#### PUBLIC SERVICE COMMISSION.

##### Proposals.

#### INVITATION TO CONTRACTORS.

PART OF THE SEVENTH AVENUE-LEXINGTON AVENUE AND STEINWAY TUNNEL RAPID TRANSIT RAILROADS.

THE PUBLIC SERVICE COMMISSION FOR THE First District (hereinafter called the "Commission") invites proposals to construct Section No. 1 of Route No. 43, part of the Seventh Avenue-Lexington Avenue Rapid Transit Railroad, and Section No. 1 of Route No. 26, a part of the Steinway Tunnel Rapid Transit Railroad, and to construct a spur to the existing Manhattan-Bronx Rapid Transit Railroad.

The points within the City of New York between which the said parts are to run and the route or routes to be followed are briefly as follows:

SECTION NO. 1 OF ROUTE NO. 43. Beginning under Park Avenue, in the Borough of Manhattan, between East 38th Street and East 41st Street, where suitable track connections can be made with the present Manhattan-Bronx Rapid Transit Railroad, thence running northerly under Park Avenue to East 41st Street, thence curving northeasterly under Park Avenue and East 41st Street to property recently acquired by the City; thence running northeasterly under said property and East 42nd Street to the northerly building line of East 42nd Street, between Lexington Avenue and Depece Place, as the latter formerly existed.

SECTION NO. 1 OF ROUTE NO. 26. Beginning at a point under East 42nd Street, in the Borough of Manhattan, opposite the westerly building line of Vanderbilt Avenue and extending thence easterly under East 42nd Street to a point about

one hundred (100) feet east of the easterly building line of Lexington Avenue.

SPUR TO EXISTING MANHATTAN-BRONX RAPID TRANSIT RAILROAD. Beginning at a point under East 42nd Street, in the Borough of Manhattan, between Park and Vanderbilt Avenues, where suitable track connections can be made with the existing Manhattan-Bronx Rapid Transit Railroad, thence running easterly under East 42nd Street to a point about forty (40) feet east of the easterly building line of Park Avenue.

The general plan of construction calls for a subsurface railroad having four tracks in the case of Route No. 43 and for subsurface railroads having two tracks in the cases of Route No. 26 and the Spur.

The Contractor will not be required to provide or lay permanent tracks, ties or ballast nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the maintenance of traffic, the restoration of pavements and other surfaces, and the removal and reconstruction of portions of the Manhattan-Bronx Rapid Transit Railroad and portions of the existing Steinway Tunnel in order to provide a connection with the Railroad.

The removal and reconstruction of portions of said Manhattan-Bronx Rapid Transit Railroad must be so conducted as not to interfere with or interrupt the safe and continuous operation of trains in said Railroad and the Contractor shall be responsible for the support, maintenance, safety and protection of said Railroad, including its equipment and rolling stock, and for the safety and protection of passengers and other persons therein. Before commencing any work which may affect said railroad the Contractor must obtain a permit from the Interborough Rapid Transit Company.

The attention of bidders is called to the fact that the adjacent portions of the Steinway Tunnel may be put into operation before the completion of the work under the contract. The Contractor in the event of such operation will be required to conduct his work in such manner as not to interfere with or interrupt the safe and continuous operation of trains in said adjacent portions of the Steinway Tunnel and in such manner as to avoid injury to passengers or other persons in said adjacent portions of the Steinway Tunnel.

In view of the nature of the work the attention of bidders is also called to the fact that the Contractor must be amply able financially to execute the work and to indemnify the Interborough Rapid Transit Company for any loss or expense on account of injuries or damages to person or property or interruption of train operation in the Manhattan-Bronx Rapid Transit Railroad due to the performance of the work under the contract, and the Contractor must furnish the Commission with a detailed statement of his financial condition.

The method of construction will be partly by trench excavation under cover and partly by tunneling, unless otherwise permitted by the Commission. Bidders must examine the form of contract and the specifications and contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A fuller description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings thereon referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

The City of New York (hereinafter called the "City") and Interborough Rapid Transit Company will both be parties to the contract; the Interborough Rapid Transit Company being a party for the purpose of disbursing part of its contribution toward the cost of construction as provided in the contract dated March 19, 1913, between the City and said Company for additional rapid transit railroads. The liability of Interborough Rapid Transit Company will be limited to an amount equal to fifty per centum (50%) of the total estimated amount to be paid to the Contractor under the contract.

Partial payments to the Contractor will be made as the work proceeds, as provided in the contract.

The Contractor must complete the work within twenty-eight (28) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in the sum of five hundred thousand dollars (\$500,000). As further security to the City ten per centum (10%) of the amounts certified from time to time to be due to the Contractor will be deducted and retained. The Contractor will also be required to furnish security to Interborough Rapid Transit Company by depositing with said Company cash or securities in the sum of two hundred and fifty thousand dollars (\$250,000). As further security to the Interborough Rapid Transit Company ten per centum (10%) of the amounts certified from time to time to be due to the Contractor from said Company will be deducted and retained by said Company until the amount so deducted and retained shall equal three and one-third per centum (3 1/3%) of the total estimated amount to be paid to the Contractor under the contract.

Sealed bids or proposals will be received at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City, until the 6th day of October, 1914, at twelve fifteen (12.15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as far as practicable of the work to be found in the schedules in the form of contractor's proposal. The quantities given in such schedules are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroads—Routes Nos. 43 and 26, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for seventy-five thousand dollars (\$75,000), payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal. The Unit Prices must not be improperly bal-

anced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** at a meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The President of the Borough of The Bronx, in a communication presented to this Board at its meeting held on May 15, 1914, requested that the poles and overhead wires located on White Plains Road, between Gun Hill Road and 242nd Street, Borough of The Bronx, be required to be placed underground;

And Whereas, At the meeting of the Board held on June 5, 1914, the said President of the Borough of The Bronx modified his request so as to include Gun Hill Road; and

Whereas, Sections 525 and 527 of the Greater New York Charter, as amended by Chapter 466 of the Laws of 1901, regulate the procedure for the removal of poles and overhead wires in the Boroughs of Manhattan and The Bronx; now, therefore, be it

Dated New York, July 30, 1914. s12,21

**PUBLIC NOTICE IS HEREBY GIVEN PUR-**suant to law that at a meeting of the Board of Estimate and Apportionment, held July 30, 1914, the following petition was received:

July 25, 1914.  
Board of Estimate and Apportionment of the City of New York, 277 Broadway, New York City.

Gentlemen: On June 24th, we made application to your Honorable Board for a contract for supplying refrigeration to Wallabout Market District, which application we now wish to modify.

This application of June 24th was made necessary by the facts recited therein, in substance as follows:

1. At the time the original contract was made in 1907, our company or your Board had no way of estimating as to whether the contract would be favorable or otherwise.

2. The Bureau of Franchises were not at the time fully conversant with the value to the grantee of such a franchise and especially as applied to a scattered district. The contract was only accepted by the company on the pressing demand made on the company by the Market men in Wallabout Market. The company felt that it was incumbent on them to supply a public necessity.

3. Our company has installed machinery and equipment at an expense of over \$100,000 and has given to the district in the territory covered good service to all that have asked for it. It is generally admitted that the pipe line refrigeration which we have supplied to Wallabout Market is a public necessity and has been the most important single factor in the success of this market, and if the service can be continued and improved upon it will still further aid in the growth of a very important public institution.

4. The operation of this pipe line has resulted in a very heavy loss and has necessitated a reorganization of our company. The application which we herewith make to you is made at the suggestion of the Bureau of Franchises because of the fact that the said Bureau interprets the reading of our present franchise as not permitting us to cross Washington Avenue at any point where the said avenue passes through Wallabout Market and we would therefore be unable to supply the westerly half of Wallabout Market.

We therefore hereby make application for a franchise giving us the right to lay a conduit containing two pipes at most six inches in diameter and the necessary insulation, with branches and connections therefrom, beneath the surfaces of the following named streets, between the points described in the following route in the Borough of Brooklyn, City of New York:

On Hall Street, from Park Avenue northwesterly to Flushing Avenue, thence northwesterly across Flushing Avenue to the lands of the Wallabout Market; on Flushing Avenue from Ryerson Street to Fleeman Avenue, and thence into the lands of Wallabout Market; on Washington Avenue from Park Avenue northwesterly and across Flushing Avenue, and along Washington Avenue within the confines of the lands of the Wallabout Market, with the following branches leading into the lands of the Wallabout Market:

We ask that this franchise be based on the following principal points:

A term of fifteen years, with the privilege of renewal, on revaluation, of ten years.  
Annual payment 1st five years, 2% of gross earnings, with a minimum of \$500.00.  
Annual payment second five years, 3% of gross earnings, with a minimum of \$600.00.  
Annual payment third five years, 3% of gross earnings, with a minimum of \$700.00.  
Annual payment for conduit per lineal foot, 10 cents.  
Annual payment for each manhole, \$2.00.  
Maximum rates to be charged for refrigeration to be furnished under properly insulated conditions; 22 degrees Fahrenheit-freezing, per cubic foot.

500 cu. ft. or less, 4c. per month.  
500 to 1,500 cu. ft., 2c. per month.  
1,500 to 2,500 cu. ft., 15c. per month.  
2,500 cu. ft. and over, 1c. per month.

The basis of percentage on gross earnings noted above is in line with the franchise that are at present being given by the City in the densely populated section of lower Manhattan, and the minimum payments specified are greater than are provided for in those franchises.

The rate of 10c. per lineal foot is asked for as equitable on account of the long distances of pipe which are required in this district as compared with the densely built up section of lower Manhattan; for instance, on one section of our line 1,300 feet long, there are only four customers, and on another section 700 feet long there is only one customer. Many of these boxes are very small and the franchise tax per running foot of piping is entirely out of proportion to the returns.

The foregoing maximum prices for refrigeration are practically the same as you are now granting on other franchises for refrigeration. It is not our intention to charge these rates except in cases where the distances are so great and the cost so heavy as to compel it.

We would ask that coincidentally with the signing of a new contract hereunder, the present contract be cancelled, and the deposit and payment under the present contract transferred to apply as the deposit and payment under the new contract.

We most earnestly ask that your Honorable Board take prompt action in this matter as it is important that the work of opening these streets in the market be completed before the cold weather sets in, and our company is urgently in need of relief from the burden of the onerous terms of the franchise under which it is now operating which has resulted in such great losses to the company.

Very truly yours,  
KINGS COUNTY REFRIGERATING CO.  
P. MAXWELL SAVRONA, Treasurer.

State of New York, County of New York, City of New York, ss:

On this 25th day of July before me personally appeared P. Maxwell Savrona, who deposes and says that he is the treasurer of the corporation named in the foregoing application, that he has read the application and that same is true to his knowledge, except as to matters therein stated to be upon information and belief, and as to those matters he believes them to be true.

HERMAN F. VOSS, Notary Public (43), Kings Co., New York. (Seal.)

and the following resolutions were thereupon adopted:

Whereas, the foregoing petition from the Kings County Refrigerating Company dated July 25,

1914, was presented to the Board of Estimate and Apportionment at a meeting held July 30, 1914.

Resolved, that in pursuance of law this Board sets Monday, the twenty-first day of September, 1914, at 10.30 o'clock in the forenoon and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, that the petition and these resolutions shall be published for at least twice in two daily newspapers in the City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. **PUBLIC NOTICE IS HEREBY GIVEN PUR-**suant to law that at a meeting of the Board of Estimate and Apportionment, held June 19, 1914, the following petition was received:

To the Board of Estimate and Apportionment of the City of New York:

The Steinway route of the rapid transit railroad bisects our North Shore Freight Yard. We are about to grant to the City of New York an easement for construction through our property. In order to do this it will be necessary for us to rearrange our yard, and the plan by which this will be done, which plan and arrangement is in a condition precedent to the easement grant, will require the occupation of public streets beneath the surface, as shown on map and plan hereto annexed, in red.

We, therefore, ask the consent of your Board to the end that we may occupy the streets as indicated and operate our railroad on tracks to be placed thereon.

The existing tracks shown on said map and plan, hereto annexed, in white, beneath Vernon, Jackson and East Avenues, were constructed as part of the original charter route of the Flushing and North Side Railroad Company in or about 1868.

Your petitioner is at present occupying beneath the surface of Vernon Avenue 3,600 square feet and under East and Jackson Avenues 4,018 square feet. The existing tracks number four under Vernon Avenue and two under East Avenue and two under Jackson Avenue.

The Railroad Company contemplates construction and operation of four additional tracks under Vernon Avenue and two additional tracks under Jackson Avenue and under East Avenue. The additional amount of subsurface to be occupied by these tracks is in the case of Vernon Avenue, 3,200 square feet; in the case of Jackson and East Avenues combined, 4,986 square feet.

The proposed wall along the south side of 6th Street will occupy 6,567 square feet of the subsurface of that street and the proposed northwesterly retaining wall under Jackson and East Avenues will similarly occupy 1,972 square feet.

The changes in grade proposed for Vernon Avenue contemplate a maximum rise of 1.3' of the railroad and the total length of street affected is 300'. The change in grade proposed for 6th Street contemplates a rise of 1.3' at 6th Street and Vernon Avenue and the total distance throughout which change of grade is proposed is 290'. Change of grade at East Avenue contemplates a maximum rise of the railroad of 1.3' and the total distance over which change is contemplated is 191'. The change in grade of Jackson Avenue contemplates a rise of 4.8' of the railroad and 230' of street affected by the changes proposed.

Dated, New York, June 10, 1914.

Respectfully submitted,  
THE LONG ISLAND RAILROAD COMPANY.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Holmes Electric Protective

Company has, by a petition verified May 31, 1912, applied to this Board for its consent and approval to the continuance of its business and the continued use and occupation of the streets of the City of New York for the maintenance and operation of its system of wires and cables connecting its offices with subscribers in the said City, so as to allow of the furnishing of burglar alarm signalling service; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 6, 1912, fixing the date for public hearing thereon as July 11, 1912, at which citizens were entitled to appear and be heard and publication was had for at least two (2) days in the "Brooklyn Times" and "The Globe," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Holmes Electric Protective Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Holmes Electric Protective Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Holmes Electric Protective Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of the City of New York, as follows, to wit:

#### PROPOSED FORM OF CONTRACT.

This Contract, made, and executed in duplicate, this day of September, 1914, by and between the City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the HOLMES ELECTRIC PROTECTIVE COMPANY, a domestic corporation of the State of New York (hereinafter called the Company), party of the second part, WITNESSETH:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors under the streets and avenues within the Borough of Manhattan and to lay, construct, maintain and operate suitable wires or other electrical conductors and the necessary conduits for the same under the streets and avenues within the Borough of Brooklyn for the purpose of electrically connecting signalling and communicating apparatus to be located on the premises of subscribers with recording apparatus located at some suitable point or points where such signals are to be received, and thereby maintaining and operating a burglar alarm signalling service system and for no other purpose whatsoever.

SECTION 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits, and on bridges, for the purposes aforesaid, shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until December 31, 1928, with the privilege of renewal of said contract for a further period of ten (10) years, upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the minimum sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate be fixed less than the minimum sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers, and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the minimum sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate, therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City or the privilege hereby granted, the following sums of money:

1. The sum of twenty-five thousand dollars (\$25,000) in cash within thirty (30) days after the date upon which this contract is signed by the Mayor.

2. For past use and occupation of the streets of the City, a sum at the rate of twelve thousand five hundred dollars (\$12,500) a year from December 29, 1911, to the date of the signing of this contract by the Mayor.

3. During the first term of five (5) years an annual sum which shall in no case be less than Fifteen thousand dollars (\$15,000) and which shall be equal to three (3) per cent. of its gross annual receipts within the City, if such percentage shall exceed the sum of Fifteen thousand dollars (\$15,000).

4. During the second term of five (5) years an annual sum which shall in no case be less than Twenty thousand dollars (\$20,000) and which shall be equal to three and one-half (3½) per cent. of its gross annual receipts within the City, if such percentage shall exceed the sum of Twenty thousand dollars (\$20,000).

5. During the remaining term of this original contract an annual sum which shall in no case be less than Twenty-five thousand dollars (\$25,000) and which shall be equal to four (4) per cent. of its gross annual receipts within the City, if such percentage shall exceed the sum of Twenty-five thousand dollars (\$25,000).

6. Such reasonable sum or sums as may be imposed by the Bridge Commissioner for the use of such bridge or bridges under his jurisdiction as he may permit.

The gross annual receipts of the Company mentioned above shall be deemed to include all receipts of the Company from its operations within the City of New York, excepting therefrom those receipts which accrue to it from its real estate and investments.

The annual charges shall commence from the date on which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31 next preceding. Provided that the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date, and provided further that the first annual payment thereafter shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and December 31 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose, unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fifth—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City, and in strict compliance with all laws or ordinances or departmental rules and regulations now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electrical system shall be commenced until written permits have been obtained from the proper City officials. In any permit so issued, such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues and the proper restoration of the surface of such streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

Upon completion of any work of construction, the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract, and the location and dimensions of all sub-structures encountered during the progress of the work; the depth below the street surface of the new structures and of the substructures encountered must be shown, also their location with reference to the nearest curb-line and the nearest curb-line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues, in any Department of the City or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, conductors, connections, instruments and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, conductors, connections, instruments and appurtenances, from time to time, as such additions or improvements are determined by the Board, after hearing, to be reasonable and necessary. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). In the Borough of Manhattan such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City, should it succeed to the rights of such company or companies. In the other territory in which the Company is authorized to operate by virtue of this contract, it may construct such subways as are necessary for the accommodation of its cables and wires, and no more. If the City shall construct or acquire subways for electrical conductors of the character or tension of those used by the Company, or similar companies, in any or all of the Boroughs in which it is authorized to operate by this contract, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be necessary and authorized for the operation of the system hereby authorized. No cables or wires shall, in the future, be strung above the surface of the streets and avenues by the Company, and those at present in existence shall be removed and placed underground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—The use of any bridge under the jurisdiction of the Department of Bridges shall be at the discretion of the Bridge Commissioner and in accordance with such terms and conditions and upon such reasonable charges as he may prescribe.

Tenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant. Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets required on account of the construction or operation of the underground conduits herein authorized to be placed in the streets, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Eleventh—It is agreed that the right hereby granted to lay and maintain conduits shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move its conduits and their appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twelfth—Should the grades or lines of the streets and avenues in which the Company is hereby authorized to operate be changed at any time during the term of this contract, or any renewal thereof, the Company shall, at its own expense, change its conduits and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets or avenues the Company shall take care of and protect its conduits and appurtenances at its own expense, all to be done subject to the direction of the City officials having jurisdiction over the construction of such change.

Thirteenth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is authorized to operate by this contract, not in arrears to it for service already rendered, extend its wires to such premises and furnish burglar alarm service to such individual or corporation, provided that such premises are not more than one-half mile from any central office of the Company. The Board may require the Company to open additional central offices from time to time where it appears that there is a reasonable public necessity therefor.

Fourteenth—The Company shall file with the Board on the first day of February in each year a map or plan upon which shall be plainly and separately indicated the number of wires which were in use by the Company on December 31, preceding, and the streets in which the same were located, and also those which were put in use during the year preceding that date. It shall also file with the Department of Water Supply, Gas and Electricity, on or before the tenth day of each month, a map or plan of the locations in which wires have been placed by it during the preceding month.

Fifteenth—The rates to be charged by the Company shall not be in excess of the following, and it is agreed that the same may be altered or changed by the Board as hereinafter provided:

(a) For burglar alarm service furnished to any bank, trust company, cooperative savings and loan association, building and lot association, mortgage loan or investment corporation, safe deposit company, personal loan association, stock brokers' office, insurance company or other financial institution, the sum of one dollar (\$1.00) a day for each circuit required to be used in furnishing such service.

(b) For burglar alarm service furnished to any other person or corporation other than those specified in Subdivision (a) above, the sum of fifty cents (50c.) a day for each circuit required to be used in furnishing such service.

(c) For watchman supervisory signal service a yearly rental of sixty dollars (\$60) for the first signal box installed and thirty dollars (\$30) for each additional yearly rental of twelve dollars (\$12) for each additional box installed for the same subscriber in the same building or premises.

(d) For temporary burglar alarm service for which the telephone circuit connecting the telephone in the subscriber's premises with the central exchange of the telephone company is used, a monthly charge of seven and 50/100 dollars (\$7.50), provided such service is taken for at least two months.

(e) For temporary watchman service which it may be found necessary to furnish to any subscriber to any of the before mentioned services of burglar alarm service or which may be required by any such subscriber, the sum of forty cents (40c.) per hour for each hour of such service actually furnished.

(f) For any other service furnished or to be furnished by the Company, the rates charged shall be reasonable and fair and before being put into effect shall be submitted to the Board for its approval.

Within thirty (30) days from the date upon which this contract is signed by the Mayor, the

Company shall furnish to the Board certified forms of all the contracts used by it with subscribers for its various classes of service, and thereafter when any change shall be made in any such form of contract, a certified copy of the same shall be filed with the Board within thirty (30) days after the said change goes into effect. The Company shall also file with the Board on February 1 of each year a verified schedule of the rates charged by it for each class of service which it furnishes.

The Company agrees, upon request of any Board, Department or Bureau of the City or other government, the expenses of which are paid out of the City treasury, to furnish burglar alarm protection service to any and all buildings under the control of such Board, Department or Bureau, within the territory in which the Company is authorized to operate, subject to the provisions of this contract, at sixty-six and two-thirds per cent. (66⅔%) of the rates above authorized to be charged by it for whatever class or classes of service may be required.

Nothing herein contained shall be deemed, nor is the same intended to require the Company (except as specified in clause (d) above) to furnish burglar alarm service for any period less than one year, nor to install the equipment or apparatus which may be required by a subscriber without charge, but the Company may and it is hereby authorized to write its contracts for service on an annual basis and charge the reasonable and fair cost of value of such equipment and apparatus under such reasonable and general restrictions as it may see fit to impose. Provided, however, that this exception as to equipment and apparatus is not intended to nor shall the same apply to watchman supervisory service and the rate specified in subdivision (c) above, for such service, is intended to include each and every charge for installation, rental of instruments, service furnished and everything incidental thereto, except where temporary watchman service may be required, as specified in subdivision (e) above.

Sixteenth—During the term of this contract, or any renewal thereof, the Board shall have the power, by resolution, to regulate and fix the maximum and minimum rates to be charged by the Company in the City, provided such rates shall be reasonable and fair.

Seventeenth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Eighteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Nineteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Twentieth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of One hundred dollars (\$100) in fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—If for a period of three consecutive months the system of the Company shall not be operated, or if the same shall not be operated for a period of six months out of any consecutive twelve months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity.

Twenty-third—The Company shall at all times keep accurate books of account and shall, on or before February 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending December 31, next preceding. Such report shall contain a statement of the gross receipts received from all subscribers served by the Company in the City, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-fourth—The Company shall submit to the Board a report not later than February 1 of each year for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year, and the rate of same.
11. The names of the directors and officers elected at the last meeting of the corporation held for such purpose.
12. Location, value and amount paid for real estate owned by the Company as by last report.
13. Location, value and amount paid for real estate now owned by the Company.
14. Number and location of premises served by the Company in the City, and central stations to which same are connected.
15. Total receipts of the Company for each class of business in the City.
16. Amounts paid by the Company for dam-

age to persons or property on account of construction and operation in the City.

17. Total expenses for operation, including salaries, in the City, and such other information in regard to the business of the Company as may be required by the Board.

**Twenty-fifth.**—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby shall deposit with the Comptroller of the City the sum of Thirty-five thousand dollars (\$35,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, in default of which payment of the annual charges, the City shall collect the same, with interest, from the said fund, after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnishing of service to applicants as herein provided, the installation or maintenance of its structures and equipment, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws, ordinances or departmental regulations now or hereafter in force, in such case and in any of these events, the Company, except as hereinafter provided, shall pay to the City a penalty of fifty dollars (\$50.) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the provisions of this contract. If the Company fails to make an appearance, or after a hearing appears, in the judgment of the Board, to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to replace said security fund to the original amount of thirty-five thousand dollars (\$35,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

**Twenty-sixth.**—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the portion of its system constructed and in use by virtue of this contract and located in the public streets and avenues shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company served in the same manner as a summons in an action in the Supreme Court to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

**Twenty-seventh.**—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

**Twenty-eighth.**—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall, except as otherwise in this contract provided, be delivered at such office in the City as shall have been designated by the Company, or, if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

**Twenty-ninth.**—The words "streets and avenues" or "streets or avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, included within the limits of the territory in which the Company is hereby authorized to operate.

**Thirtieth.**—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues of the territory in which the Company is authorized to operate by this contract.

**Section 3.** Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

**Section 4.** First. It is understood and agreed that neither this contract nor anything within it contained, nor any operation of the Company's business under this contract, nor any act or acts of the Company or its officers or servants in the course of such business in the streets of said City or elsewhere shall be construed or interpreted to be or to effect a waiver, surrender, abandonment, modification, impairment or limitation of such rights, privileges or franchises as the Company may have heretofore acquired, or claims to have acquired, in any manner whatsoever, to lay, maintain, use or operate wires or other lines of electrical conductors in, over, along or under the streets or avenue, within the City or any portion thereof for the purpose of carrying on or operating a telegraph burglar alarm or other telegraph or telephone system or business nor shall such rights, privileges or franchises, or any of them, be nor be deemed to have been merged by, with or into this contract, and this contract and the acceptance and execution thereof is and shall be entirely without prejudice to any such rights, privileges or franchises, or to the Company's claim that it is and should be entitled, to lay, maintain, use or operate wires or other lines of electrical conductors, in, over, along or under the streets or avenues, or any of them, for the purposes aforesaid, without and in the absence of this contract; all of which claims,

rights, privileges and franchises the Company asserts its intention to enforce by or in some form of action, suit or judicial proceeding. The Company agrees, on its part, to conform to, abide by and perform all the terms, conditions and requirements in this contract fixed and contained, but only unless and until in any action, suit or other judicial proceeding, to which the City or one or more of its officers or departments shall be a party, the courts shall finally determine substantially that the Company had heretofore acquired the right to carry on its aforesaid business without and in the absence of this contract, or shall otherwise decide substantially that the Company, antecedent to the making of this contract, had such rights, privileges or franchises as entitles it to lay, maintain, use or operate wires or other lines of electrical conductors, in, over, along or under the streets and avenues of the City or some portion thereof, for the purposes aforesaid. And the City agrees, on its part, that the failure or refusal, in good faith, of the company to conform to or abide by and perform any of the terms, conditions or requirements in this contract fixed and contained, in order to raise or present questions or issues for the purpose of judicially determining as aforesaid its rights, privileges or franchises in the premises shall not, anything in this contract to the contrary contained, notwithstanding, subject the Company to any forfeiture or cumulative damages.

Second. Upon any such final judicial determination applying to or affecting the whole territory specified in Section 1 of this contract, all further obligation of the Company thereunder shall cease and determine and the money or securities deposited by it with the Comptroller as a security fund shall be returned to it, less any sum then lawfully due by the Company to the City. Should it be so judicially determined that such prior rights, privileges or franchises of the Company applied or extended only to some borough or boroughs or part or parts of the City, then in that case all obligations of the Company under this contract shall cease and determine as to such borough or boroughs or part or parts of the City, and thereafter the amount of annual compensation which the Company shall be required to pay to the City under subdivision second of Section 2 of this contract shall be computed upon the gross receipts of the Company only within the remaining parts of the City.

Third. The Company shall not claim or demand any money compensation or damages from the City for or by reason of any moneys paid to the City under this contract or any expense, suits or other disadvantage incurred by it because of entering into this contract and it hereby expressly waives all surrenders to the City any such claim or demand.

**Section 5.** Nothing herein contained shall be deemed to nor is the same intended to be an admission or recognition on the part of the City or any of its Boards, Departments or Officials of any authority, franchise, right or privilege in the Company, except as granted by this contract, nor shall the same in any manner bind the City, or affect or waive its right, freedom or privilege to defend any action commenced or proceeding against the Company for the purpose of establishing alleged rights, privileges or franchises independent of this contract.

**IN WITNESS WHEREOF,** the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused the corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

**TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.**

**THE BUILDINGS AND APPURTENANCES** thereto will be sold to the highest bidder, who must pay cash, or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer

in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contractor, partner, stockholder, surety, or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness, of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the President and drawings of construction work may also be seen there.
