Report (C-76), dated Oct. 18, from Mr. Fuld, Assistant Chief Examiner, and report dated Oct. 16 from the Examiner in Charge of the Bureau of Investigation, recommending that Louise A. Habenicht, Josephine Mahoney and Varna J. Nielsen be marked "Qualified" for employment as Tabulating Machine Operators (Hollerith) in the Department of Education under the provisions of clause 3 of Rule XII.

Upon the recommendation of the Committee on Appeals, the appeals of the following named candidates in the examinations specified for rerating of certain of their papers were denied:

Deputy Lay Superintendent—Abraham Nudelman, 72 Pitt st., Manhattan. Institutional Inspector—William J. O'Connor, 1739 Popham ave., N. Y. C.; David M. Cohen, 3 E. 117th st., Manhattan; Denis A. Mark, 110 Convent ave., Manhattan; George J. Zinovoy, 191 E. 3d st., Manhattan; Alice Walsh, 906 Caldwell ave., The Bronx; Louis Kurtz, 1537 Fulton ave., The Bronx; Ida A. Upon the recommendation of the Committee on Appeals, the Commission denied the appeal of Bessie Hamburger, 75 E. 124th st., Manhattan, that a mark of identification which she had affixed to one of her papers in the examination for Institutional Inspector be removed and the papers rated.

The Commission granted the appeal of Eleanor McNamara, of 1270 Pacific st., Brooklyn, that her experience paper in the examination for Institutional Inspector be rerated, it appearing from the report of the examiners who rated the papers that the candidate should have been given a passing mark, for the reason that she was a graduate nurse and because all graduate nurses had been admitted to the examination.

The Commission granted the appeal of Joseph J. Holton, of 405 W. 50th st., Manhattan, for a rerating of his experience paper in the examination for Institutional Inspector, it appearing that his experience and training were practically identical with that of James J. Dourney, who passed in experience, and that according to the key submitted by the examiners a manifest error was made in his case.

The Secretary stated that the appeal of Margaret Schmidt, 327 Schermerhorn st., Brooklyn, for a rerating of her experience in the examination for Institutional Inspector had been considered in conference by the Assistant Chief Examiners, the President and the Secretary of the Commission, and that they recommended that the candidate's rating be increased from 60 per cent. to 70 per cent. because she had acted as stenographer to the superintendent of a large city institution (the City Hospital) for four years and a half, and in that capacity had excellent opportunity to learn institutional management; had acted as stenographer to the Second Deputy Commissioner of Charities; had been assigned to the Advisory Committee on Inspections of Child-Caring Institutions since its organization two and a half years ago; had visited institutions with the inspectors; made actual inspections of certain divisions and compiled the reports, and in this capacity had had an unusual opportunity to learn all about institutions from the highest authorities. The recommendation was adopted, it appearing from the foregoing statement of experience that under the terms of the advertisement the candidate had "experience in a position tending to give her an intimate knowledge of institutional management," and that therefore a manifest error had been made in rating her paper.

The Secretary submitted the report of work performed during the quarter ending Sept. 30, 1916.

The Secretary was instructed to forward a copy of the report to the Mayor, under section 1544 of the Greater New York Charter.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curbs in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser, on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall painted and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
