PETITIONS AND COMMUNICATIONS.

No. 3035.

126 W. 127th street, New York, March 8, 1911.

To Board of Aldermen, City Hall, New York:

Dear Sirs—I am informed that on April 24, 1906, a resolution was adopted by your honorable Board, that the No. 126-A shall be used on the property on the west, adjoining my property, which is located as above, to wit, 126 West 127th street. I beg to state that since taking title to my property, I have suffered a law suit, have had mail miscarried, and parcels and marketing left with my tenants, and afterwards claimed by the tenants next door; have been threatened with all kinds of suits for non-payment of bills (for coal, for gas, for repairs, for violations); tenants have threatened to break their leases on account of inconvenience and annoyance caused by the house not being properly numbered.

I beg to state that my premises occupy a full lot, 25 by 100; and as a taxpayer I am entitled from further annoyance; this can only be done by reconstructing the numbers, either to the east or west. I do not care which, I only ask for an exclusive number, be it 124 or 126, but I will not accept a half number, as such a course would depreciate my property, the tenants would not stand for it, and new tenants would not take an apartment and pay high rentals in a house not properly numbered. As for myself, I reside on the premises, and am about on the verge of nervous prostration on account of the annoyance and confusion caused by this unwarranted condition of affairs, which I am sure your honorable body will at once recognize (from my point of view) as being detrimental to my property and my interests. Your earliest and prompt attention to this matter will greatly oblige. Awaiting your reply.

Very truly yours,

E. BARNETT.

P. J. SCULLY Esq., Clerk to the Board of Aldermen, City Hall, New York:

Dear Sir—Referring to the resolution of the Board of Aldermen, adopted January 17, 1911, regarding the installation of suitable and substantial railings at the elevated stations in Brooklyn, I beg to say that after a full investigation and consideration the Commission is of the opinion that it would not be best to institute a proceeding looking to the adoption of an order requiring the company to install such railings. The considerations upon which this conclusion is based are that from an operating point of view such railings would be particularly objectionable, and for the following reasons:

(1) Many times the trains would run by their proper stopping points; this would produce confusion and delay because of the interference with embarking and disembarking passengers.

(2) Again, the safety of passengers would not be fully safeguarded unless the railing openings were equipped with gates, because passengers would still be able to fall or jump off the platforms through the unprotected openings.

(3) If the railing gates were installed in connection with the railings, another element of delay would be introduced in the train operation. The incidental delays due to opening the gates would tend to increase the station stops and thus retard the train movement.

(4) The railings alone, or railings and gates combined, by introducing other elements of delay and interference with the train movement, would be so detrimental to the service during the rush hours that it is believed that it would undoubtedly result in a necessary reduction in the service, in order to permit the train movement to be maintained at all past the most congested points.

The conditions at way stations are quite different from those existing at the terminals where the trains cannot do otherwise than stop at exactly the right place.

Very truly yours,

TRAVIS H. WHITNEY, Secretary.

Dear Sir—Receipt is hereby acknowledged of a copy of a resolution adopted by the Board of Aldermen, March 7, 1911, requesting this Commission to take action requiring motormen of all cars which stop at the near side of crossings to ring their gongs before starting, as a warning to pedestrians not to cross the highway until the car has passed. Attention will be given this matter after which a statement will be made to you. Very truly yours,

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 3041.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 9, 1911 disapproving of the request of the Board of Aldermen, contained in a resolution adopted June 28, 1910, for the issue of \$2,625 special revenue bonds, the proceeds whereof to be used by the President, Borough of Richmond, for the moving of the plant of the Staten Island Association of Arts and Sciences, and for employing additional force for new quarters.

In compliance with the direction of the Board I also transmit, for the information of the Board of Aldermen, copy of the Comptroller's report relative thereto.

Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the request of the Board of Aldermen for an issue of special revenue bonds as contained in the resolution of said Board adopted June 28, 1910, which reads as follows:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand six hundred and twenty-five dollars (\$2,625), the proceeds whereof to be used by the President of the Borough of Richmond for the purpose of moving plant of Staten Island Association of Arts and Sciences and employing additional force for new quarters."

—be and the same is hereby disapproved.

A true copy of resolution adopted by the Board of Estimate and Apportionment March 9, 1911.

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 4, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On June 28, 1910, the Board of Aldermen adopted a resolution requesting the Board of Estimate to authorize the Comptroller to issue special revenue bonds amounting to \$2,625, to be used by the Staten Island Association of Arts and Sciences in the removal of its museums and for the payment of salaries. In connection therewith I report:

Action on the request has been deferred from time to time owing to the uncertainty of the time of the physical removal of the museum from the Borough Hall to a building rented by the City for the use of the Association. During the interval the Budget for 1911 was approved in which provision for 1911 amounts to \$9,000, an increase of \$5,000 over the budgetary provision of 1910.

A full analysis of the conditions as they now exist disclose the fact that at this time no necessity exists for the issue of the bonds and I therefore recommend that the request be not approved and transmit herewith the resolution of the Board of Aldermen. Respectfully,

WM. A. PRENDERGAST, Comptroller.

No. 3042.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, March 10, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In compliance with the direction of the Board of Estimate and Apportionment I transmit herewith, for the information of the Board of Aldermen, copy of report of the Corporate Stock Budget Committee, recommending the issue of \$517,400 corporate stock for the construction and equipment of additions to Public Schools 20, 39 and 43, Borough of The Bronx, which report was presented at the meeting held March 9, 1911, and three resolutions were adopted in accordance with the recommendations contained therein.

Reference is respectfully made to the resolution of the Board of Aldermen adopted December 13, 1910, requesting an issue of corporate stock for the erection of a building to relieve the congestion in Public School 39.

Yours very truly,

JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 17, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to requests from the Board of Education for corporate stock in the sum of \$517,400 for additional school accommodation to relieve congestion in public schools in The Bronx, south of 107th st., or in school districts Nos. 23 and 24, your committee reports as follows:

The three new school buildings and one addition provided for in 1910, and now under construction in The Bronx, are all north of 107th st., in school districts Nos. 25 and 26, as follows:

School No. 44, district 25, Prospect ave. and 176th st., 48 classrooms and assembly; school No. 46, district 26, Bainbridge and Briggs aves. and 196th st., 49 classrooms and assembly; school No. 47, district 26, Randolph st., St. Lawrence and Hammond aves., 49 classrooms and assembly; school No. 40, addition, district 25, Prospect ave. and Jennings st., 12 classrooms.

The corporate stock estimate of the Board of Education for the year 1910 requested funds for the construction of one new school building and one addition, and for the purchase of one parochial school building south of 167th street, as follows:

School No. 39, addition, district 24, Longwood ave., Kelly and Beck sts., 24 classrooms; school No. 48, district 24, Spofford ave., Coster and Faile sts., 49 classrooms and assembly; school No. 43, addition, district 23, parochial school on 137th st. near Alexander ave., accommodations for 500 children.

No provision was made in the Corporate Stock Budget for these additional accommodations.

It was the plan in the corporate stock estimate to purchase the parochial school in 137th st. near Alexander ave., to relieve the congestion in Public School 43, which school now has 657 pupils on part time. This plan was not approved by the Board of Estimate and Apportionment, and the Board of Education on December 15, 1910, rescinded its action for the purchase. An alternative request for funds to build an addition to No. 43 was made to the Board of Estimate and Apportionment on December 1, 1910, as follows:

12 Classrooms	\$85,000 00
Heating and ventilating.....	14,600 00
Electric work	2,580 00
Furniture	4,200 00
	\$106,380 00

At the suggestion of the Comptroller, the Building Committee of the Board of Education subsequently decided to increase the proposed addition to No. 43 from twelve to sixteen classrooms. This can be done without the acquisition of additional land, and will provide the larger number of sittings necessary. The revised estimate for the addition to No. 43 has been submitted by the Superintendent of School Buildings, as follows:

Construction	\$98,500 00
Heating	17,600 00
Electric	4,000 00
Furniture	5,600 00
	\$125,700 00

The greatest congestion in The Bronx at present is in No. 39. In this school 1,300 pupils are on part time, which form of instruction now obtains throughout the fifth year. The school was opened in September, 1905, with 350 pupils, and the number has increased to more than 1,800. The Board of Education owns a plot 50 by 200 feet in the rear of the school upon which it was planned to construct an addition of 24 classrooms at an aggregate cost, exclusive of furniture, of \$189,400. Upon further investigation it was found practicable and advantageous to build two wings of sixteen rooms each. A revised estimate which also includes provision for a new assembly room has been submitted, as follows:

Construction, 32 rooms and assembly..... \$222,000 00
 Heating, 32 rooms at \$1,100 each, and \$7,600 for old building..... 42,200 00
 Electric, 32 rooms at \$215, and \$1,020 for old building..... 7,900 00
 Furniture, 32 rooms at \$350, and \$1,600 for assembly..... 12,800 00

\$285,500 00

In Public School 20, Fox, Simpson and 167th sts., 1,241 pupils are on part time. Many large apartment houses are under construction in the immediate vicinity, and the proposed sixteen room addition on the present site is necessary. The original estimate for the addition to No. 20 was submitted on December 1, 1910, as follows:

Construction, 16 classrooms \$75,000 00
 Heating and ventilating 17,600 00
 Electric work 3,440 00
 Furniture 5,600 00

\$101,640 00

This estimate has since been revised to include expenses for excavation of earth and rock on the site and for increased heating capacity and new electric equipment for old building. The revised estimate is as follows:

Construction, 16 rooms, excavation of earth and rock from site and increasing size of boiler room..... \$77,000 00
 Heating, 16 rooms, at \$1,100 each..... 17,600 00
 Electric, 16 rooms, at \$250 each, and \$2,000 for old building..... 6,000 00
 Furniture, 16 rooms, at \$350..... 5,600 00

\$106,200 00

Approximately 20 per cent. of the elementary school children in the Borough of The Bronx are on part time, against 8.4 per cent. for the entire City. The school population in the borough is increasing at the rate of 6.3 per cent. a year, against 2.2 per cent. for the City as a whole. More than 29 per cent. of the total increase in the elementary school register for the year beginning September, 1910, was in The Bronx.

In addition to the requests from the Board of Education, communications in relation to increased school accommodations in South Bronx have been made to the Board of Estimate and Apportionment as follows:

1. Resolution, Board of Aldermen, December 13, 1910, requesting issue of corporate stock for addition to Public School 39.
 2. Communication from chairman, Mothers' Club, Public School 39, relative to inadequate school accommodations.

3. Resolution of local school board, district 23, urging speedy action toward relieving congestion in the South Bronx section.

4. Resolution from the Patrick Keenan Association urging immediate action for the relief in the vicinity of Public School 39.

5. Resolutions from the North Side Board of Trade urging immediate attention to school situation in the Borough of The Bronx as a whole, and to the need of additions to Public Schools 20 and 39 in particular.

We recommend that corporate stock in the sum of \$517,400, as requested, be authorized for the construction and equipment of additions to Public Schools 20, 39 and 43, by the adoption of the attached resolutions. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President Board of Aldermen; GEORGE MCANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

Which were severally ordered on file.

I also transmit copy of report of the Comptroller relative thereto, together with form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following amended resolution adopted by the Board of Estimate and Apportionment March 9, 1911:

—be and the same is hereby amended by striking them from the item "Two driven well stations, Parkville and Flatlands, in the Borough of Brooklyn, together with their equipment, \$275,000," and inserting in place thereof the item "Two driven well stations, Mapleton and Flatlands, in the Borough of Brooklyn, together with their equipment, \$275,000."

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, February 24, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On February 15, 1911, the Commissioner of Water Supply, Gas and Electricity requested the Board of Estimate and Apportionment to amend the resolution of July 2, 1909, providing for an issue of corporate stock in the sum of \$623,356.70, by striking therefrom the work "Parkville" and substituting "Mapleton."

In a resolution adopted by the Board of Estimate and Apportionment (page 3709, Minutes of 1909), authorizing corporate stock to the amount of \$623,356.70 for the purpose of providing means for an additional supply of water for the Borough of Brooklyn, this item appears:

Two driven well stations, Parkville and Flatlands, in the Borough of Brooklyn, together with their equipment..... \$275,000 00

I am informed by the Chief Engineer of the Department of Water Supply, Gas and Electricity, that it is the Department's intention to develop for well stations the same two sites as he contemplated when the request of May 11, 1909, was made by the Commissioner for the funds to purchase the plots and install the equipment, but through an error the districts were designated as "Parkville" and "Flatlands." It now appears that one of the sites should have been designated within the "Mapleton" district, and not within the "Parkville" district.

As the present request is only to correct a clerical error, and is necessary to carry out the original intention of the Department of Water Supply, Gas and Electricity, I

recommend that the request be granted, and herewith forward a resolution for adoption by the Board to permit the Department of Water Supply, Gas and Electricity to carry out its original intentions. Respectfully,

WILLIAM A. PRENDERGAST, Comptroller.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 30, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 16, 1910, the President of the Borough of Manhattan requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the following grades of positions:

	Per Annum.	Number of Incumbents.
Chemist	\$2,400 00	1
Bookkeeper	1,800 00	1
Bookkeeper	1,200 00	1
Inspector	1,350 00	2
Foreman	1,350 00	1

In connection therewith, we report as follows:

The \$2,400 grade is requested for F. Kleeberg, who has been employed at the rate of \$1,800 per annum since 1903. Mr. Kleeberg is a graduate of the Sheffield Scientific School, and for two years was instructor in chemistry at Yale University. It is stated that he is an expert chemist, general analyst and bacteriologist. He has charge of the laboratory work for the Borough. The duties of this position have greatly increased during the last seven years. During 1910 over 1,800 tests of pavements and 600 analyses of pavements were made by Kleeberg or under his supervision.

The Chief Chemist of the Department of Water Supply, Gas and Electricity receives \$3,500 per annum. A Chemist in the Department of Charities receives \$2,550, and the compensation of Chemists in the Department of Health ranges from \$1,200 to \$2,100 per annum. The President states that the \$2,400 grade will give Kleeberg compensation commensurate with his fitness and service.

It is stated that the grades of Bookkeeper at \$1,200 and \$1,800 per annum each are for Bookkeepers to fill vacancies in clerkships.

The Budget for 1911 provides for one Inspector at \$1,500 and one at \$1,200 per annum. The \$1,350 grade is requested to equalize the compensation for both incumbents.

The \$1,350 grade for Foreman is requested for Oscar R. Price, who has been in the service since 1902 at \$1,200 per annum.

It is stated that the establishment of new grades will entail no additional appropriation.

We recommend the adoption of the attached resolution approving the request.

No. 3046.

Office, Board of Assessors, 320 Broadway, New York, March 14, 1911.

Honorable Board of Aldermen, City of New York:

Gentlemen—The Board of Assessors makes application herewith for permission to draw on its contingency fund in the sum of two hundred dollars (\$200), or any part thereof. The appropriation of this office for the year 1911 is \$1,675. Your permission, as requested, will be of much convenience to this office, and perhaps also to the Department of Finance, having in view small expenditures. Yours truly,

The President laid before the Board the following communication from the President, Borough of The Bronx:

No. 3047.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, March 13, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—Request is hereby respectfully made that a resolution be adopted by the Board of Aldermen, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of \$1,000, the proceeds thereof to be applied by the President of the Borough of The Bronx to defray the cost of the erection of a temporary wooden bridge for foot passengers, over the tracks of the New York and Putnam Division of the New York Central and Hudson River Railroad at 231st st., Borough of The Bronx.

On February 17 last, a contract for regulating and grading 231st st., from Bailey ave. to Riverdale ave., was accepted. In connection with the work of regulating and grading of said street, was the necessity for a bridge over the railroad tracks at that point, and the New York Central and Hudson River Railroad Company, pursuant to agreement, must build a permanent bridge to span the cut. There may be considerable delay in completing the railroad bridge, and meanwhile persons desiring to cross, are compelled to make a long detour to 230th st., where the crossing is on grade, and therefore dangerous.

The proposed temporary bridge for which the issue of bonds is requested, will insure safety from the dangers of grade crossing. It will extend from 231st st., east of Albany road, to 231st st., west of the railroad, a length of about 200 feet.

Respectfully,

THOS. W. WHITTLE, Acting President, Borough of The Bronx.

No. 2989.

The Committee on Finance, to which was referred on March 7, 1911 (Minutes, page 988), the annexed resolution in favor of an issue of \$18,000 special revenue bonds for payment of wages of employees in the Engineering Bureau, Department of Water Supply, Gas and Electricity, respectfully

REPORTS:

That, having examined the subject, it believes the proposed bond issue to be necessary. The details of the application are set forth in the letter of application. The appropriation for this purpose was cut down by the Board of Estimate and Apportionment, and this appears to have been an error because of the frequent emergencies which call for the work of these men. The Committee recommends that the said resolution be adopted.

Resolved, That in pursuance of subdivision 8 of section 188, of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of eighteen thousand dollars (\$18,000), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity in the payment of wages of employees assigned to the maintenance and construction force of the Engineering Bureau, Boroughs of Manhattan and The Bronx.

That, having examined the subject, it believes the proposed authorization to be wise for the reason that the Department has used and thoroughly tested an ambulance precisely similar to the one it now proposes to obtain, and certifies through President Brannan and Dr. Smith that this make is exactly suited to its needs. The Committee recommends that the accompanying resolution be adopted:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Trustees of Bellevue and Allied Hospitals be and they are hereby authorized and empowered to purchase an automobile ambulance for Harlem Hospital, in the open market without public letting, at a cost not to exceed three thousand five hundred dollars (\$3,500).

No. 2747.

The Committee on Public Letting, to which was referred on January 31, 1911 (Minutes, page 678), the annexed request from the President, Borough of Richmond, for authority to purchase coal without public letting at a cost not to exceed \$4,000, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be warranted by the conditions existing, which are explained by the letter of request. The Committee recommends that the accompanying resolution be adopted.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, January 27, 1911.

Gentlemen—It has been our custom for several years to purchase coal at public letting wherever we could take it in sufficient quantity to secure competition, but our experience is that through advertisement and public letting, we only secure the regular market rate; the City, therefore, actually pays more for the coal through public letting than by open order, for the cost of advertising and the time of various City officials, in handling the necessary legal and clerical work connected with the preparation of contract forms and the registration of final contract, must be added.

We expect to continue to call for bids by this method, whenever possible, but we have occasion to use in the aggregate a considerable quantity of the coal, where delivery is at varying places and in variable small quantities. We can get very much better terms by issuing an open market order to a small dealer in the immediate vicinity of where the coal may be needed than through a contract by public letting, entered into with some larger dealer, necessarily months in advance, and it is only the larger concerns who will bid and who then name prices high enough to cover any possible condition of delivery as to place and time and size of lot that may be called for.

We would ask, therefore, that as a measure of true economy we be permitted to purchase through the year 1911, without public letting, coal to the amount of \$4,000. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the President of the Borough of Richmond be and he is hereby authorized and empowered to purchase coal for the year 1911, in the open market without public letting, to the extent of four thousand dollars (\$4,000).

Reports of Committee on Laws and Legislation—

No. 2413 (G. O. No. 109).

REPORTS:

That, having examined the subject, and without expression as to the merits of the proposition, it reports said ordinance to the Board without recommendation.

AN ORDINANCE for the better protection of life, limb and property in the streets of Greater New York City from the dangers of automobiles, trucks and other vehicles of all descriptions operated by electric, gasoline or other motive power:

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

First—That every corporation, firm or individual owning, controlling, leasing, keeping for hire, maintaining or operating an automobile, truck or other vehicle propelled by electric, gasoline or other motive power through the streets of Greater New York City, shall hereafter be required to equip said automobile, truck or vehicle, in addition to the horn with which it may already be equipped, with an automobile alarm bell to be operated by the foot, thereby permitting of a warning signal being given by the driver of said automobile, truck or vehicle in the event that said horn may be out of order, thereby affording security to and preventing loss of life and injury to persons or property.

Second—That no bell shall be used for the above purpose which shall not be capable of sounding a clear and distinct alarm for a distance of at least 100 feet.

Third—That the sound of the alarm given by said bell shall be distinguishable from the sound of the alarm bells used on the vehicles of the Fire Department, Police Department or the Ambulances of the greater City of New York.

Fourth—That every corporation, firm or individual violating the above ordinance shall be liable to a fine of \$25 for the first offense; \$50 for the second offense, and upon conviction for the third offense, shall forfeit the license for such automobile, truck or vehicle. This ordinance to take effect on the first day of April, nineteen hundred and eleven.

MAX S. LEVINE, CHARLES DELANEY, BRYANT WILLARD, JOHN J. MEAGHER, JAS. E. CAMPBELL, JOHN McCANN, Committee on Laws and Legislation.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Van Nostrand moved the adoption of this ordinance.

The President put the question whether the Board would agree to accept such report and adopt said ordinance.

Which was decided in the negative by the following vote, a majority of all the members failing to vote in favor thereof:

Affirmative—Aldermen Becker, Bolles, Cornell, Davis, Delaney, Downing, W. Drescher, Eichhorn, Fagan, Godwin, Grimm, Heffernan, Herbst, Levine, Markert, Mulhearn, Nugent, Potter, Reardon, Shipley, Volkmann, Van Nostrand, White, Willard; President Miller, by Thomas W. Whittle, Commissioner of Public Works—26.

No. 2796.

The Committee on Laws and Legislation, to which was referred on February 7, 1911 (Minutes, page 848), the annexed ordinance in relation to the use of profane language in playhouses, respectfully

REPORTS:

That this proposed ordinance was undoubtedly introduced in good faith as a means to checking a habit of loose speech which has unconsciously grown amongst a people addicted to the use of slang, and which is typified by those whose writings are portrayed upon the theatrical stage for public amusement. But such parts of speech may not be considered as coming within the definition of profane swearing, as being irreverent toward holy things, or in manifest or implied contempt of things held sacred. Since the handing down of the Third Commandment on Mount Sinai it has been unlawful to violate the name of God by irreverence, and the deep respect for all things holy is so inculcated in all the peoples of the earth, professing a belief in the teachings of the bible, that any public profanity, particularly on the stage, would be instantly halted by the weight of public disapproval. For these reasons the Committee recommends that this paper be placed on file.

Whereas, There are many plays produced on the stage in which profane language is used; and

Whereas, By the use of profane language it creates a demoralizing effect upon the decent and respectable theatregoers, and more especially upon the children of tender years who accompany their parents; and

Whereas, Our attention was called to a play in one of our theatres in which profane language was used to the extent of fourteen times in two acts of a three-act play,

how much more may have been used in the last act we are not aware of because we left the audience to seek the manager and protest against the vile and profane language that was being used in the play.

Therefore, Be it ordained that we, the Board of Aldermen, do hereby deny any manager of any theatre or playhouse, or any building that is used for entertainment of any kind, the right to produce any skit, sketch or play where profane or vile language is used; and be it further

Ordained, That it shall be the duty of the Police to enforce this ordinance; and be it further

Ordained, That any and all places of entertainment that violate this ordinance and upon conviction shall forfeit their license.

Which was referred to the Committee on Laws and Legislation.

MAX S. LEVINE, BRYANT WILLARD, CHARLES DELANY, JAMES CAMPBELL, JOHN J. MEAGHER, JOHN McCANN, Committee on Laws and Legislation.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Levine moved the adoption of this report.

Which report was accepted.

Subsequently Alderman Mulhearn moved a reconsideration of the vote by which the above report was accepted.

Which motion was adopted.

The paper was then recommitment to the Committee on Laws and Legislation.

Report of Committee on Parks—

No. 718.

The Committee on Parks, to which was referred on April 5, 1910 (Minutes, page 76), the annexed resolution to request his Honor the Mayor to appoint a Special Park Commission to undertake a systematic study of parks, playgrounds, etc., and to report thereon to the end that The City of New York may evolve comprehensive plans with relation thereto, respectfully

REPORTS:

That having examined the subject, it believes the proposed plan contains a deal of merit. It therefore recommends that the said resolution be adopted and the ideas embodied therein commended to the favorable consideration of his Honor the Mayor.

Whereas, The City of New York is at present poorly supplied with small parks and playgrounds; and

Whereas, It is desirable that many additional parks and playgrounds be provided especially in the more crowded districts of the City, and that better means may be provided for utilizing those that already exist; therefore, be it

Resolved, That his Honor the Mayor of The City of New York be and hereby is requested to appoint a committee of citizens, not members of this body, of such numbers as may seem to him proper. That those so appointed, together with the Commissioners of Parks of the several boroughs and the Committee on Parks of this Board, shall constitute a committee known as the Special Park Commission of The City of New York;

Such Commission, when appointed, to serve without pay;

Such Commission, when appointed, to undertake a systematic study of the situation with regard to parks, playgrounds, seaside bathing beaches, boulevards, recreation piers, and any and all other plans for public health or public amusement or for beautifying the streets and highways of The City of New York, to the end that a consistent plan may be outlined to be followed as opportunity presents; that waste of labor and cost of spasmodic, separate and unrelated movements might be saved; that the public might become informed as to the opportunities for parks and playgrounds in this City or in the neighborhood of this City, and the present accomplishments in this and other cities.

Such Commission to be directed to procure information as to all facts bearing on the present and future needs of The City of New York in regard to parks and playgrounds and other recreation centers; to provide recommendation for systematic and concerted plans for the satisfaction of such needs by the addition of park or other recreation facilities, both within and without the limits of the City, and to report their findings and recommendations to the Board of Aldermen of The City of New York to the end that appropriate action may be taken by this body and other branches of the City government, the State of New York, and associations or individuals interested in the development of the recreation facilities of the City.

No. 2985.

The Committee on Salaries and Offices, to which was referred on March 7, 1911 (Minutes, page 986), the annexed resolution in favor of establishing grades of Clerk and Typewriting Copyist in Office of Board of Estimate and Apportionment, at \$2,400 and \$750 respectively, respectfully

REPORTS:

That, having examined the subject, it believes the proposed grades to be necessary. One is an increase for a Clerk from \$2,100 to \$2,400 per annum, the other for an additional Typewriting Copyist, made necessary by increased volume of work. The Committee recommends that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held March 2, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Estimate and Apportionment of the grade of position and positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.

On motion of Alderman Dowling, General Order 107, being a request from the President, Borough of Queens, for Special Revenue Bonds for additional help at Queens County Court House, was recommitted to the Committee on Finance.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Schloss asked and obtained unanimous consent to introduce the following resolutions:

No. 3048.

Resolved, Whereas, the Interborough Rapid Transit Company, operating both the subway and elevated systems of rapid transit in The City of New York, can if it will,

afford such facilities to the traveling public as will be of more than ordinary benefit, and save to many persons at least from ten to fifteen minutes time in going to points north and south; and

Whereas, The elevated lines are the main arteries of transit to the ferries, steamship docks and railroad terminals on the west side of the City to and from which travelers should be afforded better means of communication; and

Whereas, Practical experience has demonstrated that if a system of transfers was adopted by the said Interborough Rapid Transit Company, by which persons traveling to work, business or shopping, may be enabled to change from the subway to the elevated railroad at 66th street and Broadway, the only point at which the two roads cross each other, these will prove such transit facilities as are not now enjoyed, and which will be a public benefit to thousands of people from all parts of the City; and

Whereas, The Public Service Commission is by law vested with broad supervisory powers over the railroads doing business in this State; now, therefore, be it

Resolved, That the Public Service Commission of the First District be respectfully requested to take under advisement the idea set forth in the preamble hereof, with a view to putting the same in operation on the said two systems of railroads as is now operated at 149th street and 3d avenue successfully.

Which was adopted.

No. 3049.

Resolved, That the Public Service Commission of the First District be and hereby is urged to direct the erection of a new station on the elevated railroad in the vicinity of 87th street and Columbus avenue in the Borough of Manhattan for the following reasons:

First—Since the operation of this road, this section of the City has rapidly built up, and is one of the most thickly populated along the line of this road.

Second—The nearest station on either side of this point is at 81st street and 93d street respectively, an unreasonable distance to ask people to travel for transit accommodation.

Third—The people in this section not alone on the avenue of travel but in the various side streets, should not, either in inclement or other weather, be required to travel the unreasonable distances to the several existing stations.

Fourth—No other two stations on the line of this road with one-half the population are so far apart, and therefore of right, the people demand a new station at the point named.

Fifth—That this stretch of twelve blocks without such facility is injurious to adjacent property, causing many stores to be vacant upon Columbus avenue, and the necessity for a station in the vicinity of 87th street is very apparent.

Which was adopted.

No. 3050.

Resolved, That it is recommended to the Public Service Commission for the First District that a station be located on the Lenox avenue division of the subway between 96th street and Broadway and 110th street and Lenox avenue, for the following reasons:

The present long distance between 96th street and Broadway and 110th street and Lenox avenue stations is inconvenient for residents of the upper west side, being about a mile and one-half between stations, a long distance for those people who are compelled to travel to Harlem and The Bronx.

We believe that the original intention was that a station should be put at 104th street and Central Park West; same can be constructed with little expense. It is necessary for the convenience of the general public. Also, in the event of an accident happening between said stations at the present time, there is no proper outlet for the people to escape from.

Which was adopted.

No. 3051.

Resolved, That the Public Service Commission of the First District be and hereby is urged to direct the erection of a new station on the elevated railroad at 99th street and Columbus avenue, in the Borough of Manhattan, for the following reasons:

First—Since the operation of this road this section of the City has rapidly built up, and to-day is one of the most thickly populated along the line of this road.

Second—The nearest station on either side of this point is at 93d street and 104th street, respectively, an unreasonable distance to ask people to travel for transit accommodation.

Third—The people in this section, not alone on the avenue of travel, but in the various side streets, should not, either in inclement or other weather, be required to travel the unreasonable distances to the several existing stations.

Fourth—No other two stations on the line of this road with one-half the population are so far apart, and therefore of right the people demand a new station at the point named.

Which was adopted.

Alderman Downing asked and obtained unanimous consent to introduce the following:

No. 3052.

Whereas, Almighty God in His divine providence has removed from this life the Hon. William J. Buttling, who for four years served as Sheriff of Kings County, and had been a life-long resident of this City; and

Whereas, The Hon. William J. Buttling, in both his public and private life, has always shown himself to be a man of sterling character and integrity, of eminent ability and proven capacity, and who by his fidelity to duty and loyalty to his convictions and ideals won for himself a high place in the esteem and regard of his fellow citizens; be it hereby

Resolved, That the Board of Aldermen of The City of New York does hereby express its deep sorrow and sympathy at the sudden death in the prime of manhood of one who as a public official had so well served this community, and who in his whole business and civic career, in his social and private life had always proved his great worth as a christian gentleman, as a neighbor, and as a friend always showing the spirit of true philanthropy; and be it further

Resolved, That we tender to the family of the deceased our heartfelt sympathy in this their hour of bereavement, and that this resolution be entered upon the minutes of this Board, and that a copy suitably engrossed be forwarded to them.

Which was unanimously adopted by a rising vote.

Alderman Davis asked and obtained unanimous consent to introduce the following:

No. 3053.

Whereas, It has pleased Divine Providence to call to rest our former colleague James Owens, who for many years faithfully served this City as a diligent representative of the Borough of Manhattan, both in the Board of Aldermen and as State Senator, and had previously gallantly served the nation in the War for the Preservation of the Union; be it

Resolved, That this Board of Aldermen of The City of New York desires to record its appreciation of the exemplary character and conduct of this excellent citizen and soldier;

Resolved, Further, That this Board offers its hearty condolence to the family of the lamented deceased, that a copy of this preamble and resolutions, properly engrossed and duly authenticated by the City Clerk, be transmitted to them.

Which was unanimously adopted by a rising vote.

At this point the Vice-Chairman took the Chair.

Alderman Brush asked and obtained unanimous consent to introduce the following: Resolution introduced March 14, 1911, by William D. Brush, Alderman of the Nineteenth Assembly District:

Whereas, That section of New York known as Manhattanville is one of the most densely populated portions of the Greater City; and

Whereas, The health and welfare of the people living in that section, particularly the women and children, demand that they have some place for rest and recreation; and

Whereas, The people living in other portions of the City are provided with playground facilities and the people in this neighborhood are compelled to go long distances before they are allowed to enjoy these privileges, which is a practical denial of the same; and

Whereas, More than two hundred people living in the neighborhood have signed a petition requesting the proper City authorities to take steps to provide a playground in this vicinity; and

Whereas, There is an ideal spot for such a playground at 131st st. and Broadway; now, therefore be it

Resolved, That the Board of Aldermen of The City of New York, through its proper Committee, take such steps, including a public hearing, as may be necessary to establish a playground in this vicinity.

We, the residents living in that section of New York City known as Manhattanville, hereby request the City authorities to take steps to provide a playground in our neighborhood. We believe that the health and welfare of the residents, particularly of the women and children, demand that they have some place to go with their children for rest and recreation. The residents of other sections of New York are amply provided with park facilities, but we are compelled to go a long distance before we can enjoy such privileges, and on account of the many women and children in the neighborhood, this practically prohibits our enjoying this recreation.

We respectfully suggest that the property situated at 131st st. and Broadway, now owned by the Manhattan College, would be an ideal location for this park.

H. R. HULSE, 101 Lawrence st., et al.

Which was referred to the Committee on Parks, with instructions to hold a public hearing.

On motion of the Vice-Chairman, General Order 79, being an ordinance to amend the Rules of the Road, was recommitted to the Committee on Laws and Legislation, with instructions to hold a public hearing.

Whereas, It has been the practice of the Police Department for many years to designate for business houses, theatres, corporations and others who have done policing at private expense, certain persons to act as special officers, equipping them with badges, thus clothing them with the exercise of police powers; and

Whereas, The Police Commissioner has recently revoked all such designations, recalled the badges, and has declined to confer the right to act as special officer upon any of the large number of persons who have exercised the privilege for years, during which time they have often proven valuable adjuncts to the general police force; therefore be it

Resolved, That the Police Commissioner be and he is hereby respectfully requested to reconsider his determination to decline designations as special officers so that the large number of commercial and other concerns which have for so long enjoyed this privilege may continue the exercise of police protection at their own expense, with the advantage and authority that such designations confer.

Whereas, The regulating, grading, etc., of said section of said street, in order to be of public use and convenience to the neighboring vicinity, requires the construction of a bridge over the said tracks or roadway of said railroad, upon the grades and at the elevation heretofore established by the Board of Estimate and Apportionment for that purpose; and

Whereas, The President of the Borough of The Bronx has forwarded to the Comptroller of The City of New York, under date of February 17, 1911, a final certificate of completion of said contract and his acceptance of the work done thereunder; and

Whereas, In fact, a portion of said section of said street, including that part of said street intended to extend and be constructed over and across the said tracks or roadway of said railroad, has never been regulated or graded, or any bridge or other structure erected or built to carry and extend said street over and across the said tracks or roadway of said railroad, so that the said street can be used by the public with convenience and safety; and

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant, for rent or otherwise, excepting the necessary workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivery of possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and remove from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards around fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate. No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
