REPORTS.

The Committee on Finance, to whom was referred the message from His Honor the Mayor, transmitting a communication from the Comptroller containing a detailed statement of all accounts audited and allowed by the Finance Department, and for which warrants had been drawn upon the Chamberlain, for the quarter ending December 31, 1873, respectfully

REPORT:

That they have learned that it has been an invariable practice to have the quarterly reports of the auditor published in document form for the use of the members of the Common Council, Departments, and the information of the public; the reports of a like character, for the previous three quarters of the year 1873, were so printed and published, and in order to complete the series for that year, it is essential that this report for the last quarter thereof, should likewise be printed. Your Committee therefore respectfully offer for your adoption the following resolution:

Resolved, That five hundred copies of the quarterly report of the Auditor of Accounts, for the three months ending December 31, 1873, be printed in document form under the direction of the Clerk of this Board, as part of its proceedings, for the use of the members of the Common Council and Departments, and the information of the public.

J. VAN SCHAICK,
EDWARD GILON,
PETER KEHR,
JOHN J. MORRIS,
Committee on Finance.

Which was adopted.
(For which see document No. 4.)

G. O. 413.

The Committee on Law Department, to whom was referred the draft of an ordinance to regulate travel and commerce in and upon the streets and sidewalks of this city, as follows:

AN ORDINANCE to regulate travel and commerce

in and upon the streets and sidewalks of this city.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

Sec. 1. It shall not hereafter be requisite for any person or persons to obtain a permit to receive or deliver goods, wares or merchandise into or from any store, warehouse or other building in this City; but no person shall deposit any such articles upon any street or sidewalk in this city in such manner as to obstruct the free use thereof by the public, and the Commissioners of Police are hereby authorized and directed to prevent any such obstructions.

Sec. 2. All ordinances or portions of ordinances now existing, which impose a penalty or penalties for placing of goods, articles, wares, or merchandise upon any sidewalk or street in this city are hereby modified, so that the same shall not apply to cases where such placing is occasioned during the process of receiving or delivering merchandise in the ordinary course of trade.

Sec. 3. All ordinances requiring, authorizing, or directing the Corporation Attorney to receive, sue for, recover, or collect penalties for the obstruction of the sidewalks or streets in this city, are hereby modified so as to make the same consistent with the terms of the next preceding section of this ordinance. And he is hereby directed to discontinue all actions now pending to recover penalties in cases where such obstructions occurred while in the process of receiving or delivering merchandise; and hereafter before any action shall be commenced against any person or persons for the obstruction of any of the public streets or sidewalks, the person making the complaint shall first notify the owner or owners of the articles so encumbering such street or walk to remove the same, and such owner or owners shall have a reasonable time thereafter in which to remove the same.

Sec. 4. The ordinance entitled "An Ordinance to regulate permits for street stands, show cases, signs, stairways, hoistways, and deliveries," approved February 24, 1866, is hereby modified so as to make the same consistent with section one of this ordinance, and the Mayor shall not hereafter issue permits to any person or persons for the receipt or delivery of merchandise.

Sec. 5. This ordinance shall take effect immediately.

Respectfully report, that, from a careful examination of the ordinance, it appears to have reference more exclusively to the matter of permits, for the receipt and delivery of goods, and in fact takes no cognizance of the subject matter of signs, awnings, etc.

Your committee are of the opinion that while the interests of the public at large demand that no rights or privileges shall be granted to private individuals to the inconvenience of the community, it is nevertheless but right and proper that in the transaction of their ordinary business private individuals should be entitled to such rights and privileges without expense, provided they do not thereby incommode the public.

Your Committee also believe that it was never intended to make the "permit" system a source of revenue to the city, but in reality to prevent a nuisance by the imposition of fines. Such being the case, it only remains for your committee to suggest that all that is required is such an ordinance as shall give to our citizens in the transaction of their legitimate business, the largest liberty, compatible with the rights of the whole community.

Your Committee, therefore, in lieu of the ordinance submitted to them, beg leave to recommend the adoption of the following:

AN ORDINANCE to regulate travel and commerce in and upon the streets and sidewalks of this city.

The Mayor, Aldermen and Commonalty of the City of New York do ordain as follows:

Sec. 1. All ordinances or portions of ordinances now existing, which impose a penalty or penalties for the placing or hanging of goods, wares, merchandise, signs, awnings or articles upon, or suspended over any sidewalk or street in this city, are hereby repealed, and the Commissioners of Police are hereby authorized and directed to prevent any such obstructions.

Sec. 2. All ordinances requiring, authorizing or directing the Corporation Attorney to receive, sue for, recover or collect penalties for the obstruction of the sidewalks or streets, or the hanging or placing of signs or awnings in this city, are hereby repealed. And he is hereby directed to discontinue all actions now pending to recover penalties in such cases.

Sec. 3. The ordinance entitled "An ordinance to regulate permits for street stand, show cases, signs, stairways, hoistways and deliveries," approved February 24th, 1866, is hereby repealed.

Sec. 4. This ordinance shall take effect immediately.

O. P. C. BILLINGS,
RICHARD FLANAGAN,
Com. on Law Department.

Alderman Cooper offered the following as a substitute for the ordinance reported by the committee.

The ordinance passed February 24th, 1866, entitled,

AN ORDINANCE "To regulate permits for street stands, show cases, signs, stairways, hoistways, and deliveries," is hereby amended so as to read as follows:

The Mayor, Aldermen and Commonalty of the City of New York in Common Council convened, do ordain as follows:

Section 1. The Mayor is hereby invested with power to issue permits for newspaper and other stands, show cases, signs, stairways, and hoistways to be erected or placed within area lines, provided, however, that each application for such permit shall first be approved by an Alderman of this City, and consented to by the person or persons occupying the premises in front of

which it is proposed to locate under such permission.

Section 2. All permits granted under the provisions of this ordinance shall continue in force for one year.

Section 3. The Mayor shall provide a record book of all permits granted under this ordinance, in which shall be alphabetically entered the names, together with the location, of all persons and the privileges granted in such permits: such books to be open to the inspection of the public.

Section 4. Every grantee of a privilege under this ordinance shall pay therefor the sum of two dollars, the amount to be accounted for to the Comptroller of the City and County of New York.

Section 5. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed, rescinded and annulled.

Section 6. This ordinance shall take effect immediately.

Which was laid over.

G. O. 414.

The Committee on Public Works, to whom was referred the annexed preamble and resolution, setting forth the imperative necessity now existing for the immediate establishment of a fire engine company, and location of a steam fire engine, in the Nineteenth Ward, for the better protection of the lives and property of residents therein, respectfully

REPORT:

That an examination of this section of the city, and the appliance available for the extinguishment of fires therein, has conclusively proven to your Committee that an engine company and apparatus is at this time indispensably necessary, in order to afford even ordinary safeguards for the lives and property of the inhabitants. In the Nineteenth Ward, including all that portion of the city bounded and lying within 40th street on the south, 86th street on the north, the Sixth avenue on the west, and the East river on the east, and containing property valued at more than \$110,000,000 of dollars by the Tax Commissioners, and is rapidly and continually increasing, but two fire engines and one hook and ladder company is located at the present time, viz.: Engine Co. No. 8 at 51st street and Third avenue; No. 22 at Third avenue and 84th street, and Hook and Ladder Co. No. 2 at the corner of 51st street and Lexington avenue. It is true, certainly, that Engine Co. No. 21, on the south side of 40th street, near Thrd rd avenue, in the Twenty-first Ward, can be rendered serviceable on occasions of fire in the lower end of the district, and Hook and Ladder Co. 13, in 87th street, between the Third and Lexington avenues, in the Twelfth Ward, can be similarly used on like occasions in the upper end of the Ward; but the fact still remains, that from 51st street and Third avenue to 86th street and Third avenue, and east of the Sixth avenue, a distance of one and three-quarter miles of traveling in a straight line, occupied with stores, first class dwellings, a dozen or more large public institutions, and in many localities tenement houses of the largest description and most dangerous construction, there is not a single apparatus for the extinguishment of fire, or appliance for saving the lives of citizens imperilled by any sudden emergency, that is likely to occur at any moment. It is not only positively unjust, but is actually criminal, thus to jeopardize the lives and property of such a large number of people, and imperatively calls for prompt and effective measures on the part of those in authority, that they may be relieved from the responsibility of neglecting these the most vital interests of their constituents. Already it is charged that on a recent and memorable occasion three valuable lives were sacrificed and much property destroyed, at a conflagration in 60th street, near Madison avenue, that might have been saved, or the calamity averted, had the proper facilities for extinguishing fires and saving life been provided in the vicinity of the occurrence.

Your Committee are clearly of opinion that steps should be taken immediately to locate an engine company as near as possible to the centre of the exposed district included between 51st and 86th streets, the Sixth avenue and the East river. The City owns the block of ground bounded by 67th and 68th streets, Third avenue and Lexington avenue, and they propose to set apart a lot therein as a permanent location for such fire engine company, and to authorize at once the erection of a temporary building on another portion thereof, for the use and occupation of such company while the new permanent building is in course of construction. The people of the district are clearly entitled to this measure of protection; the owners of the property pay more than one-tenth of the entire tax of the City and County; yet but one hook and ladder company out of a total of fifteen, and two engine companies out of a total of forty in this city, is located in all this territory, at the present time.

Your Committee, therefore, with a view of affording to the residents of the Nineteenth Ward the additional safeguards for the protection of their lives and property from fire, which they now so much need, and to which they are clearly entitled, respectfully offer for your adoption the following resolution:

Resolved, That the lot of land owned by the city on the south side of 67th street, commencing 170 feet westerly from the northwesterly corner of Third avenue and 67th street, being 25 feet front and rear by half the block in depth, be and is hereby assigned for the use and occupation of the Commissioners of the New York Fire Department, as a location for a steam fire engine and full company of men; that the said Commissioners be and are hereby authorized and directed to cause a building suitable for the use and occupation of the said fire engine and company to be erected on the said lot of land, the cost

thereof not to exceed fifteen thousand dollars, and to be taken from and charged to the appropriations for the present year of \$50,000, made for the said Department for "New Buildings," and be it further

Resolved, That the said Commissioners of the New York Fire Department be and are hereby also authorized and directed to erect immediately a temporary structure one story high, and of capacity sufficient to accommodate a steam fire engine and full complement of men, on any part of the Third Avenue front of the block of ground described in the preceding resolution, and locate therein a steam fire engine and company, and to continue to use such temporary building until the house provided for in the above resolution is completed and occupied by the said engine and company, when the property upon which it is located shall revert to the city; the expense of such temporary building not to exceed the sum of two thousand five hundred dollars, and to be taken from the appropriation of \$500,000 made for Special Contingencies for the City, and the Board of Estimate and Apportionment is hereby requested to appropriate that amount for such purpose.

The Committee on Public Works of the Board of Aldermen, to whom was referred the annexed resolution to lay gas mains, etc., in Fifty-second street, between First and Second Avenue, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend the adoption of said resolution.

Resolved, That gas-mains be laid, and street lamps lighted, in Fifty-second street, between First and Second Avenue, under the direction of the Commissioner of Public Works.
