### WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, DECEMBER 2, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Form of resolution—That 150 feet of the northerly end of the lot lying on the west side of Hopkinson Avenue between Livonia and Riverdale Avenues, known as Lot No. 47, Block 3586, be enclosed with a board fence six feet high at the expense of the owner or owners of said lot. Estimated cost, \$65; assessed valuation, \$13,500.

On motion of Alderman Rosenblum, the proposition was adopted.

No. 684. To alter the map or plan of The City of New York by striking therefrom East 84th Street and East 85th Street, each from Ditmas Avenue to the right-of-way line of the Long Island Railroad.

Alderman Rosenblum—I have had the matter explained to me about 15 minutes ago, and it seems to me to be a very good proposition, as it is going to build up a section where there will be a great deal of employment.

On motion of Alderman Rosenblum, the proposition was adopted.

No. 729. Curbing, regulating, grading and laying a permanent asphalt pavement on Williams Avenue, between Hegeman and Vienna Avenues.

Joseph H. Rose, one of the owners—The entire block is almost entirely built up with two-family houses. I understand you passed a resolution up to Vienna Avenue and we are south of that block.

On motion of Alderman Rosenblum, the proposition was adopted.

On motion of Alderman Rosenblum, the meeting adjourned.

MARK REARDON, JR., Borough Secretary.

or times, after August 1, 1916, as may be directed by resolution of the Board.

(b) By amending said Section 3, Eighth, so as to authorize the Corporation to construct and operate its railway at grade across the freight side-track on Sutphin Road (Guilford Street) leading from the main line of the Long Island Railroad Company to the warehouse of Messrs. J. & T. Adikes.

Now, THEREFORE, In consideration of the sum of fifty dollars (\$50), to be paid by the Corporation to the City on or before January 1, 1916, and of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

SECTION 1. The parties hereto hereby consent, subject to the provisions and conditions hereinafter set forth, to certain modifications and amendments in and to said contract of October 29, 1912, as amended, said modifications and amendments to be as follows:

1. All of said Section 3, Seventh, of said contract of October 29, 1912, is hereby stricken out and the following substituted therefor:

"Seventh—The Company shall complete and put in operation that portion of the railway herein authorized from the Manhattan Terminal of the Queensboro Bridge to the intersection of the tracks of the Long Island Railroad with Thomson Avenue at or near Greenpoint Avenue on or before February 13, 1913, from the intersection of the tracks of the Long Island Railroad with Thomson Avenue to the intersection of Thomson Avenue and Broadway on or before April 30, 1913, from the intersection of Thomson Avenue and Broadway to the proposed new Long Island Railroad Station in the former Village of Jamaica, on or before January 31, 1914.

"The Company shall complete and put in operation that portion of its railway herein authorized between the present terminus thereof, at the Long Island Railroad Company's station, at Jamaica, and the intersection of Sutphin Road (Guilford Street) and Lambertville Avenue (Pacific Street), on or before May 1, 1916, and the remainder of its said railway between said intersection of Sutphin Road (Guilford Street) and Lambertville Avenue (Pacific Street) and the City Line at Central Avenue within such time or times as may be directed by resolution of the Board upon recommendation of the President of the Borough, provided that title to the streets involved has been vested in the City and that said streets have been regulated and graded.

"Upon the failure of the Company to complete the construction and place in operation any of the said portions of the railway on or before the dates or times herein specified, the right herein granted shall cease and determine, and all sums or securities paid to the City, or deposited with the Comptroller as security for performance by the Company of the terms and conditions of this contract, as herein provided, shall be forfeited to the City without action by the City, provided, however, that the Board may extend the time within which to complete the construction and place the railway in operation as it may deem just and equitable."

2. All of said Section 3, Eighth, of said contract of October 29, 1912, is hereby stricken out and the following substituted therefor:

"Eighth—Said railway shall not cross any railway or railroad other than street surface railways encountered in the route at the grade thereof, but shall be constructed either above or below the grade of such railway or railroads; provided, however, that the Company may construct and operate the railway herein authorized at grade across the freight side-track now located on Sutphin Road (Guilford Street) leading from the main line of the Long Island Railroad Company to the warehouse of Messrs. J. & T. Adikes, under such regulations and conditions as may be prescribed by the Public Service Commission of the State of New York for the First District. If any railway or railroad other than street surface railways are operated at the same grade of the streets or avenues in which the Company is hereby authorized to construct a railway at the time the Company constructs such railway, then the Company may construct at its own expense and use a temporary crossing and approaches thereto either upon private property or within the lines of such streets or avenues to be determined by resolution of the Board, and continue to use such temporary crossing until such time as either the grade of such street or avenue or such railway or railroad shall have been changed so that such railway or railroad shall not cross such street or avenue at the grade thereof. When such grade shall have been changed and a permanent crossing shall have been constructed to carry such street or avenue either above or below the grade of such railway or railroad, then the Company shall, upon the order of the Board, abandon the above described temporary crossing, and construct its tracks upon such permanent structure as shall be directed by the Board. Any property acquired in fee by the Company for the purpose of the temporary crossing hereinafter provided for shall be ceded to the City without compensation therefor by the Company when the same is required by the City for the purpose of widening such street or avenue, upon the removal of the tracks of the Company from such temporary crossing and approaches thereto, to the permanent crossing structure."

SECTION 2. The grant of this privilege is subject to the following conditions:

All the terms, provisions and conditions contained in said contract dated October 29, 1912, as amended by said contract dated July 21, 1913, excepting those which are herein expressly amended or modified, shall remain unchanged and in full force and effect.

SECTION 3. The Corporation promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

IN WITNESS WHEREOF, The party of the first part, by its Mayor thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed the day and year first above written.

NOTICE IS HEREBY GIVEN that the Board of Estimate and Apportionment, before authorizing any contract for the consent of the City to certain modifications and amendments in and to the terms and conditions of the said contract of October 29, 1912, such modifications and amendments being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, December 17, 1915, at 10 o'clock A. M., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, Borough of Manhattan, shall be published at least twice at the expense of the proposed grantee, during the ten (10) days immediately prior to Friday, December 17, 1915, in the "Evening Post" and "The World," the two daily newspapers in which the petition and notice of hearing thereon have been published.

Dated New York, November 19, 1915. n30d17

NOTICE IS HEREBY GIVEN THAT THE public hearing, in order that this Board may determine, whether, in its opinion, certain electrical conductors in Jerome Avenue between Rover Avenue and Woodlawn Road, Borough of The Bronx, shall be removed and placed underground, which hearing was, by resolution adopted October 1, 1915, fixed for October 8, 1915, and continued until November 5, 1915, and then until November 19, 1915, was on the latter date continued until Friday, December 3, 1915, at ten o'clock A. M. in Room 16, City Hall, Borough of Manhattan.

All persons or corporations interested will be afforded an opportunity to appear and be heard at said time and place.

JAMES D. MCGANN, Assistant Secretary, Room 1307, Municipal Building, Borough of Manhattan, Telephone, 4560 Worth.

Dated, New York, November 19, 1915. n22d3

PUBLIC NOTICE IS HEREBY GIVEN PURSUANT to law that at a meeting of the Board of Estimate and Apportionment held November 5, 1915, the following petition was received:

TO THE HONORABLE THE BOARD OF ESTIMATE AND APPOINTMENT OF THE CITY OF NEW YORK.

The amended petition of the Fifth Avenue Coach Company respectfully shows:

I. That the petitioner is a domestic common carrier corporation duly organized to own, operate, manage and control a line of passenger stages or omnibuses for the transportation of passengers for hire.

II. That the post office address of the petitioner is No. 10 East 102nd Street, Borough of Manhattan, City, County and State of New York.

III. That the petitioner now owns and operates lawfully established stage routes as set forth at length in its applications filed with your Honorable Board on the following dates, to wit: June 5, 1913, and March 21, 1914, said applications constituting public records in the premises and reference thereto is prayed as fully as if here set forth at length.

IV. That for the purpose of establishing, maintaining and operating stage and omnibus routes for public use in the conveyance and transportation of persons and property for compensation, your petitioner desires to obtain from your Honorable Board and hereby respectfully applies for a grant of the right, privilege and franchise for the establishment, maintenance and operation by your petitioner of stage and omnibus routes for public use in the conveyance and transportation of persons and property for compensation, upon and along and over the surface of streets, avenues, highways, bridges, approaches and public places in the Borough of Manhattan of the City of New York, of which a description is hereto attached and hereby made part hereof. It is designated as "Schedule A."

The omission from said "Schedule A" of various routes shown on the map which accompanied the letter of the Franchise Committee of May 4, 1915, upon the basis of which applicants were invited to submit propositions, is upon the assumption that the Franchise Committee in its report of October 15, 1915, has recommended the adoption of the principle that new routes for omnibus operation should be such as to directly compete as little as possible with existing transit systems and also upon the assumption that no route will be authorized where ultimate public convenience and necessity will not require additional and competitive transit facilities.

This petition is amendatory of the petitioners heretofore filed with your Honorable Board upon the dates above specified, to wit: June 5, 1913, and March 21, 1914, upon which public hearings have been duly held.

Dated, New York, November 1st, 1915.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
