

THE CITY RECORD.

OFFICIAL JOURNAL.

VOL. VIII.

NEW YORK, MONDAY, APRIL 12, 1880.

NUMBER 2,083.

APPROVED PAPERS

Ordinances, resolutions, etc., approved by the Mayor during the Week ending April 10, 1880.

Resolved, That permission be and the same is hereby given to Owen Donnelly to place and keep a watering-trough on the sidewalk in front of No. 480 West Thirty seventh street, corner of Tenth avenue, the work done and water supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, March 23, 1880.
Approved by the Mayor, April 5, 1880.

Resolved, That Patrick Cleary be and he is hereby appointed a Commissioner of Deeds in and for the City and County of New York, in place of John Klein whose term of office expires April 1, 1880.

Adopted by the Board of Aldermen, March 23, 1880.
Approved by the Mayor, April 5, 1880.

Resolved, That the vacant lots on the south side of Fifty-ninth street, between Fifth and Sixth avenues, be fenced in, where not already done, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, March 23, 1880.
Approved by the Mayor, April 5, 1880.

Whereas, The Murray Hill Reservoir formed originally an important part of the system of water supply and distribution in this city, and especially for that portion below Fortieth street; and

Whereas, In the opinion of eminent civil engineers and experts, and many persons interested in the water supply of that section of the city, this reservoir is now considered necessary for domestic convenience and the safety of property in case of fire; and

Whereas, Great inconvenience has been felt in the lower part of the city, especially within the last few years, on account of low pressure, and an insufficient supply of water; and

Whereas, There has not been maintained a full head of water in the Murray Hill Reservoir by keeping the main connecting it with the Receiving Reservoir in Central Park always open and the supply constant; and

Whereas, The Commissioner of Public Works has recently addressed a communication to one of the State Senators from this city, in which he states, that by his direction "for five weeks no water was let into the Forty-second Street Reservoir, and for three weeks none was let out," with the evident purpose of influencing legislation in favor of a pending bill for the removal of the said reservoir; and

Whereas, It appears from this communication that the Commissioner of Public Works has, without lawful authority, discarded the Forty-second Street Reservoir as a part of the system of supply and distribution of water of this city, by partially, and for a time wholly, cutting off the water to and from the reservoir; therefore

Resolved, That this Board strongly condemns this unauthorized and detrimental action of the Commissioner of Public Works, and that he is hereby instructed to take measures immediately for opening, and keeping open constantly, the mains leading to and from the Murray Hill Reservoir, in order to maintain therein a full head of water, and constant supply therefrom, equal to its greatest capacity, and that he be directed also not to lessen the supply of water from that source without the consent of the Common Council first had and obtained.

Adopted by the Board of Aldermen, March 9, 1880.
Received from his Honor the Mayor, March 23, 1880, with his objections thereto.
In Board of Aldermen, April 6, 1880, taken up and considered, as provided in section 13 chapter 335, Laws of 1873, and adopted, notwithstanding the objections of his Honor the Mayor, three-fourths of all the members elected voting in favor thereof.

Resolved, That permission be and the same is hereby given to Mr. Francis P. Fernald to construct two bow-windows in front of building to be erected by him on West Thirty-seventh street, between Sixth avenue and Broadway, on each story above the first, said bow-windows not to extend over thirty inches beyond the line of the street, as per diagram below, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, March 23, 1880.
Approved by the Mayor, April 6, 1880.

Resolved, That permission be and the same is hereby given to C. R. Robert to place and keep a bay-window and stoop on the building on the northwest corner of University place and Washington square, as shown on the annexed diagram, he being the owner of the entire property from Washington square to Washington alley, the work done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, April 6, 1880.
Approved by the Mayor, April 7, 1880.

Resolved, That permission be and the same is hereby given to Lawrence Brady to erect a watering-trough in front of No. 637 Tenth avenue, the water to be supplied and the work done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, March 31, 1880.
Approved by the Mayor, April 8, 1880.

Resolved, That the vacant lots at the southwest corner of First avenue and Sixty-first street be fenced in, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, March 30, 1880.
Approved by the Mayor, April 8, 1880.

Resolved, That a free drinking-hydrant be placed on the northwest corner of Concord avenue and One Hundred and Sixty-third street, under the direction of the Commissioner of Public Works.

Adopted by the Board of Aldermen, March 30, 1880.
Approved by the Mayor, April 8, 1880.

Resolved, That Croton-mains be laid in One Hundred and Sixty-third street, between Washington and Third avenues, as provided in chapter 381, Laws of 1879.

Adopted by the Board of Aldermen, March 30, 1880.
Approved by the Mayor, April 8, 1880.

Resolved, That Croton-mains be laid in One Hundred and Sixty-seventh street, from Washington to Railroad avenue, as provided in chapter 381, Laws of 1879.

Adopted by the Board of Aldermen, March 30, 1880.
Approved by the Mayor, April 8, 1880.

Resolved, That the vacant lots on the west side of the Boulevard, from Seventy-second to Seventy-fourth street, be fenced in, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Adopted by the Board of Aldermen, March 30, 1880.
Approved by the Mayor, April 8, 1880.

Resolved, That permission be and the same is hereby given to Charles N. Perkins to place two ornamental lamp-posts and lamps in front of his premises, No. 1397 Broadway, provided the said posts shall not exceed the dimensions prescribed by ordinance, the work to be done and gas supplied at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, March 30, 1880.
Approved by the Mayor, April 8, 1880.

Resolved, That Pierre C. Talman be and he is hereby appointed a Commissioner of Deeds in and for the City and County of New York, in place of William Ettinger, whose term of office has expired.

Adopted by the Board of Aldermen, April 6, 1880.
Approved by the Mayor, April 8, 1880.

Whereas, We witness with unfeigned regret a disposition on the part of capital and labor in different branches of trade in this city towards an open rupture in the shape of a lock-out, and as such acts are subversive of that good feeling that should exist between the employer and employed it behooves us in our legislative capacity to exert our offices in a kind and generous manner towards a prompt and peaceful settlement.

And although we have no disposition to enter into the merits of the question at issue, still we would urge upon those people the remembrance of previous strikes which have occurred many years ago, where irreparable injury has been done certain interests from which they have never fully recovered.

These misunderstandings that occur from time to time have a tendency to drive from our midst a large amount of capital, the loss of which entails a loss of occupation and consequent distress. The present impetus given to trade is due solely to the encouragement and enterprise of our manufacturers, who should have a fair return from the capital employed, but still we should not lose sight of the fact that as commodities in general having taken an upward tendency the claim of the employee towards an increased compensation should be carefully and properly adjusted.

With this end in view we appeal to you, the masters and employees of this city, to exercise a spirit of toleration and liberality towards each other, and no doubt but what an amicable settlement could be effected; therefore, be it

Resolved, That it is the sense and earnest request of this Board that, where questions affecting the vital interests of those people, a board of arbitration, consisting of an equal number from each body, be convened where a proper discussion of grievances would take place, and the action of said board be binding upon both bodies.

Adopted by the Board of Aldermen, March 23, 1879.

Received from his Honor the Mayor, April 10, 1879, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

FRANCIS J. TWOMEY,
Clerk Common Council.

LAWS OF NEW YORK, 1880.

CHAPTER 90.

AN ACT to authorize the police department or board of police of any city to appoint policemen of district telegraph companies.

Passed April 2, 1880: three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The police department or board of police of any city is hereby authorized, in addition to the police force now authorized by law, to appoint a number of persons, not exceeding two hundred, who may be designated by any company which may be operating a system of signaling by telegraph to a central office for police assistance, to act as special patrolmen in connection with such telegraphic system. And the persons so appointed shall, in and about such service, have all the powers possessed by the members of the regular force, except as may be limited by and subject to the supervision and control of the police department or board of police of said city.

SEC. 2. No person shall be appointed as a special patrolman under this act, who does not possess the qualifications which may be required by such police department or board of police for said special service; and the persons so appointed shall be subject, in case of emergency, to do duty as a part of the regular police force of such city. The police department or board of police shall have power to revoke any such appointment or appointments at any time, and every person so appointed shall wear a badge and uniform, to be furnished by such company and approved by the police department or board of police. Such uniform shall be designated at the time of the first appointment under this act, and shall be the permanent uniform to be worn by said special police.

SEC. 3. The pay of such special patrolmen, and all expenses connected with their service shall be wholly paid by such company or companies, and no expense or liability shall at any time be incurred or paid by the police department or board of police of any city for, or by reason of, the services of the persons so as afore-said appointed.

SEC. 4. This act shall take effect immediately.

BOARD OF ASSESSORS.

DEPARTMENT OF BUILDINGS.

[BOARD OF EXAMINERS.]

DEPARTMENT OF BUILDINGS,
OFFICE OF SUPERINTENDENT, No. 2 FOURTH AVENUE,
NEW YORK, April 6, 1880.

At a meeting of the Board of Examiners, held pursuant to call of Superintendent of Buildings, at the office of the Department of Buildings, No. 2 Fourth avenue, on Tuesday, the 6th of April, 1880, at 3 P. M.

There being present John Banta, James M. McLean, Henry Dudley, Edwin Dobbs, and Deputy Superintendent Frederic Diaper. Deputy Superintendent Diaper presiding.

The Chairman submitted for the action of the Board, the hereinafter named petitions and applications, to wit, the same having been laid over from last meeting:

Petition of Hugh Meehan to build the bearing wall of building southeast corner of One Hundred and Eighth street and Fourth avenue, 12 inches thick on line of Fourth avenue, as per Plans and Specifications for New Building, No. 126, filed February 16, 1880. Moved that so much of said petition be approved as will permit the construction of said bearing wall 12 inches in thickness above the top of third story floor beams. Approved unanimously.

Petition of A. Vandalsen & Arnot to build an additional story on building No. 5 Front street with 12-inch walls, as per Plan and Specifications for Alterations No. 175, filed February 21, 1880. Moved to be reconsidered, and approved unanimously.

Petition of Thomas S. Goodwin, in behalf of B. T. Babbitt, to build an additional story on two buildings Nos. 78 and 84 Washington street, now seven stories high, with walls 32 inches thick in basement (driven piles underneath), 24 inches thick, through first and second stories, and 16 inches thick thence to top. The walls of said additional story to be 16 inches thick, as per Plans and Specifications for Alterations No. 240, filed March 5, 1880. Disapproved unanimously.

Also the following new petitions:

DEPARTMENT OF BUILDINGS.

DEPARTMENT OF BUILDINGS,
OFFICE OF SUPERINTENDENT, No. 2 FOURTH AVENUE,
NEW YORK, December, 1879.

NOTICE TO PROPERTY OWNERS AND BUILDERS.

FOR THE PROTECTION OF THEIR INTERESTS.
Property owners and builders are requested to refuse admission into their buildings to any officer of this Department who does not show his proper badge of office on demand.

All badges issued from this office are shield shaped, with the title of the officer, the name of this Department, and the number engraved thereon, and are numbered from 1 to 50. The following badges are lost or stolen: Inspectors, badges Nos. 4, 8, 9, 11, 12, 21, 22, 23, 35, 38, 39, 42, 43, 45, 46, 48, 49, and 50. Fire Escape Examiners, badges Nos. 3 and 8, and Messenger's badge No. 7. All parties professing to be officers of this Department not provided with badges of the above description, or who attempt to use badges of the above named missing numbers, or an oval shaped badge, formerly used in the Department, are impostors, and the public are cautioned against recognizing such persons, and are requested to report the same to this office in any case that may come to their notice.
HENRY J. DUDLEY,
Superintendent of Buildings.

—or any part thereof, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9 o'clock A. M., of Friday, the 16th day of April, 1880. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Lumber, etc.," and with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time or place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates

if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.
Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department; but the entire quantity will be required to be delivered on or before thirty (30) days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or her therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purposes, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and that he is the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded, neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise, must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.
Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time as the Commissioners may determine.
Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
Dated New York, April 5, 1880.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1879.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty, by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambers street entrance).

- Lot 21. Pier at East One Hundred and Twenty-ninth
street.

TERMS AND CONDITIONS OF THE SALE.

The Department will make, prior to the commence-
ment of the term of lease in each case, such repairs to
any of the above-named premises, in the judgment of the
Commissioners, needing them, as they may consider nec-
essary to place the premises in suitable condition for
service during the term for which leases are to be sold,
except that no repairs will be made to any of the above-
named premises where it is stated that they will not be
repaired by the Department; but all the premises must
be taken in the condition in which they may be on
the date of commencement of said terms, respectively;
and no claim that the property is not in suitable condition
at the commencement of the lease, will be allowed by
the Department; and all repairs and rebuilding required
and necessary, during the terms leased, are to be done at
the expense and cost of the lessees.

Purchasers will be allowed three months, from date of
commencement of their leases, in which to notify the De-
partment that dredging is required at the premises leased;
and the Commissioners guarantee to do all possible dredg-
ing, as soon after being notified of the necessity thereof,
as the work of the Department will permit, except that no
dredging will be done at any of the above-named premises
where it is stated that they will not be dredged by the De-
partment; but in no case will the Department dredge
where a depth of ten feet at mean low water already exists,
nor after that depth shall have been obtained by dredg-
ing; and no claim will be received or considered by the
Department, for loss of wharfage or otherwise, consequent
upon any delay in doing the work of such dredging, or
consequent upon the premises being occupied for dredging
purposes. All dredging required at any of the above
premises, of which the purchaser of the lease therefor
shall neglect or omit to notify the Department during the
first three months of the term of the lease, and all dredg-
ing necessary during the remainder of such term, is to be
done at the expense and cost of the lessee.

The up-set price for each of the above-named premises
will be fixed by the Department of Docks, and announced
by the auctioneer at the time of the sale.

Each purchaser of a lease will be required, at the time
of the sale, and in addition to the auctioneer's fees, to pay
to the Department of Docks twenty-five per cent. of the
amount of annual rent bid, as security for the execution
of the lease, and which twenty-five per cent. will be
applied to the payment of the rent first accruing under
the lease, when executed, or forfeited if the purchaser
neglects or refuses to execute the lease and bond within
five days after being duly notified that the lease is pre-
pared and ready for signature. The Commissioners
reserve the right to resell the leases bid off by those failing
to comply with these terms: the party so failing to be
liable for any deficiency which may result from such
resale.

Lessees will be required to pay their rent quarterly, in
advance, in compliance with a stipulation therefor in the
form of lease adopted by the Department.

Two sureties, each a freeholder and householder in the
City of New York, and to be approved by the Commis-
sioners of Docks, will be required, under each lease, to
enter into a bond jointly with the lessee in the sum of an
amount double the annual rent for the faithful per-
formance of all the covenants of the lease; and each pur-
chaser will be required to submit, at the time of the sale,
the names and address of his proposed sureties.

Each purchaser will be required to agree that he will,
upon being notified so to do, execute a lease prepared
upon the printed form adopted by the Department, which
can be seen upon application to the Secretary, at the
office, 111 Duane street.

No person will be received as lessee or surety who is
delinquent on any former lease from the Corporation; and
no bid will be accepted from any person who is in arrears
to the Corporation upon debt or contract, or who is a de-
fault, as surety or otherwise, upon any obligation to the
Corporation.

FIRE DEPARTMENT.

HEADQUARTERS
FIRE DEPARTMENT, CITY OF NEW YORK,
(155 & 157 MERCER STREET),
New York, April 8, 1880.

SEALED PROPOSALS FOR FURNISHING TO
this Department two steam fire engines, will be re-
ceived at these Headquarters until 9 A. M., on Wednesday,
the 21st instant, when they will be publicly opened and
read.

The engines are to be what is known as first-size double-
pump and cylinder steam fire-engines.
The boilers to be vertical, 38 inches diameter, and 60
inches high, to be made of best steel boiler plate, having
copper smoke-flues, and hanging tubes of lap-welded iron,
each hanging tube having circulating strips. To be of
sufficient strength to bear twice the pressure ever required
in doing fire duty, and to have ample steaming capacity to
keep up a full head of steam while doing the heaviest
work. To be covered with Russia iron, properly banded
with brass bands, nickel-plated. To have one safety valve
made of composition.

The boilers to be in all respects as to form and construc-
tion exactly similar to that now on Engine No. 42 of this
Department, being M. R. Clapp's Circulating Tubular
Boiler, patent of 1878.

The boiler to be surmounted with a dome of brass.
The main pumps to be double-acting, made entirely of
composition, with cylinders each 4½ inches diameter, and
having a stroke of 8 inches; to have two discharge gates
and an automatic relief valve.

The steam cylinders to be 8 inches diameter, each
having a stroke of 8 inches, and to be fitted to a bed plate
containing the steam passages.

The steam cylinders, steam chest, and bed plate to be
cased in brass, nickel-plated.

The air chambers to be made of copper, nickel-plated.
There is to be a fresh-water tank to connect with feed
pumps, also suitable fresh water connection.

The wheels to be the Archibald Pattern, made of
selected timber, prepared in the best manner, painted
with best English vermilion and striped with gold leaf.
The tires to be 3 inches wide, ¾ inch thick.

The coal bunker to be of strong iron, and to be painted
same as wheels.

The axles, frames, braces, etc., to be made of Bessemer
steel.

The boilers to be hung on half elliptic springs, similar
in every respect to the crane-neck engines now in use in
this Department.

The brake to be arranged to bear upon the rear wheels,
and so constructed as to be controlled by the driver.

The suction hose to be smooth bore, in two lengths, and
each length to have suitable couplings, the thread to be
the same as on suction and hydrants in use by this De-
partment.

The hydrant connection to have two female couplings,
one 4½ inches diameter and one 2½ inches diameter, and
to have same thread as suction on large coupling, and
regulation thread on the 2½ inch.

The drawing rig to be such that the engines may be
drawn by horses. There is to be a driver's seat upon the
forward part of the engines, fitted with cushions, two lan-
terns, and whip-sockets.

The engines to be fitted up with pole and whiffletrees
for horses.

All stuffing boxes to be so constructed as to take up
while engine is running.

Each engine to be supplied with—

Two nickel-plated steam-gauges.

One nickel-plated water pressure gauge.

One glass water-gauge, same as in use in this Depart-
ment.

One nickel-plated foam pipe containing four gauge-
cocks.

One surface blow cock and attachment for thaw-hose.

Two heater connection pipes.

One nickel-plated signal whistle.

One variable exhaust nozzle and steam jet.

Two number plates.

One suction basket.

Two brass hose pipes, to have regulation thread.

Five nozzles.

One pipe holder stick.

One length thaw hose, 18 feet, and nozzle.

One fresh water connection of composition metal.

The safety and throttle valves, feed pumps, eccentric
straps, connecting rod bearings, and pipe holders to be of
composition.

All parts of the apparatus to be painted with English
vermilion and striped with gold leaf, except air chamber,
steam cylinders, dome, and working parts.

The engines to be what is known as "crane neck," and
to be fully supplied with all necessary tools.

The engines are to be delivered at the Repair Shops of
the Fire Department within ninety days after the execu-
tion of the contract, in complete working order, with a
guarantee that the material and workmanship are of the
best character, and to replace, at the expense of the con-
tractor, such parts, if any, as may fail, if such failure is
properly attributable to defective material or inferior
workmanship. Said engines shall have a full and com-
plete trial of their working powers at New York, under the
superintendence of a competent engineer.

No proposals will be received after the hour named, or
considered if not made in strict compliance with the terms
of this advertisement.

Two responsible sureties will be required upon each pro-
posal, who must each justify in one-half the amount there-
of, upon the proposal prior to its presentation.

Proposals must be indorsed "Proposals for Furnishing
two Engines," with the name of the bidder, and be ad-
dressed to the Board of Commissioners of this Depart-
ment.

Blank forms of proposals, together with such further
information as may be required, may be obtained upon
application at these Headquarters, where the prescribed
form of contract may also be seen.

The Board of Commissioners reserves the right to reject
any or all proposals received, or any part of such pro-
posals, if deemed to be for the interests of the city.

SEALED PROPOSALS FOR FURNISHING THIS

Department with the following articles, to wit:

1,700 tons Egg Coal,
1,000 tons Stove Coal,

to be of the best quality of Pittston, Scranton, or Lack-
awanna Valley, weigh 2,000 pounds to the ton, and be
well screened and free from slate, will be received at
these Headquarters until 9 o'clock A. M., on Wednesday,
the 21st instant, when they will be publicly opened and
read.

No proposals will be received or considered after the
hour named.

Proposals may be made for one or more of the items,
specifying the price per ton.

All of the coal is to be delivered and weighed upon
scales furnished by the Department, in the presence of an
Inspector to be designated by the Department for that
purpose, at the various houses, etc., of the Department, in
such quantities and at such times as may be from time to
time directed.

Two responsible sureties will be required upon each pro-
posal, amounting in the aggregate to One Thousand dol-
lars, or more, who must each justify in one-half the amount
thereof upon the same, prior to its presentation.

Proposals must be indorsed "Proposals for Furnishing
Coal," with the name of the bidder, and be addressed to the
Board of Commissioners of this Department.

Blank forms of proposals, together with such information
as may be required, may be obtained upon application at
these Headquarters, where the prescribed form of contract
may also be seen.

SEALED PROPOSALS FOR FURNISHING TO
this Department one steam fire engine, will be re-
ceived at these headquarters until nine o'clock A. M., on
Wednesday, the 21st instant, when they will be publicly
opened and read.

The engine is to be what is known as a first-size double-
pump and cylinder steam fire-engine.

The boiler is to be what is known as a Latta boiler, with
Ahrens improvements, made of the best materials and of
sufficient strength to bear twice the pressure ever required
in fire duty. It must have ample steaming capacity to
keep up a full head of steam while doing the heaviest
work, with a guarantee to make steam from cold water and
throw a stream of water through one hundred (100)
feet of hose with regular gauge of water inside of
four minutes from the time of lighting the fire, and to gener-
ate and maintain an ample working pressure of steam
for effective fire duty. The boiler is to be covered with
a Russia iron jacket and surmounted with a brass dome.
The steam cylinders and pumps are to be placed perpen-
dicular to the boiler. The steam cylinders are to be cased
in German silver. The main forcing pump must be double
acting and be made entirely of composition. It must be
so constructed that it can be taken apart and put together
again should repairs be required. There must be two
discharge gates, also a circulating or churn valve for the
purpose of feeding the boiler when the streams are cut off.
The engine is to be made complete of the best materials,
in the most workmanlike manner, with all recent
improvements, and is to be furnished with one
air pump (latest improved), improved safety valves,
without scale, two nickel-plated steam gauges, one
nickel-plated water-pressure gauge, one glass water
gauge, eight gauge cocks, two blow cocks for steam—
one up and one down—one surface blow cock, and at-
tachment for thaw hose, one signal whistle, one variable
exhaust nozzle and steam jet, one large copper air cham-
ber, one ornament on the air chamber, twenty-two feet of
rubber suction-hose attached to the pump, to be carried in
brackets around the engine, ready for immediate service,
copper suction strainer, a full set of discharge pipes, five
(5) nozzles, various sizes, foot brake, one number plate,
which together with the glass in the lamp is to be en-
graved with the number; also all the tools and wrenches,
etc., to work the engine, oil cans, fire shovel, poker; and
to be furnished with box for tools. The machine is to be
handsomely finished and painted with gold striping and
ornamental work. The wheels are to be what is known
as the Archibald pattern of the latest improved kind.

The fuel-box, on the back of the boiler, must be large
enough to carry coal for one or two hours' running, and
will be painted the same as the wheels.

The working parts of the engine are in all cases to be
perfectly fitted and polished. All of the steel and iron
works are to be finished in first-class style. The throttle-
valve, feed-pump, eccentric strap, and pipe-holders and
other parts are to be of fine composition.

The engine is to be fitted to be drawn by horses, with a
pole and whiffletrees and a seat for the driver.

Size of steam cylinder to be 7½ inches diameter, 8
inches stroke. Size of pumps to be 4½ inches diameter,
8 inches stroke. Front wheels to be 50 inches high; rear
wheels to be 60 inches high. Tire, 2½ by ¾ inches.

The engine is to be delivered at the Repair Shops of the
Fire Department within ninety days after the execution of
the contract, in complete working order, with a guarantee
that its material and workmanship are of the best charac-
ter, and to replace, at the expense of the contractor, such
parts, if any, as may fail, if such failure is properly at-
tributable to defective material or inferior workmanship.
Said engine shall have a full and complete trial of its
working powers at New York, under the superintendence
of a competent engineer.

No proposals will be received after the hour named,
or considered if not made in strict compliance with the
terms of this advertisement.

Two responsible sureties will be required upon each pro-
posal, who must each justify in one-half the amount there-
of, upon the proposal prior to its presentation.

Proposals must be indorsed "Proposals for Furnishing
one Engine," with the name of the bidder, and be ad-
dressed to the Board of Commissioners of this Depart-
ment.

Blank forms of proposals, together with such further
information as may be required, may be obtained upon
application at these Headquarters, where the prescribed
form of contract may also be seen.

The Board of Commissioners reserves the right to reject
any or all proposals received, or any part of such pro-
posals, if deemed to be for the interests of the city.
