CITY PLANNING COMMISSION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that resolutions have been adopted by the City Planning Commission, scheduling a public hearing on the following matters, to be held, at NYC City Planning Commission, Hearing Room, Lower Concourse, 120 Broadway, New York, NY, on Wednesday, April 24, 2019, at 10:00 A.M.

BOROUGH OF MANHATTAN

No. 1
515 WEST 18TH STREET GARAGE

CD 4 C 190213 ZSM

IN THE MATTER OF an application submitted by 18th Highline Associates, L.L.C., pursuant to Sections 197-c and 201 of the New York City Charter, for the grant of special permits, pursuant to Section 13-45 (Special Permits for additional parking spaces), and Section 13-451 (Additional parking spaces for residential growth), of the Zoning Resolution to allow an attended accessory parking garage with a maximum capacity of 180 spaces on portions of the ground floor and cellar of a proposed mixed-use building on property, located at 515 West 18th Street (Block 690, Lots 12, 20, 29, 40, 54 and 1001-1026), in C6-2 and C6-3 Districts, within the Special West Chelsea District.

Plans for this proposal are on file with the City Planning Commission, and may be seen, at 120 Broadway, 31st Floor, New York, NY 10271-0001.

BOROUGH OF QUEENS

No. 2
76TH DRIVE AND AUSTIN STREET REZONING

CD 6 C 180399 ZMQ

IN THE MATTER OF an application submitted by Able Orthopedic & Sports Medicine, PC, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment of the Zoning Map, Section No. 14b, changing from an R2 District to an R3-2 District, property bounded by 76th Drive, a line perpendicular to the southeasterly street line of 76th Drive distant 55 feet northeasterly (as measured along the street line), from the point of intersection of the southeasterly street line of 76th Drive and northeasterly street line of Austin Street, 77th Avenue, and Austin Street;

as shown on a diagram (for illustrative purposes only), dated February 11, 2019, and subject to the conditions of CEQR Declaration E-522.

HOUSING AUTHORITY

■ MEETING

The next Board Meeting of the New York City Housing Authority, is scheduled for Wednesday, April 24, 2019, at 10:00 A.M., in the Board Room, on the 12th Floor of 250 Broadway, New York, NY (unless otherwise noted). Copies of the Calendar will be available on NYCHA's website, or may be picked up, at the Office of the Corporate Secretary, at 250 Broadway, 12th Floor, New York, NY, no earlier than 24 hours before the upcoming Board Meeting. Copies of the Minutes will also be available on NYCHA's website, or may be picked up, at the Office of the Corporate Secretary, no earlier than 3:00 P.M., on the Thursday following the Board Meeting.

Any changes to the schedule, will be posted here, and on NYCHA's website, at <http://www1.nyc.gov/site/nycha/about/board-calendar.page>, to the extent practicable, at a reasonable time before the meeting.

The meeting, is open to the public. Pre-Registration, at least 45 minutes before the scheduled Board Meeting, is required by all speakers. Comments are limited to the items on the Calendar. Speaking time will be limited to three minutes. The public comment period will conclude upon all speakers being heard or at the expiration of 30 minutes allotted by law, for public comment, whichever occurs first.

The meeting will be streamed live on NYCHA's website, at <http://nyc.gov/nycha>, and on <http://on.nyc.gov/boardmeetings>.

For additional information, please visit NYCHA's website or contact (212) 306-6088.

Accessibility questions: Office of the Corporate Secretary (212) 306-6088, corporate.secretary@nycha.nyc.gov, by: Wednesday, April 10, 2019, 5:00 P.M.

SUPREME COURT
QUEENS COUNTY
■ NOTICE

QUEENS COUNTY
IAS PART 38
NOTICE OF PETITION
INDEX NUMBER 705567/2019
CONDEMNATION PROCEEDING

IN THE MATTER OF the Application of the CITY OF NEW YORK Relative to Acquiring Title in Fee Simple to Property, located in Queens, including All or Parts of **142ND STREET AT ITS INTERSECTION WITH THE SOUTHWEST CORNER OF 135TH AVENUE**

in the Borough Queens, City and State of New York.

PLEASE TAKE NOTICE that the City of New York ("City"), intends to make an application to the Supreme Court of the State of New York, Queens County, IAS Part 38, for certain relief. The application will be made, at the following time and place: At the Queens County Courthouse, located at 88-11 Sutphin Avenue, Part 38, Courtroom 116 in the Borough of Queens, City and State of New York, on May 2, 2019, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

- a. authorizing the City to file an acquisition map in the Office of the City Register;
- b. directing that, upon the filing of the order granting the relief sought in this petition, together with the filing of the acquisition map in the Office of the City Register, title to the property shown on said map and sought to be acquired and more particularly described in this petition shall vest in the City in fee simple absolute;
- c. providing that the compensation which should be made to the owners of the real property sought to be acquired and described in this petition be ascertained and determined by the Court without a jury;
- d. directing that within thirty days of the entry of the order granting the relief sought in this petition, the City shall cause a Notice of Acquisition, to be published in at least ten successive issues of The City Record, an official newspaper published in the City of New York, and shall serve a copy of such notice by first class mail on each condemnee or his, her, or its attorney of record; and
- e. directing that each condemnee shall have a period of one calendar year from the vesting date for this proceeding, in which to file a written claim, demand or notice of appearance with the Clerk of this Court and to serve a copy of the same upon the Corporation Counsel of the City of New York, 100 Church Street, New York, NY 10007.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for roadway improvements, widening, and related work in the Borough of Queens, City and State of New York.

The real property that is to be acquired in fee simple absolute in this proceeding is described as follows:

142ND STREET AT ITS INTERSECTION WITH THE SOUTHWEST CORNER OF 135TH AVENUE

All that certain plot, piece or parcel of land, situate, lying and being in the Borough and County of Queens, City and State of New York, being more particularly bounded and described as follows:

- BEGINNING at a corner formed by the intersection of the southeasterly line of the 135th Avenue, with southwesterly line of the said 142nd Street as shown on Alteration Map No. 5014;
- 1. RUNNING THENCE, northeasterly, along the former southeasterly line of 135th Avenue, a distance of 24.52 feet to the former westerly line of 142nd Street, as eliminated by the said Alteration Map;
 - 2. THENCE, southerly, deflecting to the left 104 degrees 04 minutes 34.5 seconds from the last mentioned course and along the said former westerly line of 142nd Street, a distance of 94.26 feet to an angle point in the westerly line of 142nd Street;
 - 3. THENCE, northwesterly, along the said southwesterly line of 142nd Street, deflecting to the right 164 degrees 55 minutes 36.5 seconds from the last mentioned course, a distance of 91.44 feet back to the point of Beginning.

This parcel consists of part of tax lot 6 in Queens tax block 12095, as laid out on the "City Map" of the City of New York, Borough of Queens, and comprises an area of 1,121 square feet or 0.02573 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, NY 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR § 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

Dated: New York, NY

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the

following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

Procurement and Sourcing Solutions Portal (PASSPort), Disclosure Filing (formerly known as Vendor Information Exchange System (VENDEX) Forms or Certificate of No Change)

All organizations intending to do business with the City of New York must complete a disclosure process in order to be considered for a contract. This disclosure process was formerly completed using Vendor Information Exchange System (VENDEX) paper-based forms. Beginning in summer 2017, the City of New York moved collection of vendor disclosure information online. In anticipation of awards, proposers to Requirements Contracts for Engineering Design and Related Services for Bridges, Step Streets, Retaining Walls/Bulkheads and Other Miscellaneous Structures, Citywide, must create online accounts in the new Procurement and Sourcing Solutions Portal (PASSPort), and file all disclosure information. Paper submissions, including certifications of no changes to existing VENDEX packages will not be accepted in lieu of complete online filings. Disclosure filing completion will be required prior to any award through this RFP. For

more information about PASSPort, please visit nyc.gov/passport.

This procurement is subject to MBE and/or WBE participation goals as required by Section 6-129 of the New York City Administrative code. Note: Any project resulting from this procurement that is subject to the DBE program will not be subject to the M/WBE requirements described in this RFP.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Bid Document Deposit-\$35.00 per Set-Company Check or Money Order Only-No Cash Accepted-Late bids will not be accepted

There will be an Optional Pre-Bid Walk-Thru, on Tuesday, May 7, 2019, at 10:00 A.M., at the Department of Sanitation, located at 52-35 58th Street, Queens, NY 11377.

THIS PROJECT IS SUBJECT TO HireNYC Special Experience Requirements.

Bid documents are available at: <http://ddcbiddocuments.nyc.gov/inet/html/contrbid.asp>

As of August 1, 2017, the New York City Mayor's Office of Contract Services (MOCS) has launched the Procurement and Sourcing Solutions Portal (PASSPort), a new procurement system that will replace the paper - VENDEX process.

All organizations intending to do business with the City of New York should complete an online disclosure process to be considered for a contract. This disclosure process was formerly completed using Vendor Information Exchange System (VENDEX) paper-based forms. In anticipation of awards, bidders/proposers must create an account and enroll in PASSPort, and file all disclosure information. Paper submissions, including Certifications of No Changes to existing VENDEX packages will not be accepted in lieu of complete online filings. You can access PASSPort from the following link: <http://www.nyc.gov/passport>.

This procurement is subject to Minority-Owned and Women-Owned Business Enterprises (MWBE) participation goals as required by Local Law 1 of 2013. All respondents will be required to submit an M/WBE Participation Plan with their response. For the MWBE goals, please visit our website at <http://ddcbiddocuments.nyc.gov/inet/html/contrbid.asp> see "Bid Opportunities". For a list of companies certified by the NYC Department of Small Business Services, please visit www.nyc.gov/buycertified. To find out how to become certified, visit www.nyc.gov/getcertified or call the DSBS certification helpline at (212) 513-6311.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

CHRONIC - DATA COLLECTION - Sole Source - Available only from a single source - PIN# 20CR002201R0X00 - Due 5-6-19 at 10:00 A.M.

DOHMH's Bureau of Chronic Disease Prevention and Tobacco Control is concerned with the proliferation of chronic diseases among the NYC population and works to support New Yorkers in making the healthy choice the easy choice. DOHMH, intends to enter into a Sole Source contract with ACNielsen Corporation, to collect data on the sales of beverages, tobacco and e-cigarettes in New York City. ACNielsen Corporation will provide datasets, which measures raw volume of sales per week on beverages, tobacco and electronic cigarette and sodium, as well as added sugar content of packaged food. This data will track the trends in sales of consumable goods at grocery, convenience and all other chain retailers in the five boroughs of New York City. The

purpose of this weekly data is to use statistical methods to assess the immediate and downstream impact of NYC programs and policies, and would also contribute to evaluating the collective impact of DOHMH work, as well as determine if certain boroughs have responded more or less substantially, to these interventions and policies. DOHMH has determined that ACNielsen Corporation is a sole source vendor for Nielsen's Licensed Services as they retain ownership and does not sell, but only licenses to clients. Any vendor who believes they can provide these services are welcome to submit an expression of interest, via email, by May 6, 2019, no later than 10:00 A.M. All questions and concerns regarding this sole source, should also be submitted via email.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

PARKS AND RECREATION

■ VENDOR LIST

Construction Related Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

NYC DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of NYC DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, NYC DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. NYC DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL, will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

NYC DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Application documents may also be obtained online at: <http://a856-internet.nyc.gov/nycvendonline/home.asap.>; or <http://www.nycgovparks.org/opportunities/business>.

REQUEST FOR PROPOSALS FOR AN OUTDOOR CAFE AND SNACK BAR, CONSERVATORY WATER, CENTRAL PARK - Competitive Sealed Proposals - Judgment required in evaluating proposals - PIN# M10-15SB-2019 - Due 6-3-19 at 3:00 P.M.

In accordance with Section 1-13 of the Concession Rules of the City of New York, the New York City Department of Parks and Recreation ("Parks"), is issuing, as of the date of this notice, a significant Request for Proposals ("RFP"), for the renovation, operation and maintenance of an outdoor café and snack bar, at Conservatory Water in Central Park, Manhattan.

There will be a recommended proposer site tour on Tuesday, April 23, 2019, at 11:30 A.M. We will be meeting at the proposed concession site (Block # 1111 and Lot #1), Conservatory Water, which is located in Central Park at about East 74th Street, in the borough of Manhattan. If you are considering responding to this RFP, please make every effort to attend this recommended meeting. All proposals submitted in response to this RFP, must be submitted no later than Monday, June 3, 2019, at 3:00 P.M.

Hard copies of the RFP can be obtained, at no cost, commencing on Friday, April 12, 2019 through Monday, June 3, 2019, between the hours of 9:00 A.M. and 5:00 P.M., excluding weekends and holidays, at the Revenue Division of the New York City Department of Parks and Recreation, which is located at 830 Fifth Avenue, Room 407, New York, NY 10065.

The RFP is also available for download, on Friday, April 12, 2019 through Monday, June 3, 2019, on Parks' website. To download the RFP, visit <http://www.nyc.gov/parks/businessopportunities>, and click on the "Concessions Opportunities at Parks" link. Once you have logged in, click on the "download" link that appears adjacent to the RFP's description.

For more information or to request to receive a copy of the RFP by mail, prospective proposers may contact Eric Weiss, Project Manager; at (212) 360-3483, or at eric.weiss@parks.nyc.gov.

AGENCY RULES

HEALTH AND MENTAL HYGIENE

■ NOTICE

The following resolution was adopted by the Board of Health on April 17, 2019 and will be published in accordance with §17-148 of the Administrative Code of the City of New York.

Resolution of the Board of Health of the
Department of Health and Mental Hygiene
of the City of New York

At a meeting of the Board of Health of the Department of Health and Mental Hygiene held on April 17, 2019, the following resolution was adopted:

WHEREAS, there is an active outbreak of measles among people residing in the neighborhood of Williamsburg in Brooklyn, NY who live within zip codes 11205, 11206, 11211 and 11249 (the "affected zip codes"); and

WHEREAS, on April 9, 2019 the Commissioner of the Department of Health and Mental Hygiene determined that an urgent public health action was necessary to protect the public from the measles outbreak occurring in the neighborhood of Williamsburg and declared a public health emergency; and

WHEREAS, pursuant to her authority under Health Code §3.01, the Commissioner ordered that anyone who lives, works or resides in the affected zip codes and any child older than six months of age living, residing, or working in any of the affected zip codes be immunized against measles; and

WHEREAS, the Order subjects a person to a civil fine, unless such person or, for a child, such person's parent or guardian, can demonstrate that such person has immunity to the disease or document to the satisfaction of the Department that such person should be medically exempt from this requirement; and

WHEREAS, pursuant to Health Code §3.01, the Order issued by the Commissioner is only in effect until the Board of Health convenes and either continues or rescinds the Commissioner's exercise of authority; and

WHEREAS, the Board of Health has taken and filed among its records and reports that since September 2018 more than 300 cases of measles have been documented in the City of New York with the vast majority occurring among people residing in the affected zip codes and that new cases of measles are still occurring at an alarming rate; and

WHEREAS, measles is a highly contagious viral disease that can result in serious health complications such as pneumonia, encephalitis (swelling of the brain) and death. About a third of reported measles cases have at least one complication. Measles can be serious in all age groups. However, infants, young children, pregnant persons, people whose immune systems are weak and adults are more likely to suffer from measles complications; and

WHEREAS, measles is easily transmitted from a sickened person to others who lack immunity to the disease. The virus can live for up to two hours in the air or on surfaces where an infected person coughed or sneezed and people who lack immunity are highly likely to become sick if they are in contact with an infectious person or near where an infectious person recently has been; and

WHEREAS, although measles is highly contagious, the Measles-Mumps-Rubella (MMR) vaccine is a proven safe and effective vaccine that will prevent its transmission. While measles remains one of the leading causes of death among young children in parts of the world where the vaccination is not available, the disease until this outbreak was eliminated in the United States; and

WHEREAS, because a high rate of people living within the affected zip codes in Williamsburg have not been vaccinated against measles, the measles outbreak persists in Williamsburg despite other efforts taken by the Department of Health and Mental Hygiene to stop it, including orders excluding unvaccinated children from attending preschools and daycare programs; and

WHEREAS, the Board of Health regards the aforesaid reports of over 300 cases of measles as sufficient proof to authorize the declaration that an outbreak of measles is occurring in Williamsburg that threatens the health and safety of New Yorkers and is immediately dangerous to human life and health and constitutes a public nuisance; and

WHEREAS, the outbreak is occurring because a large number of people residing in the affected zip codes have not been vaccinated against measles; and

WHEREAS, the only way to end the outbreak is to require that people residing, working or attending school in any of the affected zip codes be vaccinated against or otherwise have immunity against measles; and

WHEREAS, personal service or service, pursuant to Subdivisions (a) or (b) of §17-148 of the Administrative Code of the City of New York of orders requiring the abatement of such nuisances and conditions in effect dangerous to life and health upon each of the persons who, pursuant to the provisions of Title 17 of the Administrative Code of the City of New York, has a duty or liability to abate such nuisances and conditions, would result in a delay prejudicial to the public health, welfare, and safety; now, therefore, be it

RESOLVED, that the Board of Health hereby declares that an outbreak of measles is ongoing in the neighborhood of Williamsburg and that the outbreak poses a public nuisance because it is immediately dangerous to life and health; and be it further

RESOLVED, that the Board of Health hereby declares that any person who lives or works within the affected zip codes shall be vaccinated against measles unless such person can demonstrate immunity to the disease or document to the satisfaction of the Department that such person should be medically exempt from this requirement; and be it further

RESOLVED, that the parent or guardian of any child six months of age or older who lives or attends school, preschool or child care within the affected zip codes and who has not received the MMR vaccine shall cause such child to be vaccinated against measles unless such parent or guardian can demonstrate that the child has immunity to the disease or document to the satisfaction of the Department that such child should be medically exempt from this requirement; and be it further

RESOLVED, that any person required by this declaration to be immunized against measles, or any parent or guardian required by it to immunize his or her child, shall be violating this order and be

subject to the fines authorized by applicable law, rule and regulations each day that he, she, or such child continues to reside, work or attend school, preschool or child care in any of the affected zip codes without having been vaccinated against measles until such time that this outbreak is declared to be over by the Commissioner of the Department of Health and Mental Hygiene.

RESOLVED further, that this resolution shall take effect immediately and publication shall be in accordance with New York City Administrative Code §17-148.

(As adopted by the Board of Health unanimously on April 17, 2019)

a22-24

BOARD OF HEALTH

Notice of Public Hearing and Opportunity to Comment on Proposed Amendments of Articles 11, 71, and 173 of the New York City Health Code

What are we proposing? The New York City Department of Health and Mental Hygiene (“Department” or “DOHMH”) is proposing that the Board of Health (“Board”) amend Articles 11 and 173 of the New York City Health Code (“Health Code”) to require: 24-hour reporting of blood lead level test results at or above five (5) micrograms per deciliter, environmental assessments and appropriate inspections and enforcement actions be conducted when such BLLs are reported for individuals under 18 years of age, and other related definition changes lowering the acceptable level of lead in paint. The Department is also proposing that the Board amend Articles 71 and 173 to provide greater clarity on consumer products that contain dangerous levels of lead and the Department’s authority to take action when such levels are found.

When and where is the hearing? The Department will hold a public hearing on the proposed rule. The public hearing will take place from 10:00 A.M. until 12:00 P.M. on May 23, 2019. The hearing will be at the offices of the New York City Department of Health and Mental Hygiene at 42-09 28th Street, Room 14-43, Long Island City, NY 11101-4132.

How do I comment on the proposed amendments to the Health Code? Anyone may comment on the proposed amendments by:

- **Website:** You may submit comments to the Department through the NYC Rules website at <http://rules.cityofnewyork.us>.
- **Email:** You may email comments to resolutioncomments@health.nyc.gov
- **Mail:** You may mail comments to:
New York City Department of Health and Mental Hygiene
Gotham Center, 42-09 28th Street, CN 31
Long Island City, NY 11101-4132
- **Fax:** You may fax comments to the Department at (347) 396-6087.
- **By speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by calling at (347) 396-6078 or (347) 396-6116. You can also sign up in the hearing room before the hearing begins on May 23, 2019. You can speak for up to three minutes.

Is there a deadline to submit written comments? Written comments must be received on or before May 23, 2019, at 5:00 P.M.

What if I need assistance to participate in the hearing? You must tell the Office of General Counsel if you need a reasonable accommodation of a disability at the hearing. You must tell us if you need a sign language interpreter. You can tell us by mail at the address given above. You may also tell us by telephone at (347) 396-6078 or (347) 396-6116. Advance notice is requested to allow sufficient time to arrange the accommodation. Please tell us by May 9, 2019.

This location is wheelchair-accessible.

Can I review the comments made on the proposed amendments? You may review the comments made online at <http://rules.cityofnewyork.us/>, on the proposed amendments by going to the website, at <http://rules.cityofnewyork.us/>. All written comments and a summary of the oral comments received by the Department will be made available to the public within a reasonable period of time by the Department’s Office of the General Counsel.

What authorizes the Department to make these amendments? Section 558(b), (c), and (g) of the New York City Charter (“Charter”) empowers the Board to amend the Health Code and to include in the Health Code all matters to which the Department’s authority extends. Section 1043(a) of the Charter grants rulemaking powers to the Department.

Where can I find the Department rules and the Health Code? The Department’s rules and the Health Code are located in Title 24 of the Rules of the City of New York.

What laws govern the rulemaking process? The Department must satisfy the requirements of Section 1043 of the Charter when adding or amending rules. This notice is made according to the requirements of

Section 1043(b) of the Charter.

The proposed amendments were not included in the Department’s regulatory agenda for this fiscal year because they were not contemplated when the Department published the agenda.

Statement of Basis and Purpose

I. The Dangers of Lead Exposure

Children exposed to any level of lead may face serious, irreversible harm that has consequences throughout their lifetimes. Children under the age of six are at greatest risk for exposure because they explore the world through hand-to-mouth activity and because their bodies are rapidly growing and can more readily absorb lead. Elevated blood lead levels in children can result in behavioral changes, reduced educational attainment and hearing and speech delays. In 2012, the Centers for Disease Control and Prevention (CDC) explained that there is no safe blood lead level (BLL) for children, announced that 98.5% of children nationally had a BLL below five micrograms per deciliter (mcg/dL), and recommended public health action at this defined “reference level.” In adults, lead exposure can increase risk of hypertension, peripheral neuropathy, renal dysfunction, and adverse reproductive outcomes. Pregnant women present a unique concern because lead exposure can affect the health of both the woman and the fetus. Since symptoms of elevated BLLs are often not immediately observable and many adverse health effects are irreversible, preventing exposure before it occurs and reducing future exposures are the only effective ways to protect children and adults from lead’s deleterious effects.

II. Lead in Paint

Lead in paint remains the most common source of lead exposure for New York City children. As the older layers of lead-based paint from previous decades remain on interior surfaces, such layers peel, crack, chip, or flake. Very young children – especially those under the age of three – are most at risk as this peeling or chipped lead-based paint and dust easily end up on a crawling baby or toddler’s hands and toys and then into their digestive systems due to developmentally appropriate hand-to-mouth activity. At critical stages of physical development, these very young children absorb lead at higher rates than older children and adults, putting them at the greatest risk of all when exposed to lead.

New York City has long been at the vanguard of efforts nationally to reduce BLLs in children, beginning in 1960 when the Board of Health made New York City one of the first jurisdictions in the country to prohibit the use of lead paint in residential settings, 18 years before it was banned by the Federal government. Because of strong laws, regulations, policies and procedures—including the requirements of the Health Code—New York City has seen close to a 90 percent decline since 2005 in the number of children under age six with a BLL at or above five mcg/dL.

The New York City Childhood Lead Poisoning Prevention Act (“Local Law 1”), enacted in 2004, required the Department to investigate the potential sources of lead in the home and elsewhere when it receives a report of children under 18 years old with a BLL level at or above 15 mcg/dL.¹ Complementing Local Law 1, the Health Code currently defines “lead-based paint” as paint with a lead content of 1.0 milligrams per centimeter squared (mg/cm²). It also requires that:

- Health care providers and clinical laboratories notify the Department of BLL test results of 10 mcg/dL or greater within 24 hours (Health Code Section 11.03) and all BLL test results within five business days (Health Code Section 11.09);
- DOHMH conduct investigations of children under 18 years old with BLLs at or above 15 mcg/dL to identify sources of lead and order abatement as needed (Health Code Section 173.13(d)(2));
- If lead-based paint hazards are identified based on a report of a child with a BLL of 15 mcg/dL, a Commissioner’s Order to correct the hazard be issued, requiring the owner to correct the violation within five days (Health Code Section 173.13(d)(2)); and
- The maximum content of lead dust permitted for re-occupancy of a unit is 40 mcg/ft² for floors, 250 mcg/ft² for window sills, and 400 mcg/ft² for window wells (Health Code Section 173.14(e)(1)(I)(iv)).

Based on changes in federal guidelines and evolving scientific evidence, the Department has been conducting investigations for children at BLLs lower than Health Code mandates, including at eight mcg/dL and above for children under 16 months old, and 10 mcg/dL and above for children under six years old. These environmental investigations include a comprehensive risk assessment and environmental sampling of the child’s residence and any supplemental addresses. The environmental sampling includes testing peeling paint and dust for lead content. The Department has been taking public health action for children with a BLL of five mcg/dL and above since 2009, by notifying parents and health care providers about the blood lead test results and providing recommendations for follow-up

1 NYC Administrative Code § 27-2056.14.

testing and interventions. Beginning in 2018, the Department began conducting environmental investigations for all children under 18 years old with a BLL of five mcg/dL.

In light of such changes in guidelines and scientific evidence, and to align with recent amendments to Local Law, the Department seeks to update relevant Health Code provisions related to childhood lead paint exposure interventions as described below. Among the changes proposed is redefining “lead-based paint” from a lead concentration threshold of 1.0 mg/cm² to 0.5 mg/cm² and from paint with a metallic lead content of 0.5% or greater to 0.25% or greater once the New York City Department of Housing Preservation and Development (HPD) confirms via rulemaking that there is at least one Performance Characteristic Sheet (PCS) published by the United States Department of Housing and Urban Development or other sufficient written technical guidance approving a commercially available x-ray fluorescence (XRF) analyzer tested at the level of 0.5 mg/cm². In addition, since the Department’s review of XRF readings taken from residences of children with BLLs of eight mcg/dL and above show that paint with lead content below current Health Code levels presents a risk to children, the Department is proposing to immediately adopt this more protective standard and order abatement of non-intact paint where an XRF reading is 0.5 mg/cm² and there is a child with under 18 years old with a BLL of five mcg/dL. In this manner, property owners are on clear notice that the Department will take enforcement action when needed if these lower lead levels in non-intact paint are present in the home of a child with a BLL of five mcg/dL or higher.

III. Consumer Products as a Source of Lead Exposures

While lead-based paint remains the primary source of lead exposure for New York City children, consumer products—such as certain supplements or remedies, cosmetics, religious powders, jewelry, and spices—are also often identified as potential lead sources associated with elevated BLLs. This poses a special challenge in New York City, where many residents come from a broad spectrum of ethnic, cultural, and religious backgrounds and use imported goods that may contain lead or other heavy metals at unsafe levels not permitted in goods produced in the United States.

To address this challenge, the Department has a comprehensive approach to identifying and reducing exposure to lead in consumer products that includes surveying stores to find potentially hazardous products, conducting enforcement actions to remove the products from sale and use, and providing risk communication and public education to prevent future use of the products. The Department has tested thousands of consumer products for lead and other heavy metals since 2011, of which hundreds of product samples have been found to contain elevated lead or other heavy metals. From September 2014 through 2018, the Department surveyed more than 700 New York City stores to determine the availability of hazardous consumer products and embargoed more than 19,000 hazardous consumer products.

Multiple Federal laws regulate non-paint sources of lead, including the Consumer Product Safety Act, the Federal Hazardous Substances Act, the Food, Drug and Cosmetic Act, and their attendant regulations, guidelines, and other publications. These Federal laws, regulations and guidelines provide baselines for permissible levels of lead in consumer products and other substances nationwide. Combined, these laws and regulations provide a continuously evolving set of complex standards by which products and substances are regulated to protect the public health. Some states and localities have taken steps to augment the federal standards. In New York State, Education Law § 6818 bans the sale of cosmetics containing poisonous or deleterious substances. In New York City, Administrative Code § 17-189 prohibits the sale of lead-containing candy and litargirio. California and Minnesota have made lead levels for adult jewelry closer to that required federally for children’s jewelry.^{2 3} Many states have also adopted the federal standards for lead content in children’s toys.

While the Health Code currently incorporates Federal standards for lead content in consumer products, food, drugs, and cosmetics, these provisions can be confusing regarding specific items with dangerous levels of lead and regarding the Department’s enforcement authority. The Department is therefore proposing to clarify specific products that are banned for sale, use, and transfer in the City due to their lead content. The Department is also proposing to adopt specific Health Code authorization allowing it to seize, embargo, and/or condemn products and substances with dangerous levels of lead. And finally, the Department is proposing to include a safe products awareness training program as a requirement for individuals and entities who offer for sale or otherwise distribute hazardous lead-containing products or materials; such a program will assist small businesses and others in identifying products they are not supposed to sell in the future and thereby expand the positive impact of Department enforcement action.

IV. Summary of Proposed Health Code Amendments

The Department is proposing the following amendments to the

2 California Health and Safety Code Article 10.1.1.
3 2018 Minnesota Statutes § 325E.389.

Health Code:

1. Requiring all BLL test results of five mcg/dL or greater be reported to the Department within 24 hours and removing “lead poisoning” from the reportable condition of “poisoning by drugs or other toxic agents” (Section 11.03(a));
2. Requiring that BLL test results below five mcg/dL are also reported to the Department (Section 11.09(a));
3. Lowering the BLLs of children under 18 years of age from 15 mcg/dL to five mcg/dL when the Department is required to issue abatement orders if a lead-based paint hazard is identified in a dwelling where children reside (Section 173.13(d)(2));
4. Creating a trigger to redefine “lead-based paint” from a lead concentration threshold of 1.0 mg/cm² to 0.5 mg/cm² and from paint with a metallic lead content of 0.5% or greater to 0.25% or greater once the conditions of NYC Administrative Code Section 27-2056.2(7)(b) have been met to redefine the term citywide (Section 173.14(b));
5. Defining “unsafe lead paint condition” to mean non-intact paint with a concentration of lead equal to or greater than 0.5 but not greater than 0.9 milligrams per square centimeter or with a metallic lead content of 0.25% or greater regardless of whether a PCS has been issued for an XRF at these levels (Section 173.14(b));
6. Reducing the clearance level for dust wipes for floors and window wells and sills (Section 173.14(e)(1)(I)(iv));
7. Clarifying that cosmetics containing lead that could cause harm to users is not permitted, and specifying that kohl, kajal, al-Kahal, surma, tiro, tozali, kwalli, and litargirio, among other substances, are banned from sale (Section 71.05(g)(1));
8. Adding a new subsection to the definition of *per se* hazardous substances to specify the danger of lead exposure, and banning the sale of certain ceramic ware not suitable for use with foods and any jewelry that does not meet the federal standards for children’s jewelry (Section 173.01(i)(5));
9. Requiring conspicuous warnings on ceramic ware not suitable for use with food (Section 173.05(e)); and
10. Specifying that the sale, use, and transfer of hazardous or toxic substances or products is not permitted, that the Department has the power to seize, embargo, or condemn any such items, and that violators may be required to take a safe products awareness training program (Section 173.21).

Statutory Authority

These amendments to the Health Code are promulgated pursuant to Sections 558 and 1043 of the New York City Charter. Section 558 empowers the Board to amend the Health Code and to include in the Health Code all matters to which the authority of the Department extends. Section 1043 grants the Department rulemaking authority.

The proposal is as follows:

New material is underlined.

[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

RESOLVED, that Section 11.03(a) of Article 11 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

§ 11.03 Diseases and conditions of public health interest that are reportable.

(a) Cases and carriers affected with any of the following diseases and conditions of public health interest, and persons who at the time of their death were apparently so affected, shall be reported to the Department as specified in this article:

* * *

Babesiosis

Blood lead level of five micrograms per deciliter or higher (see also Section 11.09(a) of this Code)

Botulism (including infant, foodborne and wound botulism)

* * *

Poisoning by drugs or other toxic agents, including but not limited to [lead poisoning consisting of a blood lead level of 10 micrograms per deciliter or higher (see also § 11.09(a) of this Code);] carbon monoxide poisoning and/or a carboxyhemoglobin level above 10%; and including confirmed or suspected pesticide poisoning as demonstrated by:

- (1) Clinical symptoms and signs consistent with a diagnosis of pesticide poisoning;
or

- (2) Clinical laboratory findings of blood cholinesterase levels below the normal range;
or
- (3) Clinical laboratory findings or pesticide levels in human tissue above the normal range.

RESOLVED, that Section 11.09 of Article 11 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York be amended to read as follows:

§ 11.09 Blood Lead Reporting and Children’s Blood Lead Registry.

(a) In addition to the reports of blood lead levels [poisoning] made pursuant to § 11.03 of this Code, results of blood lead analyses [which] that are less than [10] five micrograms per deciliter for any resident of the City of New York shall be reported as follows:

- (1) Except as provided in Paragraph (2), clinical laboratories shall report blood lead test results [which] that are less than [10] five micrograms per deciliter to the Department.
- (2) A clinical laboratory [which] that reports blood lead test results less than [10] five micrograms per deciliter electronically to the New York State Department of Health shall not be required to make any additional report to the Department of such test results.
- (3) A person or entity who orders or performs blood lead tests but does not submit the specimen to a clinical laboratory for analysis shall report results of less than [10] five micrograms per deciliter to the Department.

* * *

RESOLVED, that Section 71.05(g)(1) of Article 71 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

§ 71.05 Adulteration or misbranding prohibited; possession deemed for purpose of sale.

(g) *Cosmetic deemed adulterated.* A cosmetic shall be deemed adulterated if the Department has determined the cosmetic to be adulterated or as set forth in the Federal Food, Drug, and Cosmetic Act (21 U.S.C. § 361) or State Education Law (§ 6818) under circumstances including, but not limited to, any of the following:

- (1) If it bears or contains any poisonous or deleterious substance, including lead, [which] that may render it injurious to users under the conditions of use prescribed in the labeling thereof, or under such conditions of use as are customary or usual[,] .
- (A) Kohl, kajal, al-Kahal, surma, tiro, tozali, and kwalli, and other cosmetic color additives (as defined in the Federal Food, Drug and Cosmetic Act, 21 U.S.C.A. Section 201(t)) containing lead that have not been approved by the U.S. Food and Drug Administration for sale in the United States are per se adulterated substances.
- (B) Litargirio and any powder containing lead intended for sale for personal use, including, but not limited to, use as an antiperspirant, deodorant, foot fungicide or as a treatment for burns and wounds, as defined by New York City Administrative Code § 17-189(a)(2), are per se adulterated substances.
- (C) [except that this provision shall not apply to any] Any cosmetic product [, whose label bears] that, pursuant to 21 U.S.C. § 740.1, has been authorized by the U.S. Food and Drug Administration [a statement pursuant to 21 U.S.C. § 740.1] to bear a label warning of the hazards associated with use of the product is not considered adulterated for purposes of this Article.

RESOLVED, that Section 173.01(i) of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

(i) **Hazardous substance** means:

- (1) Any substance or mixture of substances [which] that is combustible, corrosive, extremely flammable, flammable, highly toxic, an irritant, a strong sensitizer, toxic, or generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause or has caused substantial personal injury, including developmental delay or cognitive impairment, or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children;
- (2) Any substance [which] that the Federal Consumer Product Safety Commission determines [meets the requirements of Section 2(f)(1)(A) of the Federal Hazardous Substances Act] is hazardous;
- (3) Any radioactive substance if, with respect to such substance as used in a particular class of article or as packaged the Federal Consumer Product Safety Commission determines by regulation that the substance is sufficiently hazardous to require labeling to protect the public health; [and]

- (4) Any toy or other article which the Federal Consumer Product Safety Commission or the Commissioner determines presents an electrical hazard, mechanical hazard, or thermal hazard[.]; and
- (5) Any substance or product that contains a concentration or amount of lead that may cause or has caused substantial personal injury, including developmental delay or cognitive impairment, or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children. Such products include, but are not limited to:

- (A) Jewelry that is found to contain more than 100 parts per million of total lead content in accessible parts or a concentration of lead greater than 0.009 percent (90 parts per million) in paint or any similar surface coatings; and
- (B) Ceramic ware that is not suitable for use with foods because it leaches significant quantities of lead from potential food contact surfaces, as described by U.S. Food and Drug Administration Compliance Policy Guide Section 545.450. The lead leaching limits for acceptable ceramic ware for use with foods is:

Product	Micrograms per milliliter limit
<i>Ceramic ware:</i>	
<u>Flatware (average of 6 units)</u>	<u>3.0</u>
<u>Small hollowware other than cups and mugs (any 1 of 6 units)</u>	<u>2.0</u>
<u>Large hollowware other than pitchers (any 1 of 6 units)</u>	<u>1.0</u>
<u>Cups and mugs (any 1 of 6 units)</u>	<u>0.5</u>
<u>Pitchers (any 1 of 6 units)</u>	<u>0.5</u>
<i>Silver-plated hollow ware:</i>	
<u>Product intended for use by adults (average of 6 units)</u>	<u>7</u>
<u>Product intended for use by infants and children (any 1 of 6 units)</u>	<u>0.5</u>

- (6) Hazardous substance shall not mean pesticides subject to the Federal Insecticide, Fungicide, and Rodenticide Act or State Environmental Conservation Law; substances intended for use as fuels when stored in containers and used in the heating, cooking, or refrigeration system of a house; and source material, special nuclear material, or byproduct materials defined and regulated in applicable federal, state and local law.

RESOLVED, that Section 173.05 of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

§ 173.05 Labeling.

* * *

- (e) Ceramic ware not suitable for use with food. All ceramic ware not suitable for use with foods must either:
 - (1) Bear two types of conspicuous warnings:
 - (A) A stick-on label on a surface clearly visible to consumers that states in legible font at least 3.2 mm (0.125 inches) in height one of the following messages:
 - (i) “Not for Food Use. May Poison Food.”
 - (ii) “Not for Food-Use. Glaze contains lead. Food Use May Result in Lead Poisoning.” or
 - (iii) “Not for Food Use -Food Consumed from this Vessel [Plate] May be Harmful”;
 - (B) A legible permanent statement of a message selected from the above paragraph molded or fired onto the exterior surface of the base or, when the ceramic ware is not fired after decoration, permanently painted legible font at least 3.2 mm (0.125 inches) in height onto the exterior surface of the base;
 - (2) or
 - (2) Bear the label described in Subsection (1)(A) above and have

a hole bored through any potential food-contact surface.
[(e) (f) *Other substances to be labeled.* When the Commissioner finds that any substance is dangerous or detrimental to the health and safety of the public, the Commissioner may require the substance to be labeled pursuant to Subdivisions (b) or (c) of this section.

[(f) (g) *Strong sensitizers.* When the Department determines that a substance is a strong sensitizer, it may order the manufacturer, distributor or seller to label the substance pursuant to subdivision (b) of this section.

[(g) (h) *Experimental substances.* Subdivisions (b) and (c) of this section shall not apply to a substance still in the development stage when it is used solely for experimental purposes and when it is known that no specific hazard exists but the potential hazard is not identified, if it bears the following label or its practical equivalent: "Important! The properties of this substance have not been fully investigated and its handling or use may be hazardous. Exercise due care."

[(h) (i) *Wrapper labels.* The words, statements or other information required by this article to be borne on the label or labeling of a hazardous substance shall also appear on the outside container or wrapper, if any, of the retail package of the substance, unless the required word, statement or other information is easily legible through the outside container or wrapper, and on each place of the labeling of a hazardous substance where there are directions for use, whether written or otherwise.

[(i) (j) *Labeling to be conspicuous.* All words, statements or other information required on the label or labeling shall appear in a prominent place in the English language and in conspicuous and legible type which is contrasted by typography, layout or color from other printed matter on the label, container or wrapper. If the label or labeling contains any representation in a foreign language, all words, statements or other information required to appear on the label, container or wrapper shall also appear thereon in the foreign language.

RESOLVED, that Section 173.13(d) of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

§ 173.13 Lead Paint.

* * *
(d) *Orders for abatement or remediation.*
* * *

(2) *In a dwelling where a child with [an elevated] a blood lead level of five (5) micrograms per deciliter or greater resides.* When the Department finds that there is a child under 18 years of age with a blood lead level of [fifteen (15)] five (5) micrograms per deciliter or higher residing in any dwelling and further finds that the interior of such dwelling has [lead-based paint that is (a) peeling, (b) on a friction, impact or chewable surface or (c) on any surface of the dwelling that, in the Department's determination, is] a lead-based paint hazard because of its condition, location or accessibility to children, the Department shall order the abatement of any such condition in a manner and under such safety conditions as it may specify; in addition, until the New York City Department of Housing Preservation and Development (HPD) adopts regulations pursuant to New York City Administrative Code Section 27-2056.2(b), the Department is authorized to order abatement when an unsafe lead paint hazard is present in such dwelling.

(3) *Objections to Department orders.* An owner or other person to whom an order issued pursuant to this subdivision is directed shall notify the Department that he or she objects to such order no later than three (3) days after service of the order. In deciding whether objections to an order issued pursuant to § 173.13(d)(2) have merit, the Department may rely on the results of its lead-based paint or unsafe lead paint sampling, provided such results are obtained in accordance with the methodology identified within the definitions [of "lead-based paint" in § 173.14(b)] of this Code and the Department has a reasonable belief that such reliance will be more protective of the health of a child with an elevated blood lead level.

RESOLVED, that Section 173.14 of Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to read as follows:

§ 173.14 Safety standards for lead-based and unsafe lead paint abatement and remediation, and work that disturbs lead-based or unsafe lead paint.

(a) *Purpose, scope and applicability.* This section establishes work practices and safety standards for (1) abatement and other reduction of lead-based and unsafe lead paint hazards; [, and] (2) other work that disturbs surfaces covered with lead-based paint, or paint of unknown lead content[,] and (3) the minimum qualifications of persons who conduct such activities, in premises where children younger than six years of age reside, receive child care services, or attend pre-kindergarten or kindergarten classes[, and]. This section is intended to

reduce the exposure of such children to the lead-based and unsafe lead paint hazards associated with such work.

(b) *Definitions.* When used in this Article, or in § 43.23 or § 47.63 of this Code, the following terms shall have the following meanings:

Abatement. "Abatement" shall mean any set of measures designed to permanently eliminate lead-based paint, unsafe lead paint, [or] lead-based paint hazards, or unsafe lead paint hazards. Abatement includes: (i) the removal of [lead-based paint] such hazards, the permanent enclosure or encapsulation of [lead-based] such paint, and the replacement of components or fixtures painted with [lead-based] such paint; and (ii) all preparation, cleanup, disposal and post-abatement clearance testing associated with such measures. Abatement shall not include renovation, remodeling, landscaping or other activities, when such activities are not designed to permanently eliminate lead-based or unsafe lead paint hazards, but, instead, are designed to repair, restore, or remodel a given structure or dwelling, even though these activities may incidentally result in a reduction or elimination of lead-based paint or unsafe lead paint hazards. Furthermore, abatement shall not include interim controls, operations and maintenance activities, or other measures and activities designed to temporarily, but not permanently, reduce lead-based or unsafe lead paint hazards.

* * *

Encapsulation. "Encapsulation" shall mean the application of a covering or coating that acts as a barrier between the lead-based or unsafe lead paint and the environment and that relies for its durability on adhesion between the encapsulant and the painted surface, and on the integrity of the existing bonds between paint layers and between the paint and the substrate. Encapsulation may be used as a method of abatement if it is designed and performed so as to be permanent. Only encapsulants approved by the New York State Department of Health, or by another federal or state agency or jurisdiction which the Department or HPD has designated as acceptable may be used for performing encapsulation.

Enclosure. "Enclosure" shall mean the use of rigid, durable construction materials that are mechanically fastened to the substrate in order to act as a barrier between lead-based or unsafe lead paint and the environment.

* * *

Lead-based paint. "Lead-based paint" for the purpose of this Code, shall mean paint or other similar surface coating material containing lead in a concentration of 1.0 milligram [of lead] per square centimeter (mg/cm²) or greater as determined by laboratory analysis, or by an x-ray fluorescence (XRF) analyzer, except that, upon promulgation of a rule by HPD pursuant to New York City Administrative Code Section 27-2056.2(7)(b), "lead-based paint" shall mean paint or other similar surface coating material containing 0.5 milligrams of lead per square centimeter or greater as determined by laboratory analysis, or by XRF analyzer. If an XRF analyzer is used, readings shall be corrected for substrate bias when necessary as specified by the Performance Characteristic Sheets (PCS) published by the United States Environmental Protection Agency (EPA) for the specific XRF instrument used. XRF readings shall be classified as positive, negative or inconclusive in accordance with the United States Department of Housing and Urban Development (HUD) "Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing" (June 1995, revised 1997 July 2012) or any successor guidelines issued by HUD, and the PCS published by the EPA and HUD for the specific XRF instrument used. XRF results which fall within the inconclusive zone, as determined by the PCS shall be confirmed by laboratory analysis of paint chips, results shall be reported in mg/cm² and the measure of such laboratory analysis shall be definitive. If laboratory analysis is used to determine lead content, results shall be reported in mg/cm². Where the surface area of a paint chip sample cannot be accurately measured or if an accurately measured paint chip sample cannot be removed, laboratory analysis may be reported in percent by weight. In such case, lead-based paint shall mean any paint or other similar surface coating material containing more than 0.5% of metallic lead, based on the non-volatile content of the paint or other similar surface coating material, except that, upon promulgation of a rule by HPD pursuant to New York City Administrative Code Section 27-2056.2(7)(b), lead-based paint shall mean paint or other similar surface-coating material containing more than 0.25% of metallic lead, based on the non-volatile content of the paint or other similar surface-coating material. In the absence of a PCS for a specific XRF instrument or a particular function of such instrument, substrate correction, classification of XRF readings, and determinations of inconclusive readings shall be performed in accordance with the manufacturer's instructions for the specific XRF instrument used.

* * *

Remediation. "Remediation" shall mean the reduction or elimination of a lead-based or unsafe lead paint hazard through the wet scraping and repainting, removal, encapsulation, enclosure, or replacement of lead-based paint, or other method approved by the Department.

Removal. "Removal" shall mean a method of abatement that completely eliminates lead-based or unsafe lead paint from surfaces.

Replacement. "Replacement" shall mean a strategy or method of abatement that entails the removal of building components that have surfaces coated with lead-based or unsafe lead paint and the installation of new components free of lead-based and unsafe lead paint.

* * *

Unsafe lead paint. "Unsafe lead paint" for the purposes of this Code shall mean paint with a concentration of lead content equal to or greater than 0.5 mg/cm² and less than or equal to 0.9 mg/cm² or a metallic lead content of 0.25% or greater, as determined by laboratory analysis or by an XRF analyzer. XRF readings shall be classified as positive or negative in accordance with the manufacturer's instructions and, in the absence of a PCS for a specific XRF instrument or a particular function of such instrument, substrate correction, classification of XRF readings, and determinations of inconclusive readings shall be performed in accordance with the manufacturer's instructions for the specific XRF instrument used. If laboratory analysis is used to determine lead content, results shall be reported in milligrams of lead per square centimeter. Where the surface area of a paint chip sample cannot be accurately measured or if an accurately measured paint chip sample cannot be removed, a laboratory analysis may be reported in percent by weight. In such cases, lead-based paint shall mean any paint or other similar surface-coating material containing more than 0.25% of metallic lead, based on the non-volatile content of the paint or other similar surface-coating material.

Unsafe lead paint hazard. "Unsafe lead paint hazard" shall mean any condition in a dwelling or dwelling unit that causes exposure to lead from unsafe lead paint that is peeling or present on chewable surfaces, deteriorated subsurfaces, friction surfaces, or impact surfaces that could result in adverse human health effects.

* * *

Work. "Work" shall mean any activity that disturbs paint in accordance with Article 14 of Subchapter 2 of Title 27 of the Administrative Code or as otherwise ordered by the Department to remediate lead-based or unsafe lead paint hazards.

Work area. "Work area" shall mean that part of a building where lead-based paint, unsafe lead paint, or paint of unknown lead content is being disturbed.

(c) Administrative requirements. All administrative requirements of this subsection that apply to lead-based paint or lead-based paint hazards shall also apply to unsafe lead paint and unsafe lead paint hazards, respectively.

* * *

(d) Work methods and occupant relocation. All administrative requirements of this subsection that apply to lead-based paint or lead-based paint hazards shall also apply to unsafe lead paint and unsafe lead paint hazards, respectively.

* * *

(e) Occupant protection. All administrative requirements of this subsection that apply to lead-based paint or lead-based paint hazards shall also apply to unsafe lead paint and unsafe lead paint hazards, respectively.

(1) Work ordered by the Department, or work that disturbs over 100 square feet of lead-based paint per room, regardless of whether such work is ordered by the Department, which is conducted in a child care service or kindergarten pursuant to § 47.63 or § 43.23 of this Code or § 17-911 of the Administrative Code, or work ordered by HPD in accordance with §27-2056.11(a)(1) of the Administrative Code, or work performed pursuant to §27-2056.11 (a)(2)(ii) of the Administrative Code:

* * *

(I) Clean-up and lead-contaminated dust clearance testing procedures.

* * *

(iv) Clearance for permanent re-occupancy after completion of work. Dust lead levels in excess of the following constitute contamination and require repetition of the clean-up and testing process in all areas where such levels are found. [Areas] Until May 31, 2021, areas where every sample result if below the following dust

lead levels may be cleared for permanent re-occupancy:

- Floors: [40] 10 micrograms of lead per square foot.
- Window Sills: [250] 50 micrograms of lead per square foot.
- Window Wells: [400] 100 micrograms of lead per square foot.

On and after June 1, 2021, areas where every sample result if below the following dust lead levels may be cleared for permanent re-occupancy:

- Floors: 5 micrograms of lead per square foot.
- Window Sills: 40 micrograms of lead per square foot.
- Window Wells: 100 micrograms of lead per square foot.

Provided that, if the Federal environmental protection agency or a successor agency, or the Federal department of housing and urban development or a successor agency, adopts lower definitions of lead-contaminated dust, those definitions shall apply for purposes of this subsection. Only upon receipt of laboratory test results showing that the above dust lead levels are not exceeded in the dwelling may the work area be cleared for permanent re-occupancy. However, temporary access to work areas may be allowed, provided that clean-up is completed, and dust test samples have been collected, in compliance with § 173.14(e)(1)(i),(ii) and (iii). The owner shall provide a copy of all lead-contaminated dust clearance test results to the occupants of the dwelling or dwelling unit. Copies of lead-contaminated dust wipe clearance test results shall be submitted to the Department whenever abatement or remediation of lead-based paint hazards has been ordered by the Department or Commissioner.

* * *

(f) Investigation of unsafe lead work practices by the Department.

* * *

(2) Scope of authority. Such inspection may include but not be limited to premises where abatement or remediation of lead-based paint or unsafe lead hazards is being conducted, where any work which may disturb lead-based paint, unsafe lead paint, or paint of unknown lead content is being conducted, or which is the subject of a complaint to the Department pursuant to § 17-185 of the Administrative Code, and any areas affected by the emission or release of leaded dust or debris.

* * *

(g) Declaration pursuant to Administrative Code § 17-145. The existence of a lead-based paint condition, unsafe lead paint condition, [or] lead-based paint hazard, or unsafe lead paint hazard pursuant to § 173.13 of this Code, or a failure to comply with this section is hereby declared to constitute a public nuisance and a condition dangerous to life and health, pursuant to § 17-145 of the Administrative Code. Every person obligated to comply with the provisions of this section or § 173.13 of this Code is hereby ordered to abate or remediate such nuisance by complying with any order or direction issued by the Department.

RESOLVED, that Article 173 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be amended to add a new Section 173.21 to read as follows:

§ 173.21 Sale of toxic and hazardous substances prohibited; embargo or seizure authorized.

- (a) No person may sell, hold for sale, transport, or give away hazardous or toxic substances or products unless such items are capable of being labeled pursuant to this Article to prevent misuse or harm.
- (b) When in the opinion of the Department a substance or product is hazardous or toxic within the meaning of this Article, the Department may seize, embargo, or condemn such material

- pursuant to § 3.03 of this Code.
 (c) In addition to other penalties imposed for violations of this Article, the Department may require persons to take an online safe products awareness training program developed by the Department.

BOARD OF HEALTH

Notice of Public Hearing and Opportunity to Comment on Proposed Amendments

What are we proposing? The New York City Department of Health and Mental Hygiene ("Department" or "DOHMH") is proposing that the Board of Health ("Board") amend Section 207.05 of Article 207 of the New York City Health Code to allow a new birth certificate to be filed when the license to practice medicine of an attending physician listed on a given birth certificate has been surrendered or revoked by the New York State Office of Professional Medical Conduct.

When and where is the hearing? The Department will hold a public hearing on the proposed rule amendment. The public hearing will take place at 10:00 A.M. until 12:00 P.M. on May 28, 2019. The hearing will be at the offices of the New York City Department of Health and Mental Hygiene at 42-09 28th Street, Room 8-25, Long Island City, NY 11101-4132.

How do I comment on the proposed amendments? Anyone can comment on the proposed amendments by:

- **Website.** You may submit comments to the Department through the NYC rules website at <http://rules.cityofnewyork.us>.
- **Email.** You may email comments to resolutioncomments@health.nyc.gov.
- **Mail.** You may mail comments to:
 New York City Department of Health and Mental Hygiene
 Gotham Center, 42-09 28th Street, CN 31
 Long Island City, NY 11101-4132
- **Fax.** You may fax comments to Department at (347) 396-6087.
- **By speaking at the hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by calling at (347) 396-6078 or (347) 396-6116. You can also sign up in the hearing room before the hearing begins on May 28, 2019. You can speak for up to three minutes.

Is there a deadline to submit comments? Written comments must be received on or before May 28, 2019, at 5:00 P.M.

What if I need assistance to participate in the hearing?

You must tell the Office of Legal Affairs if you need a reasonable accommodation of a disability at the hearing. You must tell us if you need a sign language interpreter. You can tell us by mail at the address given above. You may also tell us by telephone at (347) 396-6078. Advance notice is requested to allow sufficient time to arrange the accommodation. Please tell us by May 14, 2019.

This location is wheelchair-accessible.

Can I review the comments made on the proposed amendment?

You may review the comments made online at <http://rules.cityofnewyork.us/> on the proposed amendments by going to the website at <http://rules.cityofnewyork.us/>. All written comments and a summary of the oral comments received by the Department will be made available to the public within a reasonable period of time by the Department's Office of the General Counsel.

What authorizes the Department to make this amendment?

Section 558(b), (c), and (g) of the Charter empowers the Board to amend the Health Code and to include in the Health Code all matters to which the Department's authority extends. Section 558(c) of the Charter authorizes the Board to include in the Health Code provisions related to maintaining a registry of births and deaths. Section 556(c)(1) of the Charter authorizes the Department to supervise and control the registration of births and deaths. Section 1043(a) of the Charter grants rulemaking powers to the Department.

Where can I find the Department's rules? The Department's rules and the Health Code are located in Title 24 of the Rules of the City of New York.

What laws govern the rulemaking process? The Department must satisfy the requirements of Section 1043 of the Charter when adding or amending rules. This notice is made according to the requirements of Section 1043(b) of the Charter.

The proposed amendment of these provisions were not included in the Department's regulatory agenda for this fiscal year because it was not contemplated when the Department published the agenda.

Statement of Basis and Purpose of Proposed Rule

On average, the Correction and Amendments unit within Vital Records receives 50,000 requests annually for changes to birth certificates. Each request requires a corrections application delineating the specific changes requested. Section 207.05 of the Health Code currently allows the Department to seal a birth certificate and file a new one with corrected information only in certain instances. Court orders are required for some parentage amendments and other amendments not specifically delineated in the health code and require extensive analysis of fact pattern. Approximately 12,000 of these amendments must be done through court order each year.

Recent City council legislation resulted in a Local Law, pursuant to Intro 1308, that amends the administrative code of the City of New York to require redaction from birth certificates, upon request, of the names of physicians whose licenses have been surrendered or revoked. In order to implement this law, the Department proposes an amendment to Article 207 of the Health Code to allow a mechanism for this type of redaction that does not require a court order. This amendment would require the filing of a new certificate without the name of the attending physician and the sealing of the original certificate. The new certificate would not contain an attendant field and would not indicate correction history.

The proposed amendment is as follows:

New material is underlined.

[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

RESOLVED, that a Paragraph (6) of Subdivision (a) of Section 207.05 of Article 207 of the New York City Health Code, set forth in Title 24 of the Rules of the City of New York, be added to read as follows:

(6) A request is made by either (i) a person who is at least 18 years old and named as the registrant on a birth certificate, or that person’s legal representative or (ii) the parent or legal representative of a person under the age of eighteen and named as the registrant on a birth certificate to remove the name of the attending physician listed from the certificate, and the requester submits proof that that physician’s license to practice medicine in the State of New York has been surrendered or revoked by the New York State Office of Professional Medical Conduct. Any issuance of this certificate subsequent to such request and submission shall not contain the identity of the attending physician.

OFFICE OF COLLECTIVE BARGAINING

■ NOTICE

NOTICE OF PROPOSED RECOGNITION

The New York City Office of Collective Bargaining has received the notification described below. The proposed voluntary recognition will become effective if no objection is filed within 10 business days of publication of this notice in the City Record on April 22, 2019.

DATE: April 15, 2019 **DOCKET#:** VR-1662-19

FILED: Notice of Voluntary Recognition

DESCRIPTION: NYC Health + Hospitals proposes to voluntarily recognize the Organization of Staff Analysts as the bargaining representative of the following title, which it seeks to add to the Staff Analysts bargaining unit, Certification No. 3-88.

TITLE: Clinical Documentation Specialist, Levels I and II (Title Code Nos. 342750 and 342760)

EMPLOYER: NYC Health + Hospitals
55 Water Street – 26th Floor
New York, NY 10041

BARGAINING REPRESENTATIVE:
Organization of Staff Analysts

OFFICE OF THE MAYOR

■ NOTICE

EXECUTIVE ORDER No. 43
April 15, 2019

EXPERT PANEL ON THE BROOKLYN-QUEENS EXPRESSWAY RECONSTRUCTION FROM ATLANTIC AVENUE TO SANDS STREET

WHEREAS, the section of the Brooklyn-Queens Expressway (BQE), from the vicinity of Atlantic Avenue to the vicinity of Sands Street, is among the most complex highway structures in the country, and includes the triple-cantilever structure of which the Brooklyn Heights promenade is the top-most tier;

WHEREAS, the roadway is part of Interstate-278, a critical interstate and inter-borough connector- where daily traffic now exceeds 150,000 vehicles including more than 15,000 trucks; and

WHEREAS, an evaluation by outside consultants hired by the New York City Department of Transportation (DOT), concluded in 2016 that if the road is not reconstructed by 2026, weight restrictions may need to be added to the structure – including diverting all truck traffic to local roads;

NOW THEREFORE, by the power vested in me as Mayor of the City of New York, it is hereby ordered:

Section 1. Establishment of the Expert Panel to Evaluate Reconstruction of the Brooklyn-Queens Expressway. There is hereby established a BQE Expert Panel (the “Panel”).

- a. The Panel shall consist of a Chairperson, Carlo Scissura, members Rohit Aggarwala, Vincent Alvarez, Kate Ascher, Steven Cohen, Elizabeth Goldstein, Henry Gutman, Kyle Kimball, Mitchell Moss, Kaan Ozbay, Hani Nassif, Benjamin Prosky, Denise Richardson, Ross Sandler, Jay Simson, Tom Wright, Kathryn Wylde, and such other members as the Mayor may appoint.

§ 2. Duties of the Panel. The Panel shall:

- a. Evaluate DOT's BQE project assumptions and concepts, including but not limited to policy and governance structures, construction methods, goals of the project, and the proposed project footprint.
- b. Review public proposals, papers, or concepts for the BQE project, including those submitted by the Brooklyn Heights Association, the Regional Plan Association, the Comptroller, and the Bjark Ingels Group.
- c. Provide the Mayor, the New York City Commissioner of Transportation, and the public with non-binding recommendations on the feasibility of various community presented proposals, project assumptions, construction methodologies and proposed project governance needs. The Panel shall also identify which, if any, of its recommendations may require actions outside of the control of the City or would be accomplished through local administrative or local legislative action.
- d. Issue preliminary findings and a final report.
- e. Gather information and obtain feedback from the public and local elected officials.

§ 3. Powers of the Panel.

- a. In carrying out its mandate, the Panel may consult with third parties, including local elected officials and civic organizations, and others as it deems appropriate, and shall obtain all information and data necessary to fulfill the duties identified in section two of this Order.
- b. The Chairperson is authorized to convene meetings and establish such committees of the Panel as may be deemed necessary for the performance of its duties.

§ 4. Agency Assistance and Cooperation. All City agencies, including the Department of Transportation, Department of Environmental Protection, and the Department of Parks and Recreation, shall cooperate in providing to the Panel such personnel, facilities, information and other assistance as are necessary and required by the Panel to carry out its duties.

§ 5. Effective Date. This order shall take effect immediately and be retroactive to April 3, 2019.

MAYOR'S OFFICE OF CONTRACT SERVICES

■ NOTICE

Notice of Intent to Issue New Solicitation(s) Not Included in FY 2019 Annual Contracting Plan and Schedule

NOTICE IS HEREBY GIVEN that the Mayor will be issuing the following solicitation(s) not included in the FY 2019 Annual Contracting Plan and Schedule that is published, pursuant to New York City Charter § 312(a):

Agency: New York City Emergency Management (NYCEM)
Description of services sought: (Thermal Mapping and Sensors)
NYCEM is seeking to procure the services of a vendor to collect thermal mapping data of up to 7,000 centerline miles of roadway to better understand road surface temperature patterns that may develop under the influence of a variety of weather conditions
Start date of the proposed contract: 11/1/2019
End date of the proposed contract: 11/2/2024
Method of solicitation the agency intends to utilize: Negotiated Acquisition
Personnel in substantially similar titles within agency: None
Headcount of personnel in substantially similar titles within agency: 0

READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

COMMON ABBREVIATIONS USED IN THE CR

The CR contains many abbreviations. Listed below are simple explanations of some of the most common ones appearing in the CR:

ACCO	Agency Chief Contracting Officer
AMT	Amount of Contract
CSB	Competitive Sealed Bid including multi-step
CSP	Competitive Sealed Proposal including multi-step
CR	The City Record newspaper
DP	Demonstration Project
DUE	Bid/Proposal due date; bid opening date
EM	Emergency Procurement
FCRC	Franchise and Concession Review Committee
IFB	Invitation to Bid
IG	Intergovernmental Purchasing
LBE	Locally Based Business Enterprise
M/WBE	Minority/Women's Business Enterprise
NA	Negotiated Acquisition
OLB	Award to Other Than Lowest Responsive Bidder/Proposer
PIN	Procurement Identification Number
PPB	Procurement Policy Board
PQL	Pre-qualified Vendors List
RFEI	Request for Expressions of Interest
RFI	Request for Information
RFP	Request for Proposals
RFQ	Request for Qualifications
SS	Sole Source Procurement
ST/FED	Subject to State and/or Federal requirements

KEY TO METHODS OF SOURCE SELECTION

The Procurement Policy Board (PPB) of the City of New York has by rule defined the appropriate methods of source selection for City procurement and reasons justifying their use. The CR procurement notices of many agencies include an abbreviated reference to the source selection method utilized. The following is a list of those methods and the abbreviations used:

CSB	Competitive Sealed Bidding including multi-step Special Case Solicitations/Summary of Circumstances:
CSP	Competitive Sealed Proposal including multi-step
CP/1	Specifications not sufficiently definite
CP/2	Judgement required in best interest of City
CP/3	Testing required to evaluate
CB/PQ/4	CSB or CSP from Pre-qualified Vendor List/ Advance qualification screening needed
CP/PQ/4	Demonstration Project
DP	Sole Source Procurement/only one source
RS	Procurement from a Required Source/ST/FED
NA	Negotiated Acquisition
	<i>For ongoing construction project only:</i>
NA/8	Compelling programmatic needs
NA/9	New contractor needed for changed/additional work
NA/10	Change in scope, essential to solicit one or limited number of contractors
NA/11	Immediate successor contractor required due to termination/default
	<i>For Legal services only:</i>

NA/12	Specialized legal devices needed; CSP not advantageous
WA	Solicitation Based on Waiver/Summary of Circumstances (Client Services/CSB or CSP only)
WA1	Preventing loss of sudden outside funding
WA2	Existing contractor unavailable/immediate need
WA3	Unsuccessful efforts to contract/need continues
IG	Intergovernmental Purchasing (award only)
IG/F	Federal
IG/S	State
IG/O	Other
EM	Emergency Procurement (award only): An unforeseen danger to:
EM/A	Life
EM/B	Safety
EM/C	Property
EM/D	A necessary service
AC	Accelerated Procurement/markets with significant short-term price fluctuations
SCE	Service Contract Extension/insufficient time; necessary service; fair price Award to Other Than Lowest Responsible & Responsive Bidder or Proposer/Reason (award only) anti-apartheid preference
OLB/a	local vendor preference
OLB/b	recycled preference
OLB/c	other: (specify)

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SAMPLE NOTICE

POLICE

DEPARTMENT OF YOUTH SERVICES
