Regulation 1.

1. The Police Civil Service Board shall have power from time to time to prescribe by-laws for the execution of the provisions of these regulations and of such provisions of chapter 569 of the Laws of 1895 as relate to the subject matter committed to its charge. By-laws so prescribed shall become operative upon their approval by the Board of Police.

2. The several terms hereinafter mentioned, whenever used in these regulations or in the by-laws to be prescribed, shall be construed as follows:

3. No question in any examination or application shall be so framed as to elicit information concerning the political or religious opinions of applicants or competitors, and all disclosures of such opinions on the part of applicants, competitors or eligibles, either for entrance to the service

or promotions thereunder, by themselves or by others for them, shall be rigidly discountenanced by the Board of Police, the Police Civil Service Board, and all officers and employees of the Police Department, and no discrimination in examination, certification, appointment or promotion shall be made by any examiner, appointing officer, or other employee of the Department in favor of or against any such applicant, competitor or eligible by reason of any such opinion.

4. These regulations shall go into effect upon and after the date of their approval by the New York State Civil Service Commission, and a person holding a position on the date when said position is classified shall be entitled to all the rights and benefits possessed by persons of the same class or grade appointed upon examination thereafter.

#### Regulation IV.

1. In compliance with the provisions of paragraph (1) of section 3 of the Bi-Partisan Act, the Civil Service Board shall provide examinations to test fitness for admission to the classified service.

The examinations shall be open and competitive, practical in their character, and, so far as may be possible, shall relate to those matters which will fairly test the relative capacity and fitness of the persons examined to discharge the duties of the place to which they seek appointment.

2. No person shall be appointed to, or be employed in, any position in the classified service until he shall have passed the examination provided therefor.

3. Where competent persons can be found who are willing to compete for a position in the classified service, no non-competitive examination shall be given, except as follows:

- (a) To test the fitness of a person for temporary clerical appointment, not to exceed sixty days, as provided by Regulation VII., paragraph 8.

- (c) Where, after due efforts by previous public advertisement or otherwise, competitive examinations may not be practicable.

4. It shall be the duty of all those in the service of the Police Department to conform to and comply with any by-laws made pursuant to these regulations, and to aid and facilitate in all reasonable and proper ways the enforcement of all by-laws and the holding of all examinations provided for under these regulations.

5. Examinations for admission into the service of the Department shall be provided on such dates and at such places as the Civil Service Board, after consultation with the Board of Police, may designate, and whenever the needs of the service require.

Examinations for promotion in the service of the Department shall be held at such times and places as the Board of Police may determine.

#### Regulation V.

1. Every applicant for examination or for appointment must be and have been for the time hereinafter specified a citizen of the United States, must be of the age and residence hereinafter required, and must make application under oath upon a form prescribed by the Civil Service Board and accompanied by such certificates as may be required by the by-laws.

2. No person in the service of the United States Army, Navy or Marine Corps shall be examined for admission to the service of the Department until the written consent of his commanding officer shall have been communicated to the Police Civil Service Board.

3. The Civil Service Board may refuse to examine an applicant or to certify the name of an eligible—

- (a) Who has been guilty of a crime or of infamous or notoriously disgraceful conduct, after obtaining the approval of the Police Board, upon reasons stated.
- (b) Who is so physically disabled as to be unfit for the performance of the duties of the position to which he seeks appointment.
- (c) Who has been dismissed from public or private employment for delinquency or misconduct.
- (d) Who has intentionally made a false statement of any material fact, or practiced or attempted to practice any deception or fraud in securing examination or appointment.

Any of the disqualifications mentioned shall be good cause for the removal of an appointee from the service.

4. No application for examination shall be accepted unless the applicant is within the age limits fixed herein for entrance to the position to which he seeks to be appointed, provided that no veteran shall be prevented by reason of his age alone from admission to any branch of the service for which the age limit is not fixed by law; and, further, provided that no person whose application reveals previous service in the grade or rank to which he seeks appointment shall be prevented by reason of his age alone from reappointment thereto.

5. Whenever an application reveals the fact that an applicant has been previously employed in the grade or rank for which application is made, said application, together with a letter stating the facts in the case, shall be transmitted to the Board of Police for their action, and said applicant shall not be examined for appointment to said grade or rank unless the Board of Police signify its approval by resolution.

6. The age limitations for admission to the service of the Department shall be as follows for the respective positions below enumerated:

Classified Service.	Minimum Years. Maximum Years.		All other positions.	Minimum Years. Maximum Years.	
	(As much as)	(Under)		(As much as)	(Under)
Patrolman.....	21	30		21	No limit.
Surgeon.....	25	40	Labor Service.		
Doorman.....	25	35	Cabin boy.....	16	No limit.
Matron.....	25	40	All other positions.	18	"

7. No application shall be accepted for examination for a position which belongs to one of the recognized mechanical trades unless it shall be shown that the applicant has served as apprentice or journeyman, or both, at said trade for such periods as the Board of Police may prescribe.

#### Regulation VI.

1. Examination papers embracing scholastic tests shall be rated on a scale of 100, and the subjects therein shall have such relative weights as the Civil Service Board may prescribe. The relative weights of the subjects therein shall be determined by the Civil Service Board when the

examination is for the admission of persons to the service of the Department, and by the Police Board when the examination is for promotion.

2. Each competitor in each mental examination shall be notified of the general average attained upon examination.

3. All applicants for positions in the uniformed force or as Surgeon or Matron must undergo a medical examination by the Police Surgeons to test physical fitness for the duties of the position sought. The nature of such medical examination shall be prescribed by the Civil Service Board after consultation with the Board of Police Surgeons, and subject to the approval of the Board of Police.

4. Applicants for Patrolmen and Doormen shall undergo such athletic examination to test their strength and development as the Board of Police may determine.

5. All applicants for admission to the service of the Department who successfully pass the medical examination and athletic tests, when those are prescribed, and who attain a general average of 70 or more upon mental examination, shall be eligible for appointment to the position for which they were examined, and their names shall be enrolled in the order of general average in registers to be known as the "Registers of Eligibles." The term of eligibility shall be one year, beginning on the dates of registration on such registers, unless extended by the Board of Police.

6. The names of all eligibles who are veterans shall be placed in the order of their average at the head of the proper register of eligibles.

7. Any eligible for admission to the service of the Department having previously served in that grade of the classified service to which he is eligible, may, upon the written request of the Board of Police, be specially certified for appointment irrespective of his standing upon the eligible register; the request stating that said eligible was separated through no delinquency or misconduct of his own and within one year next before the date of the request, from that grade of the service to which he is eligible.

8. When two or more eligibles on a register have the same average rating precedence in enrollment shall be determined by the order in which their applications were filed.

9. The names of applicants for the labor service shall be recorded in a book called the "Laborer's Register." The order of registration for each position shall be as follows:

- (a) Veterans with dependent families.
- (b) Veterans without dependent families.
- (c) Other applicants with dependent families.
- (d) Other applicants without dependent families.

All applications for the labor service shall be recorded in the said Labor Register in the exact order of their approval as to form, each in its proper subdivision as aforesaid. Said Laborers' Register shall be regarded as the register of laborers eligible for admission into the service of the Department, and shall show the name, address, position sought, former occupation, the name of the vouchers for each applicant, and such other facts as may be needed to determine the order of registration to which the applicant is entitled.

10. No person shall be re-examined for the same position during the period of his eligibility. No person failing to pass a medical, mental or athletic examination will be admitted to any examination whatever within six months of the date of such failure, except that, in failure to pass a medical or athletic examination, an applicant may, upon statement of the removal of the medical or athletic disability for which he was rejected, be re-examined at any time within six months, upon the written order of a Police Commissioner.

11. Whenever an eligible may be shown to have been guilty of a falsehood, intoxication or of other notoriously disgraceful conduct, or of a violation of law, his name shall be stricken from the register, the reason for such action being recorded opposite the name of such eligible.

12. Persons whose examinations have been cancelled for collusion, persons dismissed the Department for misconduct, and probationers failing to secure absolute appointment shall not be admitted to any examination whatever thereafter, except upon resolution of the Board of Police.

#### Regulation VII.

1. Whenever a vacancy is to be filled by the admission of an eligible into the service of the Department, the Board of Police shall make requisition upon a form provided for that purpose upon the Police Civil Service Board for the certification of the names of three eligibles, if there be as many, having the highest general average on the proper register of eligibles. The said Civil Service Board will thereupon certify the required three names, their addresses, and general averages upon a proper form, and shall transmit said certification, together with the applications and examination papers of the persons certified, to the Board of Police.

From each certification the Board of Police must select at least one person for appointment. The names of the persons selected from each certificate shall be thereupon transmitted to the said Civil Service Board, and the papers of the persons certified shall be returned with the report of selection.

2. Each eligible for admission into the service of the Department shall be entitled to three certifications if the said eligible is not sooner selected. But no name shall be certified more than three times to the appointing officer.

3. For further consideration.

4. If an eligible who is not entitled to certification is certified and appointed, or appointed without certification, his appointment shall be immediately revoked by the Board of Police upon notification of the facts in the case by the Civil Service Board.

5. For further consideration.

6. All appointments to the service of the Department shall be made for a probationary period which shall in no case continue less than one month. The probationary terms shall be—for the Laborers' Service and grade of Patrolman, one month; for all other grades, 3 months.

7. A person selected for appointment shall be notified of his or her selection by the Chief Clerk, and, upon acceptance and oath of office, shall be assigned to probationary duty forthwith. It shall be the duty of the immediate superior officer of each probationer to carefully observe and note the conduct and capacity of such probationer, and at the end of the probationary term to report in writing to the Board of Police, through the commanding officer of the precinct, the Chief Clerk, or other head of the division of the service in which the probationary appointment is made, whether the conduct and capacity of the probationer have been satisfactory. On the presentation of such report to the Board of Police said Board shall determine whether or no the probationer shall be retained in the service of the Department.

8. Whenever, upon request of the Board of Police for a certification to fill by admission to, the service of the Department a vacancy actually existing, it shall appear from the written answer of the Civil Service Board to such request that there is no existing register of the persons eligible to appointment to the vacant position, the vacancy may be filled by temporary appointment without examination until a regular appointment can be made, provided that such temporary appointment may be made as the result of non-competitive examination upon request of the Board of Police. Such temporary appointment shall not in any case expire by limitation within sixty days after the provision of a register of eligibles for the position.

#### Regulation VIII.

1. A person who has received absolute appointment may be transferred from any grade of the classified service to any other grade thereof upon the requisition and consent of the proper officers and the certificate of the Civil Service Board.

2. No transfer shall be made of a person within the same branch of the service, or to any other branch of the service if from original entrance to such position said person is barred by the age or physical limitations prescribed therefor.

3. If, in the judgment of the Board of Police, there is required for the position to which transfer is sought an examination involving essential tests more difficult than those involved in the examination required for original entrance to the position from which transfer is proposed, no transfer can be made except upon the written statement of the Civil Service Board that the person whose transfer is sought has passed an examination to test fitness for the place to which his transfer is sought.

#### Regulation IX.

As provided by section 3, paragraph 7 of the Bi-Partisan Act, notice shall be given in writing by the Chief Clerk to the Civil Service Board, as follows:

- (a) Of every temporary appointment.
- (b) Of every probationary appointment.
- (c) Of every absolute appointment.
- (d) Of every failure of a probationer to secure absolute appointment.
- (e) Every declination of temporary, probationary or absolute appointment.
- (f) Every failure to qualify for temporary, probationary or absolute appointment.
- (g) Every transfer from one to another of the grade mentioned in Regulation III., paragraph 2.
- (h) Every separation from the service and the cause of same—whether by dismissal, resignation or death.

The report of each of the above-mentioned cases shall state the date of the occurrence thereof.

### BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD, No. 2 CITY HALL, NEW YORK, October 30, 1896.

PROPOSALS TO FURNISH THE COURTS AND DEPARTMENTS OF THE GOVERNMENT OF THE CITY OF NEW YORK WITH BLANK, PRINTED OR LITHOGRAPHED BOOKS, DOCKETS, LIBERS, BINDING COVERS, BINDING, ETC., FOR 1897.

TO BOOKBINDERS AND STATIONERS. SEALED ESTIMATES FOR SUPPLYING THE City Government with Blank, Printed or Lithographed Books, Dockets, Libers, etc., will be received at this office until 12 M. on Tuesday, November 24, 1896, at or about which time said estimates will be publicly opened and read at a meeting of the Board of City Record, to be held in the Mayor's Office.

Each person making an estimate shall inclose it in a sealed envelope, sealed with sealing-wax, marked "Estimate for Furnishing Blank Books, etc.," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making it, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be One Thousand Dollars.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accepts but does not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of Five Hundred Dollars, fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for the books required by any Court or Department, or for any item in the specifications involving an expenditure of more than Five Hundred Dollars, or for any item or items for which the Board of City Record may decide to let a separate contract or contracts. Bidders must therefore give not only their bids by items, but also the aggregate bid for the work for any department or departments on which bids are offered.

The making and delivery of all the books must be completed within ninety days from the execution of the contract, unless delayed by the Courts, Departments, or Bureaus. They must be made and delivered in the order to be prescribed by the Supervisor of the City Record, to the end that the immediate needs of the Departments shall be supplied. Such of them as are indicated with asterisks in the specifications must be delivered on or before January 2, 1897.

For particulars of the quantities of books required resort must be had to the specifications on file in the Department of Public Works, or to be procured from the Supervisor of the City Record.

All the books in the Departments for which bids are asked, and unless specially excepted, are to be bound in the style indicated by the descriptive sheets of such book or books on file in the office of the Supervisor of the City Record, No. 2, City Hall, or according to instructions to be given by the Supervisor of the City Record.

When L. L. Brown's, Crane Brothers' or Weston's Ledger Paper, Crane & Co.'s Bond or Parchment Deed, has been used in the making of any book or books, the duplicates called for shall be made of paper of corresponding make and grades, unless otherwise directed by the Supervisor of the City Record. When other paper has been used the contractor can use Whiting's, Crane Brothers', L. L. Brown's Advance, or any other paper of equal quality corresponding with the sizes and weights of paper called for by these specifications or as may be directed by the Supervisor of the City Record.

For books from 7 1/2 x 9 1/2 to 10 x 17 inches, the weight of the paper shall be the equivalent of Flat Cap, 14 x 17, 18 lbs.; of Crown, 15 x 19, 22 lbs.; of Demy, 16 x 21, 28 lbs.; of Medium, 18 x 23, 36 lbs.; of Royal, 19 x 24, 44 lbs.; of Super Royal, 20 x 28, 54 lbs.

The books must contain printed headings, and such additional printed matter in the body as may be required; they shall be ruled and pagged consecutively, or otherwise, as ordered, lettered on back or side, or both, as required, and shall be tagged with alphabetical or extended tags, of color and size as specified in requisitions therefor.

Special ruling and special printing when called for, as indicated in the specifications.

The contractor will be required to deliver, with the books, at the City Record office, as well as with the bill when rendered to the CITY RECORD, a perfect and complete page from each book, and written thereon, its title, a description of its binding, a statement of how it is to be pagged and indexed, the amount of lettering on the back and side, and the number of pages in the book, embracing details sufficient to accurately describe the manner in which the book was made and bound.

Each book shall contain a small label, of a style to be given by the Supervisor, which label shall be furnished without charge and be pasted on the inside of the cover of the book, stating that it was made for the CITY RECORD, and giving the number of the book, as indicated in the sample, the specifications, or by the Supervisor. No other label shall be placed in the book, and it shall contain no other printing except that which is ordered by the Department.

By order of WILLIAM L. STRONG, Mayor; FRANCIS M. SCOTT, Counsel to the Corporation; C. H. T. COLLIS, Commissioner of Public Works.

JOHN A. SLEICHER, Supervisor of the City Record.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made of Poultry on Tuesday, November 24, 1896, before 7 o'clock A.M., all in accordance with specifications.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

SILAS C. CROFT, President; JOHN P. FAURE and JAMES R. O'BRIEN, Commissioners, Department of Public Charities.

## DEPARTMENT OF DOCKS.

(WORK OF CONSTRUCTION UNDER NEW PLAN.)

TO CONTRACTORS. (No. 555.)

PROPOSALS FOR ESTIMATES FOR FURNISHING ABOUT 4,000 BARRELS OF PORTLAND CEMENT.

ESTIMATES FOR FURNISHING ABOUT 4,000 barrels of Portland Cement will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

TUESDAY, NOVEMBER 24, 1896,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Four Thousand Dollars.

The cement required under this contract must be "Portland" cement, fully up to the standard of the best brands imported, and average at least 400 pounds gross weight to the barrel.

The quantity to be delivered under this contract is about 4,000 barrels.

It is estimated that about 2,500 barrels of this cement will be required to be quick-setting, and that about 1,500 barrels will be slow-setting, and it is further estimated that the deliveries will be required to be made so that about 1,000 barrels per week, more or less, will be furnished in each week.

It is expected that about 2,000 barrels will be required to be delivered at West Fifty-seventh Street Yard, and that about 2,000 barrels will be required to be delivered at East Twenty-fourth Street Yard.

The contract is to be fully completed and to terminate on the 1st day of January, 1897.

The damages to be paid by the contractor for each day that the contract or any part thereof may be unfulfilled after the respective times specified for the fulfillment thereof may have expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

The empty barrels will be relinquished to the contractor as provided for in the specifications, and bidders must estimate the value of the empty barrels when considering the price for which they will furnish the cement under this contract.

Bidders will state in their estimates a price for each barrel of cement to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect to do so, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to, any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which the bidder is directly or indirectly interested, or of which the bidder has knowledge, either personal or otherwise, to bid a certain price or not less than a certain price for said labor or material, or to keep others from bidding thereon; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or any other officer or employee of the Corporation of the City of New York, or any of its departments, is directly or indirectly interested in this estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful

bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application therefor at the office of the Department.

Dated New York, October 22, 1896.

(WORK OF CONSTRUCTION UNDER NEW PLAN.)

TO CONTRACTORS. (No. 554.)

PROPOSALS FOR ESTIMATES FOR PREPARING FOR AND BUILDING A CRIB-BULKHEAD IN SHERMAN'S CREEK, ON THE HARLEM RIVER.

ESTIMATES FOR PREPARING FOR AND building a crib-bulkhead in Sherman's Creek, on the Harlem river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

TUESDAY, NOVEMBER 24, 1896,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Seventeen Thousand Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

Crib-bulkhead complete, containing about the following quantities:

1. About 576,113 cubic feet, more or less, of cribwork, complete, including fenders, mooring-posts and backing-logs, and measured from the under side of the backing-logs. 2. Piles to be driven in the rear bents of the cribwork, about 91 (it is expected that these piles will be from about 40 feet to 70 feet in length to meet the requirements of the specifications). 3. Rip-rap foundation for rubble-wall, 73 cubic yards. 4. Dry rubble or large rip-rap wall, 1,195 cubic feet. 5. Materials for Paving, Oiling and Tarring. 6. Labor of every description for about 767 lineal feet of cribwork.

N.B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before-mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the receipt of a notification from the Engineer-in-Chief that the work may be begun. It is expected that sufficient dredging to permit the beginning of the building of the crib bulkhead will have been completed by about December 15, 1896, and that at about that date the notice to begin the work will be sent to the contractor by the Engineer-in-Chief, and all the work contract is for is to be fully completed on or before the 15th day of April, 1897, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day. The cribwork will be built in Sherman's Creek, at or near the site of the work, as ordered by the Engineer-in-Chief.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect to do so, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to, any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or of which the bidder is directly or indirectly interested, or of which the bidder has knowledge, either personal or otherwise, to bid a certain price, or not less than a certain price, for said labor or material, or to keep others from bidding thereon; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or any other officer or employee of the Corporation of the City of New York, or any of its Departments, is directly or indirectly interested in the estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder, or anyone in his behalf, with a view to influencing the action

or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable, the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.
