The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)

New York City Economic Development Corporation seeks proposals from qualified developers for the purchase and redevelopment of a centrally located, high density assemblage located at 137 Centre Street in the heart of Lower Manhattan.

The site, identified as Block 197, Lot 17 on the Tax Map of the Borough of Manhattan ("Site"), is approximately 5,100 square feet and is improved with an approximately 41,000 square foot New York City ("City") office building and has approximately 10,000 square feet of unused development rights. The Site is being offered together with approximately 74,370 square feet of unused development rights appurtenant to the adjacent Lot 1. With this combination, the assemblage has total as-of-right development potential of over 125,000 square feet. The Site is zoned C6-4 and presents an excellent opportunity for residential, commercial, hotel, and community facility development on a high-visibility corner.

NYCEDC plans to select a developer on the basis of factors stated in the RFP which include, but are not limited to: the quality and responsiveness of the proposal, economic impact on the City, proposed program and design, feasibility of the project, plans for responsible development, and respondent qualifications.

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit an M/WBE Program Plan with their response. To learn more about NYCEDC's M/WBE program, visit <http://www.nycedc.com/opportunitymwdbe>. AGENCY RULES

SANITATION

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULES GOVERNING THE DISPOSAL OF ELECTRONIC WASTE

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of the Department of Sanitation by sections 753 of the New York City Charter and sections 16-118 and 16-120 of the New York City Administrative Code that the Department adopts the following rule governing the disposal of electronic waste. The Department published a Notice of Opportunity to Comment on the proposed rules in the *City Record* on December 5, 2014. On January 13, 2015 the Department held a public hearing on the proposed rules.

Statement of Basis and Purpose of Final Rule

The purpose of the rule is to prohibit electronic waste from being set out for solid waste or recycling collection in New York City and to establish that it will be a violation for electronic waste to be placed out for solid waste or recycling collection.

As of January 1, 2015, the New York State Electronic Equipment Recycling and Reuse Act (Chapter 99 of the laws of 2010, codified as Title 26 of Article 27 of the Environmental Conservation Law) prohibits persons from disposing of electronic waste as solid waste in the State of New York. This act prohibits electronic waste from being placed or disposed of in any solid waste management facility, or being placed out for collection for disposal at a solid waste management facility or hazardous waste management facility in the state of New York. Therefore, the Department of Sanitation ("DSNY") is amending its rules to clarify that it is a violation for any person to place electronic waste out for solid waste or recycling collection.

Pursuant to section 753 of the New York City Charter, the Commissioner of DSNY is charged with responsibility for the functions and operations of the City related to waste disposal. Section 1043 of the New York City Charter authorizes agencies to adopt rules necessary

to carry out the duties delegated to them by law. Additionally, DSNY has authority under sections 16-118 and 16-120 of the New York City Administrative Code to issue violations to persons who improperly dispose of solid waste.

To further clarify the responsibilities placed upon persons placing electronic waste out for collection by a private carter, DSNY added definitions of hazardous waste management facility and solid waste management facility to the final rule.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Chapter 1 of title 16 of the rules of the city of New York is amended by adding a new section 1-04.2 to read as follows:

§ 1-04.2 Disposal of Electronic Waste.

(a) Definitions. For purposes of this section:

"Electronic waste" means computers (including items such as tablets and e-readers); televisions (as well as cathode ray tubes); small scale servers (such as an external storage drive that is designed to connect directly to a home or small business network); computer peripherals (such as monitors, electronic keyboards, electronic mice or similar pointing devices, facsimile machines, document scanners and printers, weighing less than 100 pounds and designed for use with a computer, including any cable, cord, or wiring permanently affixed to or incorporated into such product); television peripherals (such as VCRs, digital video recorders, DVD players, digital converter boxes, cable or satellite receivers, and electronic or video game consoles); and portable digital music players that are discarded by any person.

"Hazardous Waste Management Facility" means a facility that receives from off-site any hazardous waste for purposes of treatment, storage or disposal.

"Solid waste management facility" means any facility employed beyond the initial solid waste collection process for the storage, processing, or disposal of solid waste or the recovery by any means of any material or energy product or resource therefrom, including, but not limited to, transfer stations, baling facilities, rail haul or barge haul facilities, processing systems, including resource recovery facilities or other facilities for reducing solid waste volume, sanitary landfills, facilities for the disposal of construction and demolition debris, plants and facilities for compacting, composting or pyrolyzation of solid wastes, incinerators and other solid waste disposal, reduction or conversion facilities. Solid waste management facility shall not include an electronic waste recycling facility.

- (b) No person shall place out for Department collection or cause to be placed out for Department collection any electronic waste or place out or cause to be placed out any electronic waste when such electronic waste is otherwise intended for disposal at a solid waste management facility or hazardous waste management facility in this state.
- (c) Any person who violates this section shall be liable for a civil penalty of one hundred dollars per violation.
- (d) All violations issued under this section shall be returnable to the Environmental Control Board which shall have the power to impose the penalty provided by this section.

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Promulgation of Rules

NOTICE IS HEREBY GIVEN in accordance with section 1043(b) of the New York City Charter ("Charter") that the Taxi and Limousine Commission ("TLC") promulgates amendments to its driver education rules.

These rules are promulgated pursuant to sections 1043 and 2303 of the Charter and section 19-503 of the Administrative Code of the City of New York.

These rules were published on November 18, 2014, for public comment in the *City Record*. On December 18, 2014 a public hearing was held by the TLC at its offices at 33 Beaver Street, 19th Floor, New York, New York, 10004 and the rules were adopted by the Commission at a public meeting held on January 29, 2015. Pursuant to section 1043(e)(1)(c) of the Charter, these rules will take effect 30 days following publication in the *City Record*.

Statement of Basis and Purpose

Well-trained drivers are essential to a safe, efficient, high-performing for-hire transportation industry. To this end the New York City Taxi and Limousine Commission (“TLC”) has long required that applicants for a taxi driver’s license complete “taxi school,” which is currently offered by several authorized providers and includes instruction on TLC rules, geography, vehicle technology, and customer service. After completing instruction, applicants must pass a test to demonstrate an understanding of the materials.

Several factors, however, necessitate changes to the current education requirements. First, drivers in the for-hire vehicle (“FHV”) industry, which includes livery cabs, black cars, and limousines, are not required to attend a “taxi school” equivalent before gaining licensure. Because passengers traditionally had control over which FHV service they hire, it was held that there is less of a need for a standardized level of service that a taxi school seeks to bring about. By contrast, because passengers have little control over which taxi driver responds to a hail, standardized service, and thus taxi school, was necessary. But with more than 70,000 licensed FHV drivers and nearly 50,000 for-hire vehicles on the road today, transporting nearly as many passengers each day as the yellow taxis, the rationale underlying the different education requirements is no longer tenable.

Additionally, wheelchair-accessible vehicles are now a large and growing share of the taxi and FHV fleets, but only 6 percent of the more than 120,000 licensed drivers have the required training and skills to drive these vehicles.

Finally, except for the requirement that yellow taxi drivers take a refresher course to renew their license after their first year of licensure, drivers of yellow taxis and FHV’s are only required to take a defensive driving course every three years to maintain their license. This means that after initial licensure, there is no official venue in which drivers learn about new TLC rules, new street design patterns, or have their skills refreshed on important functions. In a rapidly-changing environment, with a renewed focus on safety and accessibility, as detailed in the Vision Zero Action Plan and the Disability Accessibility Plan, long-time drivers may lack key information to continue to serve the public effectively.

Thus these rules amend the rules governing driver education requirements to expand education requirements to FHV drivers, increase the population of drivers who must take accessibility training, and institute continuing education for taxi and FHV drivers.

By expanding and enhancing training requirements, the rules will more than double the demand for education services to more than 100,000 people. The TLC will work with the current providers and other interested parties to expeditiously develop the infrastructure to meet this demand, although the TLC recognizes that the infrastructure may not be in place when these rules go into effect. Consequently, as a temporary measure, the rules would allow applicants for a new FHV driver’s license to obtain a conditional license until the FHV-specific Authorized Driver Education Training is available, and once it is available, conditional licensees will have 90 days to complete the course in order to maintain licensure. In the alternative to conditional licensure, new FHV applicants can meet the Authorized Driver Education Training requirement by taking the driver education course that is required of taxi drivers.

Specifically the rules:

- Add a definition of “Point Reduction Course,” and “Wheelchair Passenger Assistance Training.”
- Require that applicants for a new FHV driver’s license take a training course and pass an exam on course contents in order to obtain the license.
- Require that applicants for a renewal taxi or FHV driver’s license take a License Renewal Course.
- Require that FHV drivers take Wheelchair Passenger Assistance Training as a condition of licensure.
- Provide for the issuance of a conditional license to applicants for a new FHV driver’s license until Authorized Driver Education Training is available, and once available, require completion of the course within 90 days in order to maintain licensure.
- Advance the date that current taxi drivers are required to take Wheelchair Passenger Assistance Training, so that it is consistent with the requirements of FHV drivers.
- Require that all new and renewal Commuter Van and Paratransit driver’s license applicants take a Defensive Driving Course.
- Exempt New York City police officers and certain persons with military service who are applying for a new FHV Driver’s license from the driver education training requirement.
- Eliminate the required remedial course for persistent violators, as all drivers, not just persistent violators, will be required to

take refresher courses at frequent intervals.

These rules are authorized by Section 2303 of the Charter and Sections 19-503 of the Administrative Code of the City of New York.

New material is underlined.

[Deleted material is in brackets.]

Section 1. The definitions of the terms “Authorized Taxicab Training,” “Authorized Taxicab Training Refresher Course,” “Defensive Driving Course,” and “Distracted Driving Course” as set forth in section 51-03 of Title 35 of the Rules of the City of New York are amended, the definition of the term “Approved Motor Vehicle Accident Prevention Program” is deleted, and new terms “Point Reduction Course” and “Wheelchair Passenger Assistance Training” are added, in alphabetical order, to read as follows:

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
