### COMMISSIONERS OF THE SINKING FUND.

Abstract of the Proceedings of a meeting of the Commissioners of the Sinking Fund, held at the Mayor's Office, June 19, 1879.

Present—Hon. Edward Cooper, Mayor (Chairman); Hon. John Kelly, Comptroller; J. Nelson Tappan, Esq., Chamberlain; and Nicholas Haughton, Esq., Chairman Finance Committee Board of Aldermen.

The minutes of the last meeting were read and amended by adding the words “for steam” after the word “pipes” in the fourth line of the preamble submitted by the Mayor at the last meeting, and, as amended, were approved.

Edwards Pierrepont submitted a communication from Francis B. Spinola and associates, calling attention to the great benefit that the city and its inhabitants will derive by the introduction of steam for heating, cooking, and such other purposes for which it can be used when introduced upon the principle proposed by himself and associates.

The communication was received and ordered on file.

By unanimous consent the Comptroller modified the resolution fixing the percentage to be paid on the earnings of the Company, submitted by him and adopted at the last meeting, in order to express more clearly the meaning intended, so as to read as follows:

Resolved, That in each year in which the Company's earnings shall exceed ten per cent. on the amount invested, the next three per cent. earned in the same year, over ten per cent. on the amount invested, shall be paid into the City Treasury to the credit of the Sinking Fund for the redemption of the city debt.

The Comptroller offered the following as a substitute for amendment No. 1 to the resolution adopted December 28, 1878, submitted by the Mayor at the last meeting:

Resolved, That the grantees, before taking out such permit, shall file with the Comptroller of the City and County of New York a bond for \$50,000, with sufficient and adequate security, to be approved by the Comptroller, to be renewed from time to time as the Comptroller may require, as a guarantee that the pavements of the streets and sidewalks shall be restored in as good condition as they were found at the time they were disturbed to lay said steam-pipes and entirely to the satisfaction of the Commissioner of Public Works, and unless this be fully complied with, that the proper authorities shall be fully empowered to commence legal proceedings against the signers of the bond, for the amount which it may have cost the city to restore said pavements in good condition. The pipes shall be laid under such regulations as the Commissioner of Public Works may from time to time establish, and under such part of roadway or sidewalk as he may prescribe on the permit, and if at any time the Commissioner of Public Works shall direct any changes to be made in the location or arrangement of said steam-pipes for the purpose of the laying, altering, or removing city water-pipes or sewers, or doing any other public work, such changes shall be made by the grantees at their own expense, under the direction of the Commissioner of Public Works; and in no case shall the city be liable for any injury or damage to the said steam-pipes, and in laying said steam-pipes the grantees shall in nowise interfere with any sewers, water-pipes or other pipe theretofore laid, without the consent of the Commissioner of Public Works and the owners of said pipes.

On motion the resolution was adopted, the Comptroller, Chamberlain, and Chairman Finance Committee Board of Aldermen voting in the affirmative, and the Mayor in the negative.

On motion of the Comptroller, the blank in the second amendment to the said resolution adopted December 28, 1878, submitted by the Mayor, at the last meeting, was filled with “25,” and thereupon unanimously adopted, as follows:

The grantees shall supply all the steam required by the city for any purpose in the streets, or the parts thereof, in which the steam-pipes are laid, or for heating any public building now or here-

after located therein, at 25 per cent. less rates than steam is furnished by them to their most favored customer. And the grantees shall authorize the city to use for public purposes, without royalty, any patented appliances or apparatus for the use of the steam supplied by the grantees which the grantees shall authorize or license any person to use.

The Mayor submitted the following resolution:

Resolved, That the grantees shall pay to the city annually five per cent. of the gross receipts from the business of supplying steam, as compensation for the privilege of laying their pipes in the streets.

The resolution was not adopted; the Mayor and Chairman Finance Committee Board of Aldermen voting in the affirmative, and the Comptroller and Chamberlain voting in the negative.

The Comptroller submitted the following resolution:

Resolved, That the limitation in the fifth condition of the resolution passed December 28, 1878, be repealed.

The resolution was not adopted; the Comptroller and Chamberlain voting in the affirmative, and the Mayor and Chairman Finance Committee Board of Aldermen voting in the negative.

The Chairman of the Finance Committee of the Board of Aldermen proposed that the condition limiting the operations of the Company to the District lying below Chambers street should be so modified, that in case the proposed plan proved a success, the company be authorized to extend their operations throughout the limits of the entire city; whereupon the Comptroller submitted the following as an addition to the 5th condition of the resolution adopted December 28, 1878, viz.:

"And after having laid the pipes in said district to the satisfaction of the Commissioners of the Sinking Fund, then the said Francis B. Spinola and his associates are hereby granted permission to lay pipes in all the streets, lanes, alleys, and places in the city, under such conditions as have been agreed upon and made in the said grant to heat that portion of the city already limited and described," which, on motion, was adopted.

The Comptroller, Chamberlain, and Chairman Finance Committee Board of Aldermen voting in the affirmative, and the Mayor in the negative.

The Mayor submitted the following resolution:

Resolved, That the right to lay steam-pipes shall cease and determine at the expiration of three years from this date, unless they shall, within that time, have constructed the apparatus and laid the pipes necessary to supply steam in twenty-five miles of streets.

On motion, the resolution was unanimously adopted.

The Mayor moved that the last clause of the second condition in the resolution adopted December 28, 1878, viz., "and that all the appliances connected with the introduction of steam-heating in any of said buildings above referred to shall be furnished by the said Francis B. Spinola and his associates, at the actual cost thereof to them," be stricken out, which was unanimously adopted.

Mr. Pierrepoint on behalf of those he represented, stated that they found it very difficult, if not impossible, to obtain a plot of ground south of Chambers street, large enough for the establishment of their works; and requested that the limits of the district designated in the resolution of December 28, 1878, be extended on the north of Chambers street at least one thousand feet.

Whereupon the Comptroller submitted the following resolution:

Resolved, That Francis B. Spinola, for himself and his associates, be authorized to lay mains or pipes within the district in the City of New York south of Canal street, in a direct line from the North to the East river.

The resolution was, on motion, adopted, the Comptroller, Chamberlain, and Chairman Finance Committee Board of Aldermen voting in the affirmative, and the Mayor in the negative.

The Mayor submitted the following resolution:

Resolved, That the terms and conditions above stated shall be referred to the Counsel to the Corporation to be put into legal and appropriate language for final action by the Commissioners of the Sinking Fund, with the request that he have the same prepared by Monday next, at 2 P. M.

On motion, the resolution was unanimously adopted.

Adjourned to Monday next, 23d instant, at 2 o'clock, P. M.

W. H. DIKEMAN, Secretary.

—or any part thereof, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9 o'clock A. M. of Monday, the 30th day of June, 1879. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate" for Groceries, Tin, Sheet Iron, Lumber, and Miscellaneous Articles, and with his or their name or names and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time

and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department; but the entire quantity will be required to be delivered on or before thirty (30) days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and in default to the Corporation, and the contract will be re-advertised and re-let as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment for the supplies, will be furnished at the office of the Department.

Dated, June 19, 1879.

## JURORS.

### NOTICE

IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, June 1, 1879.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or intercession permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,  
County Court-house (Chambers street entrance).
