for duplicate copies of primary enrollment books for 1904. Filed.

The President reported that the following proposals for furnishing stationery supplies, etc., for use at the special election for Representative in Congress for the Twelfth Congressional District, to be held on the 23d proximo, were received, viz.:

From William Bratter & Co., Nos. 34 to 40 Rose street, Manhattan Borough, five hundred and forty dollars (\$540).

From the J. W. Pratt Company, Nos. 52 to 58 Duane street, Manhattan Borough, five hundred and twenty-one dollars (\$521).

From W. P. Mitchell & Sons, No. 39 Beekman street, Manhattan Borough, three hundred and seventy dollars (\$370), and

From the Martin B. Brown Company, Nos. 49 to 57 Park place, Manhattan Borough, two hundred and seventy-four dollars (\$274).

A communication was received from the Freytag Printing Company, Nos. 118-126 Walker street, Manhattan Borough, declining to submit a proposal for furnishing said supplies.

On motion, the proposal of the Martin B. Brown Company was accepted.

The following resolutions were adopted, viz.:

Resolved, That, subject to revocation at the pleasure of the Board, a vacation or leave of absence for two consecutive weeks during the ensuing year be granted to each employee of the Board of Elections, the same to be taken prior to the close of the year, and at such time and in such order of rotation as shall be approved by the Chief Clerk of the Board or the Chief Clerks of the boroughs to which such employees are assigned, provided, however, that where an employee has not been in the service of the Board for a period greater than six months past, such vacation shall be for one week only, and further provided, that the number of absentees shall at no time exceed one-third of the employees assigned to duty in the Board or Borough offices, respectively.

Resolved, That the compensation of the following named Clerks, to wit: Thomas W. Nelson, Charles H. Pease and George B. England, be and hereby is fixed and determined to be, until otherwise ordered, at the rate of \$1,200 per annum, the same to take effect on and after January 1, 1904; also

Resolved, That the compensation of Edward De Bevoise, Clerk, be and hereby is fixed and determined, until otherwise ordered, at the rate of \$1,000 per annum, the same to take effect on and after January 1, 1904.

Resolved, That the compensation to be paid for the rent of polling places required for the special election to be held on February 23, 1904, for a Representative in Congress in the Twelfth Congressional District, in The City of New York, be and hereby is fixed at \$5 per day for the day of registration, February 13, 1904, and \$20 for the day of election, February 23, 1904, for each polling place designated and used for such purpose.

The Board then adjourned.

CHARLES B. PAGE, Secretary.

## No. 24.

Resolved, That, for the purpose of defraying minor incidental expenses contingent to the office of the Commissioners of Accounts, said Commissioners of Accounts may, by a requisition, draw upon the Comptroller for a sum not exceeding three hundred dollars. The Commissioners of Accounts may, in like manner, renew the draft as often as they may deem necessary, to the extent of the appropriation set apart for "Contingencies" in the office of the Commissioners of Accounts, but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the Commissioners of Accounts, covering the expenditure of money paid thereon.  
 Adopted by the Board of Aldermen January 26, 1904.  
 Approved by the Mayor February 3, 1904.

## No. 25.

Whereas, The Department of Public Charities has emergent need of certain supplies for the general use of the Department to last until bids are advertised and sureties approved by the Comptroller, in accordance with the provisions of section 419 of the Charter,

Resolved, That the Commissioner of Public Charities is hereby authorized in this emergency to purchase immediately in the open market, without public letting, supplies of flour, butter, eggs, vegetables, fruits and horse feed, to the amount not to exceed five thousand dollars (\$5,000), to be charged to the Contingent Account of the said Department of Public Charities.

Adopted by the Board of Aldermen January 26, 1904.  
 Approved by the Mayor February 3, 1904.

## No. 26.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and twenty thousand dollars (\$120,000) to provide means for completing the extension, alterations, improvements and furnishing of the public building in the County of Kings, known as the Hall of Records, as contemplated by chapter 647 of the Laws of 1900.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following preambles and resolution adopted by the Board of Estimate and Apportionment January 8, 1904, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Whereas, The Board of Estimate and Apportionment on December 4, 1903, adopted a resolution, subject to the concurrence of the Board of Aldermen, authorizing the issue of Corporate Stock to an amount not exceeding one hundred and twenty thousand dollars (\$120,000) to provide means for completing the extension, alterations, improvements and furnishing of the public building in the County of Kings, known as the Hall of Records; and

Whereas, The Board of Aldermen failed to take action thereon before the expiration of the term of office of the old Board of Aldermen; therefore be it

## FINANCE DEPARTMENT.

### NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTIONS 10 AND 11.

WEST FARMS ROAD—SEWER, between Edgewater road and East One Hundred and Sixty-seventh street, and in BRYANT STREET—SEWER, from Home street to West Farms road. Area of assessment: Both sides of West Farms road, from Edgewater road to East One Hundred and Sixty-seventh street; both sides of Bryant street, from Home street to East One Hundred and Sixty-seventh street; both sides of Boone street, from West Farms road to Freeman street, that the same was confirmed by the Board of Assessors on January 28, 1904, and entered on January 29, 1904, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before March 29, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

### NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the enter-

ing in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following named avenue in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTIONS 11 AND 12.

VALENTINE AVENUE—OPENING, from the junction of East One Hundred and Ninety-fourth street and Kingsbridge road to East One Hundred and Ninety-eighth street (Traverse street); confirmed October 29, 1903; entered January 29, 1904. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of a line parallel to and distant 100 feet southerly from the southerly line of Fordham road with a line parallel to and distant 100 feet westerly from the westerly line of Valentine avenue; running thence northerly along last mentioned parallel line to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of Kingsbridge road; thence still northerly along said parallel line to its intersection with the easterly line of the Grand Boulevard and Concourse; thence still northerly along said line of the Grand Boulevard and Concourse to its intersection with the centre line of the block between East One Hundred and Ninety-eighth street and East One Hundred and Ninety-ninth street; thence easterly along said centre line to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of Valentine avenue; thence northerly along said parallel line to its intersection with a line parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Ninety-ninth street; thence easterly along said parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Valentine avenue; thence southerly along said parallel line to its intersection with the centre line of the block between East One Hundred and Ninety-eighth street and East One Hundred and Ninety-ninth street; thence easterly along said centre line to its intersection with the southerly prolongation of a line parallel to and distant 100 feet southerly from the southerly line of Valentine avenue; thence southerly along said southerly prolongation and parallel line to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of Fordham road; thence westerly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date herein before given in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 A. M. and 2 P. M.; and on Saturdays from 9 A. M. to 12 M., and all payments made thereon on or before March 29, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

### CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on

THURSDAY, FEBRUARY 11, 1904,

at 12 o'clock M., at the Brooklyn Real Estate Exchange (Limited), No. 189 Montague street, Borough of Brooklyn, City of New York, certain premises situated in the Borough of Brooklyn, and described as follows:

All that certain piece or parcel of land situate on the southeasterly corner of Avenue U and Ocean avenue, in the Thirty-first Ward of the Borough of Brooklyn, beginning at the point of intersection of the easterly side of Ocean avenue with the southerly side of Avenue U; running thence southerly along the easterly side of Ocean avenue 14.90 feet; thence easterly at right angles to Ocean avenue 177.57 feet; thence northwesterly 15.75 feet to the southerly side of Avenue U; thence westerly along the southerly side of Avenue U 172.35 feet to the point or place of beginning being a portion of the premises which were conveyed to the Trustees of School District No. 2 of the Town of Gravesend by Lucas J. Voorhees, by deed recorded in the Register's Office of the County of Kings, in Liber 1336 of Conveyances, page 78.

The minimum or upset price at which the said premises can be sold is fixed and determined by the Commissioners of the Sinking Fund, at the sum of Seven Hundred Dollars (\$700). The sale of said premises, to be made upon the following

TERMS AND CONDITIONS OF SALE.

The highest bidder for said parcel will be required to pay twenty-five per cent. of the amount of his bid or purchase money and the auctioneer's fee of \$25 at the time of sale, and the remaining seventy-five per cent. upon the delivery of the deed, which is to be a bargain and sale deed. The deed for the premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency resulting from such resale.

The Comptroller reserves the right to reject any and all bids which are not for the best interests of the City. The map of the property to be sold may be seen upon application at the Comptroller's Office, Room 157, No. 280 Broadway, Borough of Manhattan, City of New York.

By order of the Commissioners of the Sinking Fund, under resolution adopted January 20, 1904.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of acquiring title, wherever the same has not been heretofore acquired, to EXTERIOR STREET (although not yet named by proper authority), from East One Hundred and Thirty-fifth street to Girard avenue at Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York, by excluding from said proceeding certain property not required for said street.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1904, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending the proceeding entitled "In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to Exterior street, from East One Hundred and Thirty-fifth street to Girard avenue at Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York," and the petition and order appointing Commissioners of Estimate and Assessment therein, heretofore duly entered and filed in the office of the Clerk of the County of New York, in the Borough of Manhattan, City of New York, on the 8th day of May, 1899, by excluding therefrom certain property not required for said street, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the western line of Exterior street (as now being acquired) distant 51.67 feet southerly from the intersection of said line with the southern line of East One Hundred and Thirty-eighth street as legally opened;  
1st. Thence easterly parallel with the southern line of East One Hundred and Thirty-eighth street for 20.67 feet;  
2d. Thence southerly deflecting 75 degrees 24 minutes to the right for 743.30 feet;  
3d. Thence northwesterly deflecting 135 degrees 8 minutes 30 seconds to the right for 54.05 feet;  
4th. Thence southwesterly deflecting 73 degrees 34 minutes to the left for 21.81 feet;  
5th. Thence southwesterly deflecting 1 degree 49 minutes 20 seconds to the right for 53.16 feet;  
6th. Thence southwesterly deflecting 2 degrees 10 minutes 40 seconds to the right for 8.22 feet to the pierhead and bulkhead-line of the Harlem river;  
7th. Thence northerly along said line deflecting 104 degrees 36 minutes 5 seconds to the right for 77.15 feet;  
8th. Thence northerly still along said line deflecting 0 degrees 57 minutes 28 seconds to the left for 62.85 feet;  
9th. Thence easterly deflecting 90 degrees to the right for 119.35 feet;  
10th. Thence northerly deflecting 79 degrees 13 minutes 7 seconds to the left for 587.71 feet to the point of beginning.

The land excluded from Exterior street is shown on a map entitled "Map or plan showing change of lines of Exterior street, between East One Hundred and Thirty-eighth street and East One Hundred and Thirty-fifth street, and change of grades of East One Hundred and Thirty-fifth street and Exterior street, between Park avenue and Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901," which was filed in the office of the President of the Borough of The Bronx, in the office of the Counsel to the Corporation of The City of New York, and in the office of the Register of the City and County of New York on or about the 6th day of October, 1903.

Dated New York, February 4, 1904.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WESTCHESTER AVENUE (although not yet named by proper authority), from the Bronx river to Main street, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 31st day of December, 1901, and duly entered in the office of the Clerk of the County of Kings, at his office in the Borough of Brooklyn, in The City of New York, on the 6th day of January, 1902, and in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 17th day of January, 1902, and in the office of the Clerk of the County of Westchester at his office at White Plains, Westchester County, in the State of New York, on the 17th day of January, 1902, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, No. 172, Annexed Territory, Commissioners of Estimate and Assessment, for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue,

the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of January, 1902, in the office of the Clerk of the County of Kings on the 6th day of January, 1902, and in the office of the Clerk of the County of Westchester on the 17th day of January, 1902, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

Notice is hereby further given that by an order of the Supreme Court, duly filed and entered in the office of the Clerk of the County of Westchester on January 6, 1904; in the office of the Clerk of the County of Kings on January 6, 1904, and in the office of the Clerk of the County of New York on January 7, 1904, and a copy of which order was filed in the office of the Register of the County of New York on the 7th day of January, 1904, the above-entitled proceeding was duly and regularly amended by excluding therefrom the property not required for the opening of said street and by including therein certain additional pieces of land, which, together with the lands to be excluded, are more particularly described and bounded in the petition attached to said order.

All parties and persons interested in the real estate taken or to be taken under this order for the purpose of acquiring said street or avenue or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned, Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 99 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 3d day of March, 1904, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at said time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owners or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, February 3, 1904.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS. The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
