COMMISSIONERS OF THE SINKING FUND OF
THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office,
at 1 o'clock P. M., on Friday, March 22, 1889.*

Present—Hugh J. Grant, Mayor; Theodore W. Myers, Comptroller; William M. Ivins, Chamberlain, and Walton Storm, Chairman of Committee on Finance, Board of Aldermen.

Absent—Frederick Smyth, Recorder.

The minutes of the meeting held March 12 were read and approved.

The Comptroller presented the following report upon an application of the Board of Excise for a renewal of leases of its offices, with resolutions to authorize new leases:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
March 22, 1889.

To the Commissioners of the Sinking Fund:

GENTLEMEN—At the last meeting of this Board an application of the Board of Excise for a lease of offices was presented and referred to the Comptroller for report.

The Commissioners of Excise state in their application that the present offices do not afford sufficient room for the convenient and expeditious transaction of the business of the Board, and that additional rooms can be had in the same premises, which would to a considerable extent relieve the inconvenience now experienced from lack of space.

I have had an examination of the offices made by Mr. E. E. McLean, Engineer of the Finance Department, whose report is herewith submitted. He explains the inadequacy of the present accommodations and the necessity for additional space, which can be had by leasing the second and fourth floors of the building on Third avenue adjoining the bank building, in which are located the principal offices of the Board of Excise, which occupies the third floor of both buildings.

The rent of the present offices is \$2,520 per annum, and the additional rent for the second and fourth floors of the building on Third avenue will be \$780, making the total rent \$3,300 per annum, which is considered fair and reasonable.

The offices are in separate buildings, belonging to different owners, and resolutions are submitted to authorize leases for the rooms in each building.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the Counsel to the Corporation be requested to prepare a lease to the City of the second, third and fourth floors of the building No. 332 Bowery, for the use of the Board of Excise, for the term of one year, from May 1, 1889, at the yearly rent of twelve hundred dollars (\$1,200), upon the usual terms and conditions; the Commissioners of the Sinking Fund deeming the rent fair and reasonable and that it would be for the interest of the City that such lease should be made; and the Comptroller is hereby authorized and directed to execute such lease when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

Resolved, That the Counsel to the Corporation be and is hereby requested to prepare a lease to the City of the premises now occupied by the Board of Excise for offices in the German Exchange Bank Building, for the term of one year, from May 1, 1889, at the yearly rent of two thousand one hundred dollars (\$2,100), and upon the same conditions as those of the present lease to the City of said premises, the Commissioners of the Sinking Fund deeming the rent fair and reasonable and that it would be for the interest of the City that such lease should be made; and the Comptroller is hereby authorized and directed to execute such lease when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

The report was accepted and the resolutions were unanimously adopted.

The Comptroller presented the following communication from the Armory Board, and a resolution to authorize a new lease of armory on Broadway, between Forty-fourth and Forty-fifth streets, for the use of the Seventy-first Regiment and Brigade Headquarters:

ARMORY BOARD—CITY OF NEW YORK,
March 16, 1889.

To the Honorable Commissioners of the Sinking Fund:

To the Commissioners of the Sinking Fund:

I recommend that the application of the Light-house Board be referred to the Department of Public Charities and Correction to make the necessary arrangements.

Respectfully,

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
COMMISSIONERS' OFFICE, NO. 66 THIRD AVENUE,
New York, March 20, 1889.

Hon. THEODORE W. MYERS, Comptroller:

SIR—In reply to your communication of the 18th instant, asking to be informed whether there is any objection on the part of this Board to granting a lease to the United States Light-house Board, at a nominal rental, of a piece of land about ten feet square at the extreme northern end of Riker's Island, and placing thereon a "stake light," I am directed to say that the Board would be willing to grant the privilege asked for, the time of occupancy, however, to be at the pleasure of this Board, as, when it becomes necessary to build cribwork and make other improvements for the purpose of filling in, the light might seriously interfere with its prosecution.

By order,

G. F. BRITTON, Secretary.

The Comptroller called up the resolution on the leasing of the ferry from Jay street, North river, to Weehawken, laid over at the last meeting of the Board, and, after a partial hearing, it was again laid over for further consideration.

The Comptroller called up and moved the adoption of the resolution to authorize the leasing of the franchise of the ferry from Grand street, New York, to Broadway, Brooklyn, laid over at the last meeting of the Board, as follows:

Resolved, That, in pursuance of the provisions of law and the ordinances of the Common Council relating to the leasing of ferries, the Comptroller be and is hereby authorized and directed to take the necessary measures to sell the lease of the franchise of the ferry from and to north side of Grand street, East river, in the City of New York, to and from Broadway, in the City of Brooklyn, at public auction, after due advertisement, to the highest bidder, for the term of ten years from May 1, 1889; and the minimum rental is hereby appraised and fixed at the sum of \$15,000 per annum.

TERMS AND CONDITIONS OF SALE.

The highest bidder will be required to pay the auctioneer's fee and deposit with the Comptroller at the time of sale twenty-five per cent. of the amount bid, which shall be credited on the rent due for the first quarter, or be forfeited to the City if the lease shall not be executed by the successful bidder when notified by the Comptroller; and he shall enter into an obligation to that effect at the time of sale.

The lease shall contain the usual covenants and conditions of ferry leases of the City of New York, and the lessee will be required to give bonds for double the amount of the yearly rental, with two sufficient sureties, to be approved by the Comptroller, conditioned for the faithful performance of the covenants of the lease and the payment of rent quarterly during the term of the lease.

The right to reject any bid is reserved if deemed by the Comptroller to be for the interest of the City.

Which was unanimously adopted.

The Chairman of the Committee on Finance of the Board of Aldermen called up and moved the adoption of the preamble and resolution relating to the sale of property belonging to the City on the corner of Eighty-second street and Park avenue, to the Church of the Redeemer, which was laid over at the meeting of the Board held February 4, 1889, as follows:

Whereas, The Commissioners of the Sinking Fund adopted a resolution on December 19, 1888, authorizing a sale to the corporation of the Church of the Redeemer of eight lots of land belonging to the City, situated at the corner of Eighty-second street and Park avenue, upon certain terms and conditions of sale; and

Whereas, The vestry of said church has made a proposition to buy said property at the price of sixty-seven thousand five hundred dollars (\$67,500), as fixed by the Commissioners of the Sinking Fund, if the terms and conditions of sale are somewhat modified, to wit: By reducing the cash payment from six thousand seven hundred and fifty dollars to two thousand five hundred dollars, and allowing the balance of sixty-five thousand dollars (\$65,000) to remain on bond and mortgage for the term of ten instead of five years, at the same rate of interest per annum, the fee of the property to be conveyed without any restricting clause in the deed, and an immaterial change in the term of the proposed lease to the church of four lots of land now occupied by it at the corner of Eighty-first street and Park avenue; and

Whereas, The interests of the City in the property will be amply secured by the proposed purchase mortgage thereon; and

Whereas, The Commissioners of the Sinking Fund are authorized and empowered by chapter 101 of the Laws of 1888, to sell at private sale to the Corporation of the Church of the Redeemer the said property, or any part or portion thereof, for such sum and on such terms as to the said Commissioners of the Sinking Fund may seem reasonable; therefore,

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund on December 19, 1888, authorizing and directing a private sale of said property to be made to the corporation of said church, upon certain terms and conditions, and also a resolution adopted on January 16, 1889, extending the time for completing the purchase of said property, be and the same are hereby rescinded, and that the following resolution be adopted as a substitute for said resolution of December 19, 1888:

Resolved, That, in pursuance of the authority conferred by chapter 101 of the Laws of 1888, the Commissioners of the Sinking Fund do hereby authorize and direct a private sale to be made to the corporation of the Church of the Redeemer, of Yorkville, in the City of New York, of eight lots of land bounded and described as follows, to wit: Beginning at the southwesterly corner of Fourth or Park avenue and Eighty-second street, and running westerly along the southerly line of Eighty-second street two hundred feet; thence southerly parallel with Park avenue one hundred feet; thence easterly parallel to Eighty-second street two hundred feet to the westerly line of said Park avenue; thence northerly along the westerly line of Park avenue one hundred feet to the point or place of beginning; and do hereby fix the sum of sixty-seven thousand five hundred dollars (\$67,500) as the price to be paid therefor, upon the terms and conditions of sale, as follows, viz.: The sum of two thousand five hundred dollars (\$2,500) to be paid in cash on the delivery of the deed, and the balance of sixty-five thousand dollars (\$65,000) to be secured by bond and mortgage for ten years, bearing interest at the rate of four per cent. per annum, with privilege of earlier payment in whole or in part; and provided, also, that the said corporation of the Church of the Redeemer shall execute and deliver to the Corporation of the City of New York a good and sufficient deed releasing all right, title and interest of said church corporation in and to the four adjacent lots of land situate on the northwesterly corner of Eighty-first street and Park, formerly Fourth avenue, now occupied by said church corporation; for which four lots a lease shall be made to said church corporation until August 1, 1890, at a yearly rent to be estimated and fixed by the Comptroller at what said lots should pay for taxes thereon, with the right to remove the present church edifice now standing upon said lots; and also provided that the said deed to said church corporation, the bond and mortgage and deed of said four lots to the City and lease thereof to said church corporation shall be executed and delivered simultaneously; and the Counsel to the Corporation is requested to prepare the said deeds and all other papers necessary to carry out this resolution; and the Mayor and the Clerk of the Common Council are hereby authorized and directed to execute such deed under the Common Seal of the City, when prepared and approved by the Counsel to the Corporation; and the Comptroller is hereby authorized to execute the lease herein provided for when prepared and approved by the Counsel to the Corporation; and it is further provided that if the said church corporation do not accept and consummate the purchase of said premises on the terms and conditions herein mentioned within ten days after notice from the Comptroller that the said deeds and lease are ready for execution and delivery, the Comptroller is hereby authorized and directed to take such action as may be necessary to obtain possession of the whole of said premises.

A communication was presented from Mr. Siegmund T. Meyer, relative to the selection and purchase of certain premises within the block bounded by Thirty-third and Thirty-fourth streets and Lexington and Park avenues, for an armory site, as follows:

NEW YORK, March 22, 1889.

To the Commissioners of the Sinking Fund of the City of New York:

GENTLEMEN—About a year ago, at the instance of Mr. Henriques, a real estate broker, I was induced to offer through him to the Armory Board a portion of the premises within the block bounded by Thirty-third and Thirty-fourth streets, Lexington and Park avenues, for an armory site.

This property had been purchased with a view to immediate improvement; plans had been made by Messrs. Hubert & Hoodless, architects, and negotiations for building were on foot involving (including the value of the land) three millions of dollars.

I yielded to Mr. Henriques' request upon the assurance that there would be no delay on the part of the authorities in acting upon this offer. On June 11, 1888, a Committee was appointed by the Armory Board to select a site for an armory for the Seventy-first Regiment of the National Guard. Thereafter this Committee reported in favor of the selection of the above-described property, and its report was accepted and approved. This action of the Armory Board was subsequently submitted to your Honorable Body, in pursuance of chapter 330 of the Laws of 1887.

I was led to believe that the usual condemnation proceedings would occupy some weeks, and I was requested by the Secretary of the Armory Board to defer the contemplated improvements so as to prevent useless work and consequent additional cost to the City.

Accordingly I abandoned the proposed plans and negotiations, and the property was thus withdrawn from the market.

The records of the Armory Board and of your Honorable Body will show that surveys were made of this property, and that opinions of the Corporation Counsel were obtained in the premises. The public press announced these facts, and it thus became generally understood in the real estate market that the property in question offered no field for private enterprise. I was justified in so believing myself.

On December 27, 1888, your Honorable Body practically resolved to withhold its sanction of the selection of this site by the Armory Board.

Meantime interest and taxes had accumulated. I urged the hardship of my position, and on February 11, 1889, your Honorable Body rescinded the action of December 27, 1888. Meantime a complication had arisen which has occasioned further delay in the final action of your Honorable Board, namely, a contest between the Seventy-first and the Ninth Regiments for occupancy of the proposed site.

I believe I may state without contradiction that your Honorable Body and the Armory Board have commended this site as particularly desirable for the best interests of the City, opinions which find valuable corroboration in the expressed wishes of the Seventy-first and Ninth Regiments to secure it.

Now I respectfully assert my unwillingness to carry this property unimproved any longer. The burden of holding half a million dollars' worth of unproductive real estate in this city is not easy to bear, and the present marketableness of the property has been affected, perhaps seriously, by the proceedings looking to its selection as an armory site, for purchasers and loaners of money have been naturally deterred from considering it in the belief that it was soon to become the property of the City.

In view of these facts I respectfully urge that at this meeting you will approve or disapprove the action of the Armory Board.

Should you decline now to approve this site, I must insist that the property be withdrawn from your consideration, and that I be suffered to proceed with my original plans.

I respectfully ask that the receipt of this communication (a copy whereof will be transmitted to the Armory Board) be noted upon your minutes.

I am, your obedient servant,

SIEGMUND T. MEYER.

On motion of the Chamberlain, the matter was laid over for consideration at the next meeting of the Board, to be held on Thursday, next.

The Comptroller presented a communication from the Department of Docks, proposing the surrender to its charge and control of the Old Catharine Street Fish Market, as follows:

CITY OF NEW YORK—DEPARTMENT OF DOCKS,
PIER A, NORTH RIVER, BATTERY PLACE,
NEW YORK, March 15, 1889.

Hon. THEO. W. MYERS, Comptroller, City of New York:

SIR—I beg to call your attention to the wharf structures on the southerly side of South street, near to and eastward of Catharine Slip, known as the Old Catharine Fish Market (the same being about 93 feet long by 30 feet wide, at the inner and westerly end of the surface of Pier 35, East river), which were leased by the Mayor, Aldermen and Commonalty of the City of New York, through the Comptroller, to the Bridgeport Steamboat Company, by lease bearing date April 30, 1884; as these structures and premises are no longer used for a fish market, it is suggested that the premises be turned over to the control of this Department, as it would seem proper that they should be, under section 711 of the Consolidation Act of 1882.

Yours, respectfully,

EDWIN A. POST, President.

Estimates for the above will be received at the office of the Commissioner of Public Works, No. 31 Chambers street, in the City of New York, until 12 o'clock M. of Wednesday, March 27, 1889, at which place and time they will be publicly opened by said Commissioner and read.

Any person making an estimate for furnishing the gas or other material shall furnish the same in a sealed envelope, endorsed "Estimate for Furnishing the Illuminating Material for, and Lighting, Extinguishing, Cleaning, Repairing and Maintaining the Public Lamps," and any person making an estimate for furnishing, operating and maintaining electric-lamps, shall furnish the same in a sealed envelope, endorsed "Estimate for Furnishing, Operating and Maintaining Electric-lamps," and also with the name of the person making the same and the date of its presentation.

Bidders are required to state, in their estimates, their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, they shall distinctly state the fact; also that it is made without any connection with any other person making an estimate for the same supplies and work, and that it is in all respects fair and without collusion or fraud; and, also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the same, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded

to the person or persons making the bid or estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law.

Bidders proposing to furnish illuminating gas are required to state in their estimates the district or several streets, avenues, piers, parks and places, or parts of streets, avenues, piers, parks and places in which they propose to perform the requirements herein contained, and also the illuminating or candle-power of the gas they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture; and bidders proposing to furnish any illuminating material other than illuminating or coal gas, must state distinctly what kind of material they propose to furnish, and the illuminating power of the light they propose to furnish.

Bidders are also required to state the price per year for which they will furnish the gas (of not less than eighteen-candle power by photometric test at a distance of not less than one mile from the place of manufacture) or other illuminating material for each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing, and painting lamp-posts and lanterns, and replacing the cocks, tubes, burners, cross-heads, lamp-irons, and lanterns thereto, for the period from May 1, 1889, to April 30, 1890, both days inclusive; stating the price, for the above-named period of one year, for each lamp.

Bidders for gas-lamps are also required to state a price for which they will repair lamp-posts, including straightening and releading, and for each new lamp fitted up, as follows:

For each lamp-post straightened, stating the price per post.
For each column reladed, stating the price per post.
For each column refitted, stating the price per post.
For each lamp-post removed, stating the price per post.
For each lamp-post reset, stating the price per post.
For each new lamp fitted up, stating the price per post.

The total number of public gas-lamps to be contracted for is about 24,800, but bidders may bid for any portion of the same, naming their location as to districts, streets, avenues, piers, parks and public places, or parts thereof.

The burners for illuminating gas are to be of a capacity to burn three cubic feet of gas per hour under a pressure of one inch, and in case the illuminating material shall be oil or naphtha, then the burners to be used for such illuminating material shall give a light (by photometric test) equal to the light given by the gas-burners in use in the public lamps in the City of New York.

Should any alteration or any attachment be required to any portion of the lamps for which estimates are made in consequence of the use of illuminating material other than gas, then such alteration shall be done and such attachment placed on the lamps without expense to the City.

The number of hours the gas or naphtha lamps are to be kept burning during the contract is 4,000. The electric-lamps are to be kept lighted 3,950 hours.

The amount of security required on any contract for lighting the public gas-lamps which will amount to \$400,000 and upwards, shall be \$150,000; on any contract which will amount to \$300,000 and less than \$400,000 shall be \$125,000; on any contract which will amount to \$200,000 and less than \$300,000 shall be \$100,000; on any contract which will amount to \$100,000 and less than \$200,000 shall be \$75,000; on any contract which will amount to \$80,000 but is less than \$100,000, \$50,000; on any contract which will amount to \$60,000 but is less than \$80,000, \$35,000; on any contract which will amount to \$40,000 but is less than \$60,000, \$24,000; on any contract which will amount to \$20,000 but is less than \$40,000, \$12,000; on any contract which will amount to \$10,000 but is less than \$20,000, \$6,000; on any contract which amounts to less than \$10,000, \$5,000.

Bidders for electric-lamps are required to state in their estimates the several streets, avenues, parks and public places, or parts of streets, avenues, parks and public places in which they propose to perform the requirements herein contained, giving in detail the number of lamps which it is proposed to furnish for lighting each street, etc., and in case the streets or any portion of the streets which are contemplated in the bid are not lighted by the bidder with electric arc lamps at the time of the making of the bid, then a map or sketch showing clearly the proposed locations of lamps, poles and conducting wires in such streets must be submitted with the bid.

Bidders must state the kind or system of light they propose to furnish.

Bidders are required to state the price per night for each lamp at which they propose to furnish, operate and maintain a light in accordance with the requirements of the specifications and for the period mentioned in the agreement.

Bidders are required to state the number and locations of the central stations at which the electric current is to be generated, and what provision, if any, will be made against the accidental extinction of the lights on account of damage to the central station by fire.

The amount of security required on electric-light contracts is Twenty-five Thousand Dollars.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate for electric-lamps will be considered from any company, corporation or individual not authorized and empowered either by the Common Council or by the Board of Electrical Control, to lay, erect and construct, and which has not (except where electric-light conduits are laid) suitable wires or other conductors, with the necessary poles, pipes or other fixtures, in, on, over and under streets, avenues and public parks and places of the City of New York, for conducting and distributing electricity to do the lighting bid for; and that does not possess a sufficient central station, with suitable appliances therein, for generating the electric current required for the purposes of accomplishing the work specified in the bid or estimate.

The award of any contract, if awarded, will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom any contract is so awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or estimate, or if he accept, but does not execute the contract and give the proper security, it may be readvertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

The right is reserved, whatever may be the illuminating material named in the estimate, when an estimate is made containing bids for lamps in one or more streets, avenues, piers, parks or places, to accept from such estimate or bid so much thereof as may be the lowest per lamp in any one or more of such streets, avenues, piers, parks or places, and to reject the remainder of such estimate or bid which may not be the lowest as aforesaid. The right is also reserved to determine what streets or parts of streets and public places shall be lighted by electric-lights. The contract for lamps in any particular street, avenue, park or place, will be awarded, if awarded, to the lowest bidder per lamp in such particular street, avenue, park or place.

The right is also reserved to determine and designate in any locality, after the estimates are opened, what illuminating material shall be used in the public lamps, or any number of them, in such locality, during the period above mentioned; also upon such determination, to decline any estimate or part thereof for lighting such locality with illuminating material other than that so determined upon. Also to decline all estimates if deemed for the best interests of the City. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

The right is also reserved to regulate the number of electric-lamps which may be erected and their location and disposition, in order to best illuminate the streets, parks or other public places for the lighting of which bids may be received.

If the estimate of any bidder shall include any streets or parts of streets, parks, or public places not lighted by electric arc lamps, or not so lighted by the bidder at the time of the making of the bid, and a contract for furnishing, operating and maintaining lamps in such streets, or parts of streets, parks or public places shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract, and such further time, not exceeding thirty days, as may be deemed reasonable by the Mayor, Comptroller and Commissioner of Public Works shall be allowed to such bidder in which to erect poles and lamps and establish conducting wires, all of which shall be done by the party of the second part without expense to the City.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been established in complete working order, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

The attention of bidders for electric-lamps is called to the provisions of Specification 3 and paragraph O in the form of agreement.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Secretary of the Board of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Secretary

PROPOSALS FOR FURNISHING THE CITY STATIONERY.

BOARD OF THE CITY RECORD.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Civil Service Board of the City Government with Stationery, including Books, Blank Books, etc., as per annexed specifications, will be received at the office of the Mayor, in the City of New York, until 12 o'clock M. of Tuesday, the 2d day of April, 1889, at which place and time said estimates will be publicly opened and read.

Any person making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for furnishing Stationery," and also the name of the person making it, and the date of its presentation.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above all his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept and do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Secretary of the Board of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Secretary

and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—Bidders will state a total price for each description of Stationery or Blank Books as set forth in the specifications, and all estimates will be considered as informal which do not contain bids for all items for which bids are called herein.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Board of the City Record to reject any or all bids which may be deemed prejudicial to the public interests.

The entire quantity of Books and Stationery is to be put up in packages and delivered at such times and places and in such quantities as shall be directed by the Board of the City Record.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope indorsed "Bid or Estimate for Groceries, Crockery, Dry Goods, Iron, Tin, Leather, Hardware, Woodenware and Lumber," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein; or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the contract is four thousand dollars.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded will be awarded to the lowest bidder.

Blank forms for proposals and forms of the contract which the successful bidder will be required to execute, can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had, at the office of the Department, Nos. 49 and 51 Chambers street.

Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates. By order,

JOHN NEWTON,
Commissioner of Public Works.

PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 352 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.

D. LOWBER SMITH,
Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,
Commissioner of Public Works.

GRANTS OF LANDS UNDER WATER.

THE OWNERS OF LANDS IN THE CITY OF New York, which were formerly under water, and which were granted by the City of New York, are notified that nearly all of the grants of such lands contain covenants, on the part of the grantees, and their successors and assigns, to maintain and keep in repair the adjacent streets. The condition of many of these streets is such as to make it necessary that they should be repaired and repaved, and that the obligation resting upon the present owners of adjacent lots to do this work should now be enforced. Many of such owners have requested that such covenants be commuted, and wholly released, upon the payment by them of a certain sum per lot.

The matter will shortly be presented to the Commissioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and application for releases should therefore be made at once.

They may be sent to the undersigned.

Dated New York City, August 7, 1888.

JOHN NEWTON,
Commissioner of Public Works.
