Department of Public Charities, June 15.

On the recommendation of the President, to whom the matter had been referred at the meeting of May 27, the request of Frank Mullin, Inspector of Regulating, Grading and Paving in the office of the President of the Borough of Richmond, that the date of his original appointment appearing on the records of the Commission be changed from January 1, 1898, to July 30, 1897, was denied, owing to the absence of satisfactory proof.

On the recommendation of the President, to whom the matter had been referred at a previous meeting, the request of Donald C. McCune, of No. 66 West One Hundred and Fourth street, that his name be restored to the eligible list of Fireman, was granted.

The following requests for restoration to the eligible lists indicated were granted:

John L. Stroub, No. 206 West One Hundred and Twentieth street, Topographical Draughtsman, \$1,200. Declined appointment at that salary, for which list was established, in the office of the President of the Borough of Queens on September 16, 1907, for the reason that he was then receiving \$1,500 in the office of the President of the Borough of The Bronx.

Thomas B. McGuire, No. 22 Hubbard place, Brooklyn, Inspector of Masonry (preferred). Declined appointment at \$4.50 per diem in the Board of Water Supply on May 22 on the score of "insufficient compensation" through a misapprehension.

Paul Micelli, No. 50 Lent street, Corona, Long Island, Clerk, first grade. Declined appointment in the Department of Health in April owing to "temporary inability." Would now be willing to accept.

Foster L. Moore, No. 1714 Bathgate avenue, Janitor Engineer. Declined appointment in Bellevue and Allied Hospitals on May 24 on account of illness. (Doctor's certificate.)

In the absence of the required proof that the candidate had attained the minimum age fixed for that position, the application of Eliza Waters, No. 66 Windsor place, Brooklyn, for the position of Stenographer and Typewriter, was rejected.

The request of Harry Bortin, No. 513 Myrtle avenue, Brooklyn, that the Commission reconsider its action in declining to restore his name to the eligible list of Topographical Draughtsman, \$1,200, was denied.

The request of William J. Maloney, No. 265 Woodbine street, Brooklyn, that his name be restored to the list of Clerk, second grade, was denied for laches.

The request of Elizabeth H. Arnold, No. 111 Fort Greene place, Brooklyn, that her application for Stenographer and Typewriter be accepted, was denied, the receipt of applications for that position having closed.

The request of Michael McNally, No. 874 Sixth avenue, Manhattan, that he be permitted to correct the dates of birth and of citizenship set forth in his application for Attendant (male), filed in October, 1906, to correspond with the dates given in his certificates of birth and naturalization, was granted.

The request of Harry Theiss, No. 49 West Sixty-third street, Manhattan, that his application for Sergeant on Aqueduct be accepted, was denied, he being less than the minimum age fixed for that position.

The request of Mary E. Driscoll, No. 676 Union avenue, The Bronx, applicant for Stenographer and Typewriter, that the requirement of citizenship be waived in her case, was denied for the reason that she had resided in the United States for but one year.

The applications of the following named persons for Stenographer and Typewriter were rejected for the reason that they had not attained the minimum age fixed for that position:

Bertha Lesser, No. 364 St. Nicholas avenue.

Lillian C. Dunne, No. 183 East Ninety-fifth street.

The application of Elizabeth C. Payton, No. 55 St. Marys street, Yonkers, for the position of Stenographer and Typewriter, containing the certificates of two non-residents of The City of New York, was accepted.

On motion, it was

Resolved, That the requirement of citizenship be and the same hereby is waived in the case of Amelia Aarons, of No. 11 West One Hundred and Fifteenth street, and her application for Stenographer and Typewriter is hereby accepted; it appearing from an affidavit of the candidate that she had been a resident of the United States for a period of twenty-five years.

The Secretary presented for reconsideration the application of Helen C. Merkel, No. 24 Morton street, Manhattan, for the position of Stenographer and Typewriter, which had been returned to the candidate for the reason that it had appeared from the date of birth given in same (July 17, 1890) that she was less than the minimum age of eighteen. In connection with her application the candidate submitted a certificate, giving the date of her baptism as November 10, 1889. The Secretary was instructed to direct the candidate to submit an affidavit explaining the discrepancy between the two dates.

On motion, it was

Resolved, That the requirement of citizenship be and the same hereby is waived in the case of Bertha Weiss, No. 795 East One Hundred and Sixtieth street, The Bronx, and her application for Stenographer and Typewriter is hereby accepted, it appearing from an affidavit of the candidate that she has been a resident of the United States for a period of eighteen years.

The application of Alfred H. Kuntze, No. 376 East One Hundred and Forty-third street, The Bronx, for the position of Court Attendant, was accepted, it appearing from his affidavit that he had been a resident of the United States for a period of twenty-three years; that his father had been naturalized while he was a minor, and that he had voted under his father's papers; that he had endeavored to procure a copy of the same, but had been unable to do so.

The application of James S. McCabe, Kitchawan, New York, for Sergeant on Aqueduct, was rejected for the reason that it had not been received until after the closing date for the receipt of such applications.

The application of John J. McKenna, No. 424 West Fifty-seventh street, for the position of Court Attendant, was rejected for unsatisfactory character, pursuant to the provisions of paragraph 14 of Rule VII.

The Commission then adjourned to meet Wednesday, June 24, 1908, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

The Secretary presented the following communication from the Interborough Rapid Transit Company:

NEW YORK, December 6, 1907.

Mr. W. R. WILLCOX, Chairman, Public Service Commission, 154 Nassau Street, City: DEAR SIR—Schedules being prepared for the operation of trains to Borough Hall, Brooklyn, have developed that the most satisfactory service can be given by the following arrangements:

1st. Operate all of the West Farms express trains through to Borough Hall, Brooklyn.

2nd. Operate all Broadway express trains around the South Ferry loop as at present.

3rd. After midnight, when express trains are withdrawn, operate West Farms local trains through to Borough Hall station, Brooklyn.

4th. After midnight, when express trains are withdrawn, operate all Broadway local trains around the South Ferry loop.

In order to install this character of service, it becomes necessary to close the City Hall loop station for local trains from about midnight until about 7 A. M. A careful count has been made to ascertain the number of people who exit from the City Hall station between 12 o'clock midnight and 7 A. M., and we found that there were only about 17 people per hour leaving the trains at this station during the time mentioned; so it is very evident that very little inconvenience will be experienced on the part of any one by discontinuing the train service at City Hall station during the hours named, the distance not being great from that station to the Brooklyn Bridge station.

The character of service here outlined will permit us to operate trains so that all of them will stop at the Bowling Green station, north and south bound, in both directions.

The schedule for the West Farms express trains during rush hours to Borough Hall, Brooklyn, will be on a three minute headway.

The schedule for the Broadway express trains during rush hours under this schedule will be on a four and one-half minute headway.

Proper notice will be given you of the date upon which we will ask permission to open up that portion of Contract No. 2 to Borough Hall, Brooklyn, which we trust will be inside of thirty days.

In the meantime we would like approval of the plan here outlined for a discontinuance of local trains around the City Hall loop between the hours of midnight and 7 A. M., in order that our schedules may be properly prepared and tried out before opening.

Yours truly,
(Signed) E. P. BRYAN, President.

The Secretary then presented an opinion from the Counsel in regard thereto, stating that there was nothing in the contract for the operation of cars on the Brooklyn-Manhattan Subway which placed the Commission under any obligation to pass upon schedules of trains prior to the opening of the road, and quoting sections from the Rapid Transit Act in support of such opinion. The opinion of Counsel further stated that the provisions of the contract required the stopping of trains at all stations, and that the operating company therefore could not free itself from this obligation without the consent of the Commission. It was thereupon, on motion, duly seconded,

Resolved, That permission be granted the Interborough Rapid Transit Company to operate local trains on the Brooklyn-Manhattan subway between midnight and 7:00 A. M. without stopping at the City Hall station.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie, Eustis.
