Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held at 11 o'clock a. m., on Wednesday, April 20, 1910.

Present—William J. Gaynor, Mayor; Douglas Mathewson, Deputy and Acting Comptroller; Henry J. Walsh, Deputy and Acting Chamberlain; John Purroy Mitchel, President, Board of Aldermen, and Frank L. Dowling, Chairman, Finance Committee, Board of Aldermen.

The minutes of the meeting held April 13, 1910, were approved as printed.

On motion of the Deputy Chamberlain, John Korb, Jr., was elected Secretary pro tem.

The following communication was received from the Commissioner of Docks requesting that he be authorized to enter into agreements with the Staten Island Rapid Transit Railway Company for the issuance of monthly school books, regular monthly commutation books, and 50-ride family books, and also whereby said company is to sell in conjunction with its railroad books, books for transportation over the municipal ferries from Staten Island:

March 23, 1910.

Hon. WILLIAM J. GAYNOR, Mayor and Chairman of the Commissioners of the Sinking Fund:

SIR—On June 30, 1909, a resolution was adopted by the Commissioners of the Sinking Fund authorizing the Commissioner of Docks to enter into an agreement with the Staten Island Rapid Transit Railway Company for the issuance of monthly school books, regular monthly commutation books, and 50-ride family books, upon the same terms and conditions as in the former agreement with said company, which former agreement was approved by the Commissioners of the Sinking Fund at a meeting held October 25, 1905.

This authorization has now expired by limitation, and I beg to request the adoption by the Commissioners of the Sinking Fund of a resolution authorizing the Commissioner of Docks to enter into an agreement with the Staten Island Rapid Transit Railway Company for the issuance of monthly school books, regular monthly commutation books and 50-ride family books, upon the same terms and conditions as the former agreement with said company in relation to these matters.

In addition I beg to recommend that authority be also granted to enter into an agreement with the Staten Island Rapid Transit Railway Company whereby said company is to sell, in conjunction with its railroad tickets, tickets for transportation over the municipal ferries from Staten Island, and that the collections of the five-cent passenger tickets sold by the company and accepted for passage by this Department be adjusted in the following manner:

1. The City of New York, acting by the Commissioner of Docks, to present a monthly statement to the Staten Island Rapid Transit Railway Company, same showing the number of five-cent passenger tickets accepted at the municipal ferry boxes during the month, accompanied by the tickets lifted.

2. Settlements to be made by the Staten Island Rapid Transit Railway Company upon account of Auditing Department of the Commissioner of Docks.

3. Payment by check in settlement to be not later than the fifth day of the following month.

4. The Commissioner of Docks to reserve the right to cancel this agreement upon notice of ten days from date of service.

No time limit has been fixed during which this authority of the Commissioners of the Sinking Fund extends, as it is deemed advisable that the Commissioner be authorized to enter into such an agreement upon the terms and conditions above stated, and that such authority continue until otherwise directed.

Yours respectfully,

CALVIN TOMKINS, Commissioner.

In connection therewith, the Deputy Comptroller presented the following report and offered the following resolution:

April 12, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Hon. Calvin Tomkins, Commissioner, Department of Docks and Ferries, in communication dated March 23, 1910, requests the Commissioners of the Sinking Fund to authorize him to enter into an agreement with the Staten Island Rapid Transit Railroad Company for the issuance of monthly school books, regular monthly commutation books and 50-ride family books upon the same terms and conditions as the agreement approved by the Commissioners of the Sinking Fund October 25, 1905.

He also requests that the Commissioners of the Sinking Fund authorize him to enter into an agreement with the Staten Island Rapid Transit Company whereby said company is to sell, in conjunction with its railroad tickets, tickets for transportation over the municipal ferries from Staten Island, and that the collections of the five-cent passenger tickets sold by the company and accepted by the Department be adjusted in the following manner:

1. The City of New York, acting by the Commissioner of Docks, to present a monthly statement to the Staten Island Rapid Transit Railway Company, same showing the number of five-cent passenger tickets accepted at the municipal ferry boxes during the month, accompanied by the tickets lifted.

2. Settlements to be made by the Staten Island Rapid Transit Railway Company upon account of Auditing Department of the Commissioner of Docks.

3. Payment by check in settlement to be not later than the 5th day of the following month.

4. The Commissioner of Docks to reserve the right to cancel this agreement upon notice of ten days from date of service.

The Commissioner desires that the authorizations above requested be without any time limit and to continue until otherwise directed.

From an examination made by the Chief Engineer of this Department, I would report:

The resolution adopted by the Commissioners of the Sinking Fund October 24, 1905, and above referred to, authorizes the Commissioner of Docks to enter into an agreement with the Staten Island Rapid Transit Railway Company for a continuance of the commutation books, special fare work books, school books, and fifty-ride family books on the same terms as contained in the agreement between the said company and the Rapid Transit Ferry Company and as outlined in a communication of the Commissioner of Docks dated October 16, 1905.

The outline of the agreement in existence between the Staten Island Rapid Transit Railway Company and the Rapid Transit Ferry Company, before the ferry was operated by the City, is described in the communication of October 16, 1905, as follows:

"The Staten Island Rapid Transit Railway Company issues monthly school books between the Borough of Manhattan and points on its Perth Amboy Division to children residing in the Borough of Richmond and attending school in the Borough of Manhattan, at a cost of \$4 per book; each book covers twenty-three school days, or forty-six rides. The allowance to the ferry company is \$1 per month on each book.

"The company also issues regular monthly commutation books, two trips being allowed each day. On these books the railroad company pays to the ferry company \$1.25 per book.

"Special fare books are also sold, good for working days of the month only. The ferry company on this class of transportation receives \$1.25 per book.

"There is also issued what is known as fifty-ride family books (good for six months), on which the ferry company receives \$1.25 per book.

"Upon investigation it has been found that the number of special books issued during the month of September, 1905, by the present ferry company is as follows:

"Commutation books	423
"Special fare work books.....	197
"School books	40
"Fifty-ride family books.....	50

"The rate which the City will receive per trip on the reduced rate books will be: 2 4-23 cents on the school books; 2 1-12 cents on the regular commutation books; 2 17-54 cents on the special fare books, and 2 1/2 cents on the family books.

"The ferry company reports its receipts from the sale of passenger tickets to have been \$380,639.12 for the year, and states that it carried 8,316,047 passengers. If the full five-cent fare were received from each passenger, the revenue would be \$415,802.35; the company states that the difference (\$35,163.23) is made up of the reduced rate on commutation tickets and half-fare tickets issued to employees, etc."

The special fare work books have been discontinued since February, 1909. No half-fare books to employees are now issued.

For comparison the following statement has been furnished by the Dock Department for the year 1909. The receipts from the sale of passenger tickets were \$536,383.10, and the ferry carried 10,985,402 passengers. If the full five-cent fare were received from each passenger, the revenue would be \$549,271.10, the difference due to reduced rate tickets being \$12,888.

The number of special books issued during the month of September, 1909, was as follows:

Commutation books	708
School books	25
Fifty-ride family books.....	154

The proposed arrangement for the sale of municipal ferry tickets by the Staten Island Rapid Transit Railway Company would, I think, be beneficial both to the company and to the City. Some profit would undoubtedly accrue to the company from tickets sold but lost or unused. On the other hand, the congestion at the ticket booths of the ferry would be relieved to a great extent.

I would advise that the Commissioner of Docks and Ferries be authorized to enter into agreements with the Staten Island Rapid Transit Company, as follows:

For the issuance of monthly school books, regular monthly commutation books, and fifty-ride family books (good for six months) upon the same terms as contained in the former agreement with said company, which agreement was approved by the Commissioners of the Sinking Fund October 25, 1905.

For the sale by the Staten Island Rapid Transit Railway Company, in conjunction with its railroad tickets, of tickets for transportation over the municipal ferries from Staten Island upon the terms and conditions proposed by the Commissioner of Docks and Ferries.

These agreements to terminate January 1, 1911, and to be renewable annually by the Dock Commissioner, provided the Commissioners of the Sinking Fund, in each case, approve of such renewal.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioner of Docks be and is hereby authorized to enter into agreements with the Staten Island Rapid Transit Railway Company, as follows:

For the issuance of monthly school books, regular monthly commutation books and 50-ride family books (good for six months), upon the same terms and conditions as contained in the former agreement with said company, which agreement was approved by the Commissioners of the Sinking Fund October 25, 1905.

For the sale by the Staten Island Rapid Transit Railway Company, in conjunction with its railroad tickets, of tickets for transportation over the municipal ferries from Staten Island, and that the collections of five-cent passenger tickets sold by the Company and accepted for passage by the Department of Docks and Ferries be adjusted in the following manner:

1. The City of New York, acting by the Commissioner of Docks, to present a monthly statement to the Staten Island Rapid Transit Railway Company, same showing the number of five-cent passenger tickets accepted at the municipal ferry boxes during the month, accompanied by the tickets lifted.

2. Settlements to be made by the Staten Island Rapid Transit Railway Company upon account of Auditing Department of the Department of Docks.

3. Payment by check in settlement to be made not later than the fifth day of the following month.

4. The Commissioner of Docks to reserve the right to cancel this agreement upon notice of ten days from date of service.

These agreements to terminate January 1, 1911, and to be renewable annually by the Commissioner of Docks, provided the Commissioners of the Sinking Fund, in each case, approve of such renewal.

The report was accepted and the resolution unanimously adopted.

A communication was received from the Commissioner of Docks recommending the adoption of the bulkhead and pierhead lines as described in the reports of the Jamaica Bay Improvement Commission for the improvement of the water-front in Jamaica Bay.

Which was referred back to the Commissioner of Docks for the adoption of a plan in accordance with the provisions of the Charter.

The Deputy Comptroller presented the following report relative to a renewal of the lease to the City of a strip of land running from the west side of Mott avenue to the Harlem River, Borough of The Bronx, for the use of the Department of Bridges, for the easterly approach to the temporary Madison avenue bridges over the Harlem River:

April 7, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Commissioner of the Department of Bridges in a communication dated March 1, 1910, requests a renewal of the lease of a "strip of land running from the west side of Mott avenue westwardly to the extreme limit of the United States pier and bulkhead line, being a strip of land about 30 feet in width, in the Borough of The Bronx," which will expire May 20, 1910.

The premises in question are at present under a six months' renewal lease, and the Commissioner is of the opinion that the same will be required for a further period of six months from May 20, 1910, to permit of their occupancy of the same until the completion of the permanent Madison Avenue Bridge.

The property in question consists of two parcels, No. 1 containing 10,500.60 square feet, equal to 4.20 city lots, and No. 2 containing 5,477.25 square feet, equal to 2.19 city lots, making in all 15,977.85 square feet, all of which equal 6.39 city lots.

This property has been under lease to the City for a number of years, at a rental value of \$21,500 per annum.

The Commissioner of the Department of Bridges states that in his opinion the said rental is unreasonable and that a reduction should be granted by the lessor. He believes that, while the owners are entitled to some consideration for the adjoining parcels being affected, in addition to the regular investment income, the sum of \$8,500 would be a reasonable rental for the premises. He further states that the assessed valuation on similar property in the immediate neighborhood would have an approximate value of \$7,000 for a strip similar to the one occupied by the Department of Bridges.

This land is used as an approach to the temporary bridge erected at that place pending the completion of the new bridge. The Commissioner states that he believes the new bridge will be completed within six months from May 20, 1910. The land occupied is used as a roadway for vehicles and trolley cars and two footpaths. It runs

directly through a large lumber yard. The owners claim that the rent is reasonable on account of the additional expense caused to them by the interference with their regular methods of business and the handling of lumber. Their greatest loss is caused, they claim, by their inability to use the bulkhead for the unloading of sloops and schooners, in which vessels their lumber is most economically handled. They are compelled to resort to the use of canalboats, the space between the bulkhead and structure not even permitting the use of barges or lighters. Failure to renew the lease would close up the bridge, stop the One Hundred and Thirty-fifth street crosstown cars and cause great inconvenience to a large number of people for about six months.

The premises to be leased are part of Block 2339, and assessed:

288.4 by 174.15 feet, irregular (no building)	\$145,000 00
Land, 320.82 feet, irregular	\$115,000 00
Building	10,000 00

125,000 00

\$270,000 00

Appraised value by Real Estate Bureau:

Land (no buildings)	\$165,000 00
Land	\$130,000 00
Buildings	15,000 00

145,000 00

\$310,000 00

There are no separate assessments for the part taken, which would be worth about \$60,000, except for the loss of the bulkhead.

This land is absolutely necessary for the approach to the bridge. Under these circumstances, I consider the rent reasonable and just, and therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the two parcels, beginning at the bulkhead and running east to Mott avenue, No. 1, containing 10,500.60 square feet, equal to 4.20 city lots, and No. 2, containing 5,477.25 square feet, equal to 2.19 city lots, making in all 15,977.85 square feet, for a period of six months from May 20, 1910, at an annual rental at the rate of \$21,500, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; lessors, Bradley L. and Vashti G. Eaton.

Respectfully submitted,

DOUGLAS MATHEWSON, Acting Comptroller.

This matter was on the calendar of the last meeting and referred to a Committee, consisting of the Comptroller, President of the Board of Aldermen, and the Chairman of the Finance Committee, Board of Aldermen.

The President of the Board of Aldermen, speaking for the Committee, made a verbal report, in which he explained the situation, and submitted the matter for the consideration of the Board. He also called to the attention of the Board the fact that Church E. Gates & Co. were occupying a strip of land in the vicinity of the bridge for a nominal consideration, under a permit revocable at the pleasure of the Commissioner of Docks.

On motion, the Commissioner of Docks was requested to revoke the said permit and see to it that the premises were vacated by Church E. Gates & Co., and kept vacated.

The Commissioner of Bridges, who was present, was interrogated by members of the Board in regard to the lease, and also in regard to the contract for the consideration of the new bridge.

Discussion of the matter followed.

The following resolution was then offered for adoption:

Resolved, That the Special Committee of the Commissioners of the Sinking Fund, consisting of the Comptroller, President of the Board of Aldermen and Chairman of the Finance Committee, Board of Aldermen, be and it is hereby authorized and directed in its discretion to authorize the Comptroller of The City of New York to enter into a renewal of the lease to the City, from Bradley L. and Vashti G. Eaton, of the two parcels of land in the Borough of The Bronx, beginning at the bulkhead and running east to Mott avenue, for use of the Department of Bridges, for the easterly approach to the temporary bridge across the Harlem River, on the best terms that can be obtained, and which the members of said committee may deem it to the interest of the City under the circumstances to accept.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller brought up the matter of the proposed renewal of the lease to the City of a strip of land required by the Department of Bridges for the westerly approach to the temporary Madison Avenue Bridge over the Harlem River, referred to Committee at the last meeting.

Which was laid over.

The following communication was received from the Department of Bridges, relative to a lease to the City of premises at No. 305 East Sixtieth street, Manhattan, for use of the Department of Bridges:

April 15, 1910.

To the Honorable Commissioners of the Sinking Fund, No. 280 Broadway, Manhattan: GENTLEMEN—I hereby make application for a lease of offices in the building No. 305 East Sixtieth street, Manhattan, consisting of three floors above the store floor of said building, having an area of about 4,230 square feet, at an annual rental of one thousand three hundred dollars (\$1,300).

This office desired to be leased is for the Engineer in charge of the Queensboro Bridge and staff, who are to vacate the present quarters at No. 56 Sutton place, owing to arrangements to use the site for playground purposes.

The following information is furnished pursuant to the directions of the Commissioners of the Sinking Fund:

First—The owners are Edwin Welch & Co., No. 224 East Fifty-ninth street, Manhattan.

Second—The offices desired to be leased are the three upper floors of the building.

Third—The lease should be drawn for five years from date of occupancy by this Department.

Fourth—The rent asked, viz., \$1,300 per annum, is just and reasonable.

Fifth—Repairs will be made by lessor.

Sixth—The lessor will make all improvements suggested by the Engineer in charge, as shown on the plan submitted to him.

Seventh—The lessor must supply heat; light and janitor service are to be supplied by the City.

Eighth—The lessor will pay water taxes on lower part of building only.

Ninth—The necessity for leasing these premises is to provide quarters for the Engineer in charge of the Queensboro Bridge in a central location, close to and easy of access to the work under his jurisdiction, it being necessary to vacate the quarters occupied at present.

Tenth—The terms are recommended as the most reasonable that can be secured in the neighborhood for the purposes of this Department, being at the entrance to Queensboro Bridge.

I urgently request your Commission to authorize this lease so that the Department can obtain possession at the earliest possible moment.

Respectfully,

KINGSLEY L. MARTIN, Commissioner.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

March 25, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—On March 9, 1910, the Commissioners of the Sinking Fund received a communication from the Hon. Kingsley L. Martin, Commissioner of the Department of Bridges, in which he makes application for a lease of offices in the building No. 305 East Sixtieth street, Borough of Manhattan, consisting of three floors above the store floor of said building, and having an area of about 4,230 square feet, at an annual rental of \$1,550, for a term of five years from the date of occupation; the lessor to make all improvements suggested by the Engineer in charge, as shown on the plan submitted to him, to make repairs, pay water taxes on the lower part of the building only and supply heat, the City to furnish light and janitor service.

The Commissioner further states that the necessity for leasing these premises is to provide quarters for the Engineer in charge of the Queensboro Bridge in a central location, close to and easy of access to the work under his jurisdiction, it being necessary to vacate the quarters occupied at present by him.

The Commissioner further says that the terms recommended are the most reasonable that can be secured in the neighborhood for the purposes of his Department, being at the entrance to the Queensboro Bridge, and he considers the rent asked just and reasonable.

The building is a remodeled building and is very well adapted for the purposes of the Bridge Department. There are no similar buildings in the neighborhood with which a comparison can be made as to the rental value. The assessed valuation is:

Land	\$9,000 00
Land and building	15,000 00

Valuation by Bureau of Real Estate:

Land	\$10,000 00
Land and building	18,000 00

The rent of the remaining part of the building, which is the store, is \$60 a month.

The Commissioner of the Department of Bridges desires a lease of these three floors, which are office lofts in the building No. 305 East Sixtieth street, Borough of Manhattan, for use of the Engineer in charge of the Queensboro Bridge and staff, who are to vacate the present quarters at No. 56 Sutton place, owing to arrangements now being made to use the site for playground purposes.

Negotiations were entered into between the Bridge Commissioner and the landlord and under date of April 15 the Commissioner states that the landlord has agreed to an annual rental of \$1,300, and has certified that rental as being reasonable and just. All repairs are to be made by the landlord, including all improvements suggested by the Engineer in charge, and the lessor must supply heat. Light and janitor service to be supplied by the City. The lessor will pay for the water taxes on lower part of building only.

I would therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the three floors above the store floor in the building No. 305 East Sixtieth street, Borough of Manhattan, for a term of five years from April 21, 1910, at an annual rental of \$1,300, payable quarterly, the lessor to make the improvements suggested by the Engineer in charge, as shown on the plan submitted to him; and to make repairs, furnish heat and pay water taxes on the lower part of the building, the City to supply light, janitor service and pay water rent for the water used in the premises leased. Lessors, Edwin Welch & Co., No. 224 East Fifty-ninth street, Manhattan.

Respectfully,

D. MATHEWSON, Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Edwin Welch & Co., of the three floors above the store floor in the building No. 305 East Sixtieth street, Borough of Manhattan, for use of the Department of Bridges, for a term of five years from April 21, 1910, at an annual rental of thirteen hundred dollars (\$1,300), payable quarterly; the lessor to make the improvements suggested by the Engineer in charge, as shown on the plan submitted to him, and to make repairs, furnish heat and pay water taxes on the lower part of the building; the City to supply light, janitor service and pay water rent for the water used on the premises leased; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City of premises at No. 303 East One Hundred and Tenth street, Borough of Manhattan, for the Department of Street Cleaning:

April 15, 1910.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—Hon. William H. Edwards, in a communication addressed to the Mayor, as Chairman of the Commissioners of the Sinking Fund, under date of March 10, 1910, requests a renewal of the lease from Giuseppe Labriola of the first floor, cellar and yard of the premises known as No. 303 East One Hundred and Tenth street, Borough of Manhattan, for another term of two years at the same rental of \$360 per annum, payable quarterly, from May 1, 1910, and otherwise upon the same terms and conditions as contained in the existing lease.

These premises consist of a store approximately 23 feet by 25 feet on the ground floor of the rear of the lot on the corner of Second avenue and One Hundred and Tenth street, with toilet facilities and water. This room is used as an office for the Foremen of the district and for the men. Adjoining this is a covered frame shed, fully enclosed, size about 25 by 11, in which the men store their clothes and uniforms, also the cans and small hand-carts of the district. In addition thereto is a cellar, 10 by 20, which is also used for storage.

The lot and building is 25 feet 11 inches by 100 feet and is five stories high. The assessed value is \$15,000 for the land and \$18,000 for the building, making a total of \$33,000. The appraisal of the Real Estate Bureau is \$18,000 for the land and \$21,000 for the building, making a total of \$39,000.

There is no similar building in the neighborhood with which this can be compared, nor is there any store or part of a building anywhere in the neighborhood with a rent as reasonable for the amount of space given as the above premises; and the Commissioner of the Department of Street Cleaning states that the rent of the premises referred to is the lowest that can be obtained for a space suitable for a section station in that neighborhood.

The rent being reasonable and just, I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of first floor, cellar and shed in yard of premises No. 303 East One Hundred and Tenth street, Borough of Manhattan, for another term of two years from May 1, 1910, at an annual rental of \$360, for use as a section station by the Department of Street Cleaning, the lessor to keep premises in good repair and pay water charges, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Giuseppe Labriola.

Respectfully,

WILLIAM A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the first floor, cellar and shed in yard, of premises No. 303 East One Hundred and Tenth street, Borough of Manhattan, for a term of two

years from May 1, 1910, at an annual rental of three hundred and sixty dollars (\$360), payable quarterly: the lessor to keep the premises in good repair and pay water charges, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Giuseppe Labriola; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City of premises No. 239 Ninth street, Borough of Brooklyn, for the Department of Street Cleaning:

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Commissioner of Street Cleaning, in a communication dated March 8, 1910, requests a renewal of the lease from Frank L. Trecalli of the store of premises known as No. 239 Ninth street, in the Borough of Brooklyn, used for a section station for the Department of Street Cleaning, for a period of one year from May 1, 1910, at an annual rental of \$420, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease.

It will be noted that the request asked calls for an annual rental of \$420, which is \$60 more than the present lease. It appears that this Department, under date of March 25, owing to the fact that an increase of \$60 had been asked, requested information from the Department of Street Cleaning as to whether they had sufficient money in their funds to meet the increase asked for, and in a reply from the Commissioner of Street Cleaning, under date of March 28, the statement was made that if he had not in his appropriation for the year sufficient money to meet this increase of \$60, from May 1 to December 31, 1910, that his Department had no appropriation for rents for the year 1910 to meet the same.

It appears that a real estate agent, in a communication dated March 7, 1910, made application to the Street Cleaning Department for a renewal of the premises in question, stating that he had consulted the owner, who was willing to renew the lease for a further period of one year at an annual rental of \$420, the owner being prepared to make the repairs as requested; namely, to repaper or paint the walls and ceilings of the store, repair floors, give some additional cellar space and fix the doorway from store to cellar, and in which an early reply was requested. A copy of the above letter is herewith attached.

It is presumed that in consonance with the real estate agent quoted above, and believing that the rent asked, \$420 per annum, was fair and equitable, considering that he was to make the repairs as mentioned in his letter, the Commissioner of the Department of Street Cleaning thereupon made request for said renewal at the increased price, believing the place to be well worth the rental asked.

The Bureau of Real Estate, however, took the matter up for investigation, and after a conference with the owner, Mr. Frank L. Trecalli, who stated, as per his communication, which is herewith attached, that at no time had he asked for anything beyond the present rental, namely, \$360 per annum, for a term of one year from May 1, 1910, with the privilege of a renewal for an additional term of two years. He also agrees to repaper or paint the walls and ceiling of the store, repair the floor where needed, give some additional cellar space and fix the door leading from the store to the cellar.

The building, which is known as No. 239 Ninth street, is located on the northwest corner of Ninth street and Fourth avenue, in the Borough of Brooklyn, and is a four-story brick and brownstone building, on a plot 20 by 87 feet. The store to be leased is 18 feet wide by 41 feet deep, divided into two rooms, and one toilet room, with running water in the store. The lessor, as per his letter, is to put and keep the premises in good repair and pay for the water used.

The assessed valuation of the property is:	
Land	\$3,000 00
Building	8,000 00
Total	\$11,000 00
Appraised value, Bureau of Real Estate:	
Land	\$4,000 00
Building	10,000 00
Total	\$14,000 00

The rent of the portion to be occupied by the City is \$360 per annum. The three stories, or upper portion of this building rent for \$648 per annum, making a total rental value of \$1,008, which is a fraction better than 7 per cent. on the appraised value of \$14,000.

The Commissioner of Street Cleaning believes that, under all the circumstances, the rent asked for is reasonable and just, and the lowest that can be obtained for a section station in the neighborhood.

The rent being reasonable and just, I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the store and part of the cellar of the premises known as No. 239 Ninth street, in the Borough of Brooklyn, used as a section station by the Department of Street Cleaning, for a period of one year from May 1, 1910, at an annual rental of \$360, payable quarterly, with the privilege of a renewal for an additional term of two years, the owner agreeing to repaper or paint the walls and ceiling of the store, repair the floor where needed, give some additional cellar space and fix the door leading from the store to the cellar, pay taxes and to pay for the water used on the premises. Lessor, Frank L. Trecalli.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the store and part of the cellar of the premises known as No. 239 Ninth street, Borough of Brooklyn, for a period of one year from May 1, 1910, at an annual rental of three hundred and sixty dollars (\$360), payable quarterly, with the privilege of renewal for an additional term of two years; the owner agreeing to repaper or paint the walls and ceiling of the store, repair the floor where needed, give some additional cellar space and fix the door leading from the store to the cellar, pay taxes and to pay for water used on the premises; lessor, Frank L. Trecalli; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a lease to the City, of premises at No. 228 East One Hundred and Fourth street, Borough of Manhattan, for use of the Department of Street Cleaning:

April 15, 1910.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—Under date of March 14, 1910, Hon. William H. Edwards, Commissioner of the Department of Street Cleaning, addressed a communication to the Mayor, as Chairman of the Commissioners of the Sinking Fund, requesting the consent and approval of your Honorable Board for a lease of the two connecting stores of premises No. 228 East One Hundred and Fourth street, Borough of Manhattan, for a term of three years from May 1, 1910, at an annual rental of \$600, payable quarterly, the lessor to put and keep premises in good tenantable condition and repair, and to pay for the Croton water used on the premises. This lease is to furnish a

section station in place of the present one at No. 230 East One Hundred and Fourth street, the lease of which expires May 1, 1910, and which is entirely unsuitable for the use of his Department.

The Department of Street Cleaning now occupies premises at No. 230 East One Hundred and Fourth street, consisting of a store, about 20 feet by 45 feet, with a part use of the cellar, for which a rental of \$540 a year is paid. The premises proposed to be leased consist of two stores, 9½ feet by 40 feet each, the combined area of which is 760 square feet; two cellars underneath the stores, 11 feet by 31 feet each, 682 square feet; toilet in hall for use of the section station.

In an interview with Benjamin Stamper, who represents the owner, Esther Stamper, it was agreed that the owner would rent the premises at \$540 a year, instead of \$600 a year, which was first asked. The Commissioner states that the rent is the lowest that could be obtained for a desirable section station in that neighborhood.

This building is a five-story tenement, 25 feet by 100 feet, consisting of two stores on the ground floor and four floors of apartments upstairs. There are four rooms in the front on each side, renting for \$12 a month; three rooms in the rear renting at \$10 a month; total rental of building, \$2,652 a year. The assessed valuation of the property is \$9,000 for the land and \$13,000 for the building; total, \$22,000. The appraised value, Real Estate Bureau, is \$10,000 for the land and \$14,000 for the building; total, \$24,000.

The premises at No. 230 East One Hundred and Fourth street are exactly the same as No. 228, except that there is one large store instead of two small stores.

The rent being reasonable and just, I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the two stores in premises No. 228 East One Hundred and Fourth street, Borough of Manhattan, for use as a section station by the Department of Street Cleaning, for a period of three years from May 1, 1910, at an annual rental of \$540, payable quarterly, the lessor to put and keep premises in good repair and pay for the Croton water used. Lessor, Esther Stamper.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City, of the two stores in premises No. 228 East One Hundred and Fourth street, Borough of Manhattan, for use as a section station, for a period of three years from May 1, 1910, at an annual rental of five hundred and forty dollars (\$540), payable quarterly; the lessor to put and keep the premises in good repair and to pay for the Croton water used; lessor, Esther Stamper; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City, of premises at No. 319 East Twenty-fourth street, Borough of Manhattan, for the Department of Street Cleaning:

April 15, 1910.

To the Commissioners of the Sinking Fund, City of New York:

SIR—Hon. William H. Edwards, Commissioner of the Department of Street Cleaning, in a communication addressed to the Mayor, as Chairman of the Commissioners of the Sinking Fund, under date of March 3, 1910, requests a renewal of the lease of the store and ground floor of premises known as No. 319 East Twenty-fourth street, Borough of Manhattan, for a term of two years from May 1, 1910, at an annual rental of \$360, payable quarterly, the lessor to make repairs and pay for water used on the premises, and otherwise upon the same terms and conditions as contained in the existing lease.

The premises desired to be leased consist of a store, 21 feet by 40 feet, on the ground floor, having water and toilet accommodations; and a cellar, 10 feet by 10 feet, for the storage of brooms, etc. The store is occupied as an office for the foreman of the section, and the building is used for the storage of men's uniforms and clothes.

The building is a four-story tenement, with a store on the ground floor and a rear building three stories high. The total rent of the building is \$1,512 a year.

The assessed valuation is:	
Land	\$10,500 00
Building	4,000 00
Total	\$14,500 00
The appraised value, Real Estate Bureau:	
Land	\$10,000 00
Building	4,000 00
Total	\$14,000 00
Market value, Department of Taxes:

Total	

The nearest similar building for comparison is No. 317 East Twenty-fourth street, of which the store is rented for \$30 a month; the upper part of the building and the rear house are rented for the same rental obtained in No. 319 East Twenty-fourth street.

The Commissioner of the Department of Street Cleaning deems the rent to be reasonable and just and the lowest that could be obtained for desirable quarters in that portion of the City.

The rent being reasonable and just, I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of premises No. 319 East Twenty-fourth street, Borough of Manhattan, consisting of the store and ground floor, for use of the Department of Street Cleaning, for a term of two years from May 1, 1910, at an annual rental of \$360, payable quarterly, the lessor to pay for water used on the premises and to make repairs; otherwise upon the same terms and conditions as in the existing lease. Lessor, Emil W. Klappert.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the store on the ground floor of premises No. 319 East Twenty-fourth street, Borough of Manhattan, for a term of two years from May 1, 1910, at an annual rental of three hundred and sixty dollars (\$360), payable quarterly; the lessor to pay for water used on the premises and to make repairs, otherwise upon the same terms and conditions as contained in the existing lease; lessor, Emil W. Klappert; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City of premises at No. 202 East Sixty-fifth street, Manhattan, for the Department of Street Cleaning:

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Commissioner of the Department of Street Cleaning in a communication dated January 28, 1910, requests a renewal of the lease of the store floor and basement in the premises known as No. 202 East Sixty-fifth street, Borough of Manhattan, for use as a section station, at an annual rental of \$480, which said lease expired April 1, 1910.

The premises in question consist of a room about 40 by 23 feet on the first floor and a basement room or cellar of about half that size. The lessor makes the necessary repairs and pays the water rent.

This is a 5-story brick building on a corner lot, covering 25 by 98 feet on a plot 25 feet 6 inches by 105 feet, in fairly good condition. The assessed value is:

Land	\$28,000 00	
Building	25,000 00	
		\$53,000 00

Appraised value by the Bureau of Real Estate:

Land	\$29,000 00	
Building	26,000 00	
		\$55,000 00

The City pays for these premises a rental of \$480 a year. The upper portion of the building brings a rental of \$4,500 a year, making in all \$4,980 for the whole building, which is a revenue of a fraction better than 9 per cent. of the appraised value.

There is not in the immediate neighborhood a building of similar dimensions or like character with which a fair comparison can be made.

The Commissioner of the Department of Street Cleaning in a communication under date of March 1, 1910, covering this and other property, states that the rental asked is the lowest that can be obtained in the immediate neighborhood and he considers it to be fair and reasonable.

The Department of Taxes and Assessments has been requested to furnish this office with their assessment and appraised value of present date on this property, but no reply has been received as yet.

The rent being reasonable and just, I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the store floor and basement of the premises No. 202 East Sixty-fifth street, Borough of Manhattan, for use as a section station by the Department of Street Cleaning for a term of two years beginning April 1, 1910, at an annual rental of \$480, payable quarterly, the lessor to pay taxes and make any necessary repairs and pay for the water used in the premises leased. Lessor, D. Comyn Moran.

Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the store floor and basement of the premises No. 202 East Sixty-fifth street, Borough of Manhattan, for a term of two years from April 1, 1910, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly; the lessor to pay taxes and make any necessary repairs and pay for water used in the premises leased; lessor, D. Comyn Moran, executor; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City of premises at No. 691 East One Hundred and Fifty-eighth street, Borough of The Bronx, for use of the Department of Street Cleaning:

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Commissioner of the Department of Street Cleaning in a communication dated February 10, 1910, requests a renewal of lease of the front and rear stores and all of the cellar of the premises known as No. 691 East One Hundred and Fifty-eighth street, Borough of The Bronx, as a section station for use of the Department of Street Cleaning, for another term of three years from May 1, 1910, at an annual rental of \$540, the front store having a floor space of 30 feet 6 inches by 21 feet 7 inches, and the rear store a floor space of 19 feet 8 inches by 12 feet 10 inches, and the cellar has a floor space of about 45 by 7 feet 6 inches. These premises are situated in a 5-story, 16-family, brick house, on a plot 25 feet 5 inches by 100 feet. The building approximately covers 25 feet 6 inches by 90 feet.

The rent to be paid by the City is \$540. The upper portion of this building is leased for \$3,260, making a total revenue of \$3,800, which is approximately eleven per cent. of the appraised value. The assessed value is:

Land	\$7,000 00	
Building	22,000 00	
		\$29,000 00

Appraised value by Bureau of Real Estate:

Land	\$8,500 00	
Building	25,000 00	
		\$33,500 00

The Department of Taxes and Assessments has been requested to furnish this office with the assessment and fair market value of this property at the present time, but as yet no answer has been received.

The only building of a character nearly like this is at No. 804 Elton avenue, on the corner opposite, which is assessed

Land	\$7,500 00	
Building	22,500 00	
		\$30,000 00

Appraised value by Bureau of Real Estate:

Land	\$8,500 00	
Building	26,000 00	
		\$34,500 00

The rental value of this property is approximately \$4,000.

The Commissioner of the Department of Street Cleaning in a general communication dated March 1, 1910, covering this and other property, states that he considers the rent asked to be fair and reasonable.

In view of these facts and the rent being reasonable and just, I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of the front and rear stores and cellar of the premises No. 691 East One Hundred and Fifty-eighth street, in the Borough of The Bronx, as a section station for the use of the Department of Street Cleaning, for a term of three years from May 1, 1910, at an annual rental of \$540, payable quarterly, the lessor to make necessary repairs, pay taxes and pay for the water used on the premises leased. Lessor, Mrs. R. H. W. Falk.

Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Street Cleaning, of a renewal of the lease to the City of the front and rear stores and cellar of the premises No. 691 East One Hundred and Fifty-eighth street, Borough of The Bronx, for a term of three years from May 1, 1910, at an annual rental of five hundred and forty dollars (\$540).

payable quarterly, the lessor to make necessary repairs, pay taxes and pay for water used in the premises leased; lessor, Mrs. R. H. W. Falk; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City of premises on the southwest corner of Sixth avenue and Fifty-fifth street, in the Borough of Manhattan, for use of the Department of Health:

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Department of Health, in a communication dated April 15, 1910, requests the Commissioners of the Sinking Fund to take measures to leave the Department of Health in undisturbed possession of its present headquarters building until such time as the property at the southwest corner of Sixteenth street and Irving place, or such other site as may be provided by the proper authorities, has been acquired. They state that on April 1, 1910, the Board of Estimate and Apportionment approved of the issue of corporate stock to provide means for the acquisition of property located on the southwest corner of Sixteenth street and Irving place, in the Borough of Manhattan, for use of the Department of Health, and that matter is now pending in the Board of Aldermen. Under the most favorable circumstances the premises referred to, even if acquired by the City, would not be available for use of the Department of Health for some time after May 1, 1910.

The Department of Health is at present occupying, under a lease for a term of ten years from May 1, 1899, at an annual rental of \$16,000, the premises on the southwest corner of Sixth avenue and Fifty-fifth street, Borough of Manhattan.

On July 16, 1903, the Commissioners of the Sinking Fund authorized a lease from the date of occupation of a building to be erected on Sixth avenue, adjacent to the building occupied by the Department of Health at Fifty-fifth street and Sixth avenue, for a term of five years from the date of occupation at an annual rental of \$4,735. Occupation was begun on November 19, 1903. On November 4, 1908, the Commissioners of the Sinking Fund authorized a renewal for a period from November 19, 1908, to May 1, 1909, of this last mentioned lease, upon the same terms and conditions and at the same rental, \$4,735. The last above mentioned lease expired on May 1, 1909, and was not renewed.

On April 23, 1909, Austen B. Fletcher, executor of the estate of Henry J. Braker, deceased, in a letter addressed to the Honorable George B. McClellan, then Mayor, and Honorable Herman A. Metz, the then Comptroller of The City of New York, informed them that if the City continued its occupation of the premises on the southwest corner of Sixth avenue and Fifty-fifth street after May 1, 1909, the rental would be at the rate of \$30,000 per annum.

On December 2, 1909, the Commissioners of the Sinking Fund adopted a resolution authorizing the Comptroller to pay \$30,000 per annum rental for this building for a period of one year from May 1, 1909, without the necessity of entering into a lease.

Upon inquiry the lessor informs me that they will enter into a lease with the City for these premises for a term of one year from May 1, 1910, at an annual rental of \$30,000.

In view of these facts, I think it would be for the best interests of the City that a lease of the premises be made.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to enter into a lease with Austen B. Fletcher, as executor, and Catharine T. Braker, executrix, under the will of Henry J. Braker, deceased, of the premises on the southwest corner of Sixth avenue and Fifty-fifth street, and the building No. 965 Sixth avenue, immediately adjoining thereto, for use of the Department of Health, for a term of one year from May 1, 1910, at an annual rental of \$30,000, payable quarterly, the City to pay the water rent and to make all ordinary repairs.

Respectfully,

DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Austen B. Fletcher, as executor, and Catharine T. Braker, executrix, under the will of Henry J. Braker, deceased, of the premises on the southwest corner of Sixth avenue and Fifty-fifth street, and the building No. 965 Sixth avenue, immediately adjoining thereto, Borough of Manhattan, for use of the Department of Health, for a term of one year from May 1, 1910, at an annual rental of thirty thousand dollars (\$30,000), payable quarterly, the City to pay the water rent and to make all ordinary repairs; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City of premises at No. 963 Sixth avenue, in the Borough of Manhattan, for use of the Department of Health:

April 15, 1910.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—The Department of Health in a communication under date of April 15, 1910, requests the Commissioners of the Sinking Fund to adopt measures to leave the Department of Health in undisturbed possession of its present headquarters building until such time as the premises at the southwest corner of Sixteenth street and Irving place, or such other site as may be provided by the proper authorities, has been acquired.

The Department of Health is occupying premises on the southwest corner of Fifty-fifth street and Sixth avenue and the building immediately adjacent thereto. In another communication I have requested the Sinking Fund Commission to authorize a lease of these premises. They also occupy the three floors above the store in premises No. 963 Sixth avenue, at an annual rental of \$1,800, under a lease which expired on May 1, 1909.

On November 18, 1909, the Commissioners of the Sinking Fund adopted a resolution authorizing the payment of rent at the rate of \$1,800 per annum, for a period of six months, from May 1 to November 1, 1909, for premises No. 963 Sixth avenue, without the necessity of entering into a lease. On March 16, 1910, they adopted a similar resolution authorizing the payment of rent from November 1, 1909, to May 1, 1910.

The assessed valuation of premises No. 963 Sixth avenue and the adjoining premises No. 961 Sixth avenue is the same, the valuation of each lot, unimproved, being assessed at \$29,000; with improvements thereon, at \$36,000. I would consider \$40,000 to be a fair appraisal of the value of the premises in question.

In making a comparison of the rentals I find that the owners receive \$1,200 a year for the store in the premises No. 963 Sixth avenue; and at No. 961 Sixth avenue a floor similar to those in No. 963 is being rented at \$55 a month.

The Board of Health delayed taking steps for the renewal of this lease until the present date owing to the fact that they intended to move into the new building contemplated at Sixteenth street and Irving place. As the purchase of this building is still in the Board of Aldermen, it will be impossible, under the most favorable conditions, for the Department of Health to obtain occupancy before May 1, 1910.

I think that the interests of the City would be best subserved by authorizing a lease of these premises.

I therefore respectfully recommend, the rent being just and reasonable, that the Commissioners of the Sinking Fund authorize the Comptroller to enter into a lease with Benjamin F. Lee and William H. Lee, individually, and as executors, etc., under the will of John Lawrence Lee, Allien Lee, for the three floors above the store in premises No. 963 Sixth avenue, for use of the Department of Health, at an annual

rental of \$1,800, payable quarterly, for a period of one year from May 1, 1910; lessor to make all necessary repairs.

Respectfully,
DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Benjamin F. Lee and William H. Lee, individually, and as executors, etc., under the will of John Lawrence Lee, Allien Lee, of the three floors above the store in premises No. 963 Sixth avenue, Borough of Manhattan, for use of the Department of Health, for a period of one year from May 1, 1910, at an annual rental of eighteen hundred dollars (\$1,800), payable quarterly; the lessor to make all necessary repairs; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City of premises at No. 44 East Twenty-third street, Borough of Manhattan, for use of the Tenement House Department:

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Hon. John J. Murphy, Commissioner of the Tenement House Department, in a communication under date of April 12, 1910, requests the Sinking Fund Commission to authorize a renewal of the lease of the premises occupied by him at No. 44 East Twenty-third street, Borough of Manhattan. This request, he states, is made after careful consideration, and after waiting as long as it seemed safe to do with due regard for public interest. He anticipated moving from this building and occupying the building proposed to be purchased by the City at Irving place and Sixteenth street, but the failure of the Board of Aldermen up to date to approve of the purchase of that building postponed the matter for at least another week, and he is not willing to incur the risk of interruption of public business, which further delay might entail.

The premises occupied by the Tenement House Department consist of the entire fourth floor of the building known as No. 44 East Twenty-third street, lease for which was authorized by resolution of the Sinking Fund Commission on December 21, 1904, for a term of five years from May 1, 1905, at an annual rental of \$10,000, payable quarterly. In addition to this they also occupy a portion of the basement of this building, containing approximately in size 20 by 80 feet, or 1,600 square feet, lease for which was authorized by resolution of the Sinking Fund Commission on May 10, 1905, for a term of five years from May 1, 1905, at an annual rental of \$500, and the front portion of the third floor in the same building, having a frontage of about 72 feet on Fourth avenue and about 96 feet on Twenty-third street, lease for which was authorized by resolution of the Sinking Fund Commission on April 3, 1907, from date of occupation to May 1, 1910, at an annual rental of \$5,000, payable monthly.

The space occupied by the Tenement House Department in this building contains an aggregate area of 20,900 square feet, and the aggregate rental amounts to \$15,500, which is at an average rate per square foot of 74 cents.

The Commissioner of the Tenement House Department deems this rent to be reasonable.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to enter into a lease with the United States Realty and Improvement Company for a portion of the basement, containing approximately in size 20 by 80 feet, or 1,600 square feet, the front portion of the third floor and the entire fourth floor of the building known as No. 44 East Twenty-third street, Borough of Manhattan, for the use of the Tenement House Department, for a period of one year from May 1, 1910, at an annual rental of \$15,500, payable quarterly; lessor to furnish heat and elevator service and to pay water rent; the City to pay for light required on the premises.

Respectfully,

DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the United States Realty and Improvement Company, of a portion of the basement containing approximately in size 20 by 80 feet, or 1,600 square feet, the front portion of the third floor and the entire fourth floor of the building known as No. 44 East Twenty-third street, Borough of Manhattan, for use of the Tenement House Department, for a period of one year from May 1, 1910, at an annual rental of fifteen thousand five hundred dollars (\$15,500), payable quarterly; the lessor to furnish heat and elevator service and to pay water rent; the City to pay for light required on the premises; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City of premises at No. 44 East Twenty-third street, Borough of Manhattan, for use of the Law Department (Tenement House Branch):

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Corporation Counsel, in a communication dated April 11, 1910, requests that quarters be secured for the Tenement House Branch Office of the Law Department in the same building in which the Tenement House Department and Building Department are to be located.

They are at present occupying rooms in this building under various leases, as follows:

Rooms 1114, 1115 and 1116, from May 1, 1907, to May 1, 1910, at an annual rental of \$2,800.

Rooms 1117 and 1118, from May 1, 1908, to May 1, 1910, at an annual rental of \$1,400.

Rooms 1008 and 1009, from June 1, 1909, to May 1, 1910, at an annual rental of \$1,800.

The Tenement House Department has requested that the lease for the premises it is at present occupying be renewed for one year. So, in order to conform with the request of the Corporation Counsel, it will be necessary to renew the lease of the premises they are occupying in the same building for the same term, namely, one year.

These rooms contain a combined area of 4,629 square feet, which at the rental paid amounts to \$1.29 a square foot. While this rate is greatly in excess of that paid by the Tenement House Department for offices occupied in the same building, said Department occupying rooms at the rate of 74 cents per square foot, still, in view of the fact that this lease is being renewed only for a term of one year, it would be inadvisable to endeavor to obtain quarters in some other building, as the cost of removal thereto would greatly exceed the amount of rent at present paid. I deem it therefore that the interests of the City would be best subserved by renewing the present lease.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of Rooms 1008 and 1009 on the tenth floor, and Rooms 1114, 1115, 1116, 1117 and 1118 on the eleventh floor of the Mercantile Building, at the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for the use of the Law Department, for a period of one year from May 1, 1910, at an annual rental of \$6,000, payable quar-

terly; lessor to furnish light, heat, elevator and janitor services. Lessor, the United States Realty and Improvement Company.

Respectfully,
DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the United States Realty and Improvement Company, of Rooms 1008 and 1009 on the tenth floor, and Rooms 1114, 1115, 1116, 1117 and 1118 on the eleventh floor of the Mercantile Building, at the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for use of the Law Department, for a period of one year from May 1, 1910, at an annual rental of six thousand dollars (\$6,000), payable quarterly; the lessor to furnish light, heat, elevator and janitor service; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City, of premises on the southwest corner of Eighteenth street and Fourth avenue, in the Borough of Manhattan, for use of the President of the Borough of Manhattan (Bureau of Buildings):

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The President of the Borough is occupying, for the Bureau of Buildings, the second, third, fourth, fifth, sixth, seventh and eighth floors of the building on the southwest corner of Eighteenth street and Fourth avenue, Borough of Manhattan, under a lease which will expire on May 1, 1910.

The space occupied by the Bureau of Buildings in this building covers an area of about 19,600 square feet, which, at an annual rental of \$16,500, is at the rate of 80 cents per square foot. The Bureau of Buildings have been in occupation of these premises ever since 1900 at the same rental. They intend when the proposed new building at Irving place and Sixteenth street is acquired by the City to occupy a portion of it as their offices, and to give up their present offices in the building now occupied by them.

Owing to the fact that the date on which the City will acquire the proposed new building is still problematical, and that the lease under which the Bureau of Buildings are at present occupying their offices will expire on May 1, it is important that provisions may be made for them and that their present lease be renewed for at least one year.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease to the City of the second, third, fourth, fifth, sixth, seventh and eighth floors of the building on the southwest corner of Eighteenth street and Fourth avenue, Borough of Manhattan, for the use of the President of the Borough of Manhattan, Bureau of Buildings, for a term of one year from May 1, 1910, at an annual rental of \$16,500, payable quarterly, the landlord to furnish steam heat and elevator service, and otherwise as in prior lease. Lessors, Forbes J. Hennessy and Michael Coleman, executors, and Ellen M. Parker, executrix, under the will of Ellen M. Hennessy.

Respectfully,

DOUGLAS MATHEWSON, Acting Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the second, third, fourth, fifth, sixth, seventh and eighth floors of the building on the southwest corner of Eighteenth street and Fourth avenue, in the Borough of Manhattan, for use of the President of the Borough of Manhattan, Bureau of Buildings, for a term of one year from May 1, 1910, at an annual rental of sixteen thousand five hundred dollars (\$16,500), payable quarterly, the lessors to furnish steam heat and elevator service and otherwise upon the same terms and conditions as contained in the existing lease; lessor, Forbes J. Hennessy and Michael Coleman, executors, and Ellen M. Parker, executrix, under the will of Ellen M. Hennessy, deceased; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City, of premises in the Mount Morris Bank Building, at the northwest corner of One Hundred and Twenty-fifth street and Park avenue, Manhattan, for the President of the Borough of Manhattan.

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The President of the Borough of Manhattan in a communication dated March 25, 1910, requests the Commissioners of the Sinking Fund to authorize a lease of Rooms 42 and 43, in the Mount Morris Bank Building, at the corner of One Hundred and Twenty-fifth street and Park avenue, Borough of Manhattan, for a period of one year from May 7, 1910.

These rooms are at present occupied under a lease which will expire on May 7, at an annual rental of \$444, and contain an area of 399 square feet, which is at the rate of \$1.11 per square foot.

Upon investigation I find that the same rooms on different floors in this building rent for the same amount as that paid by the City.

The nearest similar building is on the northeast corner of One Hundred and Twenty-fifth street and Park avenue, where the rooms situated similarly to these, containing 420 square feet, rent for \$35 a month, which is at the rate of \$1.02 per square foot.

I consider the rent to be paid to be reasonable and just, and I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to enter into a lease with the Mount Morris Bank for Rooms 42 and 43, in the Mount Morris Bank Building, at the corner of One Hundred and Twenty-fifth street and Park avenue, Borough of Manhattan, for use of the President of the Borough, for a period of one year from May 7, 1910, at an annual rental of \$444, payable quarterly; the lessor to make repairs, pay water taxes and supply heat and elevator service; the City to furnish light and janitor service.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Mount Morris Bank, of Rooms 42 and 43, in the Mount Morris Bank Building, at the northwest corner of One Hundred and Twenty-fifth street and Park avenue, Borough of Manhattan, for use of the President of the Borough of Manhattan, for a period of one year from May 7, 1910, at an annual rental of four hundred and forty-four dollars (\$444), payable quarterly; the lessor to make repairs, pay water taxes and supply heat and elevator service; the City to furnish light and janitor service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolutions, relative to leases of the following premises occupied by the President of the Borough of Queens for garbage crematories:

1. Premises on Church street, Jamaica, Borough of Queens.
2. Premises on Remsen avenue, Far Rockaway, Borough of Queens.

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Hon. Lawrence Gresser, President of the Borough of Queens, in a communication to your Honorable Board under date of March 19, 1910, requests that a lease be secured of two plots of ground used for garbage crematory purposes, one at Jamaica and the other at Far Rockaway, in the Borough of Queens.

These sites have been in constant use by the Street Cleaning Bureau of the Borough of Queens since February 1, 1900, at a rental of \$500 a year each. They were formerly held under leases, but no lease has existed in either case since February 1, 1907, nor has any rent yet been paid by the City for those three years. The total rent paid by the City on these sites since February, 1900, including the \$3,000 due for the three years ending February 1, 1910, amounts to \$10,000, or \$5,000 on each site.

The Board of Aldermen, however, on July 6, 1909, authorized an issue of special revenue bonds to the amount of \$3,000, to pay the three years' rental due on these sites from February 1, 1907, to February 1, 1910, and the Board of Estimate and Apportionment on January 28, 1910, adopted a resolution approving of this action.

It is now necessary that the Sinking Fund Commission should adopt a resolution authorizing the Comptroller to pay to the owners of these two properties, the estate of Isaac B. Remsen, deceased, Smith N. Decker and J. Sheldon Fosdick, executors, No. 336 Fulton street, Jamaica, Borough of Queens, the sum of \$3,000, as rent due for these sites from February 1, 1907, to February 1, 1910, and I respectfully recommend that such resolution be adopted.

Diagrams of the two sites are attached hereto. The Jamaica site is located on the westerly side of Church street, 156 feet 5 inches south of Water street and measures 119 feet 5 inches by 121 feet 5 inches and irregular. This property is assessed for taxation:

Land	\$2,500 00
Building	1,500 00
Total.....	\$4,000 00

The site at Far Rockaway fronts 375 feet on north side of Remsen avenue, near Remsen Lake, has an average depth of 200 feet and is assessed for taxation:

Land	\$5,700 00
Building	1,200 00
Total.....	\$6,900 00

The buildings were erected by and belong to the City in both instances. The building at Far Rockaway was burned down in February last, and has not yet been rebuilt. It was hardly more than a frame shed. The smoke stack and incinerator are uninjured. There is much opposition by the people of Far Rockaway and Inwood to the rebuilding of this crematory.

President Gresser states in his letter that the rentals asked, \$500 a year in each case, are deemed just and reasonable, and also that the application has been made to the Board of Aldermen for an issue of special revenue bonds to cover the amount of the rentals.

It is difficult to give an appraised value on either of these sites, and impossible to offer any comparison with other property. It may be safely said, however, that the plot at Jamaica is fairly worth \$3,500, as it is, or \$6,000 with a railroad "spur" put in, and the plot at Far Rockaway is worth \$10,000. The owners pay taxes and water rates in both cases.

As these sites are declared necessary for the use of the Bureau of Street Cleaning of Queens Borough, and the City is a hold-over tenant and the rent asked is the same as has always been paid for these sites, and is deemed fair and reasonable, I respectfully recommend that the Commissioners of the Sinking Fund authorize the execution of a lease of the premises at Jamaica described as follows:

"Plot of ground situated in the Fourth Ward, Borough of Queens, in the Town of Jamaica, beginning at a point in the southwesterly line of Church street, distant 520 feet northwesterly from the westerly corner of Church street and Catherine street; thence running southwesterly at right angles, or nearly so, with Church street, 133.8 feet to South Side Railroad; thence running northwesterly along said railroad 119.82 feet; thence running northeasterly 121.5 feet to Church street, and thence running southeasterly along Church street 119.5 feet, to the place of beginning, with the appurtenances, for the use of the Department of Street Cleaning."

—for a period of one year from February 1, 1910, at an annual rental of \$500, payable quarterly, for the use of the Street Cleaning Bureau, Borough of Queens, as a garbage crematory, the lessors to pay taxes and water rates. Lessors, the estate of Isaac B. Remsen, deceased, Smith N. Decker and J. Sheldon Fosdick, executors, No. 336 Fulton street, Jamaica, Borough of Queens.

Also that the Sinking Fund Commission authorize a similar lease of the parcel at Far Rockaway, described as follows:

"Parcel of land situated at Far Rockaway in Ward Five of the Borough of Queens, in the City of New York and State of New York, comprising Lots Nos. 45 to 59, inclusive, on a map entitled 'Map of property of I. B. Remsen, at Far Rockaway, Queens County, N. Y., surveyed and drawn by Thomas D. Smith, C. E., filed in Queens County Clerk's office, January 27, 1897, and the land on the north and rear of said lots as contained within the following boundaries: Beginning at a point in the northerly line of Remsen avenue, at the southwest corner of Lot No. 44, heretofore conveyed by said Remsen to Smith N. Decker; thence running easterly along said Remsen avenue 373 feet to Lot No. 60 heretofore conveyed to I. B. R. Decker; thence running northerly at right angles with Remsen avenue, along the westerly line of said Lot No. 60, 100 feet; thence running again northerly in continuation of said westerly line of said Lot No. 60 until it comes to land heretofore conveyed by said Remsen to Smith N. Decker; thence running westerly along said line to an angle in the southerly line of said land at a point distant 12 feet southerly from the southerly edge of Remsen Lake; thence running southwesterly along said lot sold to Decker, about 72 feet to a line drawn in continuation of the westerly line of said Lot No. 45; thence running southerly at right angles with Remsen avenue about 88 feet to the northwesterly corner of said Lot No. 45; and thence southerly along the westerly line of said Lot No. 45, 100 feet to the place of beginning, with the appurtenances, for the use of the Department of Street Cleaning."

—for a period of one year from February 1, 1910, at an annual rental of \$500, payable quarterly, for the use of the Street Cleaning Bureau, Borough of Queens, as a garbage crematory, the lessors to pay taxes and water rates. Lessors, the estate of Isaac B. Remsen, deceased, Smith N. Decker and J. Sheldon Fosdick, executors, No. 336 Fulton street, Jamaica, Borough of Queens.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the estate of Isaac B. Remsen, deceased, Smith N. Decker and J. Sheldon Fosdick, executors, of premises at Jamaica, Borough of Queens, described as follows: "Plot of ground situated in the Fourth Ward, Borough of Queens, in the Town of Jamaica, beginning at a point in the southwesterly line of Church street, distant 520 feet northwesterly from the westerly corner of Church street and Catherine street; thence running southwesterly at right angles, or nearly so, with Church street, 133.8 feet to South Side Railroad; thence running northwesterly along said railroad 119.82 feet; thence running northeasterly 121.5 feet to Church street, and thence running southeasterly along Church street 119.5 feet, to the place of beginning, with the appurtenances," for the use of the President of the Borough of Queens (Bureau of Street Cleaning) for a garbage crematory, for a period of one year from February 1, 1910, at an annual rental of five hundred dollars

(\$500), payable quarterly; the lessors to pay taxes and water rates; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the estate of Isaac B. Remsen, deceased, Smith N. Decker and J. Sheldon Fosdick, executors, of the following described parcel of land at Far Rockaway, Borough of Queens: "Parcel of land situated at Far Rockaway, in Ward Five, of the Borough of Queens, in The City of New York and State of New York, comprising Lots Nos. 45 to 59, inclusive, on a map entitled 'Map of property of I. Resolved, That the Comptroller be and is hereby authorized to pay to the estate of Isaac B. Remsen, Smith N. Decker and J. Sheldon Fosdick, executors, the sum of fifteen hundred dollars (\$1,500), being the rental of premises occupied by the President of the Borough of Queens as a garbage crematory, on the north side of Remsen avenue, near Remsen Lake, Far Rockaway, Borough of Queens, for a period of three years from February 1, 1907, to February 1, 1910, without the necessity of entering into a lease.

Resolved, That the Comptroller be and is hereby authorized to pay to the estate of Isaac B. Remsen, Smith N. Decker and J. Sheldon Fosdick, executors, the sum of fifteen hundred dollars (\$1,500), being the rental of the premises occupied by the President of the Borough of Queens as a garbage crematory on the westerly side of Church street, 156 feet 5 inches south of Water street, Jamaica, Borough of Queens, for a period of three years from February 1, 1907, to February 1, 1910, without the necessity of entering into a lease.

The report was accepted and the resolutions severally unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City of premises at No. 106 East One Hundred and Twenty-sixth street, Manhattan, for the Police Department:

April 15, 1910.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—Hon. William F. Baker, Commissioner of the Police Department, in a letter addressed to the Commissioners of the Sinking Fund under date of January 27, 1910, requests a renewal of the lease of premises No. 106 East One Hundred and Twenty-sixth street, Borough of Manhattan, for a stable for the Forty-third Precinct, for a period of one year from May 1, 1910, at an annual rental of \$601.92, payable quarterly; lessor, Mrs. J. R. Foley; otherwise upon the same terms and conditions as contained in the existing lease, the City to make repairs and pay water rents.

The premises above mentioned consist of a four-story loft and stable building on a lot 28 feet by 99 feet 10 inches; the building is about 60 feet deep. The part to be leased is approximately 25 feet by 60 feet, and consists of the ground floor of the building, in which the Police Department keeps the patrol wagon of the Forty-third Precinct. There are two stalls, a wash room, toilet, lockers, and in the front part of the premises an office, about 8 feet by 25 feet.

The lofts upstairs rent for \$50, \$40 and \$30 a month, respectively, making a total annual rental of the building \$2,040, exclusive of the yard thereof, which is attached to the building on the west.

The assessed valuation of premises No. 106 East One Hundred and Twenty-sixth street is

Land.....	\$11,500 00
Building.....	5,500 00
Total.....	\$17,000 00

The appraisal of the Real Estate Bureau is

Land.....	\$15,500 00
Building.....	10,000 00
Total.....	\$25,500 00

The nearest similar building for comparison is No. 104 East One Hundred and Twenty-sixth street; size, 25 feet by 99 feet 10 inches, about 90 feet deep. The assessed valuation is

Land.....	\$11,000 00
Building.....	9,000 00
Total.....	\$20,000 00

The appraisal of the Real Estate Bureau is

Land.....	\$14,000 00
Building.....	12,000 00
Total.....	\$26,000 00

The ground floor of this building, No. 104 East One Hundred and Twenty-sixth street, including the yard of No. 106, is rented to the Orange County Milk Company at \$125 a month. The upper lofts rent for \$55, \$50 and \$50 a month, respectively, making a total rental of \$3,360 a year.

The Commissioner of the Police Department has certified that in his opinion the rental asked for the premises proposed to be leased is reasonable.

The rent being reasonable and just, I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the ground floor of premises No. 106 East One Hundred and Twenty-sixth street, Borough of Manhattan, for a stable for the Forty-third Precinct of the Police Department, for a period of one year from May 1, 1910, at an annual rental of \$601.92, payable quarterly, the City to make repairs and pay water rents, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Mrs. J. R. Foley.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Mrs. J. R. Foley, of the ground floor of the premises No. 106 East One Hundred and Twenty-sixth street, Borough of Manhattan, for use of the Police Department, for a period of one year from May 1, 1910, at an annual rental of six hundred and one dollars and ninety-two cents (\$601.92), payable quarterly; the City to make repairs and pay water rents, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City of premises No. 5 Vine street, Borough of Brooklyn, for use of the Police Department:

April 15, 1910.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—The Commissioner of the Police Department, in a communication addressed to the Commissioners of the Sinking Fund under date of January 27, 1910, requests the renewal of the lease of premises No. 5 Vine street, Borough of Brooklyn, for use as a stable for the One Hundred and Fiftieth Precinct, at an annual rental of \$650, payable quarterly, for a term of one year from May 1, 1910, upon the same terms and conditions as in the existing lease.

The premises in question were first leased by The City of New York under a resolution of April 7, 1899, and consist of a 1½-story and basement brick building, the same being in very good condition, 30 feet by 52 feet 3 inches, situated at the northeast corner of Columbia Heights and Vine street. This property was formerly under a lease to the old City of Brooklyn at the same rental value up to the present time.

The first story of the building contains a carriage house with washing stand, also sitting room and sleeping apartments for the men. The second story is partly finished into rooms and partly used as a hay loft, also for the storage of other material of said precinct. The lessor in the past has been paying for the water used on the premises, but the City in the meantime has placed a meter on the premises, and the occupants could, if careless, use up a great portion of the rent by the waste of water. The lessor feels that it would be but justice to him that all water meter charges should be paid by the City.

The assessed valuation of the property is	
Land.....	\$2,600 00
Building.....	2,500 00
Total.....	\$4,500 00

The appraised value, Real Estate Bureau, is	
Land.....	\$2,500 00
Building.....	3,500 00
Total.....	\$6,000 00

The rental of \$650 is a fraction over 10 per cent, on an appraised value of \$6,000. In this connection I would state that a communication has been sent to the Department of Taxes and Assessments asking for the assessed and market values of the said premises at the present time, but no return has as yet been made.

There is no building in the immediate neighborhood of a like character with which a comparison could be made, all property near by being used for manufacturing or tenement purposes.

The Commissioner of the Police Department in a communication covering this and other property, under date of March 1, 1910, states that in his opinion the rental asked is reasonable and just.

The rent being reasonable and just, I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of premises No. 5 Vine street, Borough of Brooklyn, for use as a stable by the One Hundred and Fiftieth Precinct of the Police Department, for a term of one year from May 1, 1910, at an annual rental of \$650, payable quarterly, lessor to make any necessary repairs and pay taxes, the City to pay for water used on the premises. Lessor, William N. Van Anden.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from William N. Van Anden, of the premises No. 5 Vine street, Borough of Brooklyn, for use of the Police Department, for a period of one year from May 1, 1910, at an annual rental of six hundred and fifty dollars (\$650), payable quarterly; the lessor to make any necessary repairs and pay taxes, and the City to pay for water used on the premises; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City of premises at Nos. 17 and 19 Beach street, Stapleton, Borough of Richmond, for use of the Police Department:

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Hon. William F. Baker, Police Commissioner, in a letter to the Commissioners of the Sinking Fund requests your Honorable Board to authorize a renewal of the lease of the premises Nos. 17 and 19 Beach street (new Nos. 32 and 34), Stapleton, Borough of Richmond, for a station house, jail and stable for the Eightieth Precinct, for a period of one year from May 1, 1910, at a rental of \$1,500 a year, payable quarterly, and otherwise upon the same terms and conditions as in the present lease. Lessor, Mary E. Corey, executrix.

The City has occupied these premises for station house purposes since 1894. The rent was originally \$1,500 a year, the lessor paying for water and making necessary alterations and repairs, but since May, 1904, the rent has been \$1,500 a year, the City paying for water used and paying for necessary alterations and repairs.

The building is an irregular three-story and basement brick building, about 50 by 60, with an extension, and with a carriage entrance through the front building, and has in the rear a brick and stone jail with eight cells and a frame carriage shed and a stable with three stalls. The building is in fair repair and accommodates a force of fifty-five men, but is somewhat crowded. It is, however, the only building at all suitable for the purpose in that part of the Borough.

There is no other similar building in the neighborhood with which it can be compared.

The building fronts 49 feet on Beach street by 125 by about 55 by 104 feet 3 inches, and is assessed:

Land.....	\$3,100 00
Building.....	10,100 00
Total.....	\$13,200 00

Appraised value, Bureau of Real Estate:	
Land.....	\$3,500 00
Building.....	15,000 00
Total.....	\$18,500 00

Commissioner Baker, in a letter to the Sinking Fund Commission, under date of March 1, 1910, covering this and other properties, states that the rent asked is reasonable and just.

Deeming the rent reasonable and just and the premises the most desirable for the purpose intended, I respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises Nos. 17 and 19 Beach street (new Nos. 32 and 34), Stapleton, Borough of Richmond, for a station house, jail and stable for the Eightieth Precinct of the Police Department, for a period of one year from May 1, 1910, at a rental of \$1,500 a year, payable quarterly, the City to make repairs and pay for the water used; the owner to pay taxes, and otherwise the renewal to be upon the same terms and conditions contained in the existing lease. Lessor, Mary E. Corey, executrix.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City from Mary E. Corey, executrix, of the premises Nos. 17 and 19 Beach street (new Nos. 32 and 34), Stapleton, Borough of Richmond, for use of the Police Department, for a period of one year from May 1, 1910, at an annual rental of fifteen hundred dollars (\$1,500), payable quarterly; the City to make repairs and pay for water used; the owner to pay taxes and otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to a renewal of the lease to the City of premises at Nos. 112 and 114 East Forty-second street, Manhattan, for use of the Board of Elections:

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Hon. John T. Dooling, President of the Board of Elections, in a communication dated January 4, 1910, informed me that the owner of the building known as Nos. 112 and 114 West Forty-second street, Nos. 107 to 111 West Forty-first street, occupied by the Board of Elections as its main office and also as its office in the Borough of Manhattan, indicated a willingness to renew the lease for these offices expiring on May 1, 1910, at an annual rental of \$9,500, which would be an increase of \$1,000 over the present rental. He desired, however, to ascertain whether there was available space for the use of the Board of Elections in the old Police Headquarters Buildings which could be adapted to their use.

On February 24, 1910, I wrote to the Police Commissioner stating this fact, and he informed me that there is no available space left for any department outside of the Police Department, and that in the very near future it is intended to place the House of Detention in that building.

I stated this to the President of the Board of Elections and informed him also that there was no other property owned or leased to the City at the present time which could be used by him, and suggested that he endeavor to find available quarters in some other locality where rents are lower than where he is now, stating that there seemed to be no pressing necessity of locating the Bureau of Elections in that part of the City where rents are so high.

In answer to my communication to the President of the Board of Elections, he informed me that he had examined the new buildings at the corners of Twenty-seventh and Twenty-eighth streets and Fourth avenue, and could not obtain in either of these buildings space for less than \$7,500 a year, and in addition to this he would have to pay for gas and electric light used and for janitor service, and also the expenses of subdividing the space and fitting up the offices which, together with the cost of moving, would add very materially to the rental asked.

This rent, however, would only pay for either the third, fourth or fifth floors; the sixth and seventh floors would be \$8,500, and the second floor, the most desirable floor for his needs, would be at the rate of \$10,000 per annum, and the City would have to furnish its own light. He states that the question of what floor is used by the Board of Elections for its offices is an important one, and that wherever possible, they have tried to get on the street level or as near thereto as they could.

In renewing negotiations with the representatives of the building they are now occupying, he informs me that he has succeeded in persuading them to agree to a renewal of the existing lease at the same rate and on the same terms, and he inclosed a resolution adopted by the Board of Elections on March 9 requesting the Commissioners of the Sinking Fund to authorize a renewal of the lease of the rooms they are now occupying at the same rental and under the same terms and conditions.

They are at present occupying the entire second floor of the building known as Nos. 112 and 114 West Forty-second street and Nos. 107 to 111 West Forty-first street, Borough of Manhattan, at an annual rental of \$8,500, under a renewal authorized by resolution of the Sinking Fund Commission on May 1, 1907, for a term of three years from May 1, 1907, to May 1, 1910.

This floor contains an area of 10,079 square feet, and at an annual rental of \$8,500, is at the rate of 84 cents per square foot. Under the terms of the present lease, the lessor is to furnish light, heat, water, elevator and janitor services, and to keep the premises and appurtenances at all times in a cleanly and tenable condition.

There are no buildings in the immediate vicinity with which comparison could be made.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of lease to the City from the James McCreery Realty Corporation of the City of New York of the entire second floor of the building known as Nos. 112 and 114 West Forty-second street and Nos. 107 to 111 West Forty-first street, Borough of Manhattan, for use of the Board of Elections for a term of three years from May 1, 1910, at an annual rental of \$8,500, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from the James McCreery Realty Corporation of The City of New York, of the entire second floor of the building known as Nos. 112-114 West Forty-second street and Nos. 107 to 111 West Forty-first street, Borough of Manhattan, for use of the Board of Elections, for a term of three years from May 1, 1910, at an annual rental of eight thousand five hundred dollars (\$8,500), payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

A communication was received from the President of the Board of Aldermen making application for a lease of rooms in the new Emigrant Industrial Savings Bank Building, No. 51 Chambers street, Borough of Manhattan.

Laid over.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease to the City, of premises at Nos. 505 and 507 Tremont avenue, Borough of The Bronx, for the President of the Borough of The Bronx:

April 15, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Mr. Thomas W. Whittle, Commissioner of Public Works for the Borough of The Bronx, in a communication to your Honorable Board under date of March 30, 1910, requests a renewal of the lease of the premises, rooms 2 to 6 inclusive, in the three-story store and office building Nos. 505-507 Tremont avenue, Borough of The Bronx, used by three engineering crews of the Bureau of Highways, for a period of one year from May 1, 1910, at a rental of \$1,200 a year, payable quarterly, otherwise upon the same terms and conditions as in the existing lease.

In a later letter dated April 4, 1910, Mr. Whittle says that the rent asked for these rooms, \$1,200 a year, is in his opinion fair and reasonable.

These five rooms, now reduced to three rooms, occupied all of the second floor of the building Nos. 505-507 Tremont avenue (old Nos. 765-767), except one room, No. 1, which is also rented by the City for the use of the Sewer Bureau under a separate lease which does not expire until next December. The lessor supplies water and steam heat and pays taxes.

The floor space occupied by the Bureau of Highways is about 2,000 square feet, and the rent is therefore 60 cents a square foot, while room 1, used by the Sewer Bureau, is a front room and has 545 square feet, and rents for \$420 a year or approximately 77 cents a square foot. The building is a three-story brick office building with stores, 35 feet 7 inches by 78 feet, on a plot 37.5 by 83.81 by 37.95 by 89.66 feet, located on the north side of Tremont avenue, 42.4 feet east of Bathgate avenue. The top floor is divided into six offices for which the owner, Martin Walter, claims he receives an annual rental of \$1,800. The ground floor is occupied by a bank and a cigar store, each of which Mr. Walter claims pays \$150 a month.

For comparison, the third floor of the office building at the northeast corner of Third and Tremont avenues, which is one block east, may be used. On this floor the average rent is 60 cents a square foot.

The rent being fair and reasonable and the same as now paid by the City, I respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the premises, Rooms 2 to 6 inclusive, on the second floor of the three-story brick store and office building, Nos. 505-507 Tremont avenue, Borough of The Bronx, for the use of the Engineers of the Bureau of Highways of that Borough, for a period of one year from May 1, 1910, at an annual rental of \$1,200, payable quarterly; the owner to furnish steam heat and water, and pay taxes, otherwise upon the same terms and conditions as contained in the existing lease. Lessor, Martin Walter.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Martin Walter, of Rooms Nos. 2 to 6 inclusive on the second floor of the three-story brick store and office building, Nos. 505 and 507 Tremont avenue, Borough of The Bronx, for use of the President of the Borough of The Bronx, for a period of one year from May 1, 1910, at an annual rental of twelve hundred dollars (\$1,200), payable quarterly; the owner to furnish steam heat and water and pay taxes, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution adopted by the following vote:

Ayes—The Mayor, Deputy Chamberlain, President, Board of Aldermen and Chairman, Finance Committee, Board of Aldermen.

Present and not voting—The Deputy Comptroller.

The following communication was received from the Change of Grade Damage Commission relative to a renewal of the lease to the City of rooms in the Stewart Building, No. 280 Broadway, Borough of Manhattan, for use of said Commission:

New York, March 24, 1910.

Hon. WM. A. PRENDERGAST, Comptroller, No. 280 Broadway, Manhattan, New York City:

DEAR SIR—Communication from your Department bearing date March 19, 1910, relative to renewal of the lease of the offices of the above Commission, was duly received and contents noted. In answer thereto, I beg leave to say that the duty of providing suitable and sufficient office accommodations for the transaction of the business of the above Commission is imposed upon the Comptroller by section 5 of chapter 567 of the Laws of 1894. The Commissioners have therefore instructed me to request you to procure a renewal of the present lease of the offices of the Commission for one year from its expiration on May 1 next. This has been the usual course followed in the past, instead of applying to the Commissioners of the Sinking Fund, as suggested by you in yours of the 19th inst.

Yours very truly,

LAMONT McLOUGHLIN, Clerk to Commission.

In connection therewith, the following resolution was offered for adoption:

Resolved, That the application of the Change of Grade Damage Commission for a renewal of the lease to the City of rooms in the Stewart Building, No. 280 Broadway, Borough of Manhattan, for use of the said Commission, be and the same is hereby denied.

Which resolution was unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolution relative to the cancellation of the lease of premises at Nos. 257 and 259 William street, Manhattan, occupied by the Fire Department:

April 15, 1910.

To the Commissioners of the Sinking Fund, City of New York:

GENTLEMEN—I am in receipt of a communication from the Fire Commissioner, under date of April 7, 1910, stating that he has no longer any use for the building occupied by the Fire Department as temporary quarters for Engine Company No. 12, at Nos. 257 and 259 William street, Borough of Manhattan.

The lease for these premises was authorized by resolution of the Sinking Fund Commission on June 9, 1909, and was for a term of one year from May 17, 1909, at an annual rental of \$1,500.

Mr. W. H. Taylor, attorney in fact for A. C. M. I. Stewart, in a communication under date of April 12, 1910, requests me to cancel this lease as of date of April 17, 1910, and agrees to release the City from payment of rent for the unexpired portion of the term of the lease from that date.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing the cancellation, as of April 17, 1910, of the lease authorized by resolution of the Sinking Fund Commission on June 9, 1909, for premises Nos. 257 and 259 William street, Borough of Manhattan, for a term of one year, from May 17, 1909, at an annual rental of \$1,500.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, April 7, 1910.

Hon. WILLIAM A. PRENDERGAST, Comptroller, Department of Finance:

SIR—I have the honor to inform you that this Department has no longer any use for the building occupied by it as temporary quarters for Engine Company No. 12, located at Nos. 257 and 259 William street. The present lease expires on May 15, but it is understood that the owner has a tenant who desires immediate possession of these premises. The owner is therefore willing to reimburse the City for one month's rent which he has received. I recommend the adjustment of the lease on this basis.

Respectfully,

R. WALDO, Commissioner.

April 12, 1910.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

SIR—I hereby request you to cancel lease entered into between A. C. M. I. Stewart and The City of New York for premises at Nos. 257 and 259 William street, Borough of Manhattan, occupied as temporary quarters for Engine Company No. 12.

This lease was for a term of one year from May 17, 1909, at an annual rental of \$1,500, payable quarterly.

I request the cancellation of this lease as of April 17, 1910, and agree to release the City from payment of rent for the unexpired portion of the term of the lease from that date.

Respectfully,

A. C. M. I. STEWART,

W. H. TAYLOR, Attorney in Fact.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the cancellation as of April 17, 1910, of the lease of premises at Nos. 257 and 259 William street, Borough of Manhattan, occupied by the Fire Department as temporary quarters for Engine Company No. 12, the lease of which expires May 17, 1910, the owner having agreed to release the City from payment of rent for the unexpired portion of the term of the lease from that date.

The report was accepted and the resolution unanimously adopted.

The following were received from the Appraisers appointed by the Commissioners of the Sinking Fund to examine and appraise the value of property owned by The City of New York in the bed of Barretto street, between Garrison avenue and Lafayette avenue, in the Borough of The Bronx (discontinued and closed by the Board of Estimate and Apportionment), and property to be exchanged thereof, owned by the United Bank Note Company, in the new Barretto street, as laid out at a point north and east of the old location:

James L. Wells Company,

Real Estate,

Auctioneers, Brokers and Appraisers,

No. 141 Broadway, Corner of Liberty Street.

State of New York, City and County of New York, ss.:

James L. Wells, being duly sworn, deposes and says that he resides at No. 300 Tremont avenue, in the Borough of The Bronx, that his office is at No. 141 Broadway, in the Borough of Manhattan, both in the City and County of New York, and that for the past thirty-five years and more he has been actively engaged as a real estate auctioneer and broker in the purchase, sale and appraisement of lands and buildings in said City and especially in the Borough of The Bronx.

Deponent says that he is familiar with the value of real estate in the Borough of The Bronx and knows the value of the properties hereinafter described and the value of land in the Hunts Point section of The Bronx, in which said parcels are situated.

Deponent further says that pursuant to a resolution of the Commissioners of the Sinking Fund of The City of New York, adopted February 16, 1910, Edward Polak, John H. Whittle and himself were appointed as disinterested Appraisers to determine the value of the land belonging to The City of New York, being the portion of Barretto street, discontinued and closed, between Garrison avenue and Lafayette avenue, and designated on the diagram hereto annexed as Parcel A, and colored red, and the land of the United Bank Note Company, offered to be exchanged for the aforesaid Parcel A, and situated northerly therefrom and between Garrison avenue and Lafayette avenue, designated on said diagram as Parcel B, and colored blue.

Said parcel of land designated A is more particularly described as follows:

Beginning at a point in the northern line of Lafayette avenue distant 404.18 feet easterly from the intersection of the said line with the eastern line of Tiffany street; (1) thence easterly along the northern line of Lafayette avenue 61.70 feet (sixty-one and seventy one-hundredths feet); (2) thence northerly deflecting 96 degrees 26 minutes 45 seconds to the left for seven and one hundred and ninety-six one-thousandths (7.196) feet; (3) thence northerly deflecting 12 degrees 7 minutes 15 seconds to the left for four hundred and eighty-eight and eighty-five one-hundredths (488.85) feet; (4) thence northerly deflecting 27 degrees 21 minutes 40 seconds to the left for seventy-one and six hundred and thirty-eight thousandths (71.638) feet to the eastern line of Garrison avenue; (5) thence southwesterly along the last mentioned line for thirty and seventy one-hundredths (30.70) feet; (6) thence southerly five hundred and twenty-five and thirty-eight one-hundredths (525.38) feet to the point or place of beginning.

Said parcel of land designated B is more particularly described as follows:

Beginning at a point in the northern line of Lafayette avenue distant 467.48 feet easterly from the intersection of said line with the eastern line of Tiffany street; (1) thence easterly along the northern line of Lafayette avenue for 58.79 feet; (2) thence northerly deflecting 96 degrees 26 minutes and 45 seconds to the left for 210.847 feet; (3) thence northerly deflecting 12 degrees 7 minutes and 15 seconds to the left for 246.276 feet; (4) thence northwesterly deflecting 27 degrees 21 minutes and 40 seconds to the left for 174.092 feet to the eastern line of Garrison avenue; (5) thence southwesterly along last mentioned line for 22.67 feet; (6) thence southerly deflecting 61 degrees 51 minutes and 20 seconds to the left for 87.028 feet; (7) thence southeasterly deflecting 27 degrees 21 minutes and 40 seconds to the left for 87.028 feet; (8) thence southerly deflecting 27 degrees 21 minutes and 40 seconds to the right for 225.30 feet; (9) thence southerly deflecting 12 degrees 7 minutes and 15 seconds to the right for 190.50 feet; (10) thence southerly for 7.54 feet to the point of beginning.

Deponent also says that on several occasions he has personally examined each of said parcels of land for the purpose of ascertaining and determining the value of the same and that he has also had several conferences with his associate Appraisers at his office at No. 141 Broadway, in the Borough of Manhattan, for the purpose of considering the value of the lands hereinbefore described.

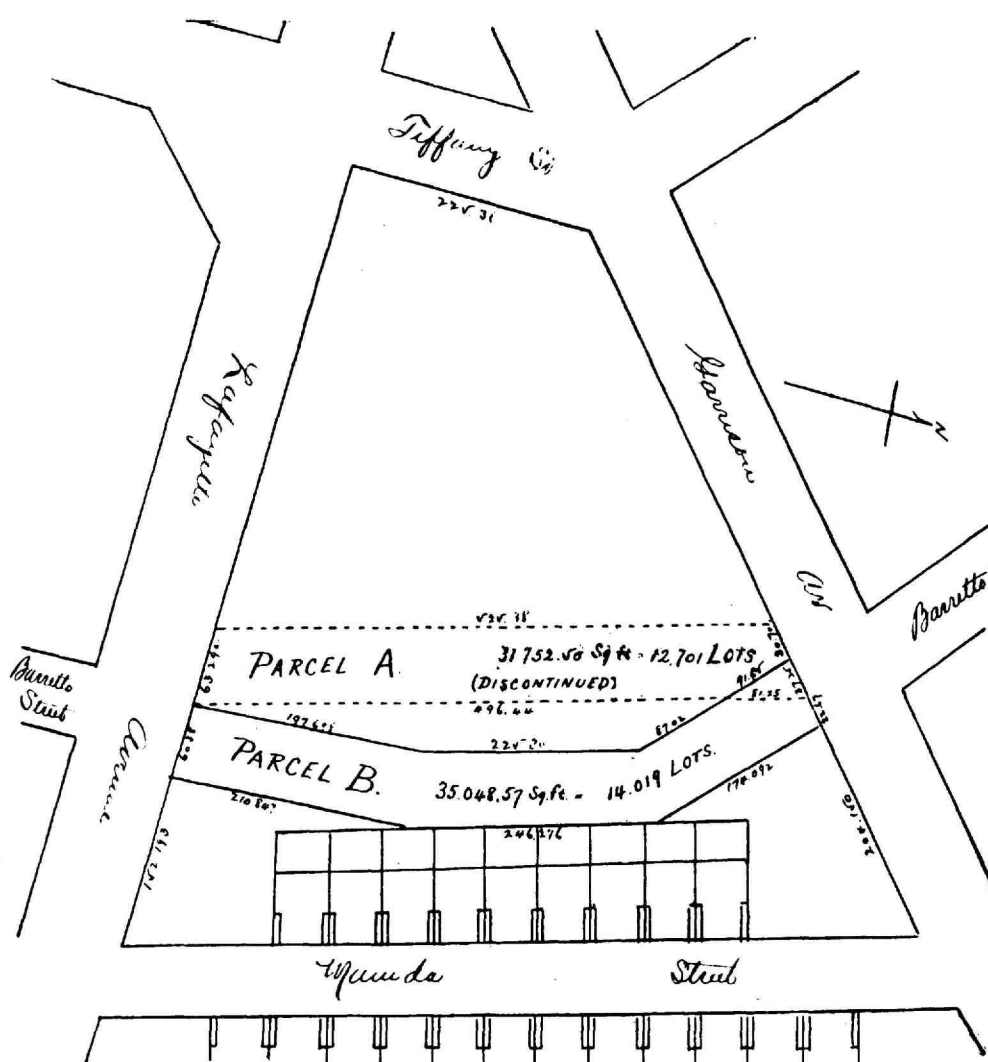

Deponent also says that the value of the land designated as Parcel A, being the portion of Barretto street discontinued and closed by a resolution of the Board of Estimate and Apportionment of The City of New York, January 15, 1909, and containing 31,752.50 square feet or 12,701 city lots, is, in his opinion, twenty-five thousand four hundred and two dollars (\$25,402).

Deponent further says that the value of the land designated as Parcel B, being the proposed new or relocated portion of Barretto street, offered in exchange for Parcel A, and containing 35,048.57 square feet, or 14,019 city lots, is, in his opinion, twenty-eight thousand and thirty-eight dollars (\$28,038).

John H. Whittle, being duly sworn, deposes and says: I reside at No. 293 East Two Hundred and First street, in the Borough of The Bronx, City of New York; I have been actively engaged as real estate agent, broker and appraiser in the Boroughs of Manhattan and The Bronx continuously for the past twenty-four years, with offices at No. 2 West One Hundred and Twenty-fifth street.

I am familiar with the values of real estate in the Borough of The Bronx, City of New York, and pursuant to a resolution of the Commissioners of the Sinking Fund of The City of New York, dated February 16, 1910, by which James L. Wells, Edward Polak and the deponent were appointed disinterested appraisers to appraise the value of the land owned by The City of New York in Barretto street, between Garrison avenue and Lafayette avenue, in the Borough of The Bronx, marked "Parcel A," colored red, and the land now owned by the United Bank Note Company between the above mentioned avenues, through which it is proposed to lay out Barretto street, marked "Parcel B," colored blue, as shown on a diagram hereto annexed.

Individually and together with the other appraisers I have visited and examined the properties in question for the purpose of ascertaining their values, and in my opinion the bed of Barretto street, "Parcel A," which was closed by a resolution of the Board of Estimate and Apportionment at a meeting held January 15, 1909, containing 31,752.50 square feet, is worth the sum of \$25,402; that the bed of the proposed Barretto street, "Parcel B," containing 35,048.57 square feet, is worth the sum of \$25,585.

Edward Polak, No. 4030 Third Avenue.

State of New York, City and County of New York, ss.:

Edward Polak, being duly sworn, deposes and says that he resides at No. 1806 Arthur avenue, Borough of The Bronx, and has an office at No. 4030 Third avenue, in said Borough. Deponent further says that he has been actively engaged in the real estate business, as agent, broker and appraiser, continuously for the past twenty-four years, and that he is familiar with the values of real estate in the Borough of The Bronx.

That pursuant to a resolution of the Commissioners of the Sinking Fund of The City of New York, dated February 16, 1910, he, together with James L. Wells and John H. Whittle, were appointed disinterested appraisers to appraise the value of land owned by The City of New York in the bed of Barretto street, between Garrison avenue and Lafayette avenue, in the Borough of The Bronx, which was closed by a resolution of the Board of Estimate and Apportionment at a meeting held January 15, 1909, and more particularly bounded and described as follows:

Beginning at a point in the northern line of Lafayette avenue distant 404.18 feet easterly from the intersection of the said line with the eastern line of Tiffany street; (1) thence easterly along the northern line of Lafayette avenue 61.70 feet (sixty-one and seventy one-hundredths) feet; (2) thence northerly, deflecting 96 degrees 26 minutes 45 seconds to the left, for seven and one hundred and ninety-six one-thousandths (7.196) feet; (3) thence northerly, deflecting 12 degrees 7 minutes 15 seconds to the left, for four hundred and eighty-eight and eighty-five one-thousandths (488.885) feet; (4) thence northwesterly deflecting 27 degrees 21 minutes 40 seconds to the left, for seventy-one and six hundred and thirty-eight one-thousandths (71.638) feet to the eastern line of Garrison avenue; (5) thence southwesterly along the last mentioned line for thirty and seventy one-hundredths (30.70) feet; (6) thence southerly five hundred and twenty-five and thirty-eight one-hundredths (525.38) feet to the point or place of beginning,

—and referred to on the annexed diagram as Parcel A; and

The land in new Barretto Street as laid out at a point north and east of the old location between the above mentioned avenues to be acquired by the City from the United Bank Note Company in exchange for the above described property, and more particularly bounded and described as follows:

Beginning at a point in the northern line of Lafayette avenue distant 467.48 feet easterly from the intersection of said line with the eastern line of Tiffany street; (1) thence easterly along the northern line of Lafayette avenue for 58.79 feet; (2) thence northerly, deflecting 96 degrees 26 minutes and 45 seconds to the left, for 210.847 feet; (3) thence northerly, deflecting 12 degrees 7 minutes and 15 seconds to the left, for 246.276 feet; (4) thence northwesterly, deflecting 27 degrees 21 minutes and 40 seconds to the left, for 174.092 feet to the eastern line of Garrison avenue; (5) thence southwesterly along last mentioned line for 22.67 feet; (6) thence southerly, deflecting 61 degrees 51 minutes and 20 seconds to the left, for 81.238 feet; (7) thence southeasterly, deflecting 27 degrees 21 minutes and 40 seconds to the left, for 87.028 feet; (8) thence southerly, deflecting 27 degrees 21 minutes and 40 seconds to the right, for 225.30 feet; (9) thence southerly, deflecting 12 degrees 7 minutes and 15 seconds to the right, for 190.50 feet; (10) thence southerly for 7.54 feet to the point or beginning,

—and referred to on the annexed diagram as Parcel B.

Deponent further says that he has personally inspected said premises and has carefully computed the area thereof for the purpose of ascertaining their respective values, and he states that the land owned by the City in the bed of Barretto street and referred to on the annexed diagram as "Parcel A," contains 31,752.50 square feet; he appraises the same at a value of \$25,402; and that the land in new Barretto street to be acquired from the United Bank Note Company, and referred to on the annexed diagram as "Parcel B," contains 35,048.57 square feet, and at the same unit of value per square foot as that of the closed street is worth \$28,038, but on account of its irregularity and because it has less frontage on Garrison avenue and Lafayette avenue than the City's property, he values the land of the United Bank Note Company at \$25,600.

EDWARD POLAK.

Resolved, That, in accordance with the provisions of section 205-A of the Greater New York Charter as amended, the Commissioners of the Sinking Fund determine that the land turned over by the President of the Borough of The Bronx and hereinabove described, is no longer required for departmental purposes, and they further determine that the lands of the private owners herein in this resolution described are needed for public purposes; and be it further

Resolved, That, to determine the value of the land of The City of New York and the land of the United Bank Note Company to be exchanged therefor, the Commissioners of the Sinking Fund hereby appoint Edward Polak, No. 4030 Third avenue; James L. Wells, No. 396 East Tremont avenue, and John H. Whittle, Two Hundred and Third street and Bainbridge avenue, Borough of The Bronx, three discreet and disinterested appraisers residing in the Borough of The Bronx, who are hereby authorized and directed to appraise the value of the land owned by The City of New York and the land owned by the United Bank Note Company, which it is proposed to exchange, and which are hereinabove described.

The three appraisers in separate communications have reported that they have examined the property and make the values on both properties as follows:

	Appraiser.		
	John H. Whittle.	James L. Wells.	Edward Polak.
Land owned by the City (present bed of Barretto street).	\$25,402 00	\$25,402 00	\$25,402 00
Land owned by United Bank Note Company (proposed bed of Barretto street).....	25,038 00	25,235 00	25,038 00

Each appraiser stated that while the proposed bed of Barretto street owned by the United Bank Note Company was greater in area, and if valued at the same unit as the City's land would exceed it in value, but owing to the physical condition of the land they valued it at less than the City's land.

Since that time the United Bank Note Company has spent considerable money in grading the land. The appraisers have again examined the land and report as follows:

	Appraiser.		
	John H. Whittle.	James L. Wells.	Edward Polak.
Land owned by the City (present bed of Barretto street).	\$25,402 00	\$25,402 00	\$25,402 00
Land owned by United Bank Note Company (proposed bed of Barretto street).....	25,585 00	28,038 00	25,600 00

The reports of the appraisers showing the value of the property owned by the United Bank Note Company to be greater than the value of the property owned by the City, I would respectfully recommend that the Commissioners of the Sinking Fund, in accordance with the provisions of section 205a of the Charter, adopt a resolution authorizing the exchange of the property owned by the City in the bed of Barretto street, between Garrison avenue and Lafayette avenue, in the Borough of The Bronx, hereinabove described, for the property not owned by the City in the new Barretto street, also hereinabove described, and I further recommend that the resolution when adopted by the Commissioners of the Sinking Fund be presented to the Board of Estimate and Apportionment for approval at its next meeting, as required by section 205-A of the Charter, and if the Board of Estimate and Apportionment approves of the exchange, that the Corporation Counsel be requested to prepare the necessary

papers, approve the same and transmit them to the Comptroller for his approval; when so approved, the deed from the City is to be transmitted to the Mayor to execute, and the City Clerk to attest the same. The Comptroller to be directed to examine the title, at the expense of the United Bank Note Company, and to make the exchange in accordance with the resolutions and the provisions of the Charter, and that when the exchange is made, the property in the new Barretto street be turned over to the President of the Borough of The Bronx for street purposes.

Respectfully submitted,

WM. A. PRENDERGAST, Comptroller.

The Deputy Comptroller presented the following report and offered the following resolution, relative to a sale of buildings lying within the lines of Church avenue, from East Seventeenth to East Eighteenth streets, in the Borough of Brooklyn, at the request of the President of the Borough:

April 14, 1910.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—Pursuant to section 1553 of the revised Charter, the authority to sell buildings situated upon land owned by The City of New York is vested in the Commissioners of the Sinking Fund.

This office is in receipt of a communication from the President of the Borough of Brooklyn requesting the sale of buildings lying within the lines of Church avenue, from East Seventeenth to East Eighteenth streets, in the Borough of Brooklyn.

I would therefore respectfully request that a resolution for the sale of the said building be adopted by the Commissioners of the Sinking Fund, and a resolution is herewith transmitted.

Yours respectfully,

WM. A. PRENDERGAST, Comptroller.

Whereas, The President of the Borough of Brooklyn has requested the sale of all buildings, parts of buildings, etc., now standing upon property owned by The City of New York, located in the Borough of Brooklyn, acquired by it for street opening purposes, said buildings being situated upon land more particularly described as follows:

Being all the buildings, parts of buildings, etc., situated on the land lying within the lines of Church avenue, from East Seventeenth street to East Eighteenth street, in the Borough of Brooklyn, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids, at the highest marketable prices, of all the buildings, parts of buildings, etc., upon the following terms and conditions:

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warn-

ing signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The report was accepted and the resolution unanimously adopted.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York acquired by it for street opening purposes in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., situated within the lines of Church avenue, from East Seventeenth street to East Eighteenth street, in the Borough of Brooklyn, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 20, 1910, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, MAY 10, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1.—Part of four-story brick building, cut on line of street through north end of building commencing 4.2 feet in from corner on west side of building.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 10th day of May, and then publicly opened, for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 10, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date, to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary workmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of The Bronx, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Queens.

Being all the buildings, parts of buildings, etc., standing within the lines of Queens boulevard (new diagonal street), from Jackson avenue to Thomson avenue, in the Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 6, 1910, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, APRIL 27, 1910,

Cut 62.59 on end facing Jackson avenue by 193.87 on west side by 27.30 on south end of two-story stable by 41.65 on south end of open shed by 52.52 on south end of front building.

Parcel No. 3. Fence and small brick storage shed 12.20 by 8.37 at Van Dam street. Cut fence 38.11 on west side by 40.46 feet on south side.

Sealed bids, blank forms of which may be obtained upon application, will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 27th day of April, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened April 27, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of

the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, to go with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal may be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the protection of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them or put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the said party purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted, and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department. No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
