Alderman Miller called up G. O. 553, being a resolution, as follows :

Resolved, That the public drinking-fountain, for man and beast, now located on the southeast corner of Clarkson and Greenwich streets, be removed, and an improved iron drinking-hydrant be substituted therefor, as the present fountain is so much worn as to be unfit for use, and occasions a constant waste of water.

Alderman Waite asked to be excused from voting, but the Board refused to grant his request.

Alderman Waite here rose to a question of privilege, and informed the Board that, having read the injunction order issued by Judge George P. Andrews, of the Supreme Court, he found that the Board was, by the terms, restrained from doing any official act or thing, either individually, as members, or collectively, as a Common Council, and therefore he declined to vote on the question before the Board.

The injunction order and accompanying affidavits having then been read, it was discovered that the Board had, inadvertently acted upon several subjects subsequent to being served with the order.

Whereupon Alderman Jaehne, in order to relieve the Board from the seeming disregard of the order, in unintentionally acting as members of the Common Council, and voting upon the several papers acted upon since service of the order upon the Board, moved that all such business so transacted be reconsidered, in order that implicit obedience be given to the order of the Court.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative on a division called by Alderman Grant, as follows :

Affirmative—The President, Aldermen Cleary, De Lacy, Farley, Finck, Jaehne, Kenney, Miller, McQuade, O'Neil, Pearson, Rothman, Sayles, and Wendel—14.

Resolved, That the consent of the Common Council is given and granted to said The Bleecker Street and Fulton Ferry Railroad Company for the construction, maintenance and use of the proposed extension of its railroad as aforesaid upon the streets, avenues and route hereinbefore mentioned, expressly upon the following conditions and not otherwise:

First—The said extension shall be constructed according to the most approved plan for the construction of city railroads and with the most approved pattern of steel rails, which shall be laid in such manner as to interfere as little as possible with the use of the surface of the street by trucks, carriages and other ordinary vehicles; and said connections, switches, sidings, turn-outs, turn-tables and suitable stands which shall be necessary for the convenient working of such road and extension shall likewise be constructed after the most approved plan and shall be equal in all respects to the best of their kind now in use on any such railroad in the City of New York.

Third—The said company shall comply with all reasonable ordinances and regulations which the local authorities having control of the streets, avenues, roads or highways in the City of New York shall make as to rate of speed, mode of use of tracks and removal of ice and snow from said extension as the interests and convenience of the public may require. And this consent is likewise given upon the express condition that said company shall not charge any passenger more than five cents for one continuous ride from any point on its road, or any road, line or branch operated by it, or under its control, or operated or controlled by its lessee to any other point thereon, or on any connecting branch thereof within the limits of the City of New York, the intention being that but one fare of five cents shall be charged for the transportation of a single passenger over the whole or any portion of the railroad route of said company when the extension, for the construction which permission is hereby granted, shall be made. And this consent is likewise given upon the express condition that said The Bleecker Street and Fulton Ferry Railroad Company shall also, whenever and as required, and under the supervision of the proper local authorities, have and keep in permanent repair the portion of every street, avenue or highway upon which its tracks shall be extended and constructed pursuant to this consent, between its tracks, the rails of its tracks, and a space two feet in width outside of and adjoining the outside rail of its track or tracks so to be extended and constructed so long as it shall continue to use such extended tracks constructed under the provisions of this resolution and consent.

Fourth—Said The Bleecker Street and Fulton Ferry Railroad Company shall for and during the first five years after the commencement of the operation of said extension of its railroad to be constructed pursuant to this consent and permission, annually, on the first day of November in each year, pay into the treasury of the City of New York, to the credit of the Sinking Fund thereof, three per cent. of its gross receipts for and during the year ending the next preceding thirtieth day of September, and also, after the expiration of said five years, make a like annual payment of five per cent. of its gross receipts into the treasury of said city, to the credit of the Sinking Fund thereof, instead of three per cent.; provided, however, that said The Bleecker Street and Fulton Ferry Railroad Company, or its lessee shall pay such percentage, as aforesaid only upon such portion of its gross receipts as shall bear the same proportion to the whole value thereof as the length of such construction and branch shall bear to the entire length of its tracks, as provided by section 8 of chapter 252 of the Laws of 1884. And it shall be the duty of the President and Treasurer of said The Bleecker Street and Fulton Ferry Railroad Company, on or before the first day of November, in each year, to make a verified report to the Comptroller of the City of New York of the gross amount of its receipts for the year ending the next preceding thirtieth day of September, and the books of said company shall be open to inspection and examination by said Comptroller or his duly appointed agent, for the purpose of ascertaining the correctness of said report as to the said gross receipts.

Fifth—And this consent of the Common Council is likewise given upon the express condition that all the provisions of chapter 252 of the Laws of 1884, pertaining to the extension for the construction of which the permission of the Common Council is hereby given, shall be in all things complied with by said The Bleecker Street and Fulton Ferry Railroad Company or its lessee.

Adopted by the Board of Aldermen, November 24, 1884.

Received from his Honor the Mayor, December 5, 1884, with his objections thereto.

In Board of Aldermen, December 20, 1884, taken up, reconsidered, as provided in section 75, chapter 410, Laws of 1882, and adopted, notwithstanding the objections of his Honor the Mayor, three-fourths of all the members elected voting in favor thereof.

## JURORS

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS.

NEW COUNTY COURT-HOUSE.

NEW YORK, June 1, 1883.

APPLICATIONS FOR EXEMPTIONS WILL BE

heard here, from 10 to 3 daily, from all persons

hitherto liable or recently serving who have become

exempt, and all needed information will be given.

Those who have not answered to their liability, or

proved permanent exemption, will receive a "jury

enrollment notice," requiring them to appear before me

this year. Whether liable or not, such notices must be

answered (in person, if possible, and at this office only)

under severe penalties. If exempt, the party must bring

proof of exemption, if liable, he must also answer in

person, giving full and correct name, residence, etc., etc.

No attention paid to letters.

Persons "enrolled" as liable must serve when called

or pay their fines. No mere excuse will be allowed or

interference permitted. The fines if unpaid will be en-

tered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and

secure reliable and respectable jurors, and equalize their

duty by serving promptly when summoned, allowing their

clerks or subordinates to serve, reporting to me any

attempt at bribery or evasion, and suggesting names for

enrollment. Persons between sixty and seventy years of

age, summer absentees, persons temporarily ill, and

United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a mis-

demeanor to give any jury paper to another to answer.

It is also punishable by fine or imprisonment to give or

receive any present or bribe, directly or indirectly, in

relation to a jury service, or to withhold any paper or

make any false statement, and every case will be fully

## COMMISSIONERS OF ESTIMATE FOR NEW PARKS AND PARKWAYS.

## NOTICE.

TO PARTIES INTERESTED IN LANDS

embraced in the new parks and parkways in the

Twenty-third and Twenty-fourth Wards of the City

of New York, and in Westchester County, laid out in and

by chapter 522 of the Session Laws of the State of New

York for 1884:

The Commissioners of Estimate, appointed under said

act, to estimate the loss and damage to parties interested

in the properties laid out in and by said act for such parks

and parkways, will meet at Room No. 803 in the building

awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, for the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to the Corporation will be determined by the Controller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Corporation, for the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or his or their bid, or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and let as provided by law.

*The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.*

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, December 23, 1884.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or wares to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of

chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Corporation, for the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

*The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.*

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

## ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,  
No. 301 MOTT STREET,  
NEW YORK, December 13, 1884.

**PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND PERFORMING MASONRY WORK IN THE ERECTION OF AN ARMORY BUILDING AT NINTH AVENUE, SIXTY-FIRST AND SIXTY-SECOND STREETS.**

**PROPOSALS FOR ESTIMATES FOR FURNISHING** materials and performing masonry work in the erection of an Armory Building, at Ninth Avenue, Sixty-first and Sixty-second streets, County and City of New York, will be received by the Armory Board at the office of the Secretary, No. 301 Mott Street, until 12 M. of the 24th day of December, 1884, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope, to the President of said Armory Board, indorsed "Estimate for Furnishing Materials and Performing Masonry Work in the Erection of an Armory Building, at Ninth Avenue, Sixty-first and Sixty-second streets," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded

will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and be a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount paid for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in the performance of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate must distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or her sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and the sum to which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, for the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after the contract is awarded to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, and to fill up the same with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the architect, James E. Ware, No. 239 Broadway.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the architect, at his office, No. 239 Broadway, New York.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

#### PROPOSALS FOR ESTIMATES FOR FURNISHING MATERIALS AND PERFORMING PLUMBING WORK IN THE ERECTION OF AN ARMORY BUILDING AT NINTH AVENUE, SIXTY-FIRST AND SIXTY-SECOND STREETS.

Proposals for estimates for furnishing materials and performing plumbing work in the erection of an Armory Building at Ninth Avenue, Sixty-first and Sixty-second streets, County and City of New York, will be received by the Armory Board at the office of the Secretary, No. 301 Mott street, until 12 m. of the 24th day of December, 1884, at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, who will forward the same to the Armory Board for consideration.

Erection of an Armory Building at Ninth Avenue, Sixty-first and Sixty-second streets, and also with the name of the person or persons presenting the same, and the amount of the estimated amount of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent of the estimated amount of the contract.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Army Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor as specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work hereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, or if they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readjusted and relet, and so on until it is accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person, and that the estimate is made in good faith, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk thereof, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Army Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities at law, equity and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Controller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the architect, James E. Ware, No. 239 Broadway.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

Plans may be examined, and specifications and blank forms for bids or estimates obtained, by application to the architect, at his office, No. 239 Broadway, New York.
