THE CITY OF NEW YORK.

FOR CHARITABLE INSTITUTIONS.

All such appropriations being made subject to the following conditions:

1. The accounts of all charitable institutions receiving public moneys shall be so kept as to show receipts and disbursements in such form as shall be satisfactory to the Comptroller, showing the addresses of the parents, guardians, or nearest relatives of inmates, and other information designed to facilitate inquiry into their financial inability to provide for such inmates.
2. Moneys received from the City Treasury shall be used by such institutions only for recurring expenses of "care, support, education and maintenance."
3. All institutions receiving public moneys shall be at all reasonable times open to the visitation and inspection of duly authorized representatives of the Department of Public Charities and the Department of Finance.
4. Upon it appearing to the satisfaction of the Comptroller that it would be to the public interests to withhold payments to any charitable institution for which an appropriation has been made, he shall give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to so withhold such payments, and upon the determination of said Board that such payments should terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon cease.
5. Except where appropriations are made in bulk and not upon a per capita basis, no payment shall be made for inmates of private charitable institutions unless the same shall have been accepted by the Commissioner of the Department of Public Charities as a proper charge against the City, and, except in emergency cases, Commissioner of Charities shall not accept as proper charges against the City inmates capable of paying for their own support or for whose care adequate provision can be made in public institutions. The City shall not become liable for any payment to a charitable institution in excess of the appropriation which may have been made to such institution, notwithstanding any per capita rates of payment that may have been fixed for the inmates thereof.
6. All institutions receiving money from the City are required to state specifically the amount so received, as from the City Treasury, in their printed annual reports.
7. "That no money be paid to any private charitable institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or that has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its Board of Managers."
8. Where the City is paying 50 per cent. and upwards of the cost of maintenance of an institution, the Board of Estimate and Apportionment requires representation in the board meetings of that institution, with the right of taking part in all business transactions. This representation shall be through the Comptroller, who may attend any meeting, either in person or through a representative appointed by him, of which appointment the Comptroller will give written notice to the board of the institution.
9. The Board of Estimate and Apportionment will not pay for the maintenance of dependent and delinquent children in the same institution.
10. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows:
For infants under two (2) years of age, and in infants' hospitals also..... \$0 45
Between the ages of two and five, per day..... 2 25
For dependent children, from two (2) to sixteen (16) years of age, per week..... 135 00
For delinquent children, per annum..... 135 00
For adult inmates of reformatories, committed by the Courts, per annum..... 135 00

That charitable institutions for children now carried in the Budget and not sending their inmates to the Public Schools, and not sharing in the Corporate School Fund, and not receiving Teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of four years of age and over during ten months in the year. This money to be paid under the authorization of section 230 of the Charter, but under the general conditions relating to institutions receiving Corporate School money, as provided in section 1754.

It is the judgment of the Board of Estimate and Apportionment that all children should be fully surrendered by their parents or guardians to the institutions to which they may be committed and the Commissioner of Charities is requested to secure such surrenders as far as possible.

Magistrates are requested to transfer dependent, and when judicious, no proper guardianship children, and all cases coming to their attention in the Courts where no crime is proven against the child to the Commissioner of Charities, who can commit to institutions. Magistrates are earnestly requested not to commit a dependent child to an institution on a Court commitment.

The Commissioner of Charities is instructed to take such steps, either by appeal to the national authorities or by proper bills to the Legislature, as to provide that the children of emigrants abandoned within one year after arrival in this City be returned to the country whence they came.

Section 68. No person shall have, sell or offer for sale in The City of New York any food which is adulterated or misbranded. The term food as herein used shall include every article of food and every beverage used by man, and all confectionery. Food as herein defined shall be deemed adulterated:

(a) If any substance or substances has or have been mixed and packed with it so as to reduce or lower or injuriously affect its quality or strength.

(b) If any inferior or cheaper substances have been substituted wholly or in part for the article.

(c) If any valuable constituent of the article has been wholly or in part abstracted.

(d) If it consists wholly or in part of diseased or decomposed or putrid or rotten animal or vegetable substance, or any portion of any animal unfit for food, whether manufactured or not, or if it is a product of a diseased animal, or one that has died otherwise than by slaughter.

(e) If it be colored or coated or polished or powdered, whereby damage is concealed or it is made to appear better than it really is.

(f) If it contains any added poisonous ingredient, or any ingredient which may render such article injurious to health; or if it contains any antiseptic or preservative not evident and not known to the purchaser or consumer.

(g) If in the case of confectionery it contains terra alba, barytes, talc, chrome yellow or other mineral substance or poisonous color or flavor, or other ingredient deleterious or detrimental to health; or any vinous, malt or spirituous liquor or compound or narcotic drug.

(h) If in the case of spirituous, fermented and malt liquors, they contain any substance or ingredient not normal or healthful to exist in such liquors, or which may be deleterious or detrimental to health when such liquors are used as beverages.

Food shall be deemed misbranded:

(a) If it be an imitation or offered for sale under the distinctive name of another article.

(b) If it be labeled or branded so as to deceive or mislead the purchaser, or purport to be a foreign product when not so; or if the contents of the package as originally put up shall have been removed in whole or in part and other contents shall have been placed in such package; or if it fails to bear a statement on the label of the quantity or proportion of any morphine, opium, cocaine, heroin, chloroform, cannabis indica, chloral hydrate or acetanilid, or any derivative or preparation of any such substances contained therein.

(c) If in package form and the contents are stated in terms of weight or measure, they are not plainly and correctly stated on the outside of the package.

(d) If the package or its label shall bear any statement, design or device regarding the ingredients or the substances contained therein, which statement, design or device shall be false or misleading in any particular; provided, that an article of food which does not contain any added poisonous or deleterious ingredients shall not be deemed to be adulterated or misbranded in the following cases:

First—In the case of mixtures or compounds which may be now or from time to time hereafter known as articles of food, under their own distinctive names, and not an imitation of or offered for sale under the distinctive name of another article, if the name be accompanied on the same label or brand with a statement of the place where said article has been manufactured or produced.

Second—In the case of articles labeled, branded or tagged, so as to plainly indicate that they are compounds, imitations or blends, and the word "compound," "imitation" or "blend," as the case may be, is plainly stated on the package in which it is offered for sale; provided that the term blend as herein used shall be construed to mean a mixture of like substances, not excluding harmless coloring or flavoring ingredients used for the purpose of coloring and flavoring only; and provided further that nothing in this section shall be construed as requiring or compelling proprietors or manufacturers of proprietary foods which contain no unwholesome added ingredient to disclose their trade formulas, except in so far as the provisions of this section may require to secure freedom from adulteration or misbranding.

Sec. 69. No person shall manufacture or produce or have, sell, or offer for sale in the city of New York any drug which is adulterated or misbranded. The term

drug, as herein used, shall include all medicines for external or internal use, or both. Drugs as herein defined shall be deemed adulterated:

(a) If when sold by or under a name recognized in the United States pharmacopoeia or National formulary, it differs from the standard of strength, quality or purity, as determined by the test laid down in the United States pharmacopoeia or National formulary official at the time of investigation; provided, that no drug defined in the United States pharmacopoeia or National formulary shall be deemed to be adulterated under this provision, if the standard of strength, quality or purity be plainly stated upon the bottle, box or other container thereof, although the standard may differ from that determined by the test laid down in the United States pharmacopoeia or National formulary.

(b) If its strength or purity falls below the professed standard under which it is sold.

A drug shall be deemed misbranded:

(a) If it be an imitation or offered for sale under the distinctive name of another article.

(b) If the contents of the package as originally put up shall have been removed, in whole or in part, and other contents shall have been placed in such package, or if the package fails to bear a statement on the label of the quantity or proportion of any alcohol, morphine, opium, cocaine, heroin, chloroform, cannabis indica, chloral hydrate or acetanilid, or any derivatives or preparation of any such substances contained therein.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
