On motion, this matter was referred to the Chief Engineer for report.

Real Estate, Northern Aqueduct, Section 1.

Opinion 980, June 2, 1910 (14489), stated that H. T. Dykman, Special Counsel, recommends, in order to reduce the damages to Parcel 40, that the open cut at the point where the right-of-way from the icehouse to Locust avenue intersects the same should be temporarily bridged in such a manner that the owner may carry ice across the cut in order to reach Peekskill. The Corporation Counsel approves the recommendation of Mr. Dykman, if said temporary construction can be done inexpensively. On motion, this matter was referred to the Chief Engineer for report.

Real Estate, Northern Aqueduct, Section 4.

On motion, the following resolution was adopted (14459):
Whereas, Reginald H. Keayes has offered to sell to The City of New York by private sale Parcel 189, Northern Aqueduct, Section 4, for the sum of \$2,250; and
Whereas, Upon investigation this sum is found just and reasonable; therefore be it
Resolved, That the Board of Water Supply, pursuant to chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Apportionment, hereby approves of the purchase for \$2,250, from Reginald H. Keayes, of Parcel 189, Northern Aqueduct, Section 4, consisting of 9.032 acres; and that when and if said purchase shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to search the title to said premises and to take such other steps and proceedings as may be necessary and proper to consummate said purchase.

Real Estate, Northern Aqueduct, Section 5.

A communication was received from the Board of Estimate and Apportionment, dated June 3, 1910 (13968), transmitting certified copy of resolution of said Board adopted June 3, 1910, approving map of this Board, entitled:
"Board of Water Supply of The City of New York. Map showing real estate to be dedicated by The City of New York to the Village of Pleasantville, Town of Mount Pleasant, N. Y., as a substituted route for water mains now existing under part of Broadway in said village" (Parcel 991).

Real Estate, Southern Aqueduct, Section 15.

Opinion 977, dated May 31, 1910 (14447), transmitted abstract of title, proposed deed, release, affidavit of title and original option covering Parcel 1025, and recommended that voucher be prepared in favor of Thomas F. Madison for the balance of purchase price, \$695, but stating that before warrant for said balance of purchase price is paid by the Comptroller, certain questions should be disposed of and search should be made in the Comptroller's office for any assignments by said Thomas F. Madison of any claim or award for the taking of said parcel. On motion, voucher was ordered to be prepared by the Auditor in accordance with said opinion.

Real Estate, Southern Aqueduct, Section 16.

Under date of June 2, 1910 (14462), I. J. Beaudrias, special counsel, was advised that this Board has no objection to a stipulation with the claimant of Parcel 1133, Henry W. Smith, whereby the City will be bound to maintain the rights-of-way shown across said parcel on filed maps of this section, and agreeing to consent to the former owner of this parcel and his successors laying water pipes and sewers along said rights-of-way, provided the amount of the award for said parcel can be reduced by such stipulation, and that the laying of all pipes and sewers be done under the direction and to the satisfaction of the City's Engineers.
Under date of June 2, 1910 (7534), a letter was sent to I. J. Beaudrias, special counsel, transmitting copies of letters giving further information in reference to the application of the estate of E. R. Ware for right-of-way across Parcel 1137.

Real Estate, Ashokan Reservoir, Section 4.

On June 1, 1910, the Corporation Counsel was requested to advise this Board whether the sum of \$233.34, for the removal of bodies from Parcel 175c, should not be deducted when preparing voucher in payment of the final award (14444), and "that reference be made on all orders confirming reports for any compensation allowed for the removal of bodies or sums allowed for damages, prior to vesting title," in order to prevent duplication of payment.

Real Estate, Ashokan Reservoir, Section 14.

*Opinion 979, June 2, 1910 (14488), transmitted certified copy of order of the Supreme Court, dated December 18, 1909, confirming the second report of the Commissioners of Appraisal in this proceeding, covering Parcels 696, 691, 695, 675, 681, 693, 697, 707, 705, 709, 690, 696, together with copy of letter to the Comptroller advising the payment of the awards, disbursements and counsel fees in said report. The original opinion and enclosures were sent to the Auditor June 3, 1910.
Opinion 981, June 2, 1910 (14490), transmitted copy of order of the Supreme Court, dated May 19, 1910, amending the above order as to Parcel 690, together with copy of letter to the Comptroller, recommending that the provisions of said amended order be complied with. The original opinion and enclosures were sent to the Auditor June 3, 1910. On motion, vouchers were ordered to be prepared in accordance with said orders.
On June 6, 1910 (14488), the Comptroller was requested to fix a date for the payment of said awards.

Real Estate, Buildings.

A report was received from Commissioner Chadwick, dated June 6, 1910, stating that he had fixed the rate of \$10 per month for the buildings on Parcel 940, Section 13, Southern Aqueduct, used by the contractor under Contract 25 (14141).
Reports were received from Commissioner Chadwick, dated June 7, 1910, recommending that the following rates be fixed for buildings on the following parcels in Ashokan Reservoir, used by the following:
Section 4, Parcel 143, J. P. Doyle, Patrolman; rent, \$5 per month; file number, 14553.
Section 10, Parcel 453, Loren M. Davis, Rodman; rent, \$5 per month; file number, 14554.
On motion, the above recommendations were approved.
On recommendation of Commissioner Chadwick in his report dated June 7, 1910 (14552), Mrs. Christiana Cruthers was granted authority to use the house and barn on Parcel 219-B, Section 5, Ashokan Reservoir, at a rental of \$10 per month, commencing June 15, 1910.

Real Estate, Claims.

On recommendation of Commissioner Chadwick in his report dated June 4, 1910, voucher was ordered to be prepared in favor of George S. Abell for \$200, in full settlement of his claim for damages to property adjacent to Parcel 360, Section 7, Northern Aqueduct, inflicted during the conduct of preliminary surveys (11986).
A communication was received from John G. Van Etten, dated June 3, 1910 (13813), stating that the Board's letter of May 12, 1910, in relation to the claim of Lucas Roosa, of West Shokan, an employee of Zadoc P. Boice, had been referred to him as attorney, and suggesting an appointment with the Examiner of Real Estate and Damages for the purpose of effecting a settlement. This matter was referred to Commissioner Chadwick.
On June 3, 1910 (14478), the Comptroller was requested to cancel voucher and warrant 24577 drawn to the order of Stella T. Flood, \$340, for damages done to her property in the Town of Marbletown during the conduct of preliminary surveys, as said claimant refused to accept said sum, and credit said amount to "New Water Supply for The City of New York, chapter 724 of the Laws of 1905."

On June 2, 1910, the following claims for damages to business in Ashokan Reservoir were served on Commissioner Shaw (14455) by Arthur A. Brown, attorney for claimants, and on the same date said documents were sent to Commissioner Chadwick:

POLICE DEPARTMENT.

June 6, 1910.

The following proceedings were this day directed by Police Commissioner William F. Baker:

Ordered, That the proceedings of June 1, 1910, relative to the contract for the erection of new Headquarters building, Grand and Centre streets, be amended to read as follows:

On reading and filing the following communication from Hoppin & Koen, architects, viz.:

"Hon. WILLIAM F. BAKER, Police Commissioner of The City of New York:

"Sir—We beg to certify the following facts with regard to the contract for the erection of the new Police Headquarters, Grand and Centre streets, this city:

"Time consumed in performance of contract, 1,905 days.

"Time allowed by terms of contract, 300 days.

"Time included in the 1,905 days which should be excluded, as follows: Sundays, 271; holidays, 42; inclement weather, 150; total, 463 days.

"Time excused because of contractor being delayed in consequence of acts or omissions of City of New York or its agents, particularly because of changes of plans and alterations made during the course of the work, the delay in reletting and completing steam heating contract which was excluded from the general contract of Gillespie, Walsh & Gillespie, and the delay caused by the City subway operations in and about the building, 1,142 days.

"Respectfully yours,
(Signed) "Hoppin & Koen."

Ordered, That the Police Commissioner certifies and determines, and he does hereby certify and determine upon such certificate that the facts are as therein stated.

Ordered, That John J. Haslam, No. 1265 Herkimer street, Brooklyn, N. Y., be and is hereby appointed Assistant Property Clerk, in the Police Department of The City of New York, with compensation at the rate of \$1,500 per annum.

BOROUGH OF THE BRONX.

Local Board Meetings.

MINUTES OF THE LOCAL BOARD OF MORRISANIA, TWENTY-SECOND DISTRICT.

Pursuant to call by President Miller, the members of the Local Board of Morrisania, Twenty-second District, met in the office of the President of the Borough of The Bronx on May 4, 1910, at 8 p. m.

Present—Alderman Fagan and the President of the Borough of The Bronx.

Hearings.

No. 72. Acquiring title to the lands necessary for Hoe avenue, between Whitlock avenue and a point about 445 feet 6 inches southerly from Aldus street.

Petition signed by Edward B. Boynton, President, American Real Estate Company. No one appeared in opposition.

The petitioner conveyed to The City of New York that part of the land in Hoe avenue upon which its property abuts, by deed dated August 17, 1909, and recorded in the office of the Register of the County of New York on November 8, 1909. This petition is made for the purpose of having the remainder of the block legally opened.

The report of the Topographical Engineer dated April 23, 1910, was favorable. No buildings on the land to be acquired. On motion, seconded, it was

Resolved, That proceedings be and the same hereby be initiated for acquiring title to the lands necessary for the opening of Hoe avenue, between Whitlock avenue and a point about 445 feet 6 inches southerly from Aldus street, in the Borough of The Bronx, City of New York.

Unanimously adopted.

No. 73. Constructing a sewer and appurtenances in Hoe avenue, between Whitlock avenue and a point about 445 feet 6 inches south of Aldus street.

Petition signed by American Real Estate Company, by Edward B. Boynton, President.

The petitioner expects to construct at its own expense a sewer in Hoe avenue for that part of the block between Aldus street and Whitlock avenue upon which its property abuts.

Estimated cost, \$1,600. Assessed value of the real estate included within the probable area of assessment is \$137,850. On motion, seconded, it was

Resolved, That proceedings be and the same hereby be initiated for constructing a sewer and appurtenances in Hoe avenue, between Whitlock avenue and a point about 445 feet 6 inches south of Aldus street.

Unanimously adopted.

No. 78. Tinton avenue, from Southern boulevard to One Hundred and Forty-ninth street, paving with asphalt blocks on a concrete foundation, and setting and resetting curb where necessary and all work incidental thereto.

Petition signed by M. T. Reedy and four others. No one appeared in opposition. Estimated cost, \$10,900. Assessed value of the real estate included within the probable area of assessment is \$242,400.

The centre line length for the above named improvement is about 899 linear feet. On this basis, the average cost per linear foot of frontage will be \$6.06.

Title confirmed January 3, 1894, as "Beach avenue." Grades legally established by final maps, Section 2, June 15, 1894. "Sewer, water and gas in the street. On motion, seconded, it was

Resolved, That proceedings be and the same hereby be initiated for paving with asphalt blocks on a concrete foundation Tinton avenue, from Southern boulevard to One Hundred and Forty-ninth street, setting and resetting curb where necessary, and all work incidental thereto.

Unanimously adopted.

No. 69. Laying out on city map a change of grade of Canal Street West, between East One Hundred and Thirty-fifth street and East One Hundred and Thirty-eighth street, by reducing the elevation in the centre of the block about one foot.

Petition signed by H. W. Bell Company. On motion, seconded, it was

Resolved, That the petition be denied.

On motion, seconded, the Board adjourned to meet again on May 18, 1910.

GEORGE DONNELLY, Secretary.

MINUTES OF THE LOCAL BOARD OF CHESTER, TWENTY-THIRD DISTRICT.

Pursuant to call by President Miller the members of the Local Board of Chester, Twenty-third District, met in the office of the President of the Borough of The Bronx on May 4, 1910, at 8.30 p. m.

Present—Alderman Mulhearn, Alderman Sheridan and the President of the Borough of The Bronx.

Minutes of previous meeting were adopted as printed.

Hearings.

No. 75. Constructing a sewer and appurtenances in Westchester avenue, between Zerega avenue and Westchester square; Westchester square, between Westchester avenue and Walker avenue.

Petition signed by John J. Gormley, George Dietrichsen and six others. No one appeared in opposition.

Estimated cost, \$106,325. Assessed value of the real estate included within the probable area of assessment is \$47,450,000. Title vested. Outlet practically completed.

Assessment for this work upon property directly benefited will probably not exceed \$150 per each 25-foot lot. This is based upon the assumption that the Board of Assessors will assess the property indirectly benefited at \$2 per each 25-foot lot. On motion, seconded, it was

Resolved, That proceedings be and the same hereby be initiated for constructing a sewer and appurtenances in Westchester avenue, between Zerega avenue and Westchester square; and in Westchester square, between Westchester avenue and Walker avenue, Borough of The Bronx, City of New York.

Unanimously adopted.

No. 79. Regulating, grading, etc., Tratman avenue, from Zerega avenue to Benson avenue (Madison avenue), and all work incidental thereto.

Petition signed by Louis Weydanz, Mrs. M. Flynn and three others. Estimated cost, \$10,500. Assessed value of the real estate included within the probable area of assessment is \$193,270.

Title not vested. Proceedings initiated. Grades legally established by map of Village of Westchester, filed June 4, 1907.

The centre line length for the above named improvement is about 1,460 linear feet. On this basis the average cost per linear foot of frontage will be about \$3.60. On motion, seconded, it was

Resolved, That proceedings be and the same hereby be initiated for regulating and grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Tratman avenue, from Zerega avenue to Benson avenue (Madison avenue), and all work incidental thereto.

Unanimously adopted.

No. 83. Constructing receiving basins and appurtenances at the southeast corner of Morris Park avenue and Wallace avenue; northeast and southeast corners of Morris Park avenue and Cruger avenue; northwest corner of Morris Park avenue and Amethyst street; southeast corner of Morris Park avenue and Fillmore street.

Estimated cost, \$1,600. Assessed value of the real estate included within the probable area of assessment is \$329,150.

Morris Park avenue is paved with asphalt blocks. Outlets built or under construction.

A representative from the North Van Nest Property Owners' Association appeared in favor. No one appeared in opposition. On motion, seconded, it was

Resolved, That proceedings be and the same hereby be initiated for constructing receiving basins and appurtenances at the southeast corner of Morris Park avenue and Wallace avenue; northeast and southeast corners of Morris Park avenue and Cruger avenue; northwest corner of Morris Park avenue and Amethyst street, and at the southeast corner of Morris Park avenue and Fillmore street.

Unanimously adopted.

No. 85. Acquiring title to the lands necessary for Bronxdale avenue (Bear Swamp road), from West Farms road (or Walker avenue) to White Plains road.

Petition signed by Bernard Lavin, Rachel Bailey, Jane Kitchen, Michael Rauch and eight others.

Alderman Mulhearn said that he thought there was no need of hurrying this proceeding.

President Miller—In that case we will lay the matter over until the maps are filed in view of the report of the Engineer of Sewers and Highways which states that the lines of Bronxdale avenue are only partially filed, and since a map showing all dimensions and grades must be filed before proceedings can be initiated.

Laid over indefinitely.

No. 86. Acquiring title to Lurting avenue, from West Farms road (Walker avenue) to the line of the New York, New Haven and Hartford Railroad.

Petition signed by Emma F. Parker and three others. Protest signed by Thos. B. Shea, H. Abhau, Katie E. Abhau, J. W. Clark, S. A. Bossert and twenty others; also protest signed by Katie Ambros, William M. Ferdon and six others.

Alderman Mulhearn stated that he understood that this street was absolutely necessary on account of a station going to be located there.

Mr. Shea appeared in opposition. Mr. Butterfield appeared on behalf of petitioners in favor of the proceeding.

The application for acquiring title simply mentioned Lurting avenue and the report on the petition was made under the assumption that Lurting avenue, between West Farms road and the line of the New York, New Haven and Hartford Railroad, is the continuation of Lurting avenue, as shown on a filed map of the street system on the former Morris Park tract.

In looking over the names signed on the petition, the name of Emma F. Parker, who lives on the street easterly of Lurting avenue, appears, and that a street is laid out and designated Lurting avenue on a printed map published by the Department, which map has no standing as a filed map.

It seems, therefore, that the petitioners wish Lurting avenue, as shown on the printed map, and not as shown on the filed map, opened.

The opening of this Lurting avenue would be an expensive and unnecessary affair for the reason that Mrs. Emma Parker has erected on the street a three-story building. The application for the same was made to the Building Department May 28, 1907; it was disapproved on account of the location and had to be approved in accordance with the opinion of the Corporation Counsel of August 16, 1907.

From the above it appears that Mrs. Emma Parker first erected a building on the street and then made application to the Local Board to initiate proceedings to acquire title to the street.

The Engineer recommends, therefore, that the application be denied and the street taken off the map.

Laid over until May 18, 1910.

No. 87. Acquiring title to Baker avenue, from Garfield street to Van Nest avenue at Matthews avenue.

Petition signed by Wm. A. Lashmann, John H. Rehm and thirty-one others.

Mr. Charles M. Sheafe, Jr., appeared in opposition on behalf of the New York, New Haven and Hartford Railroad Company and stated that the company desired to have Baker avenue laid out substantially through the centre of the company's present property at Van Nest, known as the Strang Farm, provided the northerly line of Baker avenue be located at least 350 feet south of the southerly side of Van Nest avenue and parallel with the street, in order that the new street may be half way between Van Nest avenue and the street which may be eventually located next to the railroad tracks.

Mr. Sheafe stated that under the law railroad property could not be taken for street purposes. He asked that action be not taken at this time.

Alderman Mulhearn stated that he did not think the street was very necessary just now.

Mr. Butterfield appeared in favor of the petition.

Laid over for two weeks.

No. 81. Laying out on map of the City a reduction of width of Holland avenue, from the New York, New Haven and Hartford Railroad to Morris Park avenue, from 60 to 50 feet.

Petition signed by Cornelius O'Leary and others. On motion, seconded, the matter was laid over until the next meeting.

The report of the Chief Engineer of Sewers and Highways was adverse to the petition and he recommended that the matter be denied.

No. 76. Laying out on map of The City of New York the westerly line of Rose-dale avenue; so as to shift the western line of said avenue between Westchester

avenue and Gleason avenue, so as to cause said line to conform to the eastern line of Plot B, on Map of Subdivision of Plot 1, Clason Point, filed July 19, 1908.

Petition signed by Hudson P. Rose Company, by W. K. Rose, Treasurer. The report of the Topographical Engineer dated May 3, 1910, stated "That the map of subdivision of the Hudson P. Rose Company assumed a line for Rosedale avenue southerly of Westchester avenue, which had not been filed at the time of its subdivision and disagrees slightly with the line established by the City by section 39 of the final maps.

"The Hudson P. Rose Company requested the shifting of the line, which I do not believe to be advisable. The only remedy, as I see it, would be to widen Rosedale avenue, between Westchester avenue and Gleason avenue, 0.6 feet on its westerly side, which would include the division line between Plot B and the subdivided lots."

Petition recommended to the favorable consideration of the Board of Estimate and Apportionment.

No. 82. Laying out on the map of The City of New York Hoguet avenue, Protectory avenue, Olmstead avenue, Odell street, Gray street, Storow street, Lyverre street, Archer street and Unionport road, and St. Raymonds avenue.

Petition signed by the New York Catholic Protectory, by George B. Robinson, President. No one appeared in opposition.

On motion, seconded, the Board respectfully recommended the proposed laying out of Hoguet avenue, Protectory avenue, Olmstead avenue, Odell street, Gray street, Storow street, Lyverre street, Archer avenue, Unionport Road and St. Raymond avenue to the favorable consideration of the Board of Estimate and Apportionment.

No. 390, 1905. Rescinding resolution providing for the sewer in Fifteenth street, between Avenue A and Avenue B.

Communication from Board of Estimate and Apportionment:

April 20, 1910.

Hon. H. C. MILLER, President, Borough of The Bronx:

Sir—Under date of March 30 you wrote me that work on Zerega avenue sewer had progressed to such an extent as to warrant the authorization of a sewer improvement proposed for Fifteenth street (now Waterbury avenue) between Avenue A (now Zerega avenue) and Avenue B (now Havemeyer avenue).

My attention has just been drawn to the fact that since the resolution was adopted by the Local Board in 1905, a modification has been made in the drainage plan which will materially alter the estimated cost and the assessed valuation of the property benefited. The former change could undoubtedly be provided for in connection with the final authorization, but I believe that some question might arise as to the propriety of the preliminary resolution unless the formation relative to the assessed valuation of the property benefited is then properly stated as this is required under the charter provisions.

I beg to ask therefore if you can submit a new estimate of the work and a statement of the valuation of the property which will be of benefit under the present plan.

Respectfully,

ARTHUR S. TUTTLE, Engineer in Charge.

On motion, seconded, it was

Resolved, That the Local Board of Chester, Twenty-third District, does hereby rescind its resolution of April 20, 1905, which initiated proceedings for constructing a sewer and appurtenance in Fifteenth street (East One Hundred and Seventy-first street), between Avenue A and Avenue B.

Unanimously adopted.

Laid Over Matters.

No. 19. Regulating and grading Beach avenue, from Bronx River avenue to Westchester avenue, and all work incidental thereto, and setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches, and erecting fences where necessary, from Bronx River avenue to Clasons Point road only.

Petition signed by Willard P. Beach, M. D., and two others. Estimated cost, \$107,900. Assessed value of the real estate included within the probable area of assessment is \$413,890.

The centre line length for the above named improvement is about 7,650 linear feet. On this basis the average cost per linear foot of frontage will be \$7.05. No one appeared in opposition. On motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for regulating and grading Beach avenue, from Bronx River avenue to Westchester avenue, and all work incidental thereto, and setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches, and erecting fences where necessary, from Bronx River avenue to Clasons Point road only.

Unanimously adopted.

No. 45. Constructing a sewer and appurtenances in Parker street, between Westchester avenue and Castlehill avenue.

Petition signed by Edward McKenna and A. De Salao. Estimated cost, \$77,125. Assessed value of the real estate, with improvements, included within the probable area of assessment is \$5,565,000.

Based upon the foregoing approximate estimate of cost and judging from the methods employed by the Board of Assessors in apportioning the cost in somewhat similar matters, it is probable that the assessment for this work upon the property directly benefited thereby will not exceed \$200 per each twenty-five foot lot. This is based upon the assumption that the Board of Assessors will assess the property indirectly benefited at \$9.25 per each twenty-five foot lot.

No one appeared in opposition. On motion, seconded, it was Resolved, That proceedings be and the same hereby are initiated for constructing a sewer and appurtenances in Parker street, between Westchester avenue and Castlehill avenue.

Unanimously adopted.

No. 747 of 1907 and No. 89 of 1910. Regulating and grading Garfield street, from West Farms road to Morris Park avenue.

No opposition. On motion, seconded, it was Resolved, That proceedings be and the same hereby are initiated for regulating and grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches, placing pipe drain, and erecting fences where necessary in Garfield street, from Morris Park avenue to the New York, New Haven and Hartford Railroad, and all work incidental thereto, and be it further

Resolved, That the resolution adopted by the Local Board of Chester on January 23, 1908, providing for the regulating, grading, etc., of Garfield street, from West Farms road to Morris Park avenue, be and the same hereby is rescinded.

Unanimously adopted.

No. 26 of 1910. Laying out on the map of The City of New York a change of grades of the streets bounded by Bronx River road, Westchester avenue, Morrison avenue and Astor Estate property.

Petition signed by American Real Estate Company, per E. B. Boynton, President. No one appeared in opposition. See Minutes, page 47 and 56. The company referred to was represented at this meeting and stated that it was satisfied with the map as submitted by the Topographical Bureau.

On motion, duly seconded, the Local Board recommended to the favorable consideration of the Board of Estimate and Apportionment a change of grades of the streets in the territory bounded by Bronx River road, Westchester avenue, Morrison avenue and Astor Estate property, as shown on map prepared by Topographical Bureau.

No. 54. For completing the regulating and grading in Westchester avenue, from Main street to Eastern boulevard.

Petition signed by Harry Westfield, William Springstead, Joseph J. Gerard and twenty-seven others. No one appeared in opposition.

Estimated cost, \$60,400; assessed value of the real estate included within the probable area of assessment is \$543,030.

The estimate presented under the foregoing represents the work involved in completing the regulating, grading, etc., of this avenue, contract for which is now in progress, and, in addition, the placing of bluestone, etc., and temporary crossings to be constructed over Westchester Creek.

The centre line length for the above named improvement is about 6,351 linear feet. On this basis, the average cost per linear foot will be \$4.75. On motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for completing the regulating and grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Westchester avenue, from Main street to Eastern boulevard, and all work incidental

thereto, including the building of drains, walls, etc., and the construction of temporary crossings over Westchester Creek, in the Borough of The Bronx, City of New York.

Unanimously adopted.

No. 296 of 1909. Regulating and grading, etc., Bronxwood avenue, from Gun Hill road to Burke avenue.

Petition signed by Sound Heights Realty Company, by Max Marx, president, and transmitted to the President of the Borough on December 3, 1909, by Joseph A. Flannery. Laid over from April 12, 1910; page 80 of Minutes. Opposition at this meeting by Dr. How.

On motion of Alderman Shcridan the matter was laid over until May 18, 1910.

No. 92 of 1908. Constructing a temporary sewer and appurtenances in Mianna street, between White Plains avenue and Unionport road.

Petition signed by Michael Varley, Henry Frese and six others. No one appeared in opposition.

This matter was duly advertised in CITY RECORD of June 1, 2, 8 and 11, 1908; for advertisement see page 186 of Minutes of 1908. On motion, duly seconded, it was

Resolved, That proceedings be and the same hereby are initiated for constructing a temporary sewer and appurtenances in Mianna street, between White Plains avenue and Unionport road, and all work incidental thereto.

Unanimously adopted.

No. 112 of 1908. Acquiring title to lands necessary for Mianna street (now Rhinclander avenue), from Unionport road to White Plains road.

Petition signed by Michael Varley and three others. No one appeared in opposition at this meeting. On motion, seconded, it was

Approving and ratifying the action of the Committee on Care of Buildings in discontinuing from and after July 1, 1910, the compensation of \$120 per annum allowed to the Janitor of Public School 84, Borough of Brooklyn, for the care of the annex to said school located at Stone and East New York avenues, the lease of which will not be renewed thereafter.

Approving and ratifying the action of the Committee on Care of Buildings in transferring Sophia Sitzabee, Janitress, from Public School 120, Borough of Brooklyn, to the annex to Public School 81, Borough of Queens, with compensation at the rate of \$864 per annum, taking effect May 16, 1910.

Approving and ratifying the action of the Committee on Care of Buildings in appointing David Armstrong as Janitor-engineer of Public School 120, Borough of Brooklyn, taking effect May 16, 1910, with compensation at the rate of \$1,056 per annum, less deduction as per resolution adopted by the Board of Education on February 7, 1910 (see Journal, pages 328-29), his name having been selected from an eligible list submitted by the Municipal Civil Service Commission.

Approving and ratifying the action of the Committee on Athletics in granting permission to the Partridge District Athletic League to have a Field Day at the Pastime Oval on the afternoon of May 21, 1910, and to the Morrisania District Athletic League to have a Field Day at the Polo Grounds on Saturday afternoon, May 21, 1910.

Granting permission for the holding of field days as indicated below:

Local School Board of District No. 22, at the American League Park, on Saturday, June 25, 1910.

Public School 12, Borough of The Bronx, at Cherry Oval, on Thursday, June 16, 1910, at 3.15 o'clock p. m.

Public School 19, Borough of Brooklyn, at Loughlin Oval, on Saturday, May 28, 1910, at 9.30 o'clock a. m.

Public School 43, Borough of Brooklyn, at Loughlin Oval, on the afternoon of June 1, 1910.

The following preambles and resolutions were adopted:

Whereas, The Committee on Buildings is in receipt of an estimate from contractors for additional work under their contract, as follows (said additional work involving no extension of time):

Estimate of Griffin & Co., contractors, for electric equipment at Public School 100, Borough of Manhattan (for furnishing switches, installing stereopticon circuit, etc.), \$100.

—and

Whereas, The Superintendent of School Buildings reports that this estimate is reasonable and that the work is necessary; therefore be it

Resolved, That the sum of one hundred dollars (\$100) be and the same is hereby appropriated from bond issue authorized by the Board of Estimate and Apportionment March 13, 1908, amended October 30, 1908, and February 5, 1909, School Building Fund, Interior Construction and Equipment, Borough of Manhattan, Subtitle No. 3, C-DE-56; said sum to be applied in full payment for extra cost to the contractors hereinafter mentioned for additional work in connection with their contract: Griffin & Co., \$100. Requisition for said sum being hereby made upon the Comptroller.

Whereas, On May 11, 1910 (see Journal, pages 862-64), the Board of Education adopted a resolution awarding sundry contracts, and among them a contract to Neptune B. Smyth, Incorporated, in the sum of \$1,090, for alterations, repairs, etc., at Public School 168, Borough of Manhattan; and

Whereas, A communication has been received from these contractors, stating that they made a very serious error in the computation of their estimate, and requesting that they be released from the obligations of the contract; and

Whereas, Your committee has given this matter very careful consideration and has decided that this request is equitable and should be granted; therefore be it

Resolved, That so much of the resolution adopted by the Board of Education on May 11, 1910, as referred to awarding a contract to Neptune B. Smyth, Incorporated, in the sum of \$1,090, for alterations, repairs, etc., at Public School 168, Borough of Manhattan, be and the same is hereby rescinded.

Whereas, On April 27, 1910 (see Journal, page 828), the Board of Education adopted a resolution appointing Thomas Thatcher as Wireman for a temporary period during the absence on sick leave of John W. Schwartz, Wireman; and

Whereas, Mr. Schwartz returned to duty on May 16, 1910; therefore be it

Resolved, That the action of the Committee on Buildings in dispensing with the services of Thomas Thatcher, Wireman, at the close of business on Saturday, May 14, 1910, be and the same is hereby approved and ratified.

Whereas, In pursuance of a resolution adopted by the Executive Committee of the Board of Education on July 16, 1902, consents to the substitution of sureties on accepted bids or estimates are signed by the Secretary for and on behalf of the Board of Education; and

Whereas, Considerable delay in the preparation and execution of contracts is caused by the existing practice; and

Whereas, It is required by the Charter that the adequacy and sufficiency of sureties shall be approved by the Comptroller, and this matter is one over which the Board of Education has no jurisdiction; therefore be it

Resolved, That the Board of Education does hereby consent to such substitution of sureties upon any and all accepted bids or estimates for work to be performed or supplies to be furnished for the Department of Education as may be deemed by the Comptroller to be proper and expedient.

Whereas, On April 13, 1910 (see Journal, pages 700 and 701), the Board of Education adopted resolutions requesting the Commissioners of the Sinking Fund to approve of and consent to the execution of a lease of the entire premises Nos. 991 and 993 Southern boulevard, Borough of The Bronx, for a period of three years "from the date on which the Board of Education begins the work of making the alterations which will be necessary to fit the premises for school purposes"; and

Whereas, The Real Estate Bureau of the Department of Finance has suggested that the stipulation above quoted be stricken out, and that a specific date, either July 1 or August 1, 1910, be inserted in lieu thereof; therefore be it

Resolved, That the second resolution attached to the report of the Committee on Buildings relative to leasing the premises Nos. 991 and 993 Southern boulevard, Bor-

ough of The Bronx, be and it is hereby amended by striking out the words "from the date on which the Board of Education begins the work of making the alterations which will be necessary to fit the premises for school purposes," and inserting instead the words "from August 1, 1910."

Whereas, On January 10, 1906 (see Journal, page 52), the compensation of Richard Horstmann, Sanitary Inspector, was fixed at \$40 per week, he having been assigned to act as Assistant Chief of the Sanitary Division; and

Whereas, An eligible list for this position has been promulgated, and it becomes necessary to reassign Mr. Horstmann to his former duties as Sanitary Inspector and to fix his compensation at the rate of \$36 per week; therefore be it

Resolved, That the compensation of Richard Horstmann, Sanitary Inspector, be and it is hereby fixed at \$36 per week, instead of \$40 per week, as heretofore paid.

Whereas, It is deemed advisable by the Committee on Buildings to employ a competent expert to test the insulation on electric wiring, and James P. Millwood is considered well qualified to render service in this capacity; be it

Resolved, That the Municipal Civil Service Commission be and it is hereby requested to except James P. Millwood from competitive examination, in accordance with subdivision 6 of Rule XII. of said Commission.

Whereas, A request has been received from the Department of Child Hygiene of the Russell Sage Foundation that the Board of Education co-operate in a campaign to secure a more adequate field force for the United States Bureau of Education; and

Whereas, It has been proposed that such a force might consist of specialists in the construction of school buildings, school administration, accounting and statistics, industrial education, education for housekeeping, school hygiene, rural schools, agricultural and mechanical colleges, commercial education and the wider uses of the school plant; be it

Resolved, That the Board of Education approve of the appropriation of \$75,000 by Congress for a staff of specialists for the conduct of field work by the United States Bureau of Education.

Resolved, That copies of the foregoing preamble and resolution be transmitted to the United States Senate from the State of New York, the Representatives in Congress from The City of New York, the Chairman of the Committee on Education of the House of Representatives, and the Chairman of the Committee on Education and Labor of the Senate.

Whereas, Funds to the amount of \$450,000 (see Journal, page 523) have been provided for the construction of a high school building on the site at Irving and Putnam avenues and Madison street, Borough of Brooklyn, and plans for said building are in preparation; be it

Resolved, That the new high school to be established as above mentioned be known and designated as the Ridgewood High School.

Suspending Edwin H. Chase, Principal of Public School 59, Borough of Queens, without pay, pending the trial of charges of gross misconduct and insubordination which have been preferred against him.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 6.15 o'clock p. m.

A. EMERSON PALMER, Secretary.

FOR FURNISHING, DELIVERING AND LAYING HIGH PRESSURE FIRE SERVICE MAINS AND APPURTENANCES IN LIVINGSTON AND REMSEN STREETS, AND IN ELM AND GALLATIN PLACES.

The time allowed for doing and completing the entire work under this contract will be sixty (60) working days, as provided in the terms of the contract.

A bond of Ten Thousand Dollars (\$10,000) will be required from the sureties for the performance of the contract.

The bidders' attention is called to the high pressure that the mains and appurtenances required under this contract must withstand. Note that special valves, of heavy pattern, are required. All foundry and shop work will be rigorously inspected before delivery, and all field work carefully supervised and tested. All short laterals and branches shall be bolted to the main lines and pipes and all bends bolted together. Throughout the work, more than ordinary care in making the lead joints will be insisted upon. Salt water may be occasionally pumped into the high pressure mains, and special care shall therefore be observed in coating all pipes and specials and the exposed iron surfaces of the valves, and in protecting the coating during transportation and laying.

Bidders are cautioned that a provision in the contract requires the maintenance of the pipes, valves, pavements, etc., in good condition for the period of one year from the final completion of the work.

The bidder will state the price, per unit, of each item of work or supplies contained in the specifications or schedule, by which the bids will be tested.

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES, THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Queens.

Being all the buildings, parts of buildings, etc., situated within the limits of Fourth avenue, between Washington avenue and Jackson avenue, in the First Ward of the Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 8, 1910, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, JUNE 30, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1.—Part of two-story frame house on the southerly side of Fourth avenue, about 145 feet easterly from Webster avenue. Cut 24.12 feet on the easterly side of house and 1.27 feet on the westerly side of rear extension.

Sealed bids (in blank forms of which may be obtained on application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 30th day of June, 1910, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or letter of credit in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth heretofore.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 30, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder who must pay cash and a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose

other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against all from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES, THERETO ON CITY REAL ESTATE BY SEALED BIDS.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for school purposes in the

Borough of Manhattan.

—being the portion of the Normal College buildings known as the Training Department Building on Lexington avenue, between Sixty-eighth and Sixty-ninth streets, together with the one-story toilet building between the Training Department Building and the main building, with the boiler, piping and radiators therein, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting

held on May 18, 1910, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, JUNE 29, 1910.

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Four-story brick building known as the Training Department Building, on Lexington avenue, between Twenty-eighth and Sixty-ninth streets, together with the two one-story toilet buildings between the Training Department Building and the main building, with the boiler, piping and radiators thereon.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 8, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 29th of June, 1910, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereon, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and a deposit of \$50 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited for failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for; (2) the amount of the bid; (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 29, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 8, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

Possession of the above buildings will be given purchaser on July 1, 1910.

The buildings will be sold for immediate removal only, the work of removal to be started on July 1, 1910, and to be completed within thirty days, the fences, trees, shrubbery and sidewalk to be protected and the walls to be removed to the curb level, the buildings to be removed otherwise subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in full the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but undiminished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant or renter or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalk and the sidewalk thereon, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

—that the same were confirmed by the Board of Revision of Assessments on June 2, 1910, and entered June 2, 1910, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides . . . "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Mechanics Bank Building, Court and Montague streets, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before August 1, 1910, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company has, under date of March 4, 1910, made appli-

cation to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway extension, to be used as a loop terminal, upon and along Twelfth avenue, West One Hundred and Twenty-ninth street and Manhattan street, in the Borough of Manhattan; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, in pursuance to such laws, this Board adopted a resolution on April 1, 1910, fixing the date for public hearing thereon as April 29, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the New York Press and the Evening Post, newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly had on such day; and

Whereas, this Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he is hereby authorized to execute and deliver such contract in the name and on behalf of the City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of June, 1910, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company (hereinafter called the Company), party of the second part, witnesses:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate an extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of Manhattan, in the City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks in Manhattan street, at or near the easterly line of Twelfth avenue; thence, by double track, curving westerly in and upon Manhattan street to Twelfth avenue; thence southerly by double track, in and upon Twelfth avenue to West One Hundred and Twenty-ninth street; thence curving easterly into West One Hundred and Twenty-ninth street to the center line of West One Hundred and Twenty-ninth street; thence easterly by single track, in and upon West One Hundred and Twenty-ninth street to Manhattan street, and there connecting with the existing east bound track in Manhattan street.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing proposed extension of the 42d Street, Manhattanville & St. Nicholas Ave. Railway Co. in the Borough of Manhattan, City of New York, to accompany the petition dated March 3d, 1910, to the Board of Estimate and Apportionment."

And a signed by F. W. Whitridge, Receiver, and T. F. Mullaney, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, and is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consen. shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agree-

ment with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred dollars (\$100) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than three hundred and twenty-five dollars (\$325) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three hundred and twenty-five dollars (\$325).

During the second term of five (5) years an annual sum which shall in no case be less than five hundred and seventy-five dollars (\$575) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five hundred and seventy-five dollars (\$575).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to such gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges here provided for are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures used in connection therewith, in street and avenues hereinbefore described shall be permitted by the Company to any individual or corporation to which the City may have granted or may hereafter grant the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company which shall equal the legal interest on such portion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the Company then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice, and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or

the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the Company then using the same, together with the actual cost of the power necessary for the operation of the cars thereon or such individual or corporation. Provided, however, that if in the opinion of the Company the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage upon the cost to be paid to the Company at a sum in excess of the legal rate of interest if in its opinion such action is justified.

The Company shall not at any time oppose, but shall upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board, or from the date upon which the order of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other cause not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved method of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appliances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions as a condition of the granting of the same as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan, provided that any other power may be used except locomotive steam power, horse power or overhead electric power which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Twelfth—No wires for the transmission of power shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) conduits not less than three (3) inches in diameter each for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road or any road, line or

branch operated by it or under its control to any other point thereof or any connecting branch thereof within the limits of the City.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway, and the tracks hereby authorized shall not be used for the storage of cars.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, conforming with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Nineteenth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twentieth—Any alteration to the sewerage or drainage system, or any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-first—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect, move, the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-second—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

The Company shall, within sixty (60) days from the commencement of the operation of the railway hereby authorized, remove, at its own expense, the four tracks, together with the crossovers, conduits and other equipment now existing in Manhattan street; such tracks being as shown by dashed lines upon the map or plan attached hereto and make a part of this contract, and shall restore the street to its original condition. In case of the failure of the Company within such time to comply with the provisions relative to the removal of the tracks, crossovers, conduits and other equipment in Manhattan street, and the restoring of the surface of the street to its original condition, the rights hereby granted shall cease and determine.

Twenty-third—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-fourth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-fifth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-sixth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-seventh—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to re-pay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-eighth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof at due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of a violation of the provisions relating to those matters, all of which sums may be deducted from the said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board, to be in default, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-ninth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or delivery, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement" entered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-first—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board authority, officer or officers, then and in such case such other Board authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. This grant is also upon the further and express condition that the provisions of Article IV. and other provisions of the Railroad Law pertinent thereto, shall be strictly complied with by the Company.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to, abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate seal to be hereunto affixed the day and year first above written.

THE FORTY-SECOND STREET, MANHATTANVILLE AND ST. NICHOLAS AVENUE RAILWAY COMPANY.

By.....President.

[SEAL.]

Attest:.....Secretary.

.....(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as heretofore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by The Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, and the said form of proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, July 1, 1910, in the City Record, and at least twice during the ten (10) days immediately prior to July 1, 1910, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of The Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by The Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, July 1, 1910, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.

Dated New York, May 27, 1910.

j7jy1

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Union Railway Company of New York City has, under date of February 9, 1910, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double-track street surface railway as an extension of the existing system, upon and along East One Hundred and Sixty-seventh, East One Hundred and Sixty-eighth and East One Hundred and Sixty-ninth streets, from Westchester Avenue to Boscebel Avenue, in the Borough of The Bronx; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on March 4, 1910, fixing the date for public hearing thereon as April 1, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the New York "Press" and the New York "Herald," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing; and the public hearing was duly held on such day; and

Whereas, The Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Union Railway Company of New York City, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he is hereby authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1910, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only, in the

Borough of The Bronx, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the tracks of the Company in Westchester Avenue, at its intersection with East One Hundred and Sixty-seventh street; thence southwesterly in and upon East One Hundred and Sixty-seventh street to the intersection of East One Hundred and Sixty-ninth street at Fox street or Simpson street; thence westerly in and upon East One Hundred and Sixty-ninth street to Franklin Avenue; thence southerly in and upon Franklin Avenue to East One Hundred and Sixty-eighth street; thence westerly in and upon East One Hundred and Sixty-eighth street to Webster Avenue; thence southerly in and upon Webster Avenue to East One Hundred and Sixty-seventh street; thence westerly in and upon East One Hundred and Sixty-seventh street and the Transverse road underneath the Grand Boulevard and Concourse, and again in and upon East One Hundred and Sixty-seventh street to Jerome Avenue, and there connecting with the existing tracks of the Company in Jerome Avenue.

The said route, with turnouts, switches and crossovers, hereby authorized is shown upon a map entitled:

"Map showing proposed extension of the Union Railway Company in the Borough of The Bronx, City of New York, to accompany petition dated February 9, 1910, to the Board of Estimate and Apportionment."

and signed by F. W. Whittidge, receiver; Edward A. Maher, president, and T. F. Mullaney, chief engineer, a copy of which is attached hereto, is to be deemed a part of this contract, and is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers, which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent, in writing, of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consent shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and terminate.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until March 1, 1924, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not so agree upon what is reasonable, the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation is to be made on the basis of the facts and shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of two thousand dollars (\$2,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than fifteen hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of fifteen hundred dollars (\$1,500).

(c) During the second term of five (5) years an annual sum which shall in no case be less than three thousand dollars (\$3,000), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of three thousand dollars (\$3,000).

(d) During the remaining term, expiring March 1, 1924, an annual sum which shall in no case be less than thirty-six hundred dollars (\$3,600), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of thirty-six hundred dollars (\$3,600).

Fourth—The Company shall commence construction of the railway herein authorized within

three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date upon which the order of the Appellate Division of the Supreme Court that such railway ought to be constructed is signed in lieu of such consents, and shall complete the construction and place the same in full operation within twelve (12) months from the date of filing such consents or such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law as amended, and such charges as are required under chapter 340 of the Laws of 1892 to be paid by the Company for this extension, if said act applies to or controls the Company in relation to the right and privilege hereby granted.

The City does not and shall not demand or require the payment by the Company of a percentage of gross receipts under the provisions of chapter 340 of the Laws of 1892 on the gross receipts earned on the extension constructed pursuant to this contract.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment of the same on a different basis or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease contain a covenant and conditions, over the same streets and avenues, hereinafter described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment or any structure used in connection therewith, in streets and avenues hereinafter described shall be permitted by the Company, to any individual or corporation to which the City may have granted or may hereafter grant the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and its additions and betterments as shall be determined by the Board, and in the event of such individual or corporation shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments to such proportion of laying and repairing of pavement and removal of snow and ice and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if, in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board and the Board may fix a percentage upon the cost to be paid to the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein notwithstanding to the contrary thereof in any way notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within

three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date upon which the order of the Appellate Division of the Supreme Court that such railway ought to be constructed is signed in lieu of such consents, and shall complete the construction and place the same in full operation within twelve (12) months from the date of filing such consents or such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appliances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Twelfth—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road or on any road, line or branch operated by it or under its control at any other point thereof, or any connecting branch thereof within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter be enacted during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter be enacted during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twentieth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries, and such other information as may be required by the Board.

Twenty-sixth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-seventh—In case of any violation or breach of failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-ninth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that any and all sums of money or any

securities heretofore deposited with the Comptroller by the Company under and pursuant to the franchises heretofore granted to it by The City of New York for the faithful performance by the Company of the several franchises so granted shall likewise form a fund for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of the contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; and in default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the headway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof this contract shall be canceled and annulled at the option of the Board, acting on behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Comptroller, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. This grant is also upon the further and express condition that the provisions of Article IV, and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, the day and year first above written.

THE CITY OF NEW YORK,

By....., Mayor.

[CORPORATE SEAL.]

Attest:....., City Clerk.

UNION RAILWAY COMPANY OF NEW YORK CITY.

By....., President.

[SEAL.]

Attest:....., Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified, and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Union Railway Company of New York City, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, July 1, 1910, in the City Record, and at least twice during the ten (10) days immediately prior to July 1, 1910, in two daily newspapers to be designated by the Mayor therefor,

and published in The City of New York, at the expense of the Union Railway Company of New York City, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Union Railway Company of New York City, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, July 1, 1910, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.

Dated New York, May 27, 1910.

PUBLIC NOTICE IS HEREBY GIVEN that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Electric Protection Company of New York in a petition dated September 15, 1909, made application to this Board for a grant of the right, privilege and franchise to lay, erect, construct and maintain wires and other conductors with the necessary poles, pipes, conduits and appliances in, over and under the streets, avenues and highways within The City of New York for the operation of electrical call boxes in connection with telephones, telegraph and other systems for providing wires and signals for protection service; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on October 8, 1909, fixing the date for a public hearing thereon as October 29, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least two days in the "New York Herald" and the "Morning Telegraph," newspapers designated by the Mayor, and in the City Record, for ten days immediately prior to the date of hearing, and a public hearing was duly held on such date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Electric Protection Company of New York, and the adequacy of the compensation proposed to be paid therefor, now the Board is of the opinion that the following form of the resolution for the grant of the franchise or right applied for by the Electric Protection Company of New York, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Electric Protection Company of New York, the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name, and on behalf of The City of New York, as follows, to wit:

This contract, made this..... day of..... by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Electric Protection Company of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company subject to the conditions and provisions hereinafter set forth the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets and avenues within the Borough of Manhattan and the portion of the Borough of The Bronx lying west of the Bronx River, for the purpose of electrically connecting, detecting and signalling apparatus to be located upon the premises of subscribers with signal recording apparatus located at some suitable point or points where such signals are to be received and thereby maintaining and operating burglary and fire alarm systems for the protection of the premises of subscribers and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company, for the term of fifteen (15) years from the date when this contract is entered into, and the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to

the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than twelve hundred dollars (\$1,200), and which shall be equal to two (2) per cent. of its gross annual receipts if such percentage shall exceed the sum of twelve hundred dollars (\$1,200).

During the second term of five (5) years an annual sum which shall in no case be less than twenty-five hundred dollars (\$2,500), and which shall be equal to two and one-half (2½) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twenty-five hundred dollars (\$2,500).

During the remaining term of five (5) years an annual sum which shall in no case be less than forty-five hundred dollars (\$4,500), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of forty-five hundred dollars (\$4,500).

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its protection system, subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters under the Charter of the City, and in strict compliance with all laws or ordinances, now in force or which may be adopted, affecting companies operating electrical conductors in the City.

Seventh—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City, should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, and the portion of The Bronx west of the Bronx River, or in any portion thereof, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the

operation of the signal and alarm systems hereby authorized.

Eighth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is operating, not in arrears to it for service already rendered, extend its wires to such premises and furnish protection service to such individual or corporation, provided that such premises are not more than one-half mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Ninth—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly indicated the number of wires which are in use by the Company on that date, and the streets in which the same are located, and also those which were put in use during the preceding year.

Tenth—It is agreed that the Board shall have absolute power to regulate all charges or rates for fire or burglar alarm services rendered by the Company to subscribers, pursuant to this contract, and it is further agreed that the charges or rates for certain classes of service furnished by the Company shall be limited as follows:

(a) For automatic fire alarm protection of five-story double tenement houses, or tenement houses of less dimensions, the annual charge for service shall not exceed fifty dollars (\$50), where there are sufficient subscribers within the same city block to require the protection of not less than ten tenements in the same city block, and the Company shall make no charge for installation of equipment in such buildings.

(b) For interior manual fire alarm protection, installed according to the requirements of the National Board of Fire Underwriters, the annual charge for service shall not exceed the sum of twenty-five dollars (\$25) for the first manual fire alarm box, and the sum of five dollars (\$5) per annum for each additional manual fire alarm box in the same building, where there are sufficient subscribers within the same city block to require not less than fifty manual fire alarm boxes, and the Company shall make no charge for installation of equipment in such buildings.

Eleventh—The Board may, by resolution and notice to the Company, direct the Company to install manual fire alarm apparatus in any or all offices or buildings used by the City, situated in the portion of the City in which the Company shall operate at the time when such notice shall be given. The Company, upon receiving such notice, shall install such apparatus, free of charge, and shall furnish service at rates not exceeding fifty (50) per cent. of the rate charged by the Company for similar service to any corporation or to any other individual.

Twelfth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Thirteenth—The wires of the Company shall be employed for no other purposes than those expressly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Fourteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Fifteenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Sixteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and if the Company fails to remedy the same within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Seventeenth—If for a period of twelve consecutive months, the fire alarm and burglar alarm systems of the Company shall not be operated, or if the same shall not be operated for a period of eighteen months out of any consecutive twenty-four months, the Board may declare the right and franchise under this contract terminated without further proceedings at law or in equity.

Eighteenth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the systems hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.

15. Number and location of premises served by the Company.

16. Total receipts of the Company for each class of business.

17. Amounts paid by the Company for damage to persons or property on account of construction and operation.

18. Total expenses for operation, including salaries, and such other information in regard to the business of the Company as may be required by the Board.

Twentieth—This grant is upon the express condition that the Company, within ninety (90) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, in default of which payment of the annual charges the City shall collect the same with interest from the said fund after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnish service to applicants as herein provided or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars (\$50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in default, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and within a legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the system constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such cases such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-third—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

DEPARTMENT OF DOCKS AND FERRIES.

FILLING-IN PRIVILEGE.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

MONDAY, JUNE 27, 1910.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL, RECENTLY BUILT AT THE FOOT OF OLIVER STREET, EAST RIVER, ON PART OF THE JAMES SLIP SECTION ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITION OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from about the intersection of the easterly line of Oliver street,

prolonged offshore, and the bulkhead wall, and extending westerly along the bulkhead wall a distance of about 128 feet.

The filling shall be brought to a grade of about nine and one-half (9½) feet above mean low water at the new bulkhead wall, and shall extend inshore on a sloping grade to the level of the street adjacent.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to 2,800 cubic yards. Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built at the foot of Oliver street, on the East River, Borough of Manhattan, as above more fully described.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer. The intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All material must be dumped and filled in only in such manner, at such points, and in such order of procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 50 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within sixty days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other means, in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety on the surety contract duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

CALVIN TOMKINS, Commissioner.

Dated The City of New York, June 14, 1910.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

THURSDAY, JUNE 23, 1910.

FOR INSURING THE FERRYBOATS "MANHATTAN," "BROOKLYN," "BRONX," "QUEENS" AND "RICHMOND" TO BE EMPLOYED ON THE MUNICIPAL FERRIES BETWEEN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF RICHMOND, FOR A PERIOD OF ONE YEAR FROM JULY 16, 1910.

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuation:

For the ferryboats "Manhattan," "Brooklyn," "Bronx," "Queens" and "Richmond," \$300,000 for each boat, or a total of \$1,500,000 for the five boats; and in no case shall the Department be deemed as a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East Rivers, with the privilege to lay up, and make additions, alterations and repairs while running or while laid up, or to

go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hurt, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

Losses shall be payable in thirty days after proof of loss or damage, and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

Bids will be received by the Commissioner of Docks at Pier "A," foot of Battery place, until 12 o'clock noon on Thursday, June 23, 1910, at which time and place the estimates received will be publicly opened by the Commissioner of Docks and read, and the award of the contract made, according to the law, as soon thereafter as practicable.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent. of their estimates, in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deem it for the interest of the City so to do.

Office and Post Office Address, Hall of Records, Borough of Manhattan, New York City.

The following is the petition:

SUPREME COURT, APPELLATE DIVISION, FIRST JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, pursuant to the provisions of Chapter 276 of the Laws of 1910, for a determination of the amount of indebtedness incurred by said City prior to the first day of January, 1910, for the Manhattan and The Bronx Rapid Transit Railroad, which may be excluded in ascertaining the power of said City to become otherwise indebted, pursuant to the provisions of section ten of article eight of the Constitution.

THE PETITIONER AND APPLICATION OF THE City of New York, acting by its Board of Estimate and Apportionment, respectfully shows to the court upon information and belief:

First—Pursuant to the provisions of section ten of article eight of the Constitution, as amended, which went into effect on the first day of January, 1910, and which, among other things, provided that any indebtedness incurred by The City of New York for any rapid transit or dock investment prior to said first day of January, 1910, may be excluded proportionately to the extent to which the current net revenue received by such City therefrom shall meet the interest and the amortization installments thereof, and that the legislature should prescribe the method by which and the terms and conditions under which the amount of any debt to be so excluded should be determined, and that the legislature might, in its discretion, confer appropriate jurisdiction upon the Appellate Division of the Supreme Court in the First Judicial Department, for the purpose of determining the amount of any debt to be so excluded, the legislature passed an act, being chapter 276 of the Laws of 1910, which was duly signed by the Governor and went into effect on the 11th day of May, 1910.

By said act, which prescribed the method by which and the terms and conditions under which the amount of any debt to be so excluded should be determined, The City of New York, acting by the Board of Estimate and Apportionment of said City, was authorized to present to the Appellate Division of the Supreme Court in the First Judicial Department, a verified petition setting forth the facts and praying for a determination of the amount of any debt incurred by The City of New York for rapid transit or dock investment prior to the first day of January, 1910, which might be excluded in ascertaining the power of said City to become otherwise indebted under the provisions of said section ten of article eight of the Constitution and conferred jurisdiction upon said Appellate Division to make such determination.

The petitioner begs leave to submit to this Court upon the return day of the notice of the application heretofore certified copies of said section ten of article eight of the Constitution, as amended, and of chapter 276 of the Laws of 1910.

Second—Pursuant to the said constitutional provision and statute heretofore recited, the Board of Estimate and Apportionment of the petitioner, by a resolution duly adopted on the 20th day of May, 1910, required the Comptroller of the petitioner to prepare and submit to said Board a statement showing in detail indebtedness incurred by the petitioner for rapid transit investment prior to the first day of January, 1910, with the dates of maturity of such indebtedness, the terms of any and all agreements and contracts made by or in behalf of the petitioner with respect to such investment, the gross revenue received therefrom, the interest paid and to be paid by the petitioner on said indebtedness, the annual installments necessary for the amortization thereof, and the current net revenue derived from said investment, and pursuant to such resolution the said Comptroller did prepare and submit to said Board such statement, and thereupon, the said Board of Estimate and Apportionment, did, by resolution adopted on the 31st day of May, 1910, direct that application be made to this Court for a determination of the amount of indebtedness incurred by said City prior to the first day of January, 1910, for the Manhattan and The Bronx Rapid Transit Railroad, which may be excluded in ascertaining the power of the petitioner to become otherwise indebted under the provisions of said section ten of article eight of the Constitution of the State of New York.

Third—The material facts relative to the construction of the said Manhattan and The Bronx Rapid Transit Railroad are as follows:—Pursuant to a contract made and entered into under date of February 21, 1900, between the petitioner, acting by the Board of Rapid Transit Railroad Commissioners for The City of New York, and John B. McDonald and various supplemental, amendatory and modifying contracts, a rapid transit railroad was constructed by and at the expense of the petitioner which was and is known as the Manhattan and The Bronx Rapid Transit Railroad. A brief resume of said contracts is hereto annexed, marked "A," and forms part hereof to the same extent as if herein fully and at length set forth, and the petitioner asks leave to submit to this Court upon the return day of the notice of the application heretofore certified copies of said contract, dated February 21, 1900, and of said supplemental, amendatory and modifying contracts.

Fourth—Thereafter said railroad was constructed and was and has continued to be and is now being operated by the Interborough Rapid Transit Company, to which was assigned, with the consent of the Board of Rapid Transit Commissioners for The City of New York, so much of the said contracts as provided for the maintenance and operation of said rapid transit railroad including the equipment thereof and the right or obligation to maintain and operate the said road or roads in said contract described and all rights with respect to such maintenance or operation, or included in the leasing provisions of such contracts.

Fifth—The petitioner has issued its bonds to pay indebtedness incurred under said contracts prior to January 1st, 1910, as follows:

Bonds Sold in Year. Year of Maturity. Rate of Interest. Amount.

1901..... 1948 3½ \$4,000,000.00

1900..... 1949 3½ 1,000,000.00

No other bonds were issued by petitioner prior to January first, 1910, to pay such indebtedness. The current net revenue which the petitioner is receiving from the said Interborough Rapid Transit Company under the terms of said contracts, is the sum of \$2,001,472.91, apportioned as follows:

Interest—Rental \$1,557,535.36
One per cent. upon bonds issued by the petitioner upon which, under the terms of the contracts, the said Interborough Rapid Transit Company was to pay this percentage 443,937.55

The annual interest paid and to be paid by the petitioner on its bonds issued to pay indebtedness incurred and annual installment necessary for the amortization of such bonds is the sum of \$2,118,459.52, apportioned as follows:

Interest \$1,628,318.38
Amortization installment 490,141.14

\$2,118,459.52

The proportion of such indebtedness which may be excluded in ascertaining the power of said City to become otherwise indebted would therefore appear to be the proportion which the sum of \$2,001,472.91 bears to \$2,118,459.52.

Sixth—Under the contracts aforesaid work to be done and materials to be furnished to the amount of \$1,804,419.62 therein contracted for were not payable prior to the first day of January, 1910. A brief resume of said contracts showing the amounts agreed to be paid therefor and not paid, is as follows:

aid, as follows:	
Contracts Nos. 2124 and 6212—For fully equipping Rapid Transit Railway—outstanding liability December 31, 1909.....	\$611,740.07
(Modification of Contracts 2124 and 6212) 96th Street Extension—Outstanding liability December 31, 1909.....	671,505.34

Contract No. 25096—(Modification of Contracts 2124 and 6212) Construction of additional station facilities at 181st Street and St. Nicholas Avenue—outstanding liabilities December 31, 1909.....	150,453.87
Contract No. 25792—(Modification of Contract No. 2124) Construction and operation of Rapid Transit Railroad—Construction Zoological Park Station.....	31,000.00
	\$1,804,419.62

On the 31st day of December, 1909, there was pending a proceeding for the acquisition of easements of light, air and access appurtenant to land abutting on Westchester Avenue, Southern Boulevard and Inwood Road, in the Borough of The Bronx, City of New York, in which proceeding title to the easements taken vested in The City of New York on the 29th day of May, 1906.

On the said 31st day of December, 1909, there was also pending a proceeding for the acquisition of easements of light, air and access appurtenant to land abutting on Nagle Avenue, Tenth Avenue and Broadway, in the Boroughs of Manhattan and The Bronx, City of New York, in which proceeding title to the easements taken vested in The City of New York on the 23rd day of October, 1907.

These easements are being acquired for the purposes of the said Manhattan and The Bronx Rapid Transit Railroad.

There are no other proceedings pending for the acquisition of lands or easements for the purposes of said railroad.

Hearings in both of these proceedings are now being held, but the same have not been concluded and no awards to the owners of the abutting premises have been made.

While it is impossible to state the amount the City will be required to pay in these easement proceedings with accuracy, petitioner alleges that in no event under the most unfavorable circumstances will the City be held liable in such proceedings in excess of the sum of \$2,000,000. No other indebtedness or liability except as hereinbefore stated for or on account of said Manhattan and The Bronx Rapid Transit Railroad of any character whatever, has been contracted for or incurred by The City of New York.

The petitioners pay no interest upon either of the amounts hereinbefore in this paragraph of this petition mentioned and no installment is necessary for their amortization for the reason that the same have not been funded. The rate of interest and the time of maturity of the bonds to be issued to pay therefor have not been determined.

For the information of the Court a computation is here submitted of the annual installment which would be required for the amortization of these amounts and the annual interest thereon, upon the basis that bonds to be issued to pay therefor will bear interest at the highest probable rate, viz., 4 1/2 per cent., and that the minimum term of said bonds will be fifty years;—as follows:

Upon this basis the annual amortization installment and annual interest on the sum of \$1,804,419.62, hereinbefore mentioned, are as follows:	
Annual Amortization Installment.....	\$15,997.07
Annual Interest 81,198.88	
Upon this basis the annual amortization installment and annual interest on the sum of \$2,000,000 hereinbefore mentioned are as follows:	
Annual Amortization Installment.....	17,730.98
Annual Interest 90,000.00	

—making a total of:

Annual Amortization Installment..... \$33,728.05
Annual Interest 171,198.88

Seventh—By a resolution adopted by the said Board of Estimate and Apportionment on the First day of June, 1910, the said Board duly approved this petition, and directed that a copy thereof be spread upon its minutes and that the same be verified in behalf of this Board acting for The City of New York, by The Mayor, The Comptroller and the President of the Board of Aldermen.

Wherefore your petitioner prays that this Court will, pursuant to said Chapter 276 of the Laws of 1910, designate six daily newspapers of general circulation published in the City of New York, at least one of which is published in the Borough of Brooklyn, in said City, in which notice of this application shall be given as prescribed by said act and fix the date when the application of your petitioner shall be heard and that this Court shall determine the amount of such debt which may be excluded in ascertaining the power of The City of New York to become otherwise indebted under the provisions of section ten of article eight of the Constitution of the State of New York and for such other and further relief as may be just.

Dated New York, June 2, 1910.
THE CITY OF NEW YORK,
By the Board of Estimate and Apportionment of The City of New York.
W. J. GAYNOR, Mayor.
WM. A. PRENDERGAST, Comptroller.
JOHN PURROY MITCHELL, President of the Board of Aldermen.

City of New York, ss.:

William J. Gaynor, William A. Prendergast and John Purroy Mitchell, being severally duly sworn, depose and say, that William J. Gaynor is Mayor of The City of New York; that William A. Prendergast is Comptroller of The City of New York; and that John Purroy Mitchell is President of the Board of Aldermen of The City of New York; and as such are members of the Board of Estimate and Apportionment of the City of New York.

That by resolution adopted by said Board on the 1st day of June, 1910, deponents were authorized and directed by said Board to subscribe and verify the foregoing petition in behalf of said Board, acting for the petitioner herein.

That they have read and know the contents of the foregoing petition, and that the same is true to their own knowledge, except as to the matters therein stated to be alleged upon information and belief, and as to those matters they believe it to be true.

The reason this verification is made by deponents, and not by the petitioner, is that the petitioner is a domestic municipal corporation, of which deponents are officers. The source of deponents' information and the grounds of their belief as to the matters therein stated upon their knowledge, are the statement submitted by the Comptroller to said Board in this petition mentioned, information obtained from the books and records of the Department of Finance and of other departments of the City of New York, and statements made to them by certain officers and agents of the petitioner.

W. J. GAYNOR,
WM. A. PRENDERGAST,
JOHN PURROY MITCHELL.

Terms of any and all agreements and contracts made by or in behalf of The City of New York with respect to the Manhattan-Bronx Subway.

1. Contract for construction and operation, dated February 21, 1900, between the City of New York, acting by the Board of Rapid Transit Railroad Commissioners, for the City of New York and John B. McDonald, for the sum of \$35,000,000, and in addition the sum of \$1,000,000, for terminals and \$500,000, for real estate. The said contract provided that the contractor should deposit with the Comptroller bonds and cash aggregating \$6,000,000, for construction and a further continuing bond for \$1,000,000, for rental and also for construction and that the City should have a first lien on equipment as further security for the faithful performance by the contractor of the terms of the contract. Said contract also provided that upon default of the contractor the City should have the right to complete the road and hold the contractor liable for any excess of cost of the completion of such construction and equipment over the amount payable to the contractor therefor under the terms of the contract, or to make a new contract, and recover all damage the City might sustain thereby from the contractor, or after the road was complete to take possession of the same and as agent of the contractor operate the road, or make a subcontract, or terminate the contract, or use the remedies of a landlord, or make a new lease and bring suit for rental due under the said contract. The contract further provided that no change should be made in the contract except by written instrument duly authorized by the Board of Rapid Transit Commissioners or their successors and consented to by the contractor and his sureties; that no claim should be made against any member of the said Board personally; that the contractor should not be taxable on his interest under said contract or on equipment; that the contract should not be assigned without the written consent of the said Board; that no City official should be interested in the contract with the contractor; and that all necessary legal provisions should be deemed included in the contract. The said contract contained full specifications for the construction of the said subway, and further provided that the contractor should furnish the equipment necessary for operation.

In and by said contract The City of New York leased the subway when completed, to the contractor, upon terms as follows:

"The Contractor hereby agrees to equip, maintain and operate the Railroad during the whole of the said term. The said term shall be fifty (50) years, and shall run from the date on which Section 1 of the Railroad shall be declared by the Board to be ready for operation. Provided, however, that, if the Railroad shall include Sections II, III and IV or any of them, the term of the Lease as to each of such sections so included shall begin on the date or dates on which it shall be declared by the Board to be ready for operation and shall end at the end of the said first mentioned term of fifty years. The Contractor shall surrender possession of the Railroad at the end of the said term of fifty years or at the earlier termination of this Lease, as herein provided.

"The Contractor shall pay to the City rental for the Railroad, which rental shall consist of the following:

"(1) An annual sum equal to the annual interest payable by the City upon all bonds which shall be issued by it in order to provide means for construction. The amount of such interest shall be ascertained as of the time when the

Railroad shall be declared by the Board to be ready for operation; but it shall be increased from time to time by the amount of the annual interest payable by the City for all bonds which, after the date when the Railroad shall be so declared to be ready for operation, shall be issued in order to provide means for construction. The amount or amounts payable under this subdivision shall not be subject to decrease by reason of the refunding by the City at lower rates of interest of any of the bonds issued as aforesaid. Bonds issued in order to provide means for construction shall be deemed to include bonds issued to pay interest on bonds theretofore issued pursuant to this Contract under the provisions of section 34 of the Rapid Transit Act; but shall not be deemed to include bonds issued to pay for rights, terms, easements, privileges or property other than lands acquired in fee.

"(2) A further annual sum which shall be equal to one per centum upon the whole amount of the said bonds (with the exceptions above mentioned) except that the annual payment in excess of such interest shall, for each year during the period of five (5) years from the date at which the payment of rental shall begin, be such sum not exceeding such one (1) per centum as shall be equal to the excess of the profits of the Contractor for such year in the operation of the Railroad over five (5) per centum upon the capital of the Contractor invested in the enterprise, and except further that for each year during the second and immediately succeeding period of five (5) years, there shall, in lieu of such one per centum, be paid one-half (1/2) of such one (1) per centum, and in addition an amount not exceeding one-half (1/2) of such one (1) per centum which shall be equal to the excess of the profits of the Contractor for such year in the operation of the Railroad over five (5) per centum per annum upon its capital invested as aforesaid.

"The rental shall begin as to each Section with the date of the declaration of the Board that such Section is ready for operation, and shall be payable at the end of each quarter on the first days of January, April, July and October."

The said contract further provided that during the first ten years the contractor should at the time each payment of rental is due, furnish to the City a statement showing the profits derived by the contractor from the operation of the road, and after the expiration of the said ten years, should at the time each payment of rental is due deliver a statement showing the gross receipts from the road.

The contract further provided that the contractor should run local and express trains at certain intervals, should keep the road and stations in good condition, and use electricity or some other power, involving no construction as motive power, should at all times provide sufficient rolling stock, should keep the equipment in good order, the City retaining its lien on all new equipment, and should charge not exceeding five (5) cents for fare.

The contract contained a further provision as follows:

"Upon the written demand of the Contractor or its lawful assignee delivered to the Board not more than two (2) years and not less than one (1) year before the expiration of the term of this Lease, the Contractor shall be entitled to a renewal of the term of the term of twenty-five (25) years. Such renewal lease shall be in the same form as this lease except that, in lieu of the terms or terms of duration of this lease, such renewal lease shall be for the term of twenty-five (25) years from the date of the expiration of this lease, and except further that such renewal lease shall contain no provision for renewal and except further that the amount of the annual rental shall be an amount not less than the average amount of the annual rental for the ten (10) calendar years of the lease next preceding the Contractor's demand for renewal, and that the amount of such rental, subject to such minimum limit, shall be agreed upon between the Board and the Contractor or its assignee or, if they shall not agree, then the amount of such rental shall, subject to such minimum, be fixed by arbitration, or, if either party shall object to arbitration, or if the terms of procedure shall fail, then by an appropriate suit or proceeding in the Supreme Court of this State."

The contract further provided that at the termination of the lease or its renewal the City should buy and the Contractor should sell the whole of the property of the contractor employed in and about the equipment, maintenance and operation of the railroad at a reasonable price.

2. Agreement dated February 21, 1900, modifying foregoing contract with respect to security to be furnished by the contractor.

3. Agreement dated June 23, 1900, modifying foregoing contracts by changing the route where Fort George subway should be constructed in and about Fort George.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND EIGHTY-FOURTH STREET (although not yet named by proper authority), from Broadway to unnamed street (Overlook terrace), and opening and extending said unnamed street (Overlook terrace), from West One Hundred and Eighty-fourth Street to Fort Washington Avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:—First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of July, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 8th day of July, 1910, at 12 o'clock m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 7th day of July, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 11th day of July, 1910, at 1 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 27th day of March, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situated and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the line bisecting the angle formed by the prolongations of the centre lines of Bennett Avenue and the unnamed street meeting West One Hundred and Eighty-first Street westerly therefrom, distant 100 feet southwesterly from the southerly line of West One Hundred and Eighty-fourth Street, the said distance measured at right angles to the line of West One Hundred and Eighty-fourth Street, and running thence westerwardly in a course parallel with West One Hundred and Eighty-fourth Street to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Overlook terrace, the said distance being measured at right angles to the line of Overlook terrace; thence northwesterly along a line always distant 10 feet westerly from and parallel with the westerly line of Overlook terrace as laid out north of West One Hundred and Eighty-fourth Street to the intersection with a line distant 450 feet southerly from and parallel with the southerly line of Overlook terrace as laid out east of and adjacent to Fort Washington Avenue, the said distance being measured at right angles to the line of Overlook terrace; thence westerwardly and parallel with the said line of Overlook terrace, as laid out east of Fort Washington Avenue to the intersection with a line always distant 100 feet westerly from and parallel with the westerly line of Fort Washington Avenue, the said distance being measured at right angles to the line of Fort Washington; thence northwesterly along the said line parallel with said Fort Washington Avenue to the intersection with a line distant 750 feet northerly from the northerly line of Overlook terrace as laid out immediately east of Fort Washington Avenue, the said distance measured at right angles to the line of Overlook terrace; thence eastwardly along the said line parallel with Overlook terrace to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with Overlook terrace as laid out southerly from the angle point east of Fort Washington Avenue, the said distance being measured at right angles to the line of Overlook terrace; thence southwesterly along a line always distant 100 feet easterly from and parallel with the easterly line of Overlook terrace as laid out south of the angle point east of Fort Washington Avenue, and along the prolongation of the said course to the

the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of New York on the 22d day of March, 1910, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same duly verified to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 24th day of June, 1910, at one o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, June 9, 1910.

E. MORTIMER BOYLE,
JOHN DAVIS,
FRANCIS P. KENNEY,
Commissioners.

JOEL J. SQUIER, Clerk.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of PARKER STREET (avenue), from Protector Avenue to Wellington Avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III, thereof, in and for the County of New York, in the County Court-house, in the Borough of Manhattan, City of New York, on the 22d day of June, 1910, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York for the use of the public to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of Parker street (avenue), from Protector Avenue to Wellington Avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described pieces or parcels of land:

Parcel "A."

Beginning at a point in the western line of Westchester Avenue distant 831.53 feet north-easterly from the first angle point in said eastern line of Westchester Avenue east of Castle Hill Avenue:

1. Thence northeasterly along the western line of Westchester Avenue for 60 feet;
2. Thence northwesterly deflecting 90 degrees 16 minutes to the left for 926.59 feet;
3. Thence northwesterly deflecting 2 minutes 39 seconds to the right for 60.01 feet;
4. Thence northwesterly deflecting 56 seconds to the left for 1,013.36 feet;
5. Thence southwesterly deflecting 78 degrees 26 minutes 34 seconds to the left for 113.43 feet;
6. Thence westerly deflecting 28 degrees 9 minutes 36 seconds to the right for 207.67 feet;
7. Thence northwesterly deflecting 25 degrees 29 minutes 59 seconds to the right for 66.43 feet;
8. Thence southerly deflecting 115 degrees 24 minutes 59 seconds to the left for 144.75 feet;
9. Thence northeasterly deflecting 133 degrees 8 minutes 41 seconds to the left for 88.23 feet;
10. Thence easterly deflecting 43 degrees 8 minutes 41 seconds to the right for 323.98 feet;
11. Thence southeasterly deflecting 50 degrees 16 minutes 58 seconds to the right for 914.78 feet;
12. Thence southeasterly deflecting 56 seconds to the right for 60.01 feet;
13. Thence southeasterly for 927.18 feet to the point of beginning.

Parcel "B."

Beginning at a point in the eastern line of Westchester Avenue distant 886.33 feet north-easterly from the first angle point in said eastern line of Westchester Avenue east of Castle Hill Avenue:

1. Thence northeasterly along the eastern line of Westchester Avenue for 60 feet;
2. Thence southeasterly deflecting 89 degrees 44 minutes to the right for 348.05 feet;
3. Thence westerly deflecting 127 degrees 51 minutes 5 seconds to the right for 75.99 feet;
4. Thence northwesterly for 301.70 feet to the point of beginning.

Farker Avenue, from Protector Avenue to Wellington Avenue, is shown on "Section 47 of the Final Maps of the Borough of The Bronx," prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901 and amendatory acts. Which map was filed in the office of the President of the Borough of The Bronx, on April 29, 1909; in the office of the Register of the County of New York, on April 27, 1909, as Map No. 1326; and in the office of the Counsel to the Corporation of The City of New York, on April 27, 1909, in pigeonhole No. 116.

Land taken for Parker Avenue is located east of Bronx River.

The Board of Estimate and Apportionment on the 15th day of January, 1909, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the northerly line of Wellington Avenue where it is intersected by the prolongation of a line midway between Zerega Avenue and Parker Street, as these streets are laid out northwesterly from Westchester Avenue, and running thence southwesterly at right angles to Wellington Avenue, a distance of 160 feet; thence westerly and parallel with Wellington Avenue to the intersection with a line at right angles to Wellington Avenue, and passing through a point on its northerly side where it is intersected by the prolongation of a line midway between Parker Street and Glover Street; thence northwesterly along the said line at right angles

to Wellington Avenue to its northerly side; thence northwesterly along the said line midway between Parker Street and Glover Street, and along the prolongations of the said line to the intersection with the prolongation of a line midway between St. Raymond Avenue and Parker Street as these streets are laid out between Purdy Street and Castle Hill Avenue; thence westwardly along the said line midway between St. Raymond Avenue and Parker Street, and along the prolongation of the said line to a point distant 100 feet westerly from the westerly line of Purdy Street; thence northwesterly and parallel, respectively with Purdy Street and Protector Avenue to the intersection with the prolongation of a line distant 250 feet northerly from and parallel with the northerly line of Parker Street, as laid out between Protector Avenue and Castle Hill Avenue, the said distance being measured at right angles to the line of Parker Street; thence easterly along the said line parallel with Parker Street, and along the prolongation of the said line to the intersection with the prolongation of a line midway between Zerega Avenue and Parker Street, as these streets are laid out northwesterly from Westchester Avenue; thence south-easterly along the said line midway between Zerega Avenue and Parker Street and along the prolongations of the said line to the point or place of beginning.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of ELWOOD STREET, from Broadway to Hillside Avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of June, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 28th day of June, 1910, at 12 o'clock m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of June, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 29th day of June, 1910, at 1 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 7th day of May, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the east by a line midway between Elwood Street and Sickles Street and by the prolongations of the said line; on the south by a line always distant 100 feet southerly from and parallel with the southerly line of Hillside Avenue; the said distance being measured at right angles to Hillside Avenue; on the west by a line distant 135 feet westerly from and parallel with the westerly line of Elwood Street and by the prolongations of the said line, the said distance being measured at right angles to Elwood Street; and on the north by the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Sherman Avenue, as laid out between Sickles Street and Arden Street, the said distance being measured at right angles to Sherman Avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of June, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 26th day of July, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EMMA STREET (although not yet named by proper authority), from Flushing Avenue to William Street, in the Second Ward, Borough of Queens, City of New York, as amended by an order of the Supreme Court, duly made and entered herein on the 16th day of May, 1910, so as to conform to the lines of said street, as shown upon Sections 13 and 16 of the final maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and approved by the Mayor on the 4th day of June, 1909.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Anable Avenue, Long Island City, Borough of Queens, in The City of New York, on or before the 9th day of July, 1910, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of July, 1910, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Anable Avenue, Long Island City, in the Borough of Queens, in said City, there to remain until the 11th day of July, 1910.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of the southwesterly side of Emma Street and distant from the northwesterly side of Flushing Avenue 100 feet; thence running in a southeasterly direction along the last mentioned prolongation of the southwesterly side of Emma Street to the said northwesterly side of Flushing Avenue; thence running in a southeasterly direction along the said northwesterly side of Flushing Avenue to a point where the center line of the block between the southwesterly side of Emma Street and the northeasterly side of Sophie Street, if prolonged, would intersect the said northwesterly side of Flushing Avenue; thence running in a southeasterly direction along the center line prolonged, as aforesaid, and along the said last mentioned center line to where the same, if prolonged further, would intersect the southeasterly side of Nurge Street; thence running in a southeasterly direction to a point on the northerly side of Metropolitan Avenue at the center line of the block bounded by the southeasterly side of Nurge Street and the southwesterly side of Emma Street; thence running in an easterly direction along said northerly side of Metropolitan Avenue to where the said northerly side of Metropolitan Avenue intersects the southeasterly side of William Street; thence running in a northeasterly direction along the said southeasterly side of William Street to a point midway between the northwesterly side of Emma Street and the southwesterly side of Martin Street; thence running in a northwesterly direction along the last mentioned center line to where the same intersects the southeasterly side of Flushing Avenue; thence running in a southwesterly direction along the said southeasterly side of Flushing Avenue to the northeasterly side of Emma Street; thence running in a northeasterly direction along the said northeasterly side of Emma Street to a point on a prolongation of the said northwesterly side of Emma Street distant from the northwesterly side of Flushing Avenue 100 feet; thence running in a southwesterly direction on a straight line to the point or place of beginning as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 14th day of September, 1910, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motions to confirm the final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore

appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of PANAMA STREET, from Rockaway Road to the mean high water line of Jamaica Bay; of STANLEY AVENUE, from Shenandoah Street to Panama Street, and of SHENANDOAH STREET, from Stanley Avenue to the land owned by The City of New York and used for a sewage disposal plant, in the Fourth Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT BY an order of the Supreme Court, bearing date the 28th day of April, 1910, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, in the City of New York, on the 4th day of May, 1910, a copy of which order was duly filed in the office of the Clerk of the County of Queens, we, William S. Cogswell, Edward E. Sprague and J. H. Quinlan, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 4th day of May, 1910; and the said William S. Cogswell was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 4th day of May, 1910, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof. All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues, and affected thereby and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, at Long Island City, in the Borough of Queens, in the City of New York, with such affidavit and other proof as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 27th day of June, 1910, at 9 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimants or claimants, or such additional proofs, allegations as may then be offered by such owner or on behalf of The City of New York.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BAY RIDGE AVENUE, between Fifteenth avenue and New Utrecht avenue, and between Seventeenth street and Bay parkway, in the Thirtieth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 22d day of June, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 23d day of June, 1910, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 22d day of June, 1910, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 24th day of June, 1910, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of May, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

1. Bounded on the northwest by a line distant 100 feet northwesterly from and parallel with the northwesterly line of Fifteenth avenue, the said distance being measured at right angles to the line of Fifteenth avenue; on the northeast by a line midway between Sixty-eighth street and Bay Ridge avenue; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of New Utrecht avenue, the said distance being measured at right angles to the line of New Utrecht avenue; and on the southwest by a line midway between Bay Ridge avenue and Seventeenth street and by the prolongation of the said line.

2. Bounded on the northwest by a line distant 100 feet northwesterly from and parallel with the northwesterly line of Seventeenth avenue, the said distance being measured at right angles to the line of Seventeenth avenue; on the northeast by a line midway between Sixty-eighth street and Bay Ridge avenue; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of Bay parkway, the said distance being measured at right angles to the line of Bay parkway, and on the southwest by a line midway between Bay Ridge avenue and Seventeenth street and by the prolongation of the said line.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 5th day of July, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 15th day of August, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

NINTH JUDICIAL DISTRICT.

WESTCHESTER COUNTY.

Southern Aqueduct Department, Section No. 17.

In the matter of the application and petition of John A. Bensel, Charles N. Chadwick and Charles A. Shaw, constituting the Board of Water Supply of The City of New York, to acquire real estate for and on behalf of The City of New York, under chapter 724 of the Laws of 1905 and the acts amendatory thereof, in the Towns of Mount Pleasant and Greenburgh, Westchester County, N. Y., for the purpose of providing an additional supply of pure and wholesome water for the use of The City of New York.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905 and the laws amendatory thereof, and at the same time and place an application will be made for the consolidation of this proceeding with the proceeding known as Southern Aqueduct Department, Section No. 15, and in which an application was made to the Supreme Court, and is now pending therein, to include in said proceeding the real estate hereinafter described upon the ground that said hereinafter described real estate is adjacent and contiguous to the real estate in said proceeding.

Such application will be made at a Special Term of said Court, to be held in the Ninth Judicial District, Arthur S. Tompkins, Justice, at his chambers in the Village of Nyack, Rockland County, N. Y., on the 25th day of June, 1910, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard.

The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and one of whom shall reside in the county in which the real estate hereinafter described is situated, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners of and all persons interested in the real estate (as the term real estate is defined by said act) hereinafter described, as proposed to be taken or affected for the construction of the Catskill Aqueduct, filter beds and appurtenances, for the purpose of supplying The City of New York with an additional supply of pure and wholesome water.

The real estate sought to be taken or affected is situated in the Towns of Mount Pleasant

and Greenburgh, County of Westchester, State of New York.

A statement or description of the boundaries of the filter beds and the real estate to be acquired therefor, by courses and distances, is as follows:

All those certain pieces or parcels of real estate situated in the Towns of Mount Pleasant and Greenburgh, County of Westchester and State of New York, shown on a map entitled "Southern Aqueduct Department, Section No. 17. Board of Water Supply of The City of New York. Map of real estate situated in the Towns of Mt. Pleasant & Greenburgh, County of Westchester and State of New York, to be acquired by The City of New York under the provisions of Chapter 724 of the Laws of 1905 as amended, for the construction of filter beds and appurtenances along and north and south of Lower Cross Road," which map was filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on the 14th day of October, 1909, as Map No. 1879, which parcels are bounded and described as follows:

Beginning at the most southerly point of Parcel No. 1171, in the westerly line of Parcel No. 1022 of real estate section 15, Southern Aqueduct Department (the map of which section was filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on July 7, 1909, as Map No. 1683), and running thence along the southerly and westerly lines of said Parcel No. 1171, and partly along the southerly and along the westerly lines of Parcel No. 1170 the following courses and distances: North 55 degrees 23 minutes west 300 feet, north 43 degrees 7 minutes west 365.9 feet, south 83 degrees 2 minutes west 235.8 feet, south 77 degrees 27 minutes west 38.2 feet, south 83 degrees 39 minutes west 704.9 feet and north 10 degrees 49 minutes west 789.1 feet to a point in the southerly line of Parcel No. 1169, in the southerly line of a private lane leading to Saw Mill River road; thence along the southerly line of said lane and partly along said southerly parcel line, south 82 degrees 18 minutes west 924.7 feet, to the southwest corner of said parcel, in the easterly line of said Saw Mill River road; A statement or description of the boundaries of the real estate to be acquired for the construction of the Catskill Aqueduct and its appurtenances, by courses and distances, is as follows:

All those certain pieces or parcels of real estate situated in the Town of Mount Pleasant, County of Westchester and State of New York, shown on a map entitled "Board of Water Supply of The City of New York. Map of Parcels Numbers 1016-A and 1016-B situated in

the Town of Mount Pleasant, Westchester County, New York, August 31, 1909," which map was filed in the office of the Register of Westchester County, at White Plains, N. Y., on the 9th day of April, 1910, as Map No. 1901. Said Parcel No. 1016-A is bounded and described as follows:

Beginning at a point in the westerly line of Parcel No. 1016, shown on map of Section 15, Southern Aqueduct Department (the map of which section was filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on July 7, 1909, as Map No. 1683), which said point is 1,747.9 feet from the southwest corner of said Parcel No. 1016, measured along the westerly line of same, and running thence north 58 degrees 21 minutes west 25 feet, north 31 degrees 39 minutes east 150 feet and south 58 degrees 21 minutes east 25 feet to another point in the before mentioned westerly line of Parcel No. 1016; thence along the said line south 31 degrees 39 minutes west 150 feet to the point or place of beginning; containing 0.09 acre.

Said Parcel No. 1016-B is bounded and described as follows:

Beginning at a point in the easterly line of Parcel No. 1016, shown on map of Section 15, Southern Aqueduct Department (the map of which section was filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on July 7, 1909, as Map No. 1683), which said point is 1,737 feet northeasterly from the southeast corner of said Parcel No. 1016, measured along said easterly line, and running thence along said line the following courses and distances: North 31 degrees 39 minutes east 387.7 feet, south 1 degrees 9 minutes east 191.8 feet, south 35 degrees 2 minutes east 54.1 feet, south 42 degrees 30 minutes east 91.4 feet and south 43 degrees 27 minutes east 155.1 feet; thence north 79 degrees 53 minutes west 456.9 feet to the point or place of beginning; containing 1.56 acres.

All the real estate within the above described boundaries is to be acquired in fee, and includes all the parcels enumerated and shown on said maps as follows: Parcels Nos. 1166, 1167, 1168, 1169, 1170, 1171, 1016-A and 1016-B.

Reference is hereby made to the said maps, filed as aforesaid in the office of the Register of the County of Westchester, for a more detailed description of the real estate to be taken or affected within the exterior boundaries as above stated.

In all cases where the property sought to be acquired is used for railroad, highway or for other public purposes, the persons or corporations owning such real estate or claiming interest therein shall be allowed the use for such purposes of the said real estate until such time as The City of New York shall have the legal right to take possession of, close or change the same.

Dated May 11, 1910.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereon. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
