

## Start setting out your brown bin!

DSNY is now collecting your **organics** — food scraps and yard waste.

### Put items like these in your brown bin.

**Food Scraps** fruit, vegetables, meat, bones, dairy, prepared food

**Food-soiled Paper** napkins, tea bags, plates

**Leaf + Yard Waste** plants, leaves, twigs, grass

### Label your brown bin.

Write your address in permanent marker on the side and lid of the bin to prevent it from being taken or misplaced.

### Use a bag to line your brown bin.

Lining your bin helps to prevent food from freezing to the bin in the winter and keeps odors down in the summer.

### Latch the lid.

Prevent pests from getting into your bin by keeping the lid closed and fully latched.

### Set out your brown bin for collection.

Find your collection schedule and holiday pick-up information at [on.nyc.gov/collectionday](https://on.nyc.gov/collectionday) or call 311.

# ORGANICS COLLECTION HAS STARTED!

## Find Your Collection Schedule

For weekly and holiday pick-up information, visit [nyc.gov/organics](http://nyc.gov/organics) or call **311**.

## Missing Your Bin?

If your brown outdoor organics bin has been lost, broken, or stolen, visit [on.nyc.gov/replace-bin](http://on.nyc.gov/replace-bin).

## Learn more

Residents on commercial blocks or in buildings with 10 or more apartments can request a free bin. Visit [nyc.gov/organics](http://nyc.gov/organics) for FAQs and videos.
