****NOTE:** Establishment permitted and inspected by DOHMH but not part of the DFTA portfolio or not registered with the SADC Ombuds Office because they are adult day health care/ day habilitation programs.

3. The total number of such social adult day cares and senior centers inspected in the prior calendar year.

In 2020, 75 social adult day cares and senior centers were inspected.

During regular operations, establishments are inspected at least once in a 12-month period. However due to the COVID-19 public health emergency, there were many fewer inspections performed in 2020

– both because all social adult day care and senior centers were closed for many months, with some providing pick-up-and-go meals beginning in October, and DOHMH conducted fewer inspections to protect the health of both DOHMH and food establishment staff. Typical center food service operations and inspectional activity should resume in the second half of 2021.

4. Information summarizing the results of such inspections, including, but not limited to, the number of violations cited, if any, and any corrective action.
