BOARD OF CITY RECORD.

MAYOR'S OFFICE, CITY HALL,
NEW YORK, April 25, 1893.

The Hons. Thomas F. Gilroy, Mayor; William H. Clark, Counsel to the Corporation, and Michael T. Daly, Commissioner of Public Works, the officers designated by section 66 of the New York City Consolidation Act, met this day.

The following resolution was adopted by a concurrent vote of the three officers:

Resolved, That the Comptroller be authorized to publish the advertisement of sale of real estate belonging to the City, to be held in May or June, 1893, in accordance with the provisions of chapter 230 of the Laws of 1870, and section 66 of the New York City Consolidation Act, as amended by chapter 108, Laws of 1889, in the CITY RECORD, and also in the following daily newspapers, to wit:

"New York Times," "The World,"
"The Sun," "New York Herald,"
"New York Daily News," "New York Staats Zeitung,"
"Tribune," "Daily Mercury."

Adjourned.

DAVID RYAN, Acting Secretary.

AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their Office, No. 209 Stewart Building, on Wednesday, April 19, 1893, at 3 o'clock P. M.

Present—Commissioners Duane, Tucker, Scott and Cannon.

The Committee of Finance and Audit reported their examination and audit of Vouchers Nos. 8693 to 8698, inclusive, being estimates for work done by contractors, amounting to \$12,586.43; also of bills contained in Vouchers Nos. 8699 to 8708, inclusive, amounting to \$1,259.71.

On motion of Commissioner Tucker, the same were approved and ordered certified to the Comptroller for payment.

The Construction or Executive Committee presented the following communication received from the Chief Engineer, and recommended that the same be spread in full on the minutes and filed:

NEW YORK, April 19, 1893.

To the Honorable the Committee on Construction:

GENTLEMEN—I had occasion at the last meeting to mention the fact that I reported to the Commissioner of Public Works on April 10, for instructions as his Deputy, for the abatement of nuisances in the Croton Water-shed.

I understand that for all the grounds within the jurisdiction of the Aqueduct Commissioners I will act for them in the same manner, and such bills as will be incurred for labor or materials will be returned to them.

Until further orders I will consider that all expenses incurred outside of such jurisdiction will be met by the Department of Public Works.

The work to be done being extensive, each Division Engineer has been asked to keep a detailed account of all the orders given for the abatement of nuisances and of all actions taken in the premises.

Without going into the details of each case I will state as follows:

At Brewster a number of manure piles and one privy, which were outside of our original boundaries, have been removed, and additional nuisances of the same order to the number of eight or ten have been found further away from our boundary, and orders have been left to abate them at once. Work is now being done in that direction.

Surveys are also being made for the taking of additional farms and buildings, as mentioned in my last communication.

At Carmel, nuisances of the same order are being abated, and additional surveys are also being made for the taking of additional grounds.

At Purdy's, little objectionable features were found on our grounds, and the proposed sale of buildings advertised for next Monday will clear the land very effectually. A number of notices, however, have been served, and our orders are being followed without friction.

The Katonah party has continued its operations from Katonah to Croton Falls, making surveys for the taking of the most objectionable buildings. The plans are substantially ready but are held back by a want of information in regard to the titles, which we have as yet been unable to procure. The maps will be submitted to you shortly to give you an exact idea of the amount and scope of the takings ordered by the Commissioner of Public Works.

In the meantime we are abating the most crying nuisances, and we have masons at work in Katonah building privy-vaults to take the place of the objectionable devices formerly used.

The New Croton Dam Division has comparatively few nuisances to attend to on the main river, especially as the Department of Public Works took charge of the Pine's Bridge settlement, but on the tributary valleys there are many cases which have been located, and notices are now being served for the removal of privies and barns.

A force of men is at work on that division, but their names are not given to you, as I have reasons to suppose that the pay-rolls will be presented to the Department of Public Works.

I am, respectfully,

A. FTELEY, Chief Engineer.

On motion of Commissioner Tucker, the recommendation was approved.

The Committee also presented the following communication received from the Chief Engineer: NEW YORK, April 19, 1893.

To the Honorable the Committee on Construction:

GENTLEMEN—The present time is, in my opinion, opportune for the sale of the balance of the buildings on the grounds taken by the Aqueduct Commissioners at Brewster, and I would recommend that they be sold at auction.

Mr. S. P. Smith is the name of the local auctioneer, and the "Brewster Standard" is the name of the local paper in which the sale might be advertised.

The sale might take place early in May at the Division Engineer's office; the buildings to be destroyed or removed within fifteen (15) days after the sale.

List of buildings on reservoir lands to be disposed of at public auction:

Former Owner.	Description of Buildings.
L. M. Yale.....	Tenant-house, 24 by 43 feet; poor condition.
L. A. Hoyt.....	Small barn, 20 by 30 feet; good condition.
George Cole.....	Dwelling-house, good condition, 27 by 32 feet, with extension 19 by 26 feet.
M. Birch.....	Tenant-house, 27 by 29 feet; poor condition.
L. Armstrong.....	Mill, 34 by 49 feet, with extension 34 by 40 feet; good condition. (Used for office by S. R. & D.)
".....	Ice-house, 24 by 60 feet; good condition. (Used for stable by S. R. & D.)
".....	Millstones.
".....	Ice hoisting apparatus.

I am, respectfully,

A. FTELEY, Chief Engineer.

And recommended the adoption of the following resolution:

Resolved, That the foregoing communication of the Chief Engineer be approved, and that the Secretary and Chief Engineer be directed to advertise said buildings, etc., for sale in the CITY RECORD and in the "Brewster Standard;" and that the terms of sale and schedule of buildings be fixed by the Chief Engineer.

On motion of Commissioner Tucker, the same was adopted.

The Committee also recommended the adoption of the following resolution:

Resolved, That the action of the Chief Engineer in employing J. A. Rundlett as Laborer, on the 11th instant, at two dollars per day, for work with the engineering party at Katonah, New York, be and hereby is approved.

On motion of Commissioner Tucker, the same was adopted.

The Committee also recommended the adoption of the following resolution:

Resolved, That the action of the Chief Engineer in employing the following persons, on the 11th instant, for work in connection with the abatement of nuisances at Katonah, New York, be and hereby is approved:

Charles F. Robertson, Foreman-mason.....	\$5 00 per day.
James Clark, Bricklayer.....	3 50 "
Abram Merritt, Laborer.....	1 75 "
James Ford.....	1 75 "
James Green.....	1 75 "

On motion of Commissioner Tucker, the same was adopted.

The Committee also recommended the adoption of the following resolution:

Resolved, That the action of the Chief Engineer in employing Randolph Lowerre as Laborer at two dollars per day, on the 11th instant, for work in connection with the fencing of the shaft sites on the lower district of the New Aqueduct, be and hereby is approved.

On motion of Commissioner Tucker, the same was adopted.

The Committee also presented the resignation of Axeman J. Arthur Valles, and recommended that the same be accepted, to take effect as of April 15, 1893.

On motion of Commissioner Tucker, the recommendation was approved.

The Committee also recommended the adoption of the following resolution: Resolved, That, upon the recommendation of the Secretary, an appropriation of forty dollars is hereby made to cover the cost of exchanging a Remington typewriting machine in use in his office.

On motion of Commissioner Tucker, the same was adopted.

On motion of Commissioner Tucker, the minutes of stated meeting of April 5, 1893, were ordered approved.

The Commissioners then adjourned.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 5, No. 31 Chambers street.

MICHAEL T. DALY,

Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 24 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded in each case will be awarded to the lowest bidder.

Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Two Thousand One Hundred Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

	Feet, B. M., measured in the work.

" " " 6" x 6".....	1,750
Total.....	7,250

NOTE.—The above quantities are exclusive of waste. NOTE.—What is known in the New York market as "merchantable" sawed yellow pine timber will be received under this contract, subject to the provisions of the specifications hereinafter contained.

2. 3/4" x 10" square Wrought-iron

Dock-spikes, about..... 550 pounds.

3. Sand or Cow Bay Gravel, about 900 cubic yards.

4. Paving to be laid, about..... 2,650 square yards.

NOTE.—The paving-blocks therefor are to be furnished by the Contractor.

Labor of all kinds, including removal of existing earth, etc., all grading, spreading, leveling, ramming of earth, paving sand or gravel and paving-blocks, moving of paving-blocks, timber, etc., framing and carpentry, etc., as set forth in the specifications, and shown on plan herein referred to.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plan therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the 1st day of July, 1893, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the person making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
