DEPARTMENT OF PARKS.

BOROUGH OF THE BRONX.

Quarterly Report, Three Months Ending June 30, 1905.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—Herewith is transmitted the quarterly report of the designs for improvement, work accomplished and finances of the Department of Parks, Borough of The Bronx, for the three months ending June 30, 1905.

Respectfully,

HENRY C. SCHRADER,

Commissioner of Parks, Borough of The Bronx.

Bronx Park.

The bridge over the Bronx river at the crossing of the Bronx and Pelham parkway has been completed, and final estimate was rendered on May 31, 1905.

The work on contract for addition to the green-houses will probably be completed before the end of August of this year. All the masonry work is completed, the iron work is in place and most of the glass work has been put in.

Four hundred feet of 12-inch drain pipe was laid in the ball field.

Rock was removed, and the approach to the Zoological Park terraced.

Three hundred feet of walk on the Boston road was finished.

In the green-house the usual work was carried on, such as preparing soil for potting, propagating plants for use in the various parks and squares, preparing hot-beds and repotting various plants as the season required.

One new clay tennis court was constructed.

In the workshops all tools were kept in repair, also the iron work on sprinklers, carriages, carts, etc.; carriages, monitors and carts were painted, and repairs were made to the stable.

Trees and shrubs were cultivated in the nurseries.

Botanical Garden in Bronx Park.

The entrance to the Botanical Garden from Mosholu parkway has been completed, and final estimate was rendered on May 15, 1905.

Work on the five-arch stone bridge, just north of the Blue Bridge, was resumed on April 1 and has progressed very satisfactorily ever since. The contract will probably be completed about August 1 of this year.

The arch on the one-arch stone bridge, just north of the Museum Building, has been turned; the wing walls and facings on same have been finished to the bottom line of the cornice; the foundations for the bridge are in, and the contract will probably be completed before September 1 of this year.

A handsome bronze fountain has been erected in the Botanical Garden, in front of the Botanical Museum, and has been very much admired by the many visitors to the garden.

At the Mosholu entrance to the Botanical Garden the abutments were not completed in the last contract, and a contract has been let to continue the wing wall of this abutment and fill in between these wing walls, and construct the telford approach to the bridge, making this approach complete. The work is now in progress. In the same contract it was arranged to make the approach to the Woodlawn Bridge more complete, that is, to make a telford macadam road, with retaining wall and a flight of granite steps, so as to make a more direct entrance to the main part of the Botanical Garden.

Zoological Park in Bronx Park.

Plans and specifications have been prepared, and contract advertised, for the erection of a small camel house in the Zoological Park. This contract will be awarded on July 6, and the work will be commenced at once.

For the elaborate improvement of the approaches to Baird Court, plans and specifications have been prepared. The walls will be faced, a handsome entrance built at the northerly end, a flight of granite steps, etc. This improvement will cost in the neighborhood of \$80,000.

Plans and specifications have also been prepared for the erection of a glass court addition to the bird house which has just been completed. This will consist of a glass house addition, with cages for the birds; and it is designed to build these cages in such a way, furnishing plenty of light and air, that the surroundings may be as realistic and comfortable as possible for the birds.

On the contract for the pheasants' aviary, the concrete work, the plastering and rough casts, and the roofing are finished; the half-timber work is in place, and the cages are now being set. The work will be completed this month.

Plans and specifications are also in the hands of the printer for the following improvements in the Zoological Park, and the work will be commenced as soon as the contracts are awarded: Public comfort station, men's and women's toilets, and a flight of granite steps.

Bronx and Pelham Parkway.

Broken stone and screenings are now being delivered for the resurfacing of this roadway. The enormous traffic of automobiles, etc., wears away the screening surface very rapidly, and it requires frequent resurfacing. We have purchased a steam scarifier and road roller for the purpose of putting the surface of this important parkway in first-class condition.

This parkway has been terraced; the sidewalk regulated and graded; borders and gutters sodded east of White Plains avenue; and a bicycle path 600 feet in length has been constructed.

At the foot of the river, a dry wall 250 feet long has been built.

At Pelham avenue and White Plains road, 200 feet of wire fence has been constructed.

A walk 150 feet long and 18 feet wide has been laid out at the approach to the bridge, and the bank terraced.

At the west side of Bronx River Bridge, 100 feet of rock has been excavated and used for filling in the walk at One Hundred and Eighty-second street and Southern Boulevard.

The approach to the Zoological Garden has been terraced, 300 feet of walk on Boston road finished, and all washouts repaired.

Pelham Bay Park.

An addition is being made to the bath houses for the purpose of doubling their capacity. This work is being done by park labor, and will probably be completed in the course of a week or two. These bath houses have proven to be a most popular improvement. They are visited by hundreds of people daily, and the capacity has been entirely inadequate.

A trotting track has been laid out in this park, near Bronx and Pelham parkway. It varies from 50 to 80 feet in width, and, when completed, will add very greatly to the attractiveness of this Park, which is yearly becoming more and more popular with the people from all parts of the Greater City.

The Shore road, leading from the Eastchester Bridge around Glover's Rock, is being widened to 30 feet, its present width, 16 feet, being inadequate to the great traffic. This work is being done by park labor, and will be completed about September 1 of this year. The surfacing of the road with stone received from the park crusher will be completed about December 1, of this year. The stone crusher has been in operation for the past three months preparing broken stone for the surfacing of this road.

Owing to the difficulty encountered on account of low tides, the work on the wooden bridge from the mainland to Hunter Island has progressed very slowly. All that remains to be finished now, however, is the removal of the old causeway below low water, and this will be completed within the present month.

Plans and specifications have been prepared, and are in the hands of the printer, for the erection of a toilet house in this park, near the present bath houses, and the work will be begun as soon as the contract has been awarded.

The nine-hole golf links in this park have been extended to an eighteen-hole course. This work, which has been done by park labor, is practically completed. The course is now in use, and is very popular among the residents of the neighborhood.

The old drinking fountain for horses, at Pelham parkway, was removed, and a new fountain erected.

In the cutting away of a large bank, 1,100 yards of earth was removed and used for filling in and grading the roadway. Six hundred feet of wall was built on one side of the road to hold the fill. Eight new culverts were made and five hundred feet of bank was terraced. Rock was excavated and crushed and used for covering 1,000 feet of road with gravel.

Seven flower-beds were planted with pansies.

Fifty acres of new ploughed lands were harrowed and grass seed sown.

A rustic fence was built around the athletic field.

Mosholu Parkway.

Work was resumed on the contract for the improvement of Mosholu parkway early in the spring and has progressed rapidly ever since. The contract will be completed about October 1 of this year.

On the bridges over the railroad tracks and Webster avenue on this parkway the work has been completed, and final payment will be rendered in a day or two.

Van Cortlandt Park.

The work of surfacing Vault Hill road has been completed, and a road has been built about 800 feet in length, leading to the tremper house. This was a very necessary improvement, as it was impossible for automobiles to reach the restaurant in the park on the old road.

The work of eliminating the dangerous grade crossing at Van Cortlandt station, which is being done jointly by the New York Central and Hudson River Railroad Company and the Department of Parks, is rapidly approaching completion and should be finished by August 1 of this year.

A new set of eighteen-hole golf links has been laid out in this park. This entailed considerable work in the way of preparing the grounds for these links, but they will be ready for use before the end of the season.

In the Colonial Garden forty dead trees and shrubs were removed and replaced by good ones.

One thousand plants, twelve spruce trees and sixteen white birch trees were planted to replace those killed by the frost. Five flower beds were planted.

A new cricket ground was laid out and prepared for use.

Two hundred and sixty feet of 6-inch sewer pipe was laid under the new road. Also three cross drains of 8-inch sewer pipe, each 36 feet long, were laid, with catch basins, for drainage.

Three thousand feet of stone wall was removed and carted away.

Crotona Park.

Plans and specifications have been prepared for two toilet buildings in this park, one to be erected near the Municipal Building, back of the grand-stand at the baseball field. This building will be of brick, with green tile roofing. The other toilet will be built nearer the centre of the park, near Crotona avenue; this will be built of cobblestone and one-half timber work.

It is proposed to remove the rock on the north side of the Municipal Building, on Tremont avenue, in Crotona Park, so that the slopes will be similar to those on the Third avenue side; also to continue the wall now built on Third avenue around

Tremont avenue for a distance of about 350 feet from the corner. It is also proposed to build a flight of stone steps, and an approach to the tax office in the Municipal Building from Tremont avenue. This would obviate the necessity of going all the way around to the Third avenue approach to reach the tax office. Plans and specifications have been prepared, and application has been made to the Board of Estimate and Apportionment for funds to put through this important and essential improvement.

A path 10 feet wide and 470 feet long was constructed on the north side of the Municipal Building, Tremont avenue; also a road 20 feet wide and 350 feet long.

A road 25 feet wide and 700 feet long was constructed from the south side of the Municipal Building to One Hundred and Seventy-fifth street.

Banks east of the Municipal Building were graded; also the slope on the west side of Arthur avenue.

A stone wall has been built along the road and under the grand-stand.

A bridge was built across Crotona lake.

In the improving of this park various paths and roads have been widened or repaired, curbs set, culverts built, drains laid and new tennis courts laid out, necessitating much work in carting earth and stone.

Macomb's Dam Park.

In this park seven lawn tennis courts were made and graded. Grass courts were converted into clay courts.

A new athletic field is now in course of construction, east of Cromwell's creek, on which is being laid out a quarter-mile running track.

A scow-load of ashes has been delivered and is used for filling along the Harlem river. The filling in of the low land under Central Bridge also continues.

St. Mary's Park.

Eighteen dead trees were removed from One Hundred and Forty-eighth street, east of St. Ann's avenue.

Fourteen elm trees were removed from One Hundred and Forty-eighth street, east of St. Ann's avenue, and planted on St. Ann's avenue, between One Hundred and Forty-third and One Hundred and Forty-sixth streets.

From the west side of the park 150 dead shrubs were removed, and 150 shrubs were transplanted on the west side of the park.

Fifty loads of ashes and fifty loads of screenings were carted to repair walks, and 200 feet of walk and 300 feet of gutters were repaired.

The rustic hand-rail at the stables has been completed.

Claremont Park.

Roads, walks, gutters, culverts, lawns, flower beds and comfort house have been cared for and repaired. Trees and shrubs have been pruned and rustic benches have been repaired.

Franz Sigel Park.

Grass has been mowed, flower beds cared for and trees pruned. Vines were planted around the rocks.

St. James Park.

Grass has been cut, walk edged and flower beds attended to. A terrace was constructed in the northern part of the park.

Echo Park.

Sixteen elm trees and forty shrubs were removed and taken to the Van Cortlandt Park nurseries because of the work of regulating and grading now going on at that park.

Miscellaneous.

The small parks and squares, also the unnamed plots, which number about 23, were given the care necessary to maintain a neat and attractive appearance. Flower beds were laid out and planted, grass seed sown and grass cut.

In the general maintenance work of the past quarter, trees and shrubs were pruned and dead trees and stumps removed.

Twenty-three large ash trees were received, brought to the nursery and planted. Forty thousand pansies were planted in the various parks.

Sand was carted from Pelham Bay Park to the Bronx Park nursery to be used for potting plants and flowers.

Grass seed was sown where needed, grass plots were trimmed and weeded, tennis courts, polo fields and baseball diamonds kept in good condition, culverts cleaned, paths edged, washouts filled in, lawns mowed, low lands filled in, rubbish removed and golf links improved.

Five new lawn tennis courts were laid out in Crotona Park; 116 post holes were dug and the posts set, as these courts are to be enclosed.

Stone piers were built at the dock in Pelham Bay Park, and the bathing beach was cleaned and kept in good order.

Plans and specifications have been prepared for the following:

Plan showing location of all the tennis courts and baseball diamonds in all the parks of the borough.

Glass court for bird-house in the Zoological Park.

Mosholu parkway and Woodlawn entrances to Bronx Park.

Grading and improving grounds north of the Municipal Building in Crotona Park.

Men's and women's toilets in the Zoological Park.

Toilet in Pelham Bay Park.

Toilet in Crotona Park, near the Municipal Building.

Toilet in Crotona Park in the southern part of the park.

Southeast entrance gate in the Zoological Park.

Public comfort building in the Zoological Park.

Camel house in the Zoological Park.

Addition to the bath-houses in Pelham Bay Park.

Your attention is also respectfully called to the following contract work, under way or completed, during the last three months; also to the following contracts for supplies:

DEPARTMENT OF FINANCE.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

THIRTIETH WARD.

NINETY-NINTH STREET—REGULATING, GRADING, CURBING, LAYING CEMENT SIDEWALKS AND PAVING with asphalt pavement, between Third avenue and Fort Hamilton avenue. Area of assessment: Both sides of Ninety-ninth street, from Third avenue to Fort Hamilton avenue, and to the extent of half the block at the intersecting and terminating avenues.

—that the same was confirmed by the Board of Assessors September 12, 1905, and entered September 12, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before November 11, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

EDWARD M. GROUT,
Comptroller.

NOTICE TO TAXPAYERS.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, September 1, 1905.
TAXPAYERS WHO DESIRE TO OBTAIN their bills promptly should make immediate written requisition (blanks may be procured in the borough offices), stating their property by Section or Ward, Block and Lot or Map number, making copy of same from their bills of last year.

If a taxpayer is assessed for personal tax, the requisition should also request bill for such tax. Each requisition should be accompanied by an envelope bearing the proper address of the applicant, AND WITH RETURN POSTAGE PREPAID.

In case of any doubt in regard to Ward, Section, Block or Lot number, taxpayers should take their deeds to the Department of Taxes and Assessments and have their property located on the maps of that Department and forward to the Deputy Receiver of Taxes with the requisition a certified memorandum of their property, which will be furnished by the Department of Taxes and Assessments.

Taxpayers in this manner will receive their bills returned by mail at the earliest possible moment and avoid any delay caused by waiting on lines, as required in case of personal application.

The requisition must be addressed and mailed to the Deputy Receiver of Taxes in whichever borough the property is located, as follows:

JOHN J. McDONOUGH, No. 57 Chambers street, Borough of Manhattan, New York.
JOHN B. UNDERHILL, corner Third and Tremont avenues, Borough of The Bronx, New York.

JACOB S. VAN WYCK, Municipal Building, Borough of Brooklyn, New York.

FREDERICK W. BLECKWENN, corner Jackson avenue and Fifth street, Long Island City, Borough of Queens, New York.

JOHN DE MORGAN, Bay and Sand streets, Stapleton, Staten Island, Borough of Richmond, New York.

After receiving the bills, the taxpayer will see that they are properly rebated; then draw check for the net amount to the order of the Receiver of Taxes and mail bill and check, with an addressed envelope, with the return postage prepaid, to the Deputy Receiver in whichever borough the property is located.

Checks should be mailed as soon as possible after the bills have been received by the taxpayer. All bills paid during October must be rebated before payment.

DAVID E. AUSTEN,
Receiver of Taxes.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on Thursday, September 14, 1905, at 12 m., in Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan, the buildings and appurtenances thereto belonging, erected upon real estate acquired for school purposes, belonging to the Corporation of The City of New York, viz:

All the right, title and interest of The City of New York in and to the buildings, with the appurtenances thereto belonging, erected upon the following described property:

(Acquired for the Board of Education.)

Property on the northerly side of Ellery street and the southerly side of Hopkins street, east of Delmonico place, in the Borough of Brooklyn, more particularly described as follows:

Beginning at a point on the northerly line of Ellery street distant 58 feet 7 inches from the easterly line of Delmonico place, and running thence easterly along the northerly line of Ellery street 150 feet; thence northerly at right angles to Ellery street 200 feet to the southerly line of Hopkins street; thence westerly along the southerly line of Hopkins street 150 feet to a point distant 176 feet 9 inches easterly from the easterly line of Delmonico place; thence southerly at right angles to Hopkins street 200 feet to the point or place of beginning.

By direction of the Comptroller, the sale of the above described property will be made under the supervision of the Collector of City Revenue on Thursday, September 14, 1905, at 12 m.

The buildings on the premises severally above described shall be sold for the highest marketable price at public auction, upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price, as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter. The word "removal" means that the buildings so sold shall be taken down to the curb level and the cellar properly filled in and graded.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser,

cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials, machinery, implement or appliance used in the removal of the said building by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding. The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings, or parts of buildings, included in any of the foregoing parcels.

N. TAYLOR PHILLIPS,
Deputy and Acting Comptroller.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPOINTMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held June 30, 1905, the following petition was received:

(EXTENSIONS.)

To the Honorable the Board of Estimate and Apportionment of The City of New York:
The petition of New York City Interborough Railway Company respectfully shows:

I. Your petitioner is a street surface railroad corporation duly organized and existing under the Laws of the State of New York, and has duly filed, pursuant to section 90 of the Railroad Law, a statement of the extensions or branches of its road herein proposed.

II. Your petitioner desires to obtain from The City of New York, and hereby respectfully applies for its consent, to a grant of the franchise or right to use certain streets, roads, avenues, highways, boulevards, driveways, bridges, public viaducts and approaches, parkways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof of double or single track street surface railroads (including the necessary connections, switches, sidings, turnouts, turn-tables, cross-overs, and suitable stands or other structures necessary for the accommodation and operation of the said railroads by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), as extensions or branches of its existing road, and for public use in the conveyance of persons and property for compensation.

III. The following is a description of the said certain streets, roads, avenues, highways, boulevards, driveways, bridges, public viaducts and approaches, parkways or public grounds within or belonging to The City of New York, in, through, upon and along, and to, upon, over and across which your petitioner desires to extend its road or construct branches thereof, as aforesaid, to wit:

Wherefore, your petitioner prays that public notice hereof and of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract, with all of the terms and conditions as to compensation and otherwise, in accordance with the provisions of the Greater New York Charter.

Dated at The City of New York, June 26, 1905.

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY,

By ARTHUR TURNBULL, President.

[CORPORATE SEAL.]

Attest:

D. W. McWILLIAMS, Secretary.

State of New York, County of New York, ss.: Arthur Turnbull, being duly sworn, deposes and says: That he is the president of the New York City Interborough Railway Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that it is a corporation; that the deponent is an officer of said corporation, to wit: its president, and that the grounds of his information in regard to the matters stated in the foregoing petition so far as the same are not within his personal knowledge, are statements made by officers or agents of the corporation to him as president thereof.

Sworn to before me June 26, 1905.

ARTHUR TURNBULL.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPOINTMENT.

PUBLIC NOTICE IS HEREBY GIVEN

that at a meeting of the Board of Estimate and Apportionment, held June 30, 1905, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of New York City Interborough Railway Company respectfully shows:

I. Your petitioner is a street surface railroad corporation duly organized and existing under the laws of the State of New York, and has duly made and filed, pursuant to section 13 of the Railroad Law, surveys, maps and certificates of the alterations or changes of the route of its road herein proposed.

II. Your petitioner desires to obtain from The City of New York and hereby respectfully applies for its consent to a grant of the franchise

or right to use certain streets, roads, avenues, highways, boulevards, bridges, public viaducts and approaches, parkways or public grounds within or belonging to The City of New York, for the construction and operation in and upon the surface thereof of double or single track surface railroads (including the necessary connections, switches, sidings, turnouts, turn-tables, cross-overs and suitable stands or other structures necessary for the accommodation and operation of the said railroads by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), as alterations or changes of the route of its existing road, and for public use in the conveyance of persons and property for compensation.

III. The following is a description of the said certain streets, roads, avenues, highways, boulevards, driveways, bridges, public viaducts and approaches, parkways or public grounds within or belonging to The City of New York, in, through, upon and along, and to, upon, over and across which your petitioner desires to make such proposed alterations and changes of its route, to wit:

Change No. 1 in Route No. 1, as described in its certificate of incorporation:

Continuing in, through, upon and along Sedgwick avenue, from Perot street to the intersection of Sedgwick avenue with Boston avenue and Giles place; thence in a southwesterly direction in, through, upon and along Heath avenue or Fort Independence street, as described in said certificate of incorporation, as a change and in substitution for that portion of said route extending northwesterly on and along Perot street to Nathalie or Boston avenue; thence northeasterly on and along Nathalie or Boston avenue to Heath avenue or Fort Independence street.

Change No. 2 in Route No. 3, as described in its certificate of incorporation:

Continuing in, through, upon and along Kingsbridge road from its intersection with Heath avenue and across and over the proposed viaduct or bridge crossing the railroad tracks to the intersection of Kingsbridge road and West Two Hundred and Twenty-fifth (or Muscota) street; thence in, through, upon and along West Two Hundred and Twenty-fifth (or Muscota) street to Broadway (or Kingsbridge road), as a change and in substitution for that portion of said route extending from the rapid transit station at the intersection of Bailey avenue and East Two Hundred and Thirtieth street (now West Two Hundred and Thirtieth street), in the Borough of The Bronx; running thence easterly on and along said East Two Hundred and Thirtieth street (now West Two Hundred and Thirtieth street) to its intersection with Heath avenue; thence southerly on and along Heath avenue to its intersection with Kingsbridge road.

Change No. 3 in Route No. 2, as described in its certificate of incorporation:

Extending in, through, upon and along Tremont avenue, from former Ryer avenue to the intersection of Tremont avenue with East One Hundred and Seventy-sixth street, Carter avenue, Webster avenue and Burnside avenue; thence in a northerly direction in, through, upon and along Burnside avenue to its intersection with Valentine avenue, and thence in, through, upon and along Valentine avenue to its intersection with East One Hundred and Eightieth street, as a change and in substitution for that portion of said route extending northerly on and along Ryer avenue to East One Hundred and Eightieth street; thence southeasterly on and along East One Hundred and Eightieth street to said Valentine avenue.

Change No. 4 in Route No. 3, as described in its certificate of incorporation:

Extending southerly from the intersection of Kingsbridge road and Valentine avenue, in, through, upon and along Valentine avenue to its intersection with East One Hundred and Eighty-ninth street; thence easterly in, through, upon and along East One Hundred and Eighty-ninth street to its intersection with Park avenue East; thence northerly in, through, upon and along Park avenue East to its intersection with Third avenue and East One Hundred and Eighty-ninth street, as a change and in substitution for that portion of said route extending on and along Kingsbridge road and Third avenue, from Decatur avenue to East One Hundred and Eighty-ninth street; and for that portion of said route, as heretofore altered and changed, extending on and along Valentine avenue, from Kingsbridge road to East One Hundred and Eighty-ninth street; thence on East One Hundred and Eighty-ninth street to Webster avenue; thence on Webster avenue to East One Hundred and Eighty-ninth street; thence on East One Hundred and Eighty-ninth street to Third avenue.

Change No. 5 in Route No. 3, as described in its certificate of incorporation:

Beginning at the intersection of East One Hundred and Seventy-eighth street and Boston Road; thence northerly in, through, upon and along Boston Road to the rapid transit station at its intersection with East One Hundred and Eightieth street; thence westerly in, through, upon and along East One Hundred and Eightieth street to its intersection with Southern Boulevard; thence in, through, upon and along said last mentioned street to its intersection with East One Hundred and Eighty-second street, as a change and in substitution for that portion of said route extending southeasterly on and along East One Hundred and Eighty-second street, from Southern Boulevard to Vyse avenue; thence southwesterly on and along Vyse avenue to East One Hundred and Seventy-eighth street; thence southeasterly on and along said East One Hundred and Seventy-eighth street to Boston Road.

IV. Your petitioner proposes to operate the roads to be constructed upon said altered and changed routes by the overhead trolley system, or by any other motive power, other than locomotive steam power, which may be approved by the State Board of Railroad Commissioners, and consented to by the owners of property bounded upon the same, as provided by law.

Wherefore, your petitioner prays that public notice hereof and of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all of the terms and conditions as to compensation and otherwise, in accordance with the provisions of the Greater New York Charter.

CITY OF NEW YORK, BOARD OF ESTIMATE AND APPOINTMENT.

PUBLIC NOTICE IS HEREBY GIVEN

that at a meeting of the Board of Estimate and Apportionment held July 21, 1905, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The Star Telephone Company, a domestic corporation, respectfully petitions your Honorable Board, and applies for the right, privilege and franchise to lay, erect, construct and maintain suitable wires or other conductors, with the necessary poles, fixtures and appliances in, over, across and under the streets, avenues, highways, parks and public places within the limits of The City of New York, for the purpose of conducting and distributing electricity and the operating of telephone and telegraph lines and business within the said City, subject to the following terms and conditions, namely:

First—The right, privilege and franchise here-in applied for shall continue for a term of twenty-five years, with the right of a renewal thereof to the grantee for a further period of twenty-five years, upon a fair revaluation to be made by three disinterested appraisers to be appointed, one by the Board of Estimate and Apportionment or its successors in authority, whereof notice shall be given said company, and one by the Star Telephone Company, both at least six months prior to the expiration of said grant, and the third by said first two, to be chosen within thirty days after the appointment of the last one of the two so chosen. Each appointment shall be filed with the Comptroller of The City of New York, and the report of the appraisers shall also be filed with the Comptroller or his successor in authority within three months after the appointment of the last appraiser. In case of the failure of the grantee to name an appraiser, the appraiser named by the Board of Estimate and Apportionment may act alone. In case of delay in the appraisal from any other cause, the valuation shall be merely postponed and the operation of the grant continue meanwhile. The appraisers may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation without the presence of either party. They shall have the right to examine the books of the Star Telephone Company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties.

Upon the termination of the franchise or right the plant as well as the property of the grantee in streets, avenues, parks and highways with its appurtenances shall become the property of the City without further compensation except for the plant, for which The City of New York shall pay a fair valuation, to be estimated as aforesaid.

Second—The Star Telephone Company shall not make a charge for telephone service within the Borough of Manhattan in excess of the following rates, namely:

(a) Five (5) cents per call where there is no guarantee by the subscriber to pay a fixed sum per annum.

(b) Sixty dollars (\$60) per annum for unlimited service where the telephone instrument is located in a private residence.

(c) One hundred dollars (\$100) per annum for unlimited service where the telephone instrument is located in a place of business.

Third—Payment for said franchise shall be made to The City of New York by the Star Telephone Company in manner following:

The Star Telephone Company shall furnish and install in the various municipal offices for the free use of the City employees, telephones to a number not to exceed six hundred (600). It shall pay to The City of New York each year, upon such date or dates as the City may require, a sum equal to five per centum (5%) upon the gross sum received by the said telephone company during said year from the operation of its telephone and telegraph business within the City, and its books shall at all times be open to inspection by the officials of the City to verify the said sum.

Fourth—Said Star Telephone Company shall proceed with due speed and diligence in the construction of its wires, conductors, poles, fixtures and appliances in, on, over, across and under the streets, avenues, public parks and places within the territory above described, and shall maintain its property in good condition throughout the full term of the grant, and shall maintain and operate the business under the provisions and control and in accordance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and of all the authorities of The City of New York who have jurisdiction in such matters under the present or

future Charter of the said City, and shall in all respects comply with and observe the provisions of such Charter and the laws of the State.

Fifth—In case of any violation or breach or failure to comply with any of the provisions herein contained, the grant may be forfeited and avoided by The City of New York by a suit or action brought for that purpose.

Sixth—The said grant shall not be assignable without the consent of The City of New York.

Seventh—The Star Telephone Company hereby promises, covenants and agrees on its part and behalf to conform to and abide and perform all the terms and conditions and requirements herein set forth, fixed and contained, and further agrees in advance to such variations and amendments thereto as may be required by the Board of Estimate and Apportionment not substantially inconsistent with the terms of this application.

Dated NEW YORK CITY, June 30, 1905.
STAR TELEPHONE COMPANY,
By RICHARD S. WHITE, President.

Attest:
CLARENCE F. TRUE,
Secretary.

County of New York, ss.:
Clarence F. True, being duly sworn, says he is the Secretary of the Star Telephone Company, the applicant above named, and resides in the Borough of Manhattan, City of New York; that the foregoing application was duly authorized by a vote of the Board of Directors of said company; that the seal was affixed thereto by order of said Board; that he signed his name thereto by like order, and that he knew the said seal to be the seal of said corporation.

Sworn to before me this 17th day of July, 1905.
EDWARD L. BLACKMAN,
Notary Public, New York County.

The following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Star Telephone Company, dated June 30, 1905, was presented to the Board of Estimate and Apportionment at a meeting held July 21, 1905;

Resolved, That in pursuance of law this Board sets Friday, the fifteenth day of September, 1905, at 10:30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing shall be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Secretary.

NEW YORK, July 24, 1905. 82,15

CITY OF NEW YORK, BOARD OF ESTIMATE AND APPOINTMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held June 30, 1905, the following petition was received:

In the Matter of
The petition of the United District Messenger Company.

To the Honorable, the Board of Estimate and Apportionment of The City of New York:

The petition of the United District Messenger Company of New York City respectfully shows and avers upon information and belief:

First—That your petitioner is a domestic corporation, duly incorporated, organized and existing under the "The Business Corporations Law" (chapter 567 of the Laws of 1890, and amendments thereto), of the State of New York, and is engaged in the business of furnishing messengers to its subscribers and the public in the Borough of Manhattan, City of New York.

Second—Your petitioner desires to obtain from The City of New York a franchise, permit or consent, and hereby respectfully applies for same, to lay tubes, wires, conductors and insulators and to use the streets, avenues, walls, piers, public places and parks therein, or adjacent thereto, for the purpose of conveying, using and supplying electricity or electric current for the purpose of transmitting, communicating and carrying messages, news and information according to such plans as may be directed, approved or allowed by and subject to the powers of the Commissioner of Water Supply, Gas and Electricity, and subject to and under the supervision of the Commissioner of Public Works and of the Department of Public Parks, within their respective territorial jurisdictions, and subject also to all existing ordinances and statutes applicable thereto and to all reasonable regulations of the said franchise permit or consent.

Third—That the demands of the public for messenger service are greatly in excess of the present means of supplying the same, and that your petitioner, if granted the said franchise, will be in a position to greatly augment and increase the service it is now rendering to the public and its subscribers.

Fourth—That, by reason of agreements and understandings lately had between the principal telegraph and messenger companies and others similarly engaged and doing business in the Borough of Manhattan, City of New York, and notwithstanding the great improvement in transit facilities in the past five years in the said borough, the said companies are now charging rates greatly in excess of rates charged prior to January 1, 1905, and your petitioner expects to render a better service at a lower and substantial reduction in cost and charge for such service, and is in fact now rendering such service to the extent its present facilities will permit. And if the franchise hereby applied for is granted to your petitioner it will be in a position to further extend and improve its plant and be in a position to further improve and extend its service and reduce the charge or cost of same to the public and its subscribers.

Fifth—That the length of time for which the said franchise, permit or consent is required is twenty-five years from date of granting same.

Sixth—That your petitioner for any franchise, permit or consent to open streets, pavements or sidewalks for the purpose of laying tubes, wires, conductors and insulators for the purposes aforesaid will pay to The City of New York a sum equal to 1 cent per linear foot for the space occupied under such franchise, permit or consent.

Wherefore, your petitioner prays that the assent of your Honorable Board of the Corporation of The City of New York be granted to it for the purposes set forth in paragraph "Second" herein in accordance with all laws applicable thereto, and that the desired franchise, permit or consent be embodied in the form of a contract, with all of the terms and conditions as to compensation and otherwise in accordance with the provisions of the Greater New York Charter.

Dated NEW YORK, June 28, 1905.
UNITED DISTRICT MESSENGER COMPANY,
By M. W. RAYENS,
President and General Manager.

State of New York, County of New York, ss.:
Michael W. Rayens, being duly sworn, says that he is the president and general manager of the United District Messenger Company, the petitioner herein; that the foregoing petition is true of his own knowledge; except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

That the reason why this verification is made by deponent and not by the petitioner is because the petitioner is a domestic corporation of the State of New York and deponent is president of said corporation.

M. W. RAYENS.
Sworn to before me this 28th day of June, 1905.

JOHN A. MULHALL,
Commissioner of Deeds, New York City.

The following resolutions were thereupon adopted:

Whereas, The foregoing petition from the United District Messenger Company, dated June 28, 1905, was presented to the Board of Estimate and Apportionment at a meeting held June 30, 1905;

Resolved, That, in pursuance of law, this Board sets Friday, the fifteenth day of September, 1905, at 10:30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing shall be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening EAST NINETEENTH STREET, from Avenue M to Foster avenue, in the Twenty-ninth, Thirty-first and Thirty-second Wards, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, and having

objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 27th day of September, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of September, 1905, at 3 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate and assessment, together with our damage and benefit maps and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 9th day of October, 1905.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the southerly side of Avenue M and distant 100 feet easterly of the easterly side of East Nineteenth street; running thence southerly with East Nineteenth street 100 feet; running thence westerly and parallel with Avenue M to the centre line of the block between East Eighteenth street and East Nineteenth street; running thence northerly and along the centre line of the blocks between East Eighteenth street and East Nineteenth street to a point distant 100 feet northerly of the northerly side of Foster avenue; running thence northeasterly and parallel with Foster avenue to a line drawn parallel with East Nineteenth street and distant 100 feet easterly therefrom; running thence southerly parallel with East Nineteenth street and distant 100 feet easterly therefrom to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 4th day of December, 1905, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, September 8, 1905.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or her name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
