## BOARD OF ARMORY COMMISSIONERS.

MAYOR'S OFFICE, CITY HALL,  
NEW YORK, July 16, 1889.

A meeting of the Armory Board was held this day at 1 P. M., at the office of his Honor, Mayor Grant.

Present—The Mayor, the President Commissioner of Taxes and Assessments, the Commissioner of the Public Works Department and Colonel James Cavanagh.

Colonel Cavanagh was sworn in as an Armory Commissioner by his Honor the Mayor.

The minutes of the last meeting were read and approved.

An application and affidavit were presented for payment to James D. Murphy of \$15,300, on account of his contract for masonry in the erection of the Twenty-second Regiment Armory. A certificate was received and read from the architect, Mr. John P. Leo, stating that materials and work have been furnished entitling the contractor to the above payment.

Commissioner Coleman offered the following:

Resolved, That the Comptroller be directed to pay to James D. Murphy, the contractor for masonry for the Twenty-second Regiment Armory, the sum of fifteen thousand three hundred dollars, the amount due him on this date, in accordance with the architect's certificate, and that a voucher for that amount be forwarded.

This resolution was adopted by the following vote: The Mayor, aye; the President of the Department of Taxes and Assessments, aye; the Commissioner of the Public Works Department, aye, and Colonel James Cavanagh, aye.

The following application was then read from Isaac A. Hopper for an extension of time on his contract; which was referred to Commissioner Coleman:

JULY 15, 1889.

To the Armory Board, City of New York:

GENTLEMEN—The time for the completion of my contract for the erection of new armory building for the Eighth Regiment will expire on August 9. Owing to the injury done to my work by the severe storms of November 9 and 10 last, causing me serious loss and delay in my work, I find I will not be able to complete by time specified in contract; therefore I hereby respectfully ask your Honorable Board to grant me an extension of two months' time. Trusting this application will meet with your favor, I am,

Respectfully, yours,

ISAAC A. HOPPER,

Contractor for New Armory Building, Eighth Regiment, N. G. S. N. Y.

Commissioner Coleman then offered the following:

Whereas, The Board of Estimate and Apportionment appropriated one thousand dollars for the rental of an armory building for the Eighth Regiment; and

Whereas, The premises known as the "Rink," at One Hundred and Seventh street and Lexington avenue were leased for that purpose at a rental of four hundred dollars per month, which exhausted the one thousand dollars on July 5, or thereabouts; and

Whereas, It is desirable that the regiment should be quartered there until it can be moved into the new armory;

Resolved, That the Comptroller be requested to renew the lease of the "Rink," on the same terms, for the space of one month from the termination of the present lease, and that the Board of Estimate and Apportionment be petitioned to transfer a sufficient sum from some unexhausted appropriation to pay the rental.

Which resolution was adopted by the following vote: The Mayor, aye; the President Commissioner of Taxes and Assessments, aye; the Commissioner of the Public Works Department, aye, and Colonel James Cavanagh, aye.

An application for a payment was made by Mr. Isaac A. Hopper, on his contract for the Eighth Regiment Armory. Which was laid over.

The meeting then adjourned.

M. COLEMAN, Secretary.

## AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their Office, No. 209 Stewart Building, on Wednesday, June 26, 1889, at 3 o'clock P. M.

Present—The Comptroller, the Commissioner of Public Works, and Commissioners Duane, Tucker, Scott and Howe.

The minutes of the stated meetings of June 5, 12 and 19, 1889, were read and approved.

Mr. Thomas C. T. Crain, Private Secretary of His Honor, the Mayor, appeared before the Commissioners and produced a copy of an opinion received from the Counsel to the Corporation which the Mayor desired to have read and spread on the minutes of the meeting; and stated that, inasmuch as the Mayor was unable to attend the meeting held to-day, he requested that, in case the resolutions concerning Consulting Engineer Church were called up, that he be given an opportunity hereafter of recording his vote.

On motion of Commissioner Scott, the opinion and papers referred to in the note at the end of said opinion were ordered spread in full on the minutes and filed, viz:

LAW DEPARTMENT,  
 OFFICE OF THE COUNSEL TO THE CORPORATION,  
 NEW YORK, June 26, 1889.

Hon. HUGH J. GRANT, Mayor:

SIR—I beg to acknowledge the receipt of your communication of the 20th instant inclosing a letter from Mr. B. S. Church, Consulting Engineer of the Aqueduct Commission, to you, and also a copy of a letter addressed by Mr. Church to General James C. Duane, President of the Aqueduct Commission, in which the eligibility of General Duane to the office of Aqueduct Commissioner is questioned, and your request for my opinion thereon.

The Aqueduct Commission, as now constituted, was created by chapter 584 of the Laws of 1888, whereby it was provided that said commission should consist of the Mayor, the Comptroller, the Commissioner of Public Works, and four competent persons appointed by the Mayor; and said act further provided that said "Commissioners other than the Mayor, Comptroller and Commissioner of Public Works shall receive a salary of five thousand dollars each per annum, and they and their successors, shall hold no other Federal, State, or Municipal office, except the office of Notary Public and Commissioner of Deeds."

General Duane exercises the duties of said office of Aqueduct Commissioner, by an appointment from Mayor Hewitt, intended to be made, under the grant of power conferred by the provisions of the aforesaid act, and since General Duane received the said appointment, he has, as you know, continuously exercised the functions and discharged the duties of an Aqueduct Commissioner.

The Aqueduct Commissioners are commissioners and officers of the City of New York, having the exclusive charge and direction of a public undertaking in course of construction, for the benefit of the municipality and at its exclusive cost.

Wood vs. Mayor, 7 Hun, 164.

People, ex. rel. Ryan, vs. the Civil Service Board, 41 Hun, 287.

Ehrgot vs. Mayor, 96 N. Y., 264.

Walsh vs. Mayor, 107 N. Y., 220.

Mayor vs. Tenth Nat. Bank, 111 N. Y., 454.

As to all officers of the municipality other than the four Aqueduct Commissioners appointed pursuant to the provisions of the act of 1888, it is provided (section 114 of chapter 335, Laws of 1873, section 55 of chapter 410, Laws of 1882), "That a person who shall, during his term of office accept, hold, or retain any other civil office of honor or trust, or emolument, under the Government of the United States (except Commissioners for the taking of bail, or register of any court) shall be deemed to have vacated any office held by him under the City Government."

The clear intent and effect of chapter 584 of the Laws of 1888 was to extend this inhibition, so as to render any person holding any Federal office ineligible to the office of Aqueduct Commissioner.

It is averred, and I assume that it is in fact true, that at the time of the intended appointment of General Duane as an Aqueduct Commissioner, he was, and now is, an officer of the United States army retired from active service, and that at that time he received and has since continued to receive pay at the diminished rate provided by law for officers so retired.

The question, then, is presented, "Does an officer of the United States Army, retired from active service," hold a "Federal office"? If a person in such a position does hold a Federal office, then it is clear that General Duane was ineligible to receive the appointment, and is now unlawfully holding the office of Aqueduct Commissioner.

An office is an appointment or an authority on behalf of the Government to perform certain duties usually at and for a certain compensation. It is a deputation for the benefit of the Government.

Smith vs. Mayor, 37 N. Y., 518.

Office has been defined to be an appointment on behalf of the Government in any station of public trust not merely transient, occasional or incidental (People vs. Nichols, 52 N. Y., 478, 484, 485). An office is a public station or employment conferred by appointment of the Government. The term embraces the idea of tenure, duration, emolument and duties (United States vs. Hartwell, 6 Wall., 385).

In order to determine whether the relation of General Duane to the Federal Government is that of an officer, it is necessary to ascertain what obligation of duty rests upon him, the tenure of his position, and the emoluments attached thereto.

#### 1. AS TO DUTIES:

(A.) Officers of the army on the retired list form a part of the Army of the United States.

Sec. 1094 R. S. of the United States.

(B.) Retired officers are entitled to wear the uniform of the rank upon which they were retired; shall continue to be borne on the Army Register, and remain subject to the rules and articles of war and to trial by General Court-martial for any breach thereof.

Sec. 1256 R. S. of the United States.

(C.) Such officer may be assigned to duty at the Soldiers' Home.

Sec. 1259 R. S. of the United States.

(D.) They may be detailed to serve as Professors in any College.

Sec. 1265 R. S. of the United States.

#### 2. AS TO THE TENURE:

An officer of the United States Army holds his position by an assured tenure, unlimited by any specification as to time.

#### 3. AS TO EMOLUMENTS:

The emolument of an officer of the United States Army retired from active service is fixed by law at seventy-five per cent. of the pay of the rank upon which he was retired.

Sec. 1274 R. S. of the United States.

In the case of Tyler vs. United States, decided in the Court of Claims, that Court, in giving judgment against the Government, defined the legal status of an officer of the United States Army on the retired list as follows:

"Defendants, the United States Government, further contend that officers on the retired list are not entitled to longevity pay allowed by section 1262 of the Revised Statutes, except for periods of five years in which they were in active service; that when they are placed on the retired list they cease to be in service, and so the periods therein specified cease to run.

"We deem this to be an entire departure from the true meaning of the section.

"The statute gives to each commissioned officer below the rank of brigadier-general additional pay for each term of five years' service; that is, service as a commissioned officer in the regular army, excluding only service in any other capacity such as that of an officer in the volunteer service, or that of a non-commissioned officer or enlisted man.

"The construction which the defendants urge would place retired officers wholly out of the service. That is certainly not the intention of the law, either expressly or implied.

"Officers on the retired list still remain in the service. They hold commissions as officers of the army, and by section 1094 of the Revised Statutes they are expressly designated as among those of whom the Army of the United States shall consist. It is true that they are generally exempt from active service. But they may be assigned to duty at the Soldiers' Home (Revised Statutes, section 1259), and they are specially subject to many provisions of law which are imposed upon them for the very reason that they are in service as officers of the army. By Revised Statutes, section 1256, they are entitled to wear the uniform of the rank on which they are retired; their names are continued on the Army Register, and they are made subject to the rules and articles of war and to trial by General Court-martial for any breach thereof.

"The sixty-first article of war provides that any officer who is convicted of misconduct unbecoming an officer or a gentleman shall be dismissed from the service. There is no doubt that officers may be dismissed from the retired list, under this article, and, in the point of fact, retired officers have been so dismissed. That could not be the case unless they are held to be in the service.

"By section 1223 of the Revised Statutes, retired officers, like all other officers of the army, are prohibited from holding any appointment in the diplomatic or consular service of the Government on the pain of being held to have resigned their places in the army.

"Besides being officers in the army, Congress can, at a y time, impose upon them special duties which they would be forced to perform.

"These citations and illustrations are sufficient to show that officers do not cease to be in the service, by the mere fact of being placed on the retired list and relieved from active duties."

16 Court of Claims, Repts. 234.

And in affirming the judgment in that case, the Supreme Court of the United States, in discussing the status of an officer of the United States Army on the retired list, uses this language:

"It is impossible to hold that men who are declared by statute to be a part of the army, who may wear its uniform, whose names shall be borne upon its Army Register, who may be assigned by their superior officers to specified duties, be detailed as other officers are, who are subject to the Rules and Articles of War and may be tried, not by a jury as other citizens are, but by a military court-martial for any breach of those rules, and who may finally be dismissed on such trial from the service in disgrace, are still not in the military service. If Congress choose to provide for their qualified relief from active duty for a diminished compensation it did not discharge them from their other obligations as part of the army of the United States. We are of the opinion that retired officers are in the military service of the Government, and that the increased pay of ten per cent for each five years' service applies to the years so passed in the service after retirement as well as before."

Tyler vs. U. S., 105 U. S., 244.

For the reasons stated herein, and upon the authorities cited, I am of the opinion that at the time General Duane was appointed an Aqueduct Commissioner by your predecessor he was ineligible to receive such an appointment, because he was then holding a Federal office, and consequently within the inhibition contained in the statute; and the appointment having been made in direct violation of the plain provisions of the act, it follows that General Duane is now unlawfully exercising the function and discharging the duties of an Aqueduct Commissioner.

Yours respectfully,

WILLIAM H. CLARK, Counsel to the Corporation.

Enclosed—Copy of a letter addressed by me to Gen. Duane, his reply thereto, and a letter from Mr. John H. Strahan to me concurring in the above opinion.

NEW YORK, June 25, 1889.

WILLIAM H. CLARK, Esq., Counsel to the Corporation:

DEAR SIR—In my opinion General Duane, being an officer of the Federal Army, on the retired list, holds a Federal office, and was not therefore eligible, and could not, under the statute of 1888, be lawfully appointed an Aqueduct Commissioner. I concur with you in your opinion on this subject to the Mayor of this date.

Respectfully,

JOHN H. STRAHAN.

LAW DEPARTMENT,  
 OFFICE OF THE COUNSEL TO THE CORPORATION,  
 NEW YORK, June 22, 1889.

Gen. JAMES C. DUANE, President of the Board of Aqueduct Commissioners:

MY DEAR SIR—The Mayor has requested my opinion upon the question recently raised in relation to your eligibility to the office of Aqueduct Commissioner, and has transmitted to me a copy of the letter of Engineer Church to yourself.

Will you please inform me what office, if any, you hold, other than that of Aqueduct Commissioner, and indicate your views in relation to the question.

I hope it will be convenient to you to answer this letter on or before Tuesday next.

I remain, yours, very respectfully,

WILLIAM H. CLARK, Counsel to the Corporation.

NEW YORK, June 25, 1889.

*Hon. WILLIAM H. CLARK, Counsel to the Corporation:*

SIR—I am in receipt of your communication bearing date June 22, stating that the Mayor has requested your opinion upon the question recently raised by Consulting Engineer Church as to my eligibility to the office of Aqueduct Commissioner.

You ask me to inform you what office, if any, I hold other than that of Aqueduct Commissioner, and to indicate my views in relation to the question.

You especially request a reply not later than to-day, and as I received your letter only yesterday, you will, I am sure, pardon me if I make my reply brief.

As to your first question, viz.: What office, if any, I hold other than that of Aqueduct Commissioner, I reply that I hold none.

As to my views on the question raised by Mr. Church's letter, I am of course no lawyer, and feel hardly competent to discuss the question from a legal standpoint.

In order, however, that you may have all the facts in the case clearly before you, I may state that on the 11th day of October, 1886, I was duly appointed Chief of Engineers in the Army of the United States, an office created by section 1151 of the Revised Statutes of the United States. That office I held until the 30th day of June, 1888, when I was retired from the service by reason of having attained the age prescribed by statute, and Col. T. L. Casey was appointed Chief of Engineers in my place.

Upon my retirement, I, of course, ceased to hold the office of Chief of Engineers, and as I held no other office except that, and have been appointed to none since (except that of Aqueduct Commissioner), I cannot understand how it can be successfully claimed that I hold any other office than that of such Commissioner.

I am informed that the law lexicographers and the reported cases in this State and elsewhere define the word "office," when used in a public statute in the manner in which, and for the purpose for which, it appears to be used in the Aqueduct Act, as a right to exercise a public function or employment, and to take the fees and emoluments belonging to it; that the word conveys the idea of public employment, involving duties to be performed, an obligation to perform them, and the right to insist upon exercising them.

In 1870 the Adjutant General of the army published in General Orders an Act of Congress, approved January 21, 1870, entitled "Public—No. 7—An act relating to retired officers of the army," whereby it was enacted that no retired officer of the army should thereafter be assigned to duty of any kind, and that all such assignments theretofore made should terminate. This act, as I am informed, has never been repealed.

I am also informed that the Attorney General of the United States has expressed the opinion that the retirement of an officer, under the same statute pursuant to which I was retired, creates a vacancy to be filled by the promotion of the officer next in rank, and that to reinstate such retired officer a new appointment is necessary, which can be made by the President, only with the advice and consent of the Senate, and then only in a case where a vacancy exists and can lawfully be filled.

I am informed that there are a number of reported cases in the highest courts of this State defining the words "office" and "officer" when used as the former word is used in the act under which I hold my present appointment. With these of course you are familiar.

What I have said in this letter will indicate to you in brief my reasons for believing and asserting that I hold no office other than that of "Aqueduct Commissioner."

If there are any facts bearing upon the question within my knowledge, and which I have omitted to state, I shall be happy at any time to furnish you with them.

Yours, very respectfully,

J. C. DUANE, President, Aqueduct Commission.

The Committee also presented the following:

Clinch to be allowed forty-nine days' pay which he claims to have been deducted from him while employed on the New Aqueduct as an Inspector of Masonry from December 4, 1888, to January 23, 1889, and it appearing that such suspension took place since the passage of a resolution on January 4, 1888, by the Committee on Construction of the Aqueduct Commissioners, which provides that on and after January 4, 1888, all Inspectors are only to be paid for the time they are on duty on the work, we recommend the adoption of the following resolution:

On motion of Commissioner Tucker, the same was adopted.

The Committee also reported in favor of the adoption of the following resolution:

The Committee also presented the following:

NEW YORK, June 21, 1889.

*Honorable Aqueduct Commissioners:*

GENILEMEN—I have your communication of June 13 before me, transmitting the resolution of your Board adopted at its meeting on the 12th instant, as to the propriety of purchasing Jerome Park lands for Aqueduct purposes, at present or in the future.

Allow me to thank you for the attention bestowed upon me by your selection.

The possibilities of the advance in the selling price of the real estate in question are well known to most operators and large holders in the Annexed District, as well as to yourselves; but it would not be wise to hazard an opinion as to just what extent it may advance, or that it will advance, to

any certain value, within a certain time; neither is it possible to predict that no depression shall ensue, within the period you name, which will retard such advancement, more or less; or that some rapid transit scheme may be promulgated within the time, producing an opposite effect.

Owing to the many duties imposed upon me because of my connection with the Department of Taxes and Assessments, the Board of Estimate and Apportionment, and the Armory Board, I hardly have time to give such a question proper consideration, and I therefore beg you will excuse me from any further action in the matter.

Very respectfully,

MICHAEL COLEMAN, President Department Taxes and Assessments.

—and reported in favor of the adoption of the following preambles and resolution:

Whereas, By a resolution adopted by the Aqueduct Commissioners on January 12, 1889, the Hon. Michael Coleman, President of the Department of Taxes and Assessments, and Hugh N. Camp, Esq., were requested to severally advise this Commission whether or not in their opinion the increase in the value of the property known as "Jerome Park," in the Twenty-third Ward of the City of New York, as shown on the map and survey on file in the office of this Commission, during the next five years will or will not be likely to exceed the cost to the city for interest upon the present value of said property and for loss of taxes if proceedings for the acquisition of said property were commenced at once; and,

Whereas, Said Michael Coleman has declined to serve in such capacity, and has notified the Aqueduct Commissioners that he would not have sufficient time to give the question proper consideration; therefore

Resolved, That Charles S. Brown, of No. 59 Liberty street, New York, be and he is hereby appointed for said purpose in place of said Michael Coleman.

On motion of the Commissioner of Public Works, the same were referred to the Committee of Finance and Audit, with power.

The Comptroller presented the following:

CITY OF NEW YORK,  
FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,  
June 24, 1889.

*Gen. JAMES C. DUANE, President, New Aqueduct Commission:*

SIR—"Additional Water Stock" for \$200,000 was issued on June 19, to the Commissioners of the Sinking Fund, at par, bearing interest of two and one-half per cent. per annum, and payable in 1907, upon the requisition of the Aqueduct Commissioners for \$1,000,000, dated January 23, 1889, making a total issue of \$850,000 to date.

Respectfully,

THEO. W. MYERS, Comptroller.

On motion of Commissioner Scott, the same was ordered entered upon the books of the Commission and filed.

The Comptroller, under date of June 22, 1889, gave notice of the issue of a warrant for the payment of a voucher not certified to by the Aqueduct Commissioners, for Manhattan Island Section—Additional lands..... \$1,200 00

—leaving a balance to the credit of "Additional Water Fund" of \$150,913.27.

Which was ordered entered upon the books of the Commission and filed.

Commissioner Scott then moved that when the Commissioners adjourn, they adjourn to meet at 2 o'clock P. M., on Wednesday, July 10, 1889. Carried.

The Commissioners then adjourned.

JOHN C. SHEEHAN, Secretary.

### BOARD OF THE CITY RECORD.

#### TO CONTRACTORS.

#### PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE District Courts of the City Government with Printing and Stationery, including Books, Blank Books, etc., as per annexed specifications, will be received at the office of the Mayor, in the City of New York, until 12 o'clock M. of Thursday, the 25th day of July, 1889, at which place and time said estimates will be publicly opened and read.

Any person making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing Printing and Stationery," and also the name of the person making it, and the date of its presentation.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for his faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate, full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Secretary of the Board of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Secretary and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—Bidders will state a total price for each description of Printing or Stationery, including Blank Books, as set forth in the specification. Separate bids will be received (1) for all the Printing, (2) for all the Stationery, including Blank Books, but all estimates will be considered *in total* which do not contain bids for all the items of Printing, or for all the items of Stationery, including Blank Books, for which bids are called herein.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of the City Record to reject any or all bids which may be deemed prejudicial to the public interests.

The entire quantity of Printing, Stationery and Books, is to be put up in packages and delivered at such times and places and in such quantities as shall be directed by the Board of the City Record.

Separate contracts will be made with the lowest bidder for each and every description of Printing, or articles of Stationery or Books, involving an expense of more than five hundred dollars.

#### DESCRIPTION OF ARTICLES.

ESTIMATES FOR DREDGING AT THE BULKHEAD between Perry street and West Eleventh street, on the North river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 1 o'clock P. M. of

FRIDAY, JULY 26, 1889,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of One Hundred and Fifty Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

Bulkhead between Perry street and West Eleventh street, North river..... 2,000 cubic yards

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

(1) Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefore per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the twenty-sixth day of August, 1889, and the damages to be paid by the Contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the material excavated is to be removed by the Contractor, and deposited in all respects, according to law.

Bidders will state in their estimates a price per cubic yard, for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for his faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

—will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9:30 o'clock A. M. of Friday, July 26, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Crockery, Dry Goods, Lumber, etc." with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said

Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Dated New York, July 15, 1889.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of **TWELVE THOUSAND (\$12,000) DOLLARS**.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

Dated New York, July 5, 1889.

CHAS. E. SIMMONS, M. D., Commissioner,  
EDWARD C. SHEEHY, Commissioner,

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

Such check or money must NOT be inclosed in the sealed envelope

containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half cent per ton (Custom House measurement) for each time they take water.

Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons.

All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates.

By order,  
THOMAS F. GILROY,  
Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
NO. 31 CHAMBERS STREET,  
NEW YORK, June 18, 1889.

#### NOTICE TO CROTON WATER CONSUMERS.

**NUMEROUS APPLICATIONS HAVE BEEN** made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water used.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

THOMAS F. GILROY,  
Commissioner of Public Works.
