The following petition to open Dawson street was presented, and, on motion, was referred to the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, for his report thereon:

NEW YORK, November 16, 1893.

To the Board of Street Opening and Improvement:

We, the undersigned, are the owners of a very large proportion of the property on Dawson street, from Leggett avenue to Westchester avenue, as the same is laid out on a map in the office of the Commissioner of Street Improvements in the Twenty-third and Twenty-fourth Wards in the City of New York. In fact, we are the owners of the entire property thereon, with the exception of a very few lots, and we would respectfully request that your Board take proceedings for the formal opening of Dawson street, from Westchester avenue to Leggett avenue, and that the same be commenced and proceeded with as rapidly as circumstances will permit, as there is no present means of ingress or egress upon said street, except by crossing either streets, throughout its entire length.

Respectfully,

SIMON DANZIG,
GABRIEL S. KUTZ.

The following petition, asking leave to cede certain lands to the City, in connection with the opening of a portion of Brook avenue, and enclosing form of resolution therefor, was presented, and, on motion, was referred to the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, for his report thereon.

To the Board of Street Opening and Improvement of the City of New York:

Your petitioners respectfully represent that they are the owners of the lands embraced within the lines of Brook avenue, as shown upon the maps of the Twenty-third Ward of the City of New York, between the northerly line of One Hundred and Sixty-eighth street and a point distant 237 feet 11 1/4 inches northerly therefrom; and your petitioners are desirous of ceding said lands to the Mayor, Aldermen and Commonalty of the City of New York, for the uses and purposes of a public street, under the provisions of section 979 of the New York City Consolidation Act; and your petitioners are willing to make such cession by deed and releases, to be approved by the Counsel to the Corporation, at their expense, in consideration of the exemption of their remaining property immediately adjacent and contiguous to the said lands within the lines of Brook avenue aforesaid, from any assessment for the opening of other parts of said Brook avenue, as provided for by section 971 of said Consolidation Act, in the case of other conveyances of land to the Corporation for the purposes of streets, avenues and public places; and your petitioners therefore request that you will accept the said lands within the lines of Brook avenue, hereinbefore mentioned, for the purposes aforesaid, and exempt the said adjoining lands of your petitioners, fronting on that portion of Brook avenue so to be conveyed, from any assessment or charge for the damages that may be awarded to the owners of lands taken for the opening the residue, or any portion of the residue, of said avenue, except the due and fair proportion of the legal expenses of such opening and the due and fair proportion of the awards that may be made for buildings.

And your petitioners will ever pray, etc.,
NEW YORK, November 1, 1893.

HERBERT A. SHIPMAN.
LOUIS W. KAYSSER.

The following petition from "property owners in and residents of the West Side," relating to the water front along Riverside Park, was presented:

To the Honorable the Board of Street Opening and Improvement of the City of New York:

GENTLEMEN—The undersigned property-owners in and residents of the West Side respectfully request that the westerly boundary of Riverside Park be extended to the bulkhead line on the Hudson river as established by chapter 288, Laws of 1868, or as nearly thereto as may seem advisable, and that in connection therewith provision be made for roadway of the Hudson River Railroad Company and such suitable docks or piers as may be deemed to be necessary at or in the vicinity of the Seventy-ninth and Ninety-sixth streets, not to exceed one block frontage on either side of the said Seventy-ninth and Ninety-sixth streets, the only streets which afford access to the river front.

Your petitioners respectfully request that immediate action to this end is not only necessary for the protection of the Park, and the property fronting thereon, but for the security of the entire west side lying between Riverside and Central Parks.

The Riverside Park, by reason of its location, if improved and protected from nuisances along the river front, will be the most beautiful park in the city, affording means for public recreation and enjoyment not elsewhere possible. More than twenty-five years have passed since the Park was laid out by the Commissioners of the Central Park and more than twenty-one years since the City acquired title to the land at an expense of \$6,000,000, and yet but a small portion of the land so acquired has been improved so as to be capable of public use. West of the main drive nothing more than temporary provision has been made in part, and the public is still deprived of its use and enjoyment, and the property-owners in its vicinity of those benefits for which an assessment of over \$3,000,000 was imposed in the year 1872.

We believe that the principal reason for this delay on the part of the public authorities to complete the Park and of the hesitation and refusal of owners to improve their property is that in front of the Park is a large strip of land, lying originally below high-water mark and now partly made land, set apart for no public use or purpose, which has been a constant menace to owners and investors and without which no permanent plan for the completion of the Park can be carried into effect. It is not needed and can never be made useful for commercial purposes. The greater part of it is owned by the City, but the portion not so owned may be and can be at any time devoted to uses for business or otherwise which would destroy not only the beauty and advantages of the Park for public use, but be a great and irreparable damage to the property adjacent thereto and upon all the intersecting streets connecting with it. Already a portion of the land has been appropriated for purposes and uses of this character and others are threatened which, for the want of early action, may be more offensive and detrimental to the health, comfort and convenience of the residents in that part of the city than any now existing upon any other portion of the water-front of the city.

Your petitioners earnestly request that definite action be taken at as early a date as possible towards fixing the permanent lines of the Park or the character of the improvement of the river, for the constant discussion and agitation in relation thereto, has heretofore, and if continued will hereafter, until it is settled by appropriate action of your Honorable Board, deter improvements upon or in the vicinity, and retard the completion of the Park itself.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISHING Five Hundred Tons of White Ash Coal, egg size, for the Willard Parker and Reception Hospitals, under the charge of the Board of Health, will be received at the office of the Health Department, in the City of New York, until 1.30 o'clock P. M., of December 6, 1893. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed, "Bid or Estimate for furnishing Coal for Willard Parker and Reception Hospitals," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 64, chapter 410, Laws of 1882, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The Coal to be of good quality, and the quantity that will be required will be about Five Hundred (500) Tons of White Ash Coal, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specification attached to and which forms a part of the contract aforesaid.

Delivery to be made at the Willard Parker and Reception Hospitals, near the foot of East Sixteenth street, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the contractor will be paid therefor only at the rate or price named in the contract, and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of ONE THOUSAND TWO HUNDRED (1,200) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters therein stated are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of ONE THOUSAND TWO HUNDRED (1,200) DOLLARS, and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisition on the Comptroller, and as more specifically and particularly is set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Board of Health.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department, No. 301 Mott street.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of FIVE THOUSAND (\$5,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or his bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Architect, Leopold Eidlitz, No. 160 Fifth avenue, New York City, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.
